Duties and Responsibilities
Newly opened (Fall, 2010), Sand Point Elementary School is a dynamic and diverse learning community. Our population is between 30-40% ELL (English Language Learners), between 60-70% FRL (free and reduced-price lunch eligible). As a school community, we are 100% dedicated to each student's success! Come meet our learners from France, Germany, Iceland, Japan, Korea, Ethiopia, Russia, and Vietnam (to name a few of the countries from which our students originate) and tutor them in language arts and reading in content areas such as social studies and science. Tutors are also sought to work with students in math. Tutors are currently needed to work with students from K to grade 5, and do so in one-to-one settings as well as in small groups, at the direction of the classroom teacher.
Minimum Qualifications
Being dependable and prompt; some experience working with children K-5; enjoy motivating children to learn; strong academic skills in math and language arts. Good communication skills with children and adults; highly flexible. It is helpful for someone to be patient with children while maintaining high expectations and standards.
Educational Benefits
This is a good experience for anyone considering a career in education. It provides exposure to and practice in various approaches to teaching across subject areas. It is also a wonderful opportunity to become more familiar with the families of students as well as other community members.
Additional Information
