

**Debrena Jackson Gandy – Masterminds**

## PHILOSOPHY STATEMENT

Individuals and organizations are living systems that have the ability to transform, not just change. When core assumptions and beliefs are examined, challenged, and re-aligned, previously untapped potential is released that enables individuals and organizations to achieve new levels of output, excellence, and performance.

Our Mission: To serve as catalysts for initiating change, fostering transformation and inspiring teams, leaders and organizations to excellence, quality output and higher performance.
