CAMPUS SAFETY AND CRIME STATISTICS

The information in this brochure was prepared by the University of Washington Police Department's Crime Prevention Unit. Its purpose is to increase your awareness of programs and resources that exist to protect your safety and well-being. Portions of this brochure are provided in compliance with the laws of the State of Washington (Revised Code of Washington 28B.10.569), the federal Drug-Free Schools and Communities Act (20 U.S. Code Section 1145g) and the federal Student Right-to-Know and Campus Security Act (20 U.S. Code Section 1092).

UW POLICE DEPARTMENT

The University of Washington is a renowned public research university of over 39,000 students and 28,000 faculty and staff. Ranked 40 of 130 in Tier One Universities by U.S. News & World Report, it has presence in 50 countries around the globe. The Seattle, Washington campus, known as the main campus, is located in the urban core of a city of 586,000 people. This main campus is comprised of over 218 buildings including a major medical research facility and hospital (University of Washington Medical Center), 2 public art museums, 4 performing arts theatres, 13 libraries, the largest sports stadium in the state and the second largest natural wildlife habitat area on Lake Washington. The campus borders the Capital Hill, Wallingford, University District, Sandpoint and Laurelhurst residential neighborhoods and borders 2 major waterways (Lake Washington and the Montlake Cut).

Crime statistics show the university's Seattle campus to be a relatively safe place; however the crimes of an urban city occur in the campus community, around it and can move through it. The University of Washington Police Department (UWPD) is authorized by the State of Washington to serve the university's main campus. The UWPD station is located in the southwestern portion of the main campus at 1117 N.E. Boat Street in Seattle, Washington. The station is staffed like typical police stations all over the nation; it operates 24 hours a day 365 days a year. It employs 50 commissioned police officers licensed with policing authority like officers employed in major neighboring cities such as Seattle, Tacoma and Everett. All UWPD police officers acquired their commissions from the State of Washington's police academy (The Washington State Criminal Justice Training Commission) or a recognized equivalent academy. The UWPD serves a community that is 643 acres in size with over 4 miles of shoreline. UWPD police officers enforce the laws and policies that govern the University of Washington (Revised Code of Washington (RCW), Washington Administrative Code (WAC), UW Administrative Policy Statements (APS), the Seattle Municipal Code (SMC), etc.) and uphold laws of the United States of America (US Constitution, United States Code (USC)).

The UWPD is nationally accredited police department certified by the Commission on Accreditation for Law Enforcement Agencies (CALEA) to meet measurable standards in improving service delivery by strengthening crime prevention, implementing of fair and nondiscriminatory personnel practices, practicing formal management procedures, increasing community confidence in the department, and solidifying interagency cooperation. Commissioned police patrol the main campus and surrounding impact areas on a 24-hour basis. In addition the UWPD

staffs a Crime Prevention Unit, a Detective Unit, Bicycle Patrol, and deploys both an Explosives Detection Canine Unit and an Incident Prevention Team (IPT) tasked with emphasis patrol for the geographic area immediately north of main campus in partnership with the Seattle Police Department. IPT serves this impact area to extend UWPD services to a neighborhood where recognized UW student organization chapters or headquarters are based, where UW students, faculty and/or staff reside and where the department's service community commonly gathers for social events.

CAMPUS SAFETY ADVISORY COMMITTEE

The UW Campus Security Advisory Committee was established in 1991 as required by RCW 28B.10.569 as a task force to examine annual campus security and safety issues. This Advisory Committee is responsible for reviewing the annual crime statistics report that is distributed to incoming, current and potential students, faculty and staff to ensure accuracy and effectiveness of the report, and to make suggestions for improvement. The committee is chaired by the UW Chief of Police and currently holds bi-monthly meetings at the UWPD. Members meet to review current crime trends, safety issues, new policies and procedures and potential problems or debates. Members represent administration, faculty, staff, recognized UW student organizations and police/security.

CAMPUS ALERT RESPONSIBILITIES

The Associate Vice President of Media Relations and Communications, in partnership with the Vice President and Vice Provost of Student Life and the Chief of Police or their designees are jointly responsible for determining when a Timely Warning or UW Alert Notification needs to be disseminated to the UW community.

The University of Washington Police Department is committed to the accurate gathering and timely dissemination of crime statistics and related information. The UWPD disseminates Timely Warnings about crimes that arise, either on- or off-campus, that constitute an ongoing or continuing threat to the university community. Timely Warnings are posted on the department's Web site and through disseminated email. The UW community can receive tips on crime prevention and other notices through CrimeWatch for on-campus issues and/or WatchDawg for off-campus issues. To sign up for either of these programs, go to www.washington.edu/admin/police. Victims and witnesses are encouraged to report crimes to the UWPD and may do so on a confidential basis. The UWPD monitors and records, criminal activity in geographical areas of Seattle that include off-campus locations of student organizations.

The Crime Prevention Unit at UWPD offers educational presentations, which include personal safety, office safety, campus violence prevention and readiness, and identity theft prevention. The Crime Prevention Unit also conducts petty cash assessments and physical security surveys. You can register your bicycle and personal electronic equipment on-line at the UWPD home page at www.washington.edu/admin/police.

60-DAY CRIME/INCIDENT LOG

UWPD maintains a 60-day crime/incident log that includes all incidents where a records number is generated. The log includes the date the crime/incident was reported, the date and time the incident occurred, general location of the incident and disposition. To view the UW Campus 60-Day crime log visit www.washington.edu/admin/police/records/uwupd_dailyrecords.pdf. Hard copies of the report may also be obtained at the UWPD.

The University of Washington operates two major hospitals in Seattle. The first is the University of Washington Medical Center (UWMC). Its crime log is included in the UWPD's log referred to above. The second, Harborview Medical Center (HMC), maintains a separate 60-day crime log. This crime log includes the date the crime was reported to Harborview Department of Public Safety, the date and time of occurrence, the general location of the crime, and disposition if known. The crime log is available in hard copy at any time at the Harborview Department of Public Safety Communications Center in room 8EH74 or by calling 206-731-3193.

MISSION

The mission of the SafeCampus campaign is to foster a safe and secure UW campus community. UW faculty, staff and students share the responsibility of carrying out this mission.

It is impossible to predict who will commit violence or when it will occur, but it is possible to identify situations that might lead to violence. Early identification and intervention with appropriate resources or referrals to services that can assist with coping strategies, reducing stress and/or resolving problematic situations helps reduce the risk of violence occurring.

The Violence Prevention and Response Program (VPRP) acts as the central point of communication and is the coordinating unit for violence mitigation activities across the UW. The VPRP is a partnership of key players in campus safety and violence prevention, including Student Life, Human Resources, the Bothell and Tacoma campuses, UW and Harborview Medical Centers, the UWPD, Academic Human Resources and the Graduate School.

*Emergency Telephones
are located throughout campus.*

SafeCampus telephone numbers are answered by staff specially trained to receive reports of potentially violent situations and provide resources and referrals to UW services. The SafeCampus numbers—Seattle: 206-685-SAFE (7233); Bothell: 425-352-SAFE (7233); Tacoma: 253-692-SAFE (7233)—are available 24 hours/day, 7 days/week.

When a situation of concern is reported, the VPRP Team collaborates with affected UW partner departments to develop a coordinated response that mitigates the occurrence of UW campus violence.

DOMESTIC VIOLENCE IN THE UW COMMUNITY

Domestic violence is a major concern that affects people from all walks of life. Domestic violence refers to abusive behavior (by either a current or former household member or dating partner) that is either physical, sexual and/or psychological, and is intended to establish and maintain control over an individual. It can adversely affect the well-being and productivity of employees and students. University of Washington Administrative Policy Statement (APS) 11.7 defines workplace violence, outlines prohibited behavior and university notifications, response and resources. Visit the APS Web site at <http://www.washington.edu/admin/rules/APS/11.07.html>. The University will provide appropriate information, support and assistance to employees. Employees who are victims or perpetrators of domestic violence are encouraged to seek assistance.

SEXUAL OFFENSES

The university is committed to providing its faculty, students and staff with an environment conducive to the pursuit of knowledge. Conduct constituting a sexual offense, whether forcible or non-forcible, such as rape, assault, forcible fondling or sexual harassment, are serious offenses. When they occur in the workplace, rape and other forcible or non-forcible sex offenses may result in a variety of disciplinary actions, including suspension or termination from the university, and/or criminal prosecution. In cases involving an alleged sexual offense, the accuser and the accused are entitled to the same opportunities to have others present during a disciplinary hearing and may be subject to police investigation. Both the accuser and accused shall be informed of the outcome of any campus disciplinary proceeding as a result of an alleged sexual assault. Criminal proceedings, if any, are subject to the appropriate assigned court.

The Washington State Criminal Code (Title 9A RCW) defines rape as engaging in sexual intercourse with another person:

A) by forcible compulsion; or

B) when the victim is incapable of consent by reason of being physically helpless or mentally incapacitated (e.g., when the victim has consumed alcohol and/or other drugs, either voluntarily or involuntarily); or

C) when the victim does not consent to sexual intercourse with the perpetrator and such lack of consent was clearly expressed by the victim's words or conduct.

In some instances, the victim may know the assailant but often does not realize the incident meets the legal definition of rape. Acquaintance rape may fall into any of the following categories: first and second degree rape are Class A felonies punishable under the Washington State Criminal Code by up to life in prison and/or a \$50,000 fine; and third degree rape is a Class C felony punishable by up to five years in prison and/or a \$10,000 fine.

If you are sexually assaulted, resources are available both on and off campus. The UWPD has adopted the following commitment in responding to sexual assault:

SEXUAL ASSAULT RESPONSE COMMITMENT

Sexual assault, including date/acquaintance rape, is a very serious concern of this police department. If you feel you are a victim of a sexual assault on campus, the police department will guarantee the following:

UWPD COMMITMENT

1. We will meet with you privately, at a time and local place of your choice, to take your report.
2. We cannot and will not notify your parents without your consent.
3. We will treat you and your particular case with courtesy, sensitivity, dignity, understanding and professionalism.
4. Our officers will not prejudice you, and you will not be blamed for what occurred.
5. We will assist you in arranging for any necessary hospital treatment or other medical needs. We will also assist in emergency housing if needed.
6. If you would feel more comfortable having a friend or advocate of your choice present, we will do our best to accommodate your request.
7. We will fully investigate your case, and will help you to achieve the best outcome. This may involve the arrest and full prosecution of the suspect responsible. You will be kept up-to-date on the progress of the investigation and/or prosecution.
8. We will assist you in contacting confidential counseling and other available resources.
9. We will continue to be available to answer your questions, to explain the system and process involved (prosecutor, courts, etc.), and to be a listening ear if you wish.
10. We will consider your case seriously regardless of your gender or the gender or status of the suspect.

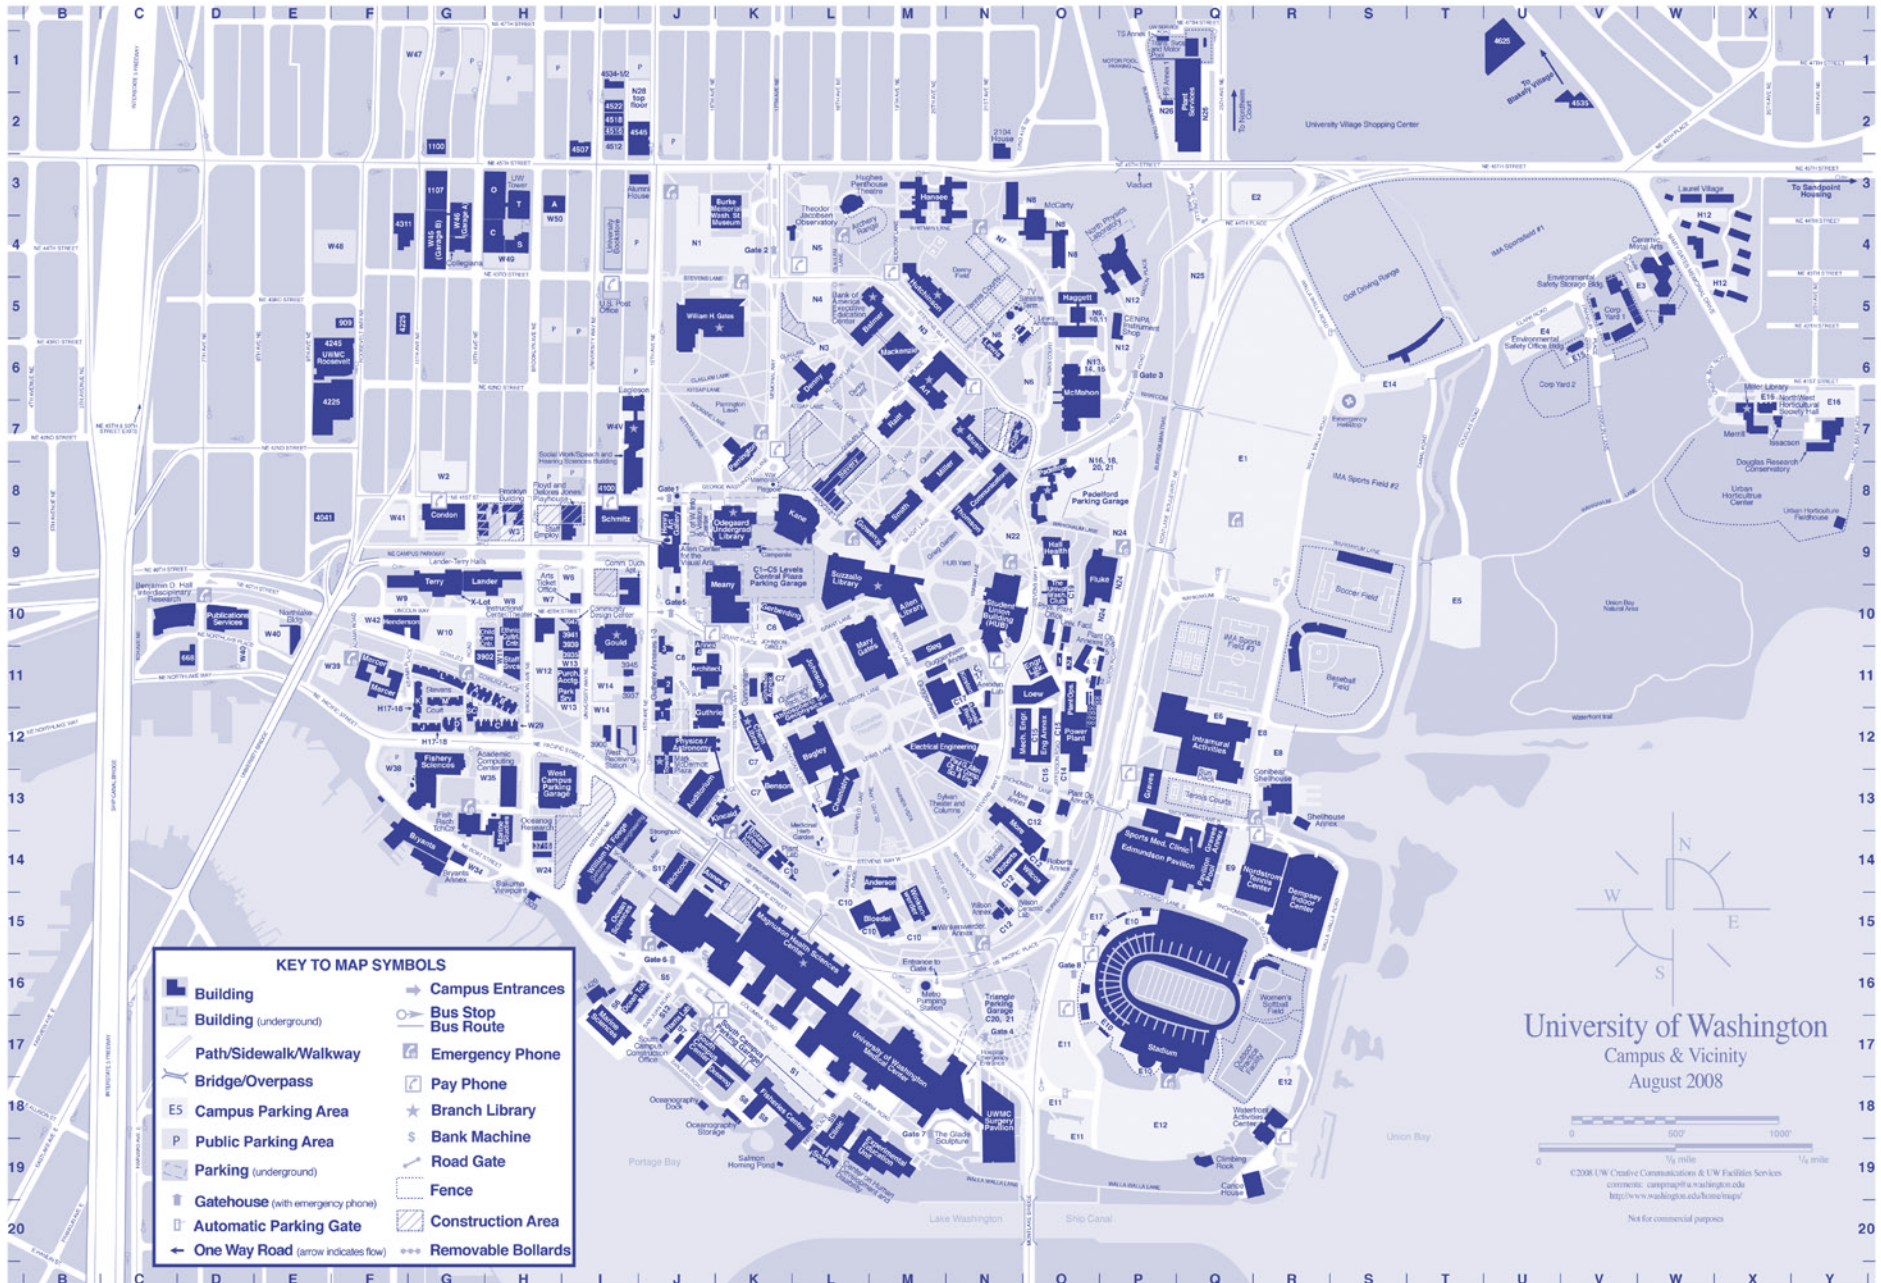

If you are the victim of a sexual assault, call 911 or 206-685-UWPD (8793) to reach the University of Washington Police Department (any time of day or night) to privately make a complaint.

Call a friend, or someone you trust, for support, and seek medical attention at once since all injuries are not readily apparent. Do not bathe, douche, change or wash your clothes—it is important to preserve evidence in case you decide to press charges.

If you are a victim of a sexual assault off campus, call the Seattle Police Department or your local law enforcement agency.

You are encouraged to seek help in coping with the aftermath of the assault and in exploring and arranging for counseling. SARIS is a valuable resource when dealing with the trauma of a sexual assault: SARIS@u.washington.edu, HUB Room 113, 206-685-HELP. Another valuable resource is the UWPD Crime Victim Advocate, 206-543-9337. There are also many off campus resources that have physicians and counselors trained in sexual-assault trauma, and offer treatment, information, support and referral. (See Directory of Services)

SEX OFFENDER NOTIFICATION

All sex offenders are classified into levels of risk (low, moderate or high) at the time of their release from corrections facilities. Unless restricted by a court order, sex/kidnap offenders are constitutionally permitted to live wherever they choose. Sex offenders are required to register with the sheriff of the county in which they reside.

The University of Washington Police Department Crime Prevention Unit maintains records of sex offenders who have been brought to the attention of the UWPD by either the Seattle Police Department or the King County Sherriff's Office.

WHAT ARE THE DIFFERENT SEX OFFENDER LEVELS AND WHAT DO THEY MEAN?

The vast majority of registered sex offenders are classified as Level I offenders. They are categorized as **low risk** to re-offend. These individuals may be first time offenders and they are usually known by their victims. Information shall be shared with other law enforcement agencies, and, upon request to any victim or witness to the offense or any individual community member who lives near the residence where the offender resides, expects to reside or is regularly found. **Level I offenders MAY NOT be the subject of general public notification.**

Level II offenders are considered to have **moderate risk** of re-offending. They generally have more than one victim and the abuse may be long term. These offenders usually groom their victims and may use threats to commit their crimes. Level II notifications may be disclosed to public and private schools, child daycare centers, family daycare providers, businesses and organizations that serve primarily children, women or vulnerable adults, and neighbors and community groups near the residence where the offender resides, expects to reside or is regularly found. **Information regarding Level II sex offenders MAY BE disclosed to the public at large.**

Level III offenders are deemed the **greatest risk** to the community. Most are predatory, have other violent crime convictions, have refused treatment and are known substance abusers. Community notification is the most extensive. **Information regarding Level III sex offenders MAY BE disclosed to the public at large.**

MISSING PERSON POLICY AND PROTOCOL

The Higher Education Opportunity Act (P.L. 110-315) requires the UW Department of Housing and Food Services (HFS) to maintain a missing student notification policy and protocol for on-campus residents.

STUDENT RESIDENTS 18 YEARS AND OLDER

You may identify a confidential contact to be notified within 24 hours if you are determined to be missing. You may register your confidential contact on your Housing Profile Page (<https://ucharm.hfs.washington.edu/ucharm/profile.aspx>), which you complete as the first step in the housing application process and you can make changes thereafter on-line as necessary.

STUDENT RESIDENTS YOUNGER THAN 18 YEARS OLD

The policy requires HFS to notify your parents within 24 hours if you are determined to be missing. You must provide emergency contact information on your Housing Profile Page (<https://ucharm.hfs.washington.edu/ucharm/profile.aspx>), which you complete as the first step in the housing application process and you can make changes thereafter on-line as necessary.

SHOULD A MISSING PERSON REPORT BE FILED ON YOUR BEHALF, HFS WILL:

- Ensure that the UWPD has been notified;
- Notify your confidential contact (or your parent if you are less than 18 years old) within 24 hours of the report; and
- Ensure that all appropriate law enforcement authorities are notified if you have been missing for more than 24 hours and have not provided a confidential contact (unless you are less than 18 years old).

PLAN TO BE SAFE: SHUTTLES & ESCORTS

The UWPD's mission is to protect the life and property of university students, employees and guests. To that end the university makes resources available to help keep you safe. A few are listed below.

SHUTTLE SERVICES—STUDENTS, STAFF & FACULTY

NightRide shuttles operate Sunday through Thursday from 8:00 p.m. to 12:15 a.m. during autumn, winter and spring quarters. NightRide does not operate during summer quarter. Shuttles carry students, faculty and staff from campus to their destinations in three zones within one mile north, east, and west of campus. Both the zone and the color are displayed on the front and side of each van. Passengers may ride free with their U-PASS. The shuttles pick up passengers every 15 minutes at six stops—the HUB, Stevens Way at Garfield Lane, Meany Hall, the Memorial Way Flaggpole southeast of Parrington Hall and the Art Building and the Intramural Activities Building (IMA). Upon request, East Zone vans will drop off passengers along Whitman Court, the street bordering on-campus dorms (McMahon, Haggett, McCarty and Hansee Halls); however, the NightRide does not pick up passengers at those locations. A wheelchair-accessible van operates on the half hour from 8:15 p.m. to 12:15 a.m. Schedules are posted at each of the NightRide stops. For more information, call the UW Shuttle Services during business hours, visit www.washington.edu/commuterservices or e-mail shuttles@u.washington.edu.

UW MEDICAL CENTER ESCORTS—EMPLOYEES

Hospital Public Safety Officers provide an escort for Medical Center employees from the second floor east entrance of the hospital to the nearby parking lots. This is a free service that is provided 3:30 p.m. to 6:00 a.m., seven days a week. For more information or to schedule an escort, contact the UWMC Security Office at 206-598-4909. Tell the officer when you will be ready to depart from the above location.

HUSKY NIGHTWALK—STUDENTS, STAFF & FACULTY

NightWalk is a walking escort for students, staff and faculty within the campus community. Upon request UW security guards will walk with you between 6:00 p.m. and 2:00 a.m. year round. Call 206-685-WALK (9255) to schedule your walk.

Federal drug trafficking convictions may result in denial of federal benefits for up to 5 years for a first conviction, 10 years for a second conviction and permanent denial of federal benefits for a third conviction. Federal drug convictions for possession may result in denial of federal benefits for up to 1 year for a first conviction and up to 5 years for subsequent convictions.
