

Adopt-a-Basket

The Biderbost collections are in special need of assistance because of the extremely delicate nature of archaeological basketry. Help conserve a basket from the Biderbost Archaeological Site today!

Money donated towards this project will go into the Archaeology Gift Fund which is used to pay for the costs associated with the cleaning, conservation, and rehousing of artifacts in the archaeology collection.

Benefits

Any donation at the \$100 level and above will pay for the conservation and rehousing of a basket, although all donation levels are greatly appreciated.

Donors will receive a photo of the basket both before and after rehousing with a short description of the work that was made possible through this donation.

A small sign will also be affixed to the box of the newly rehoused basket stating the name of the donor that made saving the object possible. If you would like to adopt a basket as a gift, or would like your donation to remain anonymous please fill out and return the additional form below.
