Education

Western Michigan University, Kalamazoo, Michigan
1970 - 1974 B.A. degree
Major in Anthropology and Geology from the Honors College

University of Minnesota, Minneapolis, Minnesota
1974 - 1976 M.A.
Center for Ancient Studies
My research focused on excavation of a Bronze Age site in Greece and the reconstruction of the landscape surrounding this agricultural community.

University of Minnesota, Minneapolis, Minnesota
1976 - 1980 Ph. D.
Center for Ancient Studies
My research investigated the origins of agriculture in the eastern woodlands of the United States, looking at the evidence discovered in Kentucky at Mammoth Cave National Park and within nearby shell middens on the Green River.

Employment History

1979 (6 months) Intern, Science Museum of Minnesota

Designed an exhibit and program about Native American agriculture for new hall in new building, and curated a collection of agriculture implements in Anthropology Division.

1980 to present Faculty, Department of Anthropology, University of Washington

- Conducted research about geoarchaeology and archaeology (especially in Northwest Coast), taught classes in geoarchaeology, Northwest Coast Archaeology, and archaeological laboratory and curation techniques, supervised undergraduate and graduate student research in archaeology and museology.
- 1985-90 Adjunct Curator of Northwest Coast Archaeology, Burke Museum, University of Washington
- Acquired and curated collections from Northwest Coast excavations during time without Curator of Archaeology.
- 1990-99 Curator of Archaeology, Burke Museum, University of Washington
- Continued research as faculty, with reduced teaching responsibilities in exchange for curation. Instigated compliance required by NAGPRA, negotiated held-in-trust collections (including Kennewick Man), revised the collection storage and computerization strategy for the 1,000,000 objects, built public education program in archaeology .
- 1993-95 Associate Chair, Dept of Anthropology, University of Washington
- Assisted the chair of the department on issues of personnel, and lead the department for the year the chair was on sabbatical.
- 1996 to present Professor, Interdisciplinary Graduate Program in Museology, UW
- Advised students in the master's degree museology program and served as the major advisor for three students completing their masters theses.
- 1999-05 Adjunct Curator of Northwest Coast Archaeology, Burke Museum
- Continued to assist the collection managers with collections from the Northwest Coast, conducted research on the collections I had brought to the museum, brought two more major collections as part of new field research, and conducted an excavation open to public participation.
- 1999-05 Divisional Dean, College of Arts and Sciences, University of Washington
- Led the college's research efforts, including managing the indirect cost fund mandated by federal agencies, overseeing facility remodeling and renovation, and designed and implemented a strategy for responsibly upgrading the computing environment.
- 2005 to present Director, Burke Museum, University of Washington

In charge of all operations and collections of the museum with 5 million objects, approximately 50 employees and 150 volunteers, supported by a budget of \$3.4 million. I report to the Dean of the College of Arts and Sciences.

Professional Development/affiliations/service/awards

- 1978 Bremer Intern Fellowship, Science Museum of Minnesota
- 1986 - 1999 NPS, excavation and curation of artifacts from San Juan Island. (\$300,000) Stein P.I.
- 1992-93 National Science Foundation, "Curation of Archaeological Collections from the Lower Columbia River Region", (\$85,217), Stein P.I.
- 1993 Recipient of The Evergreen Award, Washington State Preservation award.
- 1993-96 Society for American Archaeology Executive committee.
- 1994 Army Corps of Engineers - Walla Walla District, "Curation of collections from the River Basin Survey - McNary Project" \$25,000 (Stein PI)
- 1994 Army Corps of Engineers - Portland District, "Curation of collections from Skamania County - Bonneville Dam Project" \$25,000 (Stein PI)
- 1997 State Historic Preservation Officer's - Historic Preservation Award in the category of ENHANCING PUBLIC EDUCATION, (for Vashon Project)
- 1999 Recipient of the Geological Society of America's Rip Rapp Archaeological Geology Division Award.
- 2000 Phi Beta Kappa Special Initiates, Alumna Member, Western Michigan University.
- 2000 Recipient of Alumni Achievement Award, Western Michigan University
- 2000 King County Landmarks and Heritage Commission, Special Projects Program. "Vashon Island Archaeological Project Report Publication" \$9200 (co-PI Laura Phillips).
- 2001 Recipient of Outstanding Alumni Academy, Department of Geosciences, Western Michigan University
- 2005 Distinguished Teaching Award, University of Washington
