Acknowledgment of Risk and Consent for Treatment for Students Age 18 and Over

I acknowledge there are certain risks inherent in volunteering in the community, including but not limited to physical injury and death. I acknowledge that all risks cannot be prevented and I assume those beyond the control of the University faculty and staff. I represent that I am physically able, with or without accommodation, to participate in service-learning, and that I am able to use the equipment and/or supplies described in the service-learning position description for which I am registering and that I have obtained the required immunizations (if any immunization requirements have been listed in the service learning position description for which I am registering).

Should I require emergency medical treatment as a result of accident or illness arising during volunteer work, I consent to such treatment. I acknowledge that the University of Washington does not provide health and accident insurance for service-learning participants and I agree to be financially responsible for any medical bills incurred as a result of emergency medical treatment. I acknowledge that I have been given the option to purchase student insurance through the University. I will notify UW's Carlson Center staff and staff at my volunteer site in writing if I have medical conditions about which emergency medical personnel should be informed.

I understand that it is my responsibility to request reasonable accommodation, if needed for my service-learning placement. To request disability accommodation for service-learning placements, students can contact:
- UW Disability Resources for Students (matriculated students): http://www.depts.washington.edu/uwdrs

I understand that this Acknowledgement of Risk Form applies to all UW Carlson Center-coordinated service-learning activities in which I am registering, for this quarter and for the remainder of the academic year.
