

## The University of Washington Pact with Students

*“The University of Washington educates a diverse student body to become responsible global citizens and future leaders through a challenging learning environment informed by cutting-edge scholarship”*

*UW Vision and Values*

Based on our Vision statement, the University of Washington makes these commitments to our students:

**First**, the quality of the student experience will always be our primary goal.

**Second**, we will work with student leadership to invite and obtain representative input from our students about those decisions that most directly impact them.

**Third**, we will enrich our students’ learning experience in the classroom, online, in our support centers and through experiential learning and research.

**Fourth**, we will recruit and retain top faculty.

**Fifth**, we will work to contain the overall cost of a degree.
