2. Approval of Minutes of the 10 April 2006 Senate Executive Committee meeting and 27 April 2006 Faculty Senate meeting. Approved.

3. Opening remarks from the Chair.
   Ashley F. Emery, Chair of the Faculty Senate.

   Professor Emery reviewed the meeting agenda.

4. Report from the President.
   Mark A. Emmert.

   President Emmert summarized the process by which higher education capital budget requests are prioritized and sent to the legislature. He noted that part of the conversation around Washington Learns concerns a new approach to funding higher education. The current harsh reality is that there is not enough money to cover higher education’s needs.

   The President spoke about the current ideas regarding the 520 bridge expansion and Sound Transit and registered a concern about the potential impact of the confluence of these projects on the University as they intersect near Husky Stadium. Also he noted that Safeco intends to sell their building in the University District and that UW is talking with them.

5. Report from the Senate Committee on Planning and Budgeting.
   G. Ross Heath, Immediate Past Chair and Committee Chair.

   In the absence of Ross Heath, Committee Chair, Vice Chair Gail Stygall presented the SCPB report. The committee has been going over the FY07 operating budget (the second year of the current biennium) and are optimistic about the prospects from a faculty point of view. A draft will go public when the attachments for the next Regents’ meeting are posted on the Regents' Website next Friday (May 12).

   David Lovell, Faculty Legislative Representative.

   Professor Lovell reported that several of his department’s faculty members will meet with Representative Helen Sommers on health care policy designed to save costs. The special committee
on legislative matters and the Senate leadership met with Representative Phyllis Kenney last week. The point of these meetings is to talk the hard choices needed to frame the discussion.

7. Report from the Secretary of the Faculty.
Donna H. Kerr.

Professor Kerr presented the nominations to replenish the Faculty Councils’ members and chairs.

8. Yearly Nominations of Faculty to Serve on Faculty Councils and Committees.
   a. Action: Nominees for 2006 – 2009 Faculty Councils and Committees were approved attached as (Exhibit A).
   b. Action: Approved for Faculty Senate consideration, David Lovell, Research Associate Professor, Psychosocial & Community Health, to serve as the 2006-07 Faculty Legislative Representative, and J.W. Harrington, Professor, Geography, to serve as the 2006-07 Deputy Legislative Representative.

9. Reports from Councils and Committees.
   a. Report from the Special Committee on Council / Committee Restructure.
      Gail Stygall, Vice Chair, Faculty Senate and Committee Chair.

      Professor Stygall reported that her committee recommends, as a test case, that the Senate Committee on Planning and Budgeting and the Faculty Council on Research have a steering committee from the committee and council leadership and the Provost’s Office that meets twice annually.

   b. Reports from the Faculty Councils
      Multicultural Affairs: Professor Brian Fabien, Chair
      The departure of Rusty Barcelo is a primary concern; the Council wants to provide the Provost advice on her replacement.

      Research: Professor Brent Stewart, Chair
      The Council wishes to encourage the development of venues for interdisciplinary initiatives. Mark Hasselkorn is leading the discussion on possibilities for generating interdisciplinary research. Professor Stewart also reported on faculty effort issues, meeting with Harlan Patterson regarding off-campus research, the problem of people retiring and collecting leave time and a related query to Sue Camber and Gary Quarfoth as to how to deal with this when staffing is grant-funded, and other payout issues.

      Tri-campus Policy: Professor Marcia Killien, Chair
      The Council has the following issues: the lack of a review process for Educational outreach; a proposal from the Registrar’s Office regarding cross-campus degrees; and the prospect of two radically different degrees bearing the same name within the University, as occasioned by the proposal for computer science and engineering at UW Tacoma.

      University Facilities & Services: Professor John Schaufelberger, Chair
      The Council is concerned about the three major issues that President Emmert mentioned in his report. Regarding Sound Transit, the UFS will be addressing the vibration-EMF issues and possible mitigations at its meeting on Thursday. Professor Schaufelberger noted that the EIS was issued without meetings that would have addressed mitigations. Also, UFS is looking at signage.
University Libraries: Professor Beth Kerr, Chair
Professor Kerr reported that the Undergraduate Library now has a writing and research center open to all students; they also have a service available to students to troubleshoot laptop computer problems. Serial prices remain a problem.

Senate Committee on Planning and Budgeting

Rationale for Motion to Amend Something Previously Adopted.

It has been noted by a Faculty Senator that there is a slight error in the March 2, 2006 Faculty Senate minutes. As stated in Robert’s Rules of Order, “If the existence of an error or material omission in the minutes becomes reasonably established after their approval . . . the minutes can then be corrected by means of the motion to Amend Something Previously Adopted, which requires a two-thirds vote . . .” Therefore, the SEC is asked to consider the following amendment.

March 2, 2006 Faculty Senate Minutes

Senator Adam Warren, James Gregory, Group Four, introduced a motion for a Resolution {Exhibit C} to support a student initiative Class C Resolution to request that only Fair Trade coffee be sold on campus. Senator James Gregory, Group Four, seconded the motion. After discussion the motion passed. Professor Adam Warren (History), a guest of the Senate, spoke in support to the motion, which passed.
