

# Access data around the world.

## Verizon Wireless Global Solutions provides data access in more than 170 destinations worldwide.

With access to your critical corporate email and personal email accounts, you can keep in touch with your life—wherever business takes you.

### Features and benefits.

- **One flat email rate.** Data and email rates stay consistent with an unlimited GlobalEmail Plan or Feature.
- **One provider.** Verizon Wireless has services to help you manage business worldwide.
- **Variety of options.** Find a plan that works with your device and your needs. For occasional travel, Global Data for Handsets covers picture messaging and other applications such as Internet and Instant Messaging used abroad.

Global Data is available in select destinations in Africa, Asia, the Caribbean, Europe, North America and South America. For a complete list of data destinations and network providers, please visit [verizonwireless.com/vzglobal](http://verizonwireless.com/vzglobal).

### Global Data Customer Support.

Verizon Wireless offers a comprehensive support system for business travelers who use our global services and provides you with U.S.-based, 24/7 technical support. In addition, GlobalEmail and GlobalAccess customers receive a Verizon Wireless Global Support Card, enabling them to call from nearly any wireline in the world and connect to our global help desk free of charge.<sup>3</sup>

For information on taxes, surcharges and fees, please see Additional Plan Information in the *Small Business Guide* brochure.
