Items to be covered in this edition:
I. Important Dates
II. Funding Opportunities
III. Welcome to New Faculty/Changes to Current Faculty
IV. Faculty News
V. Faculty Publications and Presentations

I. IMPORTANT DATES

Wednesday, August 20: Resident Case Presentation. 12:30-1:15PM in Wright Auditorium at Seattle Children’s Hospital. “Not for Human Consumption: The Emergence of Designer Drugs” presented by Dr. Rachelle Tibbetts (R3). For live streaming during the event, click on the appropriate link: outside of Children’s Network or within Children’s Network. Questions? Contact pedschiefs@seattlechildrens.org.

Thursday, August 21: GRAND ROUNDS. 8-9AM in Wright Auditorium at Seattle Children’s Hospital. “HPV Immune Responses and Vaccine Update on Real-Life Outcomes” presented by Dr. Anna-Barbara Moscicki, Professor of Pediatrics, Associate Director, Division of Adolescent Medicine, UCSF. You can view the schedule of upcoming Grand Rounds online. Questions? Contact kathie.kohorn@seattlechildrens.org.

Tuesday, August 26: Residents vs. Faculty Softball Game. 6:30PM. Location TBA. Please join us for the annual resident-faculty softball game! All faculty are welcome. RSVP to pedschiefs@seattlechildrens.org.

Monday, September 8 – Friday, September 12: 2014 Intern Retreat. The Intern Retreat Dinner will be on Monday, September 8. Our intern retreat is one of the most valued parts of our pediatric residency program. Interns have a week to discuss ethics, communication, medical errors, team building, resident wellness, and death and dying. For over 40 years, we’ve relied on faculty and fellows from Seattle Children’s to volunteer to act as interns this week, covering ward teams, MCC (medically complex child) service, the ED, and our UW newborn nursery and NICU. Please save the dates and consider volunteering!

Friday, September 12: Second Biennial Mitochondrial Biology Conference. The conference will bring together leaders in the field of mitochondrial disease research and patient care. Discussion will focus on the newly recognized atypical presentations of mitochondrial diseases, with an emphasis on new therapies that are giving new cause for hope. Join us and add your voice as we discuss the wide variation in presentation of mitochondrial diseases and novel therapies being tested. For more information or to register, visit the conference website.

Tuesday, October 21, 2014: 2014 Pediatric Faculty Meeting. 5:15-7:30PM (5:15PM social gathering; 5:45PM program) in Wright Auditorium at Seattle Children’s Hospital. Attendance at faculty meetings is an expected faculty responsibility when one does not have unavoidable conflicts. Please email Diane Wade if you would like to use the childcare service available from 5-8PM. Children must be between 4-10 years of age. Questions? Contact diane.wade@seattlechildrens.org.

Please see our Department Calendar for a complete list of upcoming events and more information.
II. FUNDING OPPORTUNITIES

August 25: Deadline for the Burroughs Wellcome Fund’s Career Awards at the Scientific Interface

August 28: Internal deadline for the Burroughs Wellcome Fund’s Investigators in the Pathogenesis of Infectious Disease

August 28: Internal deadline for the NSF’s Partnerships for International Research and Education (PIRE)

September 4: Internal deadline for the Greenwall Foundation’s Faculty Scholars Program 2015

September 10: Internal deadline for the W.M. Keck Foundation’s Science and Engineering / Medical Research 2015

September 15: Deadline for the Center for Clinical and Translational Research’s Translational Research Ignition Projects Program (TRIPP)

September 15: Application deadline for the UW Medicine’s Patient Safety Innovations Program (PSIP)

October 27: Internal deadline for Bridge Funding from the UW Provost’s Office.

⇒ Please visit Seattle Children’s Research Funding Watch List or UW Office of Research for more information on funding opportunities.
