III. UWMC NICU LEVEL IV

We are delighted to share that our UWMC NICU is now designated as a level IV NICU. This makes us the 5th Washington State hospital so designated, including Seattle Children’s, Tacoma General, Swedish, and Sacred Heart in Spokane. This designation really validates our long-standing, excellent, high caliber, high-acuity NICU care. We recognize our NICU, OB and newborn teams for their leadership and excellence in partnering us in care of our families.
