VII. STANDING COMMITTEE

A. Academic and Student Affairs Committee

Services and Activities Fee—University of Washington, Seattle: 2009–10
Operating and Capital Allocations

RECOMMENDED ACTION:

It is the recommendation of the administration and the Academic and Student Affairs Committee that the Board of Regents approve for the Seattle campus:

1) Raising the Services & Activities (S&A) Fee level for 2009–10 from $108 per full-time student per quarter to $113; and

2) Allocating $11,823,182 for 2009–10 S&A Fee operating and capital funds.

BACKGROUND:

Each year, on the basis of recommendations by the administration and the S&A Fee Committee*, the Board of Regents approves annual S&A Fee allocations for the Seattle campus. Additional allocations may be approved during a given year.

The present recommendations grew out of S&A Fee Committee discussions over the course of the 2008–09 academic year—discussions that included at different times representatives of the units supported by S&A Fee income. The S&A Fee Committee submitted its written recommendations to the Vice President and Vice Provost for Student Life on May 29, 2009 (Attachment I). In addition, the Committee proposed that $1 of the $113 fee be set aside to offset lost revenue from Hall Health Primary Care Center and Housing and Food Services while the HUB and Hall Health are under construction. The administration concurred with the recommendation of the fee assessment level and all operating and minor capital allocations. (Attachment II).

The 2008 – 09 and recommended 2009 – 10 distributions of the quarterly S&A Fee are displayed below:

</tr>
</tbody>
</table>

* By statute, recommendations of the Committee are determined by the votes of its student members—three and four of whom, respectively, represent the GPSS and the ASUW. The rules call for three administrators and two faculty members to serve on the Committee in nonvoting, advisory roles.
VII. STANDING COMMITTEES

A. Academic and Student Affairs Committee

Services and Activities Fee—University of Washington, Seattle: 2009 – 10 Operating and Capital Allocations (continued, p. 2)

The 2008 – 09 and anticipated 2009 – 10 revenues and expenditures are displayed in Attachment III. The proposed operations and capital budgets for each program and a brief discussion of their rationale are detailed below.

Associated Students of the University of Washington (ASUW) – $719,012 (Operations)

The recommended allocation would support ongoing functions, staff salaries and general operating costs of ASUW. The allocation represents a decrease of $17,830 (2.4%) for operations over the last academic year.

Classroom Support Services - $71,163 (Operations)

The recommended increase of $1,133 (1.6%) would continue to support wages of student staff.

Counseling Center - $247,438 (Operations)

The recommended increase of $37,197 (17.7%) would allow the Counseling Center to continue to offer visits to the Center at no cost to students.

Ethnic Cultural Center/Theater (ECC/T) - $582,275 (Operations)

This recommended allocation of $582,275 would continue to support the ongoing functions, staff and general operations of the Ethnic Cultural Center/Theater at the same level as 2008 – 09.

Graduate and Professional Student Senate (GPSS) - $272,300

The recommended decrease of $9,994 (3.5%) would support ongoing functions, staff salaries and general operating costs of GPSS. There was not a significant change from last year’s request; however there were increases to the travel budget portion. This will expand the Travel Grant program which funds graduate student travel to academic conferences.
VII. STANDING COMMITTEES

A. Academic and Student Affairs Committee

Services and Activities Fee—University of Washington, Seattle: 2009 – 10 Operating and Capital Allocations (continued, p. 3)

Hall Health Primary Care Center (HHPCC) - $ 6,126,489 (Operations)

Hall Health Primary Care Center continues to provide excellent on-campus care for students, faculty, staff, and the community. This represents an increase of $71,673 (1.2%) over the 2008 – 09 fiscal year.

Q Center - $90,264 (Operations) and $3,000 (Capital)

The recommended allocation of $90,264 to the Q Center reflects support of the continued demands of students, faculty, staff, alumni and allies of the Center.

Recreational Sports Programs (RSP) - $1,747,281 (Operations) and $100,000 (Capital)

The recommended allocation will support wages and related increases for facilities staff and represents a $121,769 (7.5%) increase in operating expenses. The capital allocation will provide the standard $100,000 in maintenance funding necessary to keep RSP facilities functional.

Services & Activities Fee Committee - $ 16,619 (Operations)

The recommended allocation provides for tuition and related fees for the Committee Chairperson and the salary of the SAF Coordinator; representing a decrease of $23,878 (59%) due to the shift from a classified staff person to a temporary student staff person as SAF Coordinator.

Student Activities & Union Facilities (SAUF) - $543,785 (Operations)

The recommended increase of $6,320 (1%) will fund salaries for SAUF staff and operations costs for the Resource Center.

Student Legal Services (SLS) - $139,929 (Operations)

The recommended allocation of $139,929 will continue to maintain the essential operations of the office and the salaries of its staff.

VII. STANDING COMMITTEES

A. Academic and Student Affairs Committee

Services and Activities Fee—University of Washington, Seattle: 2009 – 10
Operating and Capital Allocations (continued, p. 4)

Student Parent Resource Center - $947,815 (Operations) and $11,507 (Capital)

This funding level represents an increase of $7,713 (0.8%) over the operations
level for 2008 – 09.

Student Publications - $200,000 (Operations)

The recommended allocation of $200,000 is consistent with last year’s funding
level.

III. 2008 – 09 Budget and 2009 – 10 Services and Activities Fee Revenue
and Expense Projections
Mr. Eric Godfrey  
Vice Provost for Student Life  
University of Washington  
Schmitz 476  
Seattle, Washington 98195

Dear Mr. Godfrey

On May 22 the Services & Activities Fee Committee met to approve recommendations regarding the collection and allocation of the Services & Activities Fee for the 2009-10 academic school year. This recommendation is the result of a lengthy process involving orientation and budget hearings as well as thoughtful and critical analysis from a considerably bright committee membership. The recommendation is broken down into components: recommended operational allocations, recommended capital allocations, recommended implementation of the new Capital Expenditures Policy, and a fee level. The Committee believes that the Regents should adopt our recommendation; the Fee will optimally fund a broad array of services and activities for the students at the University of Washington.

This year was a particularly challenging year for the Committee. The Committee’s projected revenue is dependent upon the number of full-time student enrollments (FTEs). While the deep budgets cuts at the University do not directly affect the Services & Activities Fee revenue, the Committee was instructed to plan for a 1,300 decrease in FTEs. This represents a significant decrease to the Committee’s operating budget for the 2009 - 2010 fiscal year, forcing tough decisions.

Institutional memory is an invaluable asset for any committee, particularly for a budgeting committee with as complex a process as SAF. We have been extremely fortunate to have University advisers who carry knowledge of the budgeting process and historical information, but the voting bloc and driving force of the committee is the students. It is extremely important that the students understand the SAF process thoroughly, and there is no better way of learning the process than experiencing it. It is my hope that when making committee appointments for the 2009 - 2010 SAF Committee, a candidates ability and willingness to serve multiple terms is taken into consideration.

The Committee also approved three large capital projects: renovations of the Husky Union Building, Hall Health Primary Care Center, and the Ethnic Cultural Center. These recommendations will be sent in a separate letter.
**Operational Allocation Recommendations**

**ASUW – $719,012**
ASUW reassessed their method of calculating earned income and SAF request. As a result, this year’s request is a $20,000 decrease from last year's funding level. In addition to this decrease, the Committee recommends the ASUW spend down their fund balance by $15,000 as a symbol of leadership during tough economic times.

**Classroom Support Services – $71,163**
This amount continues to fund the wages of the students operating the valuable and widely used student technology loan program.

**Counseling Center – $247,438**
The Committee understands the importance of mental health programs and recommends funding this increase in its entirety.

Mental Health programs are extremely important but severely under funded at the University of Washington; yet, SAF does not have the resources to solve the problem independently. The committee strongly urges that the Counseling Center, along with the University at large, continue to lobby support for increased state funding for such a vital service to students.

**The Daily – $200,000**
This amount is consistent funding at last year's levels. While The Daily adjusts it's expenditures based on its lines of revenue, the committee encourages them to provide a more accurate earned income estimate for next year.

**Ethnic Cultural Center / Theater – $582,275**
The ECC continues to foster one of the strongest, most passionate communities of students on the University of Washington campus. This recommended allocation would support the ongoing functions, staff and general operations of the Ethnic Cultural Center / Theater.

**GPSS – $272,300**
While GPSS’ request remained consistent with last year’s request, the Committee recommends a decrease of $10,000. Similar to ASUW, we recommend that GPSS spend down their fund balance by $10,000 as a symbol of leadership during tough economic times.

**Hall Health Primary Care Center – $6,126,489**
Hall Health continues to provide excellent care for students on campus as well as faculty, staff, and the community. HHPCC has demonstrated its commitment to keeping the costs of health care as accessible to students as possible. This amount reflects an increase of about $70,000 over last year's level, largely to offset the increased cost of the increased payroll loading rates.
Q Center – $90,264
The Q Center continues to be an extremely effective program, and the Committee would like to see it grow. However, we do not feel that is the right time for growth given the economic climate. This amount represents funding at last year’s level.

Recreational Sports Program – $1,747,281
Growth in student use of Recreational Sports Program has greatly outpaced growth in SAF funding. The Program does a very good job of providing top quality service to students and needs increased funding to maintain its operations. This amount is a $120,000 increase over last year’s level.

S & A Fee Committee Operations – $16,619
This amount funds the operations and tuition stipend of the SAF Chair position. This is a significant decrease from the previous year due to a shift in the committee support person from a classified staff position to a temporary student position.

Student Activities and Union Facilities – $543,785
The Committee recommends funding at a level consistent with the previous year. This continues funding the student advisers, RSO Event Fund and Resource Center as well as the other excellent services students receive at the HUB.

The Resource Center is extremely valuable to all student organizations on campus, but is operating near capacity. If the efficiency cannot be improved with current resources, more funding may be needed in the future.

Student Legal Services – $139,929
This level is consistent with the previous year. SLS provides a great, accessible, and affordable option for common legal issues among students.

Student Parent Resource Center – $947,815
This amount represents funding at levels consistent with the previous year.

Capital Allocation Recommendations

Q Center - $3,000
This would fund new library shelves for the Q Center office

Recreational Sports Program - $100,000
This allocation will support a number of RSP capital maintenance projects.

Resource Center - $4,305
This will cover table replacements for registered student organizations use.

Student Parent Resource Center - $11,507
This amount is to fund office supplies and equipment for a relocation.

**Capital Expenditures Policy**

The Committee passed a new policy to more easily and responsibly plan for capital expenditures. Historically, the Committee coupled capital and operational funding for each unit, but due to large variance in capital expenditure requests from year to year, the increase in the fee would fluctuate along with surpluses and deficits. The intention of this policy is to smoothen out this fluctuation and plan responsibly and accurately. There are key numbers to this new policy: the target amount of the general fund and the percentage of total available fee revenue to allocate towards the capital expenditure fund. As per the policy, both of these numbers must be reassessed by the 2013 - 2014 SAF Committee.

**Target Amount of General Fund - $5,500,000**

After years of discussing and debating what an appropriate fund balance level would be, the Committee decided on $5.5 million. This reflects the average level of our general fund over the past decade as well as the amount needed to fund SAF units at minimal operations for half a year. The Committee feels that this amount is sufficient to fund unforeseen costs that might arise. Once the fund balance reaches this target level, any additional revenues and surpluses will be rolled over into the capital expenditures fund. Our fund balance currently holds approximately $6.7 million, thus the Capital Expenditures Fund will start with approximately $1.2 million.

**Capital Expenditures Fund Revenue - 3%**

The Committee recommends that 3% of the total revenue be allocated toward the capital expenditures fund. This amount was carefully calculated using historical data as well as projected capital expenditures over the next decade (see attached workbook). At this level, the Committee should be able to fund all future capital maintenance costs while maintaining padding for capital improvements and unforeseen capital expenditures.

**Fee Level Recommendation**

The Services & Activities Fee Committee recommends the Fee be increased from $108 to $113. $112 is for the committee’s operational and capital recommendations, and the remaining $1 goes toward the specific purpose of preparing for lost operational revenue during construction of the large capital projects. While the HUB and HHPCC are under construction, Housing and Food Services and HHPCC will realize lost revenues from limited and/or closed operations. The Committee is expected to cover this estimated $3.6 million loss. After weighing the various options, the Committee found it fiscally responsible to begin preparing for this cost now. The Committee recommends $1 of the $113 be set aside for the specific purpose of preparing for this cost while $112 will cover
the operational allocations and build the Capital Expenditure Fund. This provides an estimated $11.7 million in operational funding, $360,000 for the Capital Expenditures Fund, and $100,000 to be saved for the future lost operational cost due to the capital projects.

Closing Comments

The committee believes that if the Regents adopt these recommendations, the units will be able to expand their services provided to students. These recommendations will also lay the groundwork for new or improved facilities that will positively impact the student life of our campus. We believe this funding, combined with the unique talents of the unit directors and staff, ensures a successful future for student services and activities.

Sincerely,

Matt York
2008 - 2009 Chair
Services & Activities Fee Committee
June 1, 2009

Mr. Matt York  
Chair  
Services and Activities Fee Committee  

Dear Matt,

Thank you for your letter of May 29, 2009, providing the details of the allocations proposed by the Services and Activities Fee (S&A Fee) Committee for 2009 – 10. Of particular note, the proposal calls for a $5 increase in the quarterly S&A Fee, from $108 per full-time student to $113. An adjustment of this level enables the committee to continue and enhance important programs and balance expenditures with revenues.

The Committee’s recommended allocations are thoughtful and strategic. After careful review, the administration concurs in the recommendations for fee assessment levels and all operational and minor capital allocations.

The budget will be presented to the Board of Regents for its consideration and action at its meeting on June 11, information on which will be communicated to you in the near future. I look forward to making this presentation with you.

As always, your leadership and collaboration have been greatly appreciated.

Sincerely yours,

Eric S. Godfrey  
Vice President & Vice Provost
