Know what to do when violence is present

---

**Evacuate**
When danger is increased by staying where you are, run away.
- Get to a safe location
- Call 911

**Securely Hide**
When danger is increased by evacuating or you don't know the location of the danger source, get to as safe a location as possible and securely hide.
- Lock or barricade yourself in a room with a telephone and limited visibility from the outside
- Get down on the floor and out of the line-of-sight
- Call 911
- Wait for official notice that the danger is over
