Nature of Business or Organization:

UIEvolution is a software company based in Bellevue, WA.

At UIEvolution® we see a future where our software technology and solutions power dynamic application experiences for any device, platform or network enabling consumers to access their content anytime, anywhere.

For seven years, UIEvolution has enabled companies to streamline development, design and delivery of rich consumer experiences. Our powerful cross-platform technology powers applications and services across mobile devices, TVs, consumer electronics and automobiles.

Duties and Responsibilities:

I am looking for someone to assist in three areas:

Support – Deliver technical and non-technical responses to partners, developers and end users.

Reporting – Create reports from budget data, access logs and SQL queries. Execute and deliver scheduled reports. Create self service web applications.

Curriculum development – Create sample applications and documentation for third party developer consumption.

(For Work Study Office Use Only)

JOB NUMBER _____ **65UIE03** _____

REIMBURSEMENT RATE: **FEDERAL_** % **STATE** ___ **65_** %

Minimum Qualifications:

A student who is majoring in computer science or engineering.
Programming skills in Java or similar.
SQL or the ability to quickly learn.
Excel familiarity
Sharp problem solving skills and an ability to “think outside the box” when working on new things.
Able to take direction and change priorities as needed.
Able and willing to contribute to the team dynamic.
Able to take on a task and drive it to completion without a lot of supervision.
Excellent verbal and written communication skills.

Educational Benefits:

This is an opportunity to work with a diverse and highly professional software development company. This person will get exposure to mobile technology and software development practices. They will work alongside seasoned and experienced software engineers. They will own projects that utilize web, database and open source infrastructure.

They will also gain experience and insights in how to be successful in a corporate environment.
