### Nature of Organization

Research lab in university.

### Duties and Responsibilities

The student will be expected to, in collaboration with Dr. Stromberg, set up/design a lab web page in Word Press or similar dynamic format, and transfer the Stromberg lab's old content to this new set of web pages.

### Minimum Qualifications

We are looking for a student that is somewhat computer and web savvy, specifically with experience constructing web pages (e.g., blogs). A sense for aesthetics is a plus.

### Educational Benefits

This is an opportunity for a student interested in learning about scientific research and/or developing further their web design skills. In general, this is a good introduction to the laboratory environment and paleontological research.

### How to Apply
