

Work Study Job Description

Job Title	Student - Assistant Sterilization
Department Name	School of Dentistry
Job Location	Endodontics and Periodontics
Pay Rate	\$10.10 - \$12.00
Employment Period	Summer, Academic Year
Hours Per Week	19 hrs/wk
Contact Supervisor	Margaret Collins
Phone Number	206-616-9412
Email Address	mc99@uw.edu
Website	http://dental.washington.edu/
Box Number	357444

Nature of Organization

The Departments of Periodontics and Endodontics, within the School of Dentistry are in need of student assistants. These departments teach Graduate and Pre-doctoral students in their specialities, in the classroom, clinical setting, and research labs.

Duties and Responsibilities

Sterilization of soiled dental instruments in the Periodontics Graduate Clinic and Endodontics Pre-doc and Graduate Student Clinics. These instruments may be soiled with human blood or saliva from patients treated in the student clinics.

Minimum Qualifications

UW Workstudy student, preferably with a desire to learn about the field of dentistry as a possible career path.

Educational Benefits

Will learn about safe handling of soiled instruments, sterilization methods, personal protective equipment, and blood borne pathogen training in a clinical setting. Will have the opportunity to meet Periodontics and Endodontics faculty, students, and clinical staff.

How to Apply

E-mail your resume to Margaret Collins at mc99@uw.edu with a brief description of your interest.
