Nature of Organization

The Math Study Center (MSC) is a drop in tutoring center for freshman math classes. It is run by the UW Department of Mathematics.

Duties and Responsibilities

Tutors sit down with students and answer questions about their math homework. The idea is to help them get unstuck. We do not provide long blocks of uninterrupted one-on-one tutoring. We serve Math 120, 124, 125 and 126 only.

Minimum Qualifications

A tutor must have completed Math 126. The ability to explain abstract concepts in a down-to-earth manner. A friendly and patient personality is helpful.

Educational Benefits

After working in the MSC for one quarter, you will really know your calculus.
