Nature of Organization

We seek a student Computer Specialist to join a small group managing computing for a Social Science research center. We support users, create accounts, perform project work, and do maintenance of desktop, laptop, remote access server systems.

Duties and Responsibilities

Excellent candidates will have some computing experience (Unix, Windows, Mac OS, etc), be willing to learn (a lot - quickly), and have a helpful attitude and great customer service skills. Experience with IP networking a plus. Programming experience also a plus.

Minimum Qualifications

You do not need to be a CSE or EE major. Training will be provided with expectation of very quick grasp of concepts and a willingness to be challenged. With direction, self-study and research will be key to success. This is a long-term position hopefully lasting two to three (or more) years. You must be available to work at least 9 hours per week. Work times are flexible within the 9-5 daytime shift.

You must be a full-time student with a current "work study" financial aid award. The position location is at the Seattle UW campus near the Quad.

Educational Benefits

Please contact MBW@uw.edu for further information or to apply by submitting your resume (in text, postscript, or PDF only). Please be sure to indicate how long you expect to be an undergraduate student at the University of Washington.

How to Apply
