### Nature of Organization

### Duties and Responsibilities

The student assistant will help catalogue the collection of plant fossils and modern plant samples at the Burke Museum. This work includes organizing and curating of fossil and modern plant specimens, cataloguing them into a specimen database, as well as photography of the fossils. Students that progress may have the opportunity to learn more advanced skills, such as creating interactive web pages that allows the specimen and image database to be used as a searchable online database.

### Minimum Qualifications

Strong desire to work with paleontology and/or museum work. Preferably someone that is good at organizing and has good attention to detail.

### Educational Benefits

This is an excellent beginning experience for a student interested in paleontology or museum studies. Opportunity to interact with other students in the museum and to learn about ongoing research projects in paleontology.

### How to Apply

Send CV and short paragraph of why you are interested in the position to C Strömberg.
