Nature of Organization

The Physical therapy department is part of a hospital based multi-disciplinary rehabilitation department. We work with patients and their families to restore function and prevent further disability after injury or disease.

Duties and Responsibilities

Typical duties include assisting therapists with patient care activities which involves lifting/carrying (training will be provided), gathering and sanitizing equipment, and general office duties including updating computerized documents.

Minimum Qualifications

Prefer students with some customer service experience, and those who are exploring options of health care as a future career/profession.

Students who do well here are those who can tolerate our busy, fast paced department. Good timekeeping and communication skills.

Available to work weekends as well as weekdays

Educational Benefits

Gain experience in working in a fun and dynamic multi-disciplinary rehabilitation department. Ideal for those seeking to pursue a career in healthcare
