Nature of Organization

Tutorial Center, Office of Minority Affairs & Diversity, Instructional Center

Duties and Responsibilities

Under the supervision of the IC physics instructors, tutors assist students who come to the center for physics and engineering courses. Duties include working in the Physics and Engineering drop-in assisting students in the basic concepts of physics (114, 115, 116, 121, 122, 123). Senior tutors also conduct small physics and engineering workshops for groups of students and are responsible for keeping records.

Minimum Qualifications

A strong background in at least one of the sciences: Physics and Engineering is desirable. Persons with expertise in one or more of these areas are preferred. Previous tutoring experience required.

Educational Benefits

This is a teaching opportunity to strengthen one's background by helping others. Peer tutors who plan to teach will gain valuable teaching experiences. Also, this is a good review for Pre-Med students and those engineering students who plan to take the ETT.

How to Apply

Stop by the Instructional Center @ 1307 NE 40th Street, ask for Geena Hall or Barry Minai.
