### Nature of Organization

Fred Hutchinson Cancer Research Center, home of three Nobel laureates, is an independent, nonprofit research institution dedicated to the development and advancement of biomedical research to eliminate cancer and other potentially fatal diseases.

### Duties and Responsibilities

A lab in the Basic Sciences Division at Fred Hutchinson Cancer Research Center seeks a part-time lab aide to make microbiological growth media.

This is a part-time position, roughly 3 - 5 hours per week, but the hours are flexible.

This position is not benefits eligible.

### Minimum Qualifications

A degree in Biological sciences, or enrollment in a university science program, is required. Knowledge of basic chemistry and microbiology along with attention to detail is essential. Must be work-study eligible.

### Educational Benefits

Opportunity to work in a lab to create solutions, perform general laboratory maintenance, be a part of a world-class lab and interact with investigators.
