Job Location	HCK 406
Pay Rate	\$9.19 - \$11
Employment Period	Summer, Academic Year
Hours Per Week	40 hrs/wk, 19 hrs/wk
Contact Supervisor	Caroline Stromberg
Phone Number	
Email Address	caestrom@u.washington.edu
Website	
Box Number	351800

Nature of Organization
Research lab in university.
Duties and Responsibilities
Basic duties include organizing/curating sediment samples, organizing and databasing reprint library, extracting phytoliths from sediment samples and living plant material, curation of these samples, and description and photography of phytoliths. Students that progress in the lab may have the opportunity to learn more advanced skills, such as databasing of paleontological data and statistical analysis of paleoecological data. Opportunity to interact with other students in the lab and to learn about ongoing research projects in paleontology.
Minimum Qualifications
Strong desire to work with paleontology and/or plant biology
Educational Benefits
This is an excellent beginning experience for a science student. It is a good introduction to the laboratory environment and paleontological research.
How to Apply
Send CV to caestrom@uw.edu
