Nature of Organization

Pacific Northwest Diabetes Research Institute (PNDRI) is a 50 year-old nonprofit biomedical research institute working to prevent, treat, and cure diabetes and its complications

Duties and Responsibilities

- Cleaning, washing and filling animal water bottles.
- Cleaning other cage accessories as needed.
- Checking animal cages for adequate food, water and cleanliness of cages.
- Refill food, change water bottles and change animal cages as needed.
- Perform basic health checks on animals and inform supervisor about any animal health concerns.
- General cleaning including sweeping and mopping floors, cleaning countertops, emptying garbage.
- Keep detailed records documenting task completion.

Minimum Qualifications

A high school diploma or equivalent is required.
This position requires the ability to read and interpret general correspondence, documents, and manuals.

Educational Benefits

A great opportunity to learn how a nonprofit biomedical organization works and functions. Learn how to use lessons learned in the classroom in real-life situations.
