Nature of Organization

The reSTART Internet Addiction Recovery Program is specifically oriented towards launching technology dependent youth and adults back into the real world. Our 45-day abstinence based recovery program exposes participants to a variety of activities and everyday life skills which are often avoided or underdeveloped as a result of excessive ongoing computer, video game play and internet use. At reSTART, we understand that Internet and gaming addiction often co-occurs with other mental health conditions. Our program is individually designed to address a wide variety of underlying issues which may contribute to excessive Internet use (e.g., family problems, divorce, childhood trauma, depression, anxiety, ADHD, etc.).
