

# Continue your studies at the UW this summer

Summer is a special time to learn at the UW. Class size is typically smaller during Summer Quarter, and with fewer students registering you're more likely to get the courses you need. Faculty members are often able to provide more personal instruction during the summer, due to smaller class size. Summer enrollment is especially appropriate for seniors who lack just a few credits for graduation. Juniors who plan to graduate in June 1996 and incoming freshmen who want to get a head start on their studies also benefit from the summer program.

#### Short terms are available

Short, four and one-half-week a and b terms are available during Summer Quarter. And some classes that are open only to majors in other quarters may be taken by nonmajors in the summer.

#### Over 1,500 courses

The UW offers more than 1,500 courses in over 100 fields of study in the summer, including many classes and workshops that are scheduled only once a year. Many courses fulfill UW general education requirements. There are also special summer institutes in music plus a broad range of courses in the schools of education, law and library science.

#### Earn up to a year's language credit in nine weeks

You can earn up to a year's language credit in nine weeks by completing an intensive summer language course. Courses are offered in more than a dozen languages including Arabic; Chinese, Czech, Greek, Hindi, Japanese, Swahili, Swedish; Russian and Uzbek. There are courses in major European languages as well.

#### In-state fees for most courses

Tultion for nonresidents is less in the summer than during other quarters, except-for-courses offered by the medical and dental schools. Both nonresidents and Washington state residents pay the same fees for most summer courses. Summer Quarter tultion for 1995 had not been determined at presstime. Summer 1994 tultion for full-time undergraduate students (taking 10 or more credits) was \$969. Tultion was \$1,049 for full-time graduate students (taking seven or more credits). Summer tultion for full-time medical and dental students (taking 13 or more credits) was \$2,486 for residents and \$6,311 for nonresidents. Fees are subject to change.

#### Register by STAR

Continuing UW students enrolled for Spring Quarter 1995 do not need to apply for Summer Quarter. Use the Summer Quarter Bulletin and Time Schedule available in mid-April and register by STAR the same way as for any other quarter. STAR registration begins in early May.

This Preliminary Announcement contains a Summer Quarter admission application for use by individuals other than continuing UW students. After you have finished reviewing the information in this announcement, please pass it on to someone who may be interested in attending Summer Quarter at the UW.

#### Summer Quarter 1995 sessions

Internship, Senior Thesis, Directed Readings, Undergraduate Research

# **Summer Quarter Admission**

This section provides an overview of the types of student classification and then describes what types of applications should be used.

# Continuing UW undergraduate students

If you are enrolled as a matriculated student for the UW Spring Quarter 1995, you do not need to submit an application for Summer Quarter. Simply register using STAR just as you would for any other quarter.

#### **Applying for admission**

Which application you use depends on your goals and current student classification. Select the student classification that applies to you. It's important that you read the detailed information below regarding each classification. If you have questions after reading the appropriate sections, please call UW Undergraduate Admissions, (206) 543-9686, or Academic Advising, (206) 543-6160.

#### **Student Classifications**

Summer Quarter students are either: new or continuing matriculated students; or new or returning nonmatriculated students attending UW classes only during Summer Quarter 1995.

#### Freshmen Summer Start Program

New incoming UW freshmen who want to begin their college careers during the summer may register for courses frequently taken by incoming freshmen in the arts, humanities, social sciences and sciences. Freshmen will be able to register for Summer Quarter beginning May 3. For questions about how the Freshmen Summer Start courses fit into the UW curriculum, contact Undergraduate Advising at (206) 543-2551.

#### Summer-only nonmatriculated

The nonmatriculated (not degree-seeking) status allows you to enroll even though you are not pursuing a degree at the UW. The credits you earn usually can be transferred to other institutions. These credits also may apply to the requirements for a UW baccalaureate degree if you are later admitted to an undergraduate degree program. Admission as a nonmatriculated student does not affect an applicant's chances for later acceptance into a degree program and it does not permit you to continue in this status Autumn Quarter.

A nonmatriculated student may enroll in a graduate-level course with the permission of the instructor and the departmental chair. Credits earned as a nonmatriculated student do not apply to UW graduate programs.

A nonmatriculated student may be:

- a high school student participating in the Advanced Study Program (see page 20)
- a student at another college attending the UW only during Summer Quarter
- anyone wishing to obtain credit who is not pursuing a degree
- a teacher or administrator taking courses for special interest [but if you are pursuing your continuing certificate, you should contact the Teacher Education Program Office at (206) 543-1754]
- a person who has already earned a bachelor's degree (including those who earned baccalaureate degrees at the UW) and is taking a few courses but is not interested in formal admission to a graduate or second undergraduate program
- an auditor, a person who wants to attend courses but not receive a grade. Auditors pay standard tuition and fees and must be officially admitted and registered. Attendance in a course as an auditor is by consent of the instructor and is on a space-available basis. Permission to audit is ordinarily granted only for lecture classes. Auditors do not participate in class discussions or take examinations; registration may be cancelled at the discretion

of the instructor. *No record of audited courses is kept*. To receive credit for an audited course, you must register for the class for credit in a subsequent quarter.

#### **Graduate nonmatriculated students**

Nonmatriculated and graduate nonmatriculated students are two different categories at the UW. For more information about which students need graduate nonmatriculated status and how to pursue it, see *Special enrollment information for graduate nonmatriculated students*, page 17.

#### Visiting graduate student

A visiting graduate student is a person who plans to transfer graduate credit taken at the University of Washington to another institution where he or she is actively pursuing a graduate degree. Admission is on a space available basis by recommendation of the appropriate department.

#### **Returning UW students**

The following information applies to those who are not currently enrolled at the UW:

- If you have previously attended the UW as a nonmatriculated student, you may use the application form in this preliminary announcement provided you are still in good standing at the University.
- If you have completed a degree at the UW, you may take Summer Quarter courses as a nonmatriculated student. Please see the introductory information on nonmatriculated students.

#### Registration

If you are a continuing UW student enrolled for Spring Quarter 1995, you do not need to apply for Summer Quarter. Use the *Summer Quarter Bulletin and Time Schedule* and register by STAR the same way as for any other quarter. Look for the *Summer Quarter Bulletin and Time Schedule* available on campus in mid-April.

Once you are notified that your admission application has been approved, you may register by touch-tone telephone using UW's STAR registration system. The STAR system will be available for summer registration beginning May 3. The Summer Quarter Bulletin and Time Schedule will include STAR registration instructions.

Graduating seniors or postbaccalaureate students with degree applications on file in the Graduation and Academic Records Office may register using Graduating Senior Priority on May 1 and 2. For details, see the *Summer Quarter Bulletin and Time Schedule*, available mid-April.

If you register for courses and find that you cannot attend, you must completely withdraw from the University or you will be committed to pay full tuition. For full details, see the Summer Quarter Bulletin and Time Schedule.

■ If you were pursuing an undergraduate or professional degree or a teaching certificate when you last attended the UW and were not awarded that degree or certificate, you will be readmitted in this same status. This also applies to graduate students returning from "on leave." Graduate students who are not officially "on leave" must be accepted by the Graduate Admissions Office before they can return in that same status.

Returning students who are accepted as matriculated (into a degree or teaching certificate program) for Summer Quarter may register for Autumn Quarter without reapplying for admission, provided the Summer Quarter application was submitted by the May 31 deadline and they attend classes in the summer.

See International Students, page 17.

#### Types of applications

## Application for Summer Quarter-only admission

The Summer Quarter-only application, on the inside back cover of this *Preliminary Announcement*, is designed for summer-only nonmatriculated students and former UW students eligible to be readmitted to their previous admission status. This includes graduate students who have official "on-leave" status. Students applying for new matriculated status (undergraduate or graduate) should use one of the forms described below.

# Application for undergraduate admission To be used by all new undergraduate students (except international students) and by former UW students who are changing to a new

undergraduate or postbaccalaureate status.

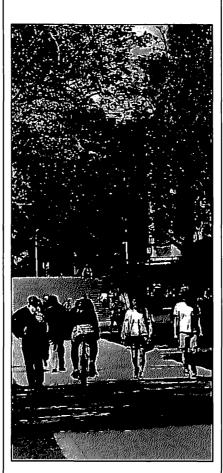

Undergraduate admission applications are available from the Office of Undergraduate Admissions, 1410 NE Campus Parkway, 320 Schmitz Hall, PC-30, Seattle, WA 98195. Telephone: (206) 543-5150.

Teachers who are attending the UW to work on Continuing Teaching Certificates should contact the Teacher Education Program Office at (206) 543-1754.

A student who previously attended the UW as a postbaccalaureate student in a teaching certificate program can be admitted as a returning student in this status. To apply, request a returning student application from the Registration Office, 1410 NE Campus Parkway, 225 Schmitz Hall, PD-10, Seattle, WA 98195. Telephone: (206) 543-8580. Submit the form by May 31 to the address on the form.

# Application for admission to the graduate school

This form is to be used by students applying for admission as graduate students, including those seeking administrator's credentials; or visiting graduate students; or by former graduate students who did not request "on-leave" status. Forms are available from the appropriate academic department.

Application for undergraduate international student admission See *International Students*, page 17.

# Application for admission to professional schools

Those interested in the schools of medicine, law or dentistry should contact those schools directly. For telephone numbers, refer to the appropriate sections in the course listings of this announcement.

# Other Admissions Information

# Summer/Autumn Quarter admission

If you would like to begin pursuing a UW undergraduate degree in Summer Quarter and continue in Autumn Quarter, you should apply for matriculated status as a freshman, transfer or postbaccalaureate student as described below. For more information, contact the Admissions Office or the unit listed. Please read *Types of applications*, this page.

Students who are accepted for Summer/Autumn must register and enroll for Summer Quarter if they wish to enroll in Autumn Quarter. Summer/Autumn students who officially withdraw from Summer Quarter classes on or after June 19 may register for Autumn Quarter without submitting a new application. Withdrawal from Summer Quarter prior to June 19, however, invalidates your status as a continuing student and you must be readmitted to the University; you must submit a new admission application for autumn by the closing dates noted in the Quick Reference Guide to Quarter Deadlines, pages 18-19.

#### Freshman

This admission classification applies to the individual who is entering college for the first time since graduating from high school. This classification includes Washington state Running Start students who completed fewer than 40 credits before Feb. 1 of their senior year. The application priority date for Summer/Autumn Quarter was Feb. 1. Admission is competitive. Not all qualified applicants can be admitted.

#### Transfer

This admission classification applies to the student who has earned college credits since leaving high school and is applying to complete a first baccalaureate degree. The application closing date is April 15. Admission is competitive. Not all qualified applicants can be admitted.

#### **Postbaccalaureate**

This status applies to the student who has completed a four-year baccalaureate degree from a regionally accredited institution and wishes to pursue an additional bachelor's degree, or wants to take further coursework to prepare for another degree program. Application closing date is April 15. If you are

interested in obtaining a teaching certificate, contact the Teacher Education Program Office, 211 Miller, (206) 543-1754.

#### Graduate

This status applies to the student who is seeking a master's degree, a doctoral degree, or a school administrator's credential. Application deadlines vary by department. More information about requirements can be obtained from the appropriate academic unit or the Office of Graduate Admissions, (206) 543-5929.

#### Visiting graduate student

A visiting graduate student is a person who plans to transfer graduate credit taken at the University of Washington to another institution where he or she is actively pursuing a graduate degree. Admission is on a space available basis by recommendation of the appropriate department.

# Autumn Quarter admission

Summer-only nonmatriculated students who wish to attend Autumn Quarter must apply and be accepted as matriculated (degreeseeking) students. Autumn admission is competitive because space is limited. Some admission categories close before Summer Quarter begins (for dates see Quick Reference Guide to Quarter Deadlines, pages 18-19). Therefore, you may not be eligible to apply. For more information, contact the appropriate admission office. You'll find the addresses in Types of applications, page 16. If your intention is to seek a degree at the University of Washington and you wish to begin enrollment during the summer, it is recommended that you apply for matriculated status for the term called "Summer/Fall" on the matriculated application form, if you can do so by the appropriate deadline. This will eliminate the need to submit two separate application forms and fees. See Summer/Autumn Quarter admission, page 16.

# Special enrollment information for graduate nonmatriculated students

Under certain limited conditions, departments, schools or colleges may offer graduate credit to students who are not presently seeking a graduate degree but who have applied and been accepted as a graduate nonmatriculated student. A graduate nonmatriculated student may take a maximum of 12 credits which may be applied to degree requirements should he or she be accepted into a graduate program.

For detailed information regarding admission requirements, contact the graduate program coordinator in your area of interest. Acceptance as a graduate nonmatriculated student confers no priority for later admission into the Graduate School for pursuit of a degree.

# International Students

International students are welcome to apply to the University in any admission classification with the exception of graduate nonmatriculated. International students are those who are not U.S. citizens and are not refugees or immigrants to the United States.

#### **Summer-only admission**

An international student who is not seeking a degree from the UW and who wishes to enroll in courses only during Summer Quarter may use the application in this catalog. He or she will be admitted as a nonmatriculated student for Summer Quarter only and may not continue in Autumn Quarter.

Note: The University cannot provide I-20 forms or give other assistance in obtaining F-1 (student) status for attendance in Summer Quarter only. Summer-only students must have F-1 (student) status already through enrollment at another U.S. college or university, or be able to enter the United States on a visitor's visa or other non-student visa. Additional information will be sent with your offer of admission to Summer Quarter only.

# Summer/Autumn Quarter admission

If international students wish to begin their studies Summer Quarter and continue Autumn Quarter, they must be admitted into a degree program (matriculated). An Undergraduate International Student Application and all required credentials must be filed with the Office of Admissions by Feb. 1 for freshmen and by March 1 for transfers and postbaccalaureates. Admission is granted only for Summer/Autumn or Autumn Quarter. More information is available from the Office of Undergraduate Admissions, 1410 NE Campus Parkway, 320 Schmitz Hall, PC-30, Seattle, WA 98195. Telephone: (206) 543-9686. International students who seek admission as graduate students must contact the Office of Graduate Admissions for appropriate application materials. These forms can be obtained by writing the Office of Graduate Admissions. 98 Administration, AD-10, University of Washington, Seattle, WA 98195. Telephone: (206) 543-5929.

#### Student insurance

International students (excluding summeronly nonmatriculated students) must subscribe to the University's medical insurance or obtain insurance waivers by presenting proof of other medical coverage to the University's International Services Office prior to July 7, the tuition due date.

# English for international students

Students granted Summer/Autumn Quarter admission in matriculated status may be required to take English As A Second Language (ESL) courses, and should contact the Office of Special Services, 460 Schmitz Hall, (206) 543-6122, for information about this requirement. Students admitted in nonmatriculated status for Summer Quarter only, however, have no ESL requirement; the following information applies to these nonmatriculated students only.

If your native language is not English, you may wish to seek academic counseling before you enroll. An adviser can help you learn the level of English language competence needed to successfully complete the courses you plan to take. Academic counseling is strongly recommended for international students whose scores are less than 580 on the Test of English as a Foreign Language (TOEFL) or below 90 on the Michigan Test. Academic advising is available from English As A Second Language, (206) 543-6242; Summer Quarter Advising, (206) 543-6160; Undergraduate Advising Center, (206) 543-2551; or departments offering the courses you plan to take.

Students seeking to improve their English skills are encouraged to take noncredit English As A Second Language (ESL) courses offered each quarter by UW Extension. These students should *not* submit an application to the Office of Admissions or the Office of Graduate Admissions to take ESL courses, but should apply directly to the English As A Second Language Program. Information about ESL courses and ESL can be obtained by writing to the English As A Second Language Program, University of Washington Extension, 103 Lewis Hall, DW-12, Seattle, WA 98195. Telephone: (206) 543-6242.

#### **Final examinations**

There is no separate final examination week during Summer Quarter. Finals are given during the scheduled last class unless all students, their instructor and the Time Schedule Office agree on another time.

#### **Commencement information**

Undergraduates who plan to graduate in August and want to participate in the June 1995 commencement must have a graduation application on file by April 14, 1995.

### **General Information**

#### **Fees**

There is a \$35 nonrefundable Summer Quarter application fee. Both nonresidents and Washington state residents pay the same fees for most summer courses. For details, see the adjacent summer tuition schedule. Fees are subject to change. See page 19 for tuition payment dates.

#### Registration

For information, please see page 15.

#### **Course credits**

Academic credits are indicated in parenthesis after the course title in this announcement. These credits may be transferred to other institutions at their discretion.

# Advanced Study Program for high school students

Through the Advanced Study Program, high school students can enroll in UW courses during the summer. The Advanced Study Program is designed for high-achieving students who will be high school sophomores, juniors or seniors in autumn 1995. Applicants should have grade-point averages of at least 3.3 (B+). For more information about the Advanced Study Program, students, parents and teachers should call Academic Advising at (206) 543-6160.

#### **Academic advising**

Academic advisers are available to discuss your educational objectives and assess your progress toward completion of requirements. Contact a UW adviser or adviser at your school in your field of study or call Summer Quarter Academic Advising at (206) 543-6160.

#### Housing

Residence halls and Stevens Court apartments on campus are available during Summer Quarter for single students. To obtain an application for half or full-quarter housing for Summer Quarter, or for more information, write or call the Housing Student Services Office, 301 Schmitz Hall, PC-50, University of Washington, Seattle, WA 98195, (206) 543-4059. UW Conference Housing and Special Services offers on-campus housing on a space-available basis for persons attending summer workshops and short courses. For information, contact Conference Housing and Special Services, McCarty Hall, GR-10, Uni-

versity of Washington, Seattle, WA 98195, (206) 543-7636. In addition, the University provides listings of privately owned off-campus rental accommodations. Call (206) 543-8997 for information.

# Transportation and Parking

If you can take the bus, carpool or vanpool, the U-PASS (\$27) will save you a lot of money in commute costs. You will receive a U-PASS sticker with your registration confirmation. If you need to drive, quarterly parking permits are available on a limited basis. For more information about parking and transportation alternatives, see the Summer Quarter Bulletin and Time Schedule, or call (206) 685-1543.

# University of Washington Extension

For information about summer courses offered by University of Washington Extension, call (206) 543-2320, 1-800-543-2320 (outside Seattle) or TDD (206) 543-0898. UW Extension courses are available in the evening and on the weekend as well as during the day. UW Extension also offers distance learning courses. Call the above numbers for a catalog.

#### To receive a Summer Quarter Bulletin and Time Schedule

You will be sent a Summer Quarter Bulletin and Time Schedule automatically if this preliminary announcement was mailed to you in response to a request for Summer Quarter 1995 information. If this announcement was not mailed in response to a request and you would like a Summer Quarter Bulletin and Time Schedule, please call (206) 543-2320, 1-800-543-2320 or TDD (206) 543-0898.

## Accommodations for Disabilities

Various support services, including priority registration, are available to students with disabilities. Contact Disabled Student Services (DSS), 448 Schmitz Hall, (206) 543-8925 voice/TDD, for information to meet individual needs, accessibility and equipment services.

Question 17 on the application is asked for the purpose of reporting the number—not the names—of disabled applicants to the state, and for offering appropriate accommodations to disabled students, in accordance with the provisions of Section 504 of the Rehabilitation Act of 1973. Failure to provide the information will not subject you to any adverse treatment.

\*The additional fee per credit hour for more than 18 credits does not apply to Summer Quarter. Tuition charges are based on your student classification, e.g. undergraduate, graduate or professional, and not on course level.

This tuition schedule does not reflect full-time load requirements for loan deferments, teaching assistant-ships or other programs. For more information, consult the Summer Quarter Bulletin.

#### Special course and laboratory fees

The amounts charged for tuition and fees normally cover University charges for course registration. Some courses, however, have extraordinary expenses associated with them and in such cases the University may charge additional fees in amounts approximating the added instructional or laboratory costs.
