# Delivering Business Value and Innovation

# Delivering Business Agility, Value and Innovation

**Time travel  
here we come**

Scott Macklin | College of  
Education

**3 days of work  
down to 1  
minute**

Erik Lundberg |  
Computer Science &  
Engineering

**Mashups!**

Todd Mildon | Office of  
Registrar

**Register for  
classes before  
any of my  
friends**

Anonymous | A smart  
UW Student

**Got our acceptance  
letters out the door 6  
weeks earlier than last  
year**

Scott Macklin | College of  
Education

**Me too**

John Drew | Graduate  
School

**I can sleep better at  
night because I don't  
have a local shadow  
of UWSDB**

Scott Macklin | College of  
Education

**We can't even  
screen scrape for  
that data**

Scott Rose | Computer  
Science & Engineering

**Automate the  
creation of email  
lists**

Todd Mildon | Office of  
Registrar

**We don't have to  
bug Bob Jansson  
any more**

Dan Boren | Computer  
Science & Engineering

**Getting student  
status data  
would be great**

Andrew K Gorohoff |  
Graduate School

**We don't have to  
bug our faculty  
any more for  
course data**

Ryan Ositis | iSchool

**Don't have to manually  
rerun the import from  
uwsdb when data  
changes**

Dan Boren | Computer Science  
& Engineering

**Faculty, students, and  
advisors like up to the  
minute data**

Todd Mildon | Office of  
Registrar

**During the registration  
period I can now  
strategize on course  
offerings in "real time"**

Scott Barker | iSchool

**We have been  
waiting for this for  
years**
