

Office of Information Management

Community & Partnership Development

Community & Partnerships

■ COMMUNITY

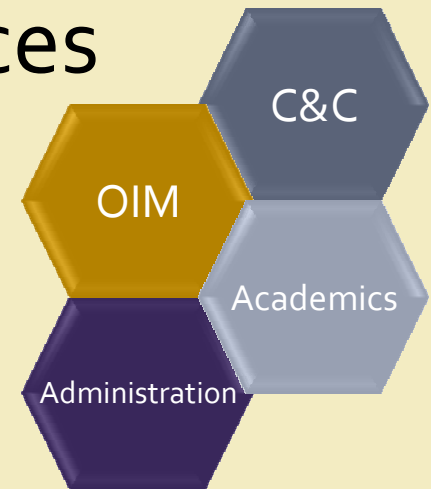

- All staff at the UW who engage in information management, especially those who are **actively developing information systems** that interact with university data.

■ PARTNERSHIPS

- Collaborative relationships with members of the OIM community who are not simply “customers” but are **solution providers** who have knowledge and expertise that can help the UW achieve our information management goals.

CPD Goals

- Develop a strong IS/IM community
- Maintain presence and visibility
- Analyze projects and processes
- Enable community innovation
- Coordinate community resources
- Identify existing solutions
- Facilitate input and feedback

CPD Projects

- Project Intake and Analysis
 - Office of Minority Affairs
 - UW TechTransfer
- Developer Connection 2.0
 - Expand Developer Connection web resources
 - Connect developer communities
- Systems Inventory
 - Continue IS Futures work
