About the *DO-IT Scholars* Program

The *DO-IT Scholars* program prepares youth with disabilities for their transition to college—which includes exploring careers, independence, self-advocacy, and leadership. *DO-IT Scholars* attend a ten-day Summer Study on University of Washington Seattle campus, returning the following two summers to complete research and internships.

- **Summer Study**—Over the course of two summers, *DO-IT Scholars* participate in one and two week live-in summer programs at the University of Washington in Seattle. *DO-IT Scholars* participate in academic lectures and labs, live in residence halls, and practice skills for college and career success. For the third summer, *DO-IT Scholars* can apply to be Interns and will assist with the program.
- **Internetworking, Mentoring, and Peer Support**—*DO-IT Scholars* learn to use computers to enrich their education and to explore academic and career interests. They communicate online with mentors and other *DO-IT* participants from home using computers and, if necessary, special adaptive technology. *DO-IT Scholars* who do not have the necessary technology are loaned equipment and software while they participate in program activities. This may include a computer, printer, software, assistive technology, and Internet service.
- **Work-Based Learning**—*DO-IT Scholars* can apply to be a Summer Study Intern and a participant in other work-based learning opportunities.
