This publication describes promising practices and resources funded through the DO-IT Prof project. It is expected that, ultimately, such efforts will result in greater postsecondary educational opportunities for individuals with disabilities and enhanced postsecondary classes with the perspectives of people with disabilities. Others are encouraged to replicate its successful practices.

**Background**

The DO-IT Center at the University of Washington has, since 1992, worked to increase the success of individuals with disabilities in postsecondary education and employment. DO-IT, which stands for Disabilities, Opportunities, Internetworking, and Technology, has been recognized for its efforts through several awards including the 1995 National Information Infrastructure Award in Education; the 1997 Presidential Award for Excellence in Science, Mathematics, and Engineering Mentoring; the 1999 Golden Apple Award for excellence in education; the 2001 AHEAD Recognition Award for outstanding work for students with disabilities; and the 2007 Innovation Award for Career Opportunities for Students with Disabilities.

The DO-IT Prof project applied lessons learned by DO-IT and other researchers and practitioners nationwide to implement a comprehensive professional development program for college faculty and administrators. It was initially funded by the U.S. Department of Education (Grant #P33A990042, 1999-2003). Prof was selected as part of the project name to represent two project characteristics—“professional,” the quality of project materials and strategies, and “professor,” its primary target audience.

**Model 1:** A 20-30 minute presentation to introduce participants to basic legal issues, accommodation strategies, and resources specific to their campuses.

**Model 2:** A 1-2 hour presentation with special focus on providing accommodations to students with a variety of disabilities.

**Model 3:** A tailored workshop for more in-depth training on topics selected for a specific audience.

**Model 4:** A televised instruction option using a series of video to deliver on public television.

**Model 5:** A distance learning “anytime-anywhere” course that provides lessons and discussion delivered via email and is available at www.uw.edu/doit/Faculty/Presentations/Distance/.

**Model 6:** Self-paced, web-based instruction in The Faculty Room at www.uw.edu/doit/Faculty/.

The DO-IT Prof team included faculty, disabled student services staff, and administrators at institutions of higher education in twenty-three states. The nationwide recruitment process was highly competitive, attracting more than one hundred applications. DO-IT’s Academic Advisory Board selected applicants that had the potential to contribute to project efforts and to create a team with diverse characteristics.
Project partners included representatives from AHEAD (Association on Higher Education and Disability), the National Center for the Study of Postsecondary Educational Supports, the HEATH Resource Center, and WAPED (Washington Association on Postsecondary Education and Disability).

Project team members chose institutional partners in their states. If a team member was from a four-year institution, the partner school was a community or technical college; if the team member is from a community or technical college, the partner school was a four-year school.

Project team members participated in three-day collaborative meetings in Seattle in 2000 and 2001. Before the first meeting, team members conducted focus groups with students who have disabilities, teaching assistants, and faculty members. At the working meetings, team members discussed faculty and administrator support issues and strategies. They developed professional development materials, data collection plans, and timelines for their home institutions.

All team member and partner campuses delivered professional development programs, disseminating materials, providing technical assistance to faculty and administrators, and institutionalizing successful strategies in their schools. Some continued these efforts as part of subsequent projects, DO-IT Admin (www.uw.edu/doit/Brochures/Academics/admin.html) and AccessCollege (www.uw.edu/doit/Brochures/Academics/access_college.html), also funded by the U.S. Department of Education (Grant #P333A020044 and Grant #P333A050064, respectively).

Completion of this project made faculty and administrators better prepared to fully include students with disabilities on their campuses and contribute to systemic change within postsecondary institutions across the nation. The DO-IT Center continues to maintain The Faculty Room and other resources created during the DO-IT Prof funding period.

The Faculty Room
Campuses nationwide are encouraged to link to The Faculty Room at www.uw.edu/doit/Faculty/ and refer faculty and academic administrators there to learn how to accommodate students with disabilities in their on-campus and distance learning courses, field experiences, and international studies programs. Useful training videos and materials can also be purchased from the DO-IT Center; request the DO-IT Videos, Books, and Training Materials publication for more information. All project materials, including online resources, videos, and printed materials, are offered in formats that are readily accessible by individuals with disabilities. Permission to copy and further distribute project products is granted for noncommercial, educational purposes.

DO-IT Prof Team
Sheryl Burgstahler, Ph.D., directs DO-IT Prof activities. Members of the original DO-IT Prof team and their partner institutions were:

Carol Achziger
Computer Access Center Coordinator
Arapahoe Community College
Littleton, Colorado
Partner: University of Northern Colorado
Greeley, Colorado

Victoria Amey-Flippin
Coordinator / HELP Office
Northeastern Illinois University
Chicago, Illinois
Partner: Oakton College
Des Plaines, Illinois

Alice Anderson
Coordinator, Technology Access Program
Division of Information Technology (DoIT)
University of Wisconsin-Madison
Partner: Madison Area Technical University
Madison, Wisconsin
Patricia Bunge  
Learning Disabilities Specialist/Counselor  
Guilford Technical Community College  
Jamestown, North Carolina  
Partner: North Carolina Agricultural and Technical State University  
Greensboro, North Carolina

Deborah Casey-Powell  
Dean of Students  
South University  
West Palm Beach, Florida  
Partner: Santa Fe Community College  
Gainesville, Florida

Rosemary Coffman, Ph.D., C.R.C.  
Counselor, Students with Disabilities  
Lee College  
Baytown, Texas  
Partner: Rice University  
Houston, Texas

Jill Douglass  
Special Services Director  
Santa Fe Community College  
Santa Fe, New Mexico  
Partner: College of Santa Fe  
Santa Fe, New Mexico

Mary Ann Ferkis  
Instructional Accommodations Specialist, Adaptive Programs  
Purdue University  
West Lafayette, Indiana  
Partner: Ivy Tech State College  
Bloomington, Indiana

Pam Griffin  
Coordinator, General Disability Services  
University of Minnesota, Duluth  
Duluth, Minnesota  
Partner: Fond du Lac Tribal and Community College  
Cloquet, Minnesota

Beverly Boone Harris  
Coordinator, Supporting Students through Disability Services (SSDS)  
Norfolk State University  
Norfolk, Virginia  
Partner: New River Community College  
Dublin, Virginia

Nancy Hart  
Manager, Disability Services  
Lane Community College  
Eugene, Oregon  
Partner: Western Oregon University  
Monmouth, Oregon

Elaine High  
Learning Disabilities Specialist  
Resource Center for Persons with Disabilities  
Michigan State University  
East Lansing, Michigan  
Partner: North Central Michigan College  
Petoskey, Michigan

Alison McCarthy Ionvanna  
Coordinator of Disability Services  
Tunxis Community College  
Farmington, Connecticut  
Partner: Southern Connecticut State University  
New Haven, Connecticut

Richard Jones  
Assistant Director, Disability Resources for Students  
Arizona State University  
Tempe, Arizona  
Partner: South Mountain Community College  
Phoenix, Arizona

Jana Long, M.R.C., C.R.C.  
Coordinator of Disability Support Services  
Southwest Missouri State University  
Springfield, Missouri  
Partner: St. Louis Community College  
St. Louis, Missouri

Ralph McFarland  
Director, Student Disability Resource Center  
Humboldt State  
Arcata, California  
Partner: College of the Redwoods  
Eureka, California

Richard Radtke, Ph.D.  
Professor  
University of Hawaii at Manoa  
Honolulu, Hawaii  
Partner: Leeward Community College  
Pearl City, Hawaii

Lisa Badia Rhine  
Director, Office for Students with Disabilities  
University of Dayton  
Dayton, Ohio  
Partner: Sinclair Community College  
Dayton, Ohio
Patricia Richter  
Coordinator, Services for Americans with Disabilities  
Office of Human Diversity  
**Kutztown University of Pennsylvania**  
Kutztown, Pennsylvania  
Partner: Thaddeus Stevens College of Technology  
Lancaster, Pennsylvania

Vicki Roth  
Assistant Dean  
**University of Rochester**  
Rochester, New York  
Partner: Finger Lakes Community College  
Canandaigua, New York

Al Souma  
Director, Disability Support Services  
**Seattle Central Community College**  
Seattle, Washington  
Partner: Gonzaga University  
Spokane, Washington

Chrystal Stanley  
Coordinator, Student Disability Services  
**Drake University**  
Des Moines, Iowa  
Partner: Des Moines Area Community College  
Ankeny, Iowa

Marcia Wiedefeld  
Coordinator of Disability Support Services  
**Loyola College in Maryland**  
Partner: Community College of Baltimore County  
Dundalk, Maryland

**Model Demonstration Projects**  
*DO-IT Prof* was one of twenty-two Model Demonstration Projects to Ensure Students with Disabilities Receive a Quality Higher Education. Funded by the Office of Postsecondary Education of the U.S. Department of Education, 1999-2003 their purpose is to develop innovative, effective, and efficient teaching methods to enhance the skills and abilities of postsecondary faculty and administrators in working with students who have disabilities. Links to all of the projects can be found at [www.ed.gov/programs/disabilities/awards.html](http://www.ed.gov/programs/disabilities/awards.html).

**About DO-IT**  
DO-IT (Disabilities, Opportunities, Internetworking, and Technology) serves to increase the successful participation of individuals with disabilities in challenging academic programs and careers. Primary funding for DO-IT is provided by the National Science Foundation, the State of Washington, and the U.S. Department of Education.
