## Sucess of Bridge Funding Program: Return on Investment Over Time December 2006-May 2016

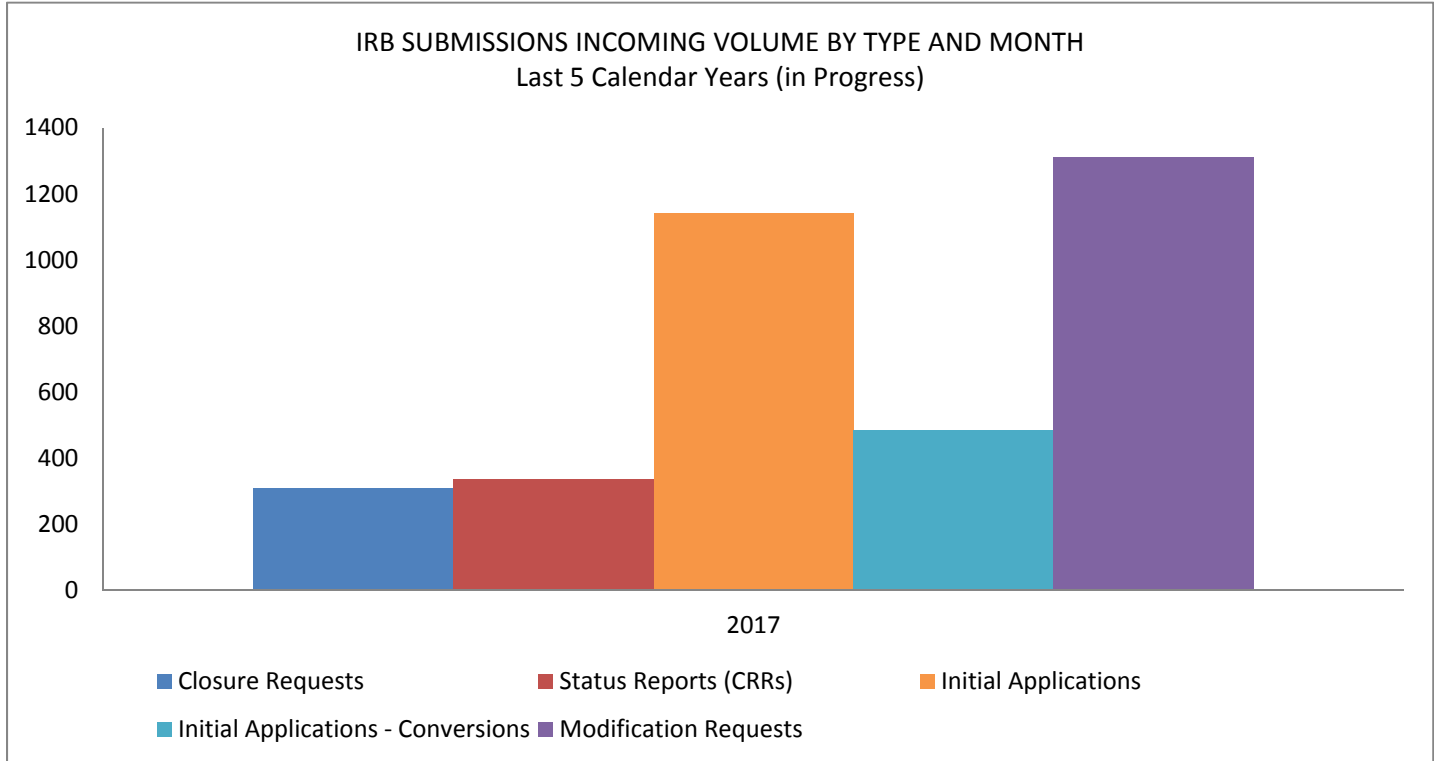

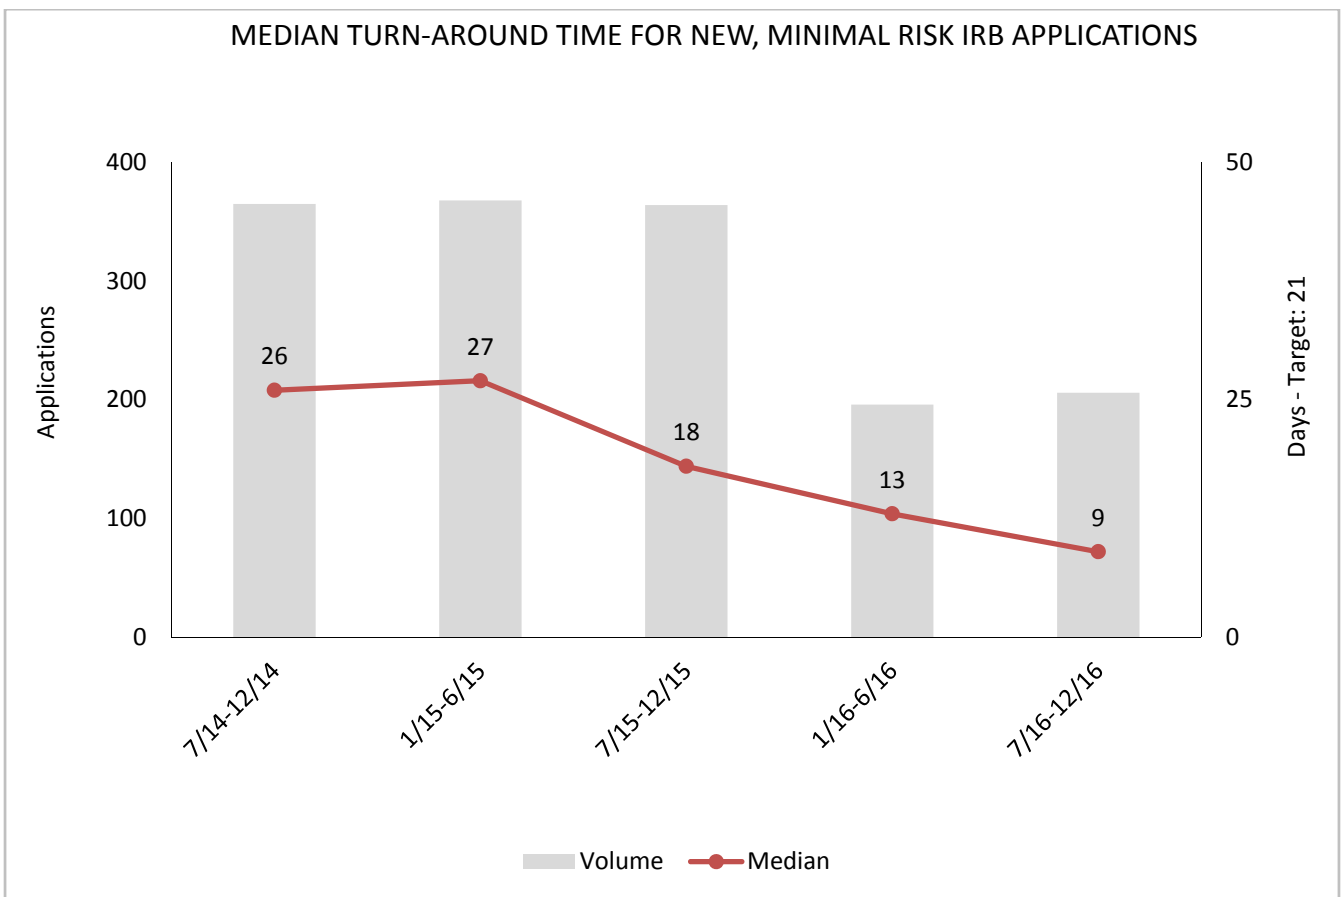

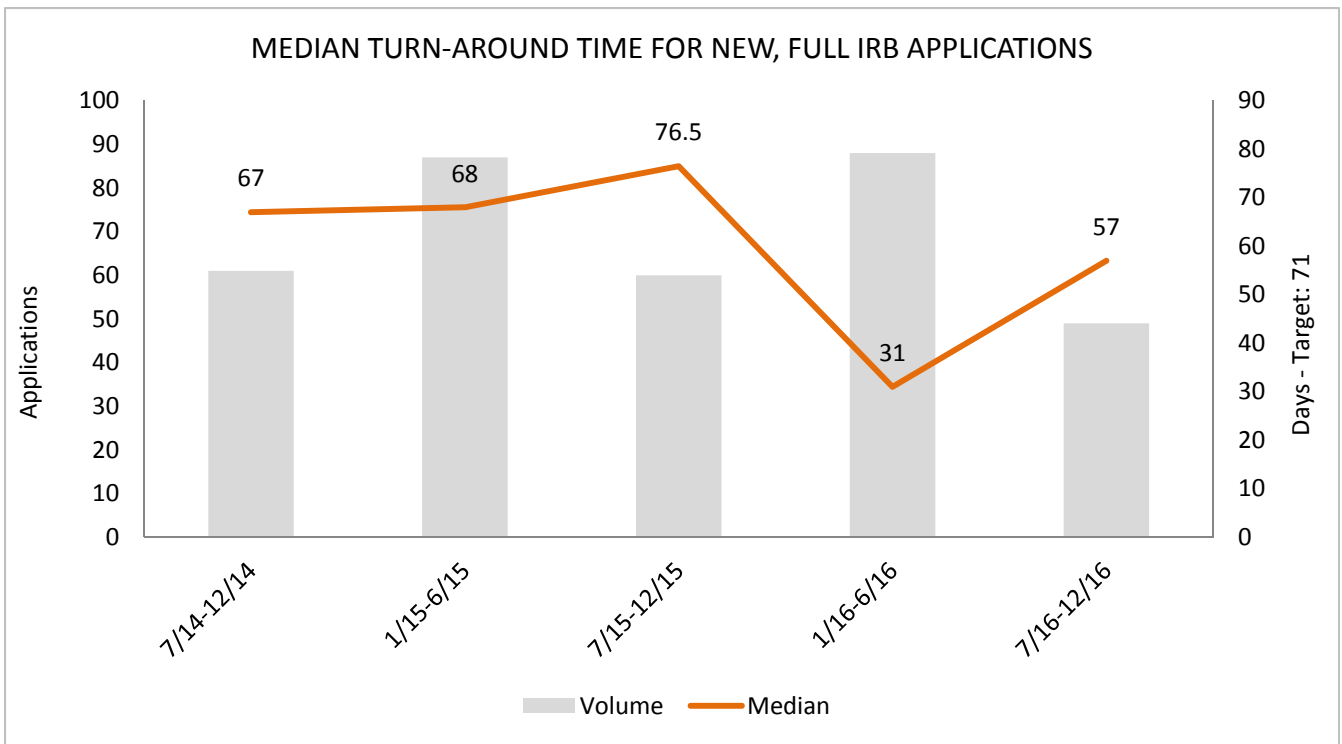

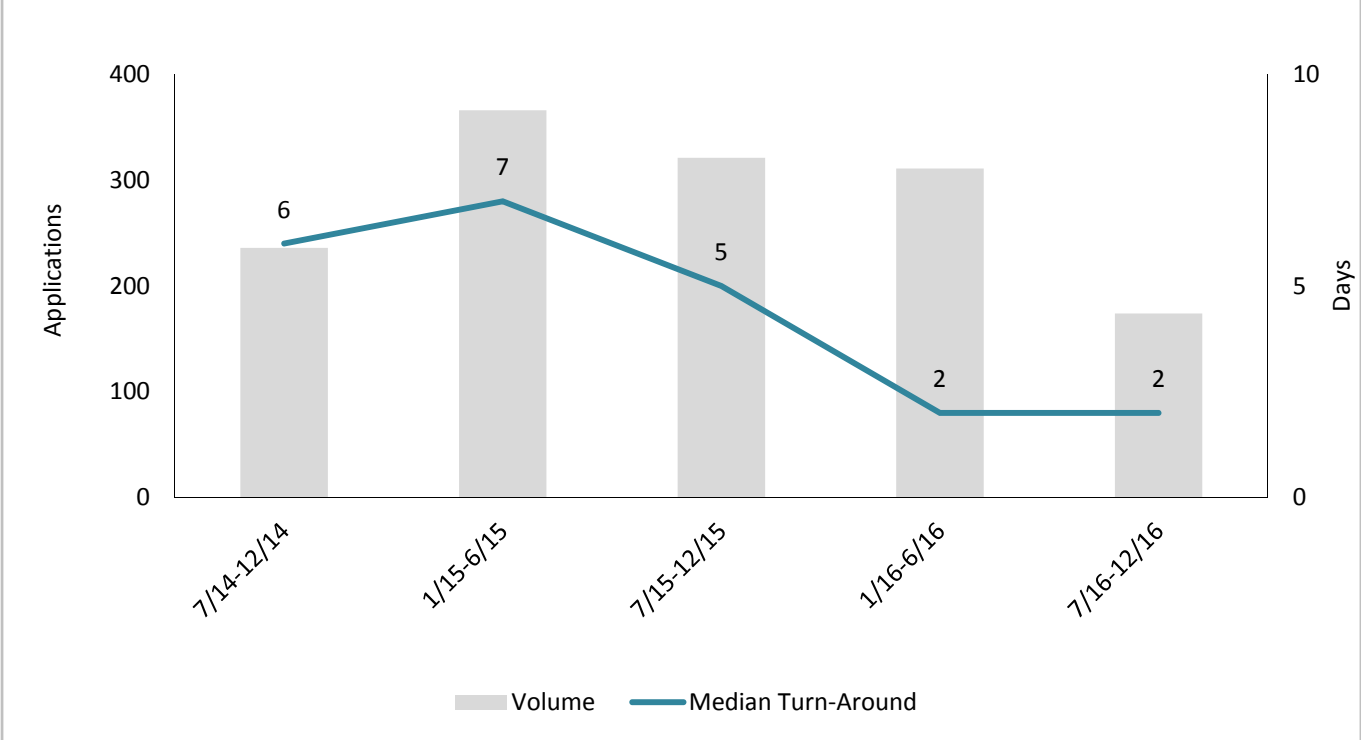

You will see that we have now combined the numbers for “initial” and “exempt” IRB applications. This is because the same application form is used for both types of situations in Zipline; we don’t know whether a specific application will be exempt until the entire review process has been completed. This was not true of our previous paper-based system.

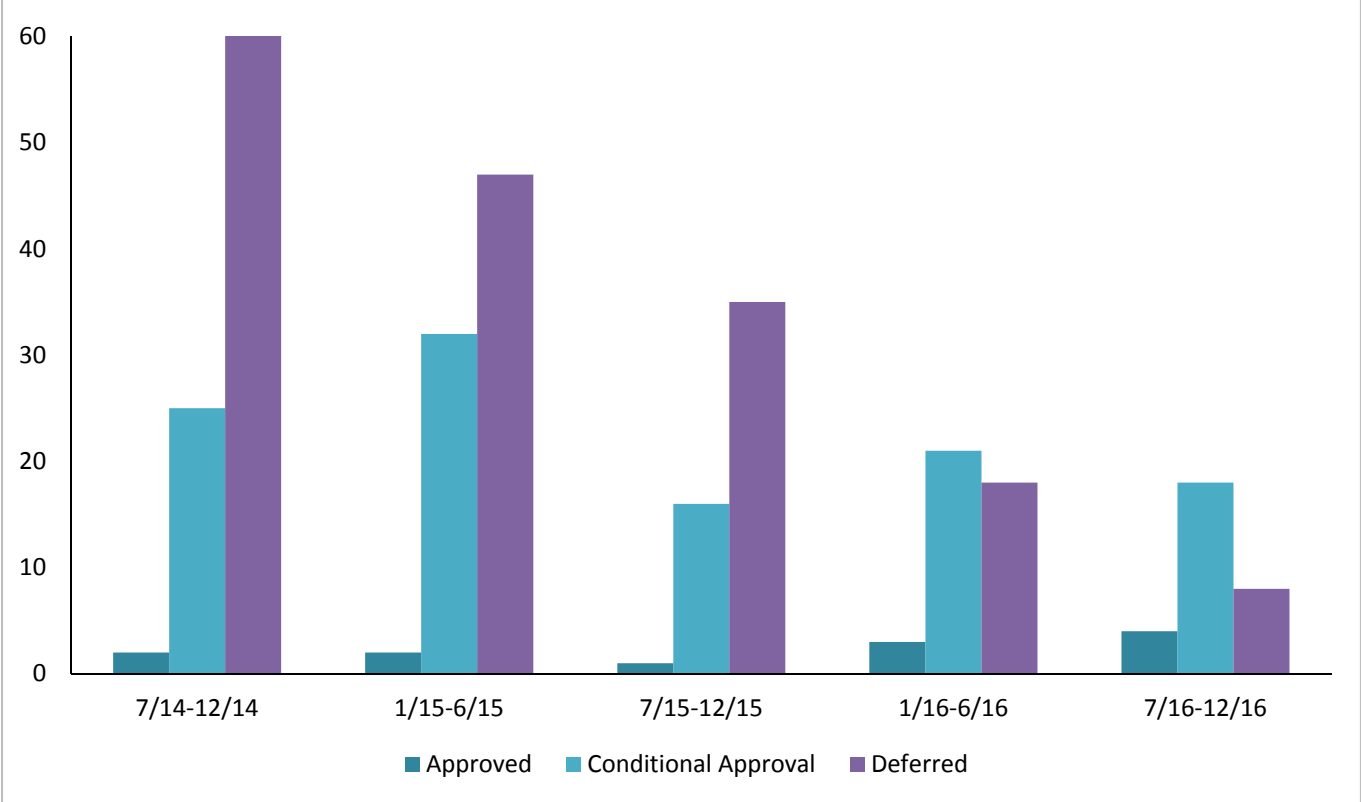

The above sections are aggregated to show both Minimal Risk and Standard together. This includes both Zipline and DORA systems data.
