ORIS	Research website redesign/design, build	x	x	x	During this time period, we issued the RFP to find a website design vendor to assist OR units in the redesign of the OR Research website. Evaluation of vendor responses and on-site interview resulted in selecting a vendor. Contract work started 6/2016.	Sept. 30, 2016	x		x		x	x
ORIS	eLearning Hosting Phase 3: Evaluation & Bridge Proof of Concept	x	x		This project included gap analysis for the WordPress Learning Management System (LMS), WordPress LMS advanced configuration, training for OR staff, and Bridge LMS pilot and analysis. This work was conducted to 1. further mature the WordPress LMS product and 2. inform strategic decision-making around learning content hosting and data collection solutions, including assessing capabilities for connecting to consuming services (SAGE, MRTT) for compliance training.	June 1-Sept. 19	x				x	x

ORIS	Subawards - R2, delivering on the following goals: Collaboration through returns and withdrawals of requests; Transparency of events and history; Design improvements for usability		x	x	The Subawards in SAGE project seeks to improve the overall subaward processing time through a combination of business process reengineering, along with moving the request process itself into SAGE. Moving subaward intake into SAGE allows users to leverage existing data already in SAGE to streamline entry and improve data quality, and also allowing the OSP intake process to run in parallel with the Ariba BPO setup process.	Sept. 30, 2016						x	x
ORIS	MyResearch release of landing page dashboard, training transcript, and search POC			x	MyResearch provides transparency to a variety of research administration process and information all in one place. The goal is advancing and improving administrative and compliance support for researchers.	Sept. 30, 2016	x		x			x	x
ORIS	Hoverboard - upgrade to IACUC 7.5, migrate first 100 protocols, transition to Hoverboard for all new submissions,			x	Implementation of an eIACUC solution (HoverBoard) for managing the functions of the Institutional Animal Care and Use Committee which includes animal use protocol review and approval, semi-annual site visits and annual regulatory agency updates.	Sept. 30, 2016	x	x	x	x		x	x
ORIS	Zipline - train, release and go live with 1 team and begin training for remaining HSD teams.	x	x	x	This project is the configuration and implementation of an electronic IRB system for the Human Subjects Division, which replaces their current paper-based system.	Sept. 30, 2016	x		x			x	
HSD	Zipline Implementation (continued)	x		x	the e-IRB system replacing the paper system	Continued	x	x			x	x	x
HSD	Implementation of completely new IRB form (continued)	x		x		Continued	x		x			x	x

OSP	Subawards in SAGE - Release 2	x	x	Partnered with ORIS for the second release of Subawards in SAGE, including increased opportunities for coordination with campus users within the SAGE system.	22-Sep					x	x
