

Work Study Job Description

Job Title	Laboratory Assistant
Department Name	Neurology
Job Location	HMC R&T Bldg
Pay Rate	\$10.10 - \$12.00
Employment Period	Summer, Academic Year
Hours Per Week	19 hrs/wk
Contact Supervisor	Lauren Tantalo
Phone Number	897-5405
Email Address	ltantalo@u.washington.edu
Website	
Box Number	359775

Nature of Organization

Our laboratory is currently conducting studies on the effectiveness of treatment for neurosyphilis in people who are and are not infected with HIV, and on the mechanisms by which syphilis invades the central nervous system.

Duties and Responsibilities

The laboratory assistant duties include general lab maintenance, preparation of reagents and macrophage culture, performing agarose gel electrophoresis, polymerase chain reactions, and serologic tests, and data analysis.

Minimum Qualifications

Course work in biology, chemistry, or microbiology.

Educational Benefits

Students will become proficient in a variety of lab procedures in the fields of microbiology, biochemistry and molecular biology. They will have the opportunity to work independently and perform an independent research project if they desire.

How to Apply

E-mail Lauren Tantalo (ltantalo@u.washington.edu). Please include a resume.
