

Work Study Job Description

Job Title	Student Laboratory Assistant
Department Name	UW Tacoma IAS/Environmental Sciences
Job Location	UW Tacoma
Pay Rate	\$10.00 - \$12.00
Employment Period	Summer, Academic Year
Hours Per Week	19 hrs/wk
Contact Supervisor	Lia Wetzstein
Phone Number	253-692-5657
Email Address	lwetzs@uw.edu
Website	
Box Number	358436

Nature of Organization

UW Tacoma Environmental Sciences

Duties and Responsibilities

Students will assist in setting up for and cleaning up after lab classes, cleaning glassware, preparing laboratory chemical solutions, cleaning and storing field equipment, and helping to monitor equipment use and availability. This may include field trip participation, assisting with sample collection and chemical analyses, helping with equipment inventory and maintenance and computer data entry.

Minimum Qualifications

Good people skills. Ability to work alone or with a team. Ability to follow directions and communicate effectively, both in writing and orally. Some previous biology or chemistry class laboratory experience is necessary. Computer literacy, especially MS Office package is a plus.

Educational Benefits

Students will learn new chemical, biological and field techniques, and will gain experience working as part of a dynamic environmental science team of faculty, staff and students in a new state-of-the-art science building.
