Phone Number	
Email Address	hedylee@uw.edu
Website	
Box Number	353340

Nature of Organization

Duties and Responsibilities

Professors Tyler McCormick, Hedy Lee, and Ali Shojaie and graduate research assistant Nina Cesare are seeking an undergraduate assistant to perform tasks that help facilitate research regarding social networks and the social determinants of health. The position is flexible, with an expected average commitment of 10-15 hours a week. Activities will include data analysis, generating statistical graphics, proofreading manuscripts, and compiling literature reviews. This is a great opportunity for anyone interested in getting firsthand experience in the research process and can greatly benefit anyone considering graduate studies or a career in the social sciences.

Minimum Qualifications

Coursework through intermediate level statistics and major level sociology, economics, or other social science related field (a sociology major or minor is NOT required). Must also have excellent writing skills and be proficient with STATA, SPSS or other statistical software.

Educational Benefits

This position will expose the student to research within a broad array of academic fields. It involves working with an interdisciplinary team consisting of faculty in sociology, statistics, and biostatistics. Related tasks will help the student learn cutting edge research techniques in the social determinants of health and statistical modeling of social networks. They will also provide valuable skills in statistical software programming and insight into the academic research process.

How to Apply

Please email Nina Cesare (ninac2@uw.edu) a CV/resume with relevant coursework included
