

# TIME SCHEDULE

AUTUMN QUARTER 1970

---

REVISED

---

IN-PERSON REGISTRATION BY APPOINTMENT  
AUGUST 31-SEPTEMBER 24

---

CLASSES BEGIN MONDAY, SEPTEMBER 28

---

FINAL EXAMINATIONS BEGIN THURSDAY, DECEMBER 10

---

QUARTER ENDS THURSDAY, DECEMBER 17

---

---

See **INDEX** on last pages

Detailed descriptions of the content of certain undergraduate courses, beyond the brief statement in the *General Catalog*, are available for reference as listed below:

*College of Arts and Sciences*

Advisory Office, B10 Padelford  
Suzzallo Library, Special Materials Reserve Desk

*School of Business Administration*

Advisory Office, 137 Mackenzie  
Business Administration Branch Library, 100 Balmer

*College of Education*

Advisory Office, 207 Miller  
Office of Graduate Information, 210A Miller

**AFTER YOU HAVE USED THIS TIME SCHEDULE,  
please leave it or pass it along so that other stu-  
dents may use it.**

UNIVERSITY OF WASHINGTON  
BULLETIN  
General Series No. 1085  
September 1970

Published monthly except March, Aug-  
ust, and November when published  
semimonthly at Seattle, Washington, by  
the University of Washington. Second-  
class postage paid at Seattle, Washing-  
ton 98105.

# Autumn Quarter 1970 Examination Schedule

The last day of instruction is Wednesday, December 9

HOUR class actually meets during quarter	Hour and day on which examination occurs, by days of class meeting in the week				
	Meeting four times a week, or daily	MWF; MT; MW; MF; WF; MWTh	TTh; ThS; TS; TThS; T; Th; TThF; MTTh	M; W; F; S; Meeting once a week	Day of Examination
7:30 a.m.	8:30-10:20*	8:30-10:20	10:30-12:20	12:30- 2:20	Thursday December 17
8:30 a.m.	8:30-10:20*	8:30-10:20	10:30-12:20	12:30- 2:20	Monday December 14
9:30 a.m.	8:30-10:20*	8:30-10:20	10:30-12:20	12:30- 2:20	Tuesday December 15
10:30 a.m.	8:30-10:20*	8:30-10:20	10:30-12:20	12:30- 2:20	Friday December 11
11:30 a.m.	2:30- 4:20*	2:30- 4:20	4:30- 6:20	6:30- 8:20	Tuesday December 15
12:30 p.m.	8:30-10:20*	8:30-10:20	10:30-12:20	12:30- 2:20	Wednesday December 16
1:30 p.m.	2:30- 4:20*	2:30- 4:20	4:30- 6:20	6:30- 8:20	Friday December 11
2:30 p.m.	2:30- 4:20*	2:30- 4:20	4:30- 6:20	6:30- 8:20	Monday December 14
3:30 p.m.	2:30- 4:20*	2:30- 4:20	4:30- 6:20	6:30- 8:20	Wednesday December 16
4:30 p.m.†	2:30- 4:20*	2:30- 4:20	4:30- 6:20	6:30- 8:20	Thursday December 10
EVENING CLASSES (5:30 or thereafter)	8-10 p.m. Wednesday December 16	8-10 p.m. Wednesday December 16	8-10 p.m. Thursday December 17	8-10 p.m. Tuesday December 15	
Make-ups Incomplete Removals Conflicts	When mutually agreeable to faculty and students concerned, provided scheduled <i>no later than</i> Thursday, December 17.				

Final examinations must be administered according to the above schedule.

Classes not assigned by the above schedules may use any time during the examination days which is mutually agreeable to faculty and students concerned, provided it is scheduled no later than Thursday, December 17, and no student has conflict with another examination.

Instructors of 5-credit courses, which do not occupy the same classroom five days a week, who wish to give a 3-hour examination must ascertain whether or not there is a 2- or 3-credit course occupying the classroom on other days of the week which will be holding an examination scheduled for the 10:30 hour. If that proves to be the case the instructor must arrange for another examination room by calling Room Assignments, Ext. 3-1080.

All students in undergraduate courses shall be required to take final examinations, provided that in a course for which an examination is not an appropriate test of the work covered, the instructor may dispense with the final examination.

The last meeting of the class shall be the examination period indicated in the above table.

Working students are responsible for arranging their work hours to enable them to attend the final examinations.

A student absent from a scheduled final examination,

either by permission of his dean or through sickness or other unavoidable cause, shall be given a grade of Incomplete if his work in that course has been satisfactory until the time of his absence. He may remove this Incomplete in the manner provided for the removing of Incomplete grades. In all other cases of absence from the scheduled final examination, a student shall be given a grade of EW.

\*Classes in which the entire class meets at the same hour every day may use 8:30-11:20 or 2:30-5:20 for the examination; but in 5-credit courses which meet Monday and Wednesday, or Monday, Wednesday, and Friday for lecture, with quizzes or laboratories at various hours, there may be students who have other classes meeting on Tuesday and Thursday at the same hours as the Monday and Wednesday, or Monday, Wednesday, and Friday lectures. In order not to penalize those students who will have an examination in the Tuesday and Thursday course from 10:30-12:20 or 4:30-6:20 the same day, and to insure equity, the examination must be terminated at the end of one hour and fifty minutes and all examination papers must be collected.

†Examinations for all 4:30 College of Education classes numbered 400 and above will be administered at 4:30 on the day of the final examination period on which the class is normally taught.

# AUTUMN QUARTER 1970 CALENDAR

## *Registration Period*

May 18–29	Advance Registration for all matriculated students in residence Spring Quarter 1970. Continuing matriculated students will be guaranteed a place for Autumn Quarter only if they complete Advance Registration.
June 15	Deadline for all new graduate students to submit applications for admission with complete credentials.
June 15	Deadline for all on-leave graduate students to submit applications for enrollment.
July 1	Deadline for all returning undergraduate matriculated students not registered Spring Quarter 1970 to apply for enrollment.*
July 1	Deadline for all new undergraduate students to submit applications for admission with complete credentials.
July 1	Deadline for all nonmatriculated students to submit applications for enrollment.
August 19–21	Change of registration period (by appointment only) for students who have completed Advance Registration.
August 31–September 24	In-Person Registration by appointment only.*
September 23	Last day for matriculated students to register for Autumn Quarter 1970. Note application deadlines above.
September 24	Nonmatriculated student registration by appointment only.*
September 28–October 2	Change of registration by appointment only.

\* Space is limited and there is no guarantee that an In-Person Registration appointment will be issued.

## *Academic Period*

September 28, Monday	Instruction begins
October 2, Friday	Last day to add a course or make a change involving pass/fail registration
October 30, Friday	Applications for bachelor's degrees and certificates to be conferred through Summer Quarter 1971 due at the Registrar's Office
November 11, Wednesday	State Admission Day holiday
November 13, Friday	Last day to submit applications for credit by examination
November 26 and 27	Thanksgiving Recess
December 5, Saturday	Credit examinations
December 9, Wednesday	Last day of instruction
December 10, Thursday	Final examinations begin
December 17, Thursday	Quarter ends

This calendar is provided as a guideline only and is subject to change without notice. Questions about the calendar should be referred to the Registrar's Office, 543-5377.

## GENERAL REGISTRATION DIRECTIONS

See each quarter's registration poster for exact dates and deadlines.

It is the University's expectation that a student will follow University rules and regulations as they are stated in the *General Catalog*. In instances where no appeal procedure is spelled out and the student is persuaded that a special set of circumstances makes appeal reasonable, he may appeal the application of specific rules or regulations to the Office of the Dean of the school or college in which he is enrolled in the case of an academic matter, or to the Office of Student Affairs in the case of a nonacademic matter. These offices will either render a decision on the appeal or refer the student to the proper office for a decision.

1. All matriculated students currently in school who plan to register for the following quarter must register by Advance Registration and pay fees by the deadline stated on their fee cards. Registration will be cancelled if fees are not paid on time.
2. All nonmatriculated students currently in school who plan to register for the following quarter must request an appointment and register in person. Appointments will be issued on a space-available basis.

All former matriculated and nonmatriculated students not currently registered must make application as soon as possible since space is limited. (For information call 543-5920.)

All new entering students should file application for admission and credentials with the Director of Admissions as soon as possible. Space is limited and in-person registration appointments will be issued on a space-available basis.
3. It is your responsibility to plan and select the required courses for your degree objective. Check your *General Catalog* for degree requirements.
4. Note the following University requirements.
  - a. The Selective Service requires full-time registration to maintain student status.
  - b. Students registering for more than 13 credits must select an afternoon class meeting at 12:30 or after, if one is available. Only a daily class or two 2-hour laboratories, except lower-division ROTC and Physical Education Activity, will satisfy this afternoon class requirement. Waiver of the afternoon class requirement must be approved by your dean or his authorized representative.
  - c. Immigration students with undergraduate status must register for a minimum of 12 credits per quarter; with graduate status, 8 credits.
  - d. Veterans: Minimum full-time load exclusive of lower-division ROTC and Physical Education activity:

P.L. 815 and 894 (Disabled Veterans), 15 credits. Veterans under P.L. 815 or 894 must have their Official Programs approved by their training officer each quarter.

P.L. 358 (Veterans Act of 1966), 14 credits.

P.L. 634 (Children of Deceased and Totally Disabled Veterans), 14 credits. Minimum requirement to use P.L. 634, 7 credits.

Graduate and Summer Quarter students should consult with the Office of Veteran Affairs regarding minimum credits to be a full-time student.
  - e. New students and students returning after an absence of one calendar year are required to submit results of a medical examination by a private physician on the University's Health History and Medical Examination form prior to initial registration.
5. Obtain an Official Program from your adviser's office.
6. Print with a **BLACK LEAD PENCIL** on your Official Program.
  - a. Fill in all personal information, including your Permanent Student Number.
  - b. Enter courses, credits, and sections in the space provided. *Do not enter hours*. If you have work, transportation, or other activities that will affect the arrangement of your schedule, note them in the area provided.
  - c. Print an "R" before *required* courses, an "E" before *elective* courses, and a P/F for courses taken by Pass/Fail, in the column provided.
  - d. Check to be certain that you have the prerequisites, as indicated in the *General Catalog*, for the courses you select.
  - e. List *alternate courses* which can be substituted in case courses on your original schedule are closed. Indicate whether these alternates are required or elective. The listing of alternate courses may prevent a change of registration.
  - f. Obtain course permission signatures where indicated in this time schedule. If you are registering for a course out-of-quarter, obtain the required permission form at your advisory office.
  - g. If you have a known conflict of hours, obtain written permission for the conflict from the departments concerned. Authorization signatures must appear in the course permission area of the Official Program.
  - h. Take your Official Program to your adviser for his signature, if required.
  - i. All courses offered within the College of Arts and Sciences which have an Honors designation (excluding English 101H and 103H) require an ASPH permission stamp.
7. a. Take your Official Program to the second floor, Schmitz Hall, or to the lobby of the Health Sciences Building. (Engineering students go to 353 Loew Hall.)
  - b. Follow posted instructions:
  - c. In Advance Registration, programs are accepted by class, with graduates and seniors first; then juniors, sophomores, and freshmen. Every effort is made to comply with your requests. If a course is closed an approved alternate course will be substituted.
  - d. You will be mailed a fee card, a copy of your scheduled Official Program with additional registration instructions, and two Information Cards. *Read the enclosed instructions CAREFULLY.*

### ADVANCE REGISTRATION ONLY

- e. Mail your fee card, fee payment, and your two Information Cards to the Cashier in the envelope provided, before the due date indicated. *Return your fee card and your Information Cards, without exception, even though no cash payment may be required.*
- f. If the above items are received by the date specified on your fee card, your registration will be complete.

If you find a conflict in hours or an error in credits, *pay your fees by the due date anyway.* Report to Sections at your earliest convenience for an adjustment of your schedule. You need not wait for the Change of Program period.

#### IN-PERSON REGISTRATION ONLY

8. On the day and time of your appointment:
  - a. Present your approved Official Program and your appointment card at the Registration Office, second floor, Schmitz Hall, (Engineering students go to 353 Loew Hall) to obtain a Registration Packet.
  - b. Take the Registration Packet and your Official Program to Sections, 105 Schmitz Hall (Engineering students remain in 353 Loew Hall).
  - c. As soon as you are scheduled and receive a copy of your Official Program, report to the Cashier's Office, Schmitz Hall, and pay your fees.

#### CHANGE OF PROGRAM

##### Drop or Add

1. Obtain a Change of Program card at your advisory office and have it approved by your adviser, if required. Obtain permission signatures, where indicated in this *Time Schedule*, for any courses that you plan to enter. All changes involving Freshman English Composition must be authorized in writing by the Freshman English Department, Padelford Hall. All changes in undergraduate chemistry courses must be cleared at 139 Bagley Hall.
2. Present the Change of Program card at the Registration Office, second floor, Schmitz Hall, where you will be given an appointment for Sections.

#### WITHDRAWAL FROM THE UNIVERSITY

1. Obtain a withdrawal form from your advisory office, and have it approved by your adviser.
2. Present the withdrawal form at the Information Window, lobby, Schmitz Hall. Withdrawal is not official until the form is presented to the Registrar's Office.

#### WARNING:

All Autumn, Winter, and Spring Quarter fees (except those indicated as not subject to refund) will be refunded less an enrollment service charge of \$50.00 if complete withdrawal is made prior to the sixth day of instruction; one-half of said fees less a \$25.00 enrollment service charge will be refunded if withdrawal is made during the first thirty calendar days, except for Air Force or Army ROTC uniform deposits.

Students withdrawing under discipline forfeit all rights to the return of any portion of the fees.

#### GUIDE

The name of the department appears only as a heading before the list of departmental course offerings. Course and section information is listed in the following columnar order:

Course number—listed with lecture section only

Section designation

Section type—laboratory, quiz, or conference

Credits—listed with lecture section only

Day of meeting

Time of meeting and instructor of class

Place of meeting

Slash (/) means *or*

Hyphen (-) means *to*

\*indicates "to be arranged"

2.5 credits means 2½ credits

H suffix means Honors Section

P/F only means course offered for pass or fail credit only

## COURSE CHANGES

The following pages describe:

1. **NEW COURSES.** These courses have been added to the University curriculum since press time of the 1970-72 *General Catalog*; therefore, they are not described in the catalog. **THEY ARE NOT NECESSARILY BEING OFFERED IN THE QUARTER COVERED BY THIS TIME SCHEDULE.**

2. **CHANGES IN COURSE NUMBER (CHG).** Descriptions of these courses are found in the 1970-72 *General Catalog* under the former number which is indicated here. Use the *new* course number on your Official Program. Courses listed here are those formally approved through June 4, 1970.

3. The number 800 has been approved for DOCTORAL DISSERTATION in the following areas designated by these prefixes:

A A, ANTH, ART H, ASIAN, ASTR, ATM S, BIOC, B STR, BMATH, BOT, B A, CER E, CH E, CHEM, CIVE, CLASS, CMU, C LIT, C PHY, C SCI, D ART, ECON, EDUC, E E, ENGL, FISH, FOR R, GENET, GEOG, GEOL, GPHYS, GERM, HST, LAW, LING, MATH, M E, MICRO, MET E, MUSIC, NUC E, OCEAN, PATH, PHCOL, PHARM, PHIL, PHYS, P BIO, P PSY, POL S, P MED, PSYCH, ROMAN, SCND, SLAVC, SOC, SPCH, URB P, ZOO

### COLLEGE OF ARCHITECTURE AND URBAN PLANNING

#### ARCHITECTURE

NEW

##### 250 American Architecture and Urban Environments (2)

A study of American architecture and urban environments from circa 1650 to the present, relating historical to current problems. Prerequisite, 151 for nonmajors.

NEW

##### 590 Graduate Seminar on the School Site (3)

Small group discussion of factors affecting the common school site, the community college site, and siting of college and university buildings. Survey of needs, locations, acquisition, and development criteria. Prerequisites, graduate standing and permission.

NEW

##### 591 Graduate Seminar in Educational Facility Programming (3)

Small group discussion of the educational facility programming process. Introduction of theory and practice relevant to preparation of educational facility requirements (educational specifications). Prerequisites, 599, graduate standing, and permission.

### BUILDING CONSTRUCTION

NEW

##### 330 Building Methods and Materials I (2)

An introduction to building materials and methods, with detailed emphasis on the properties, products, and the uses of building materials.

NEW

##### 331 Building Methods and Materials II (2)

An introduction to building methods and materials, with emphasis on methods of assembly of buildings in detailed analysis.

### LANDSCAPE ARCHITECTURE

NEW

##### 242 Design Basics (6)

Intensive study in the analysis of, approach to, solution of, and presentations of, basic landscape architectural problems. Prerequisites, Architecture 401, 406, 411 (formerly 225) and/or permission.

### URBAN PLANNING

NEW

##### 431 Quantitative Analytical Models and Methods (3)

A survey of probabilistic and mathematical models and other techniques of operations research relevant to planning. Emphasis will be

placed upon linear and dynamic programming, critical path methods, queuing models, networks, and the Bayesian approach to decision making under uncertainty. Stress will be placed under the underlying model and implications for planning rather than on mathematical detail. Prerequisite, 430 or permission.

NEW

##### 800 Doctoral Dissertation (\*)

### COLLEGE OF ARTS AND SCIENCES

#### ANTHROPOLOGY

*Specific areas in anthropology are designated by area letters. These letters must precede course numbers on the students Official Program. Designation letters and their definitions are:*

ANTH—Anthropology

ARCHY—Archaeology

PHY A—Physical Anthropology

#### ANTHROPOLOGY

NEW

ANTH

##### 284 Social Biology of the North American Indian (3)

The peopling of the aboriginal New World, population at time of discovery, and subsequent changes. Past histories as seen through skeletal remains, and analysis of morphological and genetic variation in living North American Indians. Race mixture. Effects of cultural, dietary, and disease factors in their physical and clinical status. Prerequisite, sophomore standing.

NEW

ANTH

##### 285 Social Biology of Middle and South American Indians (3)

Synthesis of archaeological, historical, cultural, and biological data in delineating the clusters of extant populations of living Indians. Intensive review of nutritional and clinical studies in Guatemalan and Peruvian Indians. Current genetic data on largely intact Indian populations. Prerequisite, 284 or permission.

NEW

ANTH

##### 486, 487, 488 Practicum in African Languages (3,3,3)

An introduction to specific African languages with an emphasis on teaching skills which can be acquired in a language laboratory setting. One language only will be taught each

time the course sequence is offered. Hausa will be offered in 1970-71. Other languages are Yoruba, Twi, Duala, and others. Students will be encouraged to converse with each other using skills learned via tapes and explanations supplied by the instructor. Prerequisites, 486 for 487; 487 for 488.

NEW

ANTH

##### 800 Doctoral Dissertation (\*)

### PHYSICAL ANTHROPOLOGY

NEW

PHY A

##### 584 Topics in Ecology and Adaptation (3, max. 9)

Seminar dealing with various aspects of ecology and adaptation. Topics to change from quarter to quarter. Prerequisite, 483 or permission.

### ART

*Specific areas in Art are designated by area letters. These letters must precede course numbers on the student's Official Program. Designation letters and their definitions are:*

ART—Art

ART H—Art History

ART

NEW

ART

##### 103 Drawing and Design (6, max. 18)

Drawing and design offered in a coordinated program to provide a fundamental background for further art study. Prerequisite, permission.

NEW

ART

##### 206 Graphic Design (3)

Basic problems in visual design. Prerequisite, 205.

NEW

ART

##### 325, 326, 327 Advanced Drawing (3,3,3)

Study on the advanced level involving the history, practice, and theory of drawing as an art form. Prerequisites, 267 for 325; 325 for 326; 326 for 327.

NEW

ART

##### 411 Graphic Design (3)

Advanced photography for the graphic designer. Extension of basic introductory photography with increased emphasis on creative techniques and concept visualization. Prerequisites, 313, 314 and Graphic Design major.

## ART HISTORY

NEW

### ART H

#### 306 Survey of Renaissance Art (5)

Sculpture, painting, and architecture in Europe from 1300–1600 with main emphasis on Italy.

NEW

### ART H

#### 340 Pre-Classical Art and Archaeology (3)

Survey of the art and other material remains of the civilizations in the Aegean from the Neolithic to the end of the Bronze Age, with special emphasis on Minoan Crete and the Mycenaean kingdoms of Mainland Greece, illustrated by slides. The history, techniques, and results of significant excavations will be examined. Offered jointly with Classical Archaeology as CL AR 340.

NEW

### ART H

#### 439 Selected Studies in African Art and Music (3)

An interdisciplinary seminar on specific problems related to the study of art and music in Africa. Prerequisite, Music 427 or Art History 436 or 437.

NEW

### ART H

#### 465 Renaissance Architecture and Architectural Theory (3, max. 9)

Architecture in Italy (1400–1600) from Brunelleschi to Palladio, with an emphasis on the development of Renaissance architectural theory from Alberti to Palladio and Vignola. Prerequisites, Art History 202 or 306, or Architecture 350 and 351.

NEW

### ART H

#### 582 Studies in American Literature and Art (5, max. 10)

Aesthetic relations among the literary and visual arts in America: problems of common historical foundations, stylistic and iconographic analysis, and relations to cultural context. Offered jointly with English 582. Prerequisites, graduate standing and permission.

NEW

### ART H

#### 800 Doctoral Dissertation (\*)

## ASIAN LANGUAGES AND LITERATURE

NEW

#### 800 Doctoral Dissertation (\*)

## CHINESE

NEW

#### 111, 112, 113 First-Year Chinese (5,5,5)

Introduction to Kuō-yü (the national language) by an oral-lingual approach, emphasizing pronunciation, elementary conversation, and basic sentence patterns. Active usage of a minimum of 600 characters will be expected of the students.

NEW

#### 315 Selections of Modern Essays (5)

Primarily intended for Chinese language and literature majors. Prerequisite, 213 or 223 or equivalent.

NEW

#### 316 Selections of Modern Short Stories (5)

Primarily intended for Chinese language and literature majors. Prerequisite, 315 or equivalent.

NEW

#### 317 Selections of Pre-Modern Novels (5)

Primarily intended for Chinese language and literature majors. Prerequisite, 316 or equivalent.

NEW

#### 352 Classical Chinese Literature in English (5)

A general survey of classical Chinese literature

based on available sources in English. Knowledge of Chinese language not required. Offered alternate years; offered Winter 1971.

NEW

#### 454 Accelerated Classical Chinese (10)

Introduction to classical Chinese language based mostly on pre-Han texts, with special attention to grammatical analysis. Prerequisite, 313.

NEW

#### 472 Modern Chinese Poetry (3)

A survey of Chinese poetry in classical Chinese and the vernacular since the late nineteenth century. Prerequisite, adequate language preparation. (Offered alternate years; offered Winter 1971.)

NEW

#### 500 Chinese for Field Work (5)

Designed to prepare the advanced graduate student for oral communication at a sophisticated academic level with Chinese professors and others with whom the student will be in frequent contact while studying and doing research in Taiwan or other overseas Mandarin-speaking communities. Prerequisite, three years of Chinese.

CHG

#### 580 Replaces 481

NEW

#### 582 Seminar in Chinese Literary Techniques (3)

An investigation of euphonic and rhythmical features of the Chinese poetic phrase, of the problems of parallelism, and other structural features of traditional Chinese poetry. Prerequisite, 453 or equivalent. (Offered alternate years; offered Winter 1972.)

## HINDI-URDU

NEW

#### 600 Independent Study or Research (\*)

## INDIC

CHG

#### 583 Replaces Indian (INDN) 321

## JAPANESE

NEW

#### 404 Reading of Newspapers and Journals (5)

Readings and discussions on contemporary topics selected from newspapers and journals from Japan. Prerequisites, 313, 333, or their equivalents.

## TAMIL

NEW

#### 501, 502, 503 Studies in Tamil Literature (3,3,3)

An introduction to Tamil literature beginning with Sangam poetry and culminating in modern post-independence fiction. Prerequisites, 411, 412, 413.

NEW

#### 600 Independent Study or Research (\*)

Independent readings of various historical and literary sources ranging from the Sangam period to the modern novel. Prerequisites, 411, 412, 413, or equivalent.

## TURKIC

NEW

#### 401, 402, 403 Intermediate Uzbek (3,3,3)

Continuation of 301, 302, 303; oral work, grammar, and readings in Uzbek literature on the advanced level. Prerequisites, 301, 302, 303, or permission.

NEW

#### 561, 562 Middle Turkic (3,3)

Introduction to the phonology, morphology, and syntax of the Middle Turkic languages; reading and translation of texts in Karakhanid (eleventh to twelfth centuries), Khorazmian Turkic (thirteenth to fourteenth centuries), Kipchak (thirteenth to fourteenth centuries), and Chagatai (fifteenth to sixteenth centuries).

Offered every third year; offered Autumn 1970 and Winter 1971. Prerequisites, 301, 302, 303 or 542, 543 or 546, 547.

## ASTRONOMY

NEW

#### 800 Doctoral Dissertation (\*)

## ATMOSPHERIC SCIENCES

NEW

#### 800 Doctoral Dissertation (\*)

## BIOLOGY

NEW

#### 100 Introductory Biology (5)

Introduction to biological principles, concepts, and data; application of biological knowledge to broader human problems.

NEW

#### 591 Problems in Biological Instruction (1)

A seminar to examine and evaluate problems of biological instruction, such as teaching technique and course and curricula planning.

## BOTANY

CHG

#### 220 Replaces 112

NEW

#### 800 Doctoral Dissertation (\*)

## CHEMISTRY

NEW

#### 800 Doctoral Dissertation (\*)

## CLASSICS

NEW

#### 800 Doctoral Dissertation (\*)

## CLASSICAL ARCHAEOLOGY

NEW

#### 340 Pre-Classical Art and Archaeology (3)

Survey of the art and other material remains of civilizations in the Aegean from the Neolithic to the end of the Bronze Age, with special emphasis on Minoan Crete and the Mycenaean kingdoms of Mainland Greece, illustrated by slides. The history, techniques, and results of significant excavations will be examined. Offered jointly with Art History as ART H 340.

## COMMUNICATIONS

NEW

#### 447 Communication and Consumer Behavior (5)

An examination of behavioral science contributions to the understanding of consumer communication and purchasing behaviors; contributions from psychology, sociology, and anthropology; emphasis is on the application of findings to the preparation and placement of the advertising message. Prerequisite, 200 or equivalent.

NEW

#### 800 Doctoral Dissertation (\*)

## COMPARATIVE LITERATURE

NEW

#### 572 Studies in Narrative (3-5, max. 15)

Narrative styles and developments from renaissance period to the present. Course will change; consult department each quarter for specifics. Prerequisites, English and either Italian, French, or German.

NEW

#### 800 Doctoral Dissertation (\*)

## ECONOMICS

NEW

#### 406 Seminar in Economics (5)

The seminar provides the student an opportunity to apply the tools of economic analysis in a critical examination of theoretical and empirical work. A list of topics for the seminars is available in the office of the De-

partment of Economics. Class size limited, preference to junior and sophomore majors. Prerequisites, Economics and permission.

NEW

**520 The Economics of Property Rights (5)**

The application of standard economic theory to analyze various forms of property rights as constraints of competition; the costs associated with delineation and enforcements of rights; the costs of negotiating and enforcing contracts for right transfers; resource allocation and income distribution implied by different property right and transaction cost constraints.

NEW

**800 Doctoral Dissertation (\*)**

**ENGLISH**

NEW

**104-105 Introductory English (5-5)**

Emphasis upon writing and analysis of reading selections.

NEW

**111 Writing About Literature (5)**

Interpretive and critical writing based upon selected works in fiction, drama, and poetry. Prerequisite, qualifying score on the Washington Pre-college Test.

NEW

**121 Issues, Topics, and Modes (5)**

Argumentative and persuasive discourse based upon reading drawn from a variety of sources—ancient and modern, informative and imaginative literature—arranged by themes of contemporary interest, to be announced in advance. Prerequisite, qualifying score on the Washington Pre-college Test.

NEW

**171, 172 College Writing (3,3)**

Devoted exclusively to the development of writing skills. Students will be encouraged to develop their own resources and acquire new techniques for more meaningful and effective expression. Related readings in expository prose. Prerequisites, qualifying score on the Washington Pre-college Test for 171; 171 for 172.

NEW

**251 Introduction to World Literature (5)**

Reading and critical discussion of great works in world literature.

NEW

**301 Topics in English Literature (5)**

Relates selected major works of English literature to the landscape and activities of London and England. Specific focus will vary from year to year depending on choice of the instructor and what is currently available in England. Possible topics: Shakespeare's theater and Elizabethan England, the London of Pope and Johnson, the poets of the Lake District, the literature and landscape of the nineteenth-century novel. The subject for each spring quarter will be announced before students must complete their registration. Prerequisite, upper-division standing or permission.

NEW

**304 Introduction to Scientific and Technical Communication for Foreign Students (4)**

A course in scientific and technical writing and reading for foreign students well grounded in oral English. Concentration on (1) application of rhetorical concepts most frequently used in scientific and technical writing; (2) grammatical analysis in areas traditionally difficult for foreign students; and (3) grammatical-rhetorical analysis of scientific and technical discourse. Offered jointly with Humanistic-Social Studies as HSS 304. Prerequisite, ENGL or HSS 305, or permission.

NEW

**305 Scientific and Technical Report Writing for Foreign Students (4)**

Application of the problem-solving approach to scientific and technical writing. Concentra-

tion on (1) undergraduate laboratory reports; (2) advanced grammatical analysis in areas traditionally difficult for foreign students; and (3) advanced grammatical-rhetorical analysis of scientific and technical discourse. Offered jointly with Humanistic-Social Studies as HSS 305. Prerequisite, ENGL or HSS 304, or permission.

NEW

**438 Modern Jewish Literature in Translation (5)**

Various ways in which Jewish experience has impinged on individual writers. Authors likely to be included are: Sholom Aleichem, Hayyim Bialik, I. L. Peretz, Franz Kafka, Isaac Bashevis Singer, S. Y. Agnon, Elie Wiesel. Prerequisite, upper-division standing or permission.

NEW

**800 Doctoral Dissertation (\*)**

**FAR EASTERN AND RUSSIAN INSTITUTE**

NEW

**211 History of East Asian Civilization (5)**

Intensive survey of the origins and development of Chinese civilization and its adoption to the tenth century in Japan and Korea. Offered jointly with History of Asia as HSTAS 211.

NEW

**212 History of East Asian Civilization (5)**

Intensive survey of historical developments in China, Japan, and Korea from the tenth to the nineteenth centuries. Topics include the origin and development of feudalism in Japan, the transition to a bureaucratic Confucian state in Korea, and the rise of Neo-Confucianism and autocracy in China. Offered jointly with History of Asia as HSTAS 212. Prerequisite, HSTAS 211 or FAR E 211, or permission.

NEW

**213 History of East Asian Civilization (5)**

Intensive survey of historical developments in modern Japan, China, and Korea. Special attention given to impact of Western civilization and to contrasting dynamics of modernization in these countries. Offered jointly with History of Asia as HSTAS 213. Prerequisite, HSTAS 212 or FAR E 212, or permission.

NEW

**329 Russia and the Mediterranean, from Peter the Great to 1870 (5)**

Russia's southward expansion. Russia and the Ottoman Empire in the eighteenth century. The Eastern question in the first half of the nineteenth century.

NEW

**330 Russia and the Mediterranean, 1871-1936 (5)**

Russia's relations with the Mediterranean powers in the "Era of Imperialism," the problem of the Straits, change and continuity in Soviet policy toward the region.

NEW

**403 Marxism in Modern Intellectual History (5)**

Deals with developments in Marxist thought since 1917, with emphasis on neo-Marxist theory in Europe. Prerequisite, permission.

NEW

**408 Revolutionary Movements in Eastern Europe (3)**

Historical analysis of ideological and social character of revolutionary movements, chiefly nationalist and communist, in Eastern Europe from 1848 to World War II.

NEW

**417, 418, 419 Communist States of North-Central Europe (5,5,5)**

Contemporary history (since 1945) of the countries of North-Central Europe: Poland, Czechoslovakia, East Germany. Emphasizes comparative developments in Russian coun-

tries in relation to the whole of the Soviet orbit. Prerequisite, East European history or politics, or permission.

NEW

**486 Maharashtra in Indian History (5)**

A regional approach to medieval and modern Indian history through examination of the history of Maharashtra in Western India. The rise of the Marathas; British rule; political and economic modernization; religious and social life; problems of contemporary society will be examined. Offered jointly with History of Asia as HSTAS 405. Prerequisite, HSTAS 403 or permission.

NEW

**503 Research Seminar: Eastern Europe (3, max. 6)**

Selected topics of regional geographical systems with emphasis on social, economic, and political organizations. Offered jointly with Geography 503.

NEW

**515 Chinese Materials on Modern History (3-6)**

Modern history as written by the Chinese. Includes discussion of reference materials and research aids as well as problems of historical interpretation. Differences between Communist and non-Communist historians will be discussed. Prerequisite, permission of instructor. Offered jointly with History of Asia as HSTAS 559.

**GENERAL AND INTERDISCIPLINARY STUDIES (abbreviation GIS)**

*Detailed course descriptions and other pertinent information for the following courses may be obtained from the office of the Division of General and Interdisciplinary Studies, C18 Padelford Hall.*

CHG

**General and Interdisciplinary Studies (GIS) 100 through 499 replace Arts and Sciences (A&S) 101, 102, 103, 104, 105, 106, 401, 402, 403, 404, 405, 406**

NEW

**101 The Challenge of Man (1)**

For freshmen only.

NEW

**102 Mexican-American History and Culture (5)**

NEW

**106 Introduction to the Physical Sciences (5)**

This course is the first of a sequence of three courses. Students should not register unless they intend to follow the entire sequence.

NEW

**201 Contemporary Intellectual Issues (3)**

Seminar for sophomore students in the Honors program.

NEW

**209 Human Potential Laboratory (3-5)**

Offering 3 credits Autumn Quarter.

NEW

**210 Social Policies in the Changing American City (3-5)**

Offering 3 credits Autumn Quarter.

NEW

**241 Architectural History of London (5)**

Study Abroad program.

NEW

**300 Twentieth-Century Thought as Seen Through the Novel (5)**

NEW

**301 Environmental Forum (3)**

For sophomores, juniors, and seniors.

NEW

**302 Environment and Community (5)**

Open only to students participating in the Environmental Community in Lander Hall.

NEW

**305 Social and Psychological Studies of Asian-American Culture (5)**

NEW

**310 Self, Symbol, and Society (3)**

Offered with HSS 310.

NEW

**361 University Governance (5)**

For a selected group of students, who have already been invited to take part; not open to others.

NEW

**370 Archetypes of Romanticism in American Cinema (3)**

An exploration of themes, motifs, and stylistic obsessions in some definitive American motion pictures.

NEW

**405 Man and the Pollution of the Environment (3)**

NEW

**407 Women 101 (3)**

Investigates the stereotypes of American women, and the history, psychology, and opportunities for American women.

NEW

**420 Technology in Contemporary Western Culture (3)**

Offered with HSS 420.

NEW

**425 Introduction to Urban Transportation (3)**

Offered with Civil Engineering (CETC) and Urban Planning. For juniors and seniors.

NEW

**431 Human Rights and the Government Process (3)**

NEW

**451 The Relevance of Literature (5)**

Taught only on a pass/fail basis.

NEW

**456 Design with Computers (3)**

Research project to develop a computer program to design houses.

NEW

**460 World War II and Europe (3-5)**

Offers 5 credits Autumn Quarter.

NEW

**466 Air Pollution Control (3)**

Offered with Civil Engineering (CEWA) 466. Prerequisite, junior standing.

NEW

**480 Science Fiction and Fantasy (3)**

Offered with HSS 480.

NEW

**481 Synthesizing: Self, Society, and Cosmos (3-5)**

Offered with Sociology 481. Offering 3 credits Autumn Quarter.

## GENERAL STUDIES

NEW

**250 Project-Oriented Study (1-5, max. 10)**

On- or off-campus study. Supervised by a faculty member, this study will involve work-study arrangements, apprenticeship, internship, etc., approved as appropriate for Arts and Sciences credit by the Division of General and Interdisciplinary Studies. A maximum of 15 credits in project-oriented studies (General Studies 250 and 350) may be counted

toward a degree in the College of Arts and Sciences.

NEW

**350 Project-Oriented Study (1-5, max. 15)**

On- or off-campus study. Supervised by a faculty member, this study will involve work-study arrangements, apprenticeship, internship, etc., approved as appropriate for Arts and Sciences credit by the Division of General and Interdisciplinary Studies. A maximum of 15 credits in project-oriented studies (General Studies 250 and 350) may be counted toward a degree in the College of Arts and Sciences.

CHG

**455, 456 Replace 455-456**

## GENETICS

NEW

**800 Doctoral Dissertation (\*)**

## GEOGRAPHY

NEW

**287 The Structure of Political Regions (5)**

Spatial organization of political activity; a survey of contemporary political regions, both state and nonstate, with special emphasis on political organization of Puget Sound Lowland.

NEW

**800 Doctoral Dissertation (\*)**

## GEOLOGICAL SCIENCES

NEW

**201 Introduction to Field Geology (5)**

Introduction to methods of geologic field study. To be taught from an off-campus field camp during September. Prerequisite, major in Geological Sciences or Geological Oceanography, or permission.

NEW

**211 Surface Processes and Environments (3)**

The dynamic role of physical geologic processes operating at the earth's surface in the development of surface features and environments. Climatic control of processes and the effects of climatic variations on landscape evolution. Human effects and environmental management.

CHG

**220 Replaces 320**

CHG

**221 Replaces 321**

NEW

**241 The Earth's Interior (3)**

Introduction to geophysics of the solid earth, including thermal processes, seismology, and earth structure, the earth's gravity and magnetism, tectonics, and the origin and chronological development of the earth.

NEW

**261 Surface Deposits and Fossils (5)**

Basic concepts of stratigraphy and paleontology, and the interpretation of geologic history.

NEW

**426 Sedimentary Petrology and Petrography (5)**

Occurrence, characteristics, and origin of sedimentary rocks, with emphasis on chemical and physical processes of formation. Petrographic analysis in laboratory. Prerequisites, 220 and 423.

CHG

**430 Replaces 330**

CHG

**462 Replaces 362**

NEW

**471 Rock and Mineral Analysis (5)**

A survey of analytical methods employed in

geochemistry. Emphasizes the theoretical basis for various techniques and their limitations. Includes laboratory. Prerequisites, 220 and 221, and Chemistry 160.

NEW

**488 Economic Geology Field Trip (1)**

Four- to five-day trip to neighboring mining regions for field inspection of ore deposits. Prerequisite, 487, which may be taken concurrently, or permission.

NEW

**518 Advanced Problems in Periglacial Processes (3)**

An in-depth examination of various cold-climate geomorphic processes and their results, especially those related to frost action. Prerequisite, 418 or permission of instructor.

NEW

**525 Theoretical Metamorphic Petrology (4)**

Theoretical treatment of metamorphic mineral assemblages and metamorphic processes. Prerequisites, 425 and Chemistry 456, or equivalents.

NEW

**576 Geochronometry (3)**

Principles and methods used in dating rocks and organic materials.

NEW

**800 Doctoral Dissertation (\*)**

## GEOPHYSICS

NEW

**800 Doctoral Dissertation (\*)**

## GERMANIC LANGUAGES AND LITERATURE

NEW

**307 Third-Year Composition (5)**

Not open for credit to those who have had 301, 302, 303.

NEW

**343 The Theme of the Death of God in German Thought and Literature (3)**

A course devoted to the discussion of the great controversies about the traditional concept of God, pantheism, atheism, and nihilism which have marked German thought and literature since the late eighteenth and throughout the nineteenth centuries.

NEW

**344 Hermann Hesse and the Crisis of Human Individuality (3)**

Offers an in-depth study of the major novels of Hermann Hesse. Hesse's works will be discussed within the framework of the European Intellectual tradition and with regard to their present popularity in the United States. The crisis of human individuality in a technological world will be the major philosophical focus of the course.

NEW

**540 The Development of German Poetry from late Nineteenth Century to Present (3)**

Development of German poetry from Rilke, Hofmannsthal, and George, through Trakl, Benn, the Expressionists and Dadists, Brecht, and Enzensberger, to such contemporaries as Eich, Heißeubittel, the concrete poets, Celan and Bachmann. Prerequisite, graduate standing.

NEW

**572 Seminar in Heine (3)**

A comprehensive study of the literary importance and philosophical, political, and social thought of Heinrich Heine, with emphasis on his prose works. Prerequisites, graduate standing or special permission.

NEW

**800 Doctoral Dissertation (\*)**

## HISTORY

*Specific areas in History are designated by area letters. These letters must precede course numbers on the student's Official Program. Designation letters and their definitions are:*

**HST**—History (General)  
**HSTAA**—History of the Americas  
**HSTAM**—Ancient and Medieval History (including Byzantine)  
**HSTAS**—Asian History  
**HSTEU**—Modern European History

### GENERAL HISTORY

NEW

**HST**

#### 215 The History of the Atomic Bomb (3)

History of the atomic bomb from the beginning of nuclear physics to the security hearing of J. Robert Oppenheimer. Course will include a study of scientific achievements that made the bomb possible, the organization of a community of scientists in the United States, the history of the Manhattan Project, the decision to deploy the bomb, the moral misgivings of the scientists involved, the problem of espionage and security, ending with the security hearing of Oppenheimer. In addition to readings, in the voluminous literature on the subject, the course will include documentary films and discussions with faculty members who were actively engaged in the research of the Manhattan Project.

NEW

**HST**

#### 469 Introduction to Modern Jewish History (5)

Selected problems in modern Jewish history, 1789-1948.

NEW

**HST**

#### 495 Teaching of Afro-American History in High School and College (3)

Exploration of the challenge, the principles, the present opportunities, and the unresolved issues involved in the introduction of Afro-American history into current high school and college curricula. Designed for present and future teachers of American history.

NEW

**HST**

#### 598 Methods of Historical Research (5)

Practical instruction in the scholarly techniques employed in historical research. A professional level of competence will be inculcated through written exercises involving the actual searching out of historical sources, the critical evaluation of documents, the utilization of historical evidence in writing papers and theses, and the proper forms of documentation. Field trips to various archival establishments will supplement lectures and written exercises.

NEW

**HST**

#### 800 Doctoral Dissertation (\*)

## HISTORY OF THE AMERICAS

NEW

**HSTAA**

#### 521-522 American History: Writings and Interpretations (4-6)-(4-6)

Study, discussion, and critical assessment of the principal writings and interpretations concerning the political, diplomatic, and social history of the United States from the 1770's to the present. Course will stress long-range developments and interpretations as well as specific periods and the works of specific historians. Prerequisite, permission of instructor.

## ANCIENT AND MEDIEVAL HISTORY

NEW

**HSTAM**

#### 512-513 Seminar in Ancient History (3-6)-(3-6)

Detailed study of special topics in ancient history. Prerequisite, permission of instructor.

## HISTORY OF ASIA

NEW

**HSTAS**

#### 211 History of East Asian Civilization (5)

Intensive survey of the origins and development of Chinese civilization to the tenth century, and its adoption in Japan and Korea. Offered jointly with the Far Eastern and Russian Institute as Far Eastern 211.

NEW

**HSTAS**

#### 212 History of East Asian Civilization (5)

Intensive survey of historical developments in China, Japan, and Korea from the tenth to the nineteenth centuries. Topics include the origin and development of feudalism in Japan, the transition to a bureaucratic Confucian state in Korea, and the rise of New-Confucianism and autocracy in China. Offered jointly with the Far Eastern and Russian Institute as Far Eastern 212. Prerequisites, HSTAS 212 or FAR E 212, or permission of the instructor.

NEW

**HSTAS**

#### 213 History of East Asian Civilization (5)

Intensive survey of historical developments in modern Japan, China, and Korea. Special attention is given to the impact of Western civilization and to the contrasting dynamics of modernization in these countries. Offered jointly with the Far Eastern and Russian Institute as Far Eastern 213. Prerequisite, HSTAS 212 or FAR E 212, or permission of instructor.

NEW

**HSTAS**

#### 405 Maharashtra in Indian History (5)

A regional approach to medieval and modern Indian history through examination of the history of Maharashtra in Western India. The rise of the Marathas; British rule; political and economic modernization; religious and social life. Problems of contemporary society will be examined. Offered jointly with the Far Eastern and Russian Institute as FAR E 486. Prerequisite, HSTAS 403 or permission.

NEW

**HSTAS**

#### 525 Japan in the Twentieth Century (3-6)

Problems in the political, economic, and social history of Japan, 1890-1952. Offered jointly with the Far Eastern and Russian Institute as Far Eastern 554.

NEW

**HSTAS**

#### 559 Chinese Materials on Modern History (3-6)

Modern history as written by the Chinese. Includes discussion of reference materials and research aids as well as problems of historical interpretation. Differences between Communist and non-Communist historians will be discussed. Prerequisite, permission of instructor. Offered jointly with the Far Eastern and Russian Institute as Far Eastern 515.

## MODERN EUROPEAN HISTORY

NEW

**HSTEU**

#### 405 European Intellectual History: Eighteenth Century (5)

The development of the social sciences, moral theory, political theory, and religious thought in eighteenth-century Europe. Rationalism, empiricism, utilitarianism, and the sources of idealism.

NEW

**HSTEU**

#### 406 European Intellectual History: Nineteenth Century (5)

Selected topics in intellectual history up to 1860. The philosophical consequences of the French Revolution, the development of idealism, conservatism, romanticism, and early socialist theory. Positivism, the problems of historicism, new forms of Christian apologetics, utilitarianism in decline, liberalism as philosophy, the early Marx.

NEW

**HSTEU**

#### 407 European Intellectual History: Twentieth Century (5)

Selected topics in the intellectual history of the late nineteenth and early twentieth centuries. The aftermath of Darwinism, the problem of methodology in modern social science, historicism and moral relativism, irrationalism in philosophy and social theory, revisionism in secular and orthodox religions.

NEW

**HSTEU**

#### 435 World War I

A study of political, institutional, cultural, and military history of the First World War with special emphasis on the impact of the war on European society.

CHG

**HSTEU**

#### 438 Replaces 441

NEW

**HSTEU**

#### 515 Modern European Intellectual History (3-6)

Readings and discussions on selected problems in eighteenth- and nineteenth-century intellectual history. Prerequisites, reading knowledge of French and permission.

## LINGUISTICS

NEW

#### 550, 551, 552 Advanced Phonology (3,3,3)

Problems in phonological theory, generative phonology, phonological change. History of phonological analysis. Prerequisites, Linguistics 451, 452, 453.

NEW

#### 561, 562, 563 Advanced Syntax (3,3,3)

An intensive investigation of the historical background of, and recent developments in, transformational syntax. Prerequisites, 461, 462, 463.

NEW

#### 800 Doctoral Dissertation (\*)

## MATHEMATICS

NEW

#### 205 Elementary Linear Algebra (3)

Systems of equations, vector spaces, matrices, linear transformations, characteristic vectors. Prerequisite, 124 or 157.

NEW

#### 327, 328 Advanced Calculus (3,3)

Functions of several variables; transformations and mappings; implicit function theorem; vector analysis; theorems of Stokes, Gauss, and Green. Prerequisite, 224 or 136H; 302 recommended. 327: Not open to students who have had 324; not recommended for mathematics majors. 328: Not open to students who have had 325; not recommended for mathematics majors.

NEW

#### 420 History of Mathematics (3)

A survey of the development of mathematics from its earliest beginnings through the first half of the twentieth century. Prerequisites, 224 and 411, 412 or 402, 403.

NEW

#### 547, 548, 549 Functional Analysis (3,3,3)

Review of Banach, Hilbert, and  $L_p$  spaces. Locally convex spaces (duality and separation theory, distributions, and function spaces). Operators on locally convex spaces (adjoints, closed graph/open mapping and Banach-Steinhaus theorems). Banach algebras (spectral theory, elementary applications). Spectral theorem for Hilbert space operators. Additional topics chosen by instructor. A working knowledge of real variables, general topology, and complex variables will be assumed.

NEW

#### 800 Doctoral Dissertation (\*)

## MUSIC

### MUSIC

#### NEW

##### 240 Guitar Techniques (1)

#### NEW

##### 241 Recorder Techniques (1)

#### NEW

##### 308 Electronic Music Laboratory (2)

To develop proficiency in the use of tape recorders for original recordings, dubbing, and mixing, and provide experience in the set-up and use of the Electronic Music Synthesizer for the composition of electronic music. Each student will produce tape recorded examples of electronic music. Prerequisite, 212 or permission.

#### NEW

##### 340 Music in General Education (3)

An orientation to the broad scope of music in schools (K-12), including identification of musical concepts and skills and the development of strategies and evaluation techniques. Prerequisites, EDUC 289, EDPSY 304, and piano and voice competencies.

#### NEW

##### 440 Music in Early Childhood (3)

Identification and selection of appropriate objectives, materials, teaching strategies, and evaluation techniques used in music teaching from nursery school through grade 3, with consideration of various methods (e.g., Kodaly, Orff, etc.) for early childhood development in music. Prerequisite, Music 340.

#### NEW

##### 441 Music in Later Childhood (3)

The identification and selection of appropriate objectives, materials, teaching strategies, and evaluation techniques used in music teaching in grades 4 through 6, with consideration of various methods, e.g., Kodaly, Orff, etc., for later childhood development in music. Prerequisite, Music 340.

#### NEW

##### 442 Instrumental Curriculum, Methods, and Materials (3)

A study of the organization and administration of school instrumental music; the selection and use of materials and teaching strategies from beginning to advanced levels of instrumental instruction. Prerequisites, Music 340 and permission.

#### NEW

##### 443 Choral Curriculum, Methods and Materials (3)

A study of the organization and administration of school choral music; the selection and use of materials and teaching strategies from beginning to advanced levels of choral instruction. Prerequisites, Music 340 and permission.

#### CHG

##### 450 Replaces 200

#### CHG

##### 451 Replaces 202

#### NEW

##### 521 Selected Topics in Musical Perception (3)

Specialized problems in the aural perception of musical sounds in context. May be repeated for credit. Prerequisites, Music 438 and Psychology 411, or permission.

#### NEW

##### 595, 596, 597 Practicum in Systematic Musicology (2,2,2)

Direct systematic research experience under the tutelage of a faculty member on a current faculty research project. The practicum is intended to complement courses in systematic research methodology by permitting the student to participate in actual systematic research activity. Required of all doctoral students in Systematic Musicology; open to all second-year graduate students in music. May

be repeated for credit. Prerequisites, Music 514 and Psychology 303 or EDPSY 490, or permission.

#### NEW

##### 800 Doctoral Dissertation (\*)

### MUSIC APPLIED

#### CHG

Music—Applied (MUSAP) 140 through 178 replace MUSIC 140 through 178

Music—Applied (MUSAP) 240 through 278 replace MUSIC 240 through 278

#### CHG

Music—Applied (MUSAP) 340 through 378 replace MUSIC 340 through 378

Music—Applied (MUSAP) 440 through 478 replace MUSIC 440 through 478

Music—Applied (MUSAP) 560 through 578 replace MUSIC 560 through 578

### NEAR EASTERN LANGUAGES AND LITERATURE

#### AKKADIAN

#### NEW

##### 401, 402, 403 Elementary Akkadian (3,3,3)

Introduction to the Akkadian language (Assyrian and Babylonian). Graded readings in Latin characters from historical, legal, and literary texts. Prerequisite, Hebrew or Arabic 203, or equivalent.

#### NEW

##### 421, 422, 423 Intermediate Akkadian (3,3,3)

Readings in Akkadian Gilgamesh and Creation Epics, historical inscriptions. Introduction to the cuneiform script. Prerequisite, 403.

#### HEBREW

#### NEW

##### 421 Advanced Post-Biblical Hebrew: Aggadic Narrative (3)

Advanced readings in the Hebrew medieval narrative, concentrating on the Aggadic literature of the Midrash and Talmud; oral practice included. Prerequisite, 203 or equivalent.

#### NEW

##### 422 Advanced Post-Biblical Hebrew: Narrative of the Haskala (3)

Advanced readings in the narrative of the Haskala, leading into the modern period; oral practice included. Prerequisite, 203 or equivalent.

#### NEW

##### 423 Advanced Post-Biblical Hebrew: Modern Narrative (3)

Advanced readings in the modern Hebrew narrative, with emphasis on the short narratives of Chaim Nahman Bialik; oral practice will be included. Prerequisite, 203 or equivalent.

#### NEW

##### 431 Canaanite and Hebrew Inscriptions (3)

Readings in the Canaanite (Phoenician) and Hebrew inscriptions in facsimile. Studies of the development of the Canaanite script and dialects. Prerequisite, 203 or equivalent.

#### NEAR EAST

#### NEW

##### 451 City of Istanbul: History, Topography, and Monuments (3)

Survey of the physical development and the economic and social organization of Istanbul from the first foundation at Byzantium to the present day. Consideration of principal monuments both Byzantine and Islamic.

#### TURKISH

#### NEW

##### 401, 402, 403 Advanced Turkish (5,5,5)

Extensive reading in modern Turkish literature: scholarly materials, prose, poetry, and

history, as well as oral drill in Turkish. The purpose of the course is to enable the student to handle substantial amounts of reading in Turkish. Prerequisite, 203 or equivalent.

#### CHG

##### 411, 412, 413 Replace 401, 402, 403

### UGARITIC

#### NEW

##### 401, 402, 403 Ugaritic Language and Literature (3,3,3)

Readings in the Ugaritic texts from Ras Shamra, epic, mythological, and other texts. Prerequisite, intermediate knowledge of a cognate language (Akkadian, Arabic, Aramaic, Hebrew).

### OCEANOGRAPHY

#### NEW

##### 451 Geochemistry of Marine Sediments (2)

Study of chemical aspects of the more abundant minerals in marine sediments; their origin or mode of formation; their isotopic and chemical composition; their rate of deposition; their distribution and relative importance in the major sedimentary cycle; their influence on the chemical composition of sea water. Prerequisite, one year of general chemistry.

#### NEW

##### 453 Sedimentary History of the Ocean Basin (2)

Synthesis of introductions to chemical, physical, and biological processes of sedimentation and to marine geophysics in terms of the historical record of sediments and the geological development of the ocean basins. Prerequisites, 450, 451, 452, or concurrent registration in same.

#### NEW

##### 800 Doctoral Dissertation (\*)

### PHILOSOPHY

#### NEW

##### 461, 462 Philosophy of Man and Culture I, II (3,3)

Examination of philosophically interesting concepts, e.g., death, the person, obligation, through the analysis of cultural patterns; the relation between nature and culture; theories of human society; the nature of magic in relation to science and religion; the nature of myth. Prerequisite, 461 for 462.

#### NEW

##### 563 Seminar in Philosophy of Mind (3, max. 12)

Prerequisite, at least two courses related to philosophy of mind and permission.

#### NEW

##### 800 Doctoral Dissertation (\*)

### PHYSICAL AND HEALTH EDUCATION

#### PHYSICAL EDUCATION

#### NEW

##### 203 Effort Control: Relaxation Techniques (Women) (2)

Recognition and management of residual muscular tension through relaxation; theories, implications, techniques, laboratory and discussion.

#### NEW

##### 204 Figure and Posture Control (Women) (2)

Effect of exercise on weight, contour, and condition; postural adjustments for efficiency in the movement skills of daily living. Laboratory, lecture, and discussion.

#### NEW

##### 205 Basic Biomechanics for Nursing (Women) (2)

Mechanical analysis of movement tasks with emphasis on conservation of energy and prevention of muscular strain and injury. Laboratory sessions include manipulation of patients.

NEW

**210 Gymnastics II (Women) (2, max. 4)**

Techniques beyond the introductory level with optional emphasis on floor exercise or apparatus. Prerequisite, Physical Education 281 or permission.

NEW

**225 Survey of American Folk Dance (Men and Women) (2)**

Folk dance forms characteristic of the United States; traditional dances and emergence of modified forms; performance, analysis, and interpretation.

NEW

**320 Conditioning and Physical Fitness (Women) (2)**

A critical analysis of conditioning techniques and programs considering elements of fitness, biomechanical principles of exercise, and specificity of movement performance requirements. Prerequisite, Physical Education 332.

NEW

**325 Growth and Motor Development (Men and Women) (3)**

Factors influencing physical growth and the development of movement skills during infancy, childhood, and adolescence. Interrelationships of motor and other aspects of development.

NEW

**370 Applied Movement Learning (Women) (3)**

Relationships among goals, content, and process in the teaching of movement skills. Prerequisites, 231 and 350.

NEW

**434 Exercise and Cardio-Pulmonary Irregularities (Men and Women) (3)**

Problems, limitations, and benefits of exercise in the alleviation of cardio-pulmonary handicaps with particular attention to the middle-aged population. Prerequisite, Physical Education 331 or human anatomy, physiology, and physiology of exercise, or permission.

NEW

**490 Contemporary Perspectives in the Study of Human Movement (Men and Women) (3)**

A consideration of ways in which inquiry in the arts and sciences of human movement can be approached. Prerequisite, senior standing or permission of the instructor.

## PHYSICS

NEW

**407-408, 409 Physics for Teachers (5-5, 5)**

Basic physics, providing background and perspectives needed for teaching new elementary science materials such as AAAS, ESS, SCIS, etc. Intended for in-service elementary teachers or graduate students preparing for elementary (or secondary non-science) teaching. Not applicable as credit toward a physics degree. Prerequisite, permission.

NEW

**800 Doctoral Dissertation (\*)**

## POLITICAL SCIENCE

NEW

**483 Technology, Environment, and Urban Policy (5)**

Examination of the interrelation between technological and environmental change and policy formation in urban political systems. An estimation of the impact of technology and social change upon environment, with consideration of political behavior related to these phenomena and the capacity of urban public organizations to predict change and formulate policies which can take future states into account. Prerequisite, one course in state and local government or permission of the instructor.

NEW

**800 Doctoral Dissertation (\*)**

## PSYCHOLOGY

CHG

**424 Replaces 524**

NEW

**800 Doctoral Dissertation (\*)**

## ROMANCE LANGUAGES AND LITERATURE

### ROMANCE LANGUAGES AND LITERATURE

NEW

**800 Doctoral Dissertation (\*)**

FRENCH

NEW

**413 Twentieth-Century French Novel in English (3-5)**

**414 French Poetry from Baudelaire to the Present (5)**

Analysis in English of the major trends and movements in modern French poetry, e.g., Symbolism, Surrealism, etc. Textual studies of representative works, from Baudelaire to the poets of the 1950s.

NEW

**415 Trends in Twentieth-Century Theatre in English (5)**

A study of the evolution of the French theatre from the turn of the century to the present. Special emphasis will be given to the French theatrical scene since World War II.

ITALIAN

NEW

**319 The Italian Short Story in English (3)**

The short story from the *Novellino* and Boccaccio to modern masters of the form. The translations will be studied both as examples of narrative technique and as reflections of particular moments in Italian cultural history. Prerequisite, at least sophomore standing.

NEW

**401 The Development of the Italian Language (3)**

A historical survey of Italian phonology, morphology, and syntax. Evolution of the language will be illustrated with the study of pertinent documents from the various periods. Prerequisites, 301, 302, 303, or Linguistics 400, or Romance Linguistics 401, or permission.

## SCANDINAVIAN LANGUAGES AND LITERATURE

### SCANDINAVIAN LANGUAGES AND LITERATURE

NEW

**800 Doctoral Dissertation (\*)**

NORWEGIAN

NEW

**350 The Norwegian Short Story (3)**

Generic study of the Norwegian short story. Prerequisite, 220 or permission.

NEW

**351 Norwegian Romanticism (3)**

Historical Study of Norway's cultural and, specifically, literary renewal from 1814 to approximately 1865. Prerequisite, 220 or permission.

NEW

**352 New Norwegian Writers (3)**

Study of fiction and poetry in *Nynorsk* by Dunn, Vesaas, Carborg, Vinje, Nygard, Jonsen, Aukrust, Orjasaeter, Hovden. Prerequisite,

two Norwegian courses on the 300-level and permission.

## SCANDINAVIAN

NEW

**231 The Scandinavian Folktale (2)**

Study of the Scandinavian folktale as oral literature and expression of popular beliefs, and of its use by writers such as Hans Christian Andersen, Ibsen, and Strindberg.

## SLAVIC LANGUAGES AND LITERATURE

### SLAVIC LANGUAGES AND LITERATURE

NEW

**800 Doctoral Dissertation (\*)**

BULGARIAN

NEW

**404, 405, 406 Advanced Bulgarian (5,5,5)**

Continuation of Bulgarian 401-402, 403 to provide an introduction to Bulgarian literature, history, and culture through selected readings. Also reinforces and extends the student's basic knowledge of Bulgarian grammar and vocabulary through daily discussions in the language. Prerequisites, 403 for 404; 404 for 405; 405 for 406.

RUSSIAN

NEW

**404, 405, 406 Advanced Russian Prose Composition (3,3,3)**

404: Russian prose translation from English to Russian with emphasis on stylistics. 405: Russian prose translation from Russian to English with emphasis on idiom. 406: Russian prose composition on topics of literary and cultural interest. Prerequisite, Russian 403 or equivalent, or permission.

NEW

**407, 408, 409 Advanced Russian Conversation (2,2,2)**

Russian conversation on literary and cultural topics with emphasis on style and syntax and on contemporary intonation patterns. Prerequisite, 403, or equivalent, or permission.

NEW

**420 Early Twentieth-Century Russian Literature in English (5)**

Survey of Russian literature from 1900 to 1935.

NEW

**512 Nineteenth-Century Russian Literary Criticism (4)**

An analysis of the critical approach, methods, and literary values of major Russian literary critics of the nineteenth century. Offered alternate years.

CHG

**513 Replaces 468**

NEW

**533 Chekhov (4)**

A detailed analysis in Russian of the plays and short stories of Anton Chekhov. Offered alternate years.

NEW

**538 Pasternak**

A detailed analysis in Russian of the poetry and prose of Boris Pasternak.

NEW

**578 Studies in Kievan Literature (3)**

A field course for students with a specialization in Kievan literature. Work with primary sources, textual tradition, and bibliography. Offered alternate years.

NEW

**579 Studies in Muscovite Literature (3)**

A field course for students with a specialization in Muscovite literature. Work with primary sources, textual tradition, and bibliography. Offered alternate years.

## SLAVIC

NEW

### 351 History of the Slavic Languages (5)

External and internal history of Slavic literary languages from their beginnings to the present time, including the development of writing systems, external attempts at reform, and the development of vocabulary. Prerequisite, reading knowledge of one Slavic language.

## SOCIOLOGY

NEW

### 800 Doctoral Dissertation (\*)

## SPEECH

NEW

### 494 Hearing Conservation for Children (2)

Survey of methods for planning and executing identification and educational programs relative to problems of hearing-impaired infant, preschool, and school-age children. Prerequisites, 371 and 390, which may be taken concurrently.

NEW

### 552 Clinical Management of Stuttering (3)

Study and application of clinical procedures for the diagnosis and treatment of persons who stutter. Theoretic problems will be dealt with as a part of actual case management involving diagnosis and the planning and conduct of therapy. Two hours of laboratory required each week. Prerequisites, 430, 450, or permission.

NEW

### 574 Industrial and Community Hearing Conservation (3)

The psychophysiological effects of environmental noise on man. Techniques of noise measurement and attenuation, including the planning of hearing conservation programs in industry and in the community. Prerequisite, 570 or permission.

NEW

### 800 Doctoral Dissertation (\*)

## ZOOLOGY

NEW

### 429 General Physiology of Excitable Tissues Laboratory (2)

Laboratory work to demonstrate basic properties of nerve, and electrical and mechanical characteristics of muscle. This will be followed by experiments with diverse species that emphasize less well-known nerve, muscle, and synaptic phenomena. Training will be given in use of intracellular and extracellular stimulating and recording methods and other basic electrophysiological techniques. Prerequisites, 428 to be taken concurrently, and permission.

NEW

### 449 Concepts of Nervous System Function Laboratory (2)

Laboratory experiments covering the same material as the lecture of Zoology 448. Prerequisites, 448 and permission.

NEW

### 800 Doctoral Dissertation (\*)

## SCHOOL AND GRADUATE SCHOOL OF BUSINESS ADMINISTRATION

## ACCOUNTING

NEW

### 501 Managerial Accounting (4)

Study of the generation and use of accounting information within the firm for purposes of planning and controlling operations. Topics covered will include cost concepts, responsibility accounting systems, cost control, and the use of accounting information in short- and long-term decision problems. Prerequisite, 500.

## ADMINISTRATION

### 510 Integrative Administration (15 credits Spring 1970); (5 credits each quarter, Autumn 1970, Winter 1971, Spring 1971, respectively)

Sessions dealing with organization theory and administrative behavior will cover such topics as man and technology, evolution of complex organizations in society, organization structure relationships, unionism, personality and the individual, group dynamics leadership and motivation, communication, planning and control, and practice in decision making.

## BUSINESS ADMINISTRATION

NEW

### 800 Doctoral Dissertation (\*)

## BUSINESS, GOVERNMENT, AND SOCIETY

NEW

### 490 Special Topics and Issues in Business, Government, and Society (3, max. 9)

Emphasis is upon contemporary topics and issues of business in their governmental and societal context. The content of the course will reflect contemporary developments and the current interests of the instructors and students. Prerequisite, permission.

NEW

### 599 Doctoral Seminar in Business, Government, and Society (3)

Study and research in advanced topics of business, government, and society. The seminar is generally concerned with unpublished areas of research, and is conducted by visiting professors and departmental faculty. May be repeated for credit. Prerequisite, permission.

## FINANCE

NEW

### 515 Capital Investment in Urban Development (3)

Develops principles for evaluating opportunities to invest in urban real estate; discusses question of determining the cost of capital for such investments; investigates some problems in the application of an appropriate investment criterion to specific types of opportunities; explores some aspects of the "urban renewal" problem. Offered jointly with Urban Development as U D 515. Prerequisite, permission.

NEW

### 520 Money Markets (3)

Analysis of the functions and structure of money markets; the saving-investment process and financial intermediaries; supply and demand for loanable funds and the level and structure of interest rates. Role of the Federal Reserve and Treasury in the money markets. Prerequisite, Business Economics 501 or equivalent.

CHG

### 550 Advanced Business Finance (3)

Prerequisite, 502.

NEW

### 551 Problems in Business Finance (3)

The application of financial principles and techniques to problems in financial management. Topics include cash management, credit management, problems in short-term and long-term financing, and capital budgeting. Prerequisite, 502.

CHG

### 552 Seminar in Business Finance (3)

Prerequisite, admission to doctoral program or permission.

NEW

### 560 Investments (3)

Introduction to the nature, problems, and process of evaluating particular securities and portfolio construction and administration. Special attention is directed to the risk and rate of return aspects of particular securities, secur-

ities portfolios, and total wealth. Prerequisite, 502 or equivalent.

CHG

### 561 Replaces 560

Prerequisite, 560.

## QUANTITATIVE METHODS

NEW

### 401 Statistical Inference (4)

Basic concepts of testing hypotheses and estimation. Errors, sampling distributions, risks, and power; binomial, normal, Chi-squared, and student distributions; likelihood ratio; some distribution-free methods; elements of statistical decision theory. Prerequisite, 360 or equivalent.

## URBAN DEVELOPMENT

NEW

### 515 Capital Investment in Urban Development (3) Replaces 521

Develops principles for evaluating opportunities to invest in urban real estate, discusses the question of determining the cost of capital for such investments, investigates some problems in the application of an appropriate investment criterion to specific types of opportunities, and explores some aspects of the "urban renewal" problem. Offered jointly with Finance 515. Prerequisite, permission.

## SCHOOL OF DENTISTRY

## ORTHODONTICS

NEW

### 505, 506 Orthodontic Seminar (3,3)

Methods of diagnosis, analysis, and treatment planning of malocclusion; analysis of methods and theoretical principles used in the treatment of malocclusion. The student presents a detailed case analysis and plan of treatment for each clinical patient he is supervising. Prerequisites, 504 for 505; 505 for 506.

NEW

### 552 Clinical Orthodontics (6)

Technics of construction and manipulation of the edgewise arch mechanism; application of the technics in the treatment of malocclusion. Treatment of patients begins in the second quarter. Prerequisite, 551.

## COLLEGE OF EDUCATION

*Specific areas in Education are designated by area letters. These letters must precede course numbers on the student's Official Program. Designation letters and their definitions are:*

**EDADM**—Educational Administration

**EDC&I**—Curriculum and Instruction

**EDHED**—Higher Education

**EDHPS**—History, Philosophy, and Sociology of Education

**EDPSY**—Educational Psychology

**EDSPE**—Special Education

**EDUC**—Independent study, research, and student teaching.

## EDUCATIONAL ADMINISTRATION

NEW

**EDADM**

### 440 Social Power in the Educational Environment (3)

Concepts and issues pertinent to the development and uses of social power in the educational environment. Topics such as "Authority and Social Power," "Conflicts Over Class Interests," "Teacher Militancy," "The Distribution of Social Power," and "The Governance of Public Schools" are covered.

## CURRICULUM AND INSTRUCTION

NEW

EDC&I

### 269 Education of Black Americans (3)

This course examines the unique characteristics and learning problems of inner-city black children and considers curriculum patterns and teaching strategies designed to enhance their academic achievement and emotional growth.

NEW

EDC&I

### 346 Music in Pre-School and Primary-Grade Classrooms (3)

For students majoring in pre-school and primary education (not open to music specialists). A study of music in the development of children, ages 4 to 8, with attention to musical activity and the growth of related concepts and skill. Prerequisites, EDPSY 304 and Music 119.

CHG

EDC&I

### 462 Replaces 362

NEW

EDC&I

### 469 Educating the Black Inner-City Child (3)

An intensive analysis and review of the research and literature, both theoretical and empirical, relevant to curriculum patterns and programs designed especially for black inner-city children. Special attention is given to the implications of the research reviewed for devising effective teaching strategies for black inner-city children.

## HIGHER EDUCATION

CHG

EDHED

### 500 Replaces 450

CHG

EDHED

### 501 Replaces 557

CHG

EDHED

### 502 Replaces 552

CHG

EDHED

### 503 Replaces 555

NEW

EDHED

### 510, 511, 512 The Study of Higher Education (5,5,5)

Comprehensive analysis of the subject matter of higher education. Values, purposes, structures, functions, people, resources, control, outcomes, etc., of higher education. Attention will be given to the relationships between and synthesis of these key concepts. Intended primarily for first-year doctoral students in higher education.

CHG

EDHED

### 520 Replaces 553

CHG

EDHED

### 521 Seminar in Occupational Programs in Higher Education (3)

Analysis of a current critical social and educational issue which effects occupational preparation programs in post-high school institutions. Prerequisite, 501 or permission.

NEW

EDHED

### 522 Seminar in Teaching and Learning in Higher Education (3-9)

Advanced seminar devoted to a consideration of theory and practice in the area of instruction and learning. Open to advanced doctoral students in higher education and to others with permission of the instructor. May be repeated for credit.

NEW

EDHED

### 523 Seminar in Institutional Analysis and Planning (3)

A study of the nature, functions, and techniques of analysis as they pertain to institutions of higher education. The application of computer-based information systems, program budgeting, behavioral research techniques, and long-range planning procedures are examined as aids to assessment, planning, and change. Designed for doctoral candidates.

NEW

EDHED

### 524 Seminar in the History and Organization of Higher Education (3)

Advanced seminar on special problems in the history and organization of higher education. Open to advanced doctoral students in higher education and to others with permission of the instructor. May be repeated for credit.

CHG

EDHED

### 540 Replaces 556

NEW

EDHED

### 550 Review of Research in Higher Education (1-2)

Seminar for all students in higher education. Devoted to the mutual consideration of research in this field. May be repeated.

## HISTORY, PHILOSOPHY, AND SOCIOLOGY OF EDUCATION

CHG

EDHPS

### 458 Replaces 495

Offered jointly with History of the Americas as HSTAA 458.

CHG

EDHPS

### 459 Replaces 495

Offered jointly with History of the Americas as HSTAA 459.

## EDUCATIONAL PSYCHOLOGY

NEW

EDPSY

### 543 Seminar in Vocational Psychology (3)

Self-directed, shared-learning experiences for persons in preparation for eventual work in certain helping professions, such as teaching, counseling, nursing, agency work. The scope of inquiry includes how man spends his time, particularly work, vocation, occupation, avocation, and leisure time, and how the professional helping role is related to helping man confront the problems associated with work.

## SPECIAL EDUCATION

NEW

EDSPE

### 412 Behavioral Measurement and Management in the Classroom (3)

Response measurement in the classroom; use of data analysis for instructional decisions and behavior management; instructional programming for handicapped children.

NEW

EDSPE

### 434 The Psycho-Educational Principles of Lipreading (3)

The theoretical, practical, human, and intellectual elements of the lipreading process. Historical perspectives and current methods of instruction and research will be presented and evaluated.

## INDEPENDENT STUDY, RESEARCH, AND FIELD STUDY (STUDENT TEACHING)

NEW

EDUC

### 800 Doctoral Dissertation (\*)

## COLLEGE OF ENGINEERING

### AERONAUTICS AND ASTRONAUTICS

NEW

### 800 Doctoral Dissertation (\*)

### CERAMIC ENGINEERING

NEW

### 800 Doctoral Dissertation (\*)

### CHEMICAL ENGINEERING

NEW

### 800 Doctoral Dissertation (\*)

### CIVIL ENGINEERING

*Specific areas in Civil Engineering are designated by area letters. These letters must precede course numbers on the student's Official Program. Designation letters and their definitions are:*

CIVE—Civil Engineering Core Courses

CEEM—Engineering Mechanics

CEHY—Hydraulic Engineering

CEST—Structural Engineering

CETC—Transportation, Construction, and Materials Engineering

CEWA—Water and Air Resources (Sanitary Engineering)

### CIVIL ENGINEERING CORE COURSES

NEW

CIVE

### 307 Contracts and Specifications (3)

Specification writing and the elements of contract law relating to heavy construction and engineering services. Prerequisite, junior standing.

NEW

CIVE

### 800 Doctoral Dissertation (\*)

### HYDRAULIC ENGINEERING

CHG

CEHY

### 341 Replaces CIVE 341

### STRUCTURAL ENGINEERING

NEW

CEST

### 486 Design of Timber Structures (3)

Design and construction of timber structures, using elements made of sawn wood, glued-laminated wood, and plywood. Prerequisite, CIVE 381.

### TRANSPORTATION, CONSTRUCTION, AND MATERIALS ENGINEERING

NEW

CETC

### 502 Transportation Safety—Highway Design and Traffic Control (3)

A review of roadway and intersection design elements as related to accident rates. The role of traffic control devices, illumination, and traffic characteristics in highway safety. A review of research and identification of future research needs. Prerequisite, senior or graduate standing.

### WATER AND AIR RESOURCES

CHG

CEWA

### 441, 445, 447, 448, 542, 543, 544, 545, 547, 549 Replace CEHY 441, 445, 447, 448, 542, 543, 544, 545, 547, 549

NEW

CEWA

### 470 Solid Waste Disposal (3)

For students majoring in the solid wastes program and an elective for undergraduate and graduate engineers and urban planners, covering the sources and handling of indus-

trial, municipal, and agricultural wastes with examination of processing, by-product recovery, and waste treatment methods, particularly biological systems. The role of urban and industrial planning and of collection and transportation aspects in solid wastes production and disposal, especially as related to community location and planning, and methods of hauling and controlling wastes concentration and utilization. Laboratory composting studies.

## ELECTRICAL ENGINEERING

NEW

### 409 Engineering Concepts for Teachers (9)

Development of concepts required for teaching Man-Made World ECCP curriculum. Computers, models, systems evaluation, and control. Prerequisite, teaching certificate.

NEW

### 411 Introductory Network Synthesis (3)

Network representations in the complex frequency domain, realizability criteria for driving—point and transfer functions, canonical forms, and application of the digital computer in synthesis procedures. Prerequisites, 315 and senior standing.

NEW

### 460 Wave Effects in Bio-Materials (3)

Ultrasonic, electromagnetic, and optical wave effects in biological materials. Applications to biomedical uses in diagnosis, therapy, and surgery. Offered jointly with Bioengineering 460. Prerequisite, 323 or other course in wave propagation, as approved by instructor.

NEW

### 467 Introduction to Radioscience (3)

Introduction to radio astronomy, including radio telescope antennas, and interferometry, radio telescope receivers, nature of radio sources. Remote sensing of the earth's surface in meteorology, ocean, and land surface applications, including mapping of agricultural areas and natural resources. Sensing of the propagation medium by passive (radiometric) and active (scattering, acoustic sounding) techniques, ionosphere, and magnetosphere. Prerequisites, 323 or equivalent, or permission.

NEW

### 488 Introduction to Quantum Electronics (3)

Elementary theory of the interaction of high frequency and optical radiation with atomic and molecular systems. Practical design technology of gaseous and solid state stimulated emission devices. Laser system materials and components. Use of nonlinear phenomena for material diagnostics, energy conversion, and optical communications. Prerequisite, 361 or permission.

NEW

### 509 Engineering Applications of Linear Graphs (3)

Elementary theory of linear graphs, incidence, cut-set and circuit matrices, matrix formulation of loop, node and state equations, topological analysis and synthesis of networks, signal-flow graphs, applications to switching circuits, automata, and communication nets. Prerequisite, graduate standing or permission.

NEW

### 517 Introduction to System Optimization (3)

Systems engineering and optimization; classical optimization techniques; equality and inequality constraints; Kuhn-Tucker conditions; linear inequalities and programming; nonlinear optimization and programming; Fibonacci, Golden-section and Minimax search; gradient search; methods of Davidon, Fletcher, and Powell; method of conjugate gradients; elements of quadratic and geometric programming; applications to engineering systems. Prerequisite, 510 or permission.

NEW

### 526 Acoustics in Engineering II (3)

Extension of 525. Material will differ each year covering such topics as scattering, moving

media, ultrasonics, acoustic holography, opto-acoustics, etc. Offered jointly with Mechanical Engineering 525. Prerequisite, 525 or permission.

NEW

### 533 Advanced Semiconductor Devices (3)

Determination of semiconductor material parameters; analysis of selected devices with heavy emphasis on extreme operating conditions of bias, temperature, and frequency; includes pn-junctions, Schottky barriers, microwave devices; recent developments from current literature. Prerequisite, 485 or permission.

NEW

### 591 Advanced Topics in Network Theory (2)

Lectures and discussion of current developments in network theory. Selection of topics will vary from year to year. Prerequisite, 511 or 513 or permission.

NEW

### 800 Doctoral Dissertation (\*)

## GENERAL ENGINEERING

NEW

### 315 Assembly Language Programming (2)

Hardware description of the computer system. Program structure and organization. Assembly language instructions and pseudo instructions. Micro- and macro-programming techniques. Problems will be coded in assembly language and run on the computer. Prerequisite, 155 or equivalent.

## HUMANISTIC—SOCIAL STUDIES

NEW

### 304 Introduction to Scientific and Technical Communication for Foreign Students (4)

A course in scientific and technical writing and reading for foreign students well grounded in oral English. Concentration on (1) application of rhetorical concepts most frequently used in scientific and technical writing; (2) grammatical analysis in areas traditionally difficult for foreign students; and (3) grammatical-rhetorical analysis of scientific and technical discourse. Offered jointly with English 304. Prerequisite, permission.

NEW

### 305 Scientific and Technical Report Writing for Foreign Students (4)

Application of the problem-solving approach to scientific and technical writing. Concentration on (1) undergraduate laboratory reports; (2) advanced grammatical analysis in areas traditionally difficult for foreign students; and (3) advanced grammatical-rhetorical analysis of scientific and technical discourse. Offered jointly with English 305. Prerequisite, ENGL or HSS 304 or permission.

NEW

### 451 The Living Theater (3)

Introduction to the art of theatrical performance by reading, attending, and discussing plays offered currently in theaters on campus and in the community.

NEW

### 499 Special Topics (1-5)

Special topics in humanities and social sciences to be offered occasionally by permanent or visiting faculty.

## MECHANICAL ENGINEERING

NEW

### 526 Acoustics in Engineering II (3)

Extension of 525. Material will differ each year covering such topics as: scattering, moving media, ultrasonics, acoustic holography, opto-acoustics, etc. Offered jointly with Electrical Engineering 525. Prerequisite, 525 or permission.

CHG

### 568 Replaces MET E 568

NEW

### 800 Doctoral Dissertation (\*)

## METALLURGICAL ENGINEERING

NEW

### 400 Applied Materials Science for Teachers I (3)

A course designed to give junior high school and high school science teachers and science consultants a broad background in the structure and properties of solids, solid-state reactions, and phase equilibria, and in typical engineering applications of these principles. Laboratory and discussion sections on the educational implications and applications of this material in the classroom. Prerequisite, knowledge of freshman chemistry.

NEW

### 401 Applied Materials Science for Teachers II (3)

Continuation of 400, with more information on engineering applications of materials. Discussion sessions and special curriculum projects in place of laboratories; special seminars and field trips on arrangement. Prerequisite, 400 or equivalent.

NEW

### 402 Educational Projects in Materials Science (1-5)

In-depth study of special topics in materials science with special seminars and lectures, participation in materials science research projects or curriculum development projects involving science or industrial arts classes. May be repeated for credit. Prerequisite, 400 or equivalent.

NEW

### 800 Doctoral Dissertation (\*)

## NUCLEAR ENGINEERING

NEW

### 531 Nuclear Reactor Statics II (3)

The adjoint equation, perturbation theory, variational methods; neutron thermalization; resonance absorption; some applications of the theory. Prerequisite, 530.

NEW

### 400 Introduction to Nuclear Reactor Analysis (4)

A course in fission reactor theory covering interactions of neutrons with matter; neutron diffusion and slowing down; solution methods of boundary value problems in elementary nuclear reactor theory. Prerequisites, Physics 323 and Mathematics 238.

NEW

### 600 Independent Study or Research (\*)

Individual readings or study, including independent study in preparation for doctoral examinations and research, etc. Name of faculty member responsible for supervising the student should be indicated on Program of Studies. Prerequisite, permission of Supervisory Committee Chairman or Graduate Program Adviser.

NEW

### 800 Doctoral Dissertation (\*)

## COLLEGE OF FISHERIES

NEW

### 800 Doctoral Dissertation (\*)

## COLLEGE OF FOREST RESOURCES

NEW

### 800 Doctoral Dissertation (\*)

## GRADUATE SCHOOL

### BIOMATHEMATICS

NEW  
800 Doctoral Dissertation (\*)

### COMPARATIVE PHYSIOLOGY

NEW  
800 Doctoral Dissertation (\*)

### COMPUTER SCIENCE

NEW  
800 Doctoral Dissertation (\*)

### DRAMA ARTS

NEW  
800 Doctoral Dissertation (\*)

### PHYSIOLOGY PSYCHOLOGY

NEW  
800 Doctoral Dissertation (\*)

### QUATERNARY STUDIES

CHG  
501 Replaces GEOL 501

NEW  
502 Interdisciplinary Quaternary Investigations (2-6)

Course provides for individual or group work that cuts across departmental boundaries.

### RADIOLOGICAL SCIENCE

NEW  
600 Independent Study or Research (\*)  
Individual readings or study, including independent study in preparation for doctoral examinations and research, etc. Name of faculty member responsible for supervising the student should be indicated on Program of Studies. Prerequisite, permission of Supervisory Committee Chairman or Graduate Program Adviser.

## INTERSCHOOL OR INTERCOLLEGE PROGRAMS

### BIOENGINEERING

NEW  
299 Introduction to Bioengineering (1)  
The scope of bioengineering will be presented for purposes of orientation by means of video tapes or motion pictures (about one-half hour) followed by presentation of problems and informal discussion to illustrate the nature and diversity of applications of engineering disciplines to biology and medicine.

NEW  
460 Wave Effects in Bio-Materials (3)  
Ultrasonic, electromagnetic, and optical wave effects in biological materials. Applications to biomedical uses in diagnosis, therapy, and surgery. Offered jointly with Electrical Engineering 460. Prerequisite, 323 or other course in wave propagation, as approved by instructor.

### QUANTITATIVE SCIENCE

NEW  
487 Analysis of Quantal Data (3)  
Analysis of quantal data by parametric and non-parametric methods. Analysis of quantitative data using parallel line assays, slope ratio assays, and inverse prediction. Combination of estimates, experimental design, transformations, and methods of assessing validity. Use of computer programs in standard bioassay problems. Prerequisites, Mathematics 126 and Quantitative Science 383, or permission.

## UNIVERSITY CONJOINT

NEW  
410 Study of Interdisciplinary Evaluation and Management of Handicapped Children (3)

Multidisciplinary study of handicapped children, including identification of children with problems, clinical assessment by a multidisciplinary team, formulation of plans for management, and reassessment in terms of progress made. The primary emphasis in this course will be on the mentally handicapped child. Prerequisite, permission. (Course offered cooperatively by Dentistry, Education, Home Economics, Nursing, Pediatrics, Psychiatry, Psychology, Social Work, and Speech.)

## SCHOOL OF MEDICINE

### ANESTHESIOLOGY

NEW  
497 Anesthesiology Special Electives (\*)  
For qualified students, by specific arrangement, special clerkship, externship, or research opportunities can at times be made available at institutions other than the University of Washington. The faculty can advise students of possible opportunities. Students wishing to elect this course should obtain from the Dean's office a "Special Assignment" form at least one month before advance registration (6 or 12 weeks, full time). Prerequisite, permission.

### BIOCHEMISTRY

NEW  
573 Biochemical Evolution (2)  
A discussion of the mechanism of evolution at the molecular level, including mechanisms of mutagenesis, gene duplication, and selection for new characters, and their effects on the structure and function of nucleic acids and proteins. Prerequisite, 442 or permission.

NEW  
574 The Biochemical Basis of Disease (2)  
Discussion of pathologic physiology and molecular basis of clinical disorders. Scope limited to diseases, largely inherited, in which new developments permit description in biochemical terms. Prerequisite, 442 or Human Biology 410, or permission.

NEW  
800 Doctoral Dissertation (\*)

### BIOLOGICAL STRUCTURE

NEW  
497 Biological Structure Special Electives (\*)  
For qualified students, by specific arrangement, special clerkship, externship, or research opportunities can at times be made available at institutions other than the University of Washington. The faculty can advise students of possible opportunities. Students wishing to elect this course should obtain from the Dean's office a "Special Assignment" form at least one month before advance registration (6 or 12 weeks, full time). Prerequisite, permission.

NEW  
800 Doctoral Dissertation (\*)

### BIOMEDICAL HISTORY

NEW  
415 The Role of Chemistry in Pre-Modern Medicine (3)  
A survey of the influence of alchemy and chemistry on medical theory and practice from antiquity through the eighteenth century. Background in chemistry not required.

NEW  
416 Chemistry in Nineteenth-Century Medicine (3)

A study of the contributions of chemistry to modern medicine. Emphasis will be placed on the application of chemical theory and technique to problems in physiology, therapeutics,

and anesthesiology. Background in chemistry not required.

NEW  
417 History of Disease and Public Health (3)

An investigation of the effects of disease on human society, from ancient times to the present, and of the practices and institutions developed by society to combat disease. Attention will be given not only to the contagious diseases, but also to subjects such as dietary diseases, food adulteration, air and water pollution, and occupational health.

CHG  
420 Replaces 423

NEW  
421 Biology in the Nineteenth Century (3)

A general survey of the development of the biological sciences from the 1700's to 1900. Consideration will be given to both descriptive and experimental biology with major topics to be treated, including the impact of intellectual movements on biology, the professionalization of biology, and the consideration of the major scientific developments in biological sciences. (First time offered Spring Quarter, 1971.)

CHG  
422 Replaces 420

CHG  
423 Replaces 421

CHG  
424 Replaces 425

CHG  
425 Replaces 422

NEW  
497 Biomedical History Special Electives (\*)  
For qualified students, by specific arrangement, special clerkship, externship, or research opportunities can at times be made available at institutions other than the University of Washington. The faculty can advise students of possible opportunities. Students wishing to elect this course should obtain from the Dean's Office a "Special Assignment" form at least one month before advance registration. (6 or 12 weeks, full time.) Prerequisite, permission.

## CONJOINT

NEW  
464 Perinatal Clerkship (9)

A full-time program which will allow the student to provide family-oriented continuing care through pregnancy, labor, delivery, and the puerperium. Time will be spent in each major specialty area, but this will be flexible to allow attendance at appropriate scheduled conferences and lectures in each field. Continuity of patient care stressed. (6 weeks, full time.) Prerequisite, Human Biology 460.

## MEDICAL PRACTICE

NEW  
401 Medical Practice Preceptorship (1)  
To provide opportunity for first- and second-year medical students to gain personal experience with and insight into the medical practice situations. During this introductory period the student would be stationed with carefully selected clinical faculty members in their offices in accordance with the student's preference of discipline, i.e., medicine, pediatrics, general practice, etc.

## MEDICINE

NEW  
403 Clinical Preceptorship in Internal Medicine (6 or 9)

Full-time elective providing inpatient and outpatient experience in internal medicine. Students will act as clinical clerks in close association with physician-preceptors at a private community medical center—the Wenatchee

Valley Clinic. Housing will be provided for the student and his family during the elective. (4 or 6 weeks, full time.) Prerequisite, 465.

NEW

**440 Dermatology Clinic (1½)**

Students will attend the Dermatology Clinic on Monday afternoons or Friday mornings at University Hospital for 12 weeks. Prerequisite, 460.

NEW

**441 Clinical Gastroenterology (6)**

Combined inpatient-outpatient elective in clinical gastroenterology which will include practical experience in GI fluoroscopy, proctoscopy, upper GI endoscopy, and liver biopsy. Directed tutorial work. Special arrangements can be made for students with special interests. (4 weeks, full time.) Prerequisite, 465.

NEW

**442 Clinical Oncology (\*)**

Particular emphasis in this clerkship will be placed on oncology transplantation biology and radiation biology in addition to clinical hematology. USPHS Hospital. (4 or 6 or 12 weeks.) (Permission of instructor required for admission to 6- or 12-week elective.) Prerequisite, 465.

NEW

**445 Outpatient Hematology (6)**

The student will participate in hematology rounds and conferences and examine and treat, under supervision, patients in the Hematology Clinic at University Hospital. Prerequisite, 465 or Human Biology 460.

NEW

**446 Medicine Outpatient Elective—  
Harborview Medical Center (4½)**

Students will examine and treat patients in the general medical clinics under staff supervision. Students will attend general medical clinics on two afternoons throughout the quarter in order to provide the best opportunity to follow ambulatory problems. In addition, students will see urgent problems in Emergency Clinic on a third afternoon throughout the quarter. Prerequisite, 465.

NEW

**447 Therapeutics (1½)**

A seminar to review significant and timely therapeutic problems in the field of internal medicine. Prerequisite, 465, or Human Biology 460.

NEW

**448 Genetics, Medicine, and Society (1)**

Students and faculty will discuss, in lectures and seminars, aspects of genetics relevant to medicine and society. Prerequisite, Human Biology 442 or permission.

NEW

**449 Application of Genetic Principles  
to Medicine (4½)**

Ward rounds, clinic, and seminar discussions of patients and topics in clinical genetics. Students attend Medical Genetics clinic (Tuesdays), examine families and obtain pedigrees under supervision and attend genetics rounds on the wards (Thursdays). University Hospital 12 weeks, Tuesday all day; Thursday afternoons. Prerequisite, Human Biology 442.

NEW

**480 Rheumatology (5)**

Clinical experience will be provided in diagnosis and treatment of rheumatic diseases, utilizing outpatient clinics and patients hospitalized at the University Hospital. Emphasis will be placed on concepts in pathophysiology, diagnosis and treatment of these diseases. Reading, seminars and preceptorial sessions will be the methods of instruction. This course will be offered every quarter during the second four-week period. Thursday morning and every afternoon will be committed to the course. Prerequisite, 465 or Human Biology 460.

NEW

**494 Metabolism and Diabetes (3 or 6)**

In addition to the clinical evaluation of patients with endocrine disorders, this elective period provides opportunity to become actively involved in the treatment of metabolic disorders with particular emphasis on the education of the diabetic and the control of his disorder. Virginia Mason Clinic. Prerequisite, 465 or Human Biology 460. (2 or 4 weeks, full time.)

NEW

**497 Medicine Special Electives (\*)**

By specific arrangement, for qualified students, special clerkship, externship, or research opportunities can at times be made available at institutions other than the University of Washington. The faculty can advise students of possible opportunities. Students wishing to elect this course should obtain from the Dean's office a "Special Assignment" form at least one month before advance registration. Prerequisite, permission. (6 or 12 weeks, full time.)

**MICROBIOLOGY**

CHG

**495 Replaces 497**

NEW

**497 Microbiology Special Electives (\*)**

For qualified students by specific arrangement special clerkship, externship, or research opportunities can at times be made available at institutions other than the University of Washington. The faculty can advise students of possible opportunities. Students wishing to elect this course should obtain from the Dean's office a "Special Assignment" form at least one month before advance registration. Prerequisite, permission. (6 or 12 weeks, full time.)

NEW

**800 Doctoral Dissertation (\*)**

**NEUROLOGICAL SURGERY**

NEW

**497 Neurological Surgery Special  
Electives (\*)**

For qualified students by specific arrangement, special clerkship, externship, or research opportunities can at times be made available at institutions other than the University of Washington. The faculty can advise students of possible opportunities. Students wishing to elect this course should obtain from the Dean's office a "Special Assignment" form at least one month before advance registration. Prerequisite, permission. (6 or 12 weeks, full time.)

**OBSTETRICS AND GYNECOLOGY**

NEW

**497 Obstetrics and Gynecology (\*)**

For qualified students by specific arrangement, special clerkship, externship, or research opportunities can at times be made available at institutions other than the University of Washington. The faculty can advise students of possible opportunities. Students wishing to elect this course should obtain from the Dean's office a "Special Assignment" form at least one month before advance registration. Prerequisite, permission. (6 or 12 weeks, full time.)

**OPHTHALMOLOGY**

NEW

**497 Ophthalmology Special Electives (\*)**

For qualified students, by specific arrangement, special clerkship, externship, or research opportunities can at times be made available at institutions other than the University of Washington. The faculty can advise students of possible opportunities. Students wishing to elect this course should obtain from the Dean's office a "Special Assignment" form at least one month before advance registration. Prerequisite, permission. (6 or 12 weeks, full time.)

**ORTHOPEDICS**

CHG

**477 Musculoskeletal Trauma (\*)**

Instruction will take place largely at Harborview Medical Center where there is a high concentration of musculoskeletal trauma. The student will follow the patient from the emergency room to the wards and into the operating room, and will have opportunity to continue followup in the outpatient clinics. Instruction will be given in both general and special clinics, including hand, hip, foot, fracture, with emphasis placed on physical examination of the patient. Prerequisite, Human Biology 460. (4 weeks, full time.)

NEW

**497 Orthopedics Special Electives (\*)**

For qualified students by specific arrangement, special clerkship, externship, or research opportunities can at times be made available at institutions other than the University of Washington. The faculty can advise students of possible opportunities. Students wishing to elect this course should obtain from the Dean's office a "Special Assignment" form at least one month before advance registration. Prerequisite, permission. (6 or 12 weeks, full time.)

**OTOLARYNGOLOGY**

CHG

**495 Replaces 497**

NEW

**497 Otolaryngology Special Electives (\*)**

For qualified students by specific arrangement, special clerkship, externship, or research opportunities can at times be made available at institutions other than the University of Washington. The faculty can advise students of possible opportunities. Students wishing to elect this course should obtain from the Dean's office a "Special Assignment" form at least one month before advance registration. Prerequisite, permission. (6 or 12 weeks, full time.)

**PATHOLOGY**

NEW

**470 Gastrointestinal Pathology (1)**

Laboratory elective for medical students and certain graduate students covering the developmental, inflammatory, neoplastic, and degenerative diseases of the gastrointestinal tract, liver, gall bladder, and pancreas. The gross, light, and electron microscopic features of these diseases will be correlated with biochemical and physiologic changes and symptomatology. Prerequisite, Human Biology 441 or permission.

NEW

**473 Cardiovascular Pathology (3)**

The spectrum of cardiovascular pathology is covered in depth by case studies and gross and microscopic material. Case analysis for presentation, including clinical and gross and microscopic material, is prepared outside of class time. Topics covered include cardiomyopathy, pathology of the pulmonary vasculature, vasculitis, neoplasma, inflammatory diseases, diseases of the pericardium, valvular heart disease, hypertension, arteriosclerotic heart disease and congenital heart disease. Clinico-pathologic correlation is emphasized. Prerequisite, Human Biology 440.

NEW

**800 Doctoral Dissertation (\*)**

**PEDIATRICS**

NEW

**401 Survey of Human Growth and  
Development (1½)**

Clinical observation and study of normal growth patterns in multiple areas of human development, within the setting of routine well-child care. Observation and increasing participation in parent interview, examination, and treatment plan. This course covers briefly the subjects covered in more detail in 402-403-404. (Credit will not be allowed for both 401 and 402-403-404.) Prerequisite, permission.

## NEW

**408 Ecological Determinants of the Health of Children and Youth (1)**

An analysis of the interaction of the child and socio-economic and other environmental factors causing child health disorders. Reading, individual field work assignments, and directed investigation of child health problems such as infant mortality, intellectual impairment, antisocial behavior, malformations, accidents, and poisoning.

## NEW

**412 Laboratory in Human Embryology and Teratology (3)**

The purpose of this course is to allow the student to specialize in the area of human embryology and teratology. Exact stages of human development (Streeter's Horizons) will be described and studied in the laboratory by examination of fresh abortuses and serially-sectioned human embryos. The mechanisms of abnormal development (teratology) will be emphasized by techniques being used in the Central Laboratory for Human Embryology. Prerequisite, Human Biology 411 or equivalent, or permission.

## NEW

**420 Malformation (5)**

A survey which provides knowledge of altered morphogenesis from the following viewpoints: (1) developmental biology; (2) history and epidemiology of the malformation; (3) developmental pathology of selected malformation; (4) embryology and teratology, relative to malformation; (5) single malformations, their detection, management, etiology, and recurrence risks; (6) syndromes of multiple malformations their diagnosis, management, etiology, and genetic counsel; (7) impact of malformation on the individual, the family, and society. Each student will be expected to do a thorough case study on an assigned child with a malformation problem. Prerequisite, Human Biology 411.

## NEW

**474 Social Problems Related to Child Development and Health Care(\*)**

Combined experience with normal and handicapped infants, children, and adolescents from low-income families and minority cultures and races. Special emphasis will be given to the effect of environment on the child and his functioning. Prerequisite, Human Biology 460. (2 or 4 weeks, full time.)

## NEW

**475 Ecologic Origins of Major Child Health Problems (\*)**

An analysis of socio-economic and other environmental factors that cause child health disorders. The interaction of the child and his environment will be the focus; emphasis will be placed on the role of the child's habitat (city, town, village), on the child's physical, social, and behavioral health. Prerequisites, Human Biology 460, and permission for non-medical students. (6 or 12 weeks, full time.)

## CHG

**476 Replaces 477**

## NEW

**481 Inborn Errors of Metabolism (\*)**

Clinical and laboratory experience related to biochemical errors of metabolism will be offered. Emphasis will be on the recognition, laboratory diagnosis, and genetic mechanisms operating in human disorders. Prerequisite, 465 or permission. (4 or 6 or 12 weeks, full time.)

## NEW

**485 Pediatric Hematology and Oncology (\*)**

Laboratory and conference participation with the hematology and oncology unit at Children's Orthopedic Hospital and Medical Center. Prerequisite, 465.

## NEW

**490 Advanced General Pediatrics—Madigan Hospital (\*)**

Outpatient, ward and/or newborn experience, especially with the more common types of pediatric problems. Advanced responsibility and instruction. Prerequisite, 465.

## NEW

**497 Pediatrics Electives (\*)**

For qualified students, by specific arrangement, special clerkship, externship, or research opportunities can at times be made available at institutions other than the University of Washington. The faculty can advise students of possible opportunities. Students wishing to elect this course should obtain from the Dean's office a "Special Assignment" form at least one month before advance registration. Prerequisite, permission (6 or 12 weeks, full time.)

**PHARMACOLOGY**

## NEW

**497 Pharmacology Special Electives (\*)**

For qualified students by specific arrangement, special clerkship, externship, or research opportunities can at times be made available at institutions other than the University of Washington. The faculty can advise students of possible opportunities. Students wishing to elect this course should obtain from the Dean's office a "Special Assignment" form at least one month before advance registration. Prerequisite, permission. (6 or 12 weeks, full time.)

## NEW

**800 Doctoral Dissertation (\*)****PHYSICAL MEDICINE AND REHABILITATION**

## NEW

**340 Spinal Orthotics (3)**

Instruction in, and experience with, the use of orthotic components and materials, including the layout, measurement, and fitting or orthoses for management of spinal pathology. Each student plans, fabricates, and fits orthoses for lumbar, dorsolumbar, thoracic, and cervical regions. Required for prosthetic-orthotic majors; others by permission.

## NEW

**341-342 Upper Extremity Prosthetics I, II (6-5)**

Instruction in, and experience with, the use of prosthetic components and materials, including preprosthetic care, prosthetic components, principles of fabrication and harnessing, and techniques of check-out and prosthetic training for all amputation types. Required for prosthetic-orthotic majors, others by permission.

## NEW

**343 Upper Extremity Orthotics (9)**

Instruction in, and experience with, the use of orthotic components and materials. Students will evaluate and fabricate therapeutic and functional orthoses, including externally powered devices. Required for prosthetic-orthotic majors; others by permission.

## NEW

**420 Lower Extremity Prosthetics I (6)**

Instruction in the fabrication, fitting, and alignment of the patellar-tendon-bearing prosthesis. Emphasis is placed on the biomechanics of below-knee fit and alignment, dynamic alignment, and the use of the below-knee adjustable leg and duplication devices, as well as methods of suspension. Required for prosthetic-orthotic majors; others by permission.

## NEW

**421 Lower Extremity Prosthetics II (11)**

Instruction in stump casting, cast modification, socket fabrication, static and dynamic alignment, alignment duplication, and suspension systems. Required for prosthetic-orthotic majors; others by permission.

## NEW

**422 Lower Extremity Prosthetics III (6)**

Instruction in, and experience with, the use of prosthetic components and materials, including casting techniques and alignment procedures used for hip disarticulation patients and the Symes prostheses. Required for prosthetic-orthotic majors; others by permission.

## NEW

**423 Lower Extremity Orthotics (11)**

Instruction in, and experience with, the use of orthotic components and material, including the measurement and fitting of lower extremity orthoses and shoe modifications to patients. Each student will evaluate patients and plan, fabricate, fit, and check out several orthoses. Required for prosthetic-orthotic majors; others by permission.

## NEW

**424 Special Problems in Orthotics (2)**

Instruction in alignment of mobile arm supports and control of devices by photoelectric cells, artificial muscles, pistons, and motors. The design of special adaptive devices as aids to daily living for the physically handicapped. Required for prosthetic-orthotic majors; others by permission.

## NEW

**425 Child Amputee Prosthetics (3)**

Instruction in, and experience with, the use of special prosthetic components and materials, including the measurement and fitting of the patient who has congenital anomalies. Required for prosthetic-orthotic majors; others by permission.

## NEW

**426 Special Problems in Prosthetics (2)**

Instruction in fitting and alignment techniques in amputees with flexion contractures, use of hydraulics and special components, wheelchairs and ambulation aids. Required for prosthetic-orthotic majors; others by permission.

## NEW

**427-428 Applied Prosthetics-Orthotics (4-7)**

Further clinical experience in patient evaluation and in planning, fabricating, and fitting of prosthetic-orthotic devices; attendance at prosthetic-orthotic clinics at the University Hospital and affiliated Seattle hospitals; experience in immediate postoperative prosthetics. Required for prosthetic-orthotic majors; others by permission.

## NEW

**457 Operant Methods in Management of Chronic Disease and Chronic Pain (3)**

Demonstrates the place of learning concepts in understanding chronic disease and disability, review operant theory and methods, and provides limited practicum in their application.

## NEW

**497 Physical Medicine and Rehabilitation Special Electives (\*)**

For qualified students by specific arrangement, special clerkship, externship, or research opportunities can at times be made available at institutions other than the University of Washington. Students wishing to elect this course should obtain from the Dean's office a "Special Assignment" form at least one month before advance registration. Prerequisite, permission. (6 or 12 weeks full time.)

## NEW

**515 Medical Orientation for Non-Medical Field Workers (2)**

A survey of major health hazards in isolated areas designed for such specialists as anthropologists, geographers, and others working with human populations in remote areas. Concepts of epidemiology and the role of health and disease as determinants of behavior in these populations are discussed. Principles and practices or personal preventive medicine and self-treatment, when medical care is not available, are emphasized.

## PHYSIOLOGY AND BIOPHYSICS

NEW

800 Doctoral Dissertation (\*)

## PREVENTIVE MEDICINE

CHG

426 Replaces 460

Offered jointly with the College of Education as EDC&I 426.

NEW

497 Preventive Medicine Special Electives (\*)

For qualified students by specific arrangement, special clerkship, externship, or research opportunities can at times be made available at institutions other than the University of Washington. The Faculty can advise students of possible opportunities. Students wishing to elect this course should obtain from the Dean's office a "Special Assignment" form at least one month before advance registration. Prerequisite, permission. (6 or 12 weeks, full time.)

NEW

532 Medical Biometry III (3)

The application of mathematical and statistical techniques to problems of advanced medical and epidemiological research. Topics to be covered include methods of estimation and testing, regression, analysis of variance and covariance, experimental design, nonparametric methods, the use of the digital computer, selected multivariate techniques. Prerequisite, M.D. or Ph.D. in biomedical science or permission.

NEW

590 Seminar in Biostatistics (\*, max. 5)

Presentation and discussion of special topics and research results in biostatistics. Speakers include resident faculty, visiting scientists, and advanced graduate students. Required for students in Division of Biostatistics graduate training program. Prerequisite, permission.

NEW

800 Doctoral Dissertation (\*)

## PSYCHIATRY

NEW

497 Psychiatry Special Electives (\*)

For qualified students by specific arrangement, special clerkship, externship, or research op-

portunities can at times be made available at institutions other than the University of Washington. The faculty can advise students of possible opportunities. Students wishing to elect this course should obtain from the Dean's office a "Special Assignment" form at least one month before advance registration. Prerequisite, permission. (6 or 12 weeks, full time.)

## RADIOLOGY

CHG

493 Replaces 497

NEW

497 Radiology Special Electives (\*)

For qualified students by specific arrangement, special clerkship, externship, or research opportunities can at times be made available at institutions other than the University of Washington. The faculty can advise students of possible opportunities. Students wishing to elect this course should obtain from the Dean's office a "Special Assignment" form at least one month before advance registration. Prerequisite, permission. (6 or 12 weeks, full time.)

## SURGERY

NEW

497 Surgery Special Electives (\*)

For qualified students by specific arrangement, special clerkship, externship, or research opportunities can at times be made available at institutions other than the University of Washington. The faculty can advise students of possible opportunities. Students wishing to elect this course should obtain from the Dean's office a "Special Assignment" form at least one month before advance registration. Prerequisite, permission. (6 or 12 weeks, full time.)

## UROLOGY

NEW

497 Urology Special Electives (\*)

For qualified students by specific arrangement, special clerkship, externship, or research opportunities can at times be made available at institutions other than the University of Washington. The faculty can advise students of possible opportunities. Students wishing to elect this course should obtain from the Dean's office a "Special Assignment" form at least one month before advance registration. Prerequisite, permission. (6 or 12 weeks, full time.)

---

## COLLEGE OF PHARMACY

NEW

800 Doctoral Dissertation (\*)

---

## GRADUATE SCHOOL OF PUBLIC AFFAIRS

### PUBLIC POLICY

NEW

571, 572, 573 Public and Educational Policy Issues in the Development of Human Talent (3,3,3)

Trends, projections, policy issues, problems, and goals in the relation between education and utilization of professional and specialized personnel. Prerequisite, permission.

---

## SCHOOL OF NURSING

NEW

560 Implementation of Nursing Curricula (3)

Implementation of design in planning for curriculum experiences in nursing. Emphasized evaluation of curricular design, proposing changes, and planning for student learning. Prerequisite, 510 or permission.

---

## SCHOOL OF SOCIAL WORK

NEW

505 Social Welfare Organization (2)

This seminar seeks to deepen the student's understanding of the policies and organizations that are the context of social work practice. Prerequisite, 504.

# REQUIRED PERMISSION SIGNATURES

AUTUMN QUARTER 1970

In order to register for the following courses, the student must obtain a permission signature on his Official Program from the persons listed.

Some departments, schools, or colleges have general permission requirements applicable to many courses. These requirements are also listed.

Note: A slash (/) between names indicates that either party may grant permission.

Abbreviations:

DEPT Permission required from a member of the *department* teaching the course

DEPT ADV Permission required from the *adviser* of the department teaching the course

ASHP Permission required from the *Arts and Sciences Honors Program* office

INSTR Permission required from the *instructor* of the course

HONORS ADV Permission required from the *Honors Program adviser* in the department teaching the course
