GENERAL INFORMATION

It is the University's expectation that a student will follow University rules and regulations as they are stated in the *General Catalog*. In instances where no appeal procedure is spelled out and the student is persuaded that a special set of circumstances makes appeal reasonable, he or she may appeal the application of specific rules or regulations to the office of the dean of the school or college in which he or she is enrolled in the case of an academic matter, or to the Office of Student Affairs in the case of a nonacademic matter. These offices will either render a decision on the appeal or refer the student to the proper office for a decision.

GUARANTEED REGISTRATION ELIGIBILITY

University of Washington students who remain in good scholastic standing are guaranteed the opportunity to register each quarter as long as they maintain continuous enrollment (Summer Quarter excepted). Continuation must be in the same classification, e.g., undergraduate, postbaccalaureate (fifth-year), graduate, etc. Once a student earns a bachelor's degree, he or she must apply for readmission, as a postbaccalaureate (fifth-year) nonmatriculated, or graduate student. Exceptions to the guarantee are: (1) students under disciplinary action and (2) students with a financial hold.

If an undergraduate does not enroll for one or more quarters, or if a graduate student goes on-leave, he or she must file an application for readmission with the Registrar's Office. Information on admission closing dates is available at Window 3, second floor, Schmitz Hall, or by calling 543-5920.

FULL-TIME STUDENT REQUIREMENT

Many students think that because they pay full fees they are considered full-time students. This is incorrect. To be considered a full-time student, an undergraduate must register for 12 credits and a graduate must register for 9 credits. The full-time registration requirement varies for certain agencies, such as Immigration and Naturalization Service, Veterans Administration, and Social Security Administration. Consult the Registrar's Office for Social Security requirements, the International Services Office for immigration requirements, and the Veterans Affairs Office for VA benefits.

NONMATRICULATED STUDENTS

Nonmatriculated students may register only on the last day of in-person registration and enroll only on a space-available basis. Because nonmatriculated students register after all other students, enrollment may be closed in the following areas: mathematics, English composition, beginning foreign languages (particularly French and Spanish), business, and art. Nonmatriculated students may participate in preregistration for the Summer Quarter.

TUITION-EXEMPT FACULTY/STAFF

With the approval of their department heads, regularly admitted full-time UW faculty and staff members who have been employed six months or more may take up to 6 credits per quarter under the tuition exemption program. According to legislative action, all registrations must be on a space-available basis after other students have registered. Members of the faculty and staff who wish to utilize the exemption may not preregister; registration may occur no earlier than the last day of the registration period. Faculty/staff who register before the last day will not be eligible to use a tuition exemption that quarter. Registration appointments are not required. New faculty/staff members must be officially admitted by the Office of Admissions by the regular

admission closing date; July 1 is the closing date for Autumn Quarter. Faculty/staff members who are former students returning either in the same classification or as nonmatriculated students should apply at the Registration Office, Window 8, second floor, Schmitz Hall.

Employees should present their approved tuition exemption cards at Sections, Odegaard Undergraduate Library, according to the schedule listed below. A \$5 registration fee will be collected at the time of registration. This alphabetical priority will change each quarter. Faculty and staff members who are unable to meet this schedule may register late by paying a \$15 fee.

Autumn Quarter Registration Date: September 24, 1980

Last names beginning with L-M (8-9 a.m.); N-O-P (9-10 a.m.); Q-Z (10-11 a.m.); A-B (11 a.m.-noon); C (noon-1 p.m.); D-E-F (1-2 p.m.); G-H (2-3 p.m.); I-J-K (3-4 p.m.); make-up (4-4:30 p.m.).

Tuition-exempt faculty/staff are not entitled to other student services, such as those available at the Hall Health Center and the Intramural Activities Building. Therefore, UW student cards will not be issued to faculty and staff. Faculty/staff identification cards may be used for library services.

AUDITORS

Auditors pay standard tuition and fees and must be regularly admitted and registered in the course.

Attendance in courses as an auditor is by consent of the instructor involved and is conditioned by the extent to which space is available. Permission to audit is ordinarily granted for lecture classes only. An auditor may not participate in class discussion or laboratory work, and his or her registration may be cancelled at the discretion of the instructor.

No entry is made on the permanent record for courses audited. To receive credit for an audited course, the student must register for the class for credit in a subsequent quarter.

Auditors follow registration instructions below.

PHYSICALLY DISABLED STUDENTS

Various support services, including priority registration, are available to students with physical disabilities. Contact the Coordinator for Disabled Students, 468 Schmitz, 543-8924, for information on equipment, technical aids, and accommodations to meet individual needs. Access: *University of Washington*, a guidebook to buildings on the campus, and an accompanying map may be obtained from the office or from the Office of Affirmative Action, 101 Lewis, 543-1830.

ATHLETIC EVENTS

Students may purchase a Husky Football season pass at the Husky Ticket Office, 101 Graves, or at the HUB ticket office, for admission to the following athletic events: football, soccer, and volleyball. For additional information, telephone 543-2200.

REGISTRATION INSTRUCTIONS

ACADEMIC ADVISER

See an academic adviser to discuss your educational objectives and to learn the procedures involved in registering at the University. Have an idea of the courses you would like to take before seeing an adviser by reviewing the *General Catalog* and the quarterly *Time Schedule*. Nonmatriculated students enrolled primarily in evening classes may see an academic adviser through Continuing Education Academic and Professional Programs, 209 Lewis, 8:30-10 a.m. and 3-7 p.m., Monday through Thursday. Friday hours are 8:30-10 a.m. and 3-5 p.m.

REGISTRATION FORMS

Obtain a mark-sense registration form from your advisory office and mark the courses you are requesting on the form in accordance with directions on the form. Please note that some

courses in the *Time Schedule* have restricted enrollment and you must obtain entry cards for these courses. Undergraduates will not be scheduled for more than 19 credits until the first day of the quarter. This is done to allow all students a chance to develop a basic program.

ENTRY CARDS

Certain courses and sections require entry cards for registration. Students who request these courses (and/or sections) on their registration request forms will not be registered in the courses unless the requests are accompanied by entry cards. An entry card alone is not sufficient. The course and schedule line number (SLN on entry card) must also be requested on the mark-sense registration form. Obtain course entry cards for courses designated with the symbol >>> in the margin of the

Time Schedule. Refer to the Entry Card Distribution Points list for information on where to obtain the entry card for a given course.

SUBMITTING REGISTRATION FORM

1. New and returning former students who missed preregistration may register June 23–August 22 at Window 3, second floor, Schmitz Hall.

2. If you are a continuing matriculated student who did not preregister, you must obtain an in-person registration appointment by September 24. Continuing students who request in-person registration appointments after September 24 will be required to register late during the first week of school and to pay the \$15 late registration fee.

3. If you are registering September 18–23, go to the Sections branch office, Odegaard Undergraduate Library, on the date and time indicated on your registration appointment. Engineering students go to 353 Loew.

4. Nonmatriculated students may register only on September 24. Appointments are available at Window 8, second floor, Schmitz Hall.

5. Tuition-exempt faculty/staff members register only on September 24. See page iii for instructions.

LATE REGISTRATION

Students who register after the official registration period will be charged a \$15 late registration fee.

SCHEDULE OF CLASSES

1. If you register June 23–August 22, your schedule of classes will be mailed to the address you indicate on the registration form. All students registering during this period are scheduled by computer at one time. The scheduling priority is: freshmen, seniors, graduate students, postbaccalaureate (fifth-year), juniors, and sophomores. Schedules will be mailed September 8.

2. If you register September 18–24, your courses will be scheduled manually and you will be given a copy of your completed program when you have finished registering.

REGISTRATION CHANGES

1. Change Appointments and Late Fee

a) *All changes to a student's program should be completed during the official change periods (see calendar).* Changes are made by appointment only. Appointments are available at Window 3, second floor lobby, Schmitz Hall, for all students except those in engineering; engineering students go to 353 Loew. A student who arrives more than a half-hour late will be required to make a new appointment. Changes made after the change periods cost \$5 and may result in fee forfeiture (see item 3 of this section).

b) *Students will be expected to present Autumn Quarter 1980 University of Washington student identification cards when requesting appointments.* No more than one change appointment will be issued to a student at a time. Additional change appointments will be issued only after the initially assigned appointment has been used or the date has expired.

2. Grades in Dropped Courses and Drop Restrictions

a) *Undergraduates.* Undergraduate students who drop courses after the change periods receive no entry on their academic record if the drop is made during the first two weeks of the quarter. Drops made during the third and fourth weeks of the quarter are recorded with a "W." No drops are permitted after the fourth week, except for a limited number determined by the number of credits earned at the University. While completing the first 44 credits at the University, the student has three drops permitted after the fourth week. Any of these three drops not used by the time 45 credits are earned are forfeited. After 45 credits have been completed at the University, the student earns one late drop for each 45 credits earned. These may be accumulated and used as necessary. *No drops of any kind are permitted after the last day of instruction.*

b) *Graduate Students.* Graduate students who drop courses after the first two weeks of the quarter receive a grade of "W." No drops are permitted after the seventh week of instruction.

c) Students may petition the Registrar to drop a course after the regular drop deadline if: (1) the student is unable to complete the course in question because of a severe mental or physi-

cal disability, or (2) unusual or extenuating circumstances beyond the student's control prevented the student from dropping the course by the regular drop deadline. Petitions must be filed promptly after the occurrence of the event that gave rise to the need for dropping the course.

3. Fee Forfeitures or Refunds

a) Students will be billed for the number of credits on their programs at the end of the first week of the quarter. Only partial fee reductions will result for courses dropped after the first week of the quarter.

b) Students dropping courses after the first seven calendar days of the quarter and through the thirtieth calendar day of the quarter will be expected to pay one-half of the tuition and fees associated with that course. Example: An undergraduate originally registered for 5 credits. The fee for 5 credits is \$114 (resident). The student then drops a 3-credit course in the second week of the quarter. The total number of credits for which the student remains registered is 2. Tuition and fees are due for half the difference between 5 credits and 2 credits, in this case an additional \$34.50. The student has been registered in the dropped course for more than one week and therefore must pay half the fees for the course.

Courses dropped after the thirtieth calendar day receive no refund. Example: A student is registered for a 3-credit course. The student drops that course after the thirtieth calendar day. No refund is available. If the student adds a different 3-credit course at the time the original 3-credit course is dropped, he or she will pay tuition and fees for 6 credits.

c) Drops become effective the date received in Sections.

4. Courses Added After the Official Change Periods

a) As a general rule, no courses may be added after the official change period. Exceptional cases may be approved if both the instructor of the course and the dean of the student's college give their consent.

b) Courses audited may not be changed to a credit registration after the first two weeks of the quarter.

FEE PAYMENT

1. A fee statement will be mailed to the address you indicate on your mark-sense registration form. If you have not received a fee statement by the end of the second week of the quarter, contact the Cashier's Office for the amount of tuition due.

2. Mail your fee payment to the Student Accounts Office in the envelope provided before the due date indicated. *Fees must be paid by Friday of the third week of the quarter.*

3. If you fail to pay by the deadline, you may continue to pay your fees, with a \$15 late fee, for one week following the due date. If fees are not paid by this time your registration will be canceled. Students permitted to reregister after cancellation for nonpayment will be charged a \$50 fee. No reregistration will be possible after Friday of the sixth week. *Please note: Even if your registration is canceled you will continue to owe one-half your tuition and fees if you are a continuing student or, if you are a new or returning student, \$50 or one-half your tuition and fees, whichever is greater.*

Quarterly Tuition and Fee Rates*

| | Resident | Non-resident |
|--|----------|--------------|
| Undergraduate (includes postbaccalaureate [fifth-year] and nonmatriculated students) | | |
| Full fee (more than 9 credits) | \$229 | \$798 |
| Minimum (first 2 credits) | 45 | 158 |

| Dentistry and Medicine | | |
| Full fee (more than 12 credits) | 343 | 1,253 |
| 12 or fewer credits: | | |
| Minimum (first 2 credits) | 57 | 197 |
| Each additional credit | 26 | 96 |

*Effective as of publication date. Fees are subject to change without notice.

CHANGE OF ADDRESS

If you change your address after you have turned in your mark-sense registration form, be sure to complete a change of address form at the Registration Office. Forms are available at Window 3, second floor, Schmitz Hall. *You are responsible for notifying the Registrar's Office of any address change.*

STUDENT INSURANCE

All students who do not specifically request a particular student insurance plan or who do not specifically state they do not wish student insurance automatically will be enrolled and billed for *student only* medical, surgical, and hospital insurance.

If you are billed for student insurance and wish to cancel your coverage, complete the appropriate section on the remittance copy of the billing statement and pay the amount billed less the indicated amount for insurance. Tuition/fees and the student health insurance premium must be paid in full by the due date to be eligible for health insurance.

International students must subscribe to the University's medical insurance. Exceptions may be granted by the International Services Office if the student presents proof of other medical insurance coverage. To be eligible for health insurance, the student must pay, in full, tuition, fees and the student health insurance premium by the due date.

WASHPIRG

An optional \$2 fee is indicated on the fee statement for the Washington Public Interest Research Group, a student research organization. If you do not desire to support this activity, simply pay the regular tuition and fees. If you want to support WASHPIRG, check the payment card and pay the regular tuition and fees plus \$2.

WITHDRAWAL FROM THE UNIVERSITY (DROPPING ALL COURSES FOR THE QUARTER)

1. Obtain an approved withdrawal form from your adviser.
2. Present the withdrawal form to the Withdrawal Office, Sections, 264 Schmitz. *Withdrawals are effective the date they are received in the Registrar's Office. Fees owed will be based on the date the withdrawal is received in the Registrar's Office. No withdrawals will be accepted after the last day of instruction, December 10.*

The fee schedule below will be followed.

Continuing Students

- a. Students withdrawing before the sixth day of the quarter do not pay tuition or fees.
- b. Students withdrawing on the sixth day or through the thirtieth calendar day continue to owe one-half of their tuition and fees.
- c. Students withdrawing after the thirtieth calendar day receive no refund of tuition or fees.

New and Returning Students

- a. Students withdrawing before the sixth day of the quarter forfeit their \$50 enrollment service fee.
- b. Students withdrawing on the sixth day or through the thirtieth calendar day of the quarter must pay one-half of regular tuition and fees or forfeit the \$50 enrollment service charge, whichever is greater.
- c. Students who withdraw officially after the thirtieth calendar day must pay full tuition and fees, including the \$50 enrollment service fee.

3. Students who were unable to turn in their withdrawal in time may petition the Cashier's Office for additional refund. Petition forms are available at the Cashier's Office, 129 Schmitz.

4. Courses dropped as part of a University withdrawal completed during the first two weeks of a quarter receive no grade and no entry is made on the student's permanent academic record. Withdrawals completed after the first two weeks result in the courses being assigned a grade of "W."

GRADING SYSTEM

The University of Washington uses a numerical grading system, with certain exceptions in the Schools of Dentistry, Law, and Medicine. Instructors may report passing grades from 4.0 to 0.7 in 0.1 increments and the grade 0.0. The number 0.0 is assigned for failing work or unofficial withdrawal. Grades in the range 0.6 to 0.1 may not be assigned. Grades reported in this range will be converted by the Registrar's Office to 0.0. For

graduate students, grades reported in the range 1.6 to 0.1 will be converted to 0.0. Numerical grades may be considered equivalent to letter grades as follows:

Undergraduate/Graduate*

| | | |
|---|-----|--|
| A | 4.0 | |
| B | 3.0 | |
| C | 2.0 | |
| | 1.7 | * Lowest grade earning credit for graduate students. |
| D | 1.0 | |
| | 0.7 | Lowest passing grade for undergraduates. |
| E | 0.0 | Failure or Unofficial Withdrawal. No credit earned. |

Additional information on grades and scholarship rules may be obtained from the Grade Information Office, 248 Schmitz.

The Grade of Incomplete

In order to obtain credit for a course in which an Incomplete has been awarded, an undergraduate student must complete the remaining work for the course by the last day of the following quarter. An Incomplete grade for a Summer Quarter course must be made up by the last day of Autumn Quarter or the Incomplete will be converted to a grade of 0.0 by the Registrar, unless the instructor has indicated when assigning the Incomplete grade that a grade other than 0.0 should be recorded if the incomplete work is not completed. This time limitation may be extended up to one year with instructor approval. Such approval must be received by the Registrar's Office before the end of the next quarter.

A graduate student who receives an Incomplete must complete the remaining work for the course by the last day of the next quarter *in residence*. An Incomplete received by a graduate student does not automatically convert to 0.0 but remains an Incomplete if the course work is not completed. This time limitation may be waived by the dean of the college in which the course was offered only if the nature of the uncompleted work is such as to make the fulfillment of this requirement impossible. In no case can an Incomplete received by a graduate student be converted to a passing grade after a lapse of two years. The Incomplete grade entry remains on the record permanently. The final grade is posted under the quarter in which the final grade is received.

Satisfactory/Not Satisfactory

Students may elect to take certain courses on a Satisfactory/Not Satisfactory basis. Advisers should be consulted, and in no case are students allowed to register for more than one course or 6 credits on a Satisfactory/Not Satisfactory basis in a given quarter. No more than 25 credits will apply to an undergraduate degree. S/NS must be elected or dropped during the official change of program period. Undergraduate students earning grades of 1.7 or above receive a grade of S (Satisfactory) while grades below 1.7 are recorded as NS (Not Satisfactory). Graduate students earning grades of 2.7 or above receive a grade of S (Satisfactory), while 2.6 or below are NS (Not Satisfactory). In cases of withdrawal, the W is recorded. Neither S nor NS are included in the grade-point average. N, I, and X are recorded until the instructor reports the final grade, or in cases of incompletes received by undergraduates, until the I is converted by the Registrar. With the approval of his or her graduate program adviser or Supervisory Committee Chairperson, a graduate student may elect to take any course for which he or she is eligible outside of his or her major academic unit on the Satisfactory/Not Satisfactory system.

Credit/No Credit-Only Courses

Some courses are offered on a CR/NC-only basis. These courses may be taken only on this basis, and it is not necessary to be in the special Credit/No Credit program to take these courses. It is not necessary to register S/NS to take these courses, because the only grades assigned by the instructor are CR (Credit) or NC (No Credit). Neither CR nor NC are included in the grade-point average. In cases of withdrawal, a W is recorded. N, I, and X are recorded until the instructor reports the final grade, or in cases of Incompletes received by undergraduates, until the I is converted by the Registrar.

Final examinations should be administered in accordance with the above examination schedule.

The dean may permit an instructor to change the time of a final examination upon prior application demonstrating good cause for such change. In such cases, the following guidelines shall be observed:

1. With the dean's permission, the final examination may be postponed or moved to an earlier time within the examination period if agreed to by all students and the instructor. Before approving the rescheduling of a final examination, the dean shall obtain assurances that the change will not have an undue adverse impact on the students. The dean shall notify the Registrar of the approval granted for changing the date of a final examination.

2. An instructor shall not, except in very unusual circumstances, grant permission to individual students for an early examination. If the student is unable to take an examination on the scheduled date, the procedure outlined in the following paragraph should be followed.

3. A student absent from any examination, or other required class activity, either by permission of the dean or through sickness or other unavoidable cause, shall be given an opportunity to complete the required work, or its equivalent, at some other time. If the instructor determines

this is not feasible during the current quarter, the instructor shall exempt the student from the requirement or give the student a grade of Incomplete if his or her work in the course is otherwise satisfactory. The student may remove this Incomplete in the manner provided for the removal of Incomplete grades. In all other cases of absence from the scheduled final examination, a student should be given a grade of 0.0.

4. Classes that meet on the hour use the first full hour of instruction to determine the time of examination. For example, a class that meets at 10 a.m. uses the 10:30 a.m. examination time.

5. Classes that begin on the half hour and last longer than one hour use the actual starting time to determine the examination time. For example, a class that meets at 7:30 a.m. and continues until 9:00 a.m. would use the 7:30 time.

6. Classes in which the entire class meets at the same hour every day, in the same room, may use that room at 8:30 or 2:30 for a three-hour examination. All other examinations are limited to one hour and fifty minutes unless other arrangements are made with Room Assignments.

7. If an examination is held at a time other than the above schedule indicates, instructors must check with Room Assignments to make sure that the room is going to be available.

Questions concerning the examination schedule should be directed to Room Assignments, 543-1080.

GUIDE TO COURSE LISTINGS

The information published in the *Time Schedule* is subject to change. The instructor for a particular course may be changed, or the instructor may use assistants in teaching the course. Additionally, courses listed in this publication may be cancelled in the event of insufficient enrollment.

Course, term, and section information is listed in the following columnar order:

Entry card required symbol (> > >), if appropriate

Schedule line number

x-ray film, film processing, the radiographic image, image intensifiers, cine and videotape systems, tomography, magnification radiography, exposures to patients and personnel, xerography, receiver operating characteristics, image enhancement, field emission radiography, ultrasound and computerized tomography. Offered on a credit/no credit basis only. Prerequisite: resident physician standing, or permission of instructor.

SCHOOL OF NURSING

NURS 558 Advanced Occupational Health Nursing (5)

The integration of occupational health and community health nursing principles into a framework for occupational health nursing. Concepts from community health nursing theory, industrial hygiene, epidemiology, and toxicology are examined. Students have the opportunity to synthesize concepts and explore in depth selected occupational health problems. Includes evaluation and application of theories and research findings. Prerequisites: 550, 450, 458, ENVH 453, 571 and/or permission of instructor.

SCHOOL OF PUBLIC HEALTH AND COMMUNITY MEDICINE

PATHOBIOLOGY

PABIO 583 Seminars on Frontier Membrane Research (1, max. 4)

Research seminars on structure and function of cell surface membranes are presented for postdoctoral fellows and graduate students. A detailed discussion on experimental design based on current topics of cell surface structure and function will be made among researchers in the Dept. of Pathobiology, and Division of Biochemical Oncology, Fred Hutchinson Cancer Research Center. This course can be regarded as advanced stage supplement to the membrane course #525.

INDEPENDENT STUDY THROUGH CORRESPONDENCE

The Office of Independent Study provides University courses for extension credit primarily by correspondence instruction to persons who wish individual instruction. Fees for Independent Study courses are separate from residence tuition and are \$20 per credit. Enrollment is not based on the quarter system but is continuous throughout the year, with one calendar year allowed to complete a course.

A regularly enrolled student who wishes to register for additional courses for Independent Study credit should consult his or her departmental adviser prior to enrolling in an Independent Study course. Applications and additional information on enrollment procedures may be obtained from the Independent Study office, 222 Lewis, or by telephoning 543-2350.

The following courses are currently offered by Independent Study (credits in parentheses; * indicates variable credit, to be arranged by student and instructor).
