GENERAL INFORMATION

It is the University's expectation that a student will follow University rules and regulations as they are stated in the *General Catalog*. In instances where no appeal procedure is spelled out and the student is persuaded that a special set of circumstances makes appeal reasonable, he or she may appeal the application of specific rules or regulations to the office of the dean of the school or college in which he or she is enrolled in the case of an academic matter, or to the Office of Student Affairs in the case of a nonacademic matter. These offices will either render a decision on the appeal or refer the student to the proper office for a decision.

GUARANTEED REGISTRATION ELIGIBILITY

University of Washington students who remain in good scholastic standing are guaranteed the opportunity to register each quarter as long as they maintain continuous enrollment (Summer Quarter excepted). Continuation must be in the same classification, e.g., undergraduate, postbaccalaureate (fifth-year), graduate, etc. Once a student earns a baccalaureate degree, he or she must apply for readmission as a postbaccalaureate (fifth-year), nonmatriculated, or graduate student. Exceptions to the guarantee are: (1) students under disciplinary action, (2) students with a financial hold, or (3) students not meeting departmental continuation policies.

If an undergraduate does not enroll for one or more quarters, or if a graduate student goes on-leave, he or she must file an application for readmission, including payment of \$10 application fee, with the Registrar's Office. Information on admission closing dates is available at Window 3, second floor, Schmitz Hall, or by calling 543-5920.

FULL-TIME STUDENT REQUIREMENT

Some students think that because they pay full fees they are considered full-time students. This is incorrect. To be considered a full-time student, an undergraduate must register for 12 credits and a graduate student must register for 9 credits. The full-time registration requirement varies for different agencies. Information on full-time requirements of the Veterans Administration, Immigration and Naturalization Service, and Social Security Administration may be obtained at Schmitz Hall. Consult the Financial Aid Office for its requirement on satisfactory student progress.

NONMATRICULATED STUDENTS

Nonmatriculated students register September 22 and enroll only on a space-available basis. Because nonmatriculated students register after all other students, enrollment may be closed in the following areas: mathematics, English composition, beginning foreign languages (particularly French and Spanish), business, and art. Nonmatriculated students may participate in preregistration for the Summer Quarter.

TUITION-EXEMPT FACULTY/STAFF

With the approval of their department heads, regularly admitted full-time UW faculty and staff members who have been employed six months or more may take up to 6 credits per quarter under the tuition exemption program. According to legislative action, all registrations must be on a space-available basis after other students have registered. Members of the faculty and staff who wish to utilize the exemption may not preregister; registration may occur no earlier than the last day of the registration period. Faculty/staff who register before the last day will not be eligible to use a tuition exemption that quarter. Registration appointments are not required. New faculty/staff members must be officially admitted by the Office of Admissions by the regular admission closing date: May 1 is the closing date for Autumn Quarter. Faculty/staff members who are former students returning either in the same classification or as nonmatriculated students should apply at the Registration Office, Window 8, second floor, Schmitz Hall.

Employees should present their approved tuition exemption cards at Sections, Odegaard Undergraduate Library, according to the schedule listed below. A \$5 registration fee will be collected at the time of registration. The alphabetical priority will change each quarter. Regularly admitted faculty and staff members who are unable to meet this schedule may register late by paying \$20 if registering by the tenth day of the quarter; \$50 if registering after the tenth day of the quarter.

Autumn Quarter Registration Date: September 22, 1982

Last names beginning with L-M (8-9 a.m.); N-O-P (9-10 a.m.); Q-Z (10-11 a.m.); A-B (11 a.m.-noon); C (noon-1 p.m.); D-E-F (1-2 p.m.); G-H (2-3 p.m.); I-J-K (3-4 p.m.); makeup (4-4:30 p.m.).

Tuition-exempt faculty/staff are not entitled to other student services such as those available at the Hall Health Center and the Intramural Activities Building. Therefore, UW student cards will not be issued to faculty and staff. Faculty/staff identification cards may be used for library services.

"ACCESS" PROGRAM FOR OLDER ADULTS

The University of Washington waives tuition for Washington residents sixty years or older who wish to attend classes as auditing students, on a space-available basis. The fee is \$5, whether one or two courses are attended. As auditors, they do not receive credit and are not expected to do laboratory work or to take examinations. Students who attend the University under the Access program are limited to two courses per quarter. Registration may be made in person on Wednesday, September 22, between 8 a.m. and 2 p.m. at the Sections branch office, in the basement of the Odegaard Undergraduate Library. Interested students should proceed to the area marked Access. For additional information on mail-in registration or about the program in general, telephone Continuing Education, 545-7418, between 9 a.m. and noon.

AUDITORS

Auditors, except those under the Access program, pay standard tuition and fees and must be regularly admitted and registered in the course.

Attendance in courses as an auditor is by consent of the instructor involved and is conditioned by the extent to which space is available. Permission to audit is ordinarily granted for lecture classes only. An auditor may not participate in class discussion or laboratory work, and his or her registration may be canceled at the discretion of the instructor.

No entry is made on the permanent record for courses audited. To receive credit for an audited course, the student must register for the class for credit in a subsequent quarter.

Auditors follow registration instructions below.

DISABLED STUDENTS

Various support services, including priority registration, are available to students with disabilities. Contact the Coordinator for Disabled Students, 468 Schmitz, 543-8924, for information on equipment, technical aids, and accommodations to meet individual needs. Access: *University of Washington*, a guidebook to buildings on the campus, and an accompanying map may be obtained from the office.

Students with disabilities who register for a science laboratory class should telephone the Disabled Students Service Coordinator, 543-8924, and the academic adviser of that department immediately to evaluate whether some accommodation of the facilities will be necessary.

ATHLETIC EVENTS

Students may purchase a Husky Football Season Pass at the Husky Ticket Office, 101 Graves, or at the HUB Ticket Office, for admission to the following athletic events: football, soccer, and volleyball. For additional information, telephone 543-2200.

REGISTRATION INSTRUCTIONS

ACADEMIC ADVISER

See an academic adviser to discuss your educational objectives and to learn the procedures involved in registering at the Univer-

sity. Have an idea of the courses you would like to take before seeing an adviser by reviewing the *General Catalog* and the quarterly *Time Schedule*.

PREREGISTRATION

1. Eligibility

Preregistration is reserved for all continuing students *except* tuition-exempt faculty/staff, older adults auditing under the Access program, and nonmatriculated students. These last three groups may register only during the last day of in-person registration (see General Information section for specific registration dates).

Continuing students who withdraw during the first week of two consecutive quarters (Summer Quarter excepted) will not be eligible to register as continuing students for the third quarter. Such students must reapply as former students returning to the University. For example, a student who withdraws during the first week of Spring Quarter and Autumn Quarter must reapply as a returning former student for Winter Quarter.

2. Submitting the Preregistration Form

Mark-sense registration forms are available at advisory offices and at Registration Office, Window 3, second floor, Schmitz Hall. Please note that some courses listed in the *Time Schedule* have restricted enrollment and will require entry cards. Also, undergraduates will not be scheduled for more than 19 credits until the first day of the quarter. This is done to allow all students a chance to develop a basic program.

Students preregistering may turn in forms at:

- Registration lobby, second floor, Schmitz Hall
- B10 Padelford
- Fourth-floor student lounge, T-wing, Health Sciences Building
- Engineering Advising Office

3. If You Miss Preregistration

Obtain an in-person registration appointment and register by September 21 at Window 8, Schmitz Hall. After September 21 you will be required to register late and to pay a \$20 late registration fee at the Cashier's Office, 129 Schmitz, if registering by the tenth day of the quarter; \$50 after the tenth day of the quarter.

4. Schedule of Classes

All students who preregister will be scheduled by computer at one time. The scheduling priority is: freshmen, seniors, graduate students, postbaccalaureate (fifth-year) students, juniors, and sophomores. Schedules will be mailed June 14.

5. Registered Students

Students who preregister and do not get scheduled into any courses are not considered registered students. Their names are not included on the current file of registered students, and they are not eligible for preregistration the following quarter. Students in this category must submit a Former Student Application for the next quarter they wish to attend the University.

IN-PERSON REGISTRATION

1. Eligibility

In-person registration is primarily for newly admitted and returning former students. Continuing matriculated students who miss preregistration, tuition-exempt faculty/staff, older students in the Access program, and nonmatriculated students also register during in-person registration. All students, except Access students, must be admitted to the University before attempting to register. When you have confirmed your admission you will be issued a registration appointment.

2. How to Register

On or before your registration date, obtain a *Time Schedule* and a Registration Instructions worksheet from your advisory office or from the Registration Office, second floor, Schmitz Hall. (These may also be obtained in the Odegaard Undergraduate Library registration area *while registration is in progress*.) Obtain permission and/or course entry cards (if required) as indicated in the *Time Schedule* before your registration is processed. Once your registration is completed by the Sections staff, you are obligated for tuition and fee payment unless you officially withdraw by the fifth class day. Undergraduates will not be scheduled for more than 19 credits until the first day of the quarter. This is done to allow all students a chance to develop a basic program.

3. Submitting the Registration Worksheet

- New and returning former students register by appointment only on June 24–August 20, September 16–21 at Window 3, second floor, Schmitz Hall.
- If you are a continuing matriculated student who did not preregister, you must obtain an in-person registration appointment

and register by September 21. Continuing students who request in-person registration appointments and register after September 21 will be required to register late during the first ten days of school and to pay the \$20; after the first ten days of the quarter, pay \$50.

- If you are registering September 16–21, go to the Sections branch office, Odegaard Undergraduate Library, on the date and time indicated on your registration appointment. 353 Loew will be closed for registration. Engineering students will register in the Odegaard Undergraduate Library.

- Nonmatriculated students may register only on September 22. Appointments are available at Window 8, second floor, Schmitz Hall.

- Tuition-exempt faculty/staff members and students in the Access program register only on September 22.

4. Schedule of Classes

- If you register June 24–August 20, your schedule of classes will be mailed to the address you indicate on the registration form. All students registering during this period are scheduled by computer at one time. The scheduling priority is: freshmen, seniors, graduate students, postbaccalaureate (fifth year) students, juniors, and sophomores. Schedules will be mailed September 7.

- If you register September 16–22, your courses will be scheduled while you wait and you will be given a copy of your completed program when you have finished registering.

ENTRY CARDS

Certain courses and sections require entry cards for registration. Students who request these courses (and/or sections) on their registration request forms will not be registered in the courses unless the requests are accompanied by entry cards. An entry card alone is not sufficient. The course and schedule line number (SLN on entry card) must also be requested on the mark-sense registration form. Obtain course entry cards for courses designated with the symbol >>> in the margin of the *Time Schedule*. Information on where to obtain entry cards is found in the body of the *Time Schedule*, either as a comment before the course listing or just after the title of the course.

LATE REGISTRATION

Students who register after the official registration period will be charged a \$20 late registration fee, payable at the Cashier's Office, 129 Schmitz, if registering by the tenth day of the quarter; \$50 after the tenth day of the quarter.

REGISTRATION CHANGES

1. Change Appointments and Late Fee

- All changes to a student's program should be completed during the official change periods (see calendar). Changes are made by appointment only. Appointments are available at Window 3, second-floor lobby, Schmitz Hall. A student who arrives more than a half-hour late will be required to make a new appointment.

Students in the schools/colleges of Medicine, Dentistry, Nursing, Pharmacy, Public Health and Community Medicine, Ocean and Fishery Sciences, and Forest Resources may make changes during the first week of the quarter, without an appointment, in the lobby of the T-wing, Health Sciences Building.

Engineering students may make registration changes in 110 Engineering Library. No appointments will be necessary for the engineering satellite registration station. Both the T-wing and engineering satellite station will close on Wednesday evening of the second week of the quarter. Changes on Thursday and Friday of the second week will be made in the Odegaard Undergraduate Library; after the second week, in 264 Schmitz.

Changes made after the change periods cost \$15 and may result in fee forfeiture (see item 3 of this section).

- Students will be expected to present Autumn Quarter 1982 University of Washington student identification cards when requesting appointments. No more than one change appointment will be issued to a student at a time. Additional change appointments will be issued only after the initially assigned appointment has been used or the date has expired.

2. Grades in Dropped Courses and Drop Restrictions

- Undergraduates. Undergraduate students who drop courses after the change periods receive no entry on their academic record if the drop is made during the first two weeks of the quarter. Drops made during the third and fourth weeks of the quarter will be recorded with a "W." No drops are permitted after the fourth week except for a limited number determined by the number of credits

WASHPIRG

An optional \$2 fee is indicated on the fee statement for the Washington Public Interest Research Group, a student research organization. If you do not desire to support this activity, simply pay the regular tuition and fees. If you want to support WASHPIRG, pay the regular tuition and fees plus \$2.

WITHDRAWAL FROM THE UNIVERSITY (DROPPING ALL COURSES FOR THE QUARTER)

1. Obtain an approved withdrawal form from your adviser.
2. Present the withdrawal form to the Withdrawal Office, Sections, 264 Schmitz. *Withdrawals are effective the date they are received in the Registrar's Office.* Fees owed will be based upon the date the withdrawal is received in the Registrar's Office. No withdrawals will be accepted after the last day of instruction, December 8.

Continuing students who withdraw during the first week of two consecutive quarters (Summer Quarter excepted) will not be eligible to register as continuing students for the third quarter. Such students must reapply as former students returning to the University. For example, a student who withdraws during the first week of Spring Quarter and Autumn Quarter must reapply as a returning former student for Winter Quarter.

The forfeiture schedule below will be followed.

Continuing Students

- a. Students withdrawing before the sixth day of the quarter do not pay tuition or fees.
- b. Students withdrawing on the sixth day or through the thirtieth calendar day continue to owe one-half of their tuition and fees.
- c. Students withdrawing after the thirtieth calendar day continue to owe full tuition and fees.

New and Returning Students

- a. Students withdrawing before the sixth day of the quarter forfeit their \$50 enrollment service fee.
- b. Students withdrawing on the sixth day or through the thirtieth calendar day of the quarter must pay one-half of regular tuition and fees or forfeit the \$50 enrollment service charge, whichever is greater.
- c. Students who withdraw officially after the thirtieth calendar day must pay full tuition and fees, including the \$50 enrollment service fee.
3. Students who were unable to turn in their withdrawal in time may petition the Cashier's Office for additional refund. Petition forms are available at the Cashier's Office, 129 Schmitz.
4. Courses dropped as part of a University withdrawal completed during the first two weeks of a quarter receive no grade and no entry except date of withdrawal is made on the student's permanent academic record. Withdrawals completed after the first two weeks result in the courses being assigned a grade of "W."

GRADING SYSTEM

The University of Washington uses a numerical grading system with certain exceptions in the schools of Dentistry, Law, and Medicine. Instructors may report grades from 4.0 to 0.7 in 0.1 increments and the grade 0.0. The number 0.0 is assigned for failing work or unofficial withdrawal. Grades in the range 0.6 to 0.1 may not be assigned. Grades reported in this range will be converted by the Registrar's Office to 0.0. For graduate students, grades reported in the range 1.6-0.1 will be converted to 0.0. Numerical grades may be considered equivalent to letter grades as follows:

Undergraduate/Graduate*

A	4.0-3.9	
A-	3.8-3.5	
B+	3.4-3.2	
B	3.1-2.9	
B-	2.8-2.5	
C+	2.4-2.2	
C	2.1-1.9	
C-	1.8-1.5	* Lowest grade earning credit
D+	1.4-1.2	for graduate students is 1.7.
D	1.1-0.9	

D-	0.8-0.7	Lowest passing grade for undergraduates.
E	0.0	Failure or Unofficial Withdrawal. No credit earned.

Additional information on grades and scholarship rules may be obtained from the Grade Information Office, 248 Schmitz.

Repeating Courses

Commencing Winter Quarter 1983, undergraduates may repeat only courses in which they received grades of less than 2.0 and they may repeat the course only once. The last grade will not cancel the first grade, as has been the practice. Instead, both grades will be averaged. As an example, if a student earns a 1.0 the first time and a 2.0 the second, the cumulative effect upon the grade-point average will be 1.5. Credits will count toward the degree only once. This policy change has been postponed from Winter Quarter 1982 to Winter Quarter 1983.

The Grade of Incomplete

In order to obtain credit for a course in which an Incomplete has been awarded, an undergraduate student must complete the remaining work for the course by the last day of the following quarter. An Incomplete grade for a Spring Quarter course must be made up by the last day of Autumn Quarter or the Incomplete will be converted to a grade of 0.0 by the Registrar, unless the instructor has indicated when assigning the Incomplete grade that a grade other than 0.0 should be recorded if the incomplete work is not completed. This time limitation may be extended up to one year maximum with instructor approval. Such approval must be received by the Registrar's Office before the end of the next quarter.

A graduate student who receives an Incomplete must complete the remaining work for the course by the last day of the next quarter in residence. An Incomplete received by a graduate student does not automatically convert to 0.0 but remains an Incomplete if the course work is not completed. This time limitation may be waived by the dean of the college in which the course was offered only if the nature of the uncompleted work is such as to make the fulfillment of this requirement impossible. In no case can an Incomplete received by a graduate student be converted to a passing grade after a lapse of two years. The Incomplete grade entry remains on the record permanently. The final grade is posted under the quarter in which the final grade is received.

Satisfactory/Not Satisfactory

Students may elect to take certain courses on a Satisfactory/Not Satisfactory basis. Advisers should be consulted, and in no case are students allowed to register for more than one course or 6 credits on a Satisfactory/Not Satisfactory basis in a given quarter. No more than 25 credits will apply to an undergraduate degree. *S/NS must be elected or dropped during the official change of program period.* Undergraduate students earning grades of 1.7 or above receive a grade of S (Satisfactory) while grades below 1.7 are recorded as NS (Not Satisfactory). Graduate students earning grades of 2.7 or above receive a grade of S (Satisfactory), while 2.6 or below are recorded as NS (Not Satisfactory). In cases of withdrawal, the W is recorded. Neither S nor NS are included in the grade-point average. N, I, and X are recorded until the instructor reports the final grade, or in cases of incompletes received by undergraduates, until the I is converted by the Registrar. With the approval of his or her graduate program adviser or Supervisory Committee Chairperson, a graduate student may elect to take any course for which he or she is eligible outside of his or her major academic unit on the Satisfactory/Not Satisfactory system.

Credit/No Credit-Only Courses

Some courses are offered on a CR/NC-only basis. It is not necessary to register S/NS to take these courses, because the only grades assigned by the instructor are CR (Credit) or NC (No Credit). Neither CR nor NC is included in the grade-point average. In cases of withdrawal a W is recorded. N, I, and X are recorded until the instructor reports the final grade, or in cases of Incompletes received by undergraduates, until the I is converted by the Registrar.

The University of Washington provides equal opportunity in education without regard to race, color, national origin, sex, age, or handicap in accordance with Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and the Age Discrimination Act of 1975.

AUTUMN QUARTER 1982 CALENDAR

June 24–August 20

IN-PERSON REGISTRATION by appointment only at the Registration office, second floor, Schmitz Hall, for matriculated students.

September 10

Change of registration appointments available at Window 2 or 3, second floor, Schmitz Hall, for students who have received a schedule of classes. Engineering majors do not need change appointments for first week of school. Students will be expected to present UW Autumn Quarter 1982 student identification cards when requesting appointments. Students who make the following changes only are not required to have an appointment: (a) to or from Satisfactory/Not Satisfactory grading; (b) in the credit for a variable credit course; (c) drop a course. Evening-only students may change their program without an appointment any time after 5 p.m. and no later than 6:15 p.m. during the first week of school. Evening-only students should go directly to Sections in the Undergraduate Library cafeteria.

September 14, 15

OFFICIAL CHANGE OF REGISTRATION FOR ALL STUDENTS by appointment only, at the Sections branch office, Odegaard Undergraduate Library (use cafeteria entrance), for students who have received a schedule of classes.

September 16, 17, 20, 21

IN-PERSON REGISTRATION by appointment only at the Sections branch office, Odegaard Undergraduate Library (use cafeteria entrance), for matriculated students.

September 22

IN-PERSON REGISTRATION FOR NONMATRICULATED STUDENTS, by appointment only, at Sections branch office, Odegaard Undergraduate Library (use cafeteria entrance).

September 22

IN-PERSON REGISTRATION FOR TUITION-EXEMPT FACULTY/STAFF. See *Time Schedule* for appointment times, which are assigned according to last name. Register at the Sections branch office, Odegaard Undergraduate Library (use cafeteria entrance).

September 22

IN-PERSON REGISTRATION FOR "ACCESS" STUDENTS at Sections branch office, Odegaard Undergraduate Library (use cafeteria entrance).

September 28–October 4

OFFICIAL CHANGE OF REGISTRATION, by appointment only, at the Sections branch office, Odegaard Undergraduate Library for students other than engineering majors, who go to 110 Engineering Library. Appointments are not necessary.

September 28 (Tuesday)

Instruction begins.

October 4

Deadline for: (1) changes to or from S/NS grading; (2) adding a course without instructor's permission; (3) adding or dropping a course without being assessed a \$15 change fee. Courses dropped after this date will be included in the tuition calculation. A change fee of \$15 and a tuition forfeiture will be assessed after this date.

October 4

Last day for official withdrawal from the University without owing tuition or fees.

October 4

Fee statements mailed to all registered students.

October 8

Last day to drop a course without entry on permanent record.

October 8

Last day to add a course without dean's permission (Arts and Sciences and graduate students do not need permission of the dean to add a class at any time during the quarter).

October 8

Last day to return approved applications to 207 Schmitz for credit by examination.

October 8

Applications for baccalaureate degrees for Autumn Quarter 1982 for Arts and Sciences must be submitted to B21 Padelford.

October 15

Applications for baccalaureate degrees and certificates to be conferred Autumn Quarter 1982 must be submitted to the Graduation Office, 207 Schmitz.

October 15

Fee payment deadline for all registered students.

October 18–22

Late-payment period (requires a \$25 late-payment fee).

October 22

Last day for undergraduate, postbaccalaureate (fifth-year), and nonmatriculated students to drop a course, except for peremptory drops and hardship withdrawal.

October 27

Last day to hand-deliver an application for resident status to the Residence Classification Office, 320 Schmitz. Applications may be postmarked October 27 if mailed at the Terminal Annex at Third Avenue South and South Lander Street.

Fifth Week of the Quarter

Credit by examination. Students must make arrangements with the Educational Assessment Center, 543-1170.

November 11

Veterans Day holiday.

November 12

Last day for graduate students to drop a course.

November 25, 26

Thanksgiving recess.

December 8

Last day of instruction.

December 8

Last day to withdraw from the University.

December 9–16

Final examinations.

December 20

Grades due by 9 a.m. at Grade Information Office, 248 Schmitz.

Autumn Quarter 1982 Examination Schedule

The last day of instruction is Wednesday, December 8.

HOUR lecture session actually meets during quarter	Hour and day on which examination occurs, by days of class meeting in the week.				
	Meeting four times a week, or daily	MWF: MT: MW: MF: WF: MWTh: MTh	TTh: T: Th: TThF: MTTh: TW: TF: TWTh	M: W: F: S Meeting once a week	Day of examination

EVENING CLASSES (5:30 or thereafter)	8-10 p.m. Thursday December 16	8-10 p.m. Monday December 13	8-10 p.m. Tuesday December 14	8-10 p.m. Wednesday December 15	
Make-ups Incomplete Removals Conflicts	When mutually agreeable to faculty members and students concerned, provided scheduled <i>no later than</i> Friday, December 16.				

Final examinations should be administered in accordance with the above examination schedule.

The dean may permit an instructor to change the time of a final examination upon prior application demonstrating good cause for such change. In such cases, the following guidelines shall be observed:

1. With the dean's permission, the final examination may be postponed or moved to an earlier time within the examination period if agreed to by all students and the instructor. Before approving the rescheduling of a final examination, the dean shall obtain assurances that the change will not have an undue adverse impact on the students. The dean shall notify the Registrar of the approval granted for changing the date of a final examination.
2. An instructor shall not, except in very unusual circumstances, grant permission to individual students for an early examination. If the student is unable to take an examination on the scheduled date, the procedure outlined in the following paragraph should be followed.
3. A student absent from any examination, or other required class activity, either by permission of the dean or through sickness or other unavoidable cause, shall be given an opportunity to complete the required work, or its equivalent, at some other time. If the instructor determines this is not feasible during the current quarter, the instructor shall exempt the student from

the requirement or give the student a grade of Incomplete if his or her work in the course is otherwise satisfactory. The student may remove this Incomplete in the manner provided for the removal of Incomplete grades. In all other cases of absence from the scheduled final examination, a student should be given a grade of 0.0.

4. Classes that meet on the hour use the first full hour of instruction to determine the time of examination. For example, a class that meets at 10 a.m. uses the 10:30 a.m. examination time.
5. Classes that begin on the half hour and last longer than one hour use the actual starting time to determine the examination time. For example, a class that meets at 7:30 a.m. and continues until 9:00 a.m. would use the 7:30 p.m. time.
6. Classes in which the entire class meets at the same hour every day, in the same room, may use that room at 8:30 a.m. or 2:30 p.m. for a three-hour examination. All other examinations are limited to one hour and fifty minutes unless other arrangements are made with Room Assignments.
7. If an examination is held at a time other than the above schedule indicates, instructors must check with Room Assignments to make sure that the room is going to be available.

Questions concerning the examination schedule should be directed to Room Assignments, 543-1080.

GUIDE TO COURSE LISTINGS

The information published in the *Time Schedule* is subject to change. The instructor for a particular course may be changed, or the instructor may use assistants in teaching the course. Additionally, courses listed in this publication may be canceled in the event of insufficient enrollment.

Course, term, and section information is listed in the following columnar order:

Entry card required symbol (>>>), if appropriate

Schedule line number

Department

Course number

Term designation—if *a* or *b* term

Section designation

Section type—laboratory, quiz, or conference

Credits—listed with lecture section only; slash (/) means *or*; 2.5 means 2½ credits; hyphen (-) means *to*; VAR means variable credit and any number of credits may be elected (however, frac-

tional credit registration—e.g., ½ credit—cannot be processed for variable credit courses where the credit may vary from student to student in a single quarter)

Honors (H), Permission Required (#), or New Course (%), as appropriate

Day(s) of meeting (ARR means "to be arranged")

Time of meeting

Place of meeting (** means "to be arranged")

Course title and remarks—CR/NC ONLY means course offered for credit/no credit grading only

Name of instructor

NEW COURSES FOR AUTUMN QUARTER 1982

The following list includes new courses that will be offered Autumn Quarter 1982, which were added to the University curriculum after publication of the 1982-84 General Catalog. Consult the appropriate academic department for information on courses not listed below.

COLLEGE OF ARCHITECTURE AND URBAN PLANNING

ARCHITECTURE

ARCH 200 Introduction to Architecture (9)

A series of lectures, laboratories and demonstration which introduce the basic curricular elements of architecture, including, design, graphics, structures, building science, person-environment-relations, history, theory and professional practice. Prerequisites: open to non-majors with sophomore standing.

COLLEGE OF ARTS AND SCIENCES

AFRO-AMERICAN STUDIES

AFRAM 270 The Black Orator's Workshop (5)

Basic elements of oratory, studied through orations of Afro-American orators and others. Research, practice, and presentation of orations with emphasis on structure, form, content and delivery.

ANTHROPOLOGY

ANTH 555 Techniques of Network Analysis (5)

Theory and technique in the analysis of social networks and other relational structures as formal nets or digraphs, with applications to anthropological problems. Key concepts, and experience in using APL to analyze relational matrices. No prior background in computers or advanced math pre-supposed.

ART HISTORY

ART H 561 Seminar in Italian Renaissance Art (3, max. 9)

Problems and in-depth study of selected topics of the art of the Italian Renaissance. Prerequisite: permission of graduate adviser.

INSTITUTE FOR ENVIRONMENTAL STUDIES

ENV S 577 Risk Assessment for Environmental Health Hazards (3)

Examines the context, methodologies, types of data, uncertainties and institutional arrangements for risk assessment. Both qualitative and quantitative approaches to the identification, characterization, and control of environmental hazards to health emphasized through didactic and case studies. Offered jointly with ENVH 577, CEWA 577, PB AF 577. Prerequisites: 415, EPI 511 and BIOST 511.

PSYCHOLOGY

PSYCH 322 Introduction to Drugs and Behavior (3)

Basic concepts of drug action emphasizing the behavioral consequences of the intake of a variety of drugs. Prerequisite: 222

SCANDINAVIAN LANGUAGES AND LITERATURE

Scandinavian

SCAND 499 Independent Study or Research (1-5, max. 10)

Independent study or research in Scandinavian area studies. May be done in a Scandinavian language or in English. Prerequisite: permission of instructor.

SCHOOL OF BUSINESS ADMINISTRATION

QUANTITATIVE METHODS

QMETH 304 Business Information Systems (4)

Computer processing systems, data organization, and design and development activities required to develop business information systems. Continued study of structured design and BASIC programming using interactive computing facilities. Prerequisite: 222

COLLEGE OF DENTISTRY

ORAL BIOLOGY

ORALB 568 Biom mineralization (2)

Covers the ontogeny, microscopic and submicroscopic organization and the chemistry of bones and teeth in mammals. Mineral metabolism, crystallographic structure, mechanical properties and experimental models of biom mineralization are considered. For graduate students and advanced students in Dentistry and Medicine. Prerequisite: senior undergraduates with permission of course instructor.

COLLEGE OF EDUCATION

EDUCATIONAL CURRICULUM & INSTRUCTION

EDC&I 353 Introduction to Teaching in the Elementary School (3)

A basic course emphasizing selected teaching modes: classroom management procedures; grouping to accommodate pupils with special needs; utilization of learning resources; and the evaluation of teaching.

EDC&I 354 Introduction to Teaching in the Secondary School (3)

A basic skills development course in instructional methods, lesson planning, classroom management procedures, and the evaluation of teaching.

COLLEGE OF ENGINEERING

CHEMICAL ENGINEERING

CH E 572 Advanced Polymeric Composites (3)

Aspects for design, manufacture, and properties of organic and inorganic particle and fiber reinforced polymers. Emphasis on advanced techniques for characterization of processing and properties including anisotropic elasticity/viscoelasticity theory, polymerization and network formation of matrices, theory of reinforcement, environmental and chemical effects. Prerequisites: 571 or CER E 423 or permission of instructor.

CIVIL ENGINEERING

Water and Air Resources

CEWA 540 Hydrodynamics (4)

Applications of equations of motion to ideal and real fluids. Fluid potential motion; viscous flows; Navier-Stokes equations and some exact solutions; boundary layer theory; introduction to turbulence. Emphasis on application of field equations to problems, including free surface flows, of engineering significance. Prerequisite: CIVE 342 or equivalent.

CEWA 577 Risk Assessment for Environmental Health Hazards (3)

ENV S 577

ENGINEERING

ENGR 123 Introduction to Engineering Graphics (2)

Introduction to engineering graphics including freehand sketching, lettering, scales, use of instruments, layout drawings, orthogonal projection, descriptive geometry, pictorials and basic dimensioning. Emphasis on communicating technical information in engineering design and research. Brief introduction to computer-aided design. Prerequisite: interest in engineering.

ENGR 124 Engineering Graphics with an Introduction to Design (3)

Emphasizes engineering graphics for developing design and research ideas; freehand sketching, layout, detail and assembly drawings, plus applied descriptive geometry. Design projects assigned to illustrate design processes and application of engineering graphics in design and research. Additional topics include graphical mathematics, report preparation, computer-aided-design and patent drawings. Prerequisite: 123 or equivalent

ENGR 130 Introduction to Technical Communication (3)

Principles of organizing, developing and expressing technical ideas. Emphasizes report forms and rhetorical patterns common to technical writing, i.e., definition, descriptions, classifications and cause and effect. Types of writing that students do during the course of their professional education.

COLLEGE OF FOREST RESOURCES

PHYSICAL SCIENCES

FOR P 300 Timber Harvesting Management (3)

Timber harvesting methods and planning procedures. Logging costs and production. Safety and environmental considerations. Designed for forest managers and other non-engineering majors.

SCHOOL OF MEDICINE

HUMAN BIOLOGY

HUBIO 516P P-Cell Biology (2)

Structure and function of cell components, interactions of cells with their substates and with other cells and events of cell differentiation, including the cell cycle, cell proliferation and cell potential. Emphasizes basic aspects of cell biology relevant to medicine and complements concurrent and subsequent courses.

ORTHOPAEDICS

ORHP 585P P-Sports Medicine (2)

Lectures, patient problem presentations and seminar discussions used to explore impact of exercise and sport participation on various body systems. Biomechanics of certain sports injuries and adaptations of cardiovascular, pulmonary and muscle functions. Sport participation at different ages and nutrition concerns in sports. Prerequisites: second year med students.

PSYCHIATRY AND BEHAVIORAL SCIENCES

PBSCI 675P P-Clerkship in Consultation/Liaison Psychiatry American Lake (8/72)

Assessment and treatment of patients with acute and chronic medical illness: COPD, cardiac disease, cancer, neurologic diseases such as M.S., Huntington's Chorea and blindness. Emphasis on psychosocial implications for patients, families and impact on staff. Prerequisites: completion of 664,665 or 666.

REHABILITATION MEDICINE

REHAB 404 PT Management of Musculoskeletal Disorders: General (3)

Lectures on biomechanics, functional anatomy, arthrology and lab sessions in massage, relaxation, soft tissue techniques, general neuromuscular and musculoskeletal evaluation techniques: posture and alignment. Also included are lectures and discussion on pain, arthrology and pathology. Prerequisite: physical therapy major standing.

SCHOOL OF NURSING

COMMUNITY HEALTH CARE SYSTEMS

CHCS 578 Health, Care, and Community (3)

Analysis of health care in community from nursing and behavioral science perspectives. Socio-cultural influences on health beliefs and practices, natural care units, and community life patterns analyzed. Community as both context and target of change explored in relation to nursing approaches in health promotion and maintenance. Prerequisites: graduate standing.

PARENT AND CHILD NURSING

PCN 514 Coping Strategies of Well and Sick Children (3)

Focus on gaining knowledge and skill in helping well and sick children cope in supportive and nonsupportive environments. Emphasis on fit between coping strategies and environment, adaptation to environment, adjustment of environment to child's needs. Prerequisites: completion of first year of program, course in growth and development, or permission of instructor.

SCHOOL OF PUBLIC AFFAIRS

PB AF 537- Tribal Administration Seminar (3-)

Examines historical and contemporary role of Indian tribes and Indian policies including pertinent legislation; Indian treaties, tribal constitutions; tribal government structure; role of the Bureau of Indian Affairs; Federal Indian policies; tribal relationships with Federal, state, and local governments; current policy issues; and role of tribal members and community in tribal affairs. Readings, speakers, site visits, and working materials such as tribal constitutions and treaties are used to examine exterior forces that impact tribes.

PB AF 577 Risk Assessment for Environmental Health Hazards (3)

See ENV S 577

SCHOOL OF PUBLIC HEALTH AND COMMUNITY MEDICINE

BIOSTATISTICS

BIOST 527 Statistical Models for Epidemiologic Analysis (3)

An introduction to the multivariate analysis of survival and categorical data using multiplicative models. Emphasizes applications to cohort and case-control studies in epidemiology. Familiarity with available computer programs and packages is gained by analysis of bona fide sets of clinical and epidemiological data. Jointly with EPI 527. Prerequisites: 513 or EPI 513.

ENVIRONMENTAL HEALTH

ENVH 577 Risk Assessment for Environmental Health Hazards (3)

See ENV S 577

EPIDEMIOLOGY

EPI 527 Statistical Models for Epidemiologic Analysis (3)

See BIOST 527

INDEPENDENT STUDY THROUGH CORRESPONDENCE AUTUMN QUARTER 1982

The Office of Independent Study provides University courses for correspondence credit primarily by correspondence instruction to persons who wish to study independently. Fees for Independent Study courses are separate from residence tuition and are \$26 per credit. Enrollment is not based on the quarter system but is continuous throughout the year, with one calendar year allowed to complete a course.

A regularly enrolled student who wishes to register for additional courses for Independent Study credit should consult his or her departmental adviser prior to enrolling in an Independent Study course. Applications and additional information on enrollment procedures may be obtained from the Independent Study Office, 222 Lewis, or by telephoning 543-2350.

The following courses are currently offered by Independent Study (credits in parentheses; * indicates variable credit, to be arranged by student and instructor).
