# GENERAL INFORMATION

It is the University's expectation that a student will follow University rules and regulations as they are stated in the *General Catalog*. In instances where no appeal procedure is spelled out and the student is persuaded that a special set of circumstances makes appeal reasonable, he or she may appeal the application of specific rules or regulations to the office of the dean of the school or college in which he or she is enrolled in the case of an academic matter, or to the Office of Student Affairs in the case of a nonacademic matter. These offices will either render a decision on the appeal or refer the student to the proper office for a decision.

## GUARANTEED REGISTRATION ELIGIBILITY

University of Washington students who remain in good scholastic standing are guaranteed the opportunity to register each quarter as long as they maintain continuous enrollment (Summer Quarter excepted). Continuation must be in the same classification, e.g., undergraduate, postbaccalaureate (fifth-year), graduate, etc. Once a student earns a baccalaureate degree, he or she must apply for readmission as a postbaccalaureate (fifth-year), nonmatriculated, or graduate student. Exceptions to the guarantee are: (1) students under disciplinary action, (2) students with a financial hold, or (3) students not meeting departmental continuation policies.

If an undergraduate does not enroll for one or more quarters, or if a graduate student goes on-leave, he or she must file an application for readmission, including payment of \$10 application fee, with the Registrar's Office. Information on admission closing dates is available at Window 3, second floor, Schmitz Hall, or by calling 543-5920.

## FULL-TIME STUDENT REQUIREMENT

Some students think that because they pay full fees they are considered full-time students. This is incorrect. To be considered a full-time student, an undergraduate must register for 12 credits and a graduate student must register for 9 credits. The full-time registration requirement varies for different agencies. Information on full-time requirements of the Veterans Administration, Immigration and Naturalization Service, and Social Security Administration may be obtained at 460 Schmitz. Consult the Financial Aid Office for its requirement on satisfactory student progress.

## NONMATRICULATED STUDENTS

Nonmatriculated students register September 21 and enroll only on a space-available basis. Because nonmatriculated students register after all other students, enrollment may be closed in the following areas: mathematics, English composition, beginning foreign languages (particularly French and Spanish), business, and art. Nonmatriculated students may participate in preregistration for the Summer Quarter.

## TUITION-EXEMPT FACULTY/STAFF

With the approval of their department heads, regularly admitted full-time UW faculty and staff members who have been employed six months or more may take up to 6 credits per quarter under the tuition exemption program. According to legislative action, all registrations must be on a space-available basis after other students have registered. Members of the faculty and staff who wish to utilize the exemption may not preregister; registration may occur no earlier than the last day of the registration period. Faculty/staff who register before the last day will not be eligible to use a tuition exemption that quarter. Registration appointments are not required. New faculty/staff members who enroll must be officially admitted by the Office of Admissions by the regular admission closing date; July 1 is the closing date for Autumn Quarter. Faculty/staff members who are former students returning either in the same classification or as nonmatriculated students should apply at the Registration Office, Window 8, second floor, Schmitz Hall.

Employees should present their approved tuition exemption cards at Sections, Odegaard Undergraduate Library, according to the schedule listed below. A \$5 registration fee will be collected at the time of registration. The alphabetical priority will change each quarter. Regularly admitted faculty and staff members who are unable to meet this schedule may register late by paying \$20 if registering by the tenth day of the quarter; \$50 if registering after the tenth day of the quarter.

## Autumn Quarter Registration Date: September 21, 1983

Last names beginning with C (8-9 a.m.); D-E-F (9-10 a.m.); G-H (10-11 a.m.); I-J-K (11 a.m.-noon); L-M (noon-1 p.m.); N-O-P (1-2 p.m.); Q-Z (2-3 p.m.); A-B (3-4 p.m.); make-up (4-4:30 p.m.).

Tuition-exempt faculty/staff are not entitled to other student services such as those available at the Hall Health Center and the Intramural Activities Building. Therefore, UW student cards will not be issued to faculty and staff. Faculty/staff identification cards may be used for library services.

## "ACCESS" PROGRAM FOR OLDER ADULTS

The University of Washington waives tuition for Washington residents sixty years or older who wish to attend classes as auditing students, on a space-available basis. The fee is \$5, whether one or two courses are attended. As auditors, they do not receive credit and are not expected to do laboratory work or to take examinations. Students who attend the University under the Access program are limited to two courses per quarter. Registration may be made in person on Wednesday, September 21, between 8 a.m. and 2 p.m. at the Sections branch office, in the basement of the Odegaard Undergraduate Library. Interested students should proceed to the area marked *Access*. For additional information on mail-in registration or about the program in general, telephone Continuing Education, 545-7418, between 9 a.m. and noon.

## AUDITORS

Auditors, except those under the Access program, pay standard tuition and fees and must be regularly admitted and registered in the course. Although credits for audited courses will not be listed on the schedule of classes, they will be included in the billing on the fee statement. Such credits count in the calculation of fees.

Attendance in courses as an auditor is by consent of the instructor involved and is conditioned by the extent to which space is available. Permission to audit is ordinarily granted for lecture classes only. An auditor may not participate in class discussion or laboratory work, and his or her registration may be canceled at the discretion of the instructor.

No entry is made on the permanent record for courses audited. To receive credit for an audited course, the student must register for the class for credit in a subsequent quarter.

Auditors follow registration instructions below.

## DISABLED STUDENTS

Various support services, including priority registration, are available to students with disabilities. Contact the Coordinator for Disabled Student Services, 468 Schmitz, 543-8924, for information on equipment, technical aids, and accommodations to meet individual needs. *Access: University of Washington*, a guidebook to buildings on the campus, and an accompanying map may be obtained from the office.

Students with disabilities who register for a science laboratory class should telephone the Coordinator, 543-8924, and the academic adviser of that department immediately to evaluate whether some accommodation of the facilities will be necessary.

## ATHLETIC EVENTS

Students may purchase a Husky Football Season Pass at the Husky Ticket Office, 101 Graves, or at the HUB Ticket Office, for admission to the following athletic events: football, soccer, and volleyball. For additional information, telephone 543-2200.

# REGISTRATION INSTRUCTIONS

## ACADEMIC ADVISER

See an academic adviser to discuss your educational objectives and to learn the procedures involved in registering at the Univer-

sity. Have an idea of the courses you would like to take before seeing an adviser by reviewing the *General Catalog* and the quarterly *Time Schedule*.

## PREREGISTRATION

### 1. Eligibility

Preregistration is reserved for all continuing students *except* tuition-exempt faculty/staff, older adults auditing under the Access program, and nonmatriculated students. These last three groups may register only during the last day of in-person registration (see General Information section for specific registration dates).

Continuing students who withdraw during the first week of two consecutive quarters (Summer Quarter excepted) will not be eligible to register as continuing students for the third quarter. Such students must reapply as former students returning to the University. For example, a student who withdraws during the first week of Spring Quarter and Autumn Quarter must reapply as a returning former student for Winter Quarter.

### 2. Submitting the Preregistration Form

Mark-sense registration forms are available at advisory offices and at Registration Office, Window 3, second floor, Schmitz Hall. Please note that some courses listed in the *Time Schedule* have restricted enrollment and will require entry cards. Also, undergraduates will not be scheduled for more than 19 credits until the first day of the quarter. This is done to allow all students a chance to develop a basic program.

Students preregistering may turn in forms at:

- Registration lobby, second floor, Schmitz Hall
- B10 Padelford
- Fourth-floor student lounge, T-wing, Health Sciences Building

### 3. If You Miss Preregistration

Obtain an in-person registration appointment and register by September 20 at Window 8, Schmitz Hall. After September 20 you will be required to register late and to pay a \$20 late registration fee at the Student Accounts and Scholarships Office, 129 Schmitz, if registering by the tenth day of the quarter; \$50 after the tenth day of the quarter.

### 4. Schedule of Classes

All students who preregister will be scheduled by computer at one time. The scheduling priority is: freshmen, seniors, graduate students, postbaccalaureate (fifth-year), juniors, and sophomores.

### 5. Registered Students

Students who preregister but are not scheduled into any courses are not considered registered students. They are not included on the current file of registered students, and are not eligible for preregistration the following quarter. Students in this category must submit a Former Student Application for the next quarter they wish to attend the University.

## IN-PERSON REGISTRATION

### 1. Eligibility

In-person registration is primarily for newly admitted and returning former students. Continuing matriculated students who miss preregistration, tuition-exempt faculty/staff, older students in the Access program, and nonmatriculated students also register during in-person registration. All students, except Access students, must be admitted to the University before attempting to register. When you have confirmed your admission you will be issued a registration appointment.

### 2. How to Register

On or before your registration date, obtain a *Time Schedule* and a Registration Instructions worksheet from your advisory office or from the Registration Office, second floor, Schmitz Hall. (These may also be obtained in the Odegaard Undergraduate Library registration area *while registration is in progress*.) Obtain permission and/or course entry cards (if required) as indicated in the *Time Schedule* before your registration is processed. Once your registration is completed by the Sections staff, you are obligated for tuition and fee payment unless you officially withdraw by the fifth class day. Undergraduates will not be scheduled for more than 19 credits until the first day of the quarter. This is done to allow all students a chance to develop a basic program.

### 3. Submitting the Registration Form

- New and returning former students register by appointment only on June 23–August 19 at Window 3, second floor, Schmitz Hall.
- If you are a continuing matriculated student who did not preregister, you must obtain an in-person registration appointment

and register by September 20. Continuing students who request in-person registration appointments and register after September 20 will be required to register late during the first ten days of school and pay a \$20 late registration fee; after the first ten days of the quarter, a \$50 late registration fee is assessed.

- If you are registering September 15–20, go to the Sections branch office, Odegaard Undergraduate Library, on the date and time indicated on your registration appointment. 353 Loew will be closed for registration. Engineering students will register in the Odegaard Undergraduate Library.

- Nonmatriculated students may register only on September 21. Appointments are available at Window 8, second floor, Schmitz Hall.

- Tuition-exempt faculty/staff members and students in the Access program register only on September 21.

### 4. Schedule of Classes

- If you register June 23–August 19, your schedule of classes will be mailed to the address you indicate on the registration form. All students registering during this period are scheduled by computer at one time. The scheduling priority is: freshmen, seniors, graduate students, postbaccalaureate (fifth year) students, juniors, and sophomores. Schedules will be mailed September 6.

- If you register September 15–20, your courses will be scheduled while you wait and you will be given a copy of your completed program when you have finished registering.

## ENTRY CARDS

Certain courses and sections require entry cards for registration. Students who request these courses (and/or sections) on their registration request forms will not be registered in the courses unless the requests are accompanied by entry cards. An entry card alone is not sufficient. The course and schedule line number (SLN on entry card) must also be requested on the mark-sense registration form. Obtain course entry cards for courses designated with the symbol >>> in the margin of the *Time Schedule*. Information on where to obtain entry cards is found in the body of the *Time Schedule*, either as a comment before the course listing or just after the title of the course.

## LATE REGISTRATION

Students who register after the official registration period will be charged a \$20 late registration fee, payable at the Student Accounts and Scholarships Office, 129 Schmitz, if registering by the tenth day of the quarter; \$50 after the tenth day of the quarter.

## REGISTRATION CHANGES

### 1. Change Appointments and Late Fee

- All changes to a student's program should be completed during the official change periods (see calendar). Changes are made by appointment only. Appointments are available at Window 3, second-floor lobby, Schmitz Hall. A student who arrives more than a half-hour late will be required to make a new appointment.

Students in the schools/colleges of Medicine, Dentistry, Nursing, Pharmacy, Public Health and Community Medicine, Ocean and Fishery Sciences, and Forest Resources may make changes during the first week of the quarter, without an appointment, in the lobby of the T-wing, Health Sciences Building.

Engineering students may make registration changes in 110 Engineering Library during the first week of the quarter. No appointments will be necessary for the engineering satellite registration station. Both the T-wing and engineering satellite station will close on Tuesday evening of the second week of the quarter. Changes on Wednesday, Thursday and Friday of the second week will be made in the Odegaard Undergraduate Library; after the second week, in 264 Schmitz.

Changes made after the change periods cost \$15 and may result in fee forfeiture (see item 3 of this section).

- Students will be expected to present Autumn Quarter 1983 University of Washington student identification cards when requesting appointments. No more than one change appointment will be issued to a student at a time. Additional change appointments will be issued only after the initially assigned appointment has been used or the date has expired.

### 2. Grades in Dropped Courses and Drop Restrictions

- Undergraduates.* Undergraduate students who drop courses after the change periods receive no entry on their academic record if the drop is made during the first two weeks of the quarter. Drops made during the third and fourth weeks of the quarter will be re-

corded with a "W." No drops are permitted after the fourth week except for a limited number determined by the number of credits earned at the University. While completing the first 44 credits at the University, the student has three drops permitted after the fourth week. Any of these three drops not used by the time 45 credits are earned are forfeited. After 45 credits have been completed at the University, the student earns one late drop for each 45 credits earned. These may be accumulated and used as necessary. *No drops of any kind are permitted after the last day of instruction.*

b) **Graduate Students.** Graduate students who drop courses after the first two weeks of the quarter receive a grade of "W." No drops are permitted after the seventh week of instruction.

c) Students may petition the Registrar to drop a course after the regular drop deadline if: (1) the student is unable to complete the course in question because of a severe mental or physical disability, or (2) unusual or extenuating circumstances beyond the student's control prevented the student from dropping the course by the regular drop deadline. Petitions must be filed promptly after the occurrence of the event that gave rise to the need for dropping the course.

### 3. Fee Forfeitures or Refunds

a) Students will be billed for the number of credits, including audit hours, on their programs at the end of the first week of the quarter. Only partial fee reductions will result for courses dropped after the first week of the quarter.

b) Students dropping courses after the first seven calendar days of the quarter and through the thirtieth calendar day of the quarter will be expected to pay one-half of the tuition and fees associated with that course. Example: An undergraduate originally registered for 5 credits. The fee for 5 credits is \$197 (resident). The student then drops a 3-credit course in the second week of the quarter. The total number of credits for which the student remains registered is 2. Tuition and fees are due for the 2 credits (\$80) and one-half the difference between 5 credits and 2 credits, in this case an additional \$58.50. Total fees owed are \$138.50. The student has been registered in the dropped course for more than one week and therefore must pay half the fees for the course.

c) Courses dropped after the thirtieth calendar day receive no refund. Example: A student is registered for a 3-credit course. The student drops that course after the thirtieth calendar day. No refund is available. If the student adds a different 3-credit course at the time the original 3-credit course is dropped, he or she will pay tuition and fees for 6 credits.

d) The effect of fee forfeitures on the over-18-credit surcharge is as follows: forfeitures for courses dropped that exceeded 18 credits are charged the same as in (b) and (c) above. Also, if a student drops a course after the thirtieth calendar day and adds another, an additional fee per credit will be charged as appropriate. Example: if a student is registered for 15 credits, drops one 5-credit course and then adds another 5-credit course, after the thirtieth calendar day, he or she will be charged for 20 credits although the student's class schedule will show only the 15 registered credits. As a result, he or she will pay for 2 credits above the 18-credit limit.

e) Drops become effective the date received in Sections.

### 4. Courses Added After the Official Change Period

a) As a general rule, no courses may be added after the official change period. Exceptional cases may be approved if both the instructor of the course and the dean of the student's college consent.

b) Courses audited may not be changed to a credit registration after the first two weeks of the quarter.

### FEE PAYMENT

1. A fee statement will be mailed to the address you indicate on your mark-sense registration form. If you have not received a fee statement by the end of the second week of the quarter, contact the Student Accounts and Scholarships Office for the amount of tuition due.

2. You may pay your fees in person in the Student Accounts and Scholarships Office or mail them to Student Accounts and Scholarships Office, 129 Schmitz, UW, Seattle, WA 98195, before the tuition due date. Fees must be paid by Friday of the third week of the quarter whether or not you have received a statement.

3. If you fail to pay by the deadline you may continue to pay your fees, with a \$25 late fee, for one week following the due date. If fees are not paid by this time your registration will be canceled. Students permitted to reregister after cancellation for nonpayment will be charged a \$50 fee, in addition to their tuition. If you reregister, you must reregister for all classes on your original

schedule. No reregistration will be possible after the last day of instruction. *Please note: Even if your registration is canceled you will continue to owe one-half your tuition and fees if you are a continuing student or, if you are a new or returning student, \$50 or one-half your tuition and fees, whichever is greater.*

### Tentative Quarterly Tuition and Fee Rates

#### Undergraduate

(including nonmatriculated and postbaccalaureate [fifth-year])  
Full time (9½-18 credits)

Resident	Nonresident
\$434	\$1,206

#### Graduate and Law

Full time (6½-18 credits)

\$628	\$1,562
-------	---------

#### Medical and Dental

Full time (13 or more credits)

\$1,016	\$2,576
---------	---------

### Special Course and Laboratory Fees

The amounts listed in the Tuition and Fee Rate schedule normally cover University charges for course registration. Some courses, however, have extraordinary expenses associated with them and in such cases the University may charge additional fees in amounts approximating the added instructional or laboratory costs.

### CHANGE OF ADDRESS

If you change your address after you have turned in your mark-sense registration form, be sure to complete a change of address form at the Registration Office. Forms are available at Window 3, second floor, Schmitz Hall. *You are responsible for notifying the Registrar's Office of any address change.*

### STUDENT INSURANCE

UW students who remain registered through at least the first six days of instruction in the quarter are eligible to enroll in the student health insurance plan. The following students are not eligible:

1. Those enrolled only in programs administered by the Department of Continuing Education or Office of Conferences and Institutes, including but not limited to extension, correspondence, independent study, continuing studies, noncredit courses, or the Access program; or

2. UW employees attending classes under the employee tuition exemption program.

Students who do not specifically request a particular student insurance plan or who do not specifically state they do not wish student insurance automatically will be enrolled and billed for *student only* medical, surgical, and hospital insurance.

If you are billed for student insurance and wish to cancel your coverage, complete the appropriate section on the remittance copy of the billing statement and pay the amount billed less the indicated amount for insurance. If you wish to change or add coverage, you must do so in person in the Student Accounts and Scholarships Office by the date tuition is due. Tuition/fees and the student health insurance premium must be paid in full by the due date to be eligible for health insurance.

### International students

International students must subscribe to the student insurance plan. Exceptions may be granted by the International Services Office if the student presents proof of other medical insurance coverage. Students are responsible for obtaining a waiver each **Autumn Quarter** (or upon initial admission if other than Autumn Quarter), because waivers are valid only through Summer Quarter each year. Students holding insurance policies that expire during the academic year are responsible for obtaining new waiver cards, as necessary. To be eligible for the student health insurance plan, the student must pay, in full, tuition, fees, and the student health insurance premium by the due date. International students who want coverage during the Summer Quarter and are not enrolled Summer Quarter must prepay the Summer Quarter premium during one of the preceding quarters.

### WASHPIRG

An optional \$2 fee is indicated on the fee statement for the Washington Public Interest Research Group, a student research organization. If you do not desire to support this activity, simply pay

the regular tuition and fees. If you want to support WASHPIRG, pay the regular tuition and fees plus \$2.

#### WASHINGTON STUDENT LOBBY (WSL)

An optional \$1 fee is indicated on the fee statement for the Washington Student Lobby (WSL), a voluntary, independent organization of university students whose purpose is to influence the state legislative process on matters of special interest to students. Students not wishing to support this activity simply pay the regular tuition and fees. Students supporting WSL check the payment card and pay the regular tuition and fees plus \$1.

#### WITHDRAWAL FROM THE UNIVERSITY (DROPPING ALL COURSES FOR THE QUARTER)

1. Obtain an approved withdrawal form from your adviser or from the Withdrawal Office.

2. Present the withdrawal form to the Withdrawal Office, Sections, 264 Schmitz. *Withdrawals are effective the date they are received in the Registrar's Office.* Fees owed will be based upon the date the withdrawal is received in the Registrar's Office. No withdrawals will be accepted after the last day of instruction, December 7.

Continuing students who withdraw during the first week of two consecutive quarters (Summer Quarter excepted) will not be eligible to register as continuing students for the third quarter. Such students must reapply as former students returning to the University. For example, a student who withdraws during the first week of Spring Quarter and Autumn Quarter must reapply as a returning former student for Winter Quarter.

The forfeiture schedule below will be followed.

3. Students are required to turn in their student I.D. cards when they withdraw and are not eligible to continue using University services or facilities after their withdrawal.

#### Continuing Students

a. Students withdrawing before the sixth day of the quarter do not pay tuition or fees.

b. Students withdrawing on the sixth day or through the thirtieth calendar day continue to owe one-half of their tuition and fees.

c. Students withdrawing after the thirtieth calendar day continue to owe full tuition and fees.

#### New and Returning Students

a. Students withdrawing before the sixth day of the quarter forfeit their \$50 enrollment service fee.

b. Students withdrawing on the sixth day or through the thirtieth calendar day of the quarter must pay one-half of regular tuition and fees or forfeit the \$50 enrollment service charge, whichever is greater.

c. Students who withdraw officially after the thirtieth calendar day must pay full tuition and fees, including the \$50 enrollment service fee.

3. Students who were unable to turn in their withdrawal in time may petition the Comptroller's Office for additional refund. Petition forms are available at the Student Accounts and Scholarships Office, 129 Schmitz.

4. Courses dropped as part of a University withdrawal completed during the first two weeks of a quarter receive no grade and no entry except date of withdrawal is made on the student's permanent academic record. Withdrawals completed after the first two weeks result in the courses being assigned a grade of "W."

#### GRADING SYSTEM

The University of Washington uses a numerical grading system with certain exceptions in the schools of Dentistry, Law, and Medicine. Instructors may report grades from 4.0 to 0.7 in 0.1 increments and the grade 0.0. The number 0.0 is assigned for failing work or unofficial withdrawal. Grades in the range 0.6 to 0.1 may not be assigned. Grades reported in this range will be converted by the Registrar's Office to 0.0. For graduate students, grades reported in the range 1.6-0.1 will be converted to 0.0. Numerical grades may be considered equivalent to letter grades as follows:

#### Undergraduate/Graduate\*

A	4.0-3.9
A-	3.8-3.5
B+	3.4-3.2
B	3.1-2.9
B-	2.8-2.5
C+	2.4-2.2
C	2.1-1.9
C-	1.8-1.5
D+	1.4-1.2
D	1.1-0.9
D-	0.8-0.7
E	0.0

\* Lowest grade earning credit for graduate students is 1.7.

Lowest passing grade for undergraduates.  
Failure or Unofficial Withdrawal. No credit earned.

Additional information on grades and scholarship rules may be obtained from the Grade Information Office, 248 Schmitz.

#### Repeating Courses

Undergraduates may repeat only courses in which they received grades of less than 2.0 and they may repeat the course only once. The last grade will not cancel the first grade. Instead, both grades will be included in the grade point average. As an example, if a student earns a 1.0 the first time and a 2.0 the second, the cumulative effect upon the grade-point average will be ten credits of 1.5. Credits will count toward the degree only once.

#### The Grade of Incomplete

In order to obtain credit for a course in which an Incomplete has been awarded, an undergraduate student must complete the remaining work for the course by the last day of the following quarter. An Incomplete grade for a Spring Quarter course must be made up by the last day of Autumn Quarter or the Incomplete will be converted to a grade of 0.0 by the Registrar, unless the instructor has indicated when assigning the Incomplete grade that a grade other than 0.0 should be recorded if the incomplete work is not completed. This time limitation may be extended up to one year maximum with instructor approval. Such approval must be received by the Registrar's Office before the end of the next quarter.

A graduate student who receives an Incomplete must complete the remaining work for the course by the last day of the next quarter *in residence*. An Incomplete received by a graduate student does not automatically convert to 0.0 but remains an Incomplete if the course work is not completed. This time limitation may be waived by the dean of the college in which the course was offered only if the nature of the uncompleted work is such as to make the fulfillment of this requirement impossible. In no case can an Incomplete received by a graduate student be converted to a passing grade after a lapse of two years. The Incomplete grade entry remains on the record permanently. The final grade is posted under the quarter in which the final grade is received.

#### Satisfactory/Not Satisfactory

Students may elect to take certain courses on a Satisfactory/Not Satisfactory basis. Advisers should be consulted, and in no case are students allowed to register for more than one course or 6 credits on a Satisfactory/Not Satisfactory basis in a given quarter. No more than 25 credits will apply to an undergraduate degree. *S/NS must be elected or dropped during the official change of program period.* Undergraduate students earning grades of 1.7 or above receive a grade of S (Satisfactory) while grades below 1.7 are recorded as NS (Not Satisfactory). Graduate students earning grades of 2.7 or above receive a grade of S (Satisfactory), while 2.6 or below are recorded as NS (Not Satisfactory). In cases of withdrawal, the W is recorded. Neither S nor NS are included in the grade-point average. N, I, and X are recorded until the instructor reports the final grade, or in cases of incompletes received by undergraduates, until the I is converted by the Registrar. With the approval of his or her graduate program adviser or Supervisory Committee Chairperson, a graduate student may elect to take any course for which he or she is eligible outside of his or her major academic unit on the Satisfactory/Not Satisfactory system.

**Credit/No Credit-Only Courses**

Some courses are offered on a CR/NC-only basis. It is not necessary to register S/NS to take these courses, because the only grades assigned by the instructor are CR (Credit) or NC (No Credit). Neither CR nor NC is included in the grade-point average.

In cases of withdrawal a W is recorded. N, I, and X are recorded until the instructor reports the final grade, or in cases of Incompletes received by undergraduates, until the I is converted by the Registrar.

# AUTUMN QUARTER 1983 CALENDAR

June 23–August 19

IN-PERSON REGISTRATION by appointment only at the Registration Office, second floor, Schmitz Hall, for matriculated students.

September 9

CHANGE OF REGISTRATION APPOINTMENTS for the September 13, 14 change period available at Window 2 or 3, second floor, Schmitz Hall, for students who have received a schedule of classes. Students will be expected to present UW Autumn Quarter 1983 student identification cards when requesting appointments. Students who make only the following changes are not required to have an appointment: (a) to or from Satisfactory/Not Satisfactory grading; (b) in the credit for variable credit course; (c) drop a course. Evening-only students should go directly to Sections in the Undergraduate Library cafeteria.

September 13, 14

OFFICIAL CHANGE OF REGISTRATION PERIOD FOR ALL STUDENTS by appointment only, at the Sections branch office, Odegaard Undergraduate Library (use cafeteria entrance), for students who have received a schedule of classes.

September 15, 16, 19, 20

IN-PERSON REGISTRATION by appointment only at the Sections branch office, Odegaard Undergraduate Library (use cafeteria entrance), for matriculated students.

September 21

IN-PERSON REGISTRATION FOR NONMATRICULATED STUDENTS, by appointment only, at Sections branch office, Odegaard Undergraduate Library (use cafeteria entrance).

September 21

IN-PERSON REGISTRATION FOR TUITION-EXEMPT FACULTY/STAFF. See *Time Schedule* for appointment times, which are assigned according to last name. Register at the Sections branch office, Odegaard Undergraduate Library (use cafeteria entrance).

September 21

IN-PERSON REGISTRATION FOR "ACCESS" STUDENTS at Sections branch office, Odegaard Undergraduate Library (use cafeteria entrance).

September 26

Instruction begins.

September 26–30

OFFICIAL CHANGE OF REGISTRATION, by appointment only. (See paragraph on *Change Appointments and Late Fee* for the appropriate location.)

September 30

Deadline for: (1) changes to or from S/NS grading; (2) adding a course without instructor's permission; (3) adding or dropping a course without being assessed a \$15 change fee. Courses dropped after this date will be included in the tuition calculation. A change fee of \$15 and a tuition forfeiture will be assessed after this date.

September 30

Last day for official withdrawal from the University without owing tuition or fees.

October 3

Fee statements mailed to all registered students.

October 7

Last day to drop a course without entry on permanent record.

October 7

Last day to return approved applications to 207 Schmitz for credit by examination.

October 7

Applications for baccalaureate degrees for Autumn Quarter 1983 for Arts and Sciences must be submitted to B21 Padelford.

October 14

Applications for baccalaureate degrees and certificates to be conferred Autumn Quarter 1983 must be submitted to the Graduation Office, 207 Schmitz.

October 14

Fee payment deadline for all registered students.

October 17–21

Late-payment period (requires a \$25 late-payment fee).

October 21

Last day for undergraduate, postbaccalaureate (fifth-year), and nonmatriculated students to drop a course, except for preemptory drops and hardship withdrawal.

Fifth Week of the Quarter

Credit by examination. Students must make arrangements with the Educational Assessment Center, 543-1170.

October 26

Last day to hand-deliver an application for resident status to the Residence Classification Office, 209 Schmitz. Applications may be postmarked October 26 if mailed at the Terminal Annex at Third Avenue South and South Lander Street.

November 11

Veterans Day holiday.

November 14

Last day for graduate students to drop a course.

November 24, 25

Thanksgiving recess.

December 7

Last day of instruction.

December 7

Last day to withdraw from the University.

December 8–15

Final examinations.

December 19

Grades due by 9 a.m. at Grade Information Office, 248 Schmitz.

December 27

Autumn Quarter 1983 grades mailed to students.

# Autumn Quarter 1983 Examination Schedule

The last day of instruction is Wednesday, December 7.

HOUR lecture session actually meets during quarter	Hour and day on which examination occurs, by days of class meeting in the week.				
	Meeting four times a week, or daily	MWF: MT; MW; MF; WF; MWTh; MTh	TTh; T; Th; TThF; MTTh; TW; TF; TWTh	M; W; F; S Meeting once a week	Day of examination
7:30 a.m.	8:30-10:20	8:30-10:20	10:30-12:20	12:30- 2:20	Thursday December 15
8:30 a.m.	8:30-10:20	8:30-10:20	10:30-12:20	12:30- 2:20	Monday December 12
9:30 a.m.	8:30-10:20	8:30-10:20	10:30-12:20	12:30- 2:20	Tuesday December 13
10:30 a.m.	8:30-10:20	8:30-10:20	10:30-12:20	12:30- 2:20	Friday December 9
11:30 a.m.	2:30- 4:20	2:30- 4:20	4:30- 6:20	6:30- 8:20	Tuesday December 13
12:30 p.m.	8:30-10:20	8:30-10:20	10:30-12:20	12:30- 2:20	Wednesday December 14
1:30 p.m.	2:30- 4:20	2:30- 4:20	4:30- 6:20	6:30- 8:20	Friday December 9
2:30 p.m.	2:30- 4:20	2:30- 4:20	4:30- 6:20	6:30- 8:20	Monday December 12
3:30 p.m.	2:30- 4:20	2:30- 4:20	4:30- 6:20	6:30- 8:20	Wednesday December 14
4:30 p.m.	2:30- 4:20	2:30- 4:20	4:30- 6:20	6:30- 8:20	Thursday December 8
EVENING CLASSES (5:30 or thereafter)	8-10 p.m. Thursday December 15	8-10 p.m. Monday December 12	8-10 p.m. Tuesday December 13	8-10 p.m. Wednesday December 14	
Make-ups Incomplete Removals Conflicts	When mutually agreeable to faculty members and students concerned, provided scheduled <i>no later than</i> Thursday, December 15.				

Final examinations should be administered in accordance with the above examination schedule.

The dean may permit an instructor to change the time of a final examination upon prior application demonstrating good cause for such change. In such cases, the following guidelines shall be observed:

1. With the dean's permission, the final examination may be postponed or moved to an earlier time within the examination period if agreed to by all students and the instructor. Before approving the rescheduling of a final examination, the dean shall obtain assurances that the change will not have an undue adverse impact on the students. The dean shall notify the Registrar of the approval granted for changing the date of a final examination.
2. An instructor shall not, except in very unusual circumstances, grant permission to individual students for an early examination. If the student is unable to take an examination on the scheduled date, the procedure outlined in the following paragraph should be followed.
3. A student absent from any examination through sickness or other cause, judged by the instructor to be unavoidable, shall be given an opportunity to take a rescheduled examination or perform work judged by the instructor to be the equivalent. If the instructor determines that neither alternative is

feasible during the current quarter, the instructor may exempt the student from the requirement. Examples of unavoidable cause include death or serious illness in the immediate family, illness of the student, and, provided previous notification is given, observance of regularly scheduled religious obligations.

4. Classes that meet on the hour use the first full hour of instruction to determine the time of examination. For example, a class that meets at 10 a.m. uses the 10:30 a.m. examination time.
5. Classes that begin on the half hour and last longer than one hour use the actual starting time to determine the examination time. For example, a class that meets at 7:30 a.m. and continues until 9:00 a.m. would use the 7:30 a.m. time.
6. Classes in which the entire class meets at the same hour every day, in the same room, may use that room at 8:30 a.m. or 2:30 p.m. for a three-hour examination. All other examinations are limited to one hour and fifty minutes unless other arrangements are made with Room Assignments.
7. If an examination is held at a time other than the above schedule indicates, instructors must check with Room Assignments to make sure that the room is going to be available.

Questions concerning the examination schedule should be directed to Room Assignments, 543-1080.

# GUIDE TO COURSE LISTINGS

The information published in the *Time Schedule* is subject to change. The instructor for a particular course may be changed, or the instructor may use assistants in teaching the course and courses may not meet each day listed. Additionally, courses listed in this publication may be canceled in the event of insufficient enrollment.

Course, term, and section information is listed in the following columnar order:

Entry card required symbol (>>>), if appropriate

Schedule line number

Department

Course number

Term designation—if *a* or *b* term

Section designation

Section type—laboratory, quiz, or conference

Credits—listed with lecture section only; slash (/) means *or*; 2.5 means 2½ credits; hyphen (-) means *to*; VAR means variable credit and any number of credits may be elected (however, frac-

tional credit registration—e.g., ½ credit—cannot be processed for variable credit courses where the credit may vary from student to student in a single quarter)

Honors (H), Permission Required (#), or New Course (%), as appropriate

Day(s) of meeting (ARR means “to be arranged”)

Time of meeting

Place of meeting (\*\* means “to be arranged”)

Course title and remarks—CR/NC ONLY means course offered for credit/no credit grading only

Name of instructor

# NEW COURSES FOR AUTUMN QUARTER 1983

The following list includes new courses that will be offered Autumn Quarter 1983 which were added to the University Curriculum after publication of the 1982-84 *General Catalog*. Consult the appropriate academic department for information on courses not listed below.

## ARCHITECTURE AND URBAN PLANNING

### ARCHITECTURE

#### ARCH 200 Introduction to Architecture (9)

Lectures, laboratories, and demonstrations which introduce the basic curricular elements of architecture, including design, graphics, structures, building science, person-environment-relations, history, theory, and professional practice. Open to non-majors with sophomore standing.

#### ARCH 455 Special Studies in Gothic Art and Architecture (3)

Detailed study of Gothic architecture and its accompanying sculpture and stained glass, with special emphasis on the twelfth and thirteenth centuries in France and England. Offered jointly with ART H 455. Entry card required.

### LANDSCAPE ARCHITECTURE

#### L ARC 353 History of Modern Landscape Architecture (3)

Development of profession and art of landscape architecture in the United States, Europe, and South America in context of prevailing social, economic, political, and cultural factors. Relationships with other professions, especially architecture and urban planning and other arts such as painting and sculpture examined.

## COLLEGE OF ARTS AND SCIENCES

### AFRO-AMERICAN STUDIES

#### AFRAM 270 The Black Orator's Workshop (5)

Basic elements of oratory, studied through, orations of Afro-American orators and others. Research, practice, and presentation of orations with emphasis on structure, form, content, and delivery.

### AMERICAN INDIAN STUDIES

#### AIS 311 North American Indians: Pacific Northwest (5)

Offered jointly with ANTH 311. See ANTH 311 in the *General Catalog* for the course description.

### ANTHROPOLOGY

#### ANTH 456 History of Costume and Textiles (4)

Fabrics and costumes of ancient civilizations and medieval European countries with consideration of their respective cultural origins. (Last quarter offered: A 83)

### ART

#### ART 322 Industrial Design Materials and Methods (3)

Product form development of current design practice examined in the context of new materials and processes. Prerequisite: Junior standing in industrial design.

#### ART 330 Introduction to Weaving (5)

Multi-harness weaving. Emphasis on loom controlled structures, design, and color. Prerequisites: 107, 110, and major in fiber arts.

#### ART 405 Advanced Weaving (5; max. 10)

A comprehensive survey of weaver-controlled structures and creation of original textile forms. Prerequisites: 330 and permission of art advisory office.

#### ART 422 Industrial Design Computer Graphics I (3)

Utilizes the microcomputer as a tool for the industrial designer's development of graphic solutions to two and three dimensional problems. Prerequisite: senior standing in industrial design.

#### ART 425 Advanced Individual Projects in Fiber Arts (5; max. 15)

Specialized investigation involving surface design and/or fabric structures. Prerequisites: upper division standing in fiber arts and permission of art advisory office.

### ART HISTORY

#### ART H 455 Special Studies in Gothic Art and Architecture (3)

Offered jointly with ARCH 455. See ARCH 455 for course description.

#### ART H 599 Reading and Writing Projects (2)

Art historical issues, methods, and materials. Required of all graduate majors registered in 400-level art history courses. Open also to graduate non-majors. May be repeated for credit.

### ASIAN LANGUAGES AND LITERATURE

#### Chinese

#### CHIN 281 Literature in Modern China (5)

Literature in China from the 1911 revolution to the present. May fourth literature, Taiwan literature, and post-1949 People's Republic of China (PRC) literature. Readings in English translation.

#### Japanese

#### JAPAN 121 Accelerated Japanese (10)

Covers same material as 111 and 112. In conjunction with 222 and 223, allows completion of two years' language study in one school year. No credit if 111 and 112 taken. Prerequisite: permission of instructor.

#### JAPAN 314 Advanced Japanese Conversation (2)

Guidance and drill in advanced Japanese conversation, conducted by native speakers, providing opportunities to enhance oral command of materials studied in Japanese 311, plus other upper-level vocabulary and syntax materials. Prerequisite: 213 or equivalent. Recommended: simultaneous registration in 311.

#### Korean

#### KOR 420 Korean Postwar Literature (5)

Selected works of the post-1945 period. Discussion in Korean.

## ATMOSPHERIC SCIENCES

### ATM S 498 Television Meteorology (1)

Production and on-air presentation of a weather broadcast on cable TV. Includes seminars with local, commercial TV weathercasters.

### ATM S 551 Atmospheric Structure and Analysis (3)

Structure of extratropical cyclones. Fronts and frontogenesis. Small, nonfrontal disturbances. Local wind systems including topographically forced flows. Case studies of the above phenomena. Prerequisites: 501.

## CHEMISTRY

### CHEM 490 Topics in Applied Chemistry (1, max. 3)

Applications of pure chemistry, as practiced in industrial and academic settings. Seminar topics vary and may include pulp and paper, petroleum, medicinal, environmental, and cosmetic chemistry, and biochemistry.

## COMMUNICATIONS

### CMU 201 History and Development of Communication and Journalism (5)

History and development of communication from prehistoric times; social and technical inventions; political and economic contexts.

### CMU 202 The Phenomena of Communicating (5)

Types of communicating behaviors in progressively more complex situations, from individual cognition through interpersonal interactions to mass communicating.

### CMU 203 Mass Communications and Society (5)

Structure and functions of mass media communication systems; audiences and content; alternative structures; implications of new technologies.

### CMU 315 Information Processing for Mass Media (5)

Training in gathering information through interviews and observation, and from written records and other public sources. Practice in organizing and writing this information for presentation in a mass medium such as a newspaper or radio or television broadcast. Open only to majors. Prerequisite: typewriting.

### CMU 350 Writing and Reporting Broadcast News (5)

Writing and producing news stories and newscasts for broadcasting. Open to majors only. Prerequisite: 315

## ECONOMICS

### ECON 582 Topics in Economics (3)

Explores advanced econometric problems arising in current research and the techniques designed to handle them. Seminar format; examples from recent econometric literature. Topics vary.

## ENGLISH

### ENGL 496 Internship (1-6)

Supervised experience in local businesses and other agencies. Open only to upper division English majors. Prerequisites: 25 credits in English.

## INSTITUTE FOR ENVIRONMENTAL STUDIES

### ENV S 577 Risk Assessment for Environmental Health Hazards (3)

Examines the context, methodologies, types of data, uncertainties, and institutional arrangements for risk assessment. Both qualitative and quantitative approaches to the identification, characterization, and control of environmental hazards to health emphasized through didactic and case studies. Offered jointly with CEWA, PB AF, and ENVH 577. Prerequisites: 415, B10ST 511, EPI 511.

## GEOGRAPHY

### GEOG 380 Geographical Patterns of Health and Disease (4)

Geography of infectious and chronic diseases at local, national, and international scales; environmental, cultural, and social explanations of those variations; comparative aspects of health systems. Prerequisite: 100 or equivalent.

## HISTORY

### HST 204 Europe and America in the Era of the World Wars (5)

Declining role of Europe in the world and rise of the United States from 1914 to 1945.

### HST 501 Ancient Greece and Rome: Writings and Interpretations (3-6)

Study of historians, the development of historical study as a distinct pursuit, the focus of attention in historical scholarship in the ancient world and comparison with modern interpretation of antiquity.

History of Asia

### HSTAS 348 Alternative Routes to Modernity (5)

Offered jointly with SIS 348. See SIS 348 for course description.

Modern European History

### HSTEU 275 Life in England (5)

Social history of England from the Norman conquest to the present, seen through letters, autobiographies, novels, and plays of the time. Life of the ordinary inhabitant - in the village and the manor house.

## INTERNATIONAL STUDIES

### SIS 348 Alternative Routes to Modernity (5)

Routes to modernity followed by non-Western societies between 1600 and 1900. Historical experiences of non-Western societies seen in the context of European history and of development theory. Emphasizes primary sources and techniques for posing theoretical questions of historical data.

### SIS 426 World Politics (5)

Offered jointly with POL S 426. See POL S 426 in the General Catalog for the course description.

### SIS 500 Seminar: Origins of the Modern Global System (3)

Development of global interdependence from the fifteenth century to World War II. Focuses on the interrelationship of politics and economics. Considers international political economy from a contextual, institutional, and historical perspective.

China Regional Studies

### SISEA 553 Chinese Legal Tradition (3)

Explores the concepts and principles of the legal tradition in China. Drawing on primary and secondary sources in English and, for students with language competence, Chinese, traces the concept and development of Chinese law as well as legal institutions in Chinese society.

Middle Eastern Studies

### SISME 210 Studies in Islamic Culture (5)

Offered jointly with N E 210. See N E 210 in the General Catalog for the course description.

### SISME 600 Independent Study or Research (\*)

### SISME 700 Master's Thesis (\*)

Russian and East European Studies

### SISRE 455 Marine Resource Policy of the Soviet Bloc (3)

Criteria applied by Communist states in developing a strategy of ocean resource use and management. Problems and choices influencing Communist ocean policy; areas of conflict with other ocean interests, including those of the West and developing countries. Prerequisite: understanding of Communist bloc economic and political systems or permission of instructor.

## MATHEMATICS

### MATH 438 Introduction to Partial Differential Equations (3)

Integral curves and surfaces of vector fields, initial value problems for first order linear and quasi-linear equations, Cauchy-Kovalevsky theorem, general Cauchy problem characteristics, special equations. Prerequisites: 205 or 303, 238, and 328.

## MUSIC

### MUSIC 376 Organ Repertoire - 1350 to 1750 (3)

Analysis and performance practices of organ literature, Middle Ages through Baroque period. Development of the organ as a musical instrument.

### MUSIC 523 Seminar in Music and Socialization (3, max. 6)

The socialization process and music, including the interaction by means of which music culture is learned. Prerequisite: 453 or permission of instructor.

## PHILOSOPHY

### PHIL 553 Seminar in Philosophy of Language (5)

## PHYSICS

### PHYS 214 Light and Color (3)

Compares past explanation of certain familiar natural phenomena with present understandings. Includes lamps and lighting, outdoor light, optical devices, color vision, perspective, paints, and pigments. Quantitative comparison critical to the course, but no college-level mathematics background required. Intended for non-science students.

## POLITICAL SCIENCE

### POL S 300 Practical Political Research (5)

Techniques for research and report writing in practical politics (e.g., election campaigns, public interest groups, government agencies, political analyses for business). Supervised group research in the computer analysis of current political data. For a sequence in political statistics, students may also take 205 and/or 490.

## ROMANCE LANGUAGES AND LITERATURE

### Spanish

### SPAN 204 Intensive Spanish Review-Intermediate (5)

Intensive review of grammar, reading, composition, and oral/aural skills. For highly motivated students with at least one year college Spanish or equivalent. Synthesis of 201, 202, 203, and preparation for third-year work in language and literature. Prerequisites: 103, 104, or 201; or four years high school Spanish.

### SPAN 348 Commercial Spanish (3)

Intensive practice and basic theory of Spanish commercial correspondence; fundamentals of advertising, foreign trade, and business transactions in the Spanish speaking countries (Latin America and Spain). Prerequisites: 301 and 302.

## SCANDINAVIAN LANGUAGES AND LITERATURE

### SCAND 499 Independent Study or Research (1-5, max. 10)

Independent study or research in Scandinavian area studies. May be done in a Scandinavian language or in English. Prerequisite: permission of instructor.

## SLAVIC LANGUAGES AND LITERATURE

### Russian

### RUSS 304 Reading and Translation (1, max. 3)

Translation techniques with emphasis on development of vocabulary and reading skills. Primarily for Russian regional studies majors. Prerequisite: 203 or 210 or permission of instructor.

## SPEECH COMMUNICATION

### SPCH 570 Organizational Communication (5)

Examination of social scientific theory and research on communication in organizations. Topics include quantitative and qualitative approaches to process of organizational communication, function and structure of macro networks, superior-subordinate relationships, and the role of communication in organizational change, development, and effectiveness. Prerequisite: graduate standing in the social sciences.

## BUSINESS ADMINISTRATION

### ADMINISTRATIVE THEORY & ORGANIZATIONAL BEHAVIOR

### A ORG 590 Special Topics in Administrative Theory and Organizational Behavior (1-3, max. 9)

Study and research on topics of current concern to faculty and students. Only offered when allowed by faculty availability and sufficient student interest. Seminar content to be announced in advance of scheduled offerings.

### QUANTITATIVE METHODS

### QMETH 304 Business Information Systems (4)

Computer processing systems, data organization, and design and development activities required to develop business information systems. Continued study of structured design and BASIC programming using interactive computing facilities. Prerequisite: 200.

## SCHOOL OF DENTISTRY

### ORAL BIOLOGY

### ORALB 568 Biom mineralization (2)

Covers the ontogeny, microscopic and submicroscopic organization and the chemistry of bones and teeth in mammals. Mineral metabolism, crystallographic structure, mechanical properties, and experimental models of biom mineralization are considered. For graduate students and advanced students in dentistry and medicine; senior undergraduates with permission of course instructor.

## COLLEGE OF EDUCATION

### EDUCATIONAL CURRICULUM AND INSTRUCTION

### EDC&I 353 Introduction to Teaching in the Elementary School (3)

Basic course emphasizing selected teaching modes; classroom management procedures; grouping to accommodate pupils with special needs; utilization of learning resources; and the evaluation of teaching.

### EDC&I 354 Introduction to Teaching in the Secondary School (3)

Basic skills development course in instructional methods, lesson planning, classroom management procedures, and the evaluation of teaching.

## COLLEGE OF ENGINEERING

### CHEMICAL ENGINEERING

### CH E 572 Advanced Polymeric Composites (3)

Aspects for design, manufacture, and properties of organic and inorganic particle and fiber reinforced polymers. Emphasis on advanced techniques for characterization of processing and properties including anisotropic elasticity/viscoelasticity theory, polymerization and network formation of matrices, theory of reinforcement, environmental and chemical effects. Prerequisite: 571 or CER E 423 or permission of instructor.

## CIVIL ENGINEERING

### Water and Air Resources

#### CENA 540 Hydrodynamics (4)

Applications of equations of motion to ideal and real fluids. Fluid potential motion; viscous flows; Navier-Stokes equations and some exact solutions; boundary layer theory; introduction to turbulence. Emphasis on application of field equations to problems, including free surface flows, of engineering significance. Prerequisite: CIVE 342 or equivalent.

#### CENA 577 Risk Assessment for Environmental Health Hazards (3)

Offered jointly with ENV S, PB AF, and ENVH 577. See ENV S 577 for course description.

## ELECTRICAL ENGINEERING

#### E E 453 Electric Drives (5)

Elements of drive systems, speed-torque characteristics of electric motors and industrial loads. Starting and braking methods of loaded motors. Speed control of electric motors. Solid state drives. Transient analysis of loaded motors. Special forms of individual and multi-motor drives. Prerequisite: 344.

## ENGINEERING

#### ENGR 123 Introduction to Engineering Graphics (2)

Introduction to engineering graphics including freehand sketching, lettering, scales, use of instruments, layout drawings, orthogonal projection, descriptive geometry, pictorials, and basic dimensioning. Emphasis on communicating technical information in engineering design and research. Brief introduction to computer-aided design.

#### ENGR 124 Engineering Graphics With an Introduction to Design (3)

Emphasizes engineering graphics for developing design and research ideas; freehand sketching, layout, detail and assembly drawings, plus applied descriptive geometry. Design projects assigned to illustrate design processes and application of engineering graphics in design and research. Additional topics include graphical mathematics, report preparation, computer-aided design, and patent drawings. Prerequisite: 123 or equivalent.

#### ENGR 140 Measurement and Experimentation (4)

Collection and analysis of data on practical subsystems in the context of engineering situations. Common laboratory instrumentation is explained and utilized. Results are synthesized into engineering report form as both group and individual experiences. Prerequisites: MATH 124, PHYS 121.

## MECHANICAL ENGINEERING

### Industrial Engineering

#### MEIE 431 Ship Production Systems (3)

Introduction to shipyard organization, ship production processes, techniques of production planning and control, and the role of the computer in modern shipbuilding. Principles of advanced shipbuilding, product-oriented work breakdown structure, and zone construction introduced. Offered jointly with O-ENG 431. Prerequisites: 317, 319, or permission of instructor.

## MINING, METALLURGICAL, AND CERAMIC ENGINEERING

### Materials Engineering

#### MTL E 301 Optical Microscopy (3)

The use of the optical microscope as a tool for the observation and analysis of the microstructure of materials. Light, the interaction of light with matter, and the principles of image formation and image interpretation using both reflected and transmitted light techniques.

#### MTL E 314 Structures of Materials (5)

The structure of ideal and real solids, the shapes and distributions of phases in solids, equilibrium diagrams, non-equilibrium transformations, surfaces. Prerequisite: ENGR 170.

## OCEAN ENGINEERING

#### O ENG 431 Ship Production Systems (3)

Offered jointly with MEIE 431. See MEIE 431 for course description.

## SCIENTIFIC AND TECHNICAL COMMUNICATION

#### STC 499 Special Projects (2-5, max. 10)

Individual undergraduate projects in scientific and technical communication. Prerequisites: permission of instructor.

## COLLEGE OF FOREST RESOURCES

### BIOLOGICAL SCIENCES

#### FOR B 401 Biology and Conservation of Birds (3)

Major principles of avian population biology; reproductive biology, and conservation strategies for both game and non-game birds. Emphasis on the Pacific Northwest. Prerequisite: introductory biology.

#### FOR B 411 Biology and Conservation of Birds: Laboratory (2)

Taxonomy and identification of birds. Laboratory and field trips are required and students may be asked to share travel costs. Prerequisite: concurrent registration in 401.

### PHYSICAL SCIENCES

#### FOR P 300 Timber Harvesting Management (3)

Timber harvesting methods and planning procedures. Logging costs and production. Safety and environmental considerations. Designed for forest managers and other non-engineering majors.

## SCHOOL OF MEDICINE

### BIOCHEMISTRY

#### BIOC 555 Current Topics (1)

Overview of current research in biochemistry. Topics include protein chemistry, enzymology, blood coagulation, cell surface proteins, fertilization, genetic engineering, control of transcription, serum lipoproteins, and photosynthesis. Offered on credit/no credit basis only. Prerequisite: first year graduate students in biochemistry.

### BIOLOGICAL STRUCTURE

#### B STR 593 Reproduction and Development Seminar (1, max. 5)

Weekly research conference on current research in gametogenesis, fertilization, and embryogenesis. Emphasis on cell surface events and mechanisms of cell-cell interaction during reproduction and development in mammals. Prerequisite: permission of instructor.

#### B STR 594 Seminar in Myogenesis (1, max. 5)

Discussion of recent work on the differentiation of skeletal muscle and related cell types. Emphasis on the cell-biological aspects of differentiation both *in vivo* and *in vitro*. Prerequisite: permission of instructor.

**B STR 595 Skin Biology Seminar (1, max. 5)**

Presentation, discussion of ongoing multidisciplinary research in basic and clinical problems of adult and fetal skin biology. Topics include genetic diseases of epidermis and dermis, percutaneous absorption in adult and fetal skin, wound healing, cutaneous blood flow, development and prenatal diagnosis of inherited disorders, pigment cell biology. Prerequisite: permission of instructor.

**B STR 596 Seminar in Experimental Immunohemopoiesis (1, max. 5)**

Weekly critical review of current literature on hematopoiesis, lymphopoiesis, and immunologic function of bone marrow derived cells as covered in such journals as J. Exp. Med., J. Immunol., Exp. Hematol. Participation in detailed analysis and critique of publications selected for presentation and discussion. Prerequisite: permission of instructor.

**B STR 597 Topics in Neurobiology (1, max. 5)**

Weekly presentations by participants of topics in neuroanatomy, neurophysiology, neurochemistry, and other areas relating to the nervous system. Emphasis on problems of current research interest. Offered on credit/no credit basis only. Prerequisite: permission of instructor.

**B STR 598 Biological Structure Research (1)**

Weekly presentation/discussions relating to original research including but not limited to neurobiology, cellular immunology; cell differentiation, reproductive biology, molecular structure, and their associated methodologies: electron microscopy, histology, x-ray diffraction, tissue culture, morphometric analysis. Prerequisites: permission for departmental graduate students; all interested people encouraged to attend.

**BIOMEDICAL HISTORY**

**BI HS 535 Seminar in Medical Jurisprudence (3)**

Historical development of the intersections of American law and medicine, focusing particularly on questions of licensure and health policy regulation, public health matters, forensic medicine, professional liability and philosophical issues relevant to life stages. Open to law and medical students and others with appropriate background and interest.

**CONJOINT**

**CONJ 340- Human Anatomy and Physiology (4-)**

Introductory course integrating gross anatomy, microscopic anatomy, and physiology of the human body. Primarily for nursing students, others by permission of instructor. Coordinator: Department of Physiology and Biophysics. Prerequisites: CHEM 101, CHEM 102 or equivalents.

**HUMAN BIOLOGY**

**HUBIO 516P Cell Biology (2)**

Structure and function of cell components, interactions of cells with their substates and with other cells and events of cell differentiation, including the cell cycle, cell proliferation, and cell potential. Emphasizes basic aspects of cell biology relevant to medicine and compliments concurrent and subsequent courses.

**MEDICINE**

**MED 645P Clinical Endocrinology and Geriatric Medicine (8)**

Student spends one-half time on endocrinology and one-half time on geriatric medicine services. Two one-half day outpatient clinics/week, plus inpatient endocrinology and geriatrics consultation services. Prerequisite: 665P.

**NEUROLOGICAL SURGERY**

**NR 505P Preceptorship in Academic Neurosurgery (1)**

Opportunity for first and second year medical students to observe the research, teaching, and patient care activities of academic neurosurgery. Prerequisite: permission of instructor.

**OBSTETRICS AND GYNECOLOGY**

**OBGYN 682P Antenatal High Risk Obstetrics (8)**

Four weeks on high risk antenatal OB ward and clinic. Students responsible for initial workups, daily lab evaluations, continuing care of high risk antepartum patients. Weekly conference with OB attending; presentation of one or more topics per rotation. Excellent coordination with resident and attending staff required to maintain patient care continuity.

**OPHTHALMOLOGY**

**OPHTH 687P Ophthalmology Clerkship (4)**

Inpatient and outpatient diagnosis and treatment of eye diseases. Subspecialty clinics include cornea, retina, neuro-ophthalmology, glaucoma, contact lenses, and strabismus. Student attends regularly scheduled conferences in ophthalmic basic and clinical science. Prerequisites: completion of human biology series. (Limit: 1 student, 2 weeks)

**ORTHOAEDICS**

**ORTHP 585P Sports Medicine (2)**

Lectures, patient problem presentations, and seminar discussions used to explore impact of exercise and sport participation on various body systems. Biomechanics of certain sports injuries and adaptations of cardiovascular, pulmonary, and muscle functions. Sport participation at different ages and nutrition concerns in sports. Prerequisite: second year medical students.

**PATHOLOGY**

**PATH 504 Cell and Molecular Biology and Disease (3)**

Detailed consideration of cytoplasm, emphasis on cell biology and pathology of cellular membranes, elements of cytoskeleton. Prerequisite: genetics or biochemistry.

**PHARMACOLOGY**

**PHCOL 550 An Overview of Faculty Research (1)**

Reviews research topics currently being studied in pharmacology. Student preparation consists of reading pertinent articles published on each topic. Offered on credit/no credit basis only. Prerequisite: first year graduate students in pharmacology.

**PSYCHIATRY AND BEHAVIORAL SCIENCES**

**PBSCI 555 Research Methods in Psychiatry and Behavioral Sciences (3)**

Includes four areas: scientific method (operationalism); psychometrics (reliability); design of psychiatric experiments/studies; psychiatric epidemiology. Goals are to disseminate knowledge through lectures and readings, and require students to use this knowledge to analyze, apply, and synthesize this material through exercises and discussions.

**PBSCI 673P Outpatient Psychiatry Elective (\*, max. 24)**

Offered at HCMHC, the primary outpatient psychiatric facility for Harborview Medical Center. Students function as sub-interns conducting diagnostic interviews, initiating and managing pharmacotherapeutic treatment regimens, and providing crisis intervention, under the supervision of the full-time attending at psychopharmacology clinic. Prerequisites: completion of 664, 665, or 666.

**PBSCI 675P Clerkship in Consultation/Liaison Psychiatry American Lake (8/12)**

Assessment and treatment of patients with acute and chronic medical illness: COPD, cardiac disease, cancer, neuro diseases such as M.S., Huntington's Chorea, and blindness. Emphasis on psychosocial implications for patients, families, and impact on staff. Offered four to six weeks full-time. Prerequisites: completion of 664, 665, or 666.

**PBSCI 676P Inpatient Clerkship in Psychiatry at American Lake VA (8/12)**

For medical students with a defined interest in psychiatry who wish to develop their knowledge and skills in the evaluation, management, and treatment of a wide range of acute and chronic psychiatric conditions requiring inpatient hospital treatment. Prerequisites: completion of 664, 665, or 666.

**PBSCI 677P Alcohol and Drug Treatment Clerkship American Lake VA (8/12)**

Student assists in every phase of substance abuse treatment, including admission interviews, patient evaluation problem identification, group and individual psychotherapy, assertion training, anger control, human sexuality, medical evaluation and treatment, couple's therapy, discharge and aftercare planning. Experience primarily clinical. Prerequisites: completion of 664, 665, or 666.

**RADIATION ONCOLOGY**

**R ONC 499 Undergraduate Research (\*, max. 24)**

Opportunities in clinical or laboratory investigation in radiation oncology. Participation of medical students in ongoing projects or new projects designed for them. Prerequisites: medical student standing, permission of Dr. Tong.

**RADIOLOGY**

**RAD6Y 694 Advanced Clinical Clerkship (8)**

This is designed for the student who wishes to advance his/her area of interest beyond the introductory level for a second elective month in diagnostic radiology and nuclear medicine. Prerequisites: completion of 693 and permission of instructor.

**REHABILITATION MEDICINE**

**REHAB 404 PT Management of Musculoskeletal Disorders: I (5)**

Functional anatomy, biomechanics, clinical assessment and management as they relate to patients, with common musculoskeletal disorders, who have been referred to physical therapy services. Emphasis on development of appropriate therapeutic strategies for management of extremity joints. Prerequisite: physical therapy major.

**SCHOOL OF NURSING**

**COMMUNITY HEALTH CARE SYSTEMS**

**CHCS 301 The Discipline and Profession of Nursing (3)**

Introduction to the conceptual organization of the discipline of nursing and the scope of its professional practice. Analysis of nursing's historical development and current trends influencing the contributions of nursing in health care delivery. Prerequisite: admission to the School of Nursing.

**CHCS 578 Health, Care, and Community (3)**

Analysis of health care in community from nursing and behavioral science perspectives. Socio-cultural influences on health beliefs and practices, natural care units, and community life patterns analyzed. Community as both context and target of change explored in relation to nursing approaches in health promotion and maintenance. Prerequisite: graduate standing.

**PARENT AND CHILD NURSING**

**PCN 300 Human Growth and Development Through the Life Span (5)**

Processes of and theories about human growth and development; examination of relevant research; the relationship of research and theory to working with clients of various ages. Prerequisite: admission to School of Nursing or permission of instructor.

**PCN 514 Coping Strategies of Well and Sick Children (3)**

Focus on gaining knowledge and skill in helping well and sick children cope in supportive and nonsupportive environments. Emphasis on fit between coping strategies and environment, adaptation to environment, adjustment of environment to the child's needs. Prerequisites: completion of first year program, course in growth and development, or permission of instructor.

**PCN 515 Nursing Management of Well Children and Their Environments (3)**

Emphasis on concepts and issues related to wellness, health maintenance, and prevention of illness. Various conceptual approaches analyzed. Seminars focus on family progress toward health goals in selected environments, utilizing a variety of intervention strategies. Prerequisites: completion of PCN core courses or permission of instructor.

**PSYCHOSOCIAL NURSING**

**PSN 550 Interpersonal Aspects of Behavior (3)**

Analysis of selected theories in relation to psychosocial development and adaptation across life span for individuals, families, and small groups, and as explanatory models of major psychosocial disabilities. General and psychosocial nursing models evaluated for heuristic value for research and practice. Prerequisite: graduate standing in nursing or permission of instructor.

**PSN 551 Biologic Aspects of Psychosocial Disabilities (3)**

Analysis of biological processes influencing psychosocial behavior in response to internal and external stimuli. Research and theory of neuroendocrine mechanisms in psychosocial disabilities. Analysis of nursing management and evaluation of biopsychosocial modalities used in modification of behavior. Prerequisite: graduate standing in nursing or permission of instructor.

**COLLEGE OF OCEAN AND FISHERY SCIENCES**

**OCEANOGRAPHY**

**OCEAN 527 Marine Chemistry (3)**

The processes controlling the chemical composition of sea water. Topics include physical chemistry and equilibrium concepts, biologically controlled cycles and kinetic concepts, and radioactive elements and rates of oceanic processes.

**INSTITUTE FOR MARINE STUDIES**

**IMS 540 Economics of World Fisheries I (3)**

World view of the contemporary problems in use and management of the marine living resources. Analysis of basic economic tools and concepts. Emphasis on teaching students how to approach and analyze international fisheries issues in their own research. Prerequisite: 500 or permission of instructor.

**SCHOOL OF PHARMACY**

**PHARMACY PRACTICE**

**PHARM 465 Computer Applications in Pharmacy Practice (2)**

Overview of computer applications in pharmacy practice. Emphasis on microcomputers including elementary computer concepts with introduction to programming (Applesoft/Microsoft BASIC) and applications (e.g. GPSS, RIM) languages. Discusses programs used in clinical and administrative pharmacy functions (kinetics, prescription processing, and similar applications). Recommended: third year professional status and 460.

PHARM 472 Advanced Externship in Pharmacy Practice (\*, max. 16)

Advanced level externship in pharmacy in a community, institutional, long term care, or specialty practice setting under the direct supervision of a clinical preceptor. Offered on credit/no credit basis only. Prerequisite: permission of instructor.

## PUBLIC AFFAIRS

PB AF 577 Risk Assessment for Environmental Health Hazards (3)

Offered jointly with ENV S, CEWA, AND ENVH 577. See ENV S 577 for course description.

## PUBLIC HEALTH AND COMMUNITY MEDICINE

### BIOSTATISTICS

BIOST 527 Statistical Models for Epidemiologic Analysis (4)

Introduction to multivariate analysis of survival and categorical data using multiplicative models. Emphasizes applications to cohort and case-control studies in epidemiology. Familiarity with available computer programs and packages gained by analysis of bona fide sets of clinical and epidemiological data. Prerequisites: 513 and EPI 513 or permission of instructor.

### ENVIRONMENTAL HEALTH

ENVH 577 Risk Assessment for Environmental Health Hazards (3)

Offered jointly with ENV S, CEWA, and PB AF 577. See ENV S 577 for course description.

### EPIDEMIOLOGY

EPI 527 Statistical Models for Epidemiologic Analysis (4)

Offered jointly with BIOST 527. See BIOST 527 for course description.

# INDEPENDENT STUDY THROUGH CORRESPONDENCE

The Office of Independent Study provides University courses for correspondence credit primarily by correspondence instruction to persons who wish to study independently. Fees for Independent Study courses are separate from residence tuition and are \$28 per credit. Enrollment is not based on the quarter system but is continuous throughout the year, with one calendar year allowed to complete a course.

A regularly enrolled student who wishes to register for additional courses for Independent Study credit should consult his or her departmental advisor prior to enrolling in an Independent Study course. Applications and additional information on enrollment procedures may be obtained from the Independent Study office, 222 Lewis, or by telephoning 543-2350.

The following courses are currently offered by Independent Study (credits in parentheses; \* indicates variable credit, to be arranged by student and instructor).
