GENERAL INFORMATION

It is the University's expectation that a student will follow University rules and regulations as they are stated in the *General Catalog*. In instances where no appeal procedure is spelled out and the student is persuaded that a special set of circumstances makes appeal reasonable, he or she may appeal the application of specific rules or regulations to the office of the dean of the school or college in which he or she is enrolled in the case of an academic matter, or to the Office of Student Affairs in the case of a nonacademic matter. These offices will either render a decision on the appeal or refer the student to the proper office for a decision.

GUARANTEED REGISTRATION ELIGIBILITY

University of Washington students who remain in good scholastic standing are guaranteed the opportunity to register each quarter as long as they maintain continuous enrollment (Summer Quarter excepted). Continuation must be in the same classification, e.g., undergraduate, postbaccalaureate (fifth-year), graduate, etc. Once a student earns a baccalaureate degree, he or she must apply for readmission as a postbaccalaureate (fifth-year), nonmatriculated, or graduate student. Exceptions to the guarantee are: (1) students under disciplinary action, (2) students with a financial hold, or (3) students not meeting their departmental continuation policies.

If an undergraduate does not enroll for one or more quarters, or if a graduate student goes on-leave, he or she must file an application for readmission, including payment of $25 application fee, with the Registrar's Office. Information on admission closing dates is available at Window 3, second floor, Schmitz Hall, or by calling 543–5920.

FULL-TIME STUDENT REQUIREMENT

To be considered a full-time student, an undergraduate must register for 12 credits and a graduate student must register for 9 credits. The full-time registration requirement varies for different agencies. Information on full-time requirements of the Veterans Administration, Immigration and Naturalization Service, and Social Security Administration may be obtained at 460 Schmitz. Consult the Financial Aid Office for its requirement on satisfactory student progress.

NONMATRICULATED STUDENTS

Nonmatriculated students register September 25 and enroll only on a space-available basis. Because nonmatriculated students register after all other students, enrollment may be closed in the following areas: mathematics, English composition, beginning foreign languages (particularly French and Spanish), business, and art. Nonmatriculated students may participate in preregistration for the Summer Quarter.

TUITION-EXEMPT FACULTY/STAFF

With the approval of their department heads, regularly admitted full-time UW faculty and staff members who have been employed six months or more may take up to 6 credits per quarter under the tuition exemption program. According to legislative action, all registrations must be on a space-available basis after other students have registered. Members of the faculty and staff who wish to utilize the exemption may not preregister; registration may occur no earlier than the last day of the registration period. Faculty/staff who register before the last day will not be eligible to use a tuition exemption that quarter. Registration appointments are not required. New faculty/staff members who enroll must be officially admitted by the Office of Admissions by the regular admission closing date; May 1 is the closing date for Autumn Quarter. Faculty/staff members who are former students returning either in the same classification or as nonmatriculated students should apply at the Registration Office, Window 8, second floor, Schmitz Hall.

Employees should present their approved tuition exemption cards at Sections, Hutchinson Hall, according to the schedule listed below. A $5 registration fee will be collected at the time of registration. The alphabetical priority will change each quarter. Regularly admitted faculty and staff members who are unable to meet this schedule may register late by paying $25 if registering by the tenth day of the quarter; $75 if registering after the tenth day of the quarter.

Autumn Quarter Registration Date: September 25, 1985

Last names beginning with D–E–F (8–9 a.m.); G–H (9–10 a.m.); I–J–K (10–11 a.m.); L–M (11 a.m.–noon); N–O–P (noon–1 p.m.); Q–Z (1–2 p.m.); A–B (2–3 p.m.); C (3–4 p.m.); makeup (4–4:30 p.m.).

Tuition-exempt faculty/staff are not entitled to other student services such as those available at the Hall Health Center and the Intramural Activities Building. Therefore, UW student cards will not be issued to faculty and staff. Faculty/staff identification cards may be used for library services.

"ACCESS" PROGRAM FOR OLDER ADULTS

The University of Washington waives tuition for Washington residents sixty years or older who wish to attend classes as auditing students, on a space-available basis. The fee is $5, whether one or two courses are attended. As auditors, they do not receive credit and are not expected to do laboratory work or to take examinations. Students who attend the University under the Access program are limited to two courses per quarter. Registration may be made in person on Wednesday, September 25, between 8 a.m. and 2 p.m. at the Sections branch office, Hutchinson Hall. Interested students should proceed to the area marked *Access*. For additional information on mail-in registration or about the program in general, telephone Continuing Education, 545–7418, between 9 a.m. and noon.

AUDITORS

Auditors, except Access program students, pay standard tuition and fees and must be regularly admitted and registered in the course. Although credits for audited courses will not be listed on the schedule of classes, they will be included in the billing on the fee statement. Such credits count in the calculation of fees.

Attendance in courses as an auditor is by consent of the instructor involved and is conditioned by the extent to which space is available. Permission to audit is ordinarily granted for lecture classes only. An auditor may not participate in class discussion or laboratory work, and his or her registration may be canceled at the discretion of the instructor.

No entry is made on the permanent record for courses audited. To receive credit for an audited course, the student must register for the class for credit in a subsequent quarter.

Auditors follow registration instructions below.

DISABLED STUDENTS

Various support services, including priority registration, are available to students with disabilities. Contact the Coordinator for Disabled Student Services, 482 Schmitz, 543–8924, for information on equipment, technical aids, and accommodations to meet individual needs. *Access: University of Washington*, a guidebook to buildings on the campus, and an accompanying map may be obtained from the office.

Hutchinson Hall registration or add/drop area is reached by a full flight of stairs, so wheelchair users and other students with mobility limitations should go to the Sections Office at 264 Schmitz. Students using this location need no Change of Registration Appointment Card (although those registering for the first time do need a registration appointment).

Students with disabilities who register for a science laboratory class should telephone the Coordinator, 543–8924, and the academic adviser of that department immediately to evaluate whether some accommodation of the facilities will be necessary.

ATHLETIC EVENTS

Students may purchase a Husky Football Season Pass at the Husky Ticket Office, 101 Graves, or at the HUB Ticket Office, for admission to the following athletic events: football, soccer, and volleyball. For additional information, telephone 543–2200.

REGISTRATION INSTRUCTIONS

ACADEMIC ADVISER

See an academic adviser to discuss your educational objectives and to learn the procedures involved in registering at the University. Have an idea of the courses you would like to take before seeing an adviser by reviewing the *General Catalog* and the quarterly *Time Schedule*.

PREREGISTRATION (Continuing Students Only)

1. Eligibility

Preregistration is reserved for all continuing students *except* tuition-exempt faculty/staff, older adults auditing under the Access program, and nonmatriculated students. These last three groups may register only during the last day of in-person registration (see Autumn Quarter calendar).

Continuing students who withdraw during the first week of two consecutive quarters (Summer Quarter excepted) will not be eligible to register as continuing students for the third quarter. Such students must reapply as former students returning to the University.

2. Submitting the Preregistration Form

Mark-sense registration forms are available at advisory offices and at Registration Office, Window 3, second floor, Schmitz Hall. Please note that some courses listed in the *Time Schedule* have restricted enrollment and will require entry cards. Also, undergraduates will not be scheduled for more than 19 credits until the first day of the quarter. This is done to allow all students a chance to develop a basic program.

Students preregistering may turn in forms at:

a) Registration lobby, second floor, Schmitz Hall

b) B10 Padelford

c) Fourth-floor student lounge, T-wing, Health Sciences Building

3. If You Miss Preregistration

Obtain an in-person registration appointment and register by September 25 at Window 8, Schmitz Hall. After September 25 you will be required to register late and to pay a $25 late registration fee at the Student Accounts and Scholarships Office, 129 Schmitz, if registering by the tenth day of the quarter; $75 after the tenth day of the quarter.

4. Schedule of Classes

All students who preregister will be scheduled by computer at one time. The scheduling priority is: freshmen, seniors, graduate students, postbaccalaureate (fifth-year), juniors, and sophomores. Schedules will be mailed June 18.

5. Registered Students

Students who preregister but are not scheduled into any courses are not considered registered students, and are not eligible for preregistration the following quarter. Students in this category must submit a Former Student Application for the next quarter they wish to attend the University.

IN-PERSON REGISTRATION (New and Returning Students)

1. Eligibility

In-person registration is primarily for newly admitted and returning former students. Continuing matriculated students who miss preregistration, tuition-exempt faculty/staff, older students in the Access program, and nonmatriculated students also register during in-person registration. All students, except Access students, must be admitted to the University and issued a registration appointment before attempting to register.

2. How to Register

On or before your registration appointment, obtain a *Time Schedule* and a Registration Instructions worksheet from your advisory office or from the Registration Office, second floor, Schmitz Hall. (These may also be obtained in the Hutchinson Hall registration area *while registration is in progress*.) Obtain permission and/or course entry cards (if required) as indicated in the *Time Schedule* before attempting to register. Once your registration is completed by the Sections staff, you are obligated for tuition and fee payment unless you officially withdraw by the fifth day of the term. Undergraduates will not be scheduled for more than 19 credits until the first day of the quarter to allow all students a chance to develop a basic program.

3. Submitting the Registration Form

a) New and returning former students register by appointment only on June 27–August 23 at the sections branch office, Hutchinson Hall.

b) If you are a continuing matriculated student who did not preregister, you must obtain an in-person registration appointment and register by September 24. Continuing students who request in-person registration appointments and register after September 24 will be required to register late during the first ten days of school and pay a $25 late registration fee; after the first ten days of the quarter, a $75 late registration fee is assessed.

c) If you are registering September 19, 20, 23–25 go to the Sections branch office, Hutchinson Hall, on the date and time indicated on your registration appointment. Students with a mobility disability must register in 264 Schmitz because there are stairs leading to the Hutchinson gymnasium. Engineering students will register in Hutchinson Hall.

d) Nonmatriculated students, tuition-exempt faculty/staff members and students in the Access program register only on September 25.

4. Schedule of Classes

a) If you register June 27–August 23, your schedule of classes will be mailed to the address you indicate on the registration form. All students registering during this period are scheduled by computer at one time. The scheduling priority is: freshmen, seniors, graduate students, postbaccalaureate (fifth year) students, juniors, and sophomores. Schedules will be mailed September 11.

b) If you register September 16–20, 23, 24, 25 your courses will be scheduled while you wait and you will be given a copy of your completed program when you have finished registering.

ENTRY CARDS

Certain courses and sections require entry cards for registration. Students who request these courses (and/or sections) on their registration request forms will not be registered in the courses unless the requests are accompanied by entry cards. An entry card alone is not sufficient. The course and schedule line number (SLN on entry card) must also be requested on the mark-sense registration form. Obtain course entry cards for courses designated with the symbol >>> in the margin of the *Time Schedule*. Information on where to obtain entry cards is found in the body of the *Time Schedule*, either as a comment before the course listing or just after the title of the course.

LATE REGISTRATION

Students who register after the official registration period will be charged a $25 late registration fee, payable at the Student Accounts and Scholarships Office, 129 Schmitz, if registering by the tenth day of the quarter; $75 after the tenth day of the quarter.

REGISTRATION CHANGES

a) *All changes to a student's program should be completed during the official change periods, September 16–20, 23–25, 30, October 1–4.* Changes are made by appointment only. Appointments are not required to (a) drop a course, (b) change to or from S/NS or C/NC, (c) change variable credits. Evening-only students do not need appointments for the 5–6:15 p.m. change period during the first week of the quarter. Graduate students do not need appointments during the first week at 264 Schmitz. A student who arrives more than a half-hour late will be required to make a new appointment. Wheelchair users and other students with mobility limitations should use the sections office at 264 Schmitz; no Change of Registration Appointment card is required.

Students will be expected to present Autumn Quarter 1985 UW student identification cards when requesting appointments. No more than one change appointment will be issued to a student at a time. Additional change appointments will be issued only after the initially assigned appointment has been used or the date has expired.

Students in the schools/colleges of Medicine, Dentistry, Nursing, Pharmacy, Public Health and Community Medicine, Ocean and Fishery Sciences, and Forest Resources, and the Department of Biology may make changes during the first week of the quarter, without an appointment, in the fourth floor lobby of the T-wing, Health Sciences Building.

Changes made after the official change period are restricted and, if permitted, cost $20 and may result in fee forfeiture (see item 3 of this section).

b) Undergraduates in the College of Arts and Sciences must have their adviser's signature to carry more than 22 credits; 30 credits is the limit per quarter.

2. Grades in Dropped Courses and Drop Restrictions

a) *Undergraduates.* Undergraduate students who drop courses after the change periods receive no entry on their academic record if the drop is made during the first two weeks of the quarter, except if all courses are dropped then a university withdrawal date is entered. Drops made during the third and fourth weeks of the quarter will be recorded with a "W." No drops are permitted after the fourth week except a limited number may be dropped as determined by the number of credits earned at the University. While completing the first 44 credits at the University, a student has three drops permitted after the fourth week. Any of these three drops not used at the time 45 credits are earned are forfeited. After 45 credits have been completed at the University, the student earns one late drop for each 45 credits earned. These may be accumulated and used as necessary. No drops, other than hardship withdrawals may be made after the last day of instruction.

b) *Graduate Students.* Graduate students who drop courses after the first two weeks of the quarter receive a grade of "W." No drops are permitted after the seventh week of instruction.

c) Students may petition the Registrar for a hardship withdrawal after the regular drop deadline if: (1) the student is unable to complete the course in question because of a severe mental or physical disability, or (2) unusual or extenuating circumstances beyond the student's control prevented the student from dropping the course by the regular drop deadline. Petitions must be filed promptly after the occurrence of the event that gave rise to the need for dropping the course.

3. Fee Forfeitures or Refunds

a) Students will be billed for the number of credits, including audit hours, on their programs at the end of the first week of the quarter. Only partial fee reductions will result for courses dropped after the first week of the quarter.

b) Students dropping courses after the first seven calendar days of the quarter and through the thirtieth calendar day of the quarter will be expected to pay one-half of the tuition and fees associated with that course. Example: An undergraduate originally registered for 5 credits. The fee for 5 credits is $221 (resident). The student then drops a 3-credit course in the second week of the quarter. The total number of credits for which the student remains registered is 2. Tuition and fees are due for the 2 credits ($92) and one-half the difference between 5 credits and 2 credits, in this case an additional $64.50. Total fees owed are $156.60. The student has been registered in the dropped course for more than one week and therefore must pay half the fees for the course.

c) Courses dropped after the thirtieth calendar day receive no refund. Example: A student is registered for a 3-credit course. The student drops that course after the thirtieth calendar day. No refund is available. If the student adds a different 3-credit course at the time the original 3-credit course is dropped, he or she will pay tuition and fees for 6 credits.

d) The effect of fee forfeitures on the over-18-credit surcharge is as follows: forfeitures for courses dropped that exceeded 18 credits are charged the same as in (b) and (c) above. Also, if a student drops a course after the thirtieth calendar day and adds another, an additional fee per credit will be charged as appropriate. Example: if a student is registered for 15 credits, drops one 5-credit course and then adds another 5-credit course, after the thirtieth calendar day, he or she will be charged for 20 credits although the student's class schedule will show only the 15 registered credits. As a result, he or she will pay for 2 credits above the 18-credit limit.

e) Drops become effective the date received in Sections.

4. Courses Added After the Official Change Period

a) As a general rule, no courses may be added after the official change period. Exceptional cases may be approved if both the instructor of the course and the dean of the student's college consent.

b) Courses audited may not be changed to a credit registration after the first two weeks of the quarter.

FEE PAYMENT

1. You should indicate your permanent or local address on your mark-sense registration form for fee statement mailing. If you have not received a fee statement by the end of the second week of the quarter, contact the Student Accounts and Scholarships Office for the amount of tuition due.

2. You may pay your fees in person in the Student Accounts and Scholarships Office or mail them to UW, Student Accounts and Scholarships Office, 129 Schmitz, PE-10, Seattle, WA 98195, before the tuition due date. Fees must be paid by Friday of the third week of the quarter whether or not you have received a statement. Payments postmarked on or before the due date are accepted without a late fee. Metered mail received after the due date is subject to penalties as described in # 3 below.

3. If you fail to pay by the deadline you may continue to pay your fees, with a $30 late fee, for one week following the due date. If fees have not been received in the Student Accounts and Scholarships Office by this time, your registration will be cancelled. Students permitted to reregister after cancellation for nonpayment will be charged a $75 fee, in addition to their tuition.

4. If you reregister, you must reregister for all classes on your schedule at the time of registration cancellation. (Fees will include appropriate charges for classes dropped during the forfeiture period.) All fees for registration must be paid by cash, money order, or cashier's check. No reregistration will be possible after the last day of instruction. *Please note: Even if your registration is canceled you will continue to owe one-half your tuition and fees if you are a continuing student or, if you are a new or returning student, $50 or one-half your tuition and fees, whichever is greater.*

5. Credit card checks are not accepted.

THE AUTUMN QUARTER 1985 FEE SCHEDULE WILL BE PRINTED IN THE REVISED TIME SCHEDULE.

Special Course and Laboratory Fees

The amounts listed in the Tuition and Fee Rate schedule normally cover University charges for course registration. Some courses, however, have extraordinary expenses associated with them and in such cases the University may charge additional fees in amounts approximating the added instructional or laboratory costs.

CHANGE OF ADDRESS

If you change your address after you have turned in your mark-sense registration form, be sure to complete a change of address form at the Registration Office. Forms are available at Window 3, second floor, Schmitz Hall. *You are responsible for notifying the Registrar's Office of any address change.*

STUDENT INSURANCE

UW students who remain registered through at least the first six days of instruction in the quarter are eligible to enroll in the student health insurance plan. The following students are not eligible:

1. Those enrolled only in programs administered by Continuing Education or Conferences and Institutes, including but not limited to extension, correspondence, independent study, continuing studies, noncredit courses, or the Access program; or

2. UW employees attending classes under the employee tuition exemption program.

Students who do not specifically request a particular student insurance plan or who do not specifically state they do not wish student insurance automatically will be enrolled and billed for *student only* medical, surgical, and hospital insurance.

If you are billed for student insurance and wish to cancel your coverage, complete the appropriate section on the remittance copy of the billing statement and pay the amount billed less the indicated amount for insurance. If you wish to change or add coverage, you must do so in person in the Student Accounts and Scholarships Office by the date tuition is due. Tuition/fees and the student health insurance premium must be paid in full by the due date to be eligible for health insurance.

International Students

International students must subscribe to the student insurance plan. Penalties for not paying insurance fees by the tuition due date are the same as tuition penalties under #3 of Fee Payment section. Exceptions may be granted by the International Services Office if the student presents proof of other medical insurance coverage. Students are responsible for obtaining a waiver each Autumn Quarter (or upon initial admission if other than Autumn Quarter), because waivers are valid only through Summer Quarter each year. Students holding insurance policies that expire during the academic year are responsible for obtaining new waiver cards, as necessary. Insurance waiver cards submitted during the late payment period require a $30 late fee. To be eligible for the student health insurance plan, the student must pay, in full, tuition, fees, and the student health insurance premium by the due date. International students who want coverage during the Summer Quarter and are not

enrolled Summer Quarter must prepay the Summer Quarter premium during one of the preceding quarters.

WASHPIRG

An optional $2 fee is indicated on the fee statement for the Washington Public Interest Research Group, a student research organization. If you do not desire to support this activity, simply pay the regular tuition and fees. If you want to support WASHPIRG, pay the regular tuition and fees plus $2.

WASHINGTON STUDENT LOBBY (WSL)

An optional $1 fee is indicated on the fee statement for the Washington Student Lobby (WSL), a voluntary, independent organization of university students whose purpose is to influence the state legislative process on matters of special interest to students. Students not wishing to support this activity simply pay the regular tuition and fees. Students supporting WSL pay the regular tuition and fees plus $1.

WITHDRAWAL FROM THE UNIVERSITY (DROPPING ALL COURSES FOR THE QUARTER)

1. Obtain an approved withdrawal form from your adviser or from the Withdrawal Office.
2. Present the withdrawal form to the Withdrawal Office, Sections, 264 Schmitz, *Withdrawals are effective the date they are received in the Registrar's Office.* Fees owed will be based upon the date the withdrawal is received in the Registrar's Office. No withdrawals accepted after the last day of instruction, June 7.

Continuing students who withdraw during the first week of two consecutive quarters (Summer Quarter excepted) will not be eligible to register as continuing students for the third quarter. Such students must reapply as former students returning to the University. For example, a student who withdraws during the first week of Spring Quarter and Autumn Quarter must reapply as a returning former student for Winter Quarter.

3. Students are required to turn in their student I.D. cards when they withdraw and are not eligible to continue using University services or facilities after their withdrawal.

The forfeiture schedule for withdrawing from the University is as follows:

Continuing Students

a. Students withdrawing before the sixth day of the quarter do not pay tuition or fees.

b. Students withdrawing on the sixth day or through the thirtieth calendar day continue to owe one-half of their tuition and fees.

c. Students withdrawing after the thirtieth calendar day continue to owe full tuition and fees.

New and Returning Students

a. Students withdrawing through the sixth day of the quarter forfeit their $50 enrollment service fee.

b. Students withdrawing on the sixth day or through the thirtieth calendar day of the quarter must pay one-half of the regular tuition and fees or forfeit the $50 enrollment service charge, whichever is greater.

c. Students who withdraw officially after the thirtieth calendar day must pay full tuition and fees, including the $50 enrollment service fee.

3. Students who were unable to turn in their withdrawal in time may petition the Comptroller's Office. Petition forms are available at the Student Accounts and Scholarships Office, 129 Schmitz.

4. Courses dropped as part of a University withdrawal completed during the first two weeks of a quarter receive no grade and no entry except date of withdrawal is made on the student's permanent academic record. Withdrawals completed after the first two weeks result in the courses being assigned a grade of "W."

GRADING SYSTEM

The University of Washington uses a numerical grading system with certain exceptions in the schools of Dentistry, Law, and Medicine. Instructors may report grades from 4.0 to 0.7 in 0.1 increments and the grade 0.0. The number 0.0 is assigned for failing work or unofficial withdrawal. Grades in the range 0.6 to 0.1 may not be assigned. Grades reported in this range will be converted by the Registrar's Office to 0.0 For graduate students, grades reported in the range 1.6–0.1 will be converted to 0.0; 100–200-level courses are excluded from credits earned and grade-point averages although such grades are recorded on the transcript; for 300-level courses and courses numbered 600, 601, 700, 750, and 800, grades are recorded and credit is allowed but grades are not included in the grade-point averages. Numerical grades may be considered equivalent to letter grades as follows:

Undergraduate/Graduate*

A	4.0–3.9	
A−	3.8–3.5	
B+	3.4–3.2	
B	3.1–2.9	
B−	2.8–2.5	
C+	2.4–2.2	
C	2.1–1.9	
C−	1.8–1.5	* Lowest grade earning credit for graduate students is 1.7.
D+	1.4–1.2	
D	1.1–0.9	
D−	0.8–0.7	Lowest passing grade for undergraduates.
E	0.0	Failure or Unofficial Withdrawal. No credit earned.

Additional information on grades and scholarship rules may be obtained from the Grade Information Office, 248 Schmitz.

Repeating Courses

With the approval of the academic department offering the course, an undergraduate student may repeat a course once. Both the original grade and the second grade will be computed in the student's grade-point average but credit will be allowed once. Students repeating courses should so indicate on their registration form.

The Grade of Incomplete

In order to obtain credit for a course in which an Incomplete has been awarded, an undergraduate student must complete the remaining work for the course by the last day of the following quarter. An Incomplete grade for a Spring Quarter course must be made up by the last day of Autumn Quarter or the Incomplete will be converted to a grade of 0.0 by the Registrar, unless the instructor has indicated when assigning the Incomplete grade that a grade other than 0.0 should be recorded if the incomplete work is not completed. This time limitation may be extended up to one year maximum with instructor approval. Such approval must be received by the Registrar's Office before the end of the next quarter.

A graduate student who receives an Incomplete must complete the remaining work for the course by the last day of the next quarter *in residence*. An Incomplete received by a graduate student does not automatically convert to 0.0 but remains an Incomplete if the course work is not completed. This time limitation may be waived by the dean of the college in which the course was offered only if the nature of the uncompleted work is such as to make the fulfillment of this requirement impossible. In no case can an Incomplete received by a graduate student be converted to a passing grade after a lapse of two years. The Incomplete grade entry remains on the record permanently. The final grade is posted under the quarter in which the final grade is received.

Incomplete grades may only be awarded if the student is doing satisfactory work up until the last two weeks of the quarter. In most cases, it should not be necessary to register for the course again the following quarter. Students should normally make up the missing work rather than registering.

Satisfactory/Not Satisfactory

Students may elect to take certain courses on a Satisfactory/Not Satisfactory basis. Advisers should be consulted, and in no case are students allowed to register for more than one course or 6 credits on a Satisfactory/Not Satisfactory basis in a given quarter. A course in which an "S" is earned may not be used to satisfy any department, college, or University requirement, except that the credits may be applied to the minimum of 180 credits required for graduation. Each instructor will report conventional grades to the Registrar, who will convert satisfactory grades (2.0 or greater) to "S," and unsatisfactory grades (less than 2.0) to "NS" for the student's transcript. No more than 25 S/NS credits will apply to an undergraduate degree. *S/NS must be elected during initial registration or added or dropped during the official change of program period.* Undergraduate students earning grades of 2.0 or above receive a grade of S (Satisfactory) while grades below 2.0 are recorded as NS (Not Satisfactory).

Graduate students earning grades of 2.7 or above receive a grade of S (Satisfactory), while 2.6 or below are recorded as NS (Not Satisfactory). With the approval of his or her graduate program adviser or Supervisory Committee Chairperson, a graduate student may elect to take any course for which he or she is eligible outside of his or her major academic unit on an S/NS basis.

In cases of withdrawal, the W is recorded. Neither S nor NS are

included in the grade-point average, N, I, and X are recorded until the instructor reports the final grade, or in cases of incompletes received by undergraduates, until the I is converted by the Registrar.

Credit/No Credit-Only Courses

Some courses are offered on a CR/NC-only basis. It is not necessary to register S/NS to take these courses, because the only grades assigned by the instructor are CR (Credit) or NC (No Credit). Neither CR nor NC is included in the grade-point average. In cases of withdrawal a W is recorded. N, I, and X are recorded until the instructor reports the final grade, or in cases of Incompletes received by undergraduates, until the I is converted by the Registrar.

Final examinations should be administered in accordance with the above examination schedule.

The dean may permit an instructor to change the time of a final examination upon prior application demonstrating good cause for such change. In such cases, the following guidelines shall be observed:

1. With the dean's permission, the final examination may be postponed or moved to an earlier time within the examination period if agreed to by all students and the instructor. Before approving the rescheduling of a final examination, the dean shall obtain assurances that the change will not have an undue adverse impact on the students. The dean shall notify the Registrar of the approval granted for changing the date of a final examination.

2. An instructor shall not, except in very unusual circumstances, grant permission to individual students for an early examination. If the student is unable to take an examination on the scheduled date, the procedure outlined in the following paragraph should be followed.

3. A student absent from any examination through sickness or other cause, judged by the instructor to be unavoidable, shall be given an opportunity to take a rescheduled examination or perform work judged by the instructor to be the equivalent. If the instructor determines that neither alternative is feasible during the current quarter, the instructor may exempt the student from the requirement. Examples of unavoidable cause include death or serious illness in the immediate family, illness of the student, and, provided previous notification is given, observance of regularly scheduled religious obligations.

4. Classes that meet on the hour use the first full hour of instruction to determine the time of examination. For example, a class that meets at 10 a.m. uses the 10:30 a.m. examination time.

5. Classes that begin on the half hour and last longer than one hour use the actual starting time to determine the examination time. For example, a class that meets at 7:30 a.m. and continues until 9:00 a.m. would use the 7:30 a.m. time.

6. Classes in which the entire class meets at the same hour every day, in the same room, may use that room at 8:30 a.m. or 2:30 p.m. for a three-hour examination. All other examinations are limited to one hour and fifty minutes unless other arrangements are made with Room Assignments.

7. If an examination is held at a time other than the above schedule indicates, instructors must check with Room Assignments to make sure that the room is going to be available.

Questions concerning the examination schedule should be directed to Room Assignments, 543–1080.

GUIDE TO COURSE LISTINGS

The information published in the *Time Schedule* is subject to change. The instructor for a particular course may be changed, or the instructor may use assistants in teaching the course and courses may not meet each day listed. Additionally, courses listed in this publication may be canceled in the event of insufficient enrollment.

Course, term, and section information is listed in the following columnar order:
Entry card required symbol (>>>), if appropriate

NEW COURSES FOR AUTUMN 1985

The following list includes new courses that will be offered Autumn Quarter 1985, which were added to the University curriculum after publication of the 1984-86 General Catalog. Consult the appropriate academic department for information on courses not listed below.

COLLEGE OF ARCHITECTURE AND URBAN PLANNING

BUILDING CONSTRUCTION

B CON 370 Construction Accounting (3)

Introduction to accounting for the contractor, placing emphasis on the analysis and use of financial statements and a job cost accounting system. Prerequisite: permission of department.

LANDSCAPE ARCHITECTURE

L ARC 590 Seminar in Landscape Architecture (1-3, max. 12)

Study and research in advanced topics of landscape architecture with focus on unpublished areas of research. Conducted by department faculty and visiting professors. Prerequisite: permission of instructor.

L ARC 601 Internship (3-9, max. 9)

Offered on a credit/no credit basis only.

COLLEGE OF ARTS AND SCIENCES

ART

Art History

ART H 385 Survey of Early Film History (5)

Origins and development of the motion picture from c. 1890 to c. 1950; major works in documentary, avant-garde, and animated film, as well as theatrical film, are shown and studied from an art-historical and critical standpoint.

ART H 451 Topics in Early Christian and Byzantine Art and Architecture (3, max. 9)

Specific theme or area of early Christian and Byzantine art and architecture, such as early Christian and Byzantine mosaics, or the art of Constantinople.

ASIAN LANGUAGES AND LITERATURE

Chinese

CHIN 541 Seminar in Chinese Grammar (3, max. 9)

Problems of theory and analysis of Chinese grammar, both synchronic and diachronic, modern and classical. Prerequisites: ASIAN 401, permission of instructor.

CHEMISTRY

CHEM 299 Special Problems and Report Writing (1, max. 6)

Problems relating to experimental chemistry. For chemistry majors only. Includes requirement for work on scientific report writing. Prerequisites: permission of chemistry adviser and a chemistry grade point average above 3.0.

CHEM 399 Undergraduate Research (*, max. 12)

For qualified chemistry majors in the bachelor of science curriculum, especially those planning graduate work. Not open for credit to graduate students. Prerequisites: permission of chemistry adviser and a chemistry grade point average above 3.0.

CHEM 502 Spectroscopic Methods of Structure Elucidation (4)

Theory and practice of spectroscopy as applied to the elucidation of organic structures, conformation and motional analysis, and reaction mechanisms. Spectroscopic methods include UV-visible absorption, circular dichroism, mass spectrometry, infrared and Raman, and pulse magnetic resonance. Prerequisites: three quarters organic chemistry lecture and two quarters laboratory; recommended: 455.

COMPARATIVE LITERATURE

C LIT 270 The Visual Text: How to Read a Film (5)

Introduction to film form, style, and techniques. Examples drawn from silent film and from contemporary film.

COMPUTER SCIENCE

C SCI 457 Computer Graphics (3)

Overview of the techniques of computer image synthesis, including both hardware and software. Line drawing and color raster graphics. Homogeneous coordinates, hidden surface, and smooth shading algorithms. Prerequisite: 326.

DRAMA

DRAMA 450 Rehearsal Laboratory (2, max. 6)

Acting in projects directed by graduate directing students. Prerequisites: one year of acting and audition.

DRAMA 564 Advanced Directing - Rehearsal (2, max. 6)

Exploration of rehearsal techniques that can be used in defining style in variety of contemporary and historical plays. Prerequisite: completion of first year of graduate directing program.

ECONOMICS

ECON 100 Principles of Economics (5)

Fundamental concepts of economic analysis with applications to contemporary problems. Recommended for students not planning to take any additional courses in economics.

ECON 580 Econometrics I (5)

Methods, tools, and theory of econometrics as the basis for empirical investigation in economics. Specification, testing, and use of econometric models with reference to examples in the literature.

GEOGRAPHY

GEOG 494 Senior Essay (3)

Supervised individual research and writing of major paper during senior year. Prerequisites: senior standing and permission of faculty sponsor and undergraduate adviser.

GEOG 496 Internship in Geography (3/5, max. 12)

Internship in the public or private sector supervised by a faculty member. Prerequisites: sophomore standing or above in geography and permission of faculty sponsor and undergraduate adviser.

MUSIC

MUSIC 302 Music Theatre Technique (1)

Basic individual acting techniques for musical theatre and their application to period historical styles. Prerequisite: concurrent registration in MUSAP 350, or permission of instructor.

MUSIC 454 Organ Pedagogy (3)

Various pedagogical approaches to organ techniques and performance practice, providing opportunity for practical application by means of student teaching.

Music Applied

MUSAP 205 String Techniques (2, max. 12)

Group instruction of performance techniques, methods, and materials for orchestral string instruments.

MUSAP 210 Wind Techniques (2, max. 12)

Group instruction of performance techniques, methods, and materials for orchestral wind and brass instruments.

MUSAP 217 Percussion Techniques (2, max. 4)

Introduction to the basic concepts of percussion playing.

MUSAP 218 Guitar Techniques (1, max. 3)

Music Ensemble

MUSEN 472 Opera Workshop (1, max. 6)

Preparation of music theatre repertoire. Intended for the mature voice student. Prerequisite: 373 or permission of instructor.

POLITICAL SCIENCE

POL S 428 Military Intervention (5)

Historical and theoretical analysis of military intervention in the post World War II era. Considers how and why interventions occur and evaluates intervention as a foreign policy response.

PSYCHOLOGY

PSYCH 206 Psycho-Social Aspects of Nuclear War (3)

Introduction to the basic issue of nuclear war, including its effects, weaponry, and history of the arms race. Primary focus on the psychologic underpinnings of deterrence, relations between nations, and the personal and social forces operative in the arms race and peace movements.

PSYCH 439 Social Psychology of Motor Behavior and Sport II (4)

Current issues and research. Topics include anxiety and arousal, competition, motivation, attitudes, and individual differences in motor performance. Prerequisite: 438.

SOCIOLOGY

SOC 344 Cognitive Social Psychology (5)

Analysis of cognitive structures and processes, and their antecedents and consequences, both societal and individual. Consideration of the reciprocal influences of social roles, social institutions, and social cognition. Prerequisite: 240 or equivalent, or permission of instructor.

ZOOLOGY

ZOOL 440 Biomechanics (4)

Physical biology emphasizing a mechanical approach to ecological, evolutionary, and physiological questions. Emphasis on basic principles underlying fluid and solid mechanics to explore responses of animals to flows, loads, and motions. Recommended: some familiarity with calculus and introductory physics.

SCHOOL OF DENTISTRY

COMMUNITY DENTISTRY

COM D 650P P-Community Dentistry Clinical Electives (*, max. 12)

Opportunities for students to work in various clinical activities at local hospitals or other sites outside the school. Prerequisite: permission of instructor.

DENTISTRY

DENT 511P P-Professional Issues (2)

Overview of dental sociology, personal/professional ethics, dental history, jurisprudence, behavioral medicine.

PERIODONTICS

PERIO 663 Pre-prosthodontics Clinical Periodontics (*)

Clinic diagnosis and treatment of periodontal disease for non-periodontics student. Prerequisite: permission of department chairperson.

COLLEGE OF ENGINEERING

CIVIL ENGINEERING

Structural and Geotechnical Engineering and Mechanics

CESM 501 Structural Mechanics I - Statics (6)

Equations of a continuum for small displacements, applications to linear elasticity. Kirchoff plate theory, problems in advanced strength of materials. Virtual work, minimum potential energy, force and displacement methods of structural analysis. Direct stiffness method. Approximate solutions, geometric stiffness matrix. Linearized buckling.

CESM 503 Materials (3)

Behavior of materials used in civil engineering structures. Yield and failure surfaces. Physical and phenomological models of plastic and viscoelastic behavior. Fracture mechanics. Fatigue models and predictions. Damping and friction. Behavior of anisotropic and composite materials.

CESM 523 Reliability and Design (3)

Introduction to theory of structural reliability and its application to design procedures in civil engineering, including: probability theory; assessment of uncertainties; code specification (1st order 2nd moment format) and the related concept of risk, and the influence of socioeconomic factors; loads, load combinations, and probabilities of damage.

CESM 561 Advanced Geotechnical Engineering I (3)

Advanced topics of geotechnical engineering, including theories of lateral earth pressure, bearing capacity, stress distribution, and consolidation. Application to design of retaining structures and shallow foundations, calculation of settlement rate and distribution. Prerequisite: CIVE 366 or equivalent.

CESM 562 Advanced Geotechnical Engineering II (3)

Advanced topics of geotechnical engineering emphasizing shear strength of soils. Strength and stress-strain behavior of sands and clays under various loading and drainage conditions. Laboratory and in-situ strength testing methods. Stress path concepts and application of normalized strength parameters. *Prerequisite:* 467 or equivalent.

MECHANICAL ENGINEERING

M E 480 Introduction to Computer-Aided Technology (4)

Introduction to principles of computer-aided technology. Topics include: computer-aided design, engineering, drafting, and manufacturing; CAD systems, geometry, computer graphics, hardware, computer-aided vehicle/system design synthesis. System demonstrations, laboratories, and site visits are included. Offered jointly with O ENG 480. Prerequisites: ENGR 123, ENGR 141.

OCEAN ENGINEERING

O ENG 480 Introduction to Computer-Aided Technology (4)

Offered jointly with M E 480. See Mechanical Engineering for course description.

O ENG 560 Fluid Dynamics of Marine Systems (3)

Theoretical and applied topics as related to ocean engineering. Mathematical models of inviscid (potential) and viscid motions of incompressible fluid water developed. Engineering applications include linear water waves, water wave exciting forces, damping coefficients, forces on lifting surfaces, and components of ship resistance. Prerequisite: M E 333 or CIVE 342.

COLLEGE OF FOREST RESOURCES

BIOLOGICAL SCIENCES

FOR B 200 Trees in Our Environment (5)

Form and function of fifty to sixty tree species are examined, applying principles and concepts of biology, and developing an awareness for science; lectures, laboratory demonstrations, and field studies in the Arboretum. Intended for nonscience majors; no credit for forest resource majors.

FOR B 304 Biological Concepts for the Forest Manager (6)

Review of aspects and concepts in soils, microclimatology, hydrology, stream ecology, terrestrial ecology, wildlife ecology, and physiology and anatomy related to forests and forest ecosystems. Prerequisites: at least five years of experience in natural resource management or equivalent; introductory biology.

INTERDISCIPLINARY GRADUATE DEGREE PROGRAMS

APPLIED MATHEMATICS

AMATH 502 Applied Mathematics Clinic (1-2)

Provides consulting service for problems from different academic units requiring assistance in formulation, analysis, and interpretation of mathematical models. With faculty assistance, students actively learn to delineate sources of difficulties, identify or devise a method of solution, and effectively communicate it to clients. Prerequisites: 584, 568, and 569.

AMATH 550 Mathematical Topics in Analytical Dynamics (3)

In depth study of one or more aspects of current interest in analytical dynamics such as the stability of many body systems, resonance and passage through resonance, exact and adiabatic invariants. Recommended: 403; others depending on topics, basic course in analytical dynamics.

INTERSCHOOL/INTERCOLLEGE PROGRAMS

QUANTITATIVE SCIENCE

Q SCI 599 Research in Quantitative Resource Management and Ecology (*, max. 12)

Topics can be theoretical in nature or combined theory and experiment. Research might be a prelude to thesis or dissertation research.

UNIVERSITY CONJOINT

UCONJ 504 Cell and Molecular Biology and Disease (3)

Detailed consideration of cytoplasm, emphasis on cell biology and pathology of cellular membranes, elements of cytoskeleton. Prerequisites: genetics or biochemistry or permission of the instructor.

SCHOOL OF MEDICINE

BIOLOGICAL STRUCTURE

B STR 510 Seminar in Anatomy (1)

Discusses the scientific and historical basis of selected studies in biological structure, anatomy, and human development. The original literature that is used as a basis for textbook descriptions is reviewed. Prerequisites: concurrent registration in HUBIO 511,HUBIO 525, HUBIO 531, permission of instructor.

BIOMEDICAL HISTORY

BI HS 540 Seminar in the History of Health and Physical Exercise (3)

Seminar to analyze selected topics in the development of medical thought as it related to exercise, sport, and overall well-being. Open to majors and graduate students in medicine, the arts and sciences, and others with appropriate background and interest. Prerequisite: permission of instructor.

PSYCHIATRY AND BEHAVIORAL SCIENCES

PBSCI 678P P-Clerkship in Psychiatric Long-Term Care and Rehabilitation (*, max. 12)

Two- or six-week clerkship provides learning experiences in rehabilitation of long-term psychiatric patients with medical illness. Multidisciplinary team approach, working with families affected by catastrophic illness, and diagnostic skills emphasized. Spectrum of diseases (cardiovascular, Huntington's, organic brain syndrome) is such that physical rehabilitation is not an emphasis.

REHABILITATION MEDICINE

REHAB 550 Neuropsychology in Rehabilitation (2)

Provide graduate students with training in the examination and management of patients with brain lesions, as well as an understanding of the consequences of such conditions. Prerequisite: graduate standing the the Department of Rehabilitation Medicine.

SURGERY

SURG 688P P-Subinternship in General Surgery (*, max. 12)

Offered on the general surgery wards of the University-affiliated hospitals. Diagnosis, preoperative care, and postoperative care; management of surgical emergencies and outpatient follow-up of discharged patients. Students function at the intern level under close supervision of the staff and housestaff. Prerequisite: 665P.

SCHOOL OF NURSING

COMMUNITY HEALTH CARE SYSTEMS

CHCS 515 Seminar in Nursing Leadership and Management (3)

Provides an overview of current leadership and management theories of nurses working in a variety of settings. Substantive content includes concepts essential in developing the nurse's leadership activities and skills at different management levels. Prerequisites: graduate standing and permission of instructor.

CHCS 524 Seminar in Leadership - Nurse Executive (3)

Examines process in nurses' executive leadership roles in variety of settings. Concepts of organization theory introduced as overview of theory and practice for the nurse executive and applied to specific leadership contexts: complex organizations, community, social movements, and political. Prerequisites: ADMIN 510 or equivalent; permission of instructor.

COLLEGE OF OCEAN AND FISHERY SCIENCES

OCEANOGRAPHY

OCEAN 200 Introduction to Oceanography (3)

Description of the oceans. Emphasis in the relations of biology, chemistry, geology, and physics in marine environments. Examinations of relationships and interactions at macro-, meso-, and microscales in the ocean.

OCEAN 502 Physics of Ocean Circulation (5)

Structure of ocean basins; physical properties of seawater and the equation of state; heat, salt, freshwater budgets; tidal potentials; Coriolis effect and geostrophic balance; major current systems and water masses; mixing, stirring in the ocean; simple waves; modern experimental methods in physical oceanography. Prerequisite: permission of instructor.

SCHOOL OF PUBLIC HEALTH AND COMMUNITY MEDICINE

EPIDEMIOLOGY

EPI 591 Current Literature in Epidemiology (1, max. 6)

Articles pertaining to epidemiology and related subjects selected from the current literature to be distributed and read by all participants. Faculty and enrolled students alternate being responsible for conducting sessions and choosing articles to read. Prerequisites: open only to doctoral students who have passed the department preliminary examination.

W COURSES OFFERED AUTUMN QUARTER 1985

Students who plan to take majors in the College of Arts and Sciences and who started college Autumn Quarter 1983 or later must complete 10 credits of courses designated *"W."* *W* courses are not English composition courses but, rather, are courses in which a substantial amount of writing is required. Almost any department can offer *W* courses. The following courses taught Autumn Quarter 1985 have been designated as *W* courses.

INDEPENDENT STUDY THROUGH CORRESPONDENCE

The Office of Distance Learning provides University courses for correspondence credit primarily by correspondence instruction to persons who wish to study independently. Fees for Distance Learning courses are separate from residence tuition and are $28 per credit. Enrollment is not based on the quarter system but is continuous throughout the year, with one calendar year allowed to complete a course.

A regularly enrolled student who wishes to register for additional courses for Distance Learning credit should consult his or her departmental advisor prior to enrolling in an Distance Learning course. Applications and additional information on enrollment procedures may be obtained from the Distance Learning office, 5001 25th N.E., or by telephoning 543-2350.

The following courses are currently offered by Distance Learning (credits in parentheses; * indicates variable credit, to be arranged by student and instructor).

EVENING CLASSES (5:30 or thereafter)	8-10 p.m. Thursday December 19	8-10 p.m. Monday December 16	8-10 p.m. Tuesday December 17	8-10 p.m. Wednesday December 18	
Makeups Incomplete Removals Conflicts	When mutually agreeable to faculty members and students concerned, provided scheduled *no later than* Thursday, December 19.				

Final examinations should be administered in accordance with the above examination schedule.

The dean may permit an instructor to change the time of a final examination upon prior application demonstrating good cause for such change. In such cases, the following guidelines shall be observed:

1. With the dean's permission, the final examination may be postponed or moved to an earlier time within the examination period if agreed to by all students and the instructor. Before approving the rescheduling of a final examination, the dean shall obtain assurances that the change will not have an undue adverse impact on the students. The dean shall notify the Registrar of the approval granted for changing the date of a final examination.

2. An instructor shall not, except in very unusual circumstances, grant permission to individual students for an early examination. If the student is unable to take an examination on the scheduled date, the procedure outlined in the following paragraph should be followed.

3. A student absent from any examination through sickness or other cause, judged by the instructor to be unavoidable, shall be given an opportunity to take a rescheduled examination or perform work judged by the instructor to be the equivalent. If the instructor determines that neither alternative is feasible during the current quarter, the instructor may exempt the student from the requirement. Examples of unavoidable cause include death or serious illness in the immediate family, illness of the student, and, provided previous notification is given, observance of regularly scheduled religious obligations.

4. Classes that meet on the hour use the first full hour of instruction to determine the time of examination. For example, a class that meets at 10 a.m. uses the 10:30 a.m. examination time.

5. Classes that begin on the half hour and last longer than one hour use the actual starting time to determine the examination time. For example, a class that meets at 7:30 a.m. and continues until 9:00 a.m. would use the 7:30 a.m. time.

6. Classes in which the entire class meets at the same hour every day, in the same room, may use that room at 8:30 a.m. or 2:30 p.m. for a three-hour examination. All other examinations are limited to one hour and fifty minutes unless other arrangements are made with Room Assignments.

7. If an examination is held at a time other than the above schedule indicates, instructors must check with Room Assignments to make sure that the room is going to be available.

Questions concerning the examination schedule should be directed to Room Assignments, 543–1080.
