

University of Washington Bulletin

Time Schedule

Preliminary

Autumn Quarter 1986

Time Schedule

Preliminary

Autumn Quarter 1986

Preregistration: May 20–23, 27–30

Last day to register
and receive highest priority

Freshmen (0-44 credits).....	May 20, 21
Seniors (135 credits).....	May 21, 22
Graduate students.....	May 22, 23
Postbaccalaureate (fifth-year) students.....	May 23, 27
Juniors (90-134 credits).....	May 27, 28
Sophomores (45-89 credits).....	May 28, 29, 30

Class standing is based on the projected number of credits the student will have at the beginning of the next quarter. Faculty and staff using tuition exemptions may not preregister.

In-person registration (by appointment only)

Matriculated students: June 26–August 22, September 15–19, 22, 23

Nonmatriculated students: September 24.

Tuition-exempt faculty/staff: September 24

“Access” students: September 24

Students using wheelchairs or with other mobility limitations should proceed to 264 Schmitz to register or add/drop courses instead of Hutchinson Hall, which has stairway access only.

December 10

Final examinations

December 11-18

For detailed information on calendar items, refer to Registration Instructions section.

* Not accessible to students with limited mobility. Go to 264 Schmitz.

GENERAL INFORMATION

It is the University's expectation that a student will follow University rules and regulations as they are stated in the *General Catalog*. In instances where no appeal procedure is spelled out and the student is persuaded that a special set of circumstances makes appeal reasonable, he or she may appeal the application of specific rules or regulations to the office of the dean of the school or college in which he or she is enrolled in the case of an academic matter, or to the Office of Student Affairs in the case of a nonacademic matter. These offices will either render a decision on the appeal or refer the student to the proper office for a decision.

GUARANTEED REGISTRATION ELIGIBILITY

University of Washington students who remain in good scholastic standing are guaranteed the opportunity to register each quarter as long as they maintain continuous enrollment (Summer Quarter excepted). Continuation must be in the same classification, e.g., undergraduate, postbaccalaureate (fifth-year), graduate, etc. Once a student earns a baccalaureate degree, he or she must apply for readmission as a postbaccalaureate (fifth-year), nonmatriculated, or graduate student. Exceptions to the guarantee are: (1) students under disciplinary action, (2) students with a financial hold, or (3) students not meeting their departmental continuation policies.

If an undergraduate does not enroll for one or more quarters, or if a graduate student goes on-leave, he or she must file an application for readmission, including payment of \$25 application fee, with the Registrar's Office. Information on admission closing dates is available at Window 3, second floor, Schmitz Hall, or by calling 543-5920.

FULL-TIME STUDENT REQUIREMENT

To be considered a full-time student, an undergraduate must register for 12 credits and a graduate student must register for 9 credits. The full-time registration requirement varies for different agencies. Information on full-time requirements of the Veterans Administration, Immigration and Naturalization Service, and Social Security Administration may be obtained at 460 Schmitz. Consult the Financial Aid Office for its requirement on satisfactory student progress.

NONMATRICULATED STUDENTS

Nonmatriculated students register September 24 and enroll only on a space-available basis. Because nonmatriculated students register after all other students, enrollment may be closed in the following areas: mathematics, English composition, beginning foreign languages (particularly French and Spanish), business, and art. Nonmatriculated students may participate in preregistration for the Summer Quarter.

TUITION-EXEMPT FACULTY/STAFF

With the approval of their department heads, regularly admitted full-time UW faculty and staff members who have been employed six months or more may take up to 6 credits per quarter under the tuition exemption program. According to legislative action, all registrations must be on a space-available basis after other students have registered. Members of the faculty and staff who wish to utilize the exemption may not preregister; registration may occur no earlier than the last day of the registration period. Faculty/staff who register before the last day will not be eligible to use a tuition exemption that quarter. Registration appointments are not required. New faculty/staff members who enroll must be officially admitted by the Office of Admissions by the regular admission closing date; May 1 is the closing date for Autumn Quarter. Faculty/staff members who are former students returning either in the same classification or as nonmatriculated students should apply at the Registration Office, Window 8, second floor, Schmitz Hall.

Employees should present their approved tuition exemption cards at Sections, Hutchinson Hall, according to the schedule listed below. A \$5 registration fee will be collected at the time of registration. The alphabetical priority will change each quarter. Regularly admitted faculty and staff members who are unable to meet this schedule may register late by paying \$25 if registering by the tenth day of the quarter; \$75 if registering after the tenth day of the quarter.

Autumn Quarter Registration Date: September 24, 1986

Last names beginning with N-O-P (8-9 a.m.); Q-Z (9-10 a.m.); A-B (10-11 a.m.); C (11 a.m.-noon); D-E-F (noon-1 p.m.); G-H (1-2 p.m.); I-J-K (2-3 p.m.); L-M (3-4 p.m.); makeup (4-4:30 p.m.).

Tuition-exempt faculty/staff are not entitled to other student services such as those available at the Hall Health Center and the Intramural Activities Building. Therefore, UW student cards will not be issued to faculty and staff. Faculty/staff identification cards may be used for library services.

"ACCESS" PROGRAM FOR OLDER ADULTS

The University of Washington waives tuition for Washington residents sixty years or older who wish to attend classes as auditing students, on a space-available basis. The fee is \$5, whether one or two courses are attended. As auditors, they do not receive credit and are not expected to do laboratory work or to take examinations. Students who attend the University under the Access program are limited to two courses per quarter. Registration may be made in person on Wednesday, September 24, between 8 a.m. and 2 p.m. at the Sections branch office, Hutchinson Hall. Interested students should proceed to the area marked *Access*. For additional information on mail-in registration or about the program in general, telephone Conference Management, 543-2300, between 8 a.m. and 5 p.m.

AUDITORS

Auditors, except Access program students, pay standard tuition and fees and must be regularly admitted and registered in the course. Although credits for audited courses will not be listed on the schedule of classes, they will be included in the billing on the fee statement. Such credits count in the calculation of fees.

Attendance in courses as an auditor is by consent of the instructor involved and is conditioned by the extent to which space is available. Permission to audit is ordinarily granted for lecture classes only. An auditor may not participate in class discussion or laboratory work, and his or her registration may be canceled at the discretion of the instructor.

No entry is made on the permanent record for courses audited. To receive credit for an audited course, the student must register for the class for credit in a subsequent quarter.

Auditors follow registration instructions below.

DISABLED STUDENTS

Various support services, including priority registration, are available to students with disabilities. Contact the Coordinator for Disabled Student Services, 482 Schmitz, 543-8924, for information on equipment, technical aids, and accommodations to meet individual needs. *Access: University of Washington*, a guidebook to buildings on the campus, and an accompanying map may be obtained from the office.

Hutchinson Hall registration or add/drop area is reached by a full flight of stairs, so wheelchair users and other students with mobility limitations should go to the Sections Office at 264 Schmitz. Students using this location need no Change of Registration Appointment Card (although those registering for the first time do need a registration appointment).

Students with disabilities who register for a science laboratory class should telephone the Coordinator, 543-8924, and the academic adviser of that department immediately to evaluate whether some accommodation of the facilities will be necessary.

ATHLETIC EVENTS

Students may purchase a Husky Football Season Pass at the Husky Ticket Office, 101 Graves, or at the HUB Ticket Office, for admission to the following athletic events: football, soccer, and volleyball. For additional information, telephone 543-2200.

REGISTRATION INSTRUCTIONS

ACADEMIC ADVISER

See an academic adviser to discuss your educational objectives and to learn the procedures involved in registering at the University. Have an idea of the courses you would like to take before seeing an adviser by reviewing the *General Catalog* and the quarterly *Time Schedule*.

PREREGISTRATION (Continuing Students Only)

1. Eligibility

Preregistration is reserved for all continuing students *except* tuition-exempt faculty/staff, older adults auditing under the Access program, and nonmatriculated students. These last three groups may register only during the last day of in-person registration (see Autumn Quarter calendar).

Continuing students who withdraw during the first week of two consecutive quarters (Summer Quarter excepted) will not be eligible to register as continuing students for the third quarter. Such students must reapply as former students returning to the University.

2. Submitting the Preregistration Form

Mark-sense registration forms are available at advisory offices and at Registration Office, Window 3, second floor, Schmitz Hall. Please note that some courses listed in the *Time Schedule* have restricted enrollment and will require entry cards. Also, undergraduates will not be scheduled for more than 19 credits until the first day of the quarter. This is done to allow all students a chance to develop a basic program.

Students preregistering may turn in forms at:

- Registration lobby, second floor, Schmitz Hall
- B10 Padelford
- Fourth-floor student lounge, T-wing, Health Sciences Building

3. If You Miss Preregistration

Obtain an in-person registration appointment and register by September 23 at Window 8, Schmitz Hall. After September 23 you will be required to register late and to pay a \$25 late registration fee at the Registration Office, 225 Schmitz, if registering by the tenth day of the quarter; \$75 after the tenth day of the quarter.

4. Schedule of Classes

All students who preregister will be scheduled by computer at one time. The scheduling priority is: freshmen, seniors, graduate students, postbaccalaureate (fifth-year), juniors and sophomores.

5. Registered Students

Students who preregister but are not scheduled into any courses are not considered registered students, and are not eligible for preregistration the following quarter. Students in this category must submit a Former Student Application for the next quarter they wish to attend the University.

IN-PERSON REGISTRATION (New and Returning Students)

1. Eligibility

In-person registration is primarily for newly admitted and returning former students. Continuing matriculated students who miss preregistration, tuition-exempt faculty/staff, older students in the Access program, and nonmatriculated students also register during in-person registration. All students, except Access students, must be admitted to the University and issued a registration appointment before attempting to register.

2. How to Register

On or before your registration appointment, obtain a *Time Schedule* and a Registration Instructions worksheet from your advisory office or from the Registration Office, second floor, Schmitz Hall. (These may also be obtained in the Hutchinson Hall registration area *while registration is in progress*.) Obtain permission and/or course entry cards (if required) as indicated in the *Time Schedule* before attempting to register. Once your registration is completed by the Sections staff, you are obligated for tuition and fee payment unless you officially withdraw by the fifth day of the term. Undergraduates will not be scheduled for more than 19 credits until the first day of the quarter to allow all students a chance to develop a basic program.

3. Submitting the Registration Form

a) New and returning former students register by appointment only on June 26–August 22 at the Registration Office Window 3 or B-10 Padelford Hall.

b) If you are a continuing matriculated student who did not preregister, you must obtain an in-person registration appointment and register by September 23. Continuing students who request in-

person registration appointments and register after September 23 will be required to register late during the first ten days of school and pay a \$25 late registration fee; after the first ten days of the quarter, a \$75 late registration fee is assessed.

c) If you are registering September 15–19, 22–24 go to the Sections branch office, Hutchinson Hall, on the date and time indicated on your registration appointment. Students with a mobility disability must register in 264 Schmitz because there are stairs leading to the Hutchinson gymnasium. Engineering students will register in Hutchinson Hall.

d) Nonmatriculated students, tuition-exempt faculty/staff members and students in the Access program register only on September 24.

4. Schedule of Classes

a) If you register June 26–August 22, your schedule of classes will be mailed to the address you indicate on the registration form. All students registering during this period are scheduled by computer at one time. The scheduling priority is: freshmen, seniors, graduate students, postbaccalaureate (fifth year) students, juniors, and sophomores. Schedules will be mailed September 10.

b) If you register September 15–19, 22–24 your courses will be scheduled while you wait and you will be given a copy of your completed program when you have finished registering.

ENTRY CARDS

Certain courses and sections require entry cards for registration. Students who request these courses (and/or sections) on their registration request forms will not be registered in the courses unless the requests are accompanied by entry cards. An entry card alone is not sufficient. The course and schedule line number (SLN on entry card) must also be requested on the mark-sense registration form. Obtain course entry cards for courses designated with the symbol >>> in the margin of the *Time Schedule*. Information on where to obtain entry cards is found in the body of the *Time Schedule*, either as a comment before the course listing or just after the title of the course.

LATE REGISTRATION

Students who register after the official registration period will be charged a \$25 late registration fee if registering by the tenth day of the quarter; \$75 after the tenth day of the quarter.

REGISTRATION CHANGES

1. Change Appointments and Late Fee

a) Changes to a student's program should be completed during the following change periods. For preregistered students only: July 8–August 22, at 265 Schmitz; no appointment required. All other students: September 15–19, 22–24, 29, 30, October 1–3; by appointment only.

Appointments are not required to (1) drop a course, (2) change to or from S/NS or C/NC, (3) change variable credits. Evening-only students do not need appointments for the 5–6:15 p.m. change period during the first week of the quarter. Graduate students do not need appointments during the first week at 264 Schmitz. A student who arrives more than a half-hour late will be required to make a new appointment. Wheelchair users and other students with mobility limitations should use the sections office at 264 Schmitz; no Change of Registration Appointment card is required.

Students will be expected to present Autumn Quarter 1986 UW student identification cards when requesting appointments. No more than one change appointment will be issued to a student at a time. Additional change appointments will be issued only after the initially assigned appointment has been used or the date has expired.

Students in the schools/colleges of Medicine, Dentistry, Nursing, Pharmacy, Public Health and Community Medicine, Ocean and Fishery Sciences, and Forest Resources, and the Department of Biology may make changes during the first week of the quarter, without an appointment, in the fourth floor lobby of the T-wing, Health Sciences Building.

Engineering students may make changes without an appointment or register late with an appointment, in 209 A-B HUB, during the first week of the quarter.

Changes made after the official change period are restricted and, if permitted, cost \$20 and may result in fee forfeiture (see item 3 of this section).

b) Undergraduates in the College of Arts and Sciences must have their adviser's signature to carry more than 22 credits; 30 credits is the limit per quarter.

2. Grades in Dropped Courses and Drop Restrictions

a) *Undergraduates.* Undergraduate students who drop courses

after the change periods receive no entry on their academic record if the drop is made during the first two weeks of the quarter, except if all courses are dropped then a university withdrawal date is entered. Drops made during the third and fourth weeks of the quarter will be recorded with a "W." No drops are permitted after the fourth week except a limited number may be dropped as determined by the number of credits earned at the University. While completing the first 44 credits at the University, a student has three drops permitted after the fourth week. Any of these three drops not used at the time 45 credits are earned are forfeited. After 45 credits have been completed at the University, the student earns one late drop for each 45 credits earned. These may be accumulated and used as necessary. No drops, other than hardship withdrawals may be made after the last day of instruction.

b) *Graduate Students.* Graduate students who drop courses after the first two weeks of the quarter receive a grade of "W." No drops are permitted after the seventh week of instruction.

c) Students may petition the Registrar for a hardship withdrawal after the regular drop deadline if: (1) the student is unable to complete the course in question because of a severe mental or physical disability, or (2) unusual or extenuating circumstances beyond the student's control prevented the student from dropping the course by the regular drop deadline. Petitions must be filed promptly after the occurrence of the event that gave rise to the need for dropping the course. *Hardship withdrawals are for dropping individual courses only.* See section on Withdrawal from the University for the procedure to follow for dropping *all* courses for the quarter; no petition is required.

3. Fee Forfeitures or Refunds

a) Students will be billed for the number of credits, including audit hours, on their programs at the end of the first week of the quarter. Only partial fee reductions will result for courses dropped after the first week of the quarter.

b) Students dropping courses after the first seven calendar days of the quarter and through the thirtieth calendar day of the quarter will be expected to pay one-half of the tuition and fees associated with that course. Example: An undergraduate originally registered for 5 credits. The fee for 5 credits is \$265 (resident). The student then drops a 3-credit course in the second week of the quarter. The total number of credits for which the student remains registered is 2. Tuition and fees are due for the 2 credits (\$106) and one-half the difference between 5 credits and 2 credits, in this case an additional \$79.50. Total fees owed are \$185.50. The student has been registered in the dropped course for more than one week and therefore must pay half the fees for the course.

c) Courses dropped after the thirtieth calendar day receive no refund. Example: A student is registered for a 3-credit course. The student drops that course after the thirtieth calendar day. No refund is available. If the student adds a different 3-credit course at the time the original 3-credit course is dropped, he or she will pay tuition and fees for 6 credits.

d) The effect of fee forfeitures on the over-18-credit surcharge is as follows: forfeitures for courses dropped that exceeded 18 credits are charged the same as in (b) and (c) above. Also, if a student drops a course after the thirtieth calendar day and adds another, an additional fee per credit will be charged as appropriate. Example: if a student is registered for 15 credits, drops one 5-credit course and then adds another 5-credit course, after the thirtieth calendar day, he or she will be charged for 20 credits although the student's class schedule will show only the 15 registered credits. As a result, he or she will pay for 2 credits above the 18-credit limit.

e) Drops become effective the date received in Sections.

4. Courses Added After the Official Change Period

a) As a general rule, no courses may be added after the official change period. Exceptional cases may be approved if both the instructor of the course and the dean of the student's college consent.

b) Courses audited may not be changed to a credit registration after the first two weeks of the quarter.

FEE PAYMENT

1. You should indicate your permanent or local address on your mark-sense registration form for fee statement mailing. If you have not received a fee statement by the end of the second week of the quarter, contact the Student Accounts and Scholarships Office for the amount of tuition due.

2. You may pay your fees in person in the Student Accounts and Scholarships Office or mail them to UW, Student Accounts and Scholarships Office, 129 Schmitz, PE-10, Seattle, WA 98195, before the tuition due date. Fees must be paid by Friday of the third week of the quarter whether or not you have received a statement. Payments postmarked on or before the due date are accepted without a late fee. Metered mail received after the due date is subject to penalties as described in # 3 below.

3. If you fail to pay by the deadline you may continue to pay your fees, with a \$30 late fee, for one week following the due date. If fees have not been received in the Student Accounts and Scholarships Office by this time, your registration will be cancelled. Students permitted to reregister after cancellation for nonpayment will be charged a \$75 fee, in addition to their tuition.

4. If you reregister, you must reregister for all classes on your schedule at the time of registration cancellation. (Fees will include appropriate charges for classes dropped during the forfeiture period.) All fees for registration must be paid by cash, money order, or cashier's check. No reregistration will be possible after the last day of instruction. *Please note: Even if your registration is canceled you will continue to owe one-half your tuition and fees.*

5. Credit card checks are not accepted.

Autumn Quarter 1986 Quarterly Tuition and Fee Rates

Undergraduate (including nonmatriculated and postbaccalaureate [fifth-year])	Resident	Nonresident
Additional fee per credit for more than 18.	\$ 48	\$ 143

6 credits	574	1,462
5 credits	478	1,218
4 credits	382	974
3 credits	286	730
2 credits	190	486

*Does not apply to J.D. candidates. Fees are subject to change without notice.

Special Course and Laboratory Fees

The amounts charged for tuition and fees normally cover University charges for course registration. Some courses, however, have extraordinary expenses associated with them and in such cases the University may charge additional fees in amounts approximating the added instructional or laboratory costs.

CHANGE OF ADDRESS

If you change your address after you have turned in your mark-sense registration form, be sure to complete a change of address form at the Registration Office. Forms are available at Window 3, second floor, Schmitz Hall. *You are responsible for notifying the Registrar's Office of any address change.*

STUDENT INSURANCE

UW students who remain registered through at least the first six days of instruction in the quarter are eligible to enroll in the student health insurance plan. The following students are not eligible:

1. Those enrolled only in programs administered by Continuing Education or Conferences and Institutes, including but not limited to extension, correspondence, independent study, continuing studies,

noncredit courses, or the Access program.

2. UW employees attending classes under the employee tuition exemption program.

Students who do not specifically request a particular student insurance plan or who do not specifically state they do not wish student insurance automatically will be enrolled and billed for *student only* medical, surgical, and hospital insurance.

If you are billed for student insurance and wish to cancel your coverage, complete the appropriate section on the remittance copy of the billing statement and pay the amount billed less the indicated amount for insurance. If you wish to change or add coverage, you must do so in person in the Student Accounts and Scholarships Office by the date tuition is due. Tuition/fees and the student health insurance premium must be paid in full by the due date to be eligible for health insurance.

International Students

International students must subscribe to the student insurance plan. Penalties for not paying insurance fees by the tuition due date are the same as tuition penalties under #3 of Fee Payment section. Exceptions may be granted by the International Services Office if the student presents proof of other medical insurance coverage. Students are responsible for obtaining a waiver each Autumn Quarter (or upon initial admission if other than Autumn Quarter), because waivers are valid only through Summer Quarter each year. Students holding insurance policies that expire during the academic year are responsible for obtaining new waiver cards, as necessary. Insurance waiver cards submitted during the late payment period require a \$30 late fee. To be eligible for the student health insurance plan, the student must pay, in full, tuition, fees, and the student health insurance premium by the due date. International students who want coverage during the Summer Quarter and are not enrolled Summer Quarter must prepay the Summer Quarter premium during one of the preceding quarters.

WASHPIRG

An optional \$2 fee is indicated on the fee statement for the Washington Public-Interest Research Group, a student research organization. If you do not desire to support this activity, simply pay the regular tuition and fees. If you want to support WASHPIRG, pay the regular tuition and fees plus \$2.

WASHINGTON STUDENT LOBBY (WSL)

An optional \$1 fee is indicated on the fee statement for the Washington Student Lobby (WSL), a voluntary, independent organization of university students whose purpose is to influence the state legislative process on matters of special interest to students. Students not wishing to support this activity simply pay the regular tuition and fees. Students supporting WSL pay the regular tuition and fees plus \$1.

WITHDRAWAL FROM THE UNIVERSITY (DROPPING ALL COURSES FOR THE QUARTER)

1. Obtain an approved withdrawal form from your adviser or from the Withdrawal Office.

2. Present the withdrawal form to the Withdrawal Office, Sections, 264 Schmitz, *Withdrawals are effective the date they are received in the Registrar's Office.* Fees owed will be based upon the date the withdrawal is received in the Registrar's Office. No withdrawals accepted after the last day of instruction, December 10.

Continuing students who withdraw during the first week of two consecutive quarters (Summer Quarter excepted) will not be eligible to register as continuing students for the third quarter. Such students must reapply as former students returning to the University. For example, a student who withdraws during the first week of Spring Quarter and Autumn Quarter must reapply as a returning former student for Winter Quarter.

3. Students are required to turn in their student I.D. cards when they withdraw and are not eligible to continue using University services or facilities after their withdrawal.

The forfeiture schedule for withdrawing from the University is as follows:

a) Continuing Students

(1) Students withdrawing before the sixth day of the quarter do not pay tuition or fees.

(2) Students withdrawing on the sixth day or through the thirtieth calendar day continue to owe one-half of their tuition and fees.

(3) Students withdrawing after the thirtieth calendar day continue to owe full tuition and fees.

b) New and Returning Students

(1) Students withdrawing through the sixth day of the quarter forfeit their \$50 enrollment service fee.

(2) Students withdrawing on the sixth day or through the thirtieth calendar day of the quarter must pay one-half of the regular tuition and fees.

(3) Students who withdraw officially after the thirtieth calendar day must pay full tuition and fees, including the \$50 enrollment service fee.

4. Students who were unable to turn in their withdrawal in time may petition the Comptroller's Office. Petition forms are available at the Student Accounts and Scholarships Office, 129 Schmitz.

5. Courses dropped as part of a University withdrawal completed during the first two weeks of a quarter receive no grade and no entry except date of withdrawal is made on the student's permanent academic record. Withdrawals completed after the first two weeks result in the courses being assigned a grade of "W."

GRADING SYSTEM

The University of Washington uses a numerical grading system with certain exceptions in the schools of Dentistry, Law, and Medicine. Instructors may report grades from 4.0 to 0.7 in 0.1 increments and the grade 0.0. The number 0.0 is assigned for failing work or unofficial withdrawal. Grades in the range 0.6 to 0.1 may not be assigned. Grades reported in this range will be converted by the Registrar's Office to 0.0. For graduate students, grades reported in the range 1.6-0.1 will be converted to 0.0; 100-200-level courses are excluded from credits earned and grade-point averages although such grades are recorded on the transcript; for 300-level courses and courses numbered 600, 601, 700, 750, and 800, grades are recorded and credit is allowed but grades are not included in the grade-point averages. Numerical grades may be considered equivalent to letter grades as follows:

Undergraduate/Graduate*

A	4.0-3.9
A-	3.8-3.5
B+	3.4-3.2
B	3.1-2.9
B-	2.8-2.5
C+	2.4-2.2
C	2.1-1.9
C-	1.8-1.5
D+	1.4-1.2
D	1.1-0.9
D-	0.8-0.7
E	0.0

* Lowest grade earning credit for graduate students is 1.7.

Lowest passing grade for undergraduates.
Failure or Unofficial Withdrawal. No credit earned.

Additional information on grades and scholarship rules may be obtained from the Grade Information Office, 248 Schmitz.

Repeating Courses

With the approval of the academic department offering the course, an undergraduate student may repeat a course once. Both the original grade and the second grade will be computed in the student's grade-point average but credit will be allowed once. Students repeating courses should so indicate on their registration form.

The Grade of Incomplete

In order to obtain credit for a course in which an Incomplete has been awarded, an undergraduate student must complete the remaining work for the course by the last day of the following quarter. An Incomplete grade for a Spring Quarter course must be made up by the last day of Autumn Quarter or the Incomplete will be converted to a grade of 0.0 by the Registrar, unless the instructor has indicated when assigning the Incomplete grade that a grade other than 0.0 should be recorded if the incomplete work is not completed. This time limitation may be extended up to one year maximum with instructor approval. Such approval must be received by the Registrar's Office before the end of the next quarter.

A graduate student who receives an Incomplete must complete the remaining work for the course by the last day of the next quarter *in residence*. An Incomplete received by a graduate student does not automatically convert to 0.0 but remains an Incomplete if the course work is not completed. This time limitation may be waived by the dean of the college in which the course was offered only if the nature of the uncompleted work is such as to make the fulfillment of this requirement impossible. In no case can an Incomplete received by a graduate student be converted to a passing grade after a lapse of two years. The Incomplete grade entry remains on the record permanently. The final grade is posted under the quarter in which the final grade is received.

Incomplete grades may only be awarded if the student is doing satisfactory work up until the last two weeks of the quarter. Undergraduate students must not reregister for courses in which they have received an Incomplete. A grade earned in a repeat course will not be recorded as an incomplete conversion grade.

Satisfactory/Not Satisfactory

Students may elect to take certain courses on a Satisfactory/Not Satisfactory basis. Advisers should be consulted, and in no case are students allowed to register for more than one course or 6 credits on a Satisfactory/Not Satisfactory basis in a given quarter. A course in which an "S" is earned may not be used to satisfy any department, college, or University requirement, except that the credits may be applied to the minimum of 180 credits required for graduation. Each instructor will report conventional grades to the Registrar, who will convert satisfactory grades (2.0 or greater) to "S," and unsatisfactory grades (less than 2.0) to "NS" for the student's transcript. No more than 25 S/NS credits will apply to an undergraduate degree. *S/NS must be elected during initial registration or added or dropped during the official change of program period.* Undergraduate students earning grades of 2.0 or above receive a grade of S (Satisfac-

tory) while grades below 2.0 are recorded as NS (Not Satisfactory).

Graduate students earning grades of 2.7 or above receive a grade of S (Satisfactory), while 2.6 or below are recorded as NS (Not Satisfactory). With the approval of his or her graduate program adviser or Supervisory Committee Chairperson, a graduate student may elect to take any course for which he or she is eligible outside of his or her major academic unit on an S/NS basis.

In cases of withdrawal, the W is recorded. Neither S nor NS are included in the grade-point average. N, I, and X are recorded until the instructor reports the final grade, or in cases of incompletes received by undergraduates, until the I is converted by the Registrar.

Credit/No Credit-Only Courses

Some courses are offered on a CR/NC-only basis. It is not necessary to register S/NS to take these courses, because the only grades assigned by the instructor are CR (Credit) or NC (No Credit). Neither CR nor NC is included in the grade-point average. In cases of withdrawal a W is recorded. N, I, and X are recorded until the instructor reports the final grade, or in cases of Incompletes received by undergraduates, until the I is converted by the Registrar.

The University of Washington provides equal opportunity in education without regard to race, color, national origin, religion, creed, sex, sexual orientation, age, or handicap, in accordance with Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, the Age Discrimination Act of 1975, and University of Washington policy.

Autumn Quarter 1986 Examination Schedule

The last day of instruction is Wednesday, December 10.

HOUR lecture session actually meets during quarter	Hour and day on which examination occurs, by days of class meeting in the week.				
	Meeting four times a week, or daily	MWF; MT; MW; MF; WF; MWTh; MTh	TTh; T; Th; TThF; MTTh; TW; TF; TWTh	M; W; F; S Meeting once a week	Day of examination
7:30 a.m.	8:30-10:20	8:30-10:20	10:30-12:20	12:30- 2:20	Thursday December 18
8:30 a.m.	8:30-10:20	8:30-10:20	10:30-12:20	12:30- 2:20	Monday December 15

4:30 p.m.	2:30- 4:20	2:30- 4:20	4:30- 6:20	6:30- 8:20	Thursday December 11
EVENING CLASSES (5:30 or thereafter)	8-10 p.m. Thursday December 18	8-10 p.m. Monday December 15	8-10 p.m. Tuesday December 16	8-10 p.m. Wednesday December 17	
Makeups Incomplete Removals Conflicts	When mutually agreeable to faculty members and students concerned, provided scheduled <i>no later than Thursday, December 18.</i>				

Final examinations should be administered in accordance with the above examination schedule.

The dean may permit an instructor to change the time of a final examination upon prior application demonstrating good cause for such change. In such cases, the following guidelines shall be observed:

1. With the dean's permission, the final examination may be postponed or moved to an earlier time within the examination period if agreed to by all students and the instructor. Before approving the rescheduling of a final examination, the dean shall obtain assurances that the change will not have an undue adverse impact on the students. The dean shall notify the Registrar of the approval granted for changing the date of a final examination.
2. An instructor shall not, except in very unusual circumstances, grant permission to individual students for an early examination. If the student is unable to take an examination on the scheduled date, the procedure outlined in the following paragraph should be followed.
3. A student absent from any examination through sickness or other cause, judged by the instructor to be unavoidable, shall be given an opportunity to take a rescheduled examination or perform work judged by the instructor to be the equivalent. If the instructor determines that

neither alternative is feasible during the current quarter, the instructor may exempt the student from the requirement. Examples of unavoidable cause include death or serious illness in the immediate family, illness of the student, and, provided previous notification is given, observance of regularly scheduled religious obligations.

4. Classes that meet on the hour use the first full hour of instruction to determine the time of examination. For example, a class that meets at 10 a.m. uses the 10:30 a.m. examination time.
5. Classes that begin on the half hour and last longer than one hour use the actual starting time to determine the examination time. For example, a class that meets at 7:30 a.m. and continues until 9:00 a.m. would use the 7:30 a.m. time.
6. Classes in which the entire class meets at the same hour every day, in the same room, may use that room at 8:30 a.m. or 2:30 p.m. for a three-hour examination. All other examinations are limited to one hour and fifty minutes unless other arrangements are made with Room Assignments.
7. If an examination is held at a time other than the above schedule indicates, instructors must check with Room Assignments to make sure that the room is going to be available.

Questions concerning the examination schedule should be directed to Room Assignments, 543-1080.

GUIDE TO COURSE LISTINGS

The information published in the *Time Schedule* is subject to change. The instructor for a particular course may be changed, or the instructor may use assistants in teaching the course and courses may not meet each day listed. Additionally, courses listed in this publication may be canceled in the event of insufficient enrollment.

Course, term, and section information is listed in the following columnar order:

Entry card required symbol (>>>), if appropriate

Schedule line number

Department

Course number

Term designation—if *a* or *b* term

Section designation

Section type—laboratory, quiz, or conference

Credits—listed with lecture section only; slash (/) means *or*; 2.5 means 2½ credits; hyphen (-) means *to*; VAR means variable credit and any number of credits may be elected (however, fractional credit registration—e.g., ½ credit—cannot be processed for variable credit courses where the credit may vary

from student to student in a single quarter)

Honors (H), Permission Required (#), or New Course (N), as appropriate

Writing Course meeting University requirement (W)

Day(s) of meeting (ARR means "to be arranged")

Time of meeting

Place of meeting (** means "to be arranged")

Course title and remarks—CR/NC ONLY means course offered for credit/no credit grading only

Name of instructor

Classes taught in the same classroom at the same time—students register and receive credit for one course only (example: ARAB 312 with ARAB 472)

NEW COURSES FOR AUTUMN 1986

The following list includes new courses that will be offered Autumn Quarter 1986, which were added to the University curriculum after publication of the 1984-86 General Catalog. Consult the appropriate academic department for information on courses not listed below.

COLLEGE OF ARCHITECTURE AND URBAN PLANNING

PRE-PROFESSIONAL COURSES

CAUP 200 INTRODUCTION TO ENVIRONMENTAL DESIGN AND PLANNING (9)

Laboratories, lectures, demonstrations introducing basic curricular elements. Emphasizes development of basic skills in methods and graphic expression of design and planning process - analysis, synthesis, evaluation. Additional areas: building technology; simulation, modeling; person-environment relations; history; theory; policy; professional roles. Prerequisites: ENV S 204, ENV S 205, or permission of program director.

CAUP 270 COMPUTERS IN ENVIRONMENTAL DESIGN AND PLANNING (3)

Laboratories, lectures, and demonstrations that introduce computing in environmental design and planning, as well as a survey of the primary elements of computing in general. Basic skills development in text and word processing, database management, two- and three-dimensional graphics, land-use mapping and modeling, spread-sheet analysis, utilizing VAX, CDC, and microcomputer systems. Prerequisites: ENV S 204 and ENV S 205 or permission of program director.

CAUP 300 ENVIRONMENTAL DESIGN AND PLANNING I - VISUAL (6)

Laboratories, lectures, and demonstrations in the perception of visual qualities, the principles of visual structure and organization, and the fundamentals of the design process. Prerequisites: 200 and 270 or permission of program director.

CAUP 440 PEOPLE-ENVIRONMENT RELATIONS (3)

Focuses on the dynamics of people-environment interactions. An appropriate spectrum of environmental scales is addressed. Builds on the practical and empirical work of several faculty in the college.

CAUP 460 SOCIETY AND ENVIRONMENTAL DESIGN AND PLANNING POLICY (3)

Lectures and field exercises expose the historical evolution of national environmental policies. Focuses on the institutional and legal frameworks, the nature and value of policy, and the processes of community/society decision-making at all scales. Involves faculty from participating departments.

BUILDING CONSTRUCTION

B CON 370 CONSTRUCTION ACCOUNTING (3)

Introduction to accounting for the contractor, placing emphasis on the analysis and use of financial statements and a job cost accounting system. Prerequisite: permission of department.

LANDSCAPE ARCHITECTURE

L ARC 590 SEMINAR IN LANDSCAPE ARCHITECTURE (1-3, MAX. 12)

Study and research in advanced topics of landscape architecture with focus on unpublished areas of research. Conducted by department faculty and visiting professors. Prerequisite: permission of instructor.

L ARC 601 INTERNSHIP (3-9, MAX. 9)

COLLEGE OF ARTS AND SCIENCES

AMERICAN ETHNIC STUDIES

AFRO-AMERICAN STUDIES

AFRAM 100 INTRODUCTION TO BLACK STUDIES (5)

The history, culture, religion, institutions, politics, economics, arts, and psychology of peoples of African descent as developed from experience in both the old world and the new. Multidisciplinary analysis of social life from a black perspective as illustrated in selected historical and contemporary writings.

AFRAM 260 BLACK MALE/FEMALE AND FAMILY RELATIONSHIPS (5)

The Black family in the United States as a social institution. Effects of residence in a race-conscious society on the interpersonal relationships between Black men and women. Exploration of proposals for strengthening the Black family in the United States. Recommended: 100, 105, or 150.

AMERICAN INDIAN STUDIES

AIS 309 METHODS IN AMERINDIAN LINGUISTICS (5)

Survey of native North American languages; introduction to systems of transcription; focus on reading of texts and analysis of grammatical structure in two languages; and introduction to the use of microcomputers in the description and analysis of Native American texts.

APPLIED MATHEMATICS

AMATH 502 APPLIED MATHEMATICS CLINIC (1-2)

Provides consulting service for problems from different academic units requiring assistance in formulation, analysis, and interpretation of mathematical models. With faculty assistance, students actively learn to delineate sources of difficulties, identify or devise a method of solution, and effectively communicate it to clients. Prerequisites: 584, 568, and 569.

AMATH 517 OPTIMIZATION UNDER UNCERTAINTY (3)

Sequential optimization problems involving random variables. Dynamic programming, stochastic programming. Control of uncertain dynamic systems in finite, discrete time. Risk, feedback, adaptivity. Problems with imperfect state information. Applications to optimal stopping, inventory control, resource management. Offered jointly with MATH 517. Prerequisites: MATH 302, MATH 327, and AMATH/STAT 506 or equivalents.

AMATH 587 ASYMPTOTICS AND TRANSCENDENTAL FUNCTIONS. (3)

Origin and properties of higher transcendental functions; theoretical basis and applications of Laplace, Fourier, Bessel, Mellin transforms; asymptotic analysis including methods of steepest descent and stationary phase, WKB. Prerequisites: 567, 568, 569 or equivalents.

ART

ART HISTORY

ART H 551 SEMINAR IN EARLY CHRISTIAN, BYZANTINE AND/OR MEDIEVAL ART AND ARCHITECTURE (5, MAX. 15)

Problems in early Christian, Byzantine, and Medieval art and architecture. Content varies. Prerequisite: permission of instructor.

ASIAN LANGUAGES AND LITERATURE

CHINESE

CHIN 542 CHINESE HISTORICAL PHONOLOGY (3)

Introduction to Chinese historical phonology; emphasis on the Middle Chinese period. Prerequisites: ASIAN 401, permission of instructor.

CHEMISTRY

CHEM 299 SPECIAL PROBLEMS AND REPORT WRITING (1, MAX. 6)

Problems relating to experimental chemistry. For chemistry majors only. Includes requirement for work on scientific report writing. Prerequisites: permission of chemistry adviser and a chemistry grade point average above 3.0.

CHEM 399 UNDERGRADUATE RESEARCH (*, MAX. 12)

For qualified chemistry majors in the bachelor of science curriculum, especially those planning graduate work. Not open for credit to graduate students. Prerequisites: permission of chemistry adviser and a chemistry grade point average above 3.0.

CHEM 502 SPECTROSCOPIC METHODS OF STRUCTURE ELUCIDATION (4)

Theory and practice of spectroscopy as applied to the elucidation of organic structures, conformation and motional analysis, and reaction mechanisms. Spectroscopic methods include UV-visible absorption, circular dichroism, mass spectrometry, infrared and Raman, and pulse magnetic resonance. Prerequisites: three quarters organic chemistry lecture and two quarter lab; recommended: 455.

COMMUNICATIONS

CHU 485 HISTORY AND IMPACT OF COMMUNICATIONS TECHNOLOGIES (5)

Study of the power of select communication technologies from printing to computers and their interaction with societal institutions. Develops a framework for analyzing technology and change. Prerequisite: some background in social sciences and humanities.

COMPUTER SCIENCE

C SCI 503 SOFTWARE ENGINEERING (3)

Specification, implementation, and testing of large, multi-person software systems. Topics include abstraction, information hiding, software development environments, and formal specifications. Prerequisites: 322, 326, 378, or equivalents

C SCI 567 INTRODUCTION TO VLSI SYSTEMS (3)

Topics include generic MOS technology, transistor as switch, inverter, NAND, NOR, circuit characteristics and ratio logic, driving large capacitive loads, PLA's, fabrication, design methodologies, layout tools, checking and simulation tools, single-chip systems including microprocessors, architectural issues of VLSI, and modeling VLSI systems. Prerequisite: 470 or permission of instructor.

DRAMA

DRAMA 564 ADVANCED DIRECTING - REHEARSAL (2, MAX. 6)

Exploration of rehearsal techniques that can be used in defining style in a variety of contemporary and historical plays. Prerequisite: completion of first year of graduate directing program.

ECONOMICS

ECON 100 PRINCIPLES OF ECONOMICS (5)

Fundamental concepts of economic analysis with application to contemporary problems. No credit if taken after 200 and/or 201.

ECON 573 INTERNATIONAL COMMERCIAL POLICY (3)

Analysis of welfare aspects of international trade and factor mobility. Costs and benefits of protection; implications of different government policies. Import competition and response. Prerequisite: 571 or permission of instructor.

ECON 580 ECONOMETRICS I (3)

Methods, tools, and theory of econometrics as the basis for empirical investigation in economics. Specification, testing, and use of econometric models with reference to examples in the literature.

ENGLISH

ENGL 206 READING FICTION (5)

Introduction to the study of fiction. Emphasis on critical interpretation and meaning in fiction. Different examples of fiction representing a variety of types from the medieval to the modern period

ENGL 207 READING POETRY (5)

Introduction to the study of poetry. Emphasis on critical interpretation and meaning in poems. Different examples of poetry representing a variety of types from the medieval to the modern period.

ENGL 208 READING DRAMA (5)

Introduction to the study of dramatic literature. Emphasis on critical interpretation and meaning in plays. Different examples of drama representing a variety of types from the medieval to the modern period.

GEOGRAPHY

GEOG 494 SENIOR ESSAY (3)

Supervised individual research and writing of major paper during senior year. Prerequisites: senior standing and permission of faculty sponsor and undergraduate adviser.

GEOG 496 INTERNSHIP IN GEOGRAPHY (3/5, MAX. 12)

Internship in the public or private sector, supervised by a faculty member. Prerequisites: sophomore standing or above in geography and permission of faculty sponsor and undergraduate adviser.

GEOLOGICAL SCIENCES

GEOLOG 100 DINOSAURS (2)

Biology, behavior, ecology, evolution, and extinction of dinosaurs, and a history of their exploration. With dinosaurs as focal point, course also introduces the student to how hypotheses in geological and paleobiological science are formulated and tested. An optional 10-day, pre-quarter field trip to dinosaur deposits offered when possible.

GEOPHYSICS

GP HYS 541 SEISMOLOGY II - THEORY OF SEISMOLOGY (3)

Advanced theory of seismology. Dynamic elasticity, source representations, ray theory, Lamb's problem, matrix methods, inverse methods and analysis of seismological data. Prerequisites: 405, 540, and PHYS 424; or permission of instructor.

HISTORY

MODERN EUROPEAN HISTORY

HSTEU 468 EARLY MODERN JEWISH HISTORY, 1492-1789 (5)

Jews in the early-modern period. The Spanish expulsion in 1492 to the onset of political and social emancipation in western Europe and America. Offered jointly with SISJE 468. Recommended: introductory course in European or Jewish history.

INTERNATIONAL STUDIES

JEWISH STUDIES

SISJE 468 EARLY MODERN JEWISH HISTORY, 1492-1789 (5)

Offered jointly with HSTEU 468. See History for description.

LINGUISTICS

LING 442 INTRODUCTION TO SEMANTICS (3)

Introduction to semantic analysis and the theory of meaning and interpretation of language. Relation of semantics to syntax and phonology, psycholinguistics and language acquisition. Comparison of various linguistic theories of meaning. Prerequisite: 200 or 400.

MATHEMATICS

MATH 107 MATHEMATICS: A PRACTICAL ART (5)

The exponential function; how it applies to a wide variety of phenomena. Elementary probability and statistics; their use in variety of applications. For students not planning to take additional mathematics. Prerequisites: one and one-half years high school algebra and qualifying test, or equivalent

MATH 517 OPTIMIZATION UNDER UNCERTAINTY (3)

Offered jointly with AMATH 517. See Applied Mathematics for description.

MUSIC

MUSIC 302 MUSIC THEATRE TECHNIQUE (1)

Basic individual acting techniques for musical theatre and their application to period historical styles. Prerequisite: concurrent registration in MUSAP 350 or MUSAP 370, or permission of instructor.

MUSIC APPLIED

MUSAP 205 STRING TECHNIQUES (2, MAX. 12)

Group instruction of performance techniques, methods, and materials for orchestral string instruments.

MUSAP 210 WIND TECHNIQUES (2, MAX. 12)

Group instruction of performance techniques, methods, and materials for orchestral wind and brass instruments.

MUSAP 217 PERCUSSION TECHNIQUES (2, MAX. 4)

Introduction to the basic concepts of percussion playing.

MUSAP 218 GUITAR TECHNIQUES (1, MAX. 3)

MUSIC ENSEMBLE

MUSEN 371 OPERA SCENE STUDY (1)

Development of group acting skills through the use of music ensemble scenes from various repertoires. Prerequisite: MUSIC 303 or permission of instructor.

MUSEN 472 OPERA WORKSHOP (1, MAX. 6)

Preparation of music theatre repertoire. Intended for the mature voice student. Prerequisite: 373 or permission of instructor.

POLITICAL SCIENCE

POL S 428 MILITARY INTERVENTION (5)

Historical and theoretical analysis of military intervention in the Post World War II era. Considers how and why interventions occur and evaluates intervention as a foreign policy response.

PSYCHOLOGY

PSYCH 438 SOCIAL PSYCHOLOGY OF MOTOR BEHAVIOR AND SPORT I (4)

Emphasis on reciprocal effects of interpersonal and group influence processes. Topics include social facilitation, social reinforcement, observational learning, individual versus group performance, group cohesion, leadership, and group conflict. Prerequisite: 101.

PSYCH 555 SEMINAR IN METACOGNITION (2)

May be repeated for credit. Prerequisite: permission of instructor.

SOCIOLOGY

SOC 341 TUTORING SOCIOLOGY (2-4)

Trains students to serve as tutors in designated courses. Helps students learn how to assist with writing assignments, explain course material, and lead group discussions. Prerequisites: 240, 241, or equivalents.

SPEECH AND HEARING SCIENCE

SPHSC 588 PROSEMINAR (1, MAX. 3)

Consideration of professional issues and student/faculty research in specific areas of interest.

ZOOLOGY

ZOOL 440 BIOMECHANICS (4)

Physical biology emphasizing a mechanical approach to ecological, evolutionary, and physiological questions. Emphasis on basic principles underlying fluid and solid mechanics to explore responses of animals to flows, loads, and motions. Recommended: some familiarity with calculus and introductory physics.

SCHOOL AND GRADUATE SCHOOL OF BUSINESS INFORMATION

INFORMATION SYSTEMS

I S 409 APPLICATIONS PROGRAMMING FOR INFORMATION SYSTEMS (2)

Advanced computer programming using COBOL and program development tools. Structured program design based on system documentation and specifications. Use of COBOL for transaction processing and complex file management activities. Prerequisite: 320.

I S 480 DATA BASE MANAGEMENT (4)

Concepts of physical and logical data base organization. Physical file structures used in data management. Logical data models including hierarchical, network, relational. Database design, data dictionaries, data manipulation languages. Exercises in design, implementation, and use of database systems. Survey of commercial DBMS. Prerequisite: 320.

I S 499 UNDERGRADUATE RESEARCH (3, MAX. 6)

Research in selected problems in information systems and computer applications. Prerequisite: permission of undergraduate office.

I S 571-572 RESEARCH REPORTS (3-3)

Independent study in information systems; critical evaluation of business analysis and research methods. Effective communication of ideas emphasized. Methods and content of independent research studies being completed by the students are subjected to critical evaluation. Prerequisites: instructor's approval of preliminary research topic outline for 571-; 571- for -572.

I S 590 SELECTED TOPICS IN INFORMATION SYSTEMS (4, MAX. 12)

Information systems topics of current concern to faculty and students. Potential topics include: networks and distributed information processing systems, office automation, artificial intelligence and knowledge based systems, new approaches to systems development, fourth- and fifth-generation languages, economics of information systems. Prerequisite: 520.

I S 599- DOCTORAL SEMINAR (1-1-1, MAX. 12)

Study and research in advanced topics of information systems. The seminar is generally concerned with unpublished areas of research and is conducted by visiting professors and departmental faculty. Prerequisites: doctoral students only, permission of graduate office.

SCHOOL OF DENTISTRY

COMMUNITY DENTISTRY

COM D 640P P-PROFESSIONAL ISSUES: CLINICAL MANAGEMENT OF THE FEARFUL AND PHOBIC (1)

Introduction to assessment process and treatment strategies for successful management of anxious, fearful, and phobic patient, combined with clinical observation of diagnostic and treatment appointments of active patients.

DENTISTRY

DENT 511P P-PROFESSIONAL ISSUES (2)

Overview of dental sociology, personal/professional ethics, dental history, jurisprudence, behavioral medicine.

DENT 640P P-EXTRAMURAL CLINICS IN GERIATRIC DENTISTRY (2)

Extramural geriatric clinical experience, including choice of hospital, nursing home, community clinic, and brief didactic component.

ORAL MEDICINE

ORALM 545P P-CLINICAL PATHOLOGIC CONFERENCE (1-, MAX. 12)

Clinical pathologic conference, utilizing interdisciplinary approach of patient care and emphasizing basic science application.

PEDIATRIC DENTISTRY

PEDO 524P P-PROFESSIONAL ISSUES: COMMUNICATION SKILLS II (1)

Continuation of basic communication skills.

PEDO 645P P-PROFESSIONAL ISSUES: CAI PATIENT MANAGEMENT (1)

Utilizes computer instruction including computer literacy, word processing, data base management, analysis of outcomes of clinical practice, clinic scheduling, project management, and clinical simulations.

PERIODONTICS

PERIO 663 PRE-PROSTHODONTICS CLINICAL PERIODONTICS (*)

Clinical diagnosis and treatment of periodontal disease for nonperiodontics student.

COLLEGE OF ENGINEERING

CIVIL ENGINEERING

STRUCTURAL AND GEOTECHNICAL ENGINEERING AND MECHANICS

CESM 501 STRUCTURAL MECHANICS I - STATISTICS (6)

Equations of a continuum for small displacements, applications to linear elasticity. Kirchoff plate theory, problems in advanced strength of materials. Virtual work, minimum potential energy, force and displacement methods of structural analysis. Direct stiffness method. Approximate solutions, geometric stiffness matrix. Linearized buckling.

CESM 503 MATERIALS (3)

Behavior of materials used in civil engineering structures. Yield and failure surfaces. Physical and phenomenological models of plastic and viscoelastic behavior. Fracture mechanics. Fatigue models and predictions. Damping and friction. Behavior of anisotropic and composite materials.

CESM 521 CONTINUUM MECHANICS - I (3)

General foundation of the fundamental concepts of motion, stress, and energy for a continuum. General equations of conservation of mass, momentum, and energy. Linear and nonlinear elastic, viscous, and inelastic materials. Offered jointly with A A 575. Prerequisite: 501.

CESM 561 ADVANCED GEOTECHNICAL ENGINEERING I (3)

Advanced topics of geotechnical engineering, including theories of lateral earth pressure, bearing capacity, stress distribution, and consolidation. Application to design of retaining structures and shallow foundations, calculation of settlement rate and distribution. Prerequisite: CIVE 366 or equivalent.

CESM 562 ADVANCED GEOTECHNICAL ENGINEERING II (3)

Advanced topics of geotechnical engineering emphasizing shear strength of soils. Strength and stress-strain behavior of sands and clays under various loading and drainage conditions. Laboratory and in-situ strength testing methods. Stress path concepts and application of normalized strength parameters. Prerequisite: 467 or equivalent.

ELECTRICAL ENGINEERING

E E 452 FUNDAMENTALS OF POWER ELECTRONICS (4)

Electronic circuits for the conversion and control of electric power; including dc/dc power supplies, ac/dc converters, and dc/ac inverters. Drive and protection circuits for BJT, MOSFET, and thyristor switches are included along with capacitor, inductor, and transformer limitations. Prerequisites: 344 and 356.

OCEAN ENGINEERING

O ENG 480 INTRODUCTION TO COMPUTER-AIDED TECHNOLOGY (4)

Offered jointly with M E 480. See M E 480 for description.

SCIENTIFIC AND TECHNICAL COMMUNICATION

STC 401 STYLE IN SCIENTIFIC AND TECHNICAL WRITING (3)

Study and practice of style in scientific and technical discourse. Attention given to grammatical structures and stylistic strategies within specific professional contexts. Focuses on achieving clarity and conciseness through word choice and placement; using a variety of sentence structures for appropriate emphasis; handling details; and establishing effective tone.

COLLEGE OF FOREST RESOURCES

BIOLOGICAL SCIENCES

FOR B 200 TREES IN OUR ENVIRONMENT (5)

Form and function of fifty to sixty tree species are examined, applying principles and concepts of biology, and developing an awareness for science; lectures, laboratory demonstrations, and field studies in the Arboretum. Intended for nonscience majors; no credit for forest resource majors.

FOR B 304 BIOLOGICAL CONCEPTS FOR THE FOREST MANAGER (6)

Review of aspects and concepts in soils, microclimatology, hydrology, stream ecology, terrestrial ecology, wildlife ecology, and physiology and anatomy related to forests and forest ecosystems. Prerequisites: at least five years of experience in natural resource management or equivalent; introductory biology.

FOR B 445 LANDSCAPE PLANT MANAGEMENT (4)

Principles and practices of plant management in cultivated situations. Examines landscape design from the horticultural perspective, schedules and budgets, pruning, fertilization, transplanting and care of specialized plant materials. Term project required. Prerequisite: BOT 331 or equivalent knowledge of woody plants.

FOR B 509 URBAN HORTICULTURE SEMINAR (1, MAX. 6)

Discussion by invited speakers on current topics dealing with urban horticulture.

FOR B 560 FOREST ECOSYSTEMS - COMMUNITY ECOLOGY (4)

Community ecology of forest ecosystems. Quantitative methods of community description. Role of limiting factors, competition and disturbance in determining community composition, structure, and stability. Introduction to forest ecosystem productivity. History and application of successional theory. Prerequisite: 310 or equivalent.

MANAGEMENT AND SOCIAL SCIENCES**FOR M 459 PUBLIC RELATIONS AND COMMUNICATIONS FOR NATURAL RESOURCE MANAGERS (2)**

The historical perspective, principles, and tools of public relations. Communication techniques and the various media. Planning for public relations and emergency information services. Strongly aimed toward the natural resource professional. Prerequisites: senior standing and permission of instructor.

INTERSCHOOL/INTERCOLLEGE PROGRAMS**BIOENGINEERING****BIOEN 511 BIOMATERIALS SEMINAR (1)**

Weekly seminar for the presentation of student research results. Prerequisite: permission of instructor.

BIOEN 800 DOCTORAL DISSERTATION (*)**QUANTITATIVE SCIENCE****Q:SCI 599 RESEARCH IN QUANTITATIVE RESOURCE MANAGEMENT AND ECOLOGY (*, MAX. 12)**

Topics can be theoretical in nature or combined theory and experiment. Research might be a prelude to thesis or dissertation research.

UNIVERSITY CONJOINT**UCONJ 504 CELL AND MOLECULAR BIOLOGY AND DISEASE (3)**

Detailed consideration of cytoplasm, emphasis on cell biology and pathology of cellular membranes, elements of cytoskeleton. Prerequisite: genetics or biochemistry or permission of instructor.

GRADUATE SCHOOL OF LIBRARY AND INFORMATION SCIENCE**LIBR 498 SPECIAL TOPICS (1-5, MAX. 15)**

Library service and information science subject matter in seminars, workshops, or other appropriate formats. Topics vary and may be repeated for credit. Prerequisite: junior standing or higher.

SCHOOL OF MEDICINE**BIOLOGICAL STRUCTURE****B STR 510 SEMINAR IN ANATOMY (1)**

Discusses the scientific and historical basis of selected studies in biological structure, anatomy, and human development. Review of the original literature that is used as a basis for textbook descriptions. Prerequisites: concurrent registration in HUBIO 511, 525, 531 and permission of instructor.

B STR 580 ANATOMY TEACHING PRACTICUM (*, MAX. 8)

Opportunity for medical student (or other professional student) to gain teaching experience in biological structure and human biology courses, including gross anatomy, histology and neuroanatomy. Could include lecture, laboratory, and conference depending on student interest and experience. Credit based on course credit in which student is assisting. Prerequisite: permission of course chairperson.

CONJOINT**CONJ 505P PAIN CLINIC PRECEPTORSHIP (1)**

One morning per week spent observing patient care in either inpatient or outpatient settings at University Hospital; and associated readings. Prerequisite: first or second year medical students.

MEDICAL EDUCATION RESEARCH**MEDED 499 UNDERGRADUATE RESEARCH (*, MAX. 12)**

Investigative research or readings in medical education: topics include clinical reasoning, curriculum development, evaluation, use of computers in medical education, and educational research in medical settings. Prerequisite: permission of instructor.

PATHOLOGY**PATH 559 QUANTITATIVE CYTOMETRY (1)**

Introduces the new technology involved in analysis of morphologic data via image processing, including morphometry, quantitative absorption cytometry, flow cytometry, and digital image reconstruction. Applications include a wide range of basic biology as well as clinical disciplines. Prerequisite: background in electrical engineering or appropriate biological science.

UROLOGY**UROL 501P P-UROLOGY PRECEPTORSHIP (1)**

Individualized experiences with one or more of the full-time faculty members of the Department of Urology covering research, teaching, and patient care. Students observe activities in clinic, hospital ward, operating room, and research laboratories. Prerequisites: first or second year medical student and permission of instructor.

SCHOOL OF NURSING**COMMUNITY HEALTH CARE SYSTEMS****CHCS 515 SEMINAR IN NURSING LEADERSHIP AND MANAGEMENT (3)**

Provide and overview of current leadership and management theories of nurses working in a variety of settings. Substantive content includes concepts essential in developing the nurse's leadership activities and skills at different management levels. Prerequisites: graduate standing and permission of instructor.

CHCS 524 SEMINAR IN LEADERSHIP-NURSE EXECUTIVE (3)

Examines process in nurses' executive leadership roles in variety of settings. Concepts of organization theory introduced as overview of theory and practice for the nurse executive and applied to specific leadership contexts: complex organizations, community, social movements, and political. Prerequisites: ADMIN 510 or equivalent; permission of instructor.

PARENT AND CHILD NURSING

PCN 535 PHYSICAL THERAPEUTICS: INFANTS AND PRESCHOOL CHILDREN (3/5)

Theory and research analysis of physical problems, biobehavioral responses and psychosocial hardships. Adaptive physical and technological interventions that prevent handicaps and maintain, promote, or restore health of infant and preschool age children within a developmental, family, institutional, and community context. Laboratory and optional clinical experiences. Prerequisite: permission of instructor.

COLLEGE OF OCEAN AND FISHERY SCIENCES

OCEANOGRAPHY

OCEAN 200 INTRODUCTION TO OCEANOGRAPHY (3)

Description of the oceans. Emphasis in the relations of biology, chemistry, geology, and physics in marine environments. Examinations of relationships and interactions at macro-, meso-, and microscales in the ocean.

OCEAN 504 PHYSICAL FLUID DYNAMICS (3)

Fundamentals of fluid mechanics, as a basis for understanding problems in geophysical fluid dynamics. Cartesian tensors, derivation of the Navier-Stokes equation, Bernoulli's equation and potential flow, dimensional analyses, introduction to mathematical approximation techniques, flows with rotation, effects of density stratification. Intended for physical oceanography graduate students. Prerequisite: permission of instructor.

GRADUATE SCHOOL OF PUBLIC AFFAIRS

PB AF 550 PUBLIC ARTS POLICY AND MANAGEMENT (3)

Role of government in arts. Range of public support at federal, state, and local levels; reasons for its development and viability. Nature, evolution, functions of public arts agencies in implementing arts policy; relation of such agencies to their constituencies. Seattle, King County, and Washington state serve as case studies.

SCHOOL OF PUBLIC HEALTH AND COMMUNITY MEDICINE

BIOSTATISTICS

BIOST 514 BIostatISTICS I (4)

Mathematically sophisticated presentation of principles and methods of data description; graphics; point, confidence interval estimation; hypothesis testing; relative risk; odds ratio; Mantel-Haenszel; chi-square test (matrix algebra required). Examples drawn from biomedical literature; real data sets analyzed using statistical computer package. Prerequisite: biostatistics major or permission of instructor.

BIOST 536 CATEGORICAL DATA ANALYSIS IN EPIDEMIOLOGY (4)

Summary of univariate categorical data analysis; introduction to multivariate analysis of categorical epidemiologic data using multiplicative models. Experience at interpretation, familiarity with available programs gained by analysis of *bona fide* data, critiques of analyses appearing in literature. Offered jointly with EPI 536. Prerequisites: 513 and EPI 514; or 515, or permission of instructor.

EPIDEMIOLOGY

EPI 420 INTRODUCTION TO EPIDEMIOLOGY (3)

Description of ways in which variation in disease occurrence is documented, and how that variation is studied to understand causes of disease. For the undergraduate student wishing to devote only one quarter to a course in epidemiologic methods. Entry card required.

EPI 511 INTRODUCTION TO EPIDEMIOLOGY (4)

Description of ways in which variation in disease occurrence is documented, and how that variation is studied to understand causes of disease. For the graduate student wishing to devote only one quarter to a courses in epidemiologic methods. Term paper required. Prerequisite: graduate standing. Entry card required.

EPI 536 CATEGORICAL DATA ANALYSIS IN EPIDEMIOLOGY (4)

Offered jointly with BIOST 536. See Biostatistics for course description.

W COURSES OFFERED AUTUMN QUARTER 1986

Students who plan to take majors in the College of Arts and Sciences and who started college Autumn Quarter 1983 or later must complete 10 credits of courses designated "W." W courses are not English composition courses but, rather, are courses in which a substantial amount of writing is required. Almost any department can offer W courses. The following courses taught Autumn Quarter 1986 have been designated as W courses.

ANTH 356 A	ENGL 197 A	GERM 352 A	PHY A 382 A	SISRE 455 A
ANTH 403 A	ENGL 198 A,B,C,D,E,	HST 192 A	PHYS 101 A,B	SOC 110 D

	GIS 274 A			
	GEOG 447 A			
	GEOG 450 A			
	GEOG 494 A,B			

Many UW correspondence courses have been designated as W courses. A list of available courses appears on the Independent Study Through Correspondence page.

INDEPENDENT STUDY THROUGH CORRESPONDENCE

The Distance Learning office provides University courses for correspondence credit primarily by correspondence instruction to persons who wish to study independently. Fees for Distance Learning courses are separate from residence tuition and are \$32 per credit. Enrollment is not based on the quarter system but is continuous throughout the year, with one calendar year allowed to complete a course.

A regularly enrolled student who wishes to register for additional courses for Distance Learning credit should consult his or her departmental advisor prior to enrolling in a Distance Learning course. Applications and additional information on enrollment procedures may be obtained from the Distance Learning office, 5001 25th N.E., or by telephoning 543-2350.

The following courses are currently offered by Distance Learning (credits in parentheses).

PARKING REGULATIONS

THE UNIVERSITY OF WASHINGTON

STUDENTS PARKING GUIDE

The University of Washington endorses and promotes several modes of alternative transportation. To avoid traffic congestion and high transportation costs while commuting to campus, choose riding a bicycle, moped, motorcycle, carpool, vanpool, use the ride-matching service, or ride the bus rather than driving alone.

Transit

Many buses commute daily to the University District and through the campus, stopping along Stevens Way at five locations. Timetables are available at Commuter Information Centers located at the HUB-main floor, South Campus Center, University Hospital Lobby, and By George Deli. Monthly bus passes for Metro and Community Transit are sold at a discount with a current ASUW card at the HUB, South Campus Center, and Cashier's Office in Schmitz Hall.

Health Sciences Express

Shuttle bus service is available between the University Hospital/Health Sciences Center and affiliated hospitals and medical facilities. For more information, call 545-1522.

Carpool Parking (Daily Pay)

Three or more persons—Vehicles entering with three or more persons can park for 50¢ per day, payable upon entrance. Parking area will be assigned by the gate attendant. A designated number of spaces is available between 7 a.m. and 4 p.m. to carpools entering campus through the following gates:

Gate 2 (NE 45th St. and 17th Ave. NE entrance to campus)—175 spaces. Parking area N-5.

Gate 3 (25th Ave. NE entrance to campus)—75 spaces in Padelford Garage.

Gate 1 (NE 41st and 15th Ave. NE)—Between 7 a.m. and 9:30 a.m., a designated number of spaces (300) is available in Central Plaza Garage. After 9:30 a.m., three person carpools will be parked on a space available basis.

Two or more persons—Montlake Lot—E-1 (north of the IMA tennis courts)—Carpool spaces are available in the south end between 7 a.m. and 9:30 a.m. for 25¢ per day. Upon entering through the southwest gate, the driver will be given 35¢; when exiting, the driver will pay the normal 60¢ charge. (Discontinued during Summer Quarter and breaks.)

Gate 8 (Stadium entrance to E-12)—Carpool spaces are available for vehicles for 50¢ per day, payable upon entrance. Parking based upon space availability.

Evening—Two or more persons—After 4 p.m., a reduced rate of 25¢ is available to Gate 8, except for special events.

Note: Carpool permits (annual or quarterly) are issued to only faculty and staff. A student may be a member only.

Ride-matching Service

The University provides a ride-matching service for carpools and vanpools. For more information, contact the Transportation Information Office (545-0450).

Motorcycle, Moped and Scooter Parking

A motorcycle parking permit may be purchased at the Parking Division Office on a quarterly basis for \$7.50/quarter or on an annual basis for \$30.00/year. On a daily basis, permits may be purchased at a campus gate for 50¢. Motorcycles, scooters and mopeds must park only in designated cycle areas. Residence hall motorcycle parking is assigned through the Residence Halls. For more information, see Parking Division's Motorcycle Brochure.

Daily Pay Parking

Daily pay parking is available in the following areas:

East Campus:

Montlake Lot—E-1 (north of the IMA tennis courts); 60¢ upon exiting.

E-5 (east of E-1): purchase a 25¢ ticket from the machine in lot E-5.

E-3 and E-4 (east of E-5): purchase a 25¢ ticket from the machine in lot E-4.

West Campus:

W-44 (NE Northlake Pl. and 7th Ave. NE): purchase a 25¢ ticket from the machine. Tickets purchased from the machine must be visibly displayed in the vehicle. Tickets are valid for one day and expire at midnight.

Central Plaza Garage:

The Central Plaza Garage (levels B, C, and D) is available for visitor parking. Pay \$3.00 upon entrance, and a prorated refund will be made upon exiting if you stay less than three hours.

Evening Parking

Students registered in evening classes may purchase night permits on a quarterly basis at the Parking Division Office. These permits are valid weekdays from 4 p.m. to 7:30 a.m. and Saturday mornings. Student I.D. cards or proof of University registration and a valid driver's license are required. Individual night permits are available at campus gates for \$1.25 and expire at 7:30 a.m.

Residence Hall Permits

Residence hall students must apply for parking for the academic year through their residence hall complex desk. Assignments are issued through the residence halls based upon priority (number of quarters). For summer quarter only, students must apply at the Parking Division Office and assignments are issued on a first-come, first-served basis.

Quarterly Permit

Very limited permit parking is available to commuting students on a first-come first-served basis the first day of school at the Parking Division Office, 3917 University Way NE. Student I.D. cards or proof of University registration and a valid driver's license must be presented with the parking permit application. Parking areas available to students are E-2 in the east campus (across from the University Village Shopping Center) and W-40 in the west campus (on NE Northlake Pl. and 8th Ave. NE). Parking permits are \$37.50 per academic quarter and renewable.

Disabled Parking

Physically disabled students (including those in wheelchairs) with a confirming letter of disability from Hall Health Center will be issued parking in areas according to need. Permits are \$37.50 and \$51.00 per quarter, based on the area. Applications may be made one week prior to the first day of school or anytime thereafter.

Shuttle bus service is available (7:30 a.m. to 4:00 p.m.) for disabled students on a reservation dial-a-ride basis at 545-1511. Service can be scheduled for an entire quarter if necessary. All rides are scheduled on a first-come, first-served basis. Vehicles are equipped with wheelchair lifts.

Renewing Permits

Residence Hall students should renew their academic year permits by applying to their residence hall complex desk. Commuting students should renew their quarterly permits for the next quarter at the Parking Division Office approximately two weeks before the first day of class. All renewal permits not purchased before the first day of school each quarter go on sale to new applicants. Disabled students whose disability form has expired must obtain another form from Hall Health Center before renewing their permit.

Parking Violations

Any outstanding campus parking violation(s) must be settled before a parking permit will be issued or renewed. Contact Parking Violations Division, (HE-15), 1117 NE Boat St. (543-9008).

More Information

For more information regarding parking and traffic regulations, parking permits, or other issues, contact the Parking Division Office, ND-05, at (206) 545-1543. It is located at 3917 University Way NE. The business office is open from 7:30 a.m. to 5:00 p.m., Monday through Friday.

SPORTS-SKILLS

SPORTS SKILLS INSTRUCTION CLASSES ARE AVAILABLE THROUGH THE DEPARTMENT OF RECREATIONAL SPORTS PROGRAMS (IMA) ON A NON-CREDIT BASIS FOR A SMALL REGISTRATION FEE. CLASSES ARE OPEN TO ALL REGULARLY ENROLLED STUDENTS AND TO FACULTY/STAFF WHO ARE ELIGIBLE FACILITY USERS. SPECIFIC INFORMATION ON FEES, DATES, AND TIMES WILL BE AVAILABLE AT THE IMA BUILDING AFTER SEPTEMBER 1, 1986. REGISTRATION WILL BE OCTOBER 8, 7, 8, FROM 7:45 AM TO 8:00 PM IN MEETING ROOM A OF THE IMA BUILDING. IF SPACES ARE STILL AVAILABLE, REGISTRATION WILL CONTINUE IN THE IMA ADMINISTRATION OFFICE, 8:00 AM TO 5:00 PM, MONDAY THROUGH FRIDAY. DISABLED STUDENTS ARE ENCOURAGED TO PARTICIPATE IN SPORTS SKILLS CLASSES AND SHOULD CONTACT THE SPORTS SKILLS OFFICE.

CLASSES OFFERED

AEROBIC DANCE	GYMNASTICS	SQUASH
AEROBIC EXERCISE	JUDO	SWIMMING
ARCHERY	PICKLEBALL	TAE KWON DO
BADMINTON	RACQUETBALL	TENNIS
CONDITIONING FOR WOMEN	ROLLERSKATING	VOLLEYBALL
DANCE - BALLET, JAZZ	SKIN & SCUBA	WEIGHT TRAINING
FENCING	SOCCER	
GOLF	SPRING BOARD DIVING	

W - WRITING COURSE MEETING UN - REQUIREMENT H - HONORS * - PERMISSION SIGNATURE % - NEW COURSE (SEE FRONT OF TIME SCHEDULE)
>>> ENROLLMENT IN THIS SECTION IS LIMITED, AND STUDENTS MUST OBTAIN ENTRY CARDS. THE SCHEDULE LINE NUMBER IS PRINTED ON THE ENTRY CARD AND MUST BE MARKED ON THE OP-SCAN REGISTRATION FORM. BOTH THE OP-SCAN FORM AND CARD MUST BE TURNED IN TO REGISTER.
