

Time Schedule

Spring Quarter 1981

Preregistration: February 10-13, 17-20	Last day to register and receive highest priority
Freshmen (0-44 credits)	February 10, 11
Seniors (135 credits)	February 11, 12
Graduate Students	February 12, 13
Postbaccalaureate (fifth-year) Students	February 13, 17
Juniors (90-134 credits)	February 17, 18
Sophomores (45-89 credits)	February 18, 19, 20

Class standing is based on the projected number of credits the student will have at the beginning of the next quarter. Faculty and staff using tuition exemptions may not preregister.

In-person registration (by appointment only): March 19, 20, 23-25

Matriculated Students: March 19, 20, 23

Nonmatriculated Students: March 24

Tuition-exempt Faculty/Staff: March 25

GENERAL INFORMATION

It is the University's expectation that a student will follow University rules and regulations as they are stated in the *General Catalog*. In instances where no appeal procedure is spelled out and the student is persuaded that a special set of circumstances makes appeal reasonable, he or she may appeal the application of specific rules or regulations to the office of the dean of the school or college in which he or she is enrolled in the case of an academic matter, or to the Office of Student Affairs in the case of a nonacademic matter. These offices will either render a decision on the appeal or refer the student to the proper office for a decision.

GUARANTEED REGISTRATION ELIGIBILITY

University of Washington students who remain in good scholastic standing are guaranteed the opportunity to register each quarter as long as they maintain continuous enrollment (Summer Quarter excepted). Continuation must be in the same classification, e.g., undergraduate, postbaccalaureate (fifth-year), graduate, etc. Once a student earns a baccalaureate degree, he or she must apply for readmission as a postbaccalaureate (fifth-year), nonmatriculated, or graduate student. Exceptions to the guarantee are: (1) students under disciplinary action and (2) students with a financial hold.

If an undergraduate does not enroll for one or more quarters, or if a graduate student goes on-leave, he or she must file an application for readmission with the Registrar's Office. Information on admission closing dates is available at Window 3, second floor, Schmitz Hall, or by calling 543-5920.

FULL-TIME STUDENT REQUIREMENT

Many students think that because they pay full fees they are considered full-time students. This is incorrect. To be considered a full-time student, an undergraduate must register for 12 credits and a graduate student must register for 9 credits. The full-time registration requirement varies for different agencies. Information on full-time requirements of the Veterans Administration, Immigration and Naturalization Service, and Social Security Administration may be obtained at 180 Schmitz. Consult the Financial Aid Office for its requirement on satisfactory student progress.

NONMATRICULATED STUDENTS

Nonmatriculated students register March 24 and enroll only on a space-available basis. Because nonmatriculated students register after all other students, enrollment may be closed in the following areas: mathematics, English composition, beginning foreign languages (particularly French and Spanish), business, and art. Nonmatriculated students may participate in preregistration for the Summer Quarter.

TUITION-EXEMPT FACULTY/STAFF

With the approval of their department heads, regularly admitted full-time UW faculty and staff members who have been employed six months or more may take up to 6 credits per quarter under the tuition exemption program. According to legislative action, all registrations must be on a space-available basis after other students have registered. Members of the faculty and staff who wish to utilize the exemption may not preregister; registration may occur no earlier than the last day of the registration period. Faculty/staff who register before the last day will not be eligible to use a tuition exemption that quarter. Registration appointments are not required. New faculty/staff members must be officially admitted by the Office of Admissions by the regular admission closing date; February 1 is the closing date for Spring Quarter. Faculty/staff members who are former students returning either in the same classification or as nonmatriculated students should apply at the Registration Office, Window 8, second floor, Schmitz Hall.

Employees should present their approved tuition exemption cards at Sections, Odegaard Undergraduate Library, according to the schedule listed below. A \$5 registration fee will be collected at the time of registration. This alphabetical priority will change each quarter. Regularly admitted faculty and staff members who are unable to meet this schedule may register late by paying a \$15 fee.

Spring Quarter Registration Date: March 25, 1981

Last names beginning with G-H (8-9 a.m.); I-J-K (9-10 a.m.); L-M (10-11 a.m.); N-O-P (11 a.m.-noon); Q-Z (noon-1 p.m.); A-B (1-2 p.m.); C (2-3 p.m.); D-E-F (3-4 p.m.); make-up (4-4:30 p.m.).

Tuition-exempt faculty/staff are not entitled to other student services such as those available at the Hall Health Center and the Intramural Activities Building. Therefore, UW student cards will not be issued to faculty and staff. Faculty/staff identification cards may be used for library services.

"ACCESS" PROGRAM FOR OLDER ADULTS

The University of Washington waives tuition for Washington residents sixty years or older who wish to attend classes as auditing students, on a space-available basis, for a \$5 fee. As auditors, they do not receive credit and are not expected to do laboratory work or to take examinations. Students who attend the University under the Access program are limited to two courses per quarter. Registration must be made in person on Wednesday, March 25, between 8 a.m. and 4 p.m. at the Sections branch office, in the basement of the Odegaard Undergraduate Library. Interested students should proceed to the area marked *Access*. For additional information, telephone Continuing Education, 545-7418, between 9 a.m. and noon.

AUDITORS

Auditors, except those under the Access program, pay standard tuition and fees and must be regularly admitted and registered in the course.

Attendance in courses as an auditor is by consent of the instructor involved and is conditioned by the extent to which space is available. Permission to audit is ordinarily granted for lecture classes only. An auditor may not participate in class discussion or laboratory work, and his or her registration may be canceled at the discretion of the instructor.

No entry is made on the permanent record for courses audited. To receive credit for an audited course, the student must register for the class for credit in a subsequent quarter.

Auditors follow registration instructions below.

DISABLED STUDENTS

Various support services, including priority registration, are available to students with disabilities. Contact the Coordinator for Disabled Students, 468 Schmitz, 543-8924, for information on equipment, technical aids, and accommodations to meet individual needs. *Access: University of Washington*, a guidebook to buildings on the campus, and an accompanying map may be obtained from the office or from the Office of Affirmative Action, 101 Lewis, 543-1830.

ATHLETIC EVENTS

Students may purchase a Winter/Spring Sports Pass for \$14 at the Husky Ticket Office, 101 Graves, or at the HUB Ticket Office, for admission to the following athletic events: basketball, gymnastics, track, baseball, and volleyball. For additional information, telephone 543-2200.

REGISTRATION INSTRUCTIONS

ACADEMIC ADVISER

See an academic adviser to discuss your educational objectives and to learn the procedures involved in registering at the University. Have an idea of the courses you would like to take before seeing an adviser by reviewing the *General Catalog* and the quarterly *Time Schedule*. Nonmatriculated students enrolled primarily

in evening classes may see an academic adviser through Continuing Education Academic and Professional Programs, 209 Lewis, 8:30-10 a.m. and 3-7 p.m., Monday through Thursday. Friday hours are 8:30-10 a.m. and 3-5 p.m.

PREREGISTRATION

1. Eligibility

Preregistration is reserved for all continuing matriculated students *except* tuition-exempt faculty/staff, older adults auditing under the Access program, and nonmatriculated students. These last three groups may register only during the last days of in-person registration (see General Information section for specific registration dates).

2. Submitting the Preregistration Form

Students preregistering may turn in forms at:

- Registration lobby, second floor, Schmitz Hall
- B10 Padelford
- Fourth-floor student lounge, T-wing, Health Sciences Building
- 353 Loew (engineering students only)

3. If You Miss Preregistration

Obtain an in-person registration appointment by March 24 at Window 8, Schmitz Hall. After March 24 you will be required to register late and to pay a \$15 late registration fee.

4. Schedule of Classes

All students who preregister will be scheduled by computer at one time. The scheduling priority is: freshmen, seniors, graduate students, postbaccalaureate (fifth-year), juniors, and sophomores. Schedules will be mailed March 10.

IN-PERSON REGISTRATION

1. Eligibility

In-person registration is primarily for newly admitted and returning former students. Continuing matriculated students who miss preregistration, tuition-exempt faculty/staff, older students in the Access program, and nonmatriculated students also register during in-person registration. All students, except Access students, must be admitted to the University before attempting to register.

2. How to Register

See an academic adviser as indicated in the *Advising and Registration Guide*, which you received with your registration appointment.

Develop a schedule of classes selected from courses in the quarterly *Time Schedule*. List the classes on a worksheet, available from your adviser, or at Window 3, second floor, Schmitz Hall, and take it together with your registration appointment (or your faculty/staff exemption card) to the Sections branch office in the Undergraduate Library. If your registration appointment is for, or after, 4 p.m., try to see an adviser an hour early so that you can arrive at Sections by the time indicated on the appointment. *Your classes will be scheduled while you wait.*

ENTRY CARDS

Certain courses and sections require entry cards for registration. Students who request these courses (and/or sections) on their registration request forms will not be registered in the courses unless the requests are accompanied by entry cards. An entry card alone is not sufficient. The course and schedule line number (SLN on entry card) must also be requested on the mark-sense registration form. Obtain course entry cards for courses designated with the symbol >>> in the margin of the *Time Schedule*. Information on where to obtain entry cards is found in the body of the *Time Schedule*, either as a comment before the course listing or just after the title of the course.

LATE REGISTRATION

Students who register after the official registration period will be charged a \$15 late registration fee.

REGISTRATION CHANGES

1. Change Appointments and Late Fee

a) *All changes to a student's program should be completed during the official change periods (see calendar).* Changes are made by appointment only. Appointments are available at Window 3, second-floor lobby, Schmitz Hall, for all students except those in engineering; engineering students go to 353 Loew. A student who arrives more than a half-hour late will be required to make a new appointment. Changes made after the change periods cost \$5 and may result in fee forfeiture (see item 3 of this section).

b) *Students will be expected to present Spring Quarter 1981 University of Washington student identification cards when requesting appointments.* No more than one change appointment will be issued to a student at a time. Additional change appointments will be issued only after the initially assigned appointment has been used or the date has expired.

2. Grades in Dropped Courses and Drop Restrictions

a) *Undergraduates.* Undergraduate students who drop courses after the change periods receive no entry on their academic record if the drop is made during the first two weeks of the quarter. Drops made during the third and fourth weeks of the quarter will be recorded with a "W." No drops are permitted after the fourth week except for a limited number determined by the number of credits earned at the University. While completing the first 44 credits at the University, the student has three drops permitted after the fourth week. Any of these three drops not used by the time 45 credits are earned are forfeited. After 45 credits have been completed at the University, the student earns one late drop for each 45 credits earned. These may be accumulated and used as necessary. *No drops of any kind are permitted after the last day of instruction.*

b) *Graduate Students.* Graduate students who drop courses after the first two weeks of the quarter receive a grade of "W." No drops are permitted after the seventh week of instruction.

c) Students may petition the Registrar to drop a course after the regular drop deadline if: (1) the student is unable to complete the course in question because of a severe mental or physical disability, or (2) unusual or extenuating circumstances beyond the student's control prevented the student from dropping the course by the regular drop deadline. Petitions must be filed promptly after the occurrence of the event that gave rise to the need for dropping the course.

3. Fee-Forfeiture or Refunds

a) Students will be billed for the number of credits on their programs at the end of the first week of the quarter. Only partial fee reductions will result for courses dropped after the first week of the quarter.

b) Students dropping courses after the first seven calendar days of the quarter and through the thirtieth calendar day of the quarter will be expected to pay one-half of the tuition and fees associated with that course. Example: An undergraduate originally registered for 5 credits. The fee for 5 credits is \$114 (resident). The student then drops a 3-credit course in the second week of the quarter. The total number of credits for which the student remains registered is 2. Tuition and fees are due for half the difference between 5 credits and 2 credits, in this case an additional \$34.50. The student has been registered in the dropped course for more than one week and therefore must pay half the fees for the course.

Courses dropped after the thirtieth calendar day receive no refund. Example: A student is registered for a 3-credit course. The student drops that course after the thirtieth calendar day. No refund is available. If the student adds a different 3-credit course at the time the original 3-credit course is dropped, he or she will pay tuition and fees for 6 credits.

c) Drops become effective the date received in Sections.

4. Courses Added After the Official Change Periods

a) As a general rule, no courses may be added after the official change period. Exceptional cases may be approved if both the instructor of the course and the dean of the student's college consent.

b) Courses audited may not be changed to a credit registration after the first two weeks of the quarter.

FEE PAYMENT

1. A fee statement will be mailed to the address you indicate on your mark-sense registration form. If you have not received a fee statement by the end of the second week of the quarter, contact the Cashier's Office for the amount of tuition due.

2. Mail your fee payment to the Student Accounts Office in the envelope provided before the due date indicated. *Fees must be paid by Friday of the third week of the quarter.*

3. If you fail to pay by the deadline you may continue to pay your fees, with a \$15 late fee, for one week following the due date. If fees are not paid by this time your registration will be canceled. Students permitted to reregister after cancellation for nonpayment will be charged a \$50 fee. No reregistration will be possible after Friday of the sixth week. *Please note: Even if your registration is canceled you will continue to owe one-half your tuition and fees if you are a continuing student or, if you are a new or returning student, \$50 or one-half your tuition and fees, whichever is greater.*

Quarterly Tuition and Fee Rates*

	Resident	Non-resident
Undergraduate (includes postbaccalaureate [fifth-year] and nonmatriculated students)		
Full fee (more than 9 credits)	\$229	\$798
Minimum (first 2 credits)	45	158
Each additional credit	23	80
Graduate and Law		
Full fee (more than 6 credits)	257	912
6 or fewer credits:		
Minimum (first 2 credits)	72	262
Each additional credit	37	130
Dentistry and Medicine		
Full fee (more than 12 credits)	343	1,253
12 or fewer credits:		
Minimum (first 2 credits)	57	197
Each additional credit	26	96

* Effective as of publication date. Fees are subject to change without notice.

Special Course and Laboratory Fees

The amounts listed in the above Tuition and Fee Rate schedule normally cover University charges for course registration. Some courses, however, have extraordinary expenses associated with them and in such cases the University may charge additional fees in amounts approximating the added instructional or laboratory costs.

CHANGE OF ADDRESS

If you change your address after you have turned in your mark-sense registration form, be sure to complete a change of address form at the Registration Office. Forms are available at Window 3, second floor, Schmitz Hall. *You are responsible for notifying the Registrar's Office of any address change.*

STUDENT INSURANCE

All students who do not specifically request a particular student insurance plan or who do not specifically state they do not wish student insurance automatically will be enrolled and billed for *student only* medical, surgical, and hospital insurance.

If you are billed for student insurance and wish to cancel your coverage, complete the appropriate section on the remittance copy of the billing statement and pay the amount billed less the indicated amount for insurance. Tuition/fees and the student health insurance premium must be paid in full by the due date to be eligible for health insurance.

International students must subscribe to the University's medical insurance. Exceptions may be granted by the International Services Office if the student presents proof of other medical insurance coverage. To be eligible for health insurance, the student must pay, in full, tuition, fees, and the student health insurance premium by the due date.

WASHPIRG

An optional \$2 fee is indicated on the fee statement for the Washington Public Interest Research Group, a student research organization. If you do not desire to support this activity, simply pay the regular tuition and fees. If you want to support WASHPIRG, check the payment card and pay the regular tuition and fees plus \$2.

WITHDRAWAL FROM THE UNIVERSITY (DROPPING ALL COURSES FOR THE QUARTER)

1. Obtain an approved withdrawal form from your adviser.
2. Present the withdrawal form to the Withdrawal Office, Sections, 264 Schmitz. *Withdrawals are effective the date they are received in the Registrar's Office.* Fees owed will be based upon the date the withdrawal is received in the Registrar's Office. No withdrawals will be accepted after the last day of instruction, June 5.

The fee schedule below will be followed.

Continuing Students

- a. Students withdrawing before the sixth day of the quarter do not pay tuition or fees.

- b. Students withdrawing on the sixth day or through the thirtieth calendar day continue to owe one-half of their tuition and fees.

- c. Students withdrawing after the thirtieth calendar day receive no refund of tuition or fees.

New and Returning Students

- a. Students withdrawing before the sixth day of the quarter forfeit their \$50 enrollment service fee.

- b. Students withdrawing on the sixth day or through the thirtieth calendar day of the quarter must pay one-half of regular tuition and fees or forfeit the \$50 enrollment service charge, whichever is greater.

- c. Students who withdraw officially after the thirtieth calendar day must pay full tuition and fees, including the \$50 enrollment service fee.

3. Students who were unable to turn in their withdrawal in time may petition the Cashier's Office for additional refund. Petition forms are available at the Cashier's Office, 129 Schmitz.

4. Courses dropped as part of a University withdrawal completed during the first two weeks of a quarter receive no grade and no entry is made on the student's permanent academic record. Withdrawals completed after the first two weeks result in the courses being assigned a grade of "W."

GRADING SYSTEM

The University of Washington uses a numerical grading system with certain exceptions in the schools of Dentistry, Law, and Medicine. Instructors may report grades from 4.0 to 0.7 in 0.1 increments and the grade 0.0. The number 0.0 is assigned for failing work or unofficial withdrawal. Grades in the range 0.6 to 0.1 may not be assigned. Grades reported in this range will be converted by the Registrar's Office to 0.0. For graduate students, grades reported in the range 1.6-0.1 will be converted to 0.0. Numerical grades may be considered equivalent to letter grades as follows:

Undergraduate/Graduate*

A	4.0	
B	3.0	
C	2.0	
	1.7	* Lowest grade earning credit for graduate students.
D	1.0	
	0.7	Lowest passing grade for undergraduates.
E	0.0	Failure or Unofficial Withdrawal. No credit earned.

Additional information on grades and scholarship rules may be obtained from the Grade Information Office, 248 Schmitz.

The Grade of Incomplete

In order to obtain credit for a course in which an Incomplete has been awarded, an undergraduate student must complete the remaining work for the course by the last day of the following quarter. An Incomplete grade for a Winter Quarter course must be made up by the last day of Spring Quarter or the Incomplete will be converted to a grade of 0.0 by the Registrar, unless the instructor has indicated when assigning the Incomplete grade that a grade other than 0.0 should be recorded if the incomplete work is not completed. This time limitation may be extended up to one year with instructor approval. Such approval must be received by the Registrar's Office before the end of the next quarter.

A graduate student who receives an Incomplete must complete the remaining work for the course by the last day of the next quarter in residence. An Incomplete received by a graduate student does not automatically convert to 0.0 but remains an Incomplete if the course work is not completed. This time limitation may be waived by the dean of the college in which the course was offered only if the nature of the uncompleted work is such as to make the fulfillment of this requirement impossible. In no case can an Incomplete received by a graduate student be converted to a passing grade after a lapse of two years. The Incomplete grade entry remains on the record permanently. The final grade is posted under the quarter in which the final grade is received.

Satisfactory/Not Satisfactory

Students may elect to take certain courses on a Satisfactory/Not Satisfactory basis. Advisers should be consulted and in no case are students allowed to register for more than one course or 6 credits on a Satisfactory/Not Satisfactory basis in a given quarter. No more than 25 credits will apply to an undergraduate degree. *S/NS must be elected or dropped during the official change of program period.* Undergraduate students earning grades of 1.7 or above receive a grade of S (Satisfactory) while grades below 1.7 are recorded as NS (Not Satisfactory). Graduate students earning grades of 2.7 or above receive a grade of S (Satisfactory), while 2.6 or below are recorded as NS (Not Satisfactory). In cases of withdrawal, the W is recorded. Neither S nor NS are included in the grade-point average. N, I, and X are recorded until the instructor reports the final grade, or in cases of incompletes received by un-

dergraduates, until the I is converted by the Registrar. With the approval of his or her graduate program adviser or Supervisory Committee Chairperson, a graduate student may elect to take any course for which he or she is eligible outside of his or her major academic unit on the Satisfactory/Not Satisfactory system.

Credit/No Credit-Only Courses

Some courses are offered on a CR/NC-only basis. It is not necessary to register S/NS to take these courses, because the only grades assigned by the instructor are CR (Credit) or NC (No Credit). Neither CR nor NC are included in the grade-point average. In cases of withdrawal a W is recorded. N, I, and X are recorded until the instructor reports the final grade, or in cases of incompletes received by undergraduates, until the I is converted by the Registrar:

Preregistration for all matriculated students in school Winter Quarter 1981.

In-person registration appointments available at Window 8, second floor, Schmitz Hall, for continuing students who missed preregistration and for continuing nonmatriculated students.

Programs of study mailed to preregistration participants.

Change of registration appointments available at Window 2 or 3, second floor, Schmitz Hall, for students who have received a schedule of classes. Engineering majors go to 353 Loew. Students will be expected to present UW Spring 1981 student identification cards when requesting appointments. Students who make the following changes only are not required to have an appointment: (a) to or from Satisfactory/Not Satisfactory grading; (b) in the credit for a variable credit course; (c) drop a course. Evening-only students may change their program without an appointment any time after 5 p.m. and no later than 6:15 p.m. during the first week of school. Evening-only students should go directly to Sections in the Undergraduate Library cafeteria.

OFFICIAL CHANGE OF REGISTRATION PERIOD, by appointment only at the Sections branch office, Odegaard Undergraduate Library (use cafeteria entrance), for students who have received a schedule of classes.

IN-PERSON REGISTRATION by appointment only at the Sections branch office, Odegaard Undergraduate Library (use cafeteria entrance), for matriculated students. Engineering majors go to 353 Loew.

IN-PERSON REGISTRATION FOR NONMATRICULATED STUDENTS, by appointment only, at Sections branch office, Odegaard Undergraduate Library (use cafeteria entrance).

IN-PERSON REGISTRATION FOR TUITION-EXEMPT FACULTY/STAFF. See *Time Schedule* for appointment times, which are assigned according to last name. Register at the Sections branch office, Odegaard Undergraduate Library (use cafeteria entrance).

IN-PERSON REGISTRATION FOR "ACCESS" STUDENTS at Sections branch office, Odegaard Undergraduate Library (use cafeteria entrance).

OFFICIAL CHANGE OF REGISTRATION, by appointment only, at the Sections branch office, Odegaard Undergraduate Library (engineering majors at 353 Loew) for all students.

Instruction begins.

Deadline for: (1) changes to or from S/NS grading; (2) adding a course without instructor's permission; (3) adding or dropping a course without being assessed a \$5 change fee. Courses dropped after this date will be included in the tuition calculation. A change fee of \$5 will be assessed after this date.

Last day for official withdrawal from the University without owing tuition or fees.

Fee statements mailed to all registered students.

Last day to drop a course without entry on permanent record.

Last day to add a course without dean's permission (Arts and Sciences and graduate students do not need permission of the dean to add a class at any time during the quarter).

Last day to return approved applications to 207 Schmitz for credit by examination.

Applications for baccalaureate degrees and certificates to be conferred Spring Quarter 1981 must be submitted to the Graduation Office, 207 Schmitz.

Fee payment deadline for all registered students.

Late-payment period.

Last day for undergraduate, postbaccalaureate (fifth-year), and nonmatriculated students to drop a course, except for preemptory drops and hardship withdrawal.

Last day to hand-deliver an application for resident status to the Residence Classification Office, 320 Schmitz. Applications may be postmarked April 28 if mailed at the Terminal Annex at Third Avenue South and South Lander Street.

Last day for graduate students to drop a course

Credit by examination. Students must make arrangements with the Educational Assessment Center, 543-1170.

Memorial Day.

Last day of instruction.

Last day to withdraw from the University.

Final examinations.

Commencement.

Grades due by 9 a.m. at Grade Information Office, 248 Schmitz.

Winter Quarter 1981 Examination Schedule

The last day of instruction is Friday, March 13.

HOUR lecture session actually meets during quarter	Hour and day on which examination occurs, by days of class meeting in the week.

3:30 p.m.	2:30- 4:20	2:30- 4:20	4:30- 6:20	6:30- 8:20	Thursday March 19
4:30 p.m.	2:30- 4:20	2:30- 4:20	4:30- 6:20	6:30- 8:20	Friday March 20
EVENING CLASSES (5:30 or thereafter)	8-10 p.m. Thursday March 19	8-10 p.m. Monday March 16	8-10 p.m. Tuesday March 17	8-10 p.m. Wednesday March 18	
Make-ups Incomplete Removals Conflicts	When mutually agreeable to faculty members and students concerned, provided scheduled <i>no later than</i> Friday, March 20.				

Final examinations should be administered in accordance with the above examination schedule.

The dean may permit an instructor to change the time of a final examination upon prior application demonstrating good cause for such change. In such cases, the following guidelines shall be observed:

1. With the dean's permission, the final examination may be postponed or moved to an earlier time within the examination period if agreed to by all students and the instructor. Before approving the rescheduling of a final examination, the dean shall obtain assurances that the change will not have an undue adverse impact on the students. The dean shall notify the Registrar of the approval granted for changing the date of a final examination.
2. An instructor shall not, except in very unusual circumstances, grant permission to individual students for an early examination. If the student is unable to take an examination on the scheduled date, the procedure outlined in the following paragraph should be followed.
3. A student absent from any examination, or other required class activity, either by permission of the dean or through sickness or other unavoidable cause, shall be given an opportunity to complete the required work, or its equivalent, at some other time. If the instructor determines this is not feasible during the current quarter, the instructor shall exempt the student from

the requirement or give the student a grade of Incomplete if his or her work in the course is otherwise satisfactory. The student may remove this Incomplete in the manner provided for the removal of Incomplete grades. In all other cases of absence from the scheduled final examination, a student should be given a grade of 0.0.

4. Classes that meet on the hour use the first full hour of instruction to determine the time of examination. For example, a class that meets at 10 a.m. uses the 10:30 a.m. examination time.
5. Classes that begin on the half hour and last longer than one hour use the actual starting time to determine the examination time. For example, a class that meets at 7:30 a.m. and continues until 9:00 a.m. would use the 7:30 p.m. time.
6. Classes in which the entire class meets at the same hour every day, in the same room, may use that room at 8:30 a.m. or 2:30 p.m. for a three-hour examination. All other examinations are limited to one hour and fifty minutes unless other arrangements are made with Room Assignments.
7. If an examination is held at a time other than the above schedule indicates, instructors must check with Room Assignments to make sure that the room is going to be available.

Questions concerning the examination schedule should be directed to Room Assignments, 543-1080.

Spring Quarter 1981 Examination Schedule

The last day of instruction is Friday, June 5.

HOUR lecture session actually meets during quarter	Hour and day on which examination occurs, by days of class meeting in the week.				
	Meeting four times a week, or daily	MWF; MT; MW; MF; WF; MWTh; MTh	TTh; T; Th; TThF; MTTh; TW; TF; TWTh	M; W; F; S Meeting once a week	Day of Examination
7:30 a.m.	8:30-10:20	8:30-10:20	10:30-12:20	12:30- 2:20	Friday June 12

EVENING CLASSES (5:30 or thereafter)	8-10 p.m. Thursday June 11	8-10 p.m. Monday June 8	8-10 p.m. Tuesday June 9	8-10 p.m. Wednesday June 10	
Make-ups Incomplete Removals Conflicts	When mutually agreeable to faculty members and students concerned, provided scheduled <i>no later than</i> Friday, June 12.				

Final examinations should be administered in accordance with the above examination schedule.

The dean may permit an instructor to change the time of a final examination upon prior application demonstrating good cause for such change. In such cases, the following guidelines shall be observed:

1. With the dean's permission, the final examination may be postponed or moved to an earlier time within the examination period if agreed to by all students and the instructor. Before approving the rescheduling of a final examination, the dean shall obtain assurances that the change will not have an undue adverse impact on the students. The dean shall notify the Registrar of the approval granted for changing the date of a final examination.
2. An instructor shall not, except in very unusual circumstances, grant permission to individual students for an early examination. If the student is unable to take an examination on the scheduled date, the procedure outlined in the following paragraph should be followed.
3. A student absent from any examination, or other required class activity, either by permission of the dean or through sickness or other unavoidable cause, shall be given an opportunity to complete the required work, or its equivalent, at some other time. If the instructor determines this is not feasible during the current quarter, the instructor shall exempt the student from

the requirement or give the student a grade of Incomplete if his or her work in the course is otherwise satisfactory. The student may remove this Incomplete in the manner provided for the removal of Incomplete grades. In all other cases of absence from the scheduled final examination, a student should be given a grade of 0.0.

4. Classes that meet on the hour use the first full hour of instruction to determine the time of examination. For example, a class that meets at 10 a.m. uses the 10:30 a.m. examination time.
5. Classes that begin on the half hour and last longer than one hour use the actual starting time to determine the examination time. For example, a class that meets at 7:30 a.m. and continues until 9:00 a.m. would use the 7:30 p.m. time.
6. Classes in which the entire class meets at the same hour every day, in the same room, may use that room at 8:30 a.m. or 2:30 p.m. for a three-hour examination. All other examinations are limited to one hour and fifty minutes unless other arrangements are made with Room Assignments.
7. If an examination is held at a time other than the above schedule indicates, instructors must check with Room Assignments to make sure that the room is going to be available.

Questions concerning the examination schedule should be directed to Room Assignments, 543-1080.

GUIDE TO COURSE LISTINGS

The information published in the *Time Schedule* is subject to change. The instructor for a particular course may be changed, or the instructor may use assistants in teaching the course. Additionally, courses listed in this publication may be canceled in the event of insufficient enrollment.

Course, term, and section information is listed in the following columnar order:

Entry card required symbol (>>>), if appropriate

Schedule line number

Department

Course number

Term designation—if *a* or *b* term

Section designation

Section type—laboratory, quiz, or conference

Credits—listed with lecture section only; slash (/) means *or*; 2.5 means 2½ credits; hyphen (-) means *to*; VAR means variable credit and any number of credits may be elected (however, frac-

tional credit registration—e.g. ½ credit—cannot be processed for variable credit courses where the credit may vary from student to student in a single quarter).

Honors (H), Permission Required (#), or New Course (%), as appropriate

Day(s) of meeting (ARR means "to be arranged")

Time of meeting

Place of meeting (** means "to be arranged")

Course title and remarks—CR/NC ONLY means course offered for credit/no credit grading only

Name of instructor

NEW COURSES FOR SPRING QUARTER 1981

The following list includes new courses that will be offered Spring Quarter 1981, which were added to the University curriculum after publication of the 1980-82 *General Catalog*. Consult the appropriate academic department for information on courses not listed below.

COLLEGE OF ARTS AND SCIENCES

ANTHROPOLOGY

ANTH 424 Hunter-Gatherer Societies (3)

Comparative examination of human foraging societies, emphasizing ethnographic cases and socioecological analysis. Specific topics include hunting and human evolution, demography and spatial organization, foraging strategies, and aspects of social organization. Prerequisite: 202 or permission of instructor.

ANTH 534 Cultural Influences Upon Parenting (3)

Data from several cultures to compare cross-cultural similarities and differences in definitions of ideal parenting; socializations into a parent role; social support for and controls upon parenting. Analyses of additional effects of changes in ideology, technology, and demography upon cultural parenting roles. Offered jointly with NURS 534. Prerequisite: permission of instructor.

ART

Art History

ART H 317 Chadō: Japanese Esthetics (4)

History, theory, and practice of *chadō*, or "Way of Tea", a Zen-inspired art that has had notable effects on Japanese society. Lectures on esthetics and cultural history supplemented by participation in *chadō*, with the goal of developing sufficient understanding and skill to continue *chadō* as a discipline.

BIOLOGY

BIOL 112 Elementary Biology for Health Professions (1-4)

Field experience in a health profession. For EOP students only. Prerequisite: 111. (Last quarter offered: Sp 82)

BIOL 113 Biology Tutorial (1-3, max. 6)

Independent study. Topics related to material taken in 110, 111, and 112. For EOP students only. Prerequisite: permission of instructor. (Last quarter offered: A 81)

BOTANY

BOT 442 Paleobotany of Terrestrial Plants (5)

Morphology, evolution, and ecology of terrestrial plants and ecosystems, including plant-animal interactions, from a paleontological perspective. Prerequisites: 320 or 441.

BOT 465 Lichenology (5)

Structure, classification, and general biology of lichens. Emphasis on families and genera; local lichens will be collected and identified to species. Prerequisite: 320 or 360 or permission of instructor. (Offered alternate years.)

BOT 471 Plant Physiology (3)

Covers the same material as 371, but stresses biochemical approaches. Recommended for biology majors. Not open to students who have taken 371. Lectures only. Prerequisites: BIOL 101-102 or BIOL 211, and completion of or concurrent registration in organic chemistry.

CHEMISTRY

CHEM 532 Advanced Organic Chemistry (3)

Synthetic organic chemistry. Discussion of practical methods for the synthesis of complex organic molecules with an emphasis on synthetic strategy and the control of stereochemistry. Prerequisite: 531.

COMMUNICATIONS

CMU 358 TV News Reporting and Editing (5)

Preparation and presentation of news broadcasts, including reporting, scripting, and use of visuals. Prerequisites: 353 and 354.

CMU 471 National Systems of Broadcasting (3)

Each quarter the course will focus on a broadcast system of a different country, comparing origins, development, and present operation with the U.S. system. Consult advising office for schedule of topical offerings each quarter. Prerequisite: 150 and 214, or permission of instructor. Open to non-majors.

COMPARATIVE LITERATURE

C LIT 200 Introduction to Comparative Literature (5)

Reading, understanding, and enjoyment of literature from various countries, in different forms of expression (e.g., dramatic, lyric, narrative, rhetorical) and of representative periods. Emphasis on the comparative study of themes and motifs common to many literatures of the world.

C LIT 495 Honors Thesis (4)

Preparation of an Honors thesis under the direction and supervision of a faculty member. Prerequisite: 493 and permission of Honors adviser.

C LIT 516 Colloquium in Criticism (5)

Recent trends in literary criticism, taught by representatives from various literature departments, covering critical trends such as structuralism, post-structuralism, hermeneutics, reception theory, and sociological approaches to literature.

DRAMA

DRAMA 514 Design and Technical Theatre Colloquium (1, max. 9)

Discussion of work in progress or completed in production, centering on the conceptual work of the designer-director on the production and the methods of execution in the shops and on stage. Prerequisite: graduate standing in drama.

ENGLISH

ENGL 331 English Literature: The Romantic Age (5)

An age unified by great events and hopes, diverse in responses to them. Influenced by intellectual ferment and the French Revolution, some of its writers rejected old forms and proposed ambitious projects for man and for poetry. Others cultivated old forms under new conditions or laughed at the excesses of their contemporaries. Among its major poets and prose writers were Burke and Blake, Mary Shelley and Jane Austen, Wordsworth and Byron, Lamb and Carlyle.

ENGL 499 Honors Seminar (5, max. 10)

Seminar study of themes and topics offering special approaches to literature. Required of, and limited to, honors students.

GEOPHYSICS

GPYS 561 Seminar in Geological Fluid Mechanics (3)

Offered jointly with GEOL 561 and OCEAN 561. See course description in General Catalog.

HISTORY

HST 193 Introduction to World History, 1750-Present (5)

Tendencies toward uniformity caused by developmental focuses in the face of traditional patterns. Among them, ideology, urbanization, industrialization, nationalism, and others. Evolution of the conservation movement, including the development of the national park system, national forest system, and the emergence of the ecological perspective as exemplified in the works of noted figures in the movement.

HST 221 American Environmental History (5)

American attitudes toward the natural environment. The impact of settlement on the major natural regions of the U.S. Perceptions that were used to justify ecological disruptions. Evolution of the conservation movement, including the development of the national park system, national forest system, and the emergence of the ecological perspective as exemplified in the works of noted figures in the movement.

HST 305 European Witchcraft (5)

Witchcraft and magical beliefs in Europe considered as a problem in intellectual, social and legal history. Medieval background, systematization of witchcraft theory in fifteenth century; comparison of learned and popular beliefs; mechanisms of witch trials and inquisitorial procedure; the Faust legend; growth of skepticism and decline of witchcraft in seventeenth century.

History of the Americas

HSTAA 211 American Indian Wars (5)

Through lectures and weekly discussions of readings this course analyzes and describes the course of the Indian wars from the early seventeenth century to the late nineteenth century. Focus on military operations with attention to cultural differences and geopolitical considerations.

Modern European History

HSTEU 403 Seventeenth Century Europe (5)

Social, political, and intellectual changes in early modern Europe; corporate society and the "general crisis" of the seventeenth century; the decline of Spain; mercantilism and the rise of Dutch Republic; political/religious conflicts. Thirty Years War and English Civil War; absolutism in France under Richelieu, Mazarin, and Louis XIV; effects of warfare on society; scientific revolution and the new philosophies.

INTERNATIONAL STUDIES

SIS 201 Introduction to International Political Economy (5)

International political economy through the examination of major facets of the post-World War II era. Analyzes the new post-war economic order and its crises in the 1970s and 1980s, North-South relations, the post-war political order and its East-West rivalry.

SIS 332 Political Economy of International Trade and Finance (5)

Theories of mercantilism, free trade, and imperialism-dependency. Historical analysis to explore the causes and effects of the rise and decline of four major international trade and monetary regimes. Foundations and emerging features of the new international trade and monetary regime, and its implications for developing countries, Japan, the United States, and Western Europe.

SIS 431 Political Economy of Middle Eastern Petroleum (5)

Role of Middle Eastern oil exporting countries, international oil companies, and major oil consuming nations in determina-

tion of supply and demand in the world petroleum market. Impact of oil upon economies of petroleum exporting countries and the world economy.

SIS 456 State-Society Relations in Third World Countries (5)

Relations among political, social, and economic changes in Asia, Africa, and Latin America. Problems of economic and political development, revolution and reform, state-society relations, imperialism and dependency.

Comparative Religion

RELIG 203 Comparing Religions (5)

Comparative study of the world's major religious traditions. Major points of comparison: scripture, doctrine, ritual, religious community, the individual. Detailed investigation of a single theme in comparative perspective.

RELIG 310 Judaism from the Babylonian Exile to the Dead Sea Scrolls (5)

Religion of Israel from Babylonian Exile to the normative religion of the rabbis and transition from Israelite religion to Judaism. Includes revelation and covenant; prophets and authority; priests and the temple; emergence of 'sacred scripture', wisdom literature; Hellenism; apocalyptic and Messianic sects; the Dead Sea Scrolls; Roman rule and exile.

Korea Regional Studies

SISEA 439 Politics of Korea (5)

Korean politics in the twentieth century, treating political legacy of ancient regime, colonial period, Korean War, and the politics of North and South Korea. Comparative treatment of both Koreas in light of the Chinese and Japanese experience. Includes the American-Korea relationship. Offered jointly with POL S 439. Recommended: 210 or equivalent.

Russian and East European Regional Studies (Russian Program)

SISRE 415 Soviet Marxism (5)

Social and intellectual process leading to a Soviet variant of Marxism; reception of Marxism in Russia and the revolutionary movement formed in its wake. Relationship between the revolution and the major spokesmen for Soviet Marxism. Prerequisite: 401, 402, or 403.

MATHEMATICS

MATH 156 Application of Algebra to Business and Economics (5)

Use of graphs and algebraic functions as found in business and economics. Algebraic and graphical manipulations to solve problems. Exponential and logarithm functions; various applications to growth of money. Not open for credit to students who have taken 105. Prerequisites: one and a half years of high school algebra and qualifying test.

MUSIC

MUSIC 332 Music in Medieval and Renaissance Society (3)

Music from Gregorian chant to the end of the sixteenth century, as seen against a background of artistic, cultural, religious, and political change in Western Europe. Prerequisite: 120 or permission of instructor.

MUSIC 446 Advanced Studio Jazz Ensemble (2, max. 24)

Preparation and performance of material appropriate to large jazz ensemble concerts, clinics, radio and television broadcasts. Prerequisite: permission of instructor. Three quarters of 208 desirable.

MUSIC 449 Vocal and Dramatic Music of China (3)

Vocal and dramatic traditions of China from the earliest times to the present, including the relationship of music and language. Recommended: background in either Ethnomusicology or East Asian Studies.

MUSIC (continued)

MUSIC 475 Keyboard Harmony and Improvisation (3)

Baroque continuo realization, particularly the continuo lines for Bach cantatas, Haydn symphonies, and Mozart operas. Prerequisites: 321, 473, and 474, or permission of instructor.

MUSIC 556 Seminar in Musical Acoustics (3, max. 9)

Selected problems in acoustical measurement, electroacoustics, and musical instrument analysis. Prerequisite: 456, or permission of instructor.

Applied Music

MUSAP 136, 137, 138 Basic Keyboard (2,2,2)

Keyboard harmony and simple keyboard pieces. Class/private instruction. Prerequisite: student must know how to read notes (treble and bass clefs) for 136; 136 for 137; 137 for 138.

MUSAP 236, 237, 238 Secondary Piano (2,2,2)

Keyboard harmony, harmonization of melodies; lower-intermediate keyboard pieces. Class/private instruction. Prerequisite: 138 for 236; 236 for 237; 237 for 238.

MUSAP 239 Secondary Piano (2)

Intermediate-level keyboard repertory. Private instruction. Prerequisite: 238.

MUSAP 559 World Music Laboratory (3)

World music traditions taught by visiting artists with emphasis on cultural pedagogy and traditional theory. The culture to be studied will change from year to year. Required of all graduate students in ethnomusicology. Prerequisite: 459.

NUTRITIONAL SCIENCES AND TEXTILES

Textile Science and Costume Studies

TSCS 529 Advanced Woven Problems (5, max. 10)

Advanced techniques in designing for on-loom structures. Execution of creative design forms on fiber. Prerequisites: 329 and 429, or approved undergraduate preparation in textiles, art, or related disciplines.

OCEANOGRAPHY

OCEAN 522 Radiochemical Tracers and Ocean Mixing (3)

Distribution of natural and bomb produced radioactive tracers in the ocean. Application of models used to derive information concerning time scales of (1) gas transfer at the water atmosphere interface; (2) whole ocean, thermocline, and deep ocean water circulation; and (3) particulate settling in the marine environment. Knowledge of elementary differential equations suggested. Prerequisites: 401, 402, 421.

PHILOSOPHY

PHIL 419 Indian Theories of Consciousness (3)

Indian themes and theories in the philosophy of consciousness. Prerequisite: 286 or equivalent. (Offered Sp 81 only.)

POLITICAL SCIENCE

POL S.439 Politics of Korea (5)

Korean politics in the twentieth century, treating political legacy of ancient regime, colonial period, Korean War, and the politics of North and South Korea. Comparative treatment of both Koreas, in light of the Chinese and Japanese experience. Includes the American-Korea relationship. Offered jointly with SISEA 439. Recommended: SISEA 210 or equivalent.

POL S 512 Seminar in Political Theory II (5)

Core course in political theory. Major authors and moral-political issues in contemporary political theory with some focus on past theorists and history of political theory. Prerequisite: undergraduate coursework in political theory and permission of instructor.

POL S 551 American Politics II (5)

Core course in American government and politics. A systematic survey of the literature. Focuses on subnational politics. Prerequisites: undergraduate courses in American government and politics.

PSYCHOLOGY

PSYCH 495 Law, Social Psychology, and Public Policy (4)

Policy-oriented, interdisciplinary study of the uses and limits of social science in the law-making process on appeal and the fact-finding process at trial. Critical perspectives on the role of social science, especially social psychology, in adjudication. Instruction by use of case method, Socratic questioning, and discussion. Readings in judicial opinions, jurisprudential essays, and empirical research reports. Offered jointly with LAW 495. Prerequisites: juniors, seniors, and graduate students only.

ROMANCE LANGUAGES AND LITERATURE

Romance Languages and Literature

ROMAN 200 Classics in Romance Literature (5)

Representative masterpieces from Italian, Spanish, and French literature in English translation.

SLAVIC LANGUAGES AND LITERATURE

Russian

RUSS 455 Practicum in Russian Phonetics (2)

Individualized instruction to correct difficulties in pronunciation; practical work on the phonetics of rapid speech. Taught jointly by a linguist and a native speaker of Russian. Prerequisite: 351 or equivalent.

SOCIOLOGY

SOC 302 Great Issues (5)

Major social issues through lectures, panel debates, and readings. Issues vary from year to year but include topics relating to population, the environment, energy, welfare, inequality, education, religion, health, and justice. Issues discussed at world, national, community, and individual levels. Also focuses on selected social institutions such as family, business, the military, labor, and government.

SOC 360 Introduction to Social Stratification (5)

Social class and social inequality in American society. Status, power, authority, and unequal opportunity are examined in depth, using material from other societies to provide a comparative and historical perspective. Sociological origins of recurrent conflicts involving race, sex, poverty, and political ideology.

SOC 492 Sociology Senior Seminar (5)

Selected topics of contemporary interest, explored through a discussion group led by a sociologist active in the particular field. Prerequisite: major standing or permission of instructor.

STATISTICS

STAT 498 Special Topics (2-5, max. 15)

Reading and lecture course intended for special needs of students. (Offered when demand is sufficient.) Prerequisite: permission of instructor.

STATISTICS (continued)

STAT 499 Undergraduate Research (2-5, max. 15)

Prerequisite: permission of instructor.

SCHOOL OF BUSINESS ADMINISTRATION

ACCOUNTING

ACCTG 557 Tax Consulting, Planning, and Research (4)

Decision making processes in relation to problems of taxation are examined. Tools of tax analysis and research and the communication of conclusions flowing from professional tax work are developed. The role of the professional accountant in client business transactions and in negotiations with taxing authorities is highlighted and simulated on the basis of actual case histories. Prerequisites: undergraduate accounting concentration or equivalent.

ACCTG 558 Current Financial Accounting and Reporting Issues (4)

Develops professional-level ability to understand, analyze, and report upon selected political, economic, social, and legal dimensions of current financial accounting and reporting issues. Issues dealt with change from year to year. Prerequisite: undergraduate accounting concentration or equivalent.

INTERNATIONAL BUSINESS

I BUS 440 Business in Japan (4)

Prepares the student to face the problems of doing business in the Japanese market. The causes of economic growth in the post-war period are discussed, and Japanese business practices and institutions are examined. Japanese and U.S. marketing and investment strategies are discussed and evaluated. Available for graduates as a part of an International Business concentration. Prerequisite: 300 or 550 or permission of instructor.

QUANTITATIVE METHODS

Probability and Statistics

QMETH 529 Sample Survey Techniques (3)

Offered jointly with BIODS 529 and STAT 529. See course description in General Catalog.

SCHOOL OF DENTISTRY

DENTISTRY

DENT 425 Hospital Dentistry (1)

Formerly ODTP 425. See course description in General Catalog.

DENT 485 Hospital Rotation (2)

Formerly ODTP 485. See course description in General Catalog.

PROSTHODONTICS

PROS 584 Clinical Prosthodontics (2, max. 6)

Practical application of material covered in 560, 561 and 562.

COLLEGE OF EDUCATION

EDUCATIONAL ADMINISTRATION

EDADM 601 Internship (3-9, max. 9)

Offered on a credit/no credit basis only.

EDUCATIONAL CURRICULUM AND INSTRUCTION

EDC&I 568 Seminar on Instruction and Curriculum for Minority Youth (3)

Examines research related to curriculum and instruction for minority youth for purpose of preparing teachers, administrators, and other educators working with students who differ from mainstream students along such dimensions as value and motivational systems, learning styles, and socialization practices. Prerequisite: EDPY 513, 591, or permission of instructor.

EDC&I 601 Internship (3-9, max. 9)

Offered on a credit/no credit basis only. Prerequisite: graduate standing and permission based on approval of proposal submitted during the quarter preceding the internship.

HIGHER EDUCATION

EDHE 601 Internship (3-9, max. 9)

Offered on a credit/no credit basis only. Prerequisite: graduate standing and permission received at least one month prior to the beginning of the quarter in which the internship is taken.

SPECIAL EDUCATION

EDSPE 601 Internship (3-9, max. 9)

Prerequisite: graduate status, permission based on prearrangement of internship placement and approval by adviser.

COLLEGE OF ENGINEERING

ELECTRICAL ENGINEERING

E E 559 Special Topics in Electrical Energy Systems (1-5)

Topics of current interest in electrical power and energy devices and systems. Content varies from year to year, based on current professional interests of faculty member in charge. May be repeated for credit by permission. Prerequisite: permission of instructor.

MECHANICAL ENGINEERING

M E 424 Combustion Power Systems (3)

Combustion and furnace theory. Flame characteristics. Analysis and design practice: gas, oil, and coal-fired systems. Wood-fired combustors also considered. Corrosion and pollutant control addressed. Prerequisites: 323, 331, or permission of instructor.

M E 426 Solar Energy Engineering (3)

Introduction to the engineering design and analysis of systems directed toward the collection and utilization of solar energy. Fundamental principles of heat transfer, thermodynamics, and fluid mechanics are directed toward the analysis of collector and storage devices, and to the synthesis of such devices into energy delivery systems. Includes a limited examination of the availability of solar resources and of life cycle cost analysis of solar devices. Prerequisite: 311 or equivalent.

INTERDISCIPLINARY GRADUATE DEGREE PROGRAMS

DOCTOR OF ARTS

D ART 800 Doctoral Dissertation (*)

SCHOOL OF LAW

LAW 495 Law, Social Psychology, and Public Policy (4)

Policy-oriented, interdisciplinary study of the uses and limits of social science in the law-making process on appeal and the fact-finding process at trial. Critical perspectives on the roles of social science, especially social psychology, in adjudication. Instruction by use of case method, Socratic questioning, and discussion. Readings in judicial opinions, jurisprudential essays, and empirical research reports. Offered jointly with PSYCH 495.

SCHOOL OF MEDICINE

MEDICAL PRACTICE

MED P 601 P-Visiting Medical Student Clerkship (*, max. 24)

The School of Medicine accepts a limited number of students from other medical schools for individually designed clinical clerkships at the University of Washington. (Students are accepted only for clerkship sites available after all UW students are accommodated.) Prerequisites: completion of all preclinical work at the parent institution and certification from the Dean of that institution.

MICROBIOLOGY AND IMMUNOLOGY

MICRO 453 Pathogenic Microbiology (2)

Introduction to major groups of infectious agents affecting all sites of the human body, and to mechanisms and models of pathogenesis. Prerequisites: 301, or 400 and 441, or an equivalent background in general microbiology and immunology. For dental students or with permission of instructor.

PHARMACOLOGY

PHCOL 403 General Pharmacology III (4)

General pharmacology of drugs affecting the endocrine system and the central nervous system. For Pharmacy students and other undergraduates. Prerequisites: 401, 402, or permission of instructor.

PHCOL 513 General Pharmacology III (4)

General pharmacology of drugs affecting the endocrine system and the central nervous system. Emphasis on current research approaches to understanding the basic mechanisms of drug action. For graduate students. Prerequisites: 511, 512, or permission of instructor.

PHCOL 519 Introduction to Laboratory Research in Pharmacology (4)

Students become familiar with and assist in performance of research on ongoing projects in designated laboratories. Emphasis on currently employed methodology and techniques. For first-year graduate students in Pharmacology to provide a basis for future independent research.

PHCOL 531 Steroid Hormone Action (2)

An advanced discussion of hormone-receptor interactions, the structures of active genes, and the molecular events leading to altered gene expression in target tissues. Major emphasis on current research with steroid hormones. Open to medical and graduate students. Offered in odd-numbered years. Prerequisite: permission of instructor.

PSYCHIATRY AND BEHAVIORAL SCIENCES

PBSCI 685 P-Geriatric Psychiatry Clerkship (4, max. 12)

A two, four, or six week elective. Students will participate in the evaluation and care of older persons with psychopathology, such as intellectual impairment and depression, in a variety of settings, including UH, HMC, and the Seattle VA. Emphasis on improving clinical skills regarding diagnosis and treatment of common behavioral problems in the elderly. Prerequisite: 664, 665, or 666.

RADIATION ONCOLOGY

R ONC 506 Radiological Physics II (3)

Application of physical concepts methodology and instrumentation in the study, production, and mensuration of ionizing radiations and their interactions with biological materials. Offered jointly with RAD S 506. Prerequisite: permission of instructor.

R ONC 695 P-Clinical Cancer Management (*, max. 8)

Supervised participation in clinical management of the patient with cancer. Includes clinical evaluation, planning of treatment and follow-up examination of patients. Daily teaching conferences. Prerequisite: MED 665P or permission of instructor. (2 and/or 4 weeks.)

RADIOLOGY

RADGY 572 P-Physical Basis of Diagnostic Radiology (1)

Topics covered are: production of x-rays, spectra, design of x-ray systems, interactions of x-rays with matter, attenuation, filters, beam restrictors, grids, intensifying and fluoroscopic screens, x-ray film, film processing, the radiographic image, image intensifiers, cine and videotape systems, tomography, magnification, radiography, exposures to patients and personnel, xerography, receiver operating characteristics, image enhancement, field emission radiography, ultrasound and computerized tomography. Offered on a credit/no credit basis only. Prerequisite: resident physician standing, or permission of instructor.

SCHOOL OF PHARMACY

MEDICINAL CHEMISTRY

MEDCH 503 Advanced Medicinal Chemistry (4)

Advanced study of the various classes of medicinal compounds with particular emphasis in biological activity, mechanism of action, biotransformation, and the structural and physical properties governing absorption, distribution, and excretion. Prerequisite: permission of instructor.

PHARMACEUTICS

PCEUT 499 Undergraduate Research (*, max. 6)

Research problems in biopharmaceutics and clinical pharmacokinetics. Prerequisites: cumulative grade point average of 2.5 and permission of instructor.

PCEUT 520 Seminar (1, max. 5)

Graduate students attend seminars and make one formal presentation per year while in residence: 1 credit per year is allowed. Offered on a credit/no credit basis only.

PHARMACY (CONTINUED)

PHARMACEUTICS (continued)

PCEUT 583 Topics in Pharmaceutics (1, max. 15)

Discussion of pertinent articles from current literature and recent laboratory results. Offered on a credit/no credit basis only.

PCEUT 600 Independent Study or Research (*)

Offered on a credit/no credit basis only.

PCEUT 700 Master's Thesis (*)

Offered on a credit/no credit basis only.

PCEUT 800 Doctoral Dissertation (*)

Offered on a credit/no credit basis only.

PHARMACY PRACTICE

PHARM 301 Drugs and Your Health (3)

Addresses a broad range of health-related issues, emphasizing rational use of prescription and non-prescription medications. Consumer oriented approach allowing students to apply this information to real life situations. Topics include: general health care, how to use licit drugs and chemical substances appropriately, development of drugs, economic factors which impact upon health care, and use of self-help medications for a variety of conditions. Offered on a credit/no credit basis only.

PHARM 471 Externship in Institutional Practice (*, max. 15)

Closely supervised study-experience periods in hospital or other institutional pharmacies. Ordinarily, students rotate through two periods of five weeks each, and they participate in active pharmacy practice under the supervision of a preceptor. Conferences on selected topics supplement the work experience. Offered on a credit/no credit basis only. Prerequisite: permission of instructor.

PHARM 585 Advanced Clinical Pharmacy and Therapeutics III (5)

A lecture-discussion-demonstration format with extensive reading assignments for each topic. Basic assessment skills important to the advanced pharmacy practitioner, protocol development and implementation, neurological diseases, endocrine diseases, obstetrics and gynecology, pediatrics, and geriatrics are covered. Prerequisite: 584.

SCHOOL OF PUBLIC HEALTH AND COMMUNITY MEDICINE

ENVIRONMENTAL HEALTH

ENVH 556 Aerosol Instrumentation Lab (3)

Provides an introduction to methods and instrumentation which are available for particle sampling and analysis and their relative advantages, disadvantages, and limitations. Focuses on instrumentation currently used to collect and analyze particles for size, shape, and/or chemical composition. Students perform laboratory experiments demonstrating principles from lecture as applied to situations common to air pollution, cloud physics, and industrial hygiene. Prerequisite: 553 or CEWA 458, or permission of instructor.

PATHOBIOLOGY

PABIO 526 Protein Antigens (3)

Lecture and laboratory covering purification, characterization and quantitation of protein antigens from pathogenic microorganisms. Emphasis on the principles of the techniques and laboratory skills. Prerequisite: entry card. (Last quarter offered: Sp 83.)

PABIO 528 Biochemistry and Physiology of Parasites (3)

Review of ways in which pathogenic parasites (protozoa and helminths) of medical and veterinary importance acquire their necessary nutrients; generate and store energy; and metabolize carbohydrates, lipids, proteins, amino acids, and nucleic acids. Mechanisms of drug action studied. Involves lectures, group discussions of recent papers, and student seminars. Entry card required.

PABIO 583 Seminars on Frontier Membrane Research (1, max. 4)

Research seminars on structure and function of cell surface membranes are presented for postdoctoral fellows and graduate students. A detailed discussion on experimental design based on current topics of cell surface structure and function will be made among researchers in the Department of Pathobiology, and Division of Biochemical Oncology, Fred Hutchinson Cancer Research Center. This course can be regarded as advanced stage supplement to the membrane course 525.

INDEPENDENT STUDY THROUGH CORRESPONDENCE

The Office of Independent Study provides University courses for extension credit primarily by correspondence instruction to persons who wish individual instruction. Fees for Independent Study courses are separate from residence tuition and are \$23 per credit. Enrollment is not based on the quarter system but is continuous throughout the year, with one calendar year allowed to complete a course.

A regularly enrolled student who wishes to register for additional courses for Independent Study credit should consult his or her departmental adviser prior to enrolling in an Independent Study course. Applications and additional information on enrollment procedures may be obtained from the Independent Study office, 222 Lewis, or by telephoning 543-2350.

The following courses are currently offered by Independent Study (credits in parenthesis; * indicates variable credit, to be arranged by student and instructor).

COURSES REQUIRING PERMISSION (OTHER THAN ENTRY CARDS)

SPRING QUARTER 1981

In order to register for the following courses, the student must obtain permission from the person or office listed. Some departments, schools, or colleges have general permission requirements applicable to many courses. These requirements are also listed.

Note: A slash (/) between names indicates that either party may grant permission.

Abbreviations:
DEPT Permission required from a *member of the staff* of the department offering the course
DEPT ADV Permission required from an *advisor* in the department offering the course
INSTR Permission required from the *instructor* of the course
ASHP Permission required from the *Arts and Sciences Honors Program office*
HONORS ADV Permission required from the *Honors Program adviser* in the department offering the course
