Faculty/Adviser Version

Spring Quarter

PUBLISHED IN MID-YEAR SERIES '86-'87
© 1987 UNIVERSITY COMMUNICATIONS

Time Schedule

Spring Quarter 1987

Preregistration: February 5, 6, 9–13, 17–20

	Last day to register and receive highest priority
Freshmen (0-44 credits)	February 5, 6, 9, 10, 11
Seniors (135 credits)	February 11, 12
Graduate students	February 12, 13
Postbaccalaureate (fifth-year) students	February 13, 17
Juniors (90-134 credits)	February 17, 18
Sophomores (45-89 credits)	February 18, 19, 20

Class standing is based on the projected number of credits the student will have at the beginning of the next quarter. Faculty and staff using tuition exemptions may not preregister.

In-person registration (by appointment only)
Matriculated students: March 19, 20, 23, 24
Nonmatriculated students: March 25
Tuition-exempt faculty/staff: March 25
"Access" students: March 25

Students using wheelchairs or with other mobility limitations should proceed to 264 Schmitz to register or add/drop courses instead of Hutchinson Hall, which has stairway access only.

Summer Quarter 1987 Preregistration dates: April 30, May 1, 4–8
Autumn Quarter 1987 Preregistration dates: May 14, 15, 18–22, 26–29

SPRING QUARTER 1987 CALENDAR

REGISTRATION

PREREGISTRATION for all matriculated students in school Winter Quarter 1987.	**February 5, 6, 9–13, 17–20**
PROGRAMS OF STUDY mailed to preregistration participants.	**March 10**
IN-PERSON REGISTRATION APPOINTMENTS available at Window 8, second floor, Schmitz Hall, for continuing students who missed preregistration and for continuing non-matriculated students.	**February 23**
IN-PERSON REGISTRATION for matriculated students, by appointment only, Hutchinson Hall.*	**March 19, 20, 23, 24**
IN-PERSON REGISTRATION for nonmatriculated students, tuition-exempt faculty/staff, and "Access" students, by appointment only, Hutchinson Hall.*	**March 25**

CHANGE OF REGISTRATION

March 19, 20, 23–25
Hutchinson Hall*
All students by appointment only.
8:15 a.m.–4:00 p.m.
March 24, 30, 31, April 1–3
8:15–5:30 p.m.
Go to 225 Schmitz, Window 3 for appointments (8 a.m.–5 p.m. starting March 13).
Spring I.D. required.
No appointment required for S/NS, credit changes, dropping only, or adding courses with course entry cards.

March 30, 31, April 1–3
209 HUB
Engineering majors *only*.
8 a.m.–4:30 p.m.
No appointment required.

March 30, 31, April 1–3
T-wing Lobby
Dentistry, Medicine, Pharmacy, Public Health and Community Medicine, Nursing, Forest Resources, Ocean and Fishery Sciences, and the Department of Biology.
8 a.m.–4:30 p.m.
No appointment required.

March 30, 31, April 1–3
264 Schmitz
Graduate students only.
8 a.m.–4:30 p.m.
No appointment required.

Last day to change to or from S/NS grading.	**April 3**

ADDING/DROPPING COURSES OR UNIVERSITY WITHDRAWAL

Last day for official withdrawal from the University without owing tuition or fees.	**April 3**
Last day to add a course without instructor's permission.	**April 3**
Last day to add or drop a course without being assessed a $20 change fee.	**April 3**
Last day to drop a course without entry on transcript.	**April 10**
Last day for undergraduate, postbaccalaureate (fifth-year), and nonmatriculated students to drop a course, except for peremptory drops and hardship withdrawal.	**April 24**
Last day for graduate students to drop a course.	**May 15**
Last day to withdraw from the University (dropping all classes).	**June 5**

FEE PAYMENTS

Fee statements mailed to all registered students.	**April 6**
Fee payment deadline for all registered students.	**April 17**
Late-payment period (requires a $30 late-payment fee).	**April 20–24**
Thirtieth calendar day (see *Fee Forfeitures or Refunds* section).	**April 28**

APPLICATION DEADLINES

Last day to return approved applications for credit by examination, 207 Schmitz.	**April 10**
Applications for baccalaureate degrees for Spring Quarter 1987 for Arts and Sciences must be submitted to B10 Padelford.	**April 14**
Applications for baccalaureate degrees and certificates (all schools and colleges) to be conferred Spring Quarter 1987 must be submitted to Graduation Office, 207 Schmitz.	**April 17**
Credit by examination (students must make arrangements with the Educational Assessment Center, 543–1170).	**Fifth week of quarter**
Last day to hand-deliver an application for resident status to Residence Classification Office, 209 Schmitz. Applications must be postmarked April 29 if mailed at the Terminal Annex, Third Avenue South and South Lander Street.	**April 29**

GRADES

Grades for Spring Quarter 1987 mailed to students.	**June 22**

ACADEMIC CALENDAR

Instruction begins	**March 30**
Memorial Day Holiday	**May 25**
Last day of instruction	**June 5**
Final examinations	**June 8–12**
Commencement	**June 13**

For detailed information on calendar items, refer to Registration Instructions section.

*Not accessible to students with limited mobility. Go to 264 Schmitz.

GENERAL INFORMATION

It is the University's expectation that a student will follow University rules and regulations as they are stated in the *General Catalog*. In instances where no appeal procedure is spelled out and the student is persuaded that a special set of circumstances makes appeal reasonable, he or she may appeal the application of specific rules or regulations to the office of the dean of the school or college in which he or she is enrolled in the case of an academic matter, or to the Office of Student Affairs in the case of a nonacademic matter. These offices will either render a decision on the appeal or refer the student to the proper office for a decision.

GUARANTEED REGISTRATION ELIGIBILITY

University of Washington students who remain in good scholastic standing are guaranteed the opportunity to register each quarter as long as they maintain continuous enrollment (Summer Quarter excepted). Continuation must be in the same classification, e.g., undergraduate, postbaccalaureate (fifth-year), graduate, etc. Once a student earns a baccalaureate degree, he or she must apply for readmission as a postbaccalaureate (fifth-year), nonmatriculated, or graduate student. Exceptions to the guarantee are: (1) students under disciplinary action, (2) students with a financial hold, or (3) students not meeting their departmental continuation policies.

If an undergraduate does not enroll for one or more quarters, he or she must file an application for readmission, including payment of $25 application fee, with the Registrar's Office. A graduate student returning from "on leave" status must file an application for readmission but will not be charged the application fee. Information on admission closing dates is available at Window 3, second floor, Schmitz Hall, or by calling 543–5920.

FULL-TIME STUDENT REQUIREMENT

To be considered a full-time student, an undergraduate must register for 12 credits and a graduate student must register for 9 credits. The full-time registration requirement varies for different agencies. Information on full-time requirements of the Veterans Administration, Immigration and Naturalization Service, and Social Security Administration may be obtained at 460 Schmitz. Consult the Financial Aid Office for its requirement on satisfactory student progress.

NONMATRICULATED STUDENTS

Nonmatriculated students register March 25 and enroll only on a space-available basis. Because nonmatriculated students register after all other students, enrollment may be closed in the following areas: mathematics, English composition, beginning foreign languages (particularly French and Spanish), business, and art. Nonmatriculated students may participate in preregistration for the Summer Quarter.

TUITION-EXEMPT FACULTY/STAFF

With the approval of their department heads, regularly admitted full-time UW faculty and staff members who have been employed six months or more may take up to 6 credits per quarter under the tuition exemption program. According to legislative action, all registrations must be on a space-available basis after other students have registered. Members of the faculty and staff who wish to utilize the exemption may not preregister; registration may occur no earlier than the last day of the registration period. Faculty/staff who register before the last day will not be eligible to use a tuition exemption that quarter. Registration appointments are not required. New faculty/staff members who enroll must be officially admitted by the Office of Admissions by the regular admission closing date; February 1 is the closing date for Spring Quarter. Faculty/staff members who are former students returning either in the same classification or as nonmatriculated students should apply at the Registration Office, Window 8, second floor, Schmitz Hall.

Employees should present their approved tuition exemption cards at Sections, Hutchinson Hall, according to the schedule listed below. A $5 registration fee will be collected at the time of registration. The alphabetical priority will change each quarter. Regularly admitted faculty and staff members who are unable to meet this schedule may register late by paying $25 if registering by the tenth day of the quarter; $75 if registering after the tenth day of the quarter.

Spring Quarter Registration Date: March 25, 1987

Last names beginning with I–J–K (8–9 a.m.); L–M (9–10 a.m.); N–O–P (10–11 a.m.); Q–Z (11 a.m.–noon); A–B (noon–1 p.m.); C (1–2 p.m.); D–E–F (2–3 p.m.); G–H (3–4 p.m.); makeup (4–4:30 p.m.).

Tuition-exempt faculty/staff are not entitled to other student services such as those available at the Hall Health Center and the Intramural Activities Building. Therefore, UW student cards will not be issued to faculty and staff. Faculty/staff identification cards may be used for library services.

"ACCESS" PROGRAM FOR OLDER ADULTS

The University of Washington waives tuition for Washington residents sixty years or older who wish to attend classes as auditing students, on a space-available basis. The fee is $5, whether one or two courses are attended. As auditors, they do not receive credit and are not expected to do laboratory work or to take examinations. Students who attend the University under the Access program are limited to two courses per quarter. Registration may be made in person on March 25, between 8 a.m. and 2 p.m. at the Sections branch office, Hutchinson Hall. Interested students should proceed to the area marked *Access*. For additional information on mail-in registration or about the program in general, telephone Conference Management, 543–2300, between 8 a.m. and 5 p.m.

AUDITORS

Auditors, except Access program students, pay standard tuition and fees and must be regularly admitted and registered in the course. Although credits for audited courses will not be listed on the schedule of classes, they will be included in the billing on the fee statement. Such credits count in the calculation of fees.

Attendance in courses as an auditor is by consent of the instructor involved and is conditioned by the extent to which space is available. Permission to audit is ordinarily granted for lecture classes only. An auditor may not participate in class discussion or laboratory work, and his or her registration may be canceled at the discretion of the instructor.

No entry is made on the permanent record for courses audited. To receive credit for an audited course, the student must register for the class for credit in a subsequent quarter.

Auditors follow registration instructions below.

DISABLED STUDENTS

Various support services, including priority registration, are available to students with disabilities. Contact the Coordinator for Disabled Student Services, 482 Schmitz, 543–8924, for information on equipment, technical aids, and accommodations to meet individual needs. *Access: University of Washington*, a guidebook to buildings on the campus, and an accompanying map may be obtained from the office.

Hutchinson Hall registration or add/drop area is reached by a full flight of stairs, so wheelchair users and other students with mobility limitations should go to the Sections Office at 264 Schmitz. Students using this location need no Change of Registration Appointment Card (although those registering for the first time do need a registration appointment).

Students with disabilities who register for a science laboratory class should telephone the Coordinator, 543–8924, and the academic adviser of that department immediately to evaluate whether some accommodation of the facilities will be necessary.

ATHLETIC EVENTS

Students may purchase a Husky Football Season Pass at the Husky Ticket Office, 101 Graves, or at the HUB Ticket Office, for admission to the following athletic events: gymnastics, men's and women's basketball, baseball, track and field, and swimming. For additional information, telephone 543–2200.

REGISTRATION INSTRUCTIONS

ACADEMIC ADVISER

See an academic adviser to discuss your educational objectives and to learn the procedures involved in registering at the University. Have an idea of the courses you would like to take before seeing an adviser by reviewing the *General Catalog* and the quarterly *Time Schedule*.

PREREGISTRATION (Continuing Students Only)

1. Eligibility

Preregistration is reserved for all continuing students *except* tuition-exempt faculty/staff, older adults auditing under the Access program, and nonmatriculated students. These last three groups may register only during the last day of in-person registration (see Spring Quarter calendar).

Continuing students who withdraw during the first week of two consecutive quarters (Summer Quarter excepted) will not be eligible to register as continuing students for the third quarter. Such students must reapply as former students returning to the University.

2. Submitting the Preregistration Form

Mark-sense registration forms are available at advisory offices and at Registration Office, Window 3, second floor, Schmitz Hall. Please note that some courses listed in the *Time Schedule* have restricted enrollment and will require entry cards. Also, undergraduates will not be scheduled for more than 19 credits until the first day of the quarter. This is done to allow all students a chance to develop a basic program.

Students preregistering may turn in forms at:

a) Registration lobby, second floor, Schmitz Hall

b) B10 Padelford

c) Fourth-floor student lounge, T-wing, Health Sciences Building

3. If You Miss Preregistration

Obtain an in-person registration appointment and register by March 24 at Window 8, Schmitz Hall. After March 24 you will be required to register late and to pay a $25 late registration fee at the Registration Office, 225 Schmitz, if registering by the tenth day of the quarter; $75 after the tenth day of the quarter.

4. Schedule of Classes

All students who preregister will be scheduled by computer at one time. The scheduling priority is: freshmen, seniors, graduate students, postbaccalaureate (fifth-year), juniors, and sophomores. Schedules will be mailed March 10.

5. Registered Students

Students who preregister but are not scheduled into any courses are not considered registered students, and are not eligible for preregistration the following quarter. Students in this category must submit a Former Student Application for the next quarter they wish to attend the University.

IN-PERSON REGISTRATION (New and Returning Students)

1. Eligibility

In-person registration is primarily for newly admitted and returning former students. Continuing matriculated students who miss preregistration, tuition-exempt faculty/staff, older students in the Access program, and nonmatriculated students also register during in-person registration. All students, except Access students, must be admitted to the University and issued a registration appointment before attempting to register.

2. How to Register

On or before your registration appointment, obtain a *Time Schedule* and a Registration Instructions worksheet from your advisory office or from the Registration Office, second floor, Schmitz Hall. (These may also be obtained in the Hutchinson Hall registration area *while registration is in progress*.) Obtain permission and/or course entry cards (if required) as indicated in the *Time Schedule* before attempting to register. Once your registration is completed by the Sections staff, you are obligated for tuition and fee payment unless you officially withdraw by the fifth day of the term. Undergraduates will not be scheduled for more than 19 credits until the first day of the quarter to allow all students a chance to develop a basic program.

3. Submitting the Registration Form

a) New and returning former students register by appointment only on March 19, 20, 23, 24 at the sections branch office, Hutchinson Hall.

b) If you are a continuing matriculated student who did not preregister, you must obtain an in-person registration appointment and register by March 24. Continuing students who request in-person registration appointments and register after March 24 will be required to register late during the first ten days of school and pay a $25 late registration fee; after the first ten days of the quarter, a $75 late registration fee is assessed.

c) If you are registering March 19, 20, 23, 24, go to the Sections branch office, Hutchinson Hall, on the date and time indicated on your registration appointment. Students with a mobility disability must register in 264 Schmitz because there are stairs leading to the Hutchinson gymnasium.

d) Nonmatriculated students may register only on March 25. Appointments are available at Window 8, second floor, Schmitz Hall.

e) Tuition-exempt faculty/staff members and students in the Access program register only on March 25.

4. Schedule of Classes

a) If you register February 5, 6, 9–13, 17–20, your schedule of classes will be mailed to the address you indicate on the registration form. All students registering during this period are scheduled by computer at one time. The scheduling priority is: freshmen, seniors, graduate students, postbaccalaureate (fifth year) students, juniors, and sophomores. Schedules will be mailed March 10.

b) If you register March 19, 20, 23, 24, your courses will be scheduled while you wait and you will be given a copy of your completed program when you have finished registering.

ENTRY CARDS

Certain courses and sections require entry cards for registration. Students who request these courses (and/or sections) on their registration request forms will not be registered in the courses unless the requests are accompanied by entry cards. An entry card alone is not sufficient. The course and schedule line number (SLN on entry card) must also be requested on the mark-sense registration form. Obtain course entry cards for courses designated with the symbol >>> in the margin of the *Time Schedule*. Information on where to obtain entry cards is found in the body of the *Time Schedule*, either as a comment before the course listing or just after the title of the course.

LATE REGISTRATION

Students who register after the official registration period will be charged a $25 late registration fee if registering by the tenth day of the quarter; $75 after the tenth day of the quarter.

REGISTRATION CHANGES

1. Change Appointments and Late Fee

a) Changes to a student's program should be completed during the following change periods: March 19, 20, 23–25.

Appointments are not required to (1) drop a course, (2) change to or from S/NS or C/NC, (3) change variable credits or 4) add a class with a course entry card. Evening-only students do not need appointments for the 5–6:00 p.m. change period during the first week of the quarter. Graduate students do not need appointments during the first week at 264 Schmitz. A student who arrives more than a half-hour late will be required to make a new appointment. Wheelchair users and other students with mobility limitations should use the sections office at 264 Schmitz; no Change of Registration Appointment card is required.

Students will be expected to present Spring Quarter 1987 UW student identification cards when requesting appointments. No more than one change appointment will be issued to a student at a time.

Students in the schools/colleges of Medicine, Dentistry, Nursing, Pharmacy, Public Health and Community Medicine, Ocean and Fishery Sciences, and Forest Resources, and the Department of Biology may make changes during the first week of the quarter, without an appointment, in the fourth floor lobby of the T-wing, Health Sciences Building.

Engineering students may make changes without an appointment or register late with an appointment or register late with an appointment, in 209 A-B HUB, during the first week of the quarter.

Changes made after the official change period are restricted and, if permitted, cost $20 and may result in fee forfeiture (see item 3 of this section).

b) Undergraduates in the College of Arts and Sciences must have their adviser's signature to carry more than 22 credits; 30 credits is the limit per quarter.

2. Grades in Dropped Courses and Drop Restrictions

a) *Undergraduates*. Undergraduate students who drop courses after the change periods receive no entry on their academic record if

the drop is made during the first two weeks of the quarter, except if all courses are dropped then a university withdrawal date is entered. Drops made during the third and fourth weeks of the quarter will be recorded with a "W." No drops are permitted after the fourth week except a limited number may be dropped as determined by the number of credits earned at the University. While completing the first 44 credits at the University, a student has three drops permitted after the fourth week. Any of these three drops not used at the time 45 credits are earned are forfeited. After 45 credits have been completed at the University, the student earns one late drop for each 45 credits earned. These may be accumulated and used as necessary. No drops, other than hardship withdrawals may be made after the last day of instruction.

b) *Graduate Students*. Graduate students who drop courses after the first two weeks of the quarter receive a grade of "W." No drops are permitted after the seventh week of instruction.

c) Students may petition the Registrar for a hardship withdrawal after the regular drop deadline if: (1) the student is unable to complete the course in question because of a severe mental or physical disability, or (2) unusual or extenuating circumstances beyond the student's control prevented the student from dropping the course by the regular drop deadline. Petitions must be filed promptly after the occurrence of the event that gave rise to the need for dropping the course. Hardship withdrawals *are for dropping individual courses only*. See section on Withdrawal from the University for the procedure to follow for dropping *all* courses for the quarter; no petition is required.

3. Fee Forfeitures or Refunds

a) Students will be billed for the number of credits, including audit hours, on their programs at the end of the first week of the quarter. Only partial fee reductions will result for courses dropped after the first week of the quarter.

b) Students dropping courses after the first seven calendar days of the quarter and through the thirtieth calendar day of the quarter will be expected to pay one-half of the tuition and fees associated with that course. Example: An undergraduate originally registered for 5 credits. The fee for 5 credits is $270 (resident). The student then drops a 3-credit course in the second week of the quarter. The total number of credits for which the student remains registered is 2. Tuition and fees are due for the 2 credits ($111) and one-half the difference between 5 credits and 2 credits, in this case an additional $79.50. Total fees owed are $190.50. The student has been registered in the dropped course for more than one week and therefore must pay half the fees for the course.

c) Courses dropped after the thirtieth calendar day receive no refund. Example: A student is registered for a 3-credit course. The student drops that course after the thirtieth calendar day. No refund is available. If the student adds a different 3-credit course at the time the original 3-credit course is dropped, he or she will pay tuition and fees for 6 credits.

d) The effect of fee forfeitures on the over-18-credit surcharge is as follows: forfeitures for courses dropped that exceeded 18 credits are charged the same as in (b) and (c) above. Also, if a student drops a course after the thirtieth calendar day and adds another, an additional fee per credit will be charged as appropriate. Example: if a student is registered for 15 credits, drops one 5-credit course and then adds another 5-credit course, after the thirtieth calendar day, he or she will be charged for 20 credits although the student's class schedule will show only the 15 registered credits. As a result, he or she will pay for 2 credits above the 18-credit limit.

e) Drops become effective the date received in Sections.

4. Courses Added After the Official Change Period

a) As a general rule, no courses may be added after the official change period. Exceptional cases may be approved if both the instructor of the course and the dean of the student's college consent.

b) Courses audited may not be changed to a credit registration after the first two weeks of the quarter.

FEE PAYMENT

1. You should indicate your choice of permanent or local address on your mark-sense registration form for fee statement mailing. If you have not received a fee statement by the end of the second week of the quarter, contact the Student Accounts and Scholarships Office for the amount of tuition due.

2. You may pay your fees in person in the Student Accounts and Scholarships Office or mail them to UW, Student Accounts and Scholarships Office, 129 Schmitz, PE–10, Seattle, WA 98195, before the tuition due date. Fees must be paid by Friday of the third week of the quarter whether or not you have received a statement. Payments postmarked on or before the due date are accepted without a late fee. Metered mail received after the due date is subject to penalties as described in # 3 below.

3. If you fail to pay by the deadline you may continue to pay your fees, with a $30 late fee, for one week following the due date. If fees have not been received in the Student Accounts and Scholarships Office by this time, your registration will be cancelled. Students permitted to reregister after cancellation for nonpayment will be charged a $75 fee, in addition to their tuition.

4. If you reregister, you must reregister for all classes on your schedule at the time of registration cancellation. (Fees will include appropriate charges for classes dropped during the forfeiture period.) No reregistration will be possible after the last day of instruction. *Please note: Even if your registration is canceled you will continue to owe one-half your tuition and fees.*

5. Credit card checks are not accepted.

6. Tuition and fees not paid by the end of the academic quarter will be subject to an interest charge of 1% per month, or fraction of a month, (12% A.P.R.), beginning with the month following the end of the quarter.

Winter Quarter 1987
Quarterly Tuition and Fee Rates

Undergraduate *(including nonmatriculated and postbaccalaureate [fifth-year])*	*Resident*	*Nonresident*
Additional fee per credit for more than 18.	$ 48	$ 143
Full time (9-1/2–18 credits)	535	1,487

5 credits	483	1,223
4 credits	387	979
3 credits	291	735
2 credits	195	491

*Does not apply to J.D. candidates.
Fees are subject to change without notice.

Special Course and Laboratory Fees

The amounts charged for tuition and fees normally cover University charges for course registration. Some courses, however, have extraordinary expenses associated with them and in such cases the University may charge additional fees in amounts approximating the added instructional or laboratory costs.

CHANGE OF ADDRESS

If you change your address, be sure to complete a change of address form at the Registration Office. Forms are available at Window 3, second floor, Schmitz Hall. *You are responsible for notifying the Registrar's Office of any address change.*

STUDENT INSURANCE

UW students who remain registered through at least the first six days of instruction in the quarter are eligible to enroll in the student health insurance plan. The following students are not eligible:

1. Those enrolled only in programs administered by Continuing

Education or Conferences and Institutes, including but not limited to extension, correspondence, independent study, continuing studies, noncredit courses, or the Access program.

2. UW employees attending classes under the employee tuition exemption program.

Students who do not specifically request a particular student insurance plan or who do not specifically state they do not wish student insurance automatically will be enrolled and billed for *student only* medical, surgical, and hospital insurance.

If you are billed for student insurance and wish to cancel your coverage, complete the appropriate section on the remittance copy of the billing statement and pay the amount billed less the indicated amount for insurance. If you wish to change or add coverage, you may do so in person in the Student Accounts and Scholarships Office by the date tuition is due. Tuition/fees and the student health insurance premium must be paid in full by the due date to be eligible for health insurance.

International Students

International students must subscribe to the student insurance plan. Penalties for not paying insurance fees by the tuition due date are the same as tuition penalties under #3 of Fee Payment section. Exceptions may be granted by the International Services Office if the student presents proof of other medical insurance coverage. Students are responsible for obtaining a waiver each Autumn Quarter (or upon initial admission if other than Autumn Quarter), because waivers are valid only through Summer Quarter each year. Students holding insurance policies that expire during the academic year are responsible for obtaining new waiver cards, as necessary. Insurance waiver cards submitted during the late payment period require a $30 late fee. To be eligible for the student health insurance plan, the student must pay, in full, tuition, fees, and the student health insurance premium by the due date. International students who want coverage during the Summer Quarter and are not enrolled Summer Quarter must prepay the Summer Quarter premium during one of the preceding quarters.

WASHPIRG

An optional $2 fee is indicated on the fee statement for the Washington Public Interest Research Group, a student research organization. If you do not desire to support this activity, simply pay the regular tuition and fees. If you want to support WASHPIRG, pay the regular tuition and fees plus $2.

WASHINGTON STUDENT LOBBY (WSL)

An optional $1 fee is indicated on the fee statement for the Washington Student Lobby (WSL), a voluntary, independent organization of university students whose purpose is to influence the state legislative process on matters of special interest to students. Students not wishing to support this activity simply pay the regular tuition and fees. Students supporting WSL pay the regular tuition and fees plus $1.

WITHDRAWAL FROM THE UNIVERSITY (DROPPING ALL COURSES FOR THE QUARTER)

1. Obtain an approved withdrawal form from your adviser or from the Withdrawal Office.

2. Present the withdrawal form to the Withdrawal Office, Sections, 264 Schmitz, *Withdrawals are effective the date they are received in the Registrar's Office*. Fees owed will be based upon the date the withdrawal is received in the Registrar's Office. No withdrawals accepted after the last day of instruction, June 5.

Continuing students who withdraw during the first week of two consecutive quarters (Summer Quarter excepted) will not be eligible to register as continuing students for the third quarter. Such students must reapply as former students returning to the University. For example, a student who withdraws during the first week of Spring Quarter and Autumn Quarter must reapply as a returning former student for Winter Quarter.

3. Students are required to turn in their student I.D. cards when they withdraw and are not eligible to continue using University services or facilities after their withdrawal.

The forfeiture schedule for withdrawing from the University is as follows:

a) Students withdrawing before the sixth day of the quarter do not pay tuition or fees. New and returning students forfeit their $50 enrollment service fee.

b) Students withdrawing on the sixth day or through the thirtieth calendar day continue to owe one-half of their tuition and fees.

c) Students withdrawing after the thirtieth calendar day continue to owe full tuition and fees.

Students who were unable to turn in their withdrawal in time may petition the Comptroller's Office. Petition forms are available at the Student Accounts and Scholarships Office, 129 Schmitz.

Courses dropped as part of a University withdrawal completed during the first two weeks of a quarter receive no grade and no entry except date of withdrawal is made on the student's permanent academic record. Withdrawals completed after the first two weeks result in the courses being assigned a grade of "W."

GRADING SYSTEM

The University of Washington uses a numerical grading system with certain exceptions in the schools of Dentistry, Law, and Medicine. Instructors may report grades from 4.0 to 0.7 in 0.1 increments and the grade 0.0. The number 0.0 is assigned for failing work or unofficial withdrawal. Grades in the range 0.6 to 0.1 may not be assigned. Grades reported in this range will be converted by the Registrar's Office to 0.0 For graduate students, grades reported in the range 1.6–0.1 will be converted to 0.0; 100–200-level courses are excluded from credits earned and grade-point averages although such grades are recorded on the transcript; for 300-level courses and courses numbered 600, 601, 700, 750, and 800, grades are recorded and credit is allowed but grades are not included in the grade-point averages. Numerical grades may be considered equivalent to letter grades as follows:

Undergraduate/Graduate*

A	4.0–3.9	
A−	3.8–3.5	
B+	3.4–3.2	
B	3.1–2.9	
B−	2.8–2.5	
C+	2.4–2.2	
C	2.1–1.9	
C−	1.8–1.5	* Lowest grade earning credit
D+	1.4–1.2	for graduate students is 1.7.
D	1.1–0.9	
D−	0.8–0.7	Lowest passing grade for undergraduates.
E	0.0	Failure or Unofficial Withdrawal. No credit earned.

Additional information on grades and scholarship rules may be obtained from the Grade Information Office, 248 Schmitz.

Repeating Courses

With the approval of the academic department offering the course, an undergraduate student may repeat a course once. Both the original grade and the second grade will be computed in the student's grade-point average but credit will be allowed once. Students repeating courses should so indicate on their registration form.

The Grade of Incomplete

In order to obtain credit for a course in which an Incomplete has been awarded, an undergraduate student must complete the remaining work for the course by the last day of the following quarter. An Incomplete grade for a Spring Quarter course must be made up by the last day of Autumn Quarter or the Incomplete will be converted to a grade of 0.0 by the Registrar, unless the instructor has indicated when assigning the Incomplete grade that a grade other than 0.0 should be recorded if the incomplete work is not completed. This time limitation may be extended up to one year maximum with instructor approval. Such approval must be received by the Registrar's Office before the end of the next quarter.

A graduate student who receives an Incomplete must complete the remaining work for the course by the last day of the next quarter *in residence*. An Incomplete received by a graduate student does not automatically convert to 0.0 but remains an Incomplete if the course work is not completed. This time limitation may be waived by the dean of the college in which the course was offered only if the nature of the uncompleted work is such as to make the fulfillment of this requirement impossible. In no case can an Incomplete received by a graduate student be converted to a passing grade after a lapse of two years. The Incomplete grade entry remains on the record permanently. The final grade is posted under the quarter in which the final grade is received.

Incomplete grades may only be awarded if the student is doing satisfactory work up until the last two weeks of the quarter. Undergraduate students must not reregister for courses in which they have received an Incomplete. A grade earned in a repeat course will not be recorded as an incomplete conversion grade.

Satisfactory/Not Satisfactory

Students may elect to take certain courses on a Satisfactory/Not Satisfactory basis. Advisers should be consulted, and in no case are undergraduate students allowed to register for more than one course or 6 credits on a Satisfactory/Not Satisfactory basis in a given quarter. A course in which an "S" is earned may not be used to satisfy any department, college, or University requirement, except that the credits may be applied to the minimum of 180 credits required for graduation. Each instructor will report conventional grades to the Registrar, who will convert satisfactory grades (2.0 or greater) to "S," and unsatisfactory grades (less than 2.0) to "NS" for the student's transcript. No more than 25 S/NS credits will apply to an undergraduate degree. *S/NS must be elected during initial registration or added or dropped during the official change of program period.*

Graduate students earning grades of 2.7 or above receive a grade of S (Satisfactory), while 2.6 or below are recorded as NS (Not Satisfactory). With the approval of his or her graduate program adviser or Supervisory Committee Chairperson, a graduate student may elect to take any course for which he or she is eligible outside of his or her major academic unit on an S/NS basis.

In cases of withdrawal, the W is recorded. Neither S nor NS are included in the grade-point average, N, I, and X are recorded until the instructor reports the final grade, or in cases of incompletes received by undergraduates, until the I is converted by the Registrar.

Credit/No Credit-Only Courses

Some courses are offered on a CR/NC-only basis. It is not necessary to register S/NS to take these courses, because the only grades assigned by the instructor are CR (Credit) or NC (No Credit). Neither CR nor NC is included in the grade-point average. In cases of withdrawal a W is recorded. N, I, and X are recorded until the instructor reports the final grade, or in cases of Incompletes received by undergraduates, until the I is converted by the Registrar.

The University of Washington provides equal opportunity in education without regard to race, color, creed, religion, national origin, sex, sexual orientation, age, marital status, disability, or status as a disabled veteran or Vietnam era veteran in accordance with University of Washington policy and applicable federal and state statutes and regulations.

Spring Quarter 1987 Examination Schedule

The last day of instruction is Friday, June 5.

HOUR lecture session actually meets during quarter	Hour and day on which examination occurs, by days of class meeting in the week.				
	Meeting four times a week, or daily	MWF; MT; MW; MF; WF; MWTh; MTh	TTh; T; Th; TThF; MTTh; TW; TF; TWTh	M; W; F; S Meeting once a week	Day of examination
7:30 a.m.	8:30-10:20	8:30-10:20	10:30-12:20	12:30- 2:20	Friday June 12

2:30 p.m.	2:30- 4:20	2:30- 4:20	4:30- 6:20	6:30- 8:20	Tuesday June 9
3:30 p.m.	2:30- 4:20	2:30- 4:20	4:30- 6:20	6:30- 8:20	Thursday June 11
4:30 p.m.	2:30- 4:20	2:30- 4:20	4:30- 6:20	6:30- 8:20	Friday June 12
EVENING CLASSES (5:30 or thereafter)	8-10 p.m. Thursday June 11	8-10 p.m. Monday June 8	8-10 p.m. Tuesday June 9	8-10 p.m. Wednesday June 10	
Makeups Incomplete Removals Conflicts	When mutually agreeable to faculty members and students concerned, provided scheduled *no later than* Friday, June 12.				

Final examinations should be administered in accordance with the above examination schedule.

The dean may permit an instructor to change the time of a final examination upon prior application demonstrating good cause for such change. In such cases, the following guidelines shall be observed:

1. With the dean's permission, the final examination may be postponed or moved to an earlier time within the examination period if agreed to by all students and the instructor. Before approving the rescheduling of a final examination, the dean shall obtain assurances that the change will not have an undue adverse impact on the students. The dean shall notify the Registrar of the approval granted for changing the date of a final examination.

2. An instructor shall not, except in very unusual circumstances, grant permission to individual students for an early examination. If the student is unable to take an examination on the scheduled date, the procedure outlined in the following paragraph should be followed.

3. A student absent from any examination through sickness or other cause, judged by the instructor to be unavoidable, shall be given an opportunity to take a rescheduled examination or perform work judged by the instructor to be the equivalent. If the instructor determines that neither alternative is feasible during the current quarter, the instructor may exempt the student from the requirement. Examples of unavoidable cause include death or serious illness in the immediate family, illness of the student, and, provided previous notification is given, observance of regularly scheduled religious obligations.

4. Classes that meet on the hour use the first full hour of instruction to determine the time of examination. For example, a class that meets at 10 a.m. uses the 10:30 a.m. examination time.

5. Classes that begin on the half hour and last longer than one hour use the actual starting time to determine the examination time. For example, a class that meets at 7:30 a.m. and continues until 9:00 a.m. would use the 7:30 a.m. time.

6. Classes in which the entire class meets at the same hour every day, in the same room, may use that room at 8:30 a.m. or 2:30 p.m. for a three-hour examination. All other examinations are limited to one hour and fifty minutes unless other arrangements are made with Room Assignments.

7. If an examination is held at a time other than the above schedule indicates, instructors must check with Room Assignments to make sure that the room is going to be available.

Questions concerning the examination schedule should be directed to Room Assignments, 543–1080.

GUIDE TO COURSE LISTINGS

The information published in the *Time Schedule* is subject to change. The instructor for a particular course may be changed, or the instructor may use assistants in teaching the course and courses may not meet each day listed. Additionally, courses listed in this publication may be canceled in the event of insufficient enrollment.

Course, term, and section information is listed in the following columnar order:
Entry card required symbol (>>>), if appropriate
Schedule line number
Department
Course number
Term designation—if *a* or *b* term
Section designation
Section type—laboratory, quiz, or conference
Credits—listed with lecture section only; slash (/) means *or;* 2.5 means 2½ credits; hyphen (-) means *to;* VAR means variable credit and any number of credits may be elected (however, fractional credit registration—e.g., ½ credit—cannot be processed for variable credit courses where the credit may vary from student to student in a single quarter)
Honors (H), Permission Required (#), or New Course (%), as appropriate
Writing Course meeting University requirement (W)
Day(s) of meeting (ARR means "to be arranged")
Time of meeting
Place of meeting (** means "to be arranged")
Course title and remarks—CR/NC ONLY means course offered for credit/no credit grading only
Name of instructor
Classes taught in the same classroom at the same time—students register and receive credit for one course only (example: ARAB 312 with ARAB 472)

NEW COURSES FOR SPRING 1987

The following list includes new courses that will be offered Spring Quarter 1987, which were added to the University curriculum after publication of the 1986-88 General Catalog. Consult the appropriate academic department for information on courses not listed below.

COLLEGE OF ARCHITECTURE AND URBAN PLANNING

ARCHITECTURE

ARCH 460 DESIGN THEORY AND ANALYSIS (3)

Problematical nature of philosophies of architecture; interaction of philosophical concepts and architectural form and expression. Fundamentals of architectural criticism.

COLLEGE OF ARTS AND SCIENCES

APPLIED MATHEMATICS

AMATH 516 NUMERICAL OPTIMIZATION (3)

Joint with MATH 516. See Mathematics for description.

AMATH 518 TOPICS IN APPLIED OPTIMIZATION (3)

Problems and techniques in special areas of optimization, such as engineering design, resource management, stochastic programming, games, variational inequalities, and parameter identification in mathematical modeling. Joint with MATH 518. Prerequisite: 515 or permission of instructor. (Offered odd-numbered years.)

ASIAN LANGUAGES AND LITERATURE

INDIAN

INDN 404 READINGS IN URDU LITERATURE (3, MAX. 18)

Readings in Urdu prose and poetry. Urdu prose composition. Prerequisite: 403 or equivalent.

BOTANY

BOT 451 PLANT POPULATION ECOLOGY (3)

Analysis of natural plant populations in an evolutionary framework. Demography, population growth, life history strategies, reproduction, and breeding systems. Effects of competitors, herbivores, and pathogens. Relationship of theory to empirical observations and tests of hypotheses. Prerequisite: permission of instructor.

COMMUNICATIONS

CMU 425 ADVANCED JOURNALISM METHODS (5, MAX. 10)

Reporting regional trends; analyzing and using aggregate data; news planning. Prerequisites: 322 and 328 or permission of instructor.

CMU 503 RESEARCH METHODS (5)

Introduces and compares basic methods of research in communications.

DRAMA

DRAMA 441 BEGINNING PLAYWRITING (5, MAX. 10)

Writing exercises and drafts of a one-act play provide students with first experience in writing for performance. Readings of representative one-act plays introduce genres and writing styles. Prerequisites: 253 or 353; and 210,211, 212; or practical theatre experience.

DRAMA 442 INTERMEDIATE PLAYWRITING (5, MAX. 10)

Two one-act plays rewritten for rehearsed reading. Readings of selected one-act plays address specific problems of playwright's craft. Prerequisite: 441; or practical theatre experience.

DRAMA 454 PROJECTS IN ACTING (3, MAX. 9)

Rehearsal and classroom performance of dramatic literature of various periods and styles. Prerequisite: audition.

DRAMA 541 GRADUATE PLAYWRITING SEMINAR I (3-6, MAX. 18)

Workshop for development of new plays. Graduate playwriting students develop one-act and full-length plays, continuing through rewriting until ready for public reading. Readings of representative contemporary full-length plays address specific problems of playwright's crafting.

ECONOMICS

ECON 546 HEALTH ECONOMICS (3)

Topics include: theoretical and empirical models of the demand for health and health care; supply of health care from physicians and hospitals; government programs that subsidize health care; occupational health; cost-benefit analyses of preventive health care and new medical technologies. Prerequisites: graduate level microeconomics, HSERV 550, or permission of instructor.

GENERAL AND INTERDISCIPLINARY STUDIES

GIS 250 CONTEMPORARY ISSUES IN COLLEGIATE SPORTS (5)

Survey of the contemporary issues in collegiate sports arising from the impact of sports on the society, the academic community, and the athletes. Issues cover competition, drugs, gambling, ethics, recruiting, racism, and women in sports. (Last quarter offered, Sp 87)

GEOGRAPHY

GEOG 430 CONTEMPORARY DEVELOPMENT ISSUES IN LATIN AMERICA (5)

Contemporary development issues in Latin America, seen from a spatial perspective. Understanding the concept of development; assessment of competing theories as related to various Latin American states. Special attention to economic structural transformation, migration, urbanization, regional inequality, and related policies.

INTERNATIONAL STUDIES

COMPARATIVE RELIGION

RELIG 428 MODERN CHRISTIAN THEOLOGY (5)

Modern Protestant and Catholic thought since the nineteenth century: Kierkegaard, Barth, Bultmann, Rahner, Lonergan, and other major figures. Recommended: 301.

MIDDLE EASTERN STUDIES

SISME 432 THE MIDDLE EAST AND THE WORLD ECONOMY (5)

Early nineteenth century to the 1980s. Production and export of agriculture and raw materials, extension of loans and investments by Europeans, commercial exploitation and export of oil as major phases of economic interaction. Examines these phases and their political repercussions; assesses their significance and consequences.

LINGUISTICS

LING 481 INTRODUCTION TO MORPHOLOGY (4)

The structure of words and the processes by which they are formed. Attention to morphological processes in a wide variety of languages. Prerequisites: 451,461.

MATHEMATICS

MATH 516 NUMERICAL OPTIMIZATION (3)

Methods of solving optimization problems in finitely many variables, with or without constraints. Steepest descent, quasi-Newton methods. Quadratic programming and complementarity. Exact penalty methods, multiplier methods. Sequential quadratic programming. Cutting planes and nonsmooth optimization. Joint with AMATH 516. Prerequisite: 515.

MATH 518 TOPICS IN APPLIED OPTIMIZATION (3)

Joint with AMATH 518. See Applied Mathematics for description.

MUSIC

MUSIC 545 PRECEPTORIAL READINGS IN SYSTEMATIC MUSICOLOGY III (3)

Examines the significant research literature on acoustical, psychological, and social systems operating in music.

NEAR EASTERN LANGUAGES AND CIVILIZATION

N E 260 THE MIDDLE EAST IN FILM (3)

Surveys the cinema of Egypt, Iran, Israel, Turkey, and other Middle Eastern nations; compares and contrasts the films with Middle Eastern literature from the twentieth century. Both films and literature illustrate how Middle Easterners view the world: their concepts of self versus society, religion, art, and politics.

PHYSICS

PHYS 228 ELEMENTARY MATHEMATICAL PHYSICS (3)

Applications of mathematics in physics with emphasis on the mechanics of particles and continuous systems. Prerequisites: 123 and MATH 238.

POLITICAL SCIENCE

POL S 356 SOCIETY AND POLITICS (5)

Joint with SOC 356. See Sociology for description.

PSYCHOLOGY

PSYCH 402 INFANT BEHAVIOR AND DEVELOPMENT (3/5)

Intensive examination of psychological development in the first two years of life. Discusses basic and advanced techniques for assessing psychological development in infancy. Critically examines classic theories of human infancy and a wide range of new experiments about infant behavior and development. Prerequisite: upper-division or graduate standing.

SOCIOLOGY

SOC 356 SOCIETY AND POLITICS (5)

Focus on the causes of political change in democratic countries, including public opinion, social movements, interest group activity, and party organization. Joint with POL S 356.

SCHOOL OF BUSINESS ADMINISTRATION

B A 371 COOPERATIVE EDUCATION IN BUSINESS (2, MAX. 6)

Business practicum: one or two quarter internship with approved business or government agency. Open only to students who meet requirements of the internship program. Internship credit may not be applied to fulfill specific requirements or to 180 credits required for graduation. Credit/no credit only.

SCHOOL OF DENTISTRY

ORAL BIOLOGY

ORALB 540P P-CPC: ORAL BIOLOGY (2)

Seminar stressing the basic science aspects and clinical findings of various oral lesions through the exploration of etiology, pathogenesis, histopathology, and treatment modalities for oral pathology cases drawn from Oral Pathology's files.

ORAL MEDICINE

ORALM 404 CONSIDERATIONS IN CARE OF THE PATIENT WITH A DISABILITY (*, MAX. 6)

Topics relating to the role of auxiliaries in dental treatment of the special patient including psychosocial issues, communication techniques, wheelchair transfers; dental prevention, medical and dental management of specific disabilities; drug therapy, sedation and anesthesia. Prerequisite: permission of instructor.

ORALM 460 CLINICAL MANAGEMENT OF PATIENTS WITH DISABILITIES (*, MAX. 10)

Participation in chair/bedside dental treatment of a broad range of disabled populations, including homebound and institutionalized patients. Prerequisites: 404 and permission of instructor.

COLLEGE OF EDUCATION

INDEPENDENT STUDY, RESEARCH, AND FIELD EXPERIENCES

EDUC 423 EDUCATING DIVERSE GROUPS (3)

Provides background information on socioethnic/cultural diversity in United States; its impact on decision-making in school structure, school programming, administration. Socioeconomic, ethnic minority, women, handicapped groups. Emphasizes educational implications of discrimination based on gender, race, ethnicity, social class, and handicapping conditions. Prerequisite: admission to Teacher Education Program or teaching experience.

EDUCATIONAL CURRICULUM AND INSTRUCTION

EDC&I 550 EDUCATIONAL TECHNOLOGY RESEARCH (3)

Analysis, critique, and practical experience with research studies of all types (experimental, ethnographic, evaluation) concerning questions of interest to educational technologists. Prerequisites: 480, a research methods course; or permission of instructor.

EDC&I 582 SEMINAR ON INSTRUCTIONAL SYSTEMS DEVELOPMENT (3)

Critical analysis of processes involved in the development of instructional systems. Prerequisites: 481, concurrent registration in 601; or permission of instructor.

SPECIAL EDUCATION

EDSPE 563 PARENT-HANDICAPPED INFANT TRANSACTIONS (3)

Designed to provide students with information on the adjustment of parents to the birth of a handicapped infant, on the transactions that occur between parents and their infant, and procedures to facilitate the infant's development through these interactions.

COLLEGE OF ENGINEERING

CORE COURSES

ENGR 275 FUNDAMENTALS OF COMPUTER OPERATION AND ORGANIZATION (4)

Organization and operation of digital computers. Representation of information, instruction formats, addressing, flow of control, processor and system components, and software systems. The digital computer studied at various levels (microprogramming, machine, and system). Prerequisite: 141.

ENGR 280 INTRODUCTION TO SYSTEM ENGINEERING (4)

Applied general systems theory is presented as a framework for system engineering. Concepts of system hierarchies, tradeoffs, and feedback all applied in two team oriented projects. Prerequisite: 141.

ENGR 493 SYSTEM ENGINEERING PROJECT (3)

System engineering project course to develop requirements and specification and management systems for system development. Integration of simulation optimization, control, and decision theory methods to the system engineering of large complex projects. Prerequisites: senior standing and permission of instructor.

CIVIL ENGINEERING

ENVIRONMENTAL ENGINEERING AND SCIENCE

CEWA 471 HAZARDOUS WASTES ENGINEERING (3)

Classification of hazardous wastes; resource conservation, Recovery Act regulations; superfund; groundwater contamination, solutions. Hazardous waste site remedial action; case histories; sampling; landfill design. Stabilization and processing technologies including incineration, carbon adsorption, emerging techinques. Risk assessment analysis, siting problems for hazardous waste facilities. Prerequisite: CIVE 351 or permission of instructor.

ELECTRICAL ENGINEERING

E E 370 INTRODUCTION TO DIGITAL SYSTEMS AND COMPUTERS (4)

Introductory course in digital logic, Boolean algebra, combinational and sequential circuits, design and operation of digital computers including ALU, memory, I/O, and control. Computer operation and organization including instruction formats, addressing, and stacks.

E E 375 DISCRETE MATHEMATICS FOR COMPUTER EINGEERING (3)

Symbolic logic, set theory, algebraic structures, groups and formal languages, graphs, lattices and Boolean algebra, finite fields, and computability with computer engineering applications.

E E 536 VLSI LAYOUT (3)

VLSI layout methodologies are covered. All MOS design styles and software tools available for layout are taught along with students' project work in the laboratory. The students' projects are fabricated and tested in subsequent classes. Minor emphasis on ECL and GaAs layout techniques. Prerequisite: 535 or equivalent.

E E 566 COMPUTER-COMMUNICATION NETWORKS II (3)

Computer-communication network concepts and principles; queueing systems and applications; network architectures and protocols; modeling, performance analysis, and design of terrestrial networks; multiaccess techniques; satellite, ground-radio, and local area networks. Prerequisite: 565.

E E 579 ADVANCED TOPICS IN ELECTROMAGNETICS, OPTICS, AND ACOUSTICS (1-5)

Topics of current interest in electromagnetics, optics, and acoustics. Content varies from year to year, based on current professional interests of faculty member in charge. May be repeated for credit by permission. Prerequisite: permission of instructor.

SCIENTIFIC AND TECHNICAL COMMUNICATION

STC 515 HUMAN/MACHINE COMMUNICATION (3)

Relationship between formal and natural communication systems. Impact of work in artificial intelligence, natural language pro-cessing, computer simulation of cognitive processes, and other formal studies of human communication on the field of scientific and technical communication. Pre-requisites: 505, 510; or permission of instructor.

STC 520 PUBLICATION MANAGEMENT (3)

Management of technical publications and information systems: identifying roles of communication in organizational systems; defining internal, external organizational communication needs; designing a publications unit including planning, organizing, staffing, directing, controlling, evaluating (performance, product). Emphasizes industrial, governmental publishing; periodical publishing; consulting and specialized contract services. Prerequisite: 510 or permission of instructor.

STC 598 SPECIAL TOPICS (1-5, MAX. 6)

Prerequisite: permission of instructor.

STC 599 SPECIAL PROJECTS (1-4)

Written report required. Prerequisite: permission of program director.

STC 600 INDEPENDENT STUDY OR RESEARCH (*)

Written report required. Prerequisite: permission of program director.

STC 700 MASTER'S THESIS (*)

Prerequisite: Permission of the advisor.

COLLEGE OF FOREST RESOURCES

BIOLOGICAL SCIENCES

FOR B 525 TREE PHYSIOLOGY II - STRESS (4)

Review of principles and examples of stress physiology, concentrating on processses impacted and mechanisms of resistance. Stress and stress resistance are defined and the following examples examined: high/low temperature, radiation, anoxia, and pollutants. Prerequisite: 524 or equivalent.

FOR B 563 STRUCTURE AND FUNCTION OF FOREST ECOSYSTEMS (5)

Behavior of forest ecosystems: carbon, nutrient and hydrologic cycling; factors controlling paths and flow rates of materials; contrasts in ecosystem structure and function among forest types. (Last quarter offered: Sp 87)

PHYSICAL SCIENCES

FOR P 411 SPECIFICATIONS AND MANUFACTURE OF SOLID WOOD PRODUCTS - II (4)

Unit operations of composite products industries based on chip or fibers as raw materials. Examine important secondary manufacturing industries such as prefabricated housing, furniture, laminated beams, pallets. Become familiar with measurement and grading systems for raw materials and finished products. Lab includes visits to representative manufacturers. Prerequisite: 410 or permission of instructor. (Last quarter offered: Sp 87)

FOR P 417 HILLSLOPE STABILITY AND LAND USE (3)

The effects of land management, especially forest land management, on slope stability are discussed. Practices discussed include forest harvesting, road construction, and species conversion. Slope stability is analyzed on both large (landscape) and small (hillslope) spatial scales. Prerequisites: 343, 415 or equivalent. (Last quarter offered: Sp 87)

INTERSCHOOL/INTERCOLLEGE PROGRAMS

QUANTITATIVE SCIENCE

Q SCI 597 SEMINAR IN QUANTITATIVE ECOLOGY (1, MAX. 9)

Lectures and discussions of current problems in quantitative ecology.

UNIVERSITY CONJOINT

UCONJ 503 INTERNATIONAL HEALTH EDUCATION (1)

Weekly two-hour seminar provides in-depth and concrete preparation for international health work, involving extensive use of case studies, a problem-solving format, and time for teaching practical skills and tools relevant to clinical, epidemiological, and laboratory needs. Each seminar prepared and presented by a faculty/student team.

UCONJ 524 DEVELOPMENTAL NEUROBIOLOGY (3)

Survey of issues in developmental neurobiology, neurogenesis and differentiation; electrophysiological, morphological and neurochemical phenotype; neuronal pathways and synaptic contacts; cellular and synaptic plasticity; and their molecular biological, morphological, electrophysiological, and behavioral approaches. Prerequisite: courses and/or background in neurophysiology, neuroanatomy, molecular neurobiology.

LIBRARY AND INFORMATION SCIENCE

LIBR 566 SPECIAL LIBRARIANSHIP (3)

Seminar in the practice of special librarianship in business and industrial firms, government agencies, and in the freelance sector. Emphasis on user services and information resources. Prerequisites: 24 credits in M.Libr. program.

LIBR 585 INFORMATION IN THE PUBLIC POLICYMAKING PROCESS (3)

Demystifying information base for policymaking in a democracy. Review of theoretical needs and opportunities for input of information associated with three branches of government and each phase of policymaking. Focus on actors who bring information to policymakers. Federal, state, and local comparisons. Joint with PB AF 581. Prerequisite: 500 or permission of instructor.

SCHOOL OF MEDICINE

BIOLOGICAL STRUCTURE

B STR 561 NEUROANATOMICAL TECHNIQUES LABORATORIES (*, MAX. 4)

Detailed training in modern neuroanatomical techniques provided in laboratories of departmental faculty to individual students. Discussion of literature related to that method expected. Prerequisites: 560 and permission of instructor.

BIOMEDICAL HISTORY

BI HS 424 MODERN BIOLOGY IN HISTORICAL PERSPECTIVE (3)

Two diverse traditions of biology, natural history and physiology, in their nineteenth century development and their subsequent merging after Darwin's evolution theory. Examines the emergence of specialty areas in biology after the beginning of the twentieth century. Prerequisite: senior standing or permission of instructor.

MICROBIOLOGY

MICRO 522 CURRENT RESEARCH IN MICROBIOLOGY (1)

Weekly student and faculty seminar presentations based on the current literature. May be repeated for credit. Prerequisite: graduate standing in microbiology

REHABILITATION MEDICINE

REHAB 518 RESEARCH SEMINAR ON HANDICAPPED INFANTS (3)

Introduces students to recent research relating to early identification and intervention of handicapped children. Emphasis on the critical evaluation of published articles in the areas of early identification and intervention. Prerequisite: clinical experience or coursework related to handicapped infants.

RESEARCH IN MEDICAL EDUCATION

MEDED 522 RESEARCH IN MEDICAL EDUCATION (2)

Basic overview of research methods and research design pertinent to educational research in medical education. Focus on development and sequencing of research projects from conceptualization through literature review, proposal development, project implementation, data management, analysis, and write-up. Critical reading of related literature stressed.

OPHTHALMOLOGY

OPHTH 501P OPHTHALMOLOGY PRECEPTORSHIP (1)

Individualized experiences with one or more of the full-time faculty members of the department covering research, teaching, and patient care. Student observes activities in the clinic, hospital ward, operating room, and research laboratories. Prerequisites: first- and second-year medical students only; permission of instructor.

SURGERY

SURG 505P P-PRECEPTORSHIP IN SURGERY (1)

Opportunity for first- and second-year medical students to gain personal experience with clinical faculty members in the community. Students observe general aspects of private practice, including clinical problems seen; practice limitation; doctor/doctor, doctor/patient, and doctor/nurse relationships in the office and hospital. Prerequisite: permission of the department.

SCHOOL OF NURSING

PARENT AND CHILD NURSING

PCN 512 ADVANCED PRACTICUM IN PERINATAL NURSING I (2-10)

Clinical practicum/seminar provides opportunity to develop expertise in nursing care of childbearing family. Opportunities for developing proficiency in comprehensive nursing assessment, prescription, implementation, and evaluation of nursing therapies in collaboration with other health care providers. Prerequisite: graduate standing or permission of instructor.

COLLEGE OF OCEAN AND FISHERY SCIENCES

INSTITUTE FOR MARINE STUDIES

IMS 508 NATIONAL MARINE POLICY PROCESSES (3)

Fosters an appreciation for the institutional dimensions of marine policy processes. Students gain an understanding of the marine policy context at the national level and a sophisticated appreciation of the dynamics that drive policy formulation and implementation. Prerequisite: 507 or permission of instructor.

SCHOOL OF PHARMACY

PHARMACY PRACTICE

PHARM 415 APPLIED DRUG THERAPY IN NURSING (3)

Clinical applications of drugs in primary care and hospital settings. Selected drugs compared and contrasted as to indications; efficacy; therapeutic, adverse effects; monitoring parameters; dosing principles; dosage forms; common drug interactions. Individualization of patient and drug therapy requirements emphasized. Prerequisites: 315; CONJ 340,341,341; PATH 444 or equivalent; PN 323,324.

GRADUATE SCHOOL OF PUBLIC AFFAIRS

PB AF 581 INFORMATION IN THE PUBLIC POLICYMAKING PROCESS (3)

Joint with LIBR 585. See Library and Information Science for description.

SCHOOL OF PUBLIC HEALTH AND COMMUNITY MEDICINE

HEALTH SERVICES

HSERV 539 TOPICS IN MATERNAL AND CHILD HEALTH III (2)

Normal and abnormal growth and development (neurological, cognitive, psychological, and social) from infancy to adulthood. Techniques for assessing growth and development evaluated; neurological, cognitive, psychological, and social development addressed. Seminar format. Prerequi-sites: graduate standing; permission of instructor.

HSERV 562 HEALTH POLICY SEMINAR (3)

Provides an opportunity to gain and apply tools of policy analysis. Alternative techniques of gathering, synthesizing, and analyzing available information in a timely fashion. Attention focused on written and oral presentation to a policy audience on a "real" health issue. Prerequisite: 552 or permission of instructor.

HSERV 574 COMMUNITY HEALTH AND NEEDS ASSESSMENT (3)

Approaches and tools to identify, measure health/health care problems in defined communities. Uses, limitations of available data; community surveys; public health surveillance methods; problem identification; needs assessment techniques; measurement issues; analytic methods; data presentation for program, policy making. Prerequisite: grad-uate standing in public health or permission of instructor.

HSERV 576 MARKETING HEALTH SERVICES SEMINAR (3)

Application of planning, design, development, and promotional strategies for health services. Emphasis on examining relevant literature, applying appropriate marketing concepts and techniques to health services, achieving organizational goals within community opportunities and constraints. Examination of examples of successful and unsuccessful marketing programs. Prerequisites: 512,513; or permission of instructor.

PATHOBIOLOGY

PABIO 526 PROTEIN ANTIGENS (3)

Lecture and laboratory covering purification, characterization, and quantitation of protein antigens from pathogenic microorganisms. Emphasis on the principles of the techniques and laboratory skills.

W COURSES OFFERED SPRING QUARTER 1987

Students who plan to graduate in the College of Arts and Sciences and who started college Autumn Quarter 1983 or later must complete 10 credits of courses designated *"W."* Students who plan to graduate in colleges/schools other than Arts and Sciences and who started college at the University of Washington in Autumn Quarter 1985 or later must complete an additional writing requirement beyond basic composition. Depending on the school/college, this may be an advanced writing course or two *W* courses. Students should consult advisers for details. *W* courses are not English composition courses but, rather, are courses in which a substantial amount of writing is required. Almost any department can offer *W* courses. The following courses taught Spring Quarter 1987 have been designated as *W* courses.

SPORTS SKILLS CLASSES FOR SPRING 1987

Sports skills instruction is available through the Department of Recreational Sports Programs (IMA) on a noncredit basis for a class registration fee. Classes are open to all regularly enrolled students and to faculty/staff members who are eligible facility users. Specific information on fees, dates, and times will be available at the IMA building after February 15, 1987. Registration will be April 6, 7, and 8, from 7:45 a.m. to 6:00 p.m. in Meeting Room A of the IMA building. If spaces are still available, registration will continue in the IMA administration office from 8:00 a.m. to 4:30 p.m., Monday through Friday. Disabled students are encouraged to participate in sports skills classes and should contact the Sports Skills Office.

CLASSES OFFERED

AEROBIC DANCE
AEROBIC EXERCISE
ARCHERY
BADMINTON
CONDITIONING
DANCE--BALLET, JAZZ
FENCING
GOLF (registration at golf range)
GYMNASTICS
HYDRO-AEROBICS
JUDO
PICKLEBALL
RACQUETBALL
ROLLERSKATING
SKIN AND SCUBA DIVING
SOCCER
SPRING BOARD DIVING
SQUASH
SKIING
SWIMMING
TAE KWON DO
TENNIS
VOLLEYBALL
WEIGHT TRAINING

The majority of classes are held at the IMA; others are held in the HEC Edmundson Pavilion or Hutchinson Hall (upper campus). Equipment is provided or can be checked out from the main issue window for most of the classes.
Aerobic classes are offered daily from 7:10 a.m. to 6:30 p.m. You may sign up for two-, three-, or five-day-a-week sessions.

INDEPENDENT STUDY THROUGH CORRESPONDENCE

The Distance Learning office provides University courses for correspondence credit primarily by correspondence instruction to persons who wish to study independently. Fees for Distance Learning courses are separate from residence tuition and are $35 per credit. Enrollment is not based on the quarter system but is continuous throughout the year, with one calendar year allowed to complete a course.

A regularly enrolled student who wishes to register for additional courses for Distance Learning credit should consult his or her departmental advisor prior to enrolling in a Distance Learning course. Applications and additional information on enrollment procedures may be obtained from the Distance Learning office, 5001 25th N.E., or by telephoning 543-2350.

The following courses are currently offered by Distance Learning (credits in parentheses).

PARKING REGULATIONS

THE UNIVERSITY OF WASHINGTON

STUDENTS PARKING GUIDE

The University of Washington endorses and promotes several modes of alternative transportation. To avoid traffic congestion and high transportation costs while commuting to campus, choose riding a bicycle, moped, motorcycle, carpool, vanpool, use the ride-matching service, or ride the bus rather than driving alone.

Transit

Many buses commute daily to the University District and through the campus, stopping along Stevens Way at five locations. Timetables are available at Commuter Information Centers located at the HUB-main floor, South Campus Center, University Hospital Lobby, and By George Deli. Monthly bus passes for Metro and Community Transit are sold at a discount with a current ASUW card at the HUB, South Campus Center, and Cashier's Office in Schmitz Hall.

Health Sciences Express

Shuttle bus service is available between the University Hospital/ Health Sciences Center and affiliated hospitals and medical facilities. For more information, call 545-1522.

Carpool Parking (Daily Pay)

Three or more persons—Vehicles entering with three or more persons can park for 50¢ per day, payable upon entrance. Parking area will be assigned by the gate attendant. A designated number of spaces is available between 7 a.m. and 4 p.m. to carpools entering campus through the following gates:

Gate 2 (NE 45th St. and 17th Ave. NE entrance to campus)—175 spaces. Parking area N-5.

Gate 3 (25th Ave. NE entrance to campus)—75 spaces in Padelford Garage.

Gate 1 (NE 41st and 15th Ave. NE)—Between 7 a.m. and 9:30 a.m., a designated number of spaces (300) is available in Central Plaza Garage. After 9:30 a.m., three person carpools will be parked on a space available basis.

Two or more persons—Montlake Lot—E-1 (north of the IMA tennis courts)—Carpool spaces are available in the south end between 7 a.m. and 9:30 a.m. for 25¢ per day. Upon entering through the southwest gate, the driver will be given 35¢; when exiting, the driver will pay the normal 60¢ charge. (Discontinued during Summer Quarter and breaks.)

Gate 8 (Stadium entrance to E-12)—Carpool spaces are available for vehicles for 50¢ per day, payable upon entrance. Parking based upon space availability.

Evening—Two or more persons—After 4 p.m., a reduced rate of 25¢ is available to Gate 8, except for special events.

Note: Carpool **permits** (annual or quarterly) are issued to only faculty and staff. A student may be a member only.

Ride-matching Service

The University provides a ride-matching service for carpools and vanpools. For more information, contact the Transportation Information Office (545-0450).

Motorcycle, Moped and Scooter Parking

A motorcycle parking permit may be purchased at the Parking Division Office on a quarterly basis for $7.50/quarter or on an annual basis for $30.00/year. On a daily basis, permits may be purchased at a campus gate for 50¢. Motorcycles, scooters and mopeds must park only in designated cycle areas. Residence hall motorcycle parking is assigned through the Residence Halls. For more information, see Parking Division's Motorcycle Brochure.

Daily Pay Parking

Daily pay parking is available in the following areas:

East Campus:

Montlake Lot—E-1 (north of the IMA tennis courts); 60¢ upon exiting.

E-5 (east of E-1): purchase a 25¢ ticket from the machine in lot E-5.

E-3 and E-4 (east of E-5): purchase a 25¢ ticket from the machine in lot E-4.

West Campus:

W-44 (NE Northlake Pl. and 7th Ave. NE): purchase a 25¢ ticket from the machine. Tickets purchased from the machine must be visibly displayed in the vehicle. Tickets are valid for one day and expire at midnight.

Central Plaza Garage:

The Central Plaza Garage (levels B, C, and D) is available for visitor parking. Pay $3.00 upon entrance, and a prorated refund will be made upon exiting if you stay less than three hours.

Evening Parking

Students registered in evening classes may purchase night permits on a quarterly basis at the Parking Division Office. These permits are valid weekdays from 4 p.m. to 7:30 a.m. and Saturday mornings. Student I.D. cards or proof of University registration and a valid driver's license are required. Individual night permits are available at campus gates for $1.25 and expire at 7:30 a.m.

Residence Hall Permits

Residence hall students must apply for parking for the academic year through their residence hall complex desk. Assignments are issued through the residence halls based upon priority (number of quarters). For summer quarter only, students must apply at the Parking Division Office and assignments are issued on a first-come, first-served basis.

Quarterly Permit

Very limited permit parking is available to commuting students on a first-come first-served basis the first day of school at the Parking Division Office, 3917 University Way NE. Student I.D. cards or proof of University registration and a valid driver's license must be presented with the parking permit application. Parking areas available to students are **E-2** in the east campus (across from the University Village Shopping Center) and **W-40** in the west campus (on NE Northlake Pl. and 8th Ave. NE). Parking permits are $37.50 per academic quarter and renewable.

Disabled Parking

Physically disabled students (including those in wheelchairs) with a confirming letter of disability from Hall Health Center will be issued parking in areas according to need. Permits are $37.50 and $51.00 per quarter, based on the area. Applications may be made one week prior to the first day of school or anytime thereafter.

Shuttle bus service is available (7:30 a.m. to 4:00 p.m.) for disabled students on a reservation dial-a-ride basis at 545-1511. Service can be scheduled for an entire quarter if necessary. All rides are scheduled on a first-come, first-served basis. Vehicles are equipped with wheelchair lifts.

Renewing Permits

Residence Hall students should renew their academic year permits by applying to their residence hall complex desk. Commuting students should renew their quarterly permits for the next quarter at the Parking Division Office approximately two weeks before the first day of class. All renewal permits not purchased before the first day of school each quarter go on sale to new applicants. Disabled students whose disability form has expired must obtain another form from Hall Health Center before renewing their permit.

Parking Violations

Any outstanding campus parking violation(s) must be settled before a parking permit will be issued or renewed. Contact Parking Violations Division, (HE-15), 1117 NE Boat St. (543-9008).

More Information

For more information regarding parking and traffic regulations, parking permits, or other issues, contact the Parking Division Office, ND-05, at (206) 545-1543. It is located at 3917 University Way NE. The business office is open from 7:30 a.m. to 5:00 p.m., Monday through Friday.

THE PLACEMENT CENTER AT THE UNIVERSITY OF WASHINGTON LOOKS FORWARD TO THE OPPORTUNITY OF HELPING YOU PLAN YOUR FUTURE

The Placement Center, located in 301 Loew Hall, is the career center on the University of Washington campus. Counselors are available to help you in career decision-making and job search techniques. A large collection of career information and company materials is available for student use. Job listings, on-campus interviews, career planning seminars, job search workshops, and educational placement and graduate school file services are available to undergraduate and graduate students. If you have questions about your career, either what it will be, or how to get that first job, we're here to help. Call 543-0535 or drop by 301 Loew.

CAREER INFORMATION CENTER™

A focal point for communicating up-to-date
Career, Employer and ***Recruiting*** information

The CAREER INFORMATION CENTER communicates different types of career and employer information in the following ways.

■ **The Electronic Moving Message** (across the top) highlights up-to-the-minute announcements on placement procedures, career programs and recruiting schedule changes.

■ **The Center Announcement Panel** is a current resource for Placement Office activity.

It is updated on a scheduled basis to provide a variety of information including:

- Additions, deletions and changes to the campus recruiting schedule.
- Schedules for employer pre-recruiting presentations.
- Schedules for workshops, seminars and career programs.
- Employment, cooperative education, internships and summer job opportunities.
- Other communications to you regarding our services and programs.

■ **The Employer Information Panels** (at left and right) is used for employer ***messages*** and ***information*** pertaining to recruiting dates, interview sign-up times and campus presentations, as well as educational and informational material designed to assist you in your career search.

Look for the CAREER INFORMATION CENTER in one or more of the offices that provides career and placement services on your campus.
