# REGISTRATION PERIODS

## STAR REGISTRATION

The University of Washington's touchtone telephone registration system is referred to as STAR-Student Telephone Assisted Registration. STAR registers students in course sections immediately and handles subsequent course adds and course drops, lists alternative sections available if the requested sections are closed or cancelled, reports the open/closed status of specified course sections, provides a spoken listing of the confirmed registration schedule, tuition balance, financial aid status, date and amount of last payment, and optional charges.

Students may call STAR from any touch-tone phone and register. Phones are available in the second floor lobby of Schmitz Hall, the T-Wing lobby in Health Sciences, B-10 Padelford Hall, and the HUB on the ground floor level. These phones are part of the U.S. West phone system and have no special link to the STAR system.

## REGISTRATION PERIOD I

Via STAR

Monday-Friday: February 19-March 8, 6 a.m. to 12 midnight

**ELIGIBILITY.** This period is open only for continuing students currently enrolled Winter Quarter 1991. Priority registration dates are based on your completed credits plus Winter Quarter 1991 credits registered in as of February 14. You may call STAR on, or after, your registration date to register and make changes to your schedule. The priority registration schedule follows:

Any day .....	Graduates and Professionals
February 19 .....	Disabled students only as designated by the Disabled Student Services Office.
February 20, 21, 22 .....	Freshmen ..... (1-44 credits)
February 25, 26, 27 .....	Seniors ..... (135 credits)
February 25, 26, 27 .....	Postbaccalaureates ..... (fifth-year)
February 28, March 1, 4 .....	Juniors ..... (90-134 credits)
March 5, 6, 7 .....	Sophomores ..... (45-89 credits)
March 8 .....	Open to all continuing students

**REGISTRATION CONFIRMATION AND ID CARDS WILL BE MAILED ON MARCH 13.** Call 543-3868 to record your correct address. You may also confirm your registration schedule by calling STAR and using the List Schedule Transaction (L #). This listing includes building and classroom locations.

## REGISTRATION PERIOD II

Via STAR

Monday-Friday: March 11-29, 6 a.m. to 12 midnight  
STAR closes at 6:00 p.m. on March 28.

**ELIGIBILITY.** This period is primarily for newly admitted students and returning former students. Advising/ registration notice of dates are mailed to newly admitted or readmitted students. You may register on, or after, your date. Continuing students may access STAR any day during this period.

**REGISTRATION CONFIRMATION AND ID CARDS.** If you register after March 8, your Registration Confirmation and ID Card will be mailed in two working days. Call 543-3868 to record your correct address. Confirmations will not be mailed to addresses outside of the United States and Canada during Periods II and III. If you are using a foreign address, you may claim your confirmation at the Registration Office, 225 Schmitz Hall, within two working days.

You may also confirm your registration schedule by calling STAR and using the List Schedule Transaction (L #). This listing includes building and classroom locations.

**CHANGE OF REGISTRATION CONFIRMATIONS.** Registration Change Confirmations will be mailed periodically. You may also confirm your registration schedule by calling STAR and using the List Schedule Transaction (L #). This listing includes building and classroom locations.

## REGISTRATION PERIOD III

Via STAR

Saturday/Sunday: March 30, 31 and April 6, 7, 12 noon to 12 midnight

Monday-Thursday: April 1-5, 8-11, 6 a.m. to 12 midnight

Friday: April 12, 6 a.m. to 6 p.m.

or via

Registration Office, 225 Schmitz

(open for transactions not accommodated by STAR)

Monday-Friday: April 1-5, 8-12, 8 a.m. to 5:00 p.m.

**ELIGIBILITY.** This period is open to all students for late registration and course adds and drops. A \$25 late registration fee is assessed and billed to students registering for the first time.

You are encouraged to register and complete changes to registration early in this period to avoid additional fees and being blocked from reaching STAR due to heavy phone usage.

**ADD GUIDELINES.** Beginning Monday, April 8, an entry code is required to register or add any course. Friday, April 12 is the last day to add a course for Spring Quarter 1991.

STAR will accept entry codes for course overload authorization only up to 115% of classroom capacity to compensate for expected course drops. Although you received an entry code from the department, there is no guarantee that you can register in the course. If you have received an entry code to add a course, enter the data on your touchtone telephone in the following sequence:

Add	Schedule Line Number	Star Key	Entry Code	Number Sign Key
<input type="checkbox"/>	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>	<input type="checkbox"/>

**COURSE DROP.** You may drop courses during this period and receive no entry on your academic transcript. If you completely drop all courses, a complete withdrawal date is recorded on your transcript. Some departments may require entry codes to drop courses.

**\$20 CHANGE FEE.** A \$20 change fee will be assessed for any number of add and/or drop transactions processed during a given day beginning Monday, April 8. This fee will be billed to students. This fee is in addition to any tuition increase or forfeiture as a result of the change.

**WORKING STUDENTS ASSISTANCE.** If you need assistance with non-STAR accommodated transactions and you work during the day, you may call the Registration Office at 543-8580 and make arrangements to have a staff person stay no later than 5:30 p.m. to assist you.

## PERIOD IV - FOR DROPS ONLY, NO ADDS ACCEPTED

Via STAR

April 15-May 17, 6 a.m. to 12 midnight

**ELIGIBILITY.** This period is open for dropping courses only. A \$20 change fee will be assessed for all changes occurring during the same day. This fee is in addition to any tuition increase or forfeiture as a result of the change.

**DROP GUIDELINES.** A course drop made during this period will be recorded on undergraduate academic transcripts with a "W" and a number designating the week of the quarter in which the course drop occurred; for graduates and professional students a "W" will be recorded for course drops.

## TUITION EXEMPTION PROGRAMS FOR UW FACULTY/STAFF AND WASHINGTON STATE CLASSIFIED EMPLOYEES

Students enrolling under these exemption programs must be full-time permanent employees and meet the criteria established for faculty and staff of the University of Washington or by the employing agency of the state of Washington for non university employees. University of Washington employees must have been continuously employed full time for six months or more with the university immediately prior to the academic quarter in which they are enrolling. Those who

meet the requirements and are admitted to the University of Washington may take up to 6 credits per quarter under the tuition exemption programs. According to legislative action, all registration must be on a space-available basis after other matriculated students have registered. Students cannot register for graduate level independent study courses numbered 600, 700, or 800. Students admitted as nonmatriculated in order to use one of these exemption programs may only register for classes when using the exemption and the exemption request form has been submitted. Matriculated students will be permitted to register even when they are not using the exemption: full tuition and fees will be charged. Deadlines and registration dates are listed below by category:

**UW Faculty/Staff**

- Friday, March 8 ..... Tuition exemption request card due to Registration, 225 Schmitz, PD-10.
- Wednesday, April 3 ..... Registration begins on STAR. Open from 6:00 a.m. until 12:00 midnight.
- Friday, April 19 ..... \$5 registration fee due. Fee is billed if a student successfully registers.

**Washington State Classified Employees**

- Friday, March 8 ..... Tuition exemption request card due to Registration, 225 Schmitz, PD-10.
- Thursday, April 4 ..... Registration begins on STAR. Open from 6:00 a.m. until 12:00 midnight.
- Friday, April 19 ..... \$30 registration fee due. Fee is billed if a student successfully registers

Students enrolling under these exemption programs may attend class beginning the first class day if space is available. Please check with the department offering the course to determine the correct classroom location. The building and room number may have been changed by the department since the *Time Schedule* was printed.

**ADMISSION STATUS.** Matriculated-program participants who wish to enroll as new matriculated students or to be a new matriculated category must apply to the Office of Admissions, 320 Schmitz Hall, by the regular admission closing date; February 1 is the closing date for Spring applications. Students applying to the Graduate School must contact the applicable academic department for application information.

Nonmatriculated-program participants who are applying as new nonmatriculated students should apply at the Office of Admissions. Applications will be accepted up to the beginning of the quarter.

Returning students-program participants who are former students returning in the same classification or as nonmatriculated students should apply at the Registration Office, 225 Schmitz Hall. Applications will be accepted up to the beginning of the quarter.

**HOW TO REGISTER.** If the tuition exemption request has been received by the Registration Office in time, program participants may call STAR on or after the appropriate eligibility dates listed above. Registration continues through Sunday, April 7, on STAR without assessment of late fees. Effective Monday, April 8, a \$25 late registration fee is billed if the student is initially registering for the quarter and a \$20 change fee is charged for registration changes. Students participating in the exemption programs listed above will be billed these fees if applicable plus the registration fee when registration in a course is successful.

**STUDENTS ENROLLING UNDER THESE EXEMPTION PROGRAMS WILL NOT BE PERMITTED TO CONVERT TO THE TUITION EXEMPTION PROGRAM IF THEY HAVE ALREADY REGISTERED FOR WINTER QUARTER, AND THEY WILL BE REQUIRED TO PAY REGULAR TUITION FOR THOSE CREDITS.**

Students participating in these programs are not entitled to other student services such as those available at the Hall Health Center and the Intramural Activities Building. Therefore, UW students cards will not be issued to students enrolling under the faculty/staff or Washington state classified employee exemption programs. Faculty/staff identification cards may be used for library services. Washington state employees participating in the program may contact the Registration Office in 225 Schmitz Hall for an ID card to be used for library services.

**ACCESS PROGRAM FOR OLDER ADULTS**

April 3, 8 a.m. to 5 p.m.  
Registration Office, 225 Schmitz Hall  
Registration time is based on last name.

(Access Students do not register through STAR)

The University of Washington waives tuition for Washington residents sixty years or older who wish to attend classes as auditing students, on a space-available basis. The fee is \$5, whether one or two courses are attended. Only checks and money orders can be accepted. As auditors, they do not receive credit and are not expected to do laboratory work or to take examinations. A transcript is not maintained. Students who attend the University under the Access program are limited to two courses per quarter.

Registration may be made in person or by mail. For additional information about the program in general, telephone UW Extension Student Services, 543-6160, between 8 a.m. and 5 p.m., weekdays.

**REGISTRATION ELIGIBILITY**

**CONTINUING STUDENTS GUARANTEED ELIGIBILITY.** University of Washington students who remain in good scholastic standing are guaranteed the opportunity to register each quarter as long as they maintain continuous enrollment (Summer Quarter excepted). Continuation must be in the same classification, e.g., undergraduate, postbaccalaureate (fifth-year), graduate, etc. Once a student earns a baccalaureate degree, he or she must apply for readmission as a postbaccalaureate (fifth-year), nonmatriculated, or graduate student. Exceptions to the guarantee are: (1) students under disciplinary action, (2) students with a financial hold, (3) students not meeting their departmental continuation policies, or (4) students not meeting the University's satisfactory progress policy (See *General Catalog*).

Continuing students who withdraw during the first week of two consecutive quarters (Summer Quarter not included) will not be eligible to register as continuing students for the third quarter, and must reapply as former students returning to the University.

If an undergraduate does not enroll for one or more quarters, or if a graduate goes on-leave, he must file an application for readmission with the Registration Office, 225 Schmitz Hall. Undergraduates must include payment of the \$25 application fee. Information on admission closing dates is available at the Registration Office, 225 Schmitz Hall, or by calling 543-5920.

**NEW STUDENTS.** Students new to the University or applying for a new classification should contact the Office of Undergraduate Admissions for undergraduate and/or postbaccalaureate (fifth-year) standing, or the Office of Graduate Admissions for graduate standing. Application closing date is February 1 for new students entering from high school, and for all other new and former students.

**RETURNING FORMER STUDENTS.** Returning former students not enrolled in Winter quarter and on-leave graduate students must apply for readmission. A \$25 application fee is charged to undergraduates and a \$50 Enrollment Confirmation Deposit will be required of each eligible applicant. Former graduate students who did not request an on-leave status must contact the Office of Graduate Admissions. Space is limited, and enrollment quotas will be filled on a first-paid, first served basis. Application closing date is February 1.

**ACADEMIC ADVISING**

Students are strongly encouraged to see an academic adviser to discuss their educational objectives, to assess progress toward completion of requirements, and to learn procedures involved in registering at the University. It is wise for students to make appointments with advisers and to have ideas of courses they would like to take by reviewing the General Catalog and the quarterly Time Schedule before the advising session. If students fail to maintain contact with their advisers and problems develop with degree programs, these problems are the students' responsibilities. The consequence may be additional time to complete degree programs. Advising offices are generally open Monday-Friday, 8:00 a.m. - 4:30 p.m.

# HOW TO USE STAR

**1. TOUCHTONE TELEPHONE.** Use only a touchtone telephone to make entries on STAR. Touchtone phones make a different tone after each key is pressed. Telephones that make no tone or only a monotone will not work on the registration system. Your touchtone phone acts as a computer keyboard, enabling you to enter your course requests just as if you were sitting at a computer terminal. Within minutes, you will know your confirmed schedule.

**2. CALLING STAR.** STAR is available during published registration dates and times. STAR is closed on holidays and may close earlier than 12 midnight on a few days to produce registration confirmations, ID cards, and instructors' class list. If STAR does not answer your call, it is not in operation. If the phone line is busy, all lines are being used. Call back later. You may call STAR during, or after, your initial registration date to add, drop, check section status, etc.

**3. VOICE RESPONSE.** A voice response will guide you after each transaction. If you do not understand a response or instruction and would like it repeated, press the star key (\*) first, and then the number sign key (#).

**4. IF YOU MAKE A MISTAKE.** If you make a mistake before finishing an entry, press the star key and the number sign key (\*#), and your entry will be discarded.

**5. TO SPEED UP YOUR REGISTRATION.** To expedite your registration, you may enter data during the voice response. Be cautious about doing this, since you may miss some important information.

**6. DISCONNECT ACTION.** Time limits are built into the system, so if you are holding on the STAR line for an extended period of time, you will be disconnected. Error limits are also a part of the STAR system, so if you do not enter the correct information after the second try, STAR will disconnect. You may immediately call back to STAR.

**7. TRANSACTIONS.** The transactions you enter on your touchtone telephone communicate to the computer what action to take (such as add a course, drop a course, check a section status, etc.) and what data you want considered. The transaction code legend follows:

A	=	Add a course
D	=	Drop a course
L	=	Hear a spoken listing of your assigned courses
S	=	Check the open or closed status of a course
T	=	Terminate your call.
G	=	List grades.
11	=	Account balance.
12	=	Financial aid summary.
13	=	Outside lender loan.
14	=	Last received payment.
15	=	Optional charges.
*	=	Star key; used to separate data
#	=	Number sign key; used to send transactions that you enter

**8. ENTRY CODES.** Entry codes are five digit random numbers issued to you by academic departments as authorization to enroll in restricted course sections. Academic departments have the ability to establish varying levels of enrollment control for course sections in each registration period, or they can maintain the same level of control throughout.

Courses requiring entry codes are designated with the symbol > to the left of the schedule line number (SLN) in the Time Schedule. Please note that departments reserve the right to require entry codes whether the course is so designated in the Time Schedule or not. Usually information on where to obtain entry codes is found in the body of the Time Schedule, either as a comment before the course listing or just after the title of the course. Contact the department offering the course if STAR advises you an entry code is required and the location for obtaining one is not identified in the Time Schedule.

Instructors may issue entry codes to students when a class is full. You may use this code to override the system but not if the overload will increase enrollment over 115% of room capacity.

Once you have used an entry code, the computer removes it from the list of viable codes and will not accept it again. If you drop a section that required an entry code to add, then you must obtain another entry

code from the department if you wish to re-add the section.

When you use an entry code to register, it becomes a part of your registration record, and is visible with your name on computer terminal screens. Entry codes are required to add courses during the second week of the quarter.

**9. LECTURE/LAB/QUIZ/CONFERENCE.** These are combined under one SLN for each possible combination of time and day. On STAR, when you register for a course SLN associated with a lecture, lab and/or quiz or conference, you will be registered for all the lecture, lab, quiz or conference combination as listed under one SLN in the Time Schedule.

**10. ALTERNATE SELECTIONS.** If the section requested is closed you will be informed by STAR of open section alternates (including new sections added after the publication of the quarterly Time Schedule). You can then immediately select an alternate section to be added to your schedule. Have a pencil ready and be prepared to write down schedule line numbers (SLN) and meeting times of alternate sections.

**11. TIME CONFLICT.** You may not register on STAR for two courses that meet at the same time or for courses with overlapping meeting times. If you want the second course instead of the one you are registered for, you must drop the first one before adding the second course on STAR. If you want two time-conflicting courses, you must add the second course, in person, at the Registration Office, 225 Schmitz. Time conflicts of more than one hour require instructors' signatures for both courses involved.

**12. REGISTRATION HOLDS.** If you have a hold on your registration, you will not be permitted to complete your registration until the hold has been released by the initiating office. If you attempt to register on STAR before your hold has been released, the voice response will indicate which office has placed the hold, and where to go to get it released.

**13. ELECTING S/NS GRADING OPTION.** You may register for a course on STAR, but you must go in person to the Registration Office, 225 Schmitz to elect the Satisfactory/Not Satisfactory grading option. The deadline for spring quarter is April 5.

**14. AUDIT.** You must first register on STAR for the course you wish to audit, and then go in person to the Registration Office, 225 Schmitz Hall to set the audit grade option. The deadline for spring quarter is April 12.

**15. CREDIT LIMITATIONS.** Undergraduates will be limited to 19 credits during Registration Periods I and II to allow all students a chance to develop a basic schedule. Additional credits may be added during Registration Period III. Thirty credits is the limit per quarter.

**16. VARIABLE CREDITS.** Some courses are offered for a variable number of credits. See the department to obtain the appropriate number of credits for a variable credit course and be prepared to enter the number of credits when requested to do so by the voice response on STAR. To change variable credits beginning the sixth class day, an entry code is required to add the new course credits. After the tenth class day, changes are made at the Registration Office, 225 Schmitz.

**17. SECTION II ON STAR WORKSHEET.** Since Section II requires selection decisions only during your first telephone call this quarter, you may proceed directly from Section I to Section III through Section IX in a random manner when making subsequent calls. STAR will not accommodate changes of your initial decisions in SECTION II. You may go in person to the Registration Office, 225 Schmitz Hall or call 543-3120 to modify selections. Faculty/staff or Washington state classified employees using a tuition exemption program, and branch campus students will not be asked to make decisions for Section II.

**18. MERLIN TELEPHONE.** If using an AT&T Merlin telephone to call STAR, press the # sign key twice to send transactions.

**19. QUESTIONS.** If you have questions regarding registration, please call Registration, (206) 543-3120, Monday through Friday, from 8:00 a.m. to 5:00 p.m.

# FOLLOW THESE STEPS BEFORE CALLING STAR

- STEP 1.** Read the Registration Periods, How To Use STAR, and the STAR Work Sheet very carefully.
- STEP 2.** Academic advising is highly recommended, and it is suggested that you make an appointment with your adviser before selecting your courses. Use the Trial Schedule Form provided below to draft your schedule.
- STEP 3.** Obtain entry codes from departments for courses requiring entry codes.
- STEP 4.** Organize your registration materials (Time Schedule, STAR Work Sheet). Use the Spring 1991 *TIME SCHEDULE* to obtain the schedule line number (SLN) for each course section. SLN's change every quarter. Develop your program on the Trial Schedule Form. Prepare an alternate course section list because some sections may be full. Complete the STAR Work Sheet. By completing the work sheet before calling STAR, you will have all the information you need at your fingertips, and will reduce the chances of being disconnected.
- STEP 5.** Take care of all University financial obligations before calling STAR, since STAR will not permit you to register if there is a "hold" on your registration.
- STEP 6.** Call STAR from a touchtone telephone and begin with Section I on the STAR Work Sheet. You will be asked to provide information in Section II during your first telephone call to STAR each quarter. Always exit STAR using the "T" transaction following by the number sign key (#) so that you can find out how to obtain your Registration Confirmation and ID Card.
- STEP 7.** Remember once you have initially registered, you can call STAR as often as you want to check the status of sections, have your confirmed schedule listed, add/drop courses, check your account balance, etc.

# ADDITIONAL REGISTRATION INFORMATION AND NOTICES

**1. ADDRESS CHANGE TELEPHONE SERVICE - CALL 543-3868.** Students are responsible for notifying the Registrar's Office when their address changes. An Address Change Telephone Answering Service is available 24 hours a day, seven days a week for changes of local and permanent addresses and telephone numbers, restricting release of directory information, and where to mail registration confirmations, ID cards, tuition billing statements, and final grades. Students should always leave a forwarding address with the U. S. Postal Service whenever they move. Addresses may also be changed at the Registration Office, 225 Schmitz Hall.

If you have applied for financial aid, you must also report your address change to the Office of Financial Aid.

**2. CLASS ATTENDANCE GUIDELINES.** To provide enrollment space for others, students who do not attend regularly scheduled class meetings during the first week of the quarter are subject to being dropped at the discretion of the teaching departments. Affected courses may be identified in the *Time Schedule* and posted in departmental offices.

Students must not assume that departments will automatically initiate a drop for nonclass attendance. Students who register for courses they do not attend are themselves responsible for officially dropping the courses through the Registrar's Office. The consequence of not officially dropping courses is a 0.0 grade.

Students should contact the instructor or teaching department if they plan to be absent any day during the first week of the quarter.

No person, other than a faculty member attending informally with the approval of the instructor, may attend a University course in which that person has not been officially registered through the Registrar's Office. An instructor may allow a student to attend his or her class only if the student's name appears on the official class list from the Registrar's Office. Instructors may permit students attending class under a faculty/staff tuition exemption or the Washington state classified employee tuition exemption program to attend class prior to registration on Wednesday or Thursday respectively of the first week of the quarter provided space is available.

**3. REGISTRATION TAMPERING.** A student who tampers or attempts to tamper with the registration records of another student, including but not limited to dropping courses and adding courses, may be subject to disciplinary sanctions as defined in the Student Conduct Code (WAC 478-120).

**4. PRIVATE ACCESS CODE TO SECURE YOUR REGISTRATION AND GRADE DATA.** If, for any reason, you believe that another person might tamper with your registration or hear your grades on STAR and you want to avoid this possibility, you may go to the Registration Office, second floor, Schmitz Hall and request a private access code (PAC). Ask for the Private Access Code (PAC) and identify the 6 digits you wish to use instead of your date of birth when accessing STAR each quarter.

**5. FULL-TIME STUDENT REQUIREMENT.** To be considered full-time, an undergraduate or professional student must register for 12 credits and a graduate student must register for 9 credits. However, it is important to note that differing criteria and standards for full-time enrollment exist for participatory eligibility, e.g., veterans benefits, athletic eligibility, Bureau of Indian Affairs, Vocational Rehabilitation, and various forms of financial aid. Information on full-time requirements of the Department of Veterans Affairs may be obtained at 460 Schmitz. Consult the Financial Aid Office for its requirement on satisfactory student progress.

Full-time requirements of the Immigration and Naturalization may be obtained at the International Services Office, 459 Schmitz.

**6. OVERLOAD GUIDELINES.** For reasons of public safety and instructional quality, course enrollment in each section will be limited to the approved classroom capacity. The Registrar's Office monitors course enrollments throughout the quarter according to the following guidelines:

a. Through the fifth class day, a student may add a section without permission unless the class is full or requires permission; then an entry code is required. Beginning the sixth class day, entry codes are required to add any course. STAR will accept course overloads only up to 115% of classroom capacity to compensate for expected course drops.

b. No course adds are accepted after the 10th class day of the academic quarter.

**7. \$20 CHANGE-OF-REGISTRATION FEE.** The \$20 change-of-registration fee is assessed for any number of add or drop transactions processed during a given day beginning the sixth class day of each quarter. The \$20 fee is a service charge, not a penalty and is in addition to any change in tuition or forfeiture as a result of adds or drops.

There is no charge for changes made in Registration Periods I, II and the first week of Period III. This "free" period gives students an incentive to complete their schedule before the quarter is too far advanced.

Fee waivers are rarely approved. If you think your change is necessitated by a University error or is at the University's request, you must pay the fee and complete a petition for a refund. The petition will be sent to the Dean of your college for a decision. You will be notified of the decision by the Registrar's Office. The fee will be waived only if the change is necessitated by a University error or is at the University's request.

**8. COMPLETE WITHDRAWAL FROM THE UNIVERSITY.** (Dropping all courses for the quarter). It is the student's responsibility to withdraw completely if he or she is unable to attend for the quarter. Students must write the Registration Office, 225 Schmitz Hall, Mailstop PD-10, University of Washington, Seattle, Washington, 98195, or withdraw in-person at 225 Schmitz Hall. Complete withdrawal for the quarter is not available via STAR.

Tuition owed will be based upon the date the complete withdrawal is received in the Registration Office. No withdrawals are accepted after the last day of instruction for the quarter.

Courses dropped as part of a complete withdrawal from the University during the first two weeks of a quarter are not recorded on the student's UW transcript; however, the date of the complete withdrawal is recorded.

Students are required to turn in their student ID cards when they withdraw from the University and are not eligible to continue using University services or facilities after their withdrawal.

Continuing students who withdraw during the first week of two consecutive quarters (Summer Quarter excepted) will not be eligible to register as continuing students for the third quarter. Such students must reapply as former students returning to the University. For example, a student who withdraws during the first week of Spring Quarter and Autumn Quarter must reapply as a returning former student for Winter Quarter.

The forfeiture schedule for completely withdrawing from the University is as follows:

- Students withdrawing before the sixth day of the quarter do not pay tuition. New and returning students forfeit their \$50 enrollment confirmation deposit.
- Students withdrawing on the sixth day through the thirtieth calendar day continue to owe one-half of their tuition.
- Students withdrawing after the thirtieth calendar day continue to owe full tuition.
- Students whose registrations are cancelled for nonpayment of fees will continue to owe the University one-half their tuition and fees.
- International students who are registered for an English as a Second Language course must make a separate request for a refund for that course by contacting the ESL Office in 102 Lewis Hall at the same time they withdraw from the University.

**9. HARDSHIP WITHDRAWAL.** Hardship withdrawals are for dropping individual courses only after the seventh week of the quarter. The \$20 change of registration fee will be assessed. (See section on Complete Withdrawal from the University for procedure to follow for dropping all courses for the quarter).

A student may petition the Registrar for a hardship withdrawal if: (1) the student is unable to complete the course in question because of a severe mental or physical disability, or (2) unusual or extenuating circumstances beyond the student's control prevented the student from dropping the course by the drop deadline. See the *General Catalog* for complete information.

**10. UNDERGRADUATE SATISFACTORY PROGRESS.** Students admitted to the University to pursue baccalaureate degrees are expected to make satisfactory progress toward the attainment of that degree, and are expected to enter a major and graduate after completion of a reasonable number of credits. Refer to the *General Catalog* for additional information.

**11. STUDENT DIRECTORY INFORMATION.** The University will routinely release student directory information, unless requested otherwise by the student. Directory information is defined as student's name, address, telephone number, place of birth, major field of studies, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational institution attended by the student. If you do not wish to authorize directory release and do not want your name and address to appear in the Student Directory, you may call the address change service at 543-3868 to restrict access to this information. If you wish to change your authorization and allow release, you must go to the Registration Office, 225 Schmitz and present identification.

**12. DISCLOSURE OF STUDENT RECORDS.** As a general rule the University will not release a student's education records to a third party without written consent of the student. This includes tuition account information. The complete University policy on student education records and the location of such records may be found in the Washington Administrative Code under WAC 478-140. Manuals containing the Code are available at Reference Stations on campus, and at the Visitor's Information Center, 4014 University Way NE. The policy covers such items as accessibility, review and expunging of inaccurate records, and costs to be charged for copies of student records.

**13. FOLLOWING RULES AND REGULATIONS.** It is the University's expectation that a student will follow University rules and regulations as they are stated in the *General Catalog*. In instances where no appeal procedure is spelled out and the student believes that a special set of circumstances makes appeal reasonable, he or she may appeal the application of specific rules or regulations to the office of the dean of the school or college in which he or she is enrolled in the case of an academic matter, or to the Office of Student Affairs in the case of a nonacademic matter. These offices will either render a decision on the appeal or refer the student to the proper office for a decision.

**14. EQUAL OPPORTUNITY.** The University of Washington, as a standing policy, does not discriminate on the basis of race, color, creed, religion, national origin, sex, sexual orientation, age, marital status, disability, or status as a disabled veteran or Vietnam era veteran. Any discriminatory action can be a cause for disciplinary action. This policy applies to all University programs and facilities including, but not limited to, admissions, educational programs, employment, and patient and hospital services. Such discrimination is prohibited by Titles VI and VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Sections 503 and 504 of the Rehabilitation Act of 1973, Age Discrimination in employment Act Amendments of 1978, Vietnam Era Veteran's Readjustment Assistance Act of 1974, Chapter 28B.110RCW (prohibits gender discrimination against students), other federal and state statutes and regulations, and University policy. Coordination of the compliance efforts of the University of Washington with respect to all of these laws and regulations is under the direction of the Equal Employment Officer, Dr. Helen Remick, University of Washington, Equal Employment and Affirmative Action Office, JA-08, 4045 Brooklyn Ave. N.E., Seattle, Washington, 98195, telephone (206) 543-1830, V/TDD.

**15. SEXUAL HARASSMENT GRIEVANCE PROCEDURE.** Students, as well as members of the faculty and staff, who wish to file a complaint regarding sexual harassment may contact either of the two offices listed below:

Ombudsman for Sexual Harassment, (206) 543-0283

Human Rights Office, (206) 543-7217

Personnel in these offices will be available to discuss and provide assistance in resolving the complaint.

**16. DISABLED STUDENTS.** Various support services, including priority registration, are available to students with disabilities. Contact the Coordinator for Disabled Student Services (DSS), 482 Schmitz, 543-8924, 543-8925 TDD, for information on equipment services, accessibility, and accommodations to meet individual needs.

Students with disabilities who require special accommodations for science labs, internships, etc., should contact the DSS Coordinator and the academic adviser of that department to work out appropriate services.

The STAR Work Sheet and Instructions are available from DSS in alternate media, including tape recording, large print and braille. Students with disabilities which would limit their ability to use STAR may register through DSS or at the Registration Office, 225 Schmitz Hall.

**17. INTERNATIONAL STUDENTS** must subscribe to the student insurance plan unless they are covered by another plan. Refer to the STUDENT INSURANCE section for more details.

**18. ASSOCIATED STUDENTS OF THE UNIVERSITY OF WASHINGTON (ASUW).** The Associated Students of the University of Washington is a voluntary association of students designated by the University Regents to carry out a variety of student activities. In order to vote in ASUW elections or hold ASUW office, students must be members. A student's membership choice will not affect tuition payment in any way. Information about the ASUW can be obtained from the ASUW Office in Room 204L Student Union Building.

**19. PLACEMENT CENTER.** The Placement Center provides comprehensive career and job search information and services for students and alumni to facilitate their transition from academic programs of the UW to the broader society. Services are available to UW students and alumni who are registered with the office. Registration is free for students; alumni must pay applicable fees for the period of time during which services are desired.

Types of services offered include individual career counseling, job search seminars, a career information library, a Minority Job Placement Program, on-campus interviews, job opportunity bulletins, a placement/credential file service, and career-and degree-related summer jobs/internships. To participate in the on-campus interview program, students must attend an orientation session. For more information, please come to the Placement Center at 301 Loew Hall, FH-30, or call (206)543-0535.

**20. UW ID CARD.** Carry your UW ID Card with you at all times since it is required for a variety of transactions and services on campus. In some situations, you may be asked to provide additional pieces of identification, including one containing your photo. Lost ID Cards may be replaced at the Registration Office, 225 Schmitz, beginning the week prior to the start of the quarter through the fifth class day without charge. Effective the second week of the quarter, replacements are issued by the Student Accounts Office, 129 Schmitz. A \$5.00 fee is charged.

**21. COMMENCEMENT.** All undergraduates planning to graduate in June 1991 must have a graduation application on file in the Graduation Office, 207 Schmitz by April 19, 1991. Undergraduates who are planning to graduate in August and who want to participate in the June commencement ceremony, must have a graduation application on file by April 26, 1991.

**22. WITHDRAWAL FOR MILITARY SERVICE.** Students conscripted into the Armed Forces or called to active military duty may withdraw through the end of the 7th week of instruction and receive a full refund but no academic credit. Students withdrawing after that date receive a full refund or credit and no refund. Please consult with the Office of the Registrar for complete details.

### Special Course and Laboratory Fees

The amounts charged for tuition and fees normally cover University charges for course registration. Some courses, however, have extraordinary expenses associated with them and in such cases the University may charge additional fees in amounts approximating the added instructional or laboratory costs.

## TUITION FORFEITURES OR REFUNDS

Students will be billed for the number of credits, including audit hours, on their programs at the beginning of the quarter. Only partial tuition reductions will result for courses dropped after the first week of the quarter. Students dropping courses after the first seven calendar days of the quarter and through the thirtieth calendar day of the quarter will be expected to pay one-half of the tuition associated with that course. Courses dropped after the thirtieth calendar day receive no refund.

The effect of tuition forfeitures on the over-18-credit surcharge is as follows: forfeitures for courses dropped that exceeded 18 credits are charged the same as above. Also, if a student drops a course after the thirtieth calendar day and adds another, total credit charges will include credits that are added with no reduction for credits dropped.

Course drops become effective the date received and processed on STAR, in the Registration Office, 225 Schmitz, or through the Department Registration Screen used in academic departments.

## TUITION/FEE ASSESSMENTS AND DEADLINES

1. It is the student's responsibility to see that tuition is paid in full by the tuition due date (third Friday of each quarter). Bills are sent at the beginning of each quarter to facilitate payment. However, failure to receive a tuition bill does not nullify the student's responsibility for payment by the due date. Account balances are available through STAR.

2. You should indicate selection of your permanent or local address on STAR for fee statement mailing. If you have not received a fee statement by the end of the second week of the quarter, contact the Student Accounts and Scholarships Office for the amount of tuition due.

3. You may pay your fees in person in the Student Accounts and Scholarships Office or mail them to UW, Student Accounts and Scholarships Office, 129 Schmitz, PE-10, Seattle, WA 98195, before the tuition due date. Fees must be paid by Friday of the third week of the quarter. Checks and money orders must be in U. S. Dollars and drawn on U. S. or Canadian banks. Payments postmarked on or before the due date are accepted without a late fee. Metered mail received after the due date is subject to penalties as described in #4 below.

4. If you fail to pay by the deadline you may continue to pay your tuition the week following the due date, plus a late fee as follows:

Past Due Balance	Late Fee
Over \$250	\$30
\$30-\$250	\$10
Less than \$30	\$ 0

If payment has not been received in the Student Accounts and Scholarships Office by the end of the late payment period, your registration for the current quarter as well as any future quarters will be cancelled. Students permitted to reregister after cancellation for nonpayment will be charged a \$75 fee, in addition to their tuition.

5. If you reregister, you must reregister for all classes on your schedule at the time of registration cancellation. (Fees will include appropriate charges for classes dropped during the forfeiture period.) If you wish to drop any courses after you reregister, you may do so on STAR until the end of the seventh week of the quarter. A \$20 change fee will be assessed. No reregistration will be possible after the last day of instruction. Please note: Even if your registration is cancelled you will continue to owe one-half of your tuition.

6. Credit cards are not accepted.

7. Tuition and fees not paid by the end of the academic quarter will be subject to an interest charge of 1% per month, or fraction of a month, (12% A.P.R.), beginning with the month following the end of the quarter.

## APPLICATION OF PAYMENTS TO A STUDENT'S ACCOUNT

As a rule, payments received for a student's account are applied to charges in order of their due dates. For charges with the same due date, payments are applied first to tuition and related University fees and then to other charges on the account. A payment may be applied to a specific charge by contacting the Student Accounts Office at 129 Schmitz Hall. Financial aid from Federal Title IV programs is applied only to required tuition and fees and to loan and aid repayment obligations. The University may not apply such aid to pay insurance and some other optional charges.

## STUDENT INSURANCE

The University offers a voluntary accident and sickness insurance plan to supplement the services available at the Hall Health Center. UW students (except

nonmatriculated students and those enrolled in programs administered by UW Extension and UW faculty/staff or Washington state classified employees attending classes under the employee tuition exemption programs) who remain registered through at least the first six days of instruction in the quarter are eligible to enroll in the plan.

Students may sign up for the plan when they register for classes. If students are registered for classes by their academic departments, and no plan is indicated, they will be enrolled in the student-only quarterly plan. The insurance premium will be included on the quarterly tuition statements and must be paid by the quarterly tuition-due date. In most cases Financial Aid will not pay insurance directly so students must make sure the premium is paid on time. There is no late payment period for the insurance premium.

If students are billed for student insurance and wish to add, cancel, or change coverage, complete the appropriate section on the remittance advice copy of the billing statement and pay the revised amount, or make payment in person at the Student Accounts and Scholarships Office by the tuition due date.

International students must subscribe to the student insurance plan unless they are covered by another plan. Proof of other coverage must be submitted to the International Services Office and a waiver obtained each Autumn Quarter (or upon initial admission if other than Autumn Quarter) because waivers are valid only through Summer Quarter each year. Students holding insurance policies that expire during the academic year are responsible for obtaining new waivers, as necessary.

Brochures describing the plan in more detail are available at the Hall Health Center, the HUB, and the Registration Office, 225 Schmitz Hall. Plan benefits may change each academic year, so students are encouraged to review the brochure carefully.

#### WASHINGTON STUDENT LOBBY (WSL)

The Washington Student Lobby (WSL) is a voluntary, independent organization of university students whose purpose is to influence the Washington State Legislature and others on higher education matters of special interest to students. Students may choose to support the WSL by contributing \$1.00 each quarter. Support for the WSL may be indicated during registration and the voluntary contribution will be included on the tuition billing statement for payment with tuition.

#### WASHINGTON PUBLIC INTEREST RESEARCH GROUP (WASHPIRG)

The Washington Public Interest Research Group (WashPIRG) is a student-directed, non-profit and non-partisan research organization. Students may choose to support WashPIRG by contributing \$2.00 each quarter. Support for WashPIRG may be indicated during registration and the voluntary contribution will be included on the tuition billing statement for payment with tuition.

## GRADING INFORMATION RELATED TO REGISTRATION

### SATISFACTORY/NOT SATISFACTORY

Students may elect to take certain courses on a Satisfactory/Not Satisfactory (S/NS) basis. Advisers should be consulted, and in no case are undergraduate students allowed to register for more than six credits (or for one course, if that course is offered for more than six credits) on a Satisfactory/Not Satisfactory basis in a given quarter.

Students may register for the course on STAR, but they must go in person to the Registration Office, 225 Schmitz Hall to elect the S/NS grade option. STAR will not accommodate the S/NS grade option.

S/NS must be elected during initial registration or added or dropped during the first five days of the quarter.

For undergraduates, a course in which an "S" is earned may not be used to satisfy any department, college, or University requirement, except that the credits may be applied to the minimum of 180 credits required for graduation. Each instructor will report conventional grades to the Registrar, who will convert satisfactory grades (2.0 or greater) to "S," and unsatisfactory grades (less than 2.0) to "NS" for the student's transcript. No more than 25 S/NS credits will apply to an undergraduate degree.

Graduate students earning grades of 2.7 or above receive a grade of S (Satisfactory), while 2.6 or below are recorded as NS (Not Satisfactory). With the approval of his or her graduate program adviser or Supervisory Committee Chairperson, a graduate student may elect to take any course for which he or she is eligible outside of his or her major academic unit on an S/NS basis.

In cases of withdrawal, the W is recorded. Neither S nor NS is included in the grade-point average. N, I, and X are recorded until the instructor reports the final grade, or in cases of incompletes received by undergraduates, until the I is converted by the Registrar.

### CREDIT/NO CREDIT COURSES

Some courses are offered on a credit/no credit (CR/NC) basis. It is not possible to register S/NS to take these courses, because the only grades assigned by the instructor are CR (Credit) or NC (No Credit). Neither CR nor NC is included in the grade-point average. In cases of withdrawal a W is recorded. N, I, and X are recorded until the instructor reports the final grade, or in cases of incompletes received by undergraduates, until the I is converted by the Registrar.

### AUDITORS

STAR is not available for audit registration, which must be completed in person at the Registration Office, 225 Schmitz Hall. Students may select the audit option through the tenth class day only. Attendance in courses as an auditor is by consent of the instructor involved and is conditioned on the space available. Permission to audit is ordinarily granted for lecture classes only. An auditor may not participate in class discussion or laboratory work, and his or her registration may be cancelled at the discretion of the instructor. No entry is made on the permanent record for courses audited. To receive credit for an audited course, the student must register for the class for credit in a subsequent quarter.

Auditors, except ACCESS program students, pay standard tuition and fees and must be regularly admitted and registered in the course. Although credits for audited courses will not be listed on the schedule of classes, they will be included in the billing on the fee statement. Such credits count in the calculation of fees.

Courses audited may not be changed to/or from credit registrations after the second week of the quarter.

### INCOMPLETE GRADE

Incomplete grades may only be awarded if the student is doing satisfactory work up until the last two weeks of the quarter. Undergraduate students must not reregister for courses in which they have received an Incomplete, since a grade earned in a repeat course will not be recorded as an Incomplete conversion grade. To obtain credit for the course, an undergraduate student must convert an Incomplete into a passing grade no later than the last day of the next quarter. An Incomplete not made up by the end of the next quarter will be converted to the grade of 0.0 by the Registrar unless the instructor has indicated, when assigning the Incomplete grade, that a grade other than 0.0 should be recorded if the incomplete work is not completed. The original Incomplete grade is not removed from the transcript.

### GRADE APPEAL PROCEDURE

See the *General Catalog*, page 30, for appeal procedure.

Makeups Incomplete Removals Conflicts	When mutually agreeable to faculty members and students concerned, provided scheduled no later than Friday, June 14.				

Final examinations should be administered in accordance with the above examination schedule.

The dean may permit an instructor to change the time of a final examination upon prior application demonstrating good cause for such change. In such cases, the following guidelines shall be observed:

1. With the dean's permission, the final examination may be postponed or moved to an earlier time within the examination period if agreed to by all students and the instructor. Before approving the rescheduling of a final examination, the dean shall obtain assurances that the change will not have an undue adverse impact on the students. The dean shall notify the Registrar of the approval granted for the date of a final examination.
2. An instructor shall not, except in very unusual circumstances, grant permission to individual students for an early examination. If the student is unable to take an examination on the scheduled date, the procedure outlined in the following paragraph should be followed.
3. A student absent from any examination through sickness or other cause, judged by the instructor to be unavoidable, shall be given an opportunity to take a rescheduled examination or perform work judged by the instructor to be the equivalent.

If the instructor determines that neither alternative is feasible during the current quarter, the instructor may exempt the student from the requirement. Examples of unavoidable cause include death or serious illness in the immediate family, illness of the student, and, provided previous notification is given, observance of regularly scheduled religious obligations.

4. Classes that meet on the hour use the first full hour of instruction to determine the time of examination. For example, a class that meets at 10 a.m. uses the 10:30 a.m. examination time.
5. Classes that begin on the half hour and last longer than one hour use the actual starting time to determine the examination time. For example, a class that meets at 7:30 a.m. and continues until 9:00 a.m. would use the 7:30 a.m. time.
6. Classes in which the entire class meets at the same hour every day, in the same room, may use that room at 8:30 or 2:30 p.m. for a three-hour examination. All other examinations are limited to one hour and fifty minutes unless other arrangements are made with Room Assignments.
7. If an examination is held at a time other than the above schedule indicates, instructors must check with Room Assignments to make sure the room is available.

# NEW COURSES FOR SPRING QUARTER 1991

The following list includes new courses that will be offered Spring Quarter 1991, which were added to the University curriculum after publication of the 1990-1992 General Catalog. Consult the appropriate academic department for information on courses not listed below.

## COLLEGE OF ARTS AND SCIENCES

### AMERICAN ETHNIC STUDIES

#### *Afro-American Studies*

**AFRAM 252 BLACKS IN AMERICAN LAW (5)**  
Selected topics in Black legal history. Historical continuity for the changing relationship between American jurisprudence and Black Americans between 1640 and 1986. Statutory and case law which determine the role of Blacks in American society, and the use of the law by Blacks to gain civil and personal rights in society.

#### *Asian American Studies*

**AAS 395 SOUTHEAST ASIAN AMERICANS: HISTORY AND CULTURE (5)**  
Examines experience of Southeast Asian refugees in the United States from 1975 to the present. Topics include migration, relocation, resettlement, and adjustment. Emphasis on long term mental health and adjustments.

### ANTHROPOLOGY

**ANTH 470 MINORITY PEOPLES OF CHINA (5)**  
Interaction between China and the peoples of its periphery, including Inner Asia, Tibet, Northern Mainland Southeast Asia, and aboriginal peoples of Taiwan. Emphasis on ethnicity, ethnic group consciousness, role of the Chinese state. Joint with SISEA 470. Prerequisite: 202 or HSTAS 454 or ANTH/SISEA 443 or ANTH/SISEA 444 or ANTH 428.

**ANTH 509 SOCIOCULTURAL ANTHROPOLOGY PROBLEM PAPER (4)**  
All first year graduate students in sociocultural anthropology select a topic for independent research, conduct that research, and prepare a paper of about 25-50 pages on the topic chosen. Prerequisite: first-year sociocultural graduate students in good standing or permission of sociocultural faculty.

**ANTH 551 RESEARCH DESIGN (3)**  
Principles of research design, including problem delineation and selection of appropriate methods, as applied to current issues in sociocultural anthropology. Prerequisite: permission of instructor.

### Archaeology

**ARCHY 299 ARCHAEOLOGICAL LABORATORY TECHNIQUES (1-3, MAX. 12)**  
Laboratory procedures geared to one specific archaeological research project. Archaeological collection, its processing and curation, how archaeological materials are processed, and how significance is determined. (No more than 5 credits may be used toward an anthropology major.) Prerequisite: 105 or 205.

## ASIAN LANGUAGES AND LITERATURE

### *Indian*

**INDN 410 PRAKRIT (3, MAX. 6)**  
Introduction to the various Prakrit or Middle Indo-Aryan dialects (Sauraseni, Maharashtri, Magadhi) from literary, canonical, and inscriptional sources. Prerequisite: SNKRT 303 or equivalent.

### BOTANY

**BOT 597 ADVANCED READING IN BOTANY (1-3, MAX. 12)**  
Reading and evaluation of subject matter in plant, algal, and fungal biology. Prerequisite: permission of instructor.

**BOT 598 FIELD STUDIES IN BOTANY (1-6, MAX. 12)**  
Field studies of plants, algae, or fungi. Emphasis on methods and techniques for gathering and evaluating field data. Prerequisite: permission of instructor.

**BOT 599 LABORATORY STUDIES IN BOTANY (1-6, MAX. 12)**  
Laboratory studies of plants, algae, and/or fungi. Emphasis on methods, procedures, and evaluating research result. Prerequisite: permission of instructor.

### CLASSICS

**CLAS 399 STUDY ABROAD: CLASSICS (3-15, MAX. 20)**  
For participants in classics overseas study programs. Specific course content determined by assigned faculty member. Credit not applicable to majors in the Classics Department without approval. Prerequisite: permission of department chair.

### DANCE

**DANCE 510 CHAMBER DANCE PRODUCTION (3, MAX. 9)**  
Dance production in the university environment. Publicity, programming, budgeting. Rehearsal, rehearsal direction, and performance of Chamber Dance Company repertoire.

**DANCE 515 DANCE RESEARCH METHODS (3)**  
Seminar in problem identification and definition, theory development, research design, data analysis, and interpretation. Examples of various types of dance research.

**DANCE 522 APPLICATIONS OF DANCE EDUCATION (3)**  
Readings, lectures, and discussion relating to the role of dance in the community, the university, and other social contexts. Guest lecturers in dance professions and related arts address the topic of interdisciplinary potentials and responsibilities.

**DANCE 590 DANCE TEACHING METHODOLOGIES (3)**  
Introduction to dance pedagogy with an emphasis on motor learning skills and biomechanics. Practical teaching experience.

**DANCE 600 INDEPENDENT STUDY OR RESEARCH (\*)**  
Prerequisite: permission of Supervisory Committee Chairperson or Graduate Program Coordinator.

### GENERAL STUDIES

**GST 101 UNIVERSITY STUDY SKILLS (2)**  
Practice in skills necessary for academic success, including effective studying, note-taking, test-taking, and time and stress management. Academic planning. Introduction to university and community resources. (Last quarter offered Sp 91.)

### GEOGRAPHY

**GEOG 599 EFFECTIVE TEACHING OF GEOGRAPHY (1)**  
Designed for the ongoing development of effective teaching and professional skills. Topics/activities include micro-teaching, communications and presentation skills; course organization, time management, personal and small group dynamics; design of geography curricula using simulations and computer-assisted instruction in the classroom, and fostering of creative thinking.

### GEOLOGICAL SCIENCES

**GEOL 477 ISOTOPE GEOLOGY: LITHOSPHERE (3)**  
Radiogenic isotopes as petrogenetic indicators; isotopic evolution of earth's major geochemical reservoirs; application to problems in igneous, metamorphic, sedimentary petrology; stable isotope geothermometry; nucleosynthesis, origin and chronology of solar system formation; U-Th disequilibrium series; short-lived cosmogenic nuclides. Prerequisites: 320,321, CHEM 150 or 155, or permission of instructor.

### GEOPHYSICS

**GPHYS 425 NASA SCIENCE AND ENGINEERING RESEARCH SEMINAR (1)**  
Review of current cross-campus NASA research. Emphasis varies, but topics may include global change, the solar system, aeronautical engineering, and remote sensing.

### HISTORY

**HST 515 FIELD COURSE IN THE HISTORY OF TECHNOLOGY (3)**  
Introduces students to the literature, methodology, and problems of the history of technology, and prepares them for independent study in the field.

### *History of the Americas*

**HSTAA 445 ECONOMIC HISTORY OF THE UNITED STATES (5)**  
Growth and development of the United States' economy from the colonial period to the present. Follows the course of economic change, examines contemporary reactions, and analyzes implications for American society and politics.

**HSTAA -504 SEMINAR IN AMERICAN HISTORY, EARLY (-3)**  
Research seminar in early American history, 1600-1875.

### *Ancient and Medieval History*

**HSTAM 535 LATER MEDIEVAL EUROPE (3)**  
Field course which surveys European history from ca. 1250 to 1500, with particular attention to historiography. Prerequisite: permission of instructor or graduate studies coordinator; recommended: reading knowledge of French or German.

### *History of Asia*

**HSTAS 530 FIELD COURSE IN SOUTHEAST ASIAN HISTORY (3)**  
Introduction to major English-language works on Southeast Asian history and to the major historiographical issues of the area.

### *Modern European History*

**HSTEU -512 CORE SEMINAR IN THE HISTORY OF MODERN EUROPE (-3-)**  
An introduction to historiographical classics and exemplary new works in the various fields of modern European history. Members of the seminar choose research topics and present the results of their research to the seminar. Prerequisite: -511-.

### INTERNATIONAL STUDIES

### *Comparative Religion*

**RELG 324 THE EMERGENCE OF CHRISTIANITY (5)**  
Studies stages in the development of Christianity as a new religion, during the first to fifth centuries C.E., as the classical forms and institutions of Christian "orthodoxy" gradually achieved definition, and as this emerging Christian tradition became a dominant cultural and socio-political force. Prerequisites: 220, 201, or HST 307.

**RELG 570 RELIGION AND LITERATURE (5)**  
The relation of religious thought to the study of imaginative literature. Includes both critical theory and practical criticism of exemplary texts.

### *East Asian Studies*

**SISEA 242 INTRODUCTION TO CONTEMPORARY JAPAN (5)**  
Interdisciplinary introduction to Japanese culture, society, politics, economics, history, law, and literature. Focuses on the period following World War II.

**SISEA 470 MINORITY PEOPLES OF CHINA (5)**  
Joint with ANTH 470. See Anthropology for description.

### MATHEMATICS

**MATH 187 ELEMENTARY MATHEMATICS COMPUTER LABORATORY (1, MAX. 3)**  
Laboratory activities designed to introduce computing as a tool for doing mathematics. Prerequisite: concurrent enrollment in a designated 100-level mathematics course.

### NEAR EASTERN LANGUAGES AND CIVILIZATION

**NE 251 JEWISH LIFE IN LITERATURE AND FILM (3)**  
Major themes of Jewish life treated in modern narrative and cinema. Topics include religious tradition and modernity. Jewish immigration to America, responses to the Holocaust and Zionism.

### PHYSICS

**PHYS 208 THE PHYSICS OF SPORTS (3)**  
Record of performances of top athletes shown close to limits imposed by physical laws. Studying the science of motion, forces, momentum, collision, energy and power. Emphasizes application of these ideas to human physiology and human experience such as sprinting, high jumping, baseball, tennis, football, and other sports.

## PSYCHOLOGY

### **PSYCH 453 SOCIAL PSYCHOLOGY OF INTERPERSONAL CONFLICT (3)**

Examination of the origins, nature, and consequences of interpersonal conflict. Focuses on social psychological theory and empirical research in the areas of social conflict, negotiation, and bargaining. Examines the role of motivation, cognition, and social relationships on behavior in interpersonal conflict. Prerequisite: 209 and 345 or permission of the instructor.

## ROMANCE LANGUAGES AND LITERATURE

### **French**

### **FREN 123 FRENCH IMMERSION (5)**

This "planned immersion" approach covers the equivalent of elementary French (103) through an alternative method with video as the central medium of presentation.

## SPEECH AND HEARING SCIENCES

### **SPHSC 525 SPEECH SIGNAL PROCESSING (3)**

Theory, evaluation, and use of speech signal processing algorithms such as sampling, filtering, spectral analysis, autocorrelation, and speech synthesis. Laboratory assignments develop skills in using a set of signal analysis and synthesis software applied to normal and pathological speech.

## SPEECH COMMUNICATION

### **SPCH 581 ADVANCED RESEARCH METHODS IN SPEECH COMMUNICATION (4)**

Application of social scientific methods to problems in quantification, design, and analysis of communication data. Emphasis on advanced data collection concerns, multivariate data analysis, and computer operation. Prerequisite: 576

## COLLEGE OF EDUCATION

## EDUCATIONAL CURRICULUM & INSTRUCTION

### **EDC&I 505 SEMINAR IN CURRICULUM AND INSTRUCTION (1-3, MAX. 15)**

Seminar on advanced topics in curriculum and instruction. Critical examination of current research and practice. Content varies, check quarterly *Time Schedule* for topics to be covered. Prerequisite: permission of instructor.

### **EDC&I -579 QUALITATIVE METHODS OF EDUCATIONAL RESEARCH (-3)**

Survey of various qualitative research methods from a variety of disciplinary perspectives (anthropology, cognitive psychology, policy analysis and evaluation) with intensive experience in the collection, analysis, and reporting of data. Joint with EDPSY -587 Prerequisites: second year doctoral standing and at least one course in statistics.

## EDUCATIONAL PSYCHOLOGY

### **EDPSY -587 QUALITATIVE METHODS OF EDUCATIONAL RESEARCH (-3)**

Joint with EDC&I -579. See Curriculum & Instruction for description.

## COLLEGE OF ENGINEERING

19

## CHEMICAL ENGINEERING

### **CHE 462 APPLICATION OF CHEMICAL ENGINEERING PRINCIPLES TO ENVIRONMENTAL PROBLEMS (3)**

Environmental problems in chemical engineering. Team taught; topics vary from year to year. Includes: geo-media, flow and dispersion through porous media, water flow in dry soils, chemistry of radioactive waste, in situ site cleanup, ex situ site cleanup, colloid and surface science. Prerequisite: 330.

## COMPUTER SCIENCE AND ENGINEERING

### **CSE 370 INTRODUCTION TO DIGITAL DESIGN (4)**

Introductory course in digital logic and its specification, simulation and testing. Boolean algebra, combinational and sequential digital circuits including arithmetic circuits and programmable logic devices. Laboratory sessions, three hours per week, to design, simulate, construct, and debug circuits based on concepts presented in lectures. Prerequisite: 321 or permission of instructor.

## ELECTRICAL ENGINEERING

### **EE 464 MOBILE ROBOTS III: INTEGRATION AND PROJECTS (4)**

Application of principles of autonomous navigation and control to actual vehicles in semi-structured laboratory environments. Projects to demonstrate autonomous behavior. Prerequisites: 463 and senior standing.

### **EE 466 DESIGN IN ELECTROMAGNETICS, OPTICS, AND ACOUSTICS (4)**

Design of electromagnetic, optical and acoustic (EDA) devices and systems. Measurements of material properties and system characteristics. Utilization of software for simulation of propagation, interaction and devices in optics, microwave, millimeter wave, acoustic, and ultrasound. A list of projects available prior to registration. Prerequisites: 356, 381, and senior standing.

## CORE COURSES

### **ENGR 250 FUNDAMENTALS OF ENGINEERING ECONOMY (4)**

Introduction to industrial cost analysis. Basics of industrial cost accounting. Application of interest computations to engineering decision making. Analysis of engineering alternatives based on use of interest computations, valuations, depreciation, and cost estimates in process and product manufacturing. Use of spreadsheets.

## INDUSTRIAL ENGINEERING

### **INDE 352 HUMAN FACTORS: WORKSTATION DESIGN (3)**

Extension of the material on the fundamentals of human factors; biomechanics, workstation design, controls, anthropometrics, environmental factors such as noise and vibration, temperature, and humidity are discussed. Concentration on design. Prerequisites: 351, ENGR 315.

### **INDE 430 MANUFACTURING SCHEDULING AND INVENTORY (3)**

Manufacturing scheduling, inventory control for different work organizations. Coverage of workforce scheduling, job shop scheduling, assembly line balancing, MRP, just-in-time, OPT, and larger project scheduling. Prerequisites: 362, ENGR 315.

**MATERIALS SCIENCE AND ENGINEERING****MSE 443 SENIOR SEMINAR (1)**

Seminar consisting of student reports of senior projects. Prerequisite: senior standing.

**COLLEGE OF FOREST RESOURCES****FOREST RESOURCE MANAGEMENT****FRM 517 BIOTRANSFORMATIONS OF HAZARDOUS COMPOUNDS (1)**

Presentation and discussion of the current literature in biotransformation and biological degradation of organic and inorganic compounds, particularly in the microbial environment.

**URBAN HORTICULTURE****UHF 531 SEMINAR IN HORTICULTURAL TAXONOMY AND LANDSCAPE PLANT SELECTION (1-3, MAX. 12)**

Special topics in horticultural taxonomy (nomenclature and systematics of cultivated plants, evolution of diverse genera and families, methods of analysis) and landscape plant selection natural ecology and biogeography of landscape plants, plant exploration, introduction and testing. Recommended: 331 and 431.

**SCHOOL OF MEDICINE****MEDICINE****MED 532 STATISTICAL METHODS IN MEDICAL GENETICS (2)**

Joint with BIOST 532. See Biostatistics for description.

**PHYSIOLOGY AND BIOPHYSICS****P BIO 509 NEUROENDOCRINOLOGY (3)**

Emphasizes the cellular and molecular aspects of several topics in endocrinology, including neuroendocrine physiology, neuropeptide genes, reproduction, steroid hormone regulation of gene expression, mechanisms of hormone action, endocrine rhythms and neural oscillators. Prerequisite: BIOL 200-202; BIOC 440-442

**SCHOOL OF NURSING****NURSING SCIENCE****NURS 598 SPECIAL PROJECTS ((1-12)-, MAX. 12)**

Special projects course to fulfill the requirements of the non-thesis option for Master's students in nursing. Projects involve scholarly inquiry with in-depth focused analysis, culminating in a written pro-duct/report for dissemination. Prerequisites: 520 and 521 or permission of instructor.

**GRADUATE SCHOOL OF PUBLIC AFFAIRS****PBAF 598 ADMINISTRATIVE AND POLICY SKILLS WORKSHOP (1-3)**

Teaches practical administrative, leadership, and analytic skills commonly required of managers and analysts in the public and non-profit sectors. The workshops emphasize hands-on problem resolution, simulations, and actual practice.

**SCHOOL OF PUBLIC HEALTH AND COMMUNITY MEDICINE****BIOSTATISTICS****BIOST 532 STATISTICAL METHODS IN MEDICAL GENETICS (2)**

Theory and application of statistical techniques used in medical genetics. In-depth discussion of linkage and segregation analysis and ascertainment problems. Applications stressed with reference to assumptions and limitations. Data sets analyzed with current computer programs. Prerequisite: knowledge of genetics or permission of instructor. Joint with MED 532.

**ENVIRONMENTAL HEALTH****ENH 591 CURRENT TOPICS IN TOXICOLOGY (1, MAX. 6)**

Provides in-depth examination of current topics in environmental and occupational toxicology taken from journal articles and seminars. Consists of presentations led by outside speakers, students, post doctoral fellows and faculty. Students expected to participate actively in discussion. Assigned weekly readings given according to the schedule of seminar speakers and topics.

**ENH 595 RESEARCH ROTATION (3, MAX. 9)**

Research laboratory rotation for pre-doctoral graduate students. Students commit at least 10 hours per week to a laboratory research project aimed at introducing the student to current methods in laboratory research, and to familiarize the student with specific faculty research interests. Prerequisites: graduate standing and permission of program director.

**ENH 800 DOCTORAL DISSERTATION (\*)**

Credit/no credit only. Prerequisite: permission of departmental adviser.

# W COURSES OFFERED SPRING QUARTER 1991

Students who plan to take majors in the College of Arts and Sciences and who started college Autumn Quarter 1983, or later, must complete 10 credits of courses designated "W". Some other undergraduate majors also require W courses. W courses are not English composition courses but, rather, are courses in which a substantial amount of writing is required. Almost any department can offer W courses. The following courses being taught Spring Quarter 1991 have been designated as W courses.

You need to bring your Spring Quarter Student ID Card when you purchase your Summer IMA Facility Use Card.

# Independent Study by Correspondence

Distance Learning offers University of Washington courses through independent study by correspondence. These courses are self-paced. Students complete the required assignments and examinations on their own schedule. The minimum completion time is two months.

Although you cannot enroll in these courses through STAR, you can enroll for a course at any time (not just at the beginning of a quarter) and have up to a year from that date to finish the coursework.

A regularly-enrolled UW student who wishes to register for additional courses through Distance Learning should consult with a departmental adviser to verify applicability to his/her academic program. Fees for Distance Learning courses are separate from Spring Quarter tuition and are \$51 per credit.

Applications and additional information on enrollment procedures may be obtained from the Distance Learning office, 5001 25th N.E., or by telephoning (206) 543-2350.

The following courses are currently offered by Distance Learning (credits in parentheses).

# HOW TO READ THE COURSE LISTINGS

The information published in the *Time Schedule* is subject to change. The instructor for a particular course may be changed, or the instructor may use assistants in teaching the course and courses may not meet each day listed. Additionally, courses listed in this publication may be canceled in the event of insufficient enrollment. Course, term, and section information are listed in the following columnar order:

# GUIDE TO CLASSROOM LOCATIONS

The three letter abbreviation is spoken on STAR and accompanied by the classroom number when the list schedule transaction (L#) is performed. The classroom abbreviation is also printed with the classroom number on your printed Registration Confirmation.
