The listing of courses contained in this Time Schedule is a preliminary list provided for planning purposes. The University reserves the right to (1) add or delete courses from its offerings, (2) change times, days, or locations of courses, (3) change academic calendars, or (4) cancel any courses for insufficient registration or academic/administrative decision without notice. All announcements in the Time Schedule are subject to change without notice and do not constitute an agreement between the University of Washington and the students.

What's New for Spring Quarter 1996 and Other Important Information

HARDSHIP WITHDRAWAL POLICY

You have seven weeks to decide to complete a course or drop it from your registration record. After the end of the 7th week, course drops are not permitted unless you have a *severe mental or physical disability that is preventing you from completing the course or unusual and extenuating circumstances beyond your control have prevented you from dropping the course by the deadline*. Petitions are reviewed by the Hardship Withdrawal Board and, if approved, a grade of "W" will be assigned to the course. Such petitions do not affect any tuition forfeiture charged, which must be petitioned separately through the Student Accounts Office.

You also have until the last day of instruction to withdraw from a particular quarter. If you do not withdraw by that day and the conditions outlined above apply, you may apply for a hardship withdrawal. If granted by the Board, your registration will be retroactively withdrawn for the quarter and grades of "HW" will be assigned to each of your courses.

The Office of the Registrar receives several petitions each quarter from students who have forgotten that they registered for a particular course and never attended any lectures and from students who thought they dropped the course but did not call STAR to make the drop transaction. To assist you in verifying your schedule, a Registration Confirmation (this is the form that also includes the quarterly validation sticker and U-PASS) is mailed to you each quarter. You should always check the Confirmation for any errors in your course schedule for that quarter. Although the Confirmations are printed and mailed before the quarter begins (unless you registered later), a quick call to STAR at (206) 548-STAR and pressing L # after you have identified yourself to the STAR system will give you a confirmation of your current schedule. The faculty will assign a failing grade to any student who has registered for a course but has not been to class or completed assignments. Don't take the risk - verify your schedule.

PLANNING TO PARTICIPATE IN THE 121ST COMMENCEMENT EXERCISES?

Commencement is scheduled for Saturday, June 8. Graduation applications for all baccalaureate degrees to be conferred for Spring Quarter 1996 and for Summer Quarter applicants who wish to participate in commencement must be submitted to the Graduation and Academic Records Office, 264 Schmitz Hall no later than April 12. Applicants will receive a packet of information concerning the ceremonies in late April. Please check to make sure your local address on file in the Office of the Registrar is correct.

Registration Eligibility, Periods, & Confirmations

REGISTRATION ELIGIBILITY

ALL STUDENTS

All students at the University who remain in good standing and in compliance with other rules and regulations, with no outstanding financial obligations, are guaranteed the opportunity to register each quarter as long as they maintain continuous enrollment (summer quarter excepted). Continuation must be in the same classification, e.g., undergraduate, post-baccalaureate (fifth-year), graduate, etc. Once a student earns a baccalaureate degree, he or she must apply for admission as a post-baccalaureate (fifth year), nonmatriculated, or graduate student. Exceptions to the guarantee are: (1) students under disciplinary action, (2) students with a registration hold, (3) students not meeting their departmental continuation policies, or (4) students not meeting the University's satisfactory progress policy (see General Catalog).

You will not be eligible to register for spring quarter 1996 if you have an outstanding debit on your tuition and fee account. Contact the Student Account and Cashiers Office and pay any fees due, in order to register.

UNDERGRADUATE AND PROFESSIONAL STUDENTS (QUARTER OFF ELIGIBILITY)

Subject to college, school and departmental enrollment policies, undergraduate and professional students who have completed a quarter at the University of Washington may take the following quarter off and remain eligible to register in Registration Period I for the subsequent quarter without submitting applications as returning students. For example, a student completing autumn quarter may, without registering for or completing winter quarter, register during Registration Period I for spring quarter without reapplying. Any quarter from which a student has completely withdrawn, or from which he/she is canceled, does not constitute a completed quarter. Summer quarter enrollment is not required to maintain continuous registration eligibility.

Returning students who do not meet the criteria described in the above paragraph must submit a Returning Student Reenrollment Application by the published deadline.

GRADUATE STUDENTS

The Quarter-Off Eligibility Policy is not available to graduate students. Graduate students who do not maintain continuous enrollment (summer quarter excepted) must file a Petition for On-Leave Status with the Graduate School. Students who are registered for any portion of a quarter may not go on-leave for that quarter unless they officially withdraw at the Registration Office, 225 Schmitz Hall prior to the first day of the quarter. On-leave graduate students returning to the University on or before the termination of their authorized periods of leave must apply as returning former students (through

the Registration Office by the published deadlines). If you withdraw after the quarter begins, you may register for the next quarter during Registration Period I. See Grading, Withdrawal & On-Leave section for more information.

REGISTRATION PERIODS

REGISTER EARLY

You may call STAR during Registration Periods I or II before your registration eligibility date and complete sections I and II of the STAR Worksheet. A \$25 late registration fee is charged students who have not completed sections I and II of the STAR Worksheet by the first day of the quarter (March 25).

STAR HOURS

STAR is available for registration Monday through Friday, 6:00 a.m. to 12:00 midnight, Saturday, 9:00 a.m. to 12:00 midnight, and Sunday 10:00 a.m. to 12:00 midnight.

PERIOD I - FEBRUARY 16 - MARCH 3

This period is open only for continuing students currently enrolled winter or for students who completed autumn quarter 1995.

Priority registration dates are based on your completed credits, your winter quarter 1996 credits as of February 14, and the last digit of your student number. The student number priority will be changed each quarter so that all students will have the earliest possible priority every other quarter. One half of the available spaces in each course are reserved for day two of each priority period. If a STAR message states that the first day spaces are filled, then the other half will be released on day two of that priority period. You may call STAR on, or after, your registration date to register and make changes to your schedule.

GRADUATING SENIOR PRIORITY

If you are a graduating senior or post-baccalaureate student with a degree application on file in the Graduation and Academic Records Office, you may register on the first day of Period I for your final two quarters. If you must postpone your graduation, you may save your priority quarters by not registering before your regular senior priority day. When you have used your Graduating Senior Priority for two quarters, you will revert to regular senior priority.

PERIOD II - MARCH 4 - MARCH 24

This period is primarily for newly admitted students and returning former students. Advising / registration notices of dates are mailed to newly admitted or readmitted students. You may register on, or after, your date. Continuing students may call STAR any day during this period.

PERIOD III - MARCH 25 - APRIL 5

This period is open to all students for course adds and drops. STAR closes at 6 p.m., Friday, April 5. STAR will be closed on Saturday, April 6. The Registration Office, 225 Schmitz, will be open for transactions not available on STAR, Monday-Friday, March 25 - April 5, 8 a.m. to 5:00 p.m. The deadline to add courses is 6 p.m., Friday, April 5.

PERIOD IV - APRIL 8 - MAY 12

This period is open for dropping courses on STAR and to elect audit grade option only. Changing to audit grade is only available at the Registration Office, 225 Schmitz Hall, Monday, April 8 through Friday, May 10, 8 a.m. to 5 p.m.

REGISTRATION CONFIRMATION

Registration Confirmations for students who registered by March 1 will be mailed on March 4. If you register after March 1, your Registration Confirmation will be mailed in two working days. Call 543-3868 to record your correct address. Confirmations will not be mailed outside the United States during Registration Period II and III and will not be mailed to addresses outside of the state of Washington during the last week of Period II and during Period III. If you are using an out-of-state address, you may claim your confirmation at the Registration Office, 225 Schmitz Hall, within two working days.

You may also confirm your registration schedule by calling STAR and using the List Schedule Transaction (L #). This listing includes building and classroom locations.

STAR Registration

STAR

STAR (Student Telephone Assisted Registration) is the University of Washington's touchtone telephone registration system. You may call STAR from any touchtone phone to register. Touch-tone phones are conveniently located in the Registration lobby, 225 Schmitz Hall, the T-Wing lobby in Health Sciences, 9 Communications, and the ground floor level of the HUB.

STAR is available all weekdays and most holidays and weekends. Weekend hours not specifically scheduled are not guaranteed and may be subject to equipment and software maintenance requirements. STAR weekend hours are 9:00 a.m. to 12:00 midnight on Saturdays and 10:00 a.m. to 12:00 midnight on Sundays. Weekday hours are 6:00 a.m. to 12:00 midnight.

STAR FEATURES

ADDING COURSES

Courses may be added during Periods I, II, and III. An add code is required to add a course and a \$20 change fee is charged beginning April 1. This is in addition to any tuition. Always check your balance after adding a course. See Changes in Registration for additional information on adding courses. Friday, April 5, at 6:00 p.m. is the last day to add a course for spring quarter 1996.

ADD CODES

Some courses require Add Codes or Faculty Numbers that are available through the department offering the course. See ENTRY CODES for more information on using Add Codes.

DROPPING COURSES

Courses may be dropped during Periods I, II, III and IV. You may drop courses through April 7 and receive no entry on your transcript. Beginning April 1, a \$20 change fee is charged to drop a course. This is in addition to any tuition forfeiture. Always check your balance after dropping a course. See Changes in Registration for additional information on dropping courses. Sunday, May 12 is the last day to drop a course for spring quarter 1996.

DROP CODES

Some courses require drop codes that are available through the department offering the course. See ENTRY CODES for more information on using drop codes.

COURSE AVAILABILITY

Beginning Period I, you may call STAR at any time to complete section II of the Star Worksheet and check course availability.

ALTERNATE SECTIONS

STAR lists alternative sections if the requested sections are closed or canceled.

CONFIRMED REGISTRATION

You may confirm your registration schedule by calling STAR and using the List Schedule Transaction (L#). This listing includes building and classroom locations.

STUDENT ACCOUNT AND LOAN STATUS

Call STAR to: list your current student account balance; list a summary of disbursed financial aid and aid check availability; and list the latest recorded student

account payment. Review the STAR Work Sheet for the transaction codes.

GRADES ON STAR

STAR lists all officially recorded grades for the most recently completed quarter. Spring quarter 1996 grades and GPA's are available on STAR beginning June 12.

CHANGING YOUR INSURANCE PLAN AND OPTIONAL CHARGES

If you wish to change your insurance plan or optional charges for WashPIRG and WSL after your initial selection, you may do so on STAR by the tuition due date. Please refer to the STAR Worksheet in this Time Schedule for instructions.

PRIVATE ACCESS CODE (PAC)

The first time you ever call STAR, enter your date of birth when STAR asks you to enter a Private Access Code. STAR will then prompt you to select a Private Access Code or PAC of 4 to 6 digits that you can easily remember. Enter the PAC you select when prompted by STAR. You will then use your PAC for all future calls to STAR. If you wish to change your PAC, you may do so at any time using transaction code 9. Please refer to the STAR Worksheet in this Time Schedule for instructions. If you forget your PAC, you will need to contact the Registration Office, 225 Schmitz Hall or call 543-8580 to obtain your code or select a new PAC.

IF YOU MAKE A MISTAKE

If you make a mistake before finishing an entry, press the star key and the number sign key (*), and your entry will be discarded.

MERLIN TELEPHONE

If you are using an AT&T Merlin telephone to call STAR, press the # sign key twice to send transactions.

TIME AND CALL LIMITS WHEN CALLING STAR

Time limits are built into the system, so if you are holding on the STAR line for an extended period of time, you will be disconnected. Error limits are also a part of the STAR system, so if you do not enter the correct information after the second try, STAR will disconnect. If you are disconnected you may immediately call back to STAR. You may call STAR up to 100 times a day. No transactions will be permitted when your calls exceed 100 on that day.

CLOSED COURSE SECTIONS

If the section requested is closed, you will be informed by STAR of open section alternates (including new sections added after the publication of the quarterly Time Schedule). You may then select an alternate section to be added to your schedule. To overload a closed section see OVERLOAD GUIDELINES.

STAR QUESTIONS

If you have questions regarding registration, please call the Registration Office, (206) 543-4000, Monday through Friday, from 8:00 a.m. to 5:00 p.m. The audio-library system has complete recorded instructions. If you need additional assistance, press "0" and a staff member will help you during business hours.

FOLLOW THESE STEPS BEFORE CALLING STAR

Read the Registration Eligibility, Periods, and Confirmation; STAR Registration, and the STAR Work Sheet sections.

Academic advising is highly recommended, and it is suggested that you make an appointment with your adviser before selecting your courses.

Obtain an Entry Code or Faculty Number from department for courses requiring entry codes.

Organize your registration materials (Time Schedule, STAR Work Sheet). Use the spring quarter 1996 TIME SCHEDULE to obtain the schedule line number (SLN) for each course section. SLN's change every quarter. Prepare an alternate course section list because some sections may be full.

Take care of all University financial obligations before calling STAR, since STAR will not permit you to register if there is a "hold" on your registration.

Call STAR from a touch-tone telephone and begin with Section I on the STAR Work Sheet. You will be asked to provide information in Section II during your first telephone call to STAR each quarter. Always exit STAR using the "T" transaction following by the number sign key (#) so that you can find out how to obtain your Registration Confirmation.

Beginning with Registration Period I, you may call STAR as often as you want to check the status of sections, confirm schedule listed, add/drop courses, check your account balance, etc.

STAR TRANSACTION CODES

The transactions you enter on your touch-tone telephone communicates to the computer the action to take (such as add a course, drop a course, etc.) and data you want considered. The transaction code legend follows:

A = Add a course
D = Drop a course
L = List class schedule
S = Course Status
T = Terminate your call and receive registration confirmation information
G = List your grades
11 = Account balance
12 = Financial Aid Summary
14 = Last received payment
15 = Optional charges
* = Star key; used to

separate data

You may call (206) 543-3868 at any time to change your address information.

CHANGES IN REGISTRATION

A \$20 change-of-registration fee is assessed for any number of add, drop or change transactions (including change of grading option) made during a given day beginning April 1. The \$20 fee is a service charge and is in addition to any change in tuition or forfeiture as a result of adds, drops or changes.

There is no charge for changes made in Registration Periods I, II and the first week of Period III.

Fee waivers are rarely approved. If you think your change is necessitated by a University error or is at the University's request, you must pay the fee and submit a petition for a refund to the Registration Office, 225 Schmitz Hall. You will be notified of the decision by the Office of the Registrar. The fee will be waived only if the change is necessitated by a University error or is at the University's request.

CLASS ATTENDANCE GUIDELINES

If you do not attend regularly scheduled class meetings during the first week of the quarter, you are subject to being dropped at the discretion of the teaching department to allow enrollment space for other students. Affected courses should be identified in the Time Schedule and/or posted in departmental offices. Please do not assume that departments will automatically initiate a drop for nonclass attendees. If you are not going to go to class, you should drop the course through STAR since the instructor will assign a failing grade. You may not attend a University course in which you have not been officially registered.

An instructor may allow you to attend his or her class only if your name appears on the official class list from Office of the Registrar. A faculty member may attend informally with the approval of the instructor.

CREDIT LIMITATIONS

Undergraduates will be limited to 19 credits during Registration Periods I and II to allow all students a chance to develop a basic schedule. Additional credits may be added during Registration Period III. Thirty credits is the limit per quarter.

ENTRY CODES

Entry codes are five digit random numbers issued to you by academic departments as authorization to add or drop in restricted course sections. Entry Codes are not transferable. All courses require add codes to add beginning April 1.

Courses requiring add codes are designated with the symbol > to the left of the schedule line number (SLN) in the Time Schedule.

Please note that departments reserve the right to require entry codes whether the course is so designated in the Time Schedule or not. Usually information on where to obtain an entry code is found in the body of the Time Schedule, either as a comment before the course listing or following the title of the course. Contact the department offering the course if STAR advises you an entry code is required and the location for obtaining one is not identified in the Time Schedule.

Instructors may issue add codes to students when a class is full. (See OVERLOAD GUIDELINES for additional information on using add codes to overload closed courses.)

Once you have used an entry code, the computer removes it from the list of viable codes and will not accept it again. If you drop a section that required an entry code to add, then you must obtain another entry code from the department if you wish to re-add the section.

Some courses require a drop code to drop. Obtain the code from the department offering the course. Perform the drop transaction on STAR and enter the drop code when prompted by STAR.

FACULTY NUMBERS

If you are enrolling in independent study courses such as 499, 600, 700, or 800, you will first need to obtain a Faculty Number from the instructor or department. The Faculty Number is used instead of the entry code to register for the courses on STAR.

FULL-TIME STUDENT REQUIREMENT

You should register for 12 or more credits to be considered full-time if you are an undergraduate or professional student. If you are a graduate student, you should register for 9 or more credits. It is important to note that differing criteria and standards for full-time enrollment exist for eligibility in certain programs. Consult the Financial Aid Office for its requirements on satisfactory student progress. The tuition schedule does not reflect full-time credit requirements for loan deferments, teaching assistantships or other programs.

OVERLOAD GUIDELINES

For reasons of public safety and instructional quality, course enrollment in each section will be limited to the approved classroom capacity. The Office of the Registrar monitors course enrollments throughout the quarter according to the following guidelines:

- Through March 31, a student may add a section without permission unless the class is full or requires permission; then an add code is required. Beginning April 1, add codes are required to add any course. STAR will accept course overloads only up to 115% of classroom capacity to compensate for expected course drops.
- No course adds are accepted after April 5, STAR closes at 6:00 p.m. on that day.

REGISTRATION ASSISTANCE

If you work during the day or are incapacitated and need assistance with non-STAR transactions, please call the supervisor of the Registration Office at 543-5723 to make arrangements for assistance. If you are having problems using STAR, call the Registration Office at 543-8580 and a staff member will assist you.

REGISTRATION HOLDS

If you have a hold on your registration, you will not be permitted to register, add courses or obtain a replacement U-Pass until the hold has been released by the initiating office. If you attempt to register on STAR before your hold has been released, the voice response will indicate which office has placed the hold and where to go to get it released. However, you may make other transactions on STAR.

REGISTRATION IN SEQUENCE COURSES

Departments may establish a registration priority for students enrolled in sequence courses. For example, students enrolled in a foreign language 101 course may have priority to register in the next course sequence (102) for the succeeding quarter.

REGISTRATION TAMPERING

A student who tampers or attempts to tamper with the registration records of another student, including but not limited to dropping courses and adding courses, may be subject to disciplinary sanctions as defined in the Student Conduct Code (WAC 478-120).

TIME CONFLICT

You may not register on STAR for two courses that meet at the same time or for courses with overlapping meeting times. If you want the second course instead of the one you are registered for, you must drop the first one before adding the second course on STAR. If you want to add a course that conflicts with another, you must add the second course, in person, at the Registration Office, 225 Schmitz Hall. Students must obtain the approval of both instructors to add a course that conflicts one hour a week or less; instructor signatures on an Authorization for Non-Star Transactions form are required for courses that conflict more than one hour a week.

UNDERGRADUATE SATISFACTORY PROGRESS

If you are pursuing a baccalaureate degree, you are expected to make satisfactory progress toward the attainment of that degree and are expected to enter a major and graduate after completion of a reasonable number of credits. Refer to the General Catalog for additional information.

VARIABLE CREDITS

Some courses are offered for a variable number of credits. See the department to obtain the appropriate number of credits for a variable credit course and be prepared to enter the number of credits when requested to do so by the voice response on STAR. Changes in variable credits are made only at the Registration Office, 225 Schmitz Hall. Beginning April 8, all changes to variable credits require the signature of the instructor on departmental stationary or the Non-STAR Transaction Form (available in 225 Schmitz). A \$20 change-of-registration fee will be assessed.

Grading, Withdrawal & On-leave Information

GRADING

AUDITORS

You must first register on STAR and then go in person to the Registration Office, 225 Schmitz Hall to select the audit grade option. You may select the audit option through May 10. A \$20 change fee is charged beginning April 1. Attendance in courses as an auditor is based on the consent of the instructor and space availability. Permission to audit is ordinarily granted for lecture classes only. You may not participate in class discussion or laboratory work and your registration may be canceled at the discretion of the instructor. No entry is made on the permanent record for audited courses. However, registered courses changed to audit after April 5 will be recorded on undergraduate academic transcripts with a "W" and a number designating the week of the quarter in which the course change occurred; for graduates and professional students only a "W" will be recorded. To receive credit for an audited course, you must register for the class for credit in a subsequent quarter.

Auditors, except ACCESS program students, pay standard tuition and fees and must be regularly admitted and registered in the course. Although credits for audited courses will not be listed on your transcript, they will be included in the billing on the fee statement. Such credits count in the calculation of fees.

Courses audited may not be changed to credit registrations after April 5.

CREDIT/NO CREDIT COURSES

Some courses are offered on a credit/no credit (CR/NC) basis. It is not possible to register S/NS for these courses. Neither CR nor NC is included in the grade-point average. In cases of withdrawal, a "W" is recorded.

GRADE APPEAL PROCEDURE

See the General Catalog for appeal procedure.

INCOMPLETE GRADE

Incomplete grades may only be awarded if you are doing satisfactory work up until the last two weeks of the quarter. Undergraduate students must not reregister for courses in which they have received an Incomplete, since a grade earned in a repeat course will not be recorded as an Incomplete conversion grade. To obtain credit for the course, an undergraduate student must convert an Incomplete into a passing grade no later than the last day of the next quarter. An Incomplete not made up by the end of the next quarter (summer excluded) will be converted to the grade of 0.0 by the Registrar unless the instructor has indicated, when assigning the Incomplete grade, that a grade other than 0.0 should be recorded if the Incomplete work is not completed. The original Incomplete grade is not removed from the transcript.

SATISFACTORY/NOT SATISFACTORY

You may elect to take certain courses on a Satisfactory/Not Satisfactory (S/NS) basis. Your advisers should be consulted and in no case are undergraduate students allowed to register for more than six credits (or for one course, if that course is offered for more than six credits) on a Satisfactory/Not Satisfactory basis in a given quarter.

Register for the course on STAR, but then you must go in person to the Registration Office, 225 Schmitz, to elect the S/NS grading option. You cannot select the S/NS grade option on STAR.

The S/NS grade option can be elected through April 5. A \$20 fee is charged beginning April 1.

As an undergraduate, a course in which an "S" is earned may not be used to satisfy any department, college, or University requirement, except that the credits may be applied to the minimum of 180 credits required for graduation. Each instructor will report numerical grades (2.0 or greater) to "S", and unsatisfactory grades (less than 2.0) to NS for the student's transcript. No more than 25 S/NS credits may apply toward an undergraduate degree.

If you are a graduate student and earn grades of 2.7 or above you will receive a grade of "S" (Satisfactory), while 2.6 or below are recorded as NS (Not Satisfactory). With the approval of your graduate program adviser or the Supervisory Committee Chairperson, you may elect to take any course for which you are eligible outside of your major academic unit on an S/NS basis.

In cases of withdrawal, the "W" is recorded. Neither S nor NS is included in the grade-point average.

"W" GRADES

If you are an undergraduate and drop a course during the first two weeks of a quarter, there is no entry on your permanent academic transcript. If all courses are dropped, then a complete withdrawal date is recorded on the transcript. A course drop made April 8 through May 12 is recorded on an undergraduate student's transcript with a "W" grade and a number designating the week of the quarter in which the course drop was transacted. Only a "W" grade is recorded on the transcript of graduate or professional students.

WITHDRAWAL

QUARTER OFF ELIGIBILITY POLICY

If you are an undergraduate or professional student (dental, law, or medical) who has completed the preceding quarter here at the University of Washington, you may take a quarter off under the Quarter Off Eligibility Policy. Review the REGISTRATION ELIGIBILITY section for complete details.

WITHDRAWAL FOR THE QUARTER

(Dropping all courses.) It is your responsibility to withdraw if you are unable to attend for the quarter. If you drop your last course on STAR and do not add a course you will be considered withdrawn for the quarter. If you drop your last course on STAR you will be charged the \$20 change fee beginning April 1. You may write to or withdraw in person at the Registration Office, 225 Schmitz Hall, Box 355850, University of Washington, Seattle, Washington, 98195-5850. Withdrawals by mail are effective on the date of the postmark. No withdrawals are accepted after May 31.

Tuition owed will be based upon the date the complete withdrawal is recorded at the Registration Office, the date that the last class is dropped on STAR, or the postmark date for withdrawals received by mail (see Tuition Forfeiture on page 11 of this publication). If you withdraw prior to April 1 you will owe a \$75 U-PASS fee unless you return your U-PASS to the Student Accounts and Cashiers Office by the tuition due date (April 12). If you pay the \$75 fee and then lose your U-PASS you are not eligible to purchase a replacement U-PASS sticker.

Review the Registration Eligibility section of the Time Schedule if you are withdrawing before the first day of the quarter. New students must reapply through the Admissions Office.

Courses dropped as part of a complete withdrawal from the University during the first two weeks of a quarter

(through April 5) are not recorded on your UW transcript; however, the date of the complete withdrawal is recorded.

If you withdraw during the first week of two consecutive quarters (summer quarter excepted) you will not be eligible to register as a continuing student for the third quarter. You must reapply as a former student returning to the University and will be required to pay the \$35 application fee and \$100 enrollment deposit. For example, if you withdraw during the first week of spring quarter and autumn quarter, you must reapply as a returning former student for winter quarter.

HARDSHIP WITHDRAWAL

Hardship withdrawals are for dropping individual courses after the seventh week of the quarter (May 12). The \$20 change of registration fee will be assessed.

You may petition the Registrar for a hardship withdrawal if the following apply: 1) you are unable to complete the course in question because of a severe mental or physical disability, or 2) unusual or extenuating circumstances beyond your control prevented you from dropping the course by the drop deadline, or 3) you have not been granted a degree for course work in your current status. Petitions must be submitted promptly.

WITHDRAWAL FOR MILITARY SERVICE

If you are conscripted into the Armed Forces or called to active military duty you may withdraw through the end of the seventh week of instruction (May 12) and receive a full refund but no academic credit. If you withdraw after that date you may receive either a full refund or (academic) credit and no refund. Please consult with the Office of the Registrar for complete details.

GRADUATE STUDENTS ON-LEAVE

To go on-leave, have your Department Graduate Program Coordinator sign an On-leave Card, then take it to the Registration Office through March 29. You must pay a \$35 non-refundable fee at the Student Accounts and Cashiers Office, room 129 Schmitz Hall after your On-leave Card is processed at the Registration Office. The cashier will issue you an On-leave Card so you will have access to the libraries. If you have registered for spring quarter 1996 and plan to go on-leave, you must officially withdraw by March 24, before the on-leave status will be granted.

Tuition Exemptions & Access Programs

UW FACULTY/STAFF AND WASHINGTON STATE CLASSIFIED EMPLOYEES TUITION EXEMPTION PROGRAM

If you have been continuously employed full time (100%) as permanent staff for six months with the University or an agency of the state of Washington prior to the academic quarter in which you are trying to enroll, you may be admitted to the University of Washington and take up to 6 credits per quarter using this exemption. If an employee chooses to register for more than 6 credits, then the employee will be charged for all credits. Once registration occurs it cannot be changed to tuition exempt status in the quarter registered. If an employee has been admitted as a matriculated student and desires earlier priority registration in order to be assured of getting into classes, he/she may do so and pay full tuition as a regular student. According to legislative action, all registration must be on a space available basis after other matriculated students have registered. University Tuition Exemption does not cover English 100, 101, 102, Math 101, UW Extension or Distance Learning courses. You may not register for graduate-level independent study courses numbered 600, 700, or 800 or any self-sustaining courses. If you are admitted as nonmatriculated in order to use this exemption, you may only register for classes when using the exemption and after the exemption request form has been submitted. Matriculated students will be permitted to register even when they are not using the exemption, however, full tuition and fees will be charged.

If you are enrolling under one of these exemption programs you may attend class with the permission of the instructor, beginning the first class day if space is available. Check UWIN to determine the correct classroom location. The building and room number may have been changed by the department since the Time Schedule was printed.

ADMISSION FOR UW FACULTY, STAFF, OR CLASSIFIED STATE EMPLOYEES

A tuition exemption form must be filled out for each quarter of attendance. These forms are available at departmental offices or the Registration Office, 225 Schmitz Hall. If you would like to enroll as a new matriculated student or in a new matriculated category, apply to the Office of Undergraduate Admissions, 320 Schmitz Hall, by the regular admission closing date; January 15 is the closing date for spring quarter applications. If you are applying to the Graduate School (including Graduate Nonmatriculated status), you should contact the applicable academic department for application information. If you are applying as a new nonmatriculated student, you should go to the Office of Undergraduate Admissions.

If you are a former student at the UW and are returning in the same classification or as a nonmatriculated student you should apply at the Registration Office, room 225 Schmitz Hall. These applications are normally accepted up to the beginning of the quarter. Graduate Nonmatriculated program participants need to apply through the intended academic department.

REGISTERING

After the tuition exemption request has been received by the Registration Office, you may call STAR on or after the appropriate eligibility dates. Registration continues through Sunday, March 31 on STAR without assessment of late fees. Beginning Monday, April 1, a \$25.00 late registration fee is billed if you are initially registering for the quarter and a \$20.00 change fee is charged for registration changes. You will be billed these fees, if applicable, plus the registration fee when you register in a course. If you add your course before the tuition exemption program registration date, you will not be permitted to convert to the tuition exemption program and will be required to pay regular tuition for those credits. You will not be entitled to other student services such as those available at the Hall Health Center and the Intramural Activities Building. Faculty/staff identification cards may be used for library services. Washington State employees participating may obtain an ID card to be used for library services from the Student ID Center, 229 Schmitz Hall and a UPASS sticker for \$27.00 from the Registration Office, room 225 Schmitz Hall. Deadlines and registration dates are listed below:

UW FACULTY/STAFF

Friday, March 1 - Tuition exemption request card due to Registration, 225 Schmitz, Box 355850.

Wednesday, March 27 - Registration begins on STAR. Open from 6:00 a.m. until 12:00 midnight.

Friday, April 12 - \$5 registration fee due. Fee is billed if a student successfully registers.

WASHINGTON STATE CLASSIFIED EMPLOYEES

Friday, March 1 - Tuition exemption request card due to Registration, 225 Schmitz, Box 355850.

Thursday, March 28 - Registration begins on STAR. Open from 6:00 a.m. until 12:00 midnight.

Friday, April 12 - \$30 registration fee due. Fee is billed if a student successfully registers.

NOTE: You should contact your departmental office, the Registration Office, (206) 543-8580, 225 Schmitz Hall, or UW Training and Development, (206) 543-1957 for a tuition exemption form.

ACCESS PROGRAM FOR OLDER ADULTS

The University of Washington waives tuition for Washington residents sixty years or older who wish to attend classes as auditing students. If you are enrolling as an ACCESS student you may attend class with the permission of the instructor, beginning the first class day if space is available. Courses marked with a greater than sign (>) require an entry code to register. You should contact the offering department to obtain entry codes prior to coming to the Registration Office, room 225 Schmitz Hall. The fee is \$5.00 whether one or two courses are attended and will be billed if registration in a course(s) is completed. The payment will be due by April 12. Since you are auditing the course(s), you do not receive credit and are not expected to do any class work, participate in discussions, or take examinations. Your registration may be cancelled at the discretion of the instructor. You may register for all courses except English 100, 101, 102, Math 101, UW Extension courses, Distance Learning courses, studio, laboratory courses, honors sections, or any course which is not state funded. You may register in 500 level graduate courses with the approval of the instructor by obtaining an entry code through the department. A transcript is not maintained.

You will be limited to two courses per quarter. For additional information about this program, you may telephone UW Extension Information, 543-2320, between 8 a.m. and 5 p.m., weekdays.

REGISTERING

Please go to the Registration Office, room 225 Schmitz Hall on Wednesday, March 27 to register.

Tuition charges are based on your student classification, e.g. undergraduate, graduate, or professional, and not on course level.

Fees listed do not apply to students registered through University Extension. See University Extension Bulletin for the correct fees.

TUITION FORFEITURES / REFUNDS

You will be billed for the number of credits, including audit hours, on your course schedule at the beginning of the quarter. Only partial tuition reductions will result for courses dropped after March 31. You will be expected to pay one-half of the tuition associated with any courses

dropped beginning April 1 through April 23. Courses dropped after April 23 receive no refund.

The effect of tuition forfeitures on the over 18-credit surcharge is as follows: forfeitures for courses dropped that exceeded 18 credits are charged the same as above. Also, if you drop a course after April 23 and add another, total credit charges will include credits that are added with no reduction for credits dropped.

The University's forfeiture schedule is as follows:

a. If you withdraw before April 1, you do not pay tuition. New and returning students forfeit their \$100 Enrollment Confirmation Deposit. If you withdraw before April 1 without returning the U-PASS sticker, you will owe \$75 for the U-PASS. No replacements are allowed for students who pay the \$75 fee and then lose their U-PASS sticker.

b. If you withdraw April 1 through April 23 you will continue to owe one-half of your tuition. If you withdraw after March 31, you will be charged the applicable forfeiture and you may retain your U-PASS by paying the quarterly fee or return it no later than April 12 to have the fee waived. There will be no U-PASS refunds after April 12.

c. If you withdraw after April 23 you will continue to owe full tuition.

d. If your registration is canceled for nonpayment of fees you will continue to owe the University one-half of your tuition and fees.

e. If you are an international student who is registered for an English as a Second Language course, you must make a separate request for a refund for that course by contacting the ESL Office, 4909 25th Avenue NE, on the 2nd floor of the King Building, at the same time you withdraw from the University.

f. If you drop any classes April 1 through April 23 that results in lower tuition, you will owe one-half of the tuition associated with the reduced credit hours. Drops after April 23 will not lower tuition.

g. If you are a Title IV aid recipient, attending your first quarter at the University and withdraw after March 31, you must pay a prorated portion of the University charges. Charges are prorated based on the portion of the quarter for which you are enrolled. If you withdraw after the seventh week of the quarter (May 12), you must pay full tuition. The pro rata refund provision applies to tuition, fees, room and board and other charges which would otherwise be assessed by the University. The \$100 Enrollment Confirmation Deposit is applied toward payment of tuition.

Course drops become effective the date received and processed on STAR, in the Registration Office, 225 Schmitz, or through the departmental registration screen used in academic departments.

h. Students may petition forfeitures for extenuating circumstances (death, disability, etc.) through the Student Accounts Office.

TUITION/FEE ASSESSMENTS AND DEADLINES

It is your responsibility to see that tuition is paid in full by the tuition due date (April 12). Bills are sent at the beginning of each quarter (March 25) to facilitate payment. However, failure to receive a tuition bill does not nullify

STUDENTS ARE EXPECTED TO KNOW

Drops or withdrawals after March 31 will cost you \$20 plus at least half of tuition reduction. (See Tuition Forfeitures or Refunds)

Tuition is due April 12.

Charges incurred after the tuition due date must be paid in 1-3 days.
(See Tuition/Fee Assessments and Deadlines)

your responsibility for payment by the due date. Account balances are available through STAR (transaction 11#).

Select your permanent or local address on STAR for fee statement mailing. If you have not received a fee statement by April 6, contact the Student Accounts Office, or call STAR for the amount of

tuition due.

You may pay your fees in person in the Student Accounts Office or mail them to UW, Student Accounts Office, 129 Schmitz, Box 355870, Seattle, WA 98195-5870, before April 12. Checks and money orders must be in U. S. Dollars and drawn on U. S. or Canadian banks. Payments postmarked on or before April 12 are accepted without a late fee. Mail postmarked after April 12 is subject to penalties as described below.

If you fail to pay by the deadline you will be charged a late fee. For past due balances over \$250 the late fee is \$30; \$30-\$250 balance the late fee is \$10; and if the balance is less than \$30 then there is no late fee.

If payment has not been received in the Student Accounts Office by the end of the late payment period, registration for the current quarter as well as any future quarters will be canceled. Reregistration after cancellation for nonpayment requires a \$75 fee, in addition to tuition.

Tuition and fees incurred after the April 12 must be paid within three working days. Exception: beginning May 31, charges must be paid by the next business day. Always check your account status and balance on STAR when completing a registration transaction.

If you reregister, you must reregister for all of the classes that were on your schedule at the time of registration cancellation. (Fees will include appropriate charges for classes dropped during the forfeiture period.) Please note: Even if your registration is canceled you will continue to owe one-half of your tuition.

Credit cards are not accepted.

Tuition and fees not paid by the end of the academic quarter (May 31) will be subject to an interest charge of 1% per month, or fraction of a month, (12% A.P.R.), beginning with the month following the end of the quarter. Delinquent unpaid accounts may be referred to a collection agency and reported to a credit bureau.

APPLICATION OF PAYMENTS TO A STUDENT'S ACCOUNT

As a rule, payments received for a student's account are applied to charges in order of their due dates. For charges with the same due date, payments are applied first to tuition and related University fees and then to other charges on the account. A payment may be applied to a specific charge by contacting the Student Accounts Office at 129 Schmitz Hall. Financial aid from Federal Title IV programs is applied only to required tuition and fees and to loan and aid repayment obligations. The University may not apply such aid to pay insurance and some other optional charges.

Student Insurance and Special Fees

STUDENT INSURANCE

The University offers a voluntary accident and sickness insurance plan to supplement the services available at the Hall Health Center. Seattle Campus UW students who remain registered through the first seven calendar days of instruction are eligible to enroll in the plan. Not eligible are UW Seattle campus nonmatriculated students and those enrolled in programs administered by UW Extension (except EDP students) and UW faculty/staff or Washington State classified employees attending classes under the employee tuition exemption programs.

You may sign up for the plan when you register for classes. The insurance premium will be included on the quarterly tuition statement and must be paid by the quarterly tuition-due date (April 12). In most cases Financial Aid will not pay insurance directly so you must make sure the premium is paid on time. There is no late payment period for the insurance premium.

You may add, cancel, or change your insurance selection on STAR, and remit the correct balance by the tuition due date. Or, you may make changes when paying tuition in person at the Student Accounts and Cashiers Office, by the tuition due date (April 12).

If you are an international student, you must subscribe to the student insurance plan unless you are covered by another plan. Proof of other coverage must be submitted to the International Services Office and a waiver obtained each autumn quarter (or upon initial admission if other than autumn quarter) because waivers are valid only through summer quarter each year. Students holding insurance policies that expire during the academic year are responsible for obtaining new waivers, as necessary.

For those graduate students who are eligible for Graduate Appointee Insurance, please choose the option, "no insurance" when registering on STAR. If you have questions regarding your eligibility for this plan, please contact your department.

International graduate appointees, however, must still choose the quarterly student insurance option when registering. If you are an international RA/TA/SA, the system will automatically make adjustments so that you will not have double coverage. If you are an international fellow or trainee, please contact your department for further instructions.

Brochures describing the plan in more detail are available at the Hall Health Center, the HUB, and the Registration Office, 225 Schmitz Hall. Plan benefits may change each academic year, so students are encouraged to review the brochure carefully.

INSURANCE EFFECTIVE DATES

If a student purchases annual insurance at Autumn Quarter (4 quarters of coverage), the term is from September 20, 1995 through September 22, 1996. If purchased annually at Winter Quarter or Spring Quarter, the term is from the first day of the quarter it is purchased through September 22, 1996.

If insurance is purchased quarterly, the quarterly policy terms are:

Autumn Quarter 1995 - Sept. 20, 1995 to Jan. 1, 1996
 Winter Quarter 1996 - Jan. 2, 1996 to Mar. 24, 1996
 Spring Quarter 1996 - Mar. 25, 1996 to Jun. 16, 1996
 Summer Quarter 1996 - Jun. 17, 1996 to Sept. 22, 1996

SPECIAL FEES

SPECIAL COURSES AND LABORATORY FEES

The amounts charged for tuition and fees normally cover University charges for course registration. Some courses, however, have extraordinary expenses associated with them and in such cases the University may charge additional fees in amounts approximating the added instructional or laboratory costs.

STUDENT ID CARD

The student ID card is a permanent, laminated card. Once obtained, do not discard it.

If you are a new student, you are eligible for a student ID card once you've paid the Enrollment Confirmation Deposit. Bring a piece of standard photo identification - this is mandatory - to the Student ID Card Center at 229 Schmitz Hall between 8 am and 5 pm Monday through Friday.

The standard UW student ID card is a non-photo card; however, students living in the dormitories (except for Stevens Court residents) will be issued a photo student ID card, since it serves also as their meal card.

A quarterly validation sticker is mailed to you with your registration confirmation. When it arrives, affix it to the front of the ID card in the location provided; without this sticker, the card is usually not honored on campus.

You should carry your student ID card with you whenever you come to campus. Many administrative transactions and campus services and facilities are not available to you without it. In some situations, you may also be asked to provide an additional piece of photo identification.

Never allow anyone else to use your student ID card, as such misuse will subject you to disciplinary action as described in the Student Conduct Code.

If you lose your student ID card, you should immediately make two phone calls, one to the ID Card Center at 685-4121 to report it as lost, and also to the UW library system at 543-2553. To replace the card, go to the Student ID Card Center with photo identification; a non-refundable \$5 fee is charged for replacement of non-photo cards, \$10 for photo cards.

WASHINGTON STUDENT LOBBY (WSL)

The Washington Student Lobby (WSL) is a voluntary, independent organization of university students whose purpose is to influence the Washington State Legislature and others on higher education matters of special interest to students. You may choose to support the WSL by contributing \$2.00 each quarter. Support for the WSL may be indicated during registration and the voluntary contribution will be included on your tuition billing statement for payment with tuition.

WASHINGTON PUBLIC INTEREST RESEARCH GROUP (WASHPIRG)

The Washington Public Interest Research Group (WashPIRG) is a student-directed, non-profit and non-partisan research organization that works on issues affecting the quality of life in Washington State. Students participate in WashPIRG as decision makers, volunteers and credit interns producing research reports, lobbying the legislature and organizing students and citizens around consumer, environmental and governmental issues. You may choose to support WashPIRG by contributing \$3 each quarter. Support of WashPIRG may be indicated during registration and the voluntary contribution will be included on the tuition billing statement for payment with tuition.

U-PASS INFORMATION.

A U-PASS validation sticker is mailed with your registration confirmation each quarter. The U-PASS is valid on all regular Metro and Community Transit routes at all times and provides parking privileges to car-poolers, riding privileges to van-pool and Night Ride passengers, and merchant discounts. The quarterly fee of \$27 will be included on the tuition bill. If you do not wish to participate in the U-PASS program you must return the validation sticker to the university by the tuition payment deadline (April 12). The sticker can be returned by mail in the return envelope provided, or mailed with your tuition payment, or returned in person at the Student Accounts and Cashiers Office or the Registration Office.

If you withdraw through March 31 without returning the U-PASS sticker, you will owe \$75 for the U-PASS. If you withdraw after March 31, you will be charged the applicable tuition and may retain the pass for \$27 or return it no later than the tuition due date (April 12) to have the \$27 fee waived. There will be no U-PASS refunds after the tuition payment deadline (April 12), and no replacements of lost U-PASS stickers for students who have withdrawn.

If you did not receive your U-PASS in the mail you will be asked to sign a certifying statement and will be issued a replacement sticker at no charge through March 31. Replacement stickers issued after March 31 will cost \$10. Lost ID cards bearing a U-PASS sticker will be replaced for a \$15 fee (\$20 fee with photo), which includes a new U-PASS sticker. Replacement fees are non-refundable. If you are issued a replacement sticker you will not be permitted to cancel the \$27 U-PASS fee by returning a sticker.

Eligible students who have not already purchased a U-PASS sticker may do so at the Registration Office, 225 Schmitz, anytime during the quarter. The fee will remain \$27 throughout the quarter.

The U-PASS is the property of the University of Washington and is not transferable. The U-PASS program, replacement policies, and quarterly fee are subject to change without notice.

Notices

ASSOCIATED STUDENTS OF THE UNIVERSITY OF WASHINGTON (ASUW)

The Associated Students of the University of Washington is a voluntary association of students designated by the University Regents to carry out a variety of student activities. In order to vote in ASUW elections or hold ASUW office, you must be a member. Membership choice will not affect tuition payment in any way. Information about the ASUW can be obtained from the ASUW Office in Room 204L Student Union building. You may join ASUW when registering on STAR.

DISABLED STUDENTS

If you are a student with a disability, various support services, including priority registration, note taking and examination accommodations are available. You may contact Disabled Student Services (DSS), room 448 Schmitz Hall, 543-8925 voice/TDD, for information on academic accommodations designed to meet individual student needs.

The STAR Work Sheet and instructions are available from DSS in alternate media, including large print, tape recording and Braille. If you have a disability that limits your ability to use STAR, you may register through DSS or at the Registration Office, 225 Schmitz Hall.

DISCLOSURE OF STUDENT RECORDS

As a general rule the University will not release a student's education records to a third party without written consent of the student. This includes tuition account information. The complete University policy on student education records and the location of such records may be found in the Washington Administrative Code under WAC 478-140. Manuals containing the Code are available at Reference Stations on campus and at the Visitor's Information Center, 4014 University Way NE. The policy covers such items as accessibility, review and expunging of inaccurate records, and costs to be charged for copies of student records. Information release forms for tuition account information only may be obtained from the Student Accounts and Cashiers Office, 129 Schmitz.

EQUAL OPPORTUNITY

The University of Washington, as a standing policy, does not discriminate on the basis of race, color, creed, religion, national origin, sex, sexual orientation, age, marital status, disability, or status as a disabled veteran or Vietnam era veteran. Any discriminatory action can be a cause for disciplinary action. This policy applies to all University programs and facilities including, but not limited to, admissions, educational programs, employment, and patient and hospital services. Such discrimination is prohibited by Titles VI and VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Sections 503 and 504 of the Rehabilitation Act of 1973, Age Discrimination in Employment Act Amendments of 1978, Vietnam Era veteran's Readjustment Assistance Act of 1974, Americans with Disabilities Act of 1990, State of Washington Gender Equity in Higher Education Act of 1989, other federal and state statutes and regulations, and University policy. Coordination of the compliance efforts of the University of Washington with respect to all of these laws and regulations is under the direction of the Equal Employment Officer, Dr. Helen Remick, University of Washington, Equal Employment and Affirmative Action Office, JA-08, 4045 Brooklyn Ave. NE, Seattle, Washington, 98195, telephone (206) 543-1830, V/TDD.

FOLLOWING RULES AND REGULATIONS

It is the University's expectation that you will follow University rules and regulations as they are stated in the General Catalog and the Time Schedule. In instances where no appeal procedure is spelled out and you believe that a special set of circumstances makes appeal reasonable, you may appeal the application of specific rules or regulations to the office of the dean of the school or college in which you are enrolled in the case of an academic matter, or to the Office of the Vice President for Student Affairs in the case of a nonacademic matter. These offices will either render a decision on the appeal or refer you to the proper office for a decision.

GRADUATION RATES

The graduation rates of full-time freshmen beginning their studies at the University of Washington either summer or autumn quarter 1988 are 58% in 5 years and 67% in 6 years.

IMMUNIZATION

All new and returning former students, and all students living in University of Washington residence halls or single-student apartments, are required either to provide proof of measles (rubeola) immunity or request that the requirement be waived for religious, personal or medical reasons. Such students will not be allowed to register for any classes until the Hall Health Primary Care Center (the student health center on campus) confirms that they have satisfied this requirement.

Students must complete the student health center's Measles Immunity Verification Form and provide either certifications by their health-care providers or copies of original immunization records as proof of: 1) two live virus measles (rubeola) vaccinations, both given after 1967 with at least one was given after 1980; or 2) positive measles (rubeola) titer (blood test for antibodies against measles); or 3) a history from a health-care provider of measles (rubeola) disease. Students born before 1957 are considered immune to measles.

While continuing students are not required to provide the Hall Health Primary Care Center with proof of measles immunity, they are encouraged to do so. In the event of an outbreak on the campus, all students lacking acceptable documentation of measles immunity, including students with waivers, will be barred from classes, living groups and other campus activities until health officials determine that there is no risk of them transmitting the disease to others. Measles Immunity Verification Forms are available at the Hall Health Primary Care Center and the Registration Office at 225 Schmitz Hall. For more information, students should contact the Hall Health Primary Care Center at (206) 616-4672 and leave voice-mail messages to which members of the nursing staff will respond.

RELEASE OF STUDENT DIRECTORY INFORMATION

The Family Educational Rights and Privacy Act (FERPA) of 1974 protects the privacy of your education records. However, the following information is considered public or "directory" information and may be released to anyone unless you inform the Office of the Registrar that you do not wish any information released: name, address, telephone number, e-mail address, major field of studies, dates of attendance, degrees and awards received, full or

part-time enrollment status, educational institutions attended, and for athletes, date-of-birth, weight and height.

If you do not wish to authorize directory release and do not want your directory information to appear in the published or electronic Student Directory, you may call the address change service at 543-3868 to restrict access to this information. No information will be released on students, or to students who have restricted release of directory information including degrees awarded and dates of attendance. If you wish to change your authorization and allow release, you must go to the Registration Office, 225 Schmitz and present photo identification.

Under the provisions of the Family Educational Rights and Privacy Act (FERPA), you have the right to 1) inspect and review information contained in your education records, 2) challenge the contents of your education records, 3) request a hearing if the outcome of the challenge is unsatisfactory, 4) submit an explanatory statement for inclusion in the education record if the outcome of the hearing is unsatisfactory, 5) prevent disclosure with certain exceptions of personally identifiable information, 6) secure a copy of the institution policy, and 7) file complaints with the Department of Education concerning alleged failures by institutions to comply with the Act. Written complaints should be directed to FERPA, Department of Education, Room 4074, Switzer Building, Washington D.C. 20202.

SEXUAL HARASSMENT GRIEVANCE PROCEDURE

Students, as well as members of the faculty and staff, who wish to file a complaint regarding sexual harassment may contact either of the two offices listed below: Ombudsman for Sexual Harassment, (206) 543-0283. UW Complaint Investigation and Resolution Office, (206) 616-2028.

Personnel in these offices will be available to discuss and provide assistance in resolving the complaint.

VETERAN'S INFORMATION

Veterans, as well as the dependents of deceased or totally disabled veterans, may contact the Office of Special Services for information regarding VA educational benefits. Tuition reductions may be available for Washington residents who served in the Southeast Asian or Persian Gulf combat zones; children of POWs or MIAs; and non-resident active duty military personnel and their dependents stationed in Washington. You may obtain specific information from the Office of Special Services, 460 Schmitz, Box 355835, Seattle, WA 98195-5835, telephone (206) 543-6122.

* Saturday courses may schedule their examination for the first Saturday of the examination week, but must make arrangements with Room Assignments to check on room availability. Dean's office approval is not required for Saturday only courses.

Final Examinations should be administered in accordance with the above examination schedule. The dean may permit an instructor to change the time of a final examination upon prior application demonstrating good cause for such change. In such cases, the following guidelines shall be observed:

- With the dean's permission the final examination may be postponed or moved to an earlier time within the examination period if agreed to by all students and the instructor. Before approving the rescheduling of a final examination, the dean shall obtain assurances that the change will not have an undue adverse impact on the students. The dean shall notify the Registrar of the approval granted for the date of a final examination.
- An instructor shall not schedule a final class examination before the beginning of finals week. An instructor shall not, except in very unusual circumstances, grant permission to individual students for an early examination. If the student is unable to take an examination on the scheduled date, the procedure outlined in the following paragraph should be followed.
- A student absent from any examination through sickness or other cause, judged by the instructor to be unavoidable, shall be given an opportunity to take a re-scheduled examination or perform work judged by the instructor to be the equivalent.
- If the instructor determines that neither alternative is feasible during the current quarter, the instructor may exempt the student from the requirement. Examples of unavoidable cause include death or serious illness in the immediate family, illness of the student, and, provided previous notification is given, observance of regularly scheduled religious obligations, and might possibly include attendance at academic conferences or field trips, or participation in university-sponsored activities such as debating contests or athletic competition.
Students are responsible for taking any number of examinations for which they are scheduled on a given day.
- Classes that begin on the half-hour and last longer than one hour use the actual starting time to determine the examination time. For example, a class that begins at 7:30 a.m. and continues until 9:00 a.m. would use the 7:30 a.m. time.
- Classes that begin on the hour use the first following half-hour to determine the time of examination. For example, a class that begins at 10:00 a.m. uses the 10:30 a.m. examination time.
- Day-time classes (7:30 a.m. to 3:30 p.m.) in which the entire class meets at the same hour every day, in the same room, may extend their final examination period to three hours. All other examinations are limited to one hour and fifty minutes unless other arrangements are made with Room Assignments.
- If an examination is held during finals week at a time other than the above schedule indicates, instructors must check with Room Assignments to make sure the room is available.
- Questions concerning the examination schedule should be directed to Time Schedule/Room Assignments Office, 543-1080.

Summer QTV

Continue your studies
at the UW this summer

Register by STAR starting April 29

"I like the small size
of the summer classes.

The professors take
the time to give
you personal attention
and guidance.

The resources I have
received have been
really useful."

Gail M. Neidhold
1995 Summer Student

Make progress toward your degree

Summer is a special time to learn at the UW. Class size is typically smaller during Summer Quarter, and with fewer students registering you're more likely to get the courses you need. Faculty members are often able to provide more personal instruction during the summer, due to smaller class size. Summer enrollment is especially appropriate for seniors who lack just a few credits for graduation. Juniors who plan to graduate in June 1997 and incoming freshmen who want to get a head start on their studies also benefit from the summer program.

Short terms are available

Short, four and one-half-week *a* and *b* terms are available during Summer Quarter. And some classes that are open only to majors in other quarters may be taken by nonmajors in the summer.

Over 2,000 courses

The UW is one of the nation's largest summer institutions, offering more than 2,000 courses in over 100 fields of study, including many classes and workshops that are scheduled only once a year. Many courses fulfill UW general education requirements. There are also special summer institutes in music plus a broad range of courses in the schools of education, law and library science.

Earn up to a year's language credit in nine weeks

You can earn up to a year's language credit in nine weeks by completing an intensive summer language course. Courses are offered in more than 20 languages including Arabic, Chinese, Greek, Hebrew, Hindi, Japanese, Kirghiz, Swedish and Russian. There are courses in major European languages as well.

In-state fees for most courses

Tuition for nonresidents is less in the summer than during other quarters, except for courses offered by the medical and dental schools. Both nonresidents and Washington state residents pay the same fees for most summer courses. Refer to the *Summer Quarter Preliminary Announcement*, available in mid-February, for a tentative summer tuition schedule.

Register by STAR starting April 29

Continuing UW students enrolled for Spring Quarter 1996 do not need to apply for Summer Quarter. Use the *Summer Quarter Bulletin and Time Schedule* available in mid-April and register by STAR the same way as for any other quarter. STAR registration begins April 29.

“I attended summer school at the UW because of the variety of interesting classes offered. The atmosphere was relaxed—yet still academic. It gave me a chance to get ahead in my studies.”

To Yellowstone and Back: A Geological Expedition

A fascinating five-credit, four-state exploration of Northwest geological features spanning millions of years.

Trip Highlights

- Visit dinosaur excavations at Egg Mountain, Montana
- Collect 400 million year-old fish fossils and 4 billion year-old rocks in the Beartooth Range
- Explore volcanic rocks, geysers and wildlife in Yellowstone National Park
- Visit ongoing dig of Pleistocene mammoths and bison at Tolo Lake, Idaho
- Take underground tour of Lame-foot Gold Mine in Republic, WA
- Examine a Paleozoic reef by the Missouri River, Montana
- See ancient rocks and majestic views in Glacier National Park
- Collect mineral, rock and fossil samples along the way

Led by Two Experienced Instructors

- Dr. Elizabeth Nesbitt, affiliate curator, Burke Museum
- Dr. Anthony Irving, research associate professor, UW geological sciences

Includes Accommodations and Pre-Trip Lecture

Lodging in dormitories/lodges/motels will be provided for five nights. Participants will camp in tents the other five nights and will need their own camping and sleeping gear. Most meals will be prepared communally by an experienced field provisioner/cook (the cost of food is not included).

A pre-trip lecture will be held June 26, 6:30-8:30 p.m.

Registration To register by phone using a VISA or MasterCard call UW Extension at (206) 543-2310 and specify (C) #788. Or, to register by mail, call (206) 543-2320 to request a registration form. The registration deadline is June 5.

INFORMATION MEETING

Instructors will present a detailed itinerary and answer questions at a free information meeting on April 3, 6-7 p.m., in Johnson Hall, room 137, UW campus.

Credits Participants receive five (5) academic credits in GEOL 490 graded on a credit/no credit basis.

Fees The cost of this field trip is \$799 per person for double occupancy and \$868 for single occupancy, plus a nonrefundable \$15 registration fee. The fee includes transportation in UW vans and lodging in university dormitories and motels/lodges for five nights and campsite fees for five nights. Participants are responsible for their own transportation to and from the UW campus and food expenses.

Refund Students withdrawing on or before June 5 are eligible for a refund of all fees excluding the nonrefundable \$15 registration fee. There is no refund for withdrawal after June 5 unless the field trip is cancelled by UW Extension.

For more information, call 685-6407.

ART 450 Individual Projects in Printmaking (5, max. 15) VLPA Individual media study within the context of group discussion and critique. Prerequisite: art major and 345 or permission of instructor.

ART 414 Digital Imaging II (5) Digital imaging on both IBM and Macintosh platforms. Emphasis on creative art approach to 2-D collaging and morphing with introduction to 3-D modeling and rendering. Prerequisites: 413.

ART 595 MFA Research Project (2-5, max. 9) An independent research project related to and informed by the MFA student's studio work. Final project form may be a lecture, slide presentation, or paper.

ASIAN LANGUAGES & LITERATURES

INDONESIAN

INDON 499 Undergraduate Research (3-5, max. 15) Primarily for Southeast Asian language program majors. Prerequisite: permission of instructor.

ATMOSPHERIC SCIENCES

ATM S 211 Climate and Climate Change (5) NW The nature of the global climate system. Factors influencing climate including interactions among the atmosphere, oceans, solid earth, and biosphere. Stability and sensitivity of climate system. Global warming, ozone depletion, and other human influences. Intended for non-majors.

ATM S 358 Fundamentals of Atmospheric Chemistry (3) Review of basic principles of physical chemistry; evolution and chemical composition of earth's atmosphere; half-life, residence and renewal time; sources, transformation, transport and sinks of gases in the troposphere; atmospheric aerosols; chemical cycles; air pollution; stratospheric chemistry. Prerequisite: CHEM 140.

ATM S 520 Atmospheric Sciences Colloquium (1, max. 15) Seminars on current research in advanced topics related to atmospheric sciences, conducted by faculty and visiting scientists and professors. Includes presentation of doctoral dissertations by department graduate students. For Atmospheric Sciences graduate students only. Prerequisite: permission of department.

BOTANY

BOTANY 333 Plant Communities: Resilience and Restoration (5) Biological and ecological effects of human impact on native plant communities. Effects of grazing, timber removal, habitat draining and filling, fire control, and application of chemicals. Potential for ecological restoration of plant communities. Field trips. Prerequisite: 113 and BIOL 102 or BIOL 203 or equivalent.

BOTANY 496 Peer Teaching Assistantships in Botany (1-5) *Amirali, del Moral, Haskins* Direct experience in the classroom, typically teaching a lab section of an undergraduate course. Peer TA's attend lectures and weekly preparation meetings and gain in-depth background in the subject material as well as training in teaching techniques and approaches. Prerequisite: permission of instructor.

CHEMISTRY

CHEM 115 Chemistry for Life (5) Introduction to chemistry covering selected principles and their effect on ourselves and our environment. Includes scientific investigations conducted outside the laboratory with full class participation. Intended for non-science majors wishing to improve their science literacy and develop a long-term interest in science.

CHEM 221 Introduction to Biochemical Processes (5) NW Enzymes, nucleic acids and protein synthesis, natural products, drugs and drug metabolism, nutrition and bioenergetics, vitamins and cofactors, hormones, body fluids, biosynthetic pathways. Includes laboratory. Prerequisite: 220.

CHEM 570, 571 Topics in Biotechnology I, II (1,1) Lectures reflecting faculty research. Topics from botany, biochemistry, microbiology, genetics, chemistry, bioengineering, molecular biotechnology, pathobiology, and biological structure.

COMMUNICATIONS

CMU 513 Survey Research Methods in Communications (5) Faculty-directed project in survey research in which basic principles of survey design, including sampling, observation, measurement, data analysis, and data interpretation, are all applied. Prerequisite: elementary statistics or permission of instructor.

COMPARATIVE HISTORY OF IDEAS

CHID 498 Special Colloquia (1-5, max. 20) Each colloquium examines a different subject or problem from a comparative framework. A list of topics is available from the CHID office.

ECONOMICS

ECON 436 Economics of the Environment (5) Micro-economic analysis of environmental regulation. The problem of social cost, policy instrument choice, enforcement of regulations, methods for damage assessment, and estimating benefits of environmental improvement. Prerequisite: 300 or instructor permission.

ENGLISH

ENGL 497 Honors Senior Seminar (5) Seminar study of special topics in language and literary study. Prerequisite: honors student majoring in English.

GENETICS

GENET 581 Seminar in Drosophila Genetics (1) *Berg* Discussions of contemporary research in and novel methods for genetic, cell biological, and molecular biological analysis of Drosophila development. Credit/no credit only.

GENET 582 Seminar in Mouse Genetics (1) *Braun* Discussion of contemporary research in and novel methods for genetic, cell biological, and molecular analysis of mammalian development, with utilization of transgenic techniques. Credit/no credit only.

GENET 583 Seminar in Molecular Cytology (1) *Byers* Discussions of contemporary research in and novel methods for genetic, cell biological, and molecular biological analysis of spindle behavior in the mitotic cell cycle of budding yeast. Credit/no credit.

GENET 584 Seminar in DNA Replication (1) *Brewer, Fangman* Discussions of contemporary research in and novel methods for genetic, cell biological, and molecular biological analysis of budding yeast, with emphasis on the mechanisms and control of DNA replication. Credit/no credit only.

GENET 585 Seminar in Bacterial Genetics (1) *Manoil* Discussions of contemporary research in and novel methods for genetic, cell biological, and molecular biological analysis of bacterial assembly mechanisms, with emphasis on the topogenesis of membrane proteins. Credit/no credit only.

GENET 586 Seminar in Mammalian Genetics (1) *Sibley* Discussions of contemporary research in and novel methods for genetic, cell biological, and molecular biological analysis of mammalian genetics, with emphasis on lymphoblast development. Credit/no credit only.

GEOPHYSICS

GPHY 503 Geophysics: The Earth (3) Study of gravity, magnetism, heat flow, seismology. Earth's outer structure studied through unifying concepts of plate tectonic theory. Quantitative approaches to problems, using techniques of classical physics. Includes advanced, research-oriented problems. Prerequisites: 402, PHYS 322, and graduate standing.

GPHY 506 Geophysics: The Atmosphere (3) Phenomena of the lower atmosphere: some simple applications of the principles of classical thermodynamics and fluid dynamics to the atmospheric hydrological cycle, global energy balance, and atmospheric dynamics. Includes advanced, research-oriented problems. Prerequisite: 404 and graduate standing.

GPHY 518 Introduction to Geophysical Research (1, max. 3) Introduces research of faculty and advanced graduate students to first-year graduate students and provides experience for the formulation, oral presentation, and defense of research proposals and results.

GPHY 519 Geophysical Research Methods (2, max. 12) Current research methodology and results based on recent literature and on faculty and student research. Designed to develop student perspective on observational and theoretical methods and on relation of specific research to broader developments in geophysics and interdisciplinary aspects of geophysics through faculty-guided presentations and discussion by students.

HISTORY**HISTORY OF THE AMERICAS**

HSTAA 590 Topics in American History (3, max. 9) Seminar on selected topics in American history, with special emphasis on preparation for field examinations. Topics vary according to interests of students and instructor.

JACKSON SCHOOL OF INTERNATIONAL STUDIES**COMPARATIVE RELIGION**

RELIG 498 Honors Thesis (5) Required course for Comparative Religion honors students.

EUROPEAN STUDIES

EURO 485 Family Change in Western Europe and the United States (5) Investigates patterns of recent family change. Explores similarities and differences in family life between Western Europe and US as well as variations among countries and among population subgroups within countries. Focuses on differences and similarities in social, economic, political, and cultural environments. Recommended: 352. Offered: jointly with SOC 485.

EURO 491 Senior Seminar II (5) Writing and discussion of senior thesis. Prerequisite: 490.

INTERNATIONAL STUDIES

SIS 365 World Cities (5) Factors that have propelled New York, London, and Tokyo into key positions in the organization of the late twentieth century international system. Asks historical and comparative questions and discusses the reasons behind the diminished position of cities such as Venice, Vienna, and Istanbul in that system.

MATHEMATICS

MATH 327, 328 Introductory Real Analysis I, II (3, 3) Limits and continuity of functions, sequences, series tests, absolute convergence, uniform convergence. Power series, improper integrals, uniform continuity, fundamental theorems on continuous functions, theory of the Riemann integral. Prerequisites: 126 and 304 for 327, 327 for 328.

MATH 554, 555, 556 Linear Analysis (5, 5, 5) Advanced linear algebra, ordinary differential equations (existence and uniqueness theory, linear systems, numerical approximations), Fourier analysis, introductions to functional analysis and partial differential equations, distribution theory. Prerequisites: MATH 426 and familiarity with complex analysis at the level of MATH 427 which may be taken concurrently.

MUSIC

MUSIC 201, 202, 203 First-Year Theory I, II, III (3, 3, 3) *VLPA Durand, Karpen, Larson* Core theory sequence for majors. 201: introduction to modal counterpoint and 16th-century polyphony through the species. 202: instruction in tonal harmony and counterpoint. 203: further instruction in tonal harmony and counterpoint; introduction to canon, modulation, and classical dance forms. Concurrent enrollment in 204 for 201, 205 for 202, 206 and MUHST 210 for 203. Prerequisites: 119 or equivalent and placement by examination for 201.

MUSIC 204, 205, 206 (1, 1, 1) VLP *Durand, Karpen, Larson* Core ear-training sequence for majors. Concurrent enrollment in 201 for 204, 202 for 205, 203 and MUHST 210 for 206. Prerequisite: placement by examination.

MUSIC EDUCATION

MUSED 403 Part-Time Student Teaching in Music (6) Supervised teaching internship. Directed observations of distinguished teachers in an elementary or secondary music setting. Weekly seminars. Offered: AWSp.

MUSED 404 Full-Time Student Teaching in Music (15) Supervised teaching internship. Directed observations of distinguished teachers in an elementary or secondary music setting. Weekly seminars.

MUSED 575 Seminar in Research Applications (1-3, max. 6) Seminar in music education to discuss problems and issues facing American music teachers; to distinguish research-based music instruction and pedagogy from "common wisdom"; and to provide a venue for guest speakers.

POLITICAL SCIENCE

POL S 363 Law in Society (5) Inquiry into how law matters in social practice. Examines general theories of law, the workings of legal institutions, and the character of legally constituted practices and relationships in diverse terrains of social life.

POL S 422 International Environmental Politics Seminar (5) Study of the practical and theoretical challenges associated with global ecological interdependence. Examination of international treaties and institutions, state, and nonstate actors with an emphasis on the emerging concept of sustainability.

POL S 597 Directed Readings (*, max. 9) Intensive reading in the literatures of political science, directed by the chair of the doctoral supervisory committee. Credit/no credit only.

SOCIETY AND JUSTICE

SO JU 363 Law in Society (5) Inquiry into how law matters in social practice. Examines general theories of law, the workings of legal institutions, and the character of legally constituted practices and relationships in diverse terrains of social life.

PSYCHOLOGY

PSYCH 599 Directed Research in Psychology (1-3, max. 24) Supervised participation in research. Prerequisite: permission of a supervising psychology faculty member.

SOCIOLOGY

SOC 485 Family Change in Western Europe and the United States (5) Investigates patterns of recent family change. Explores similarities and differences in family life between Western Europe and US as well as variations among countries and among population subgroups within countries. Focuses on differences and similarities in social, economic, political, and cultural environments. Recommended: 352.

STATISTICS

STAT 529 Sample Survey Techniques (3) Design and implementation of selection and estimation procedures. Emphasis on human populations. Simple, stratified, and cluster sampling; multistage and two-phase procedures; optimal allocation of resources; estimation theory; replicated designs; variance estimation; national samples and census materials. Prerequisites: 421, 423, QMETH 500 or BIOST 511 or equivalent; or permission of instructor. Offered: jointly with BIOST 529.

SCANDINAVIAN LANGUAGES & LITERATURE

DANISH

DANISH 201, 202, 203 Second Year Danish (5, 5, 5) Intensive practice in speaking, reading, and writing. Review of grammar. Introduction of modern literary texts. Discussion of culture and current events in Denmark. Prerequisite: 103 or equivalent.

WOMEN STUDIES

WOMEN 205 Introduction to Global Perspectives on Women (5) I&S *Sunindyo* Introduction to basic concepts of gender, race-ethnicity, class, nation, and sexuality. Topics include international women's histories, comparative women's movements, activism and resistance, feminists' perspectives of global politics and economy, issues of violence, and consideration of women and human rights.

WOMEN 488 Women and Science (5) Issues faced by women in science. Points of tension and connection between women and science. Voices of women scientists heard in context of their own experiences. Feminist critiques of science. Impact of science and technology on all women examined with particular attention to reproduction (of knowledge as well as individuals).

SCHOOL OF BUSINESS ADMINISTRATION

ACCOUNTING

ACCTG 375 Topics in Financial Reporting (4) Critical examination of the uses and limitations of general purpose financial statements that have been prepared in accordance with generally accepted accounting principles. Not open for credit to accounting majors or to students who have completed 301. Prerequisite: 230.

BUSINESS COMMUNICATIONS

B CMU 499 Research in Business Communications (1-6) Prerequisite: permission of undergraduate office.

BUSINESS POLICY

B POL 473 Practicum in Entrepreneurship (4) Explores requirements and challenges in establishing a business in the State of Washington. Broad areas of interest include developing business concepts, marshalling resources, startup actions, and strategic and operation planning.

FINANCE

FIN 556 Investment Planning and Evaluation (4) Analytic tools for valuing and evaluating business entities and for investment planning. Topics include business valuation, performance evaluation, risk analysis, capital budgeting, inflation and tax issues, leasing, and business acquisitions. Prerequisite: B A 502.

HUMAN RESOURCE MANAGEMENT & ORGANIZATIONAL BEHAVIOR

HRMOB 582 Power, Influence, and Citizenship Behavior (3) Focuses on ways in which the individual and the organization get things done through working with others. Includes leadership, social influence, and the use and abuse of power, with attention given to positive organizational activities such as citizenship behavior and extra role activities.

MARKETING

MKTG 335 Principles of Selling (4) Focuses on role of influence and persuasion in professional selling and other organizational settings. In addition to formal theoretical coursework in such areas as consumer behavior, negotiation, and communication, students practice sales skills in role plays, presentations, and other exercises requiring practical application of selling theory.

MKTG 430 Sales Force Management (4) Sales and distribution planning; sales organization and training; management of the sales force; methods of sales, cost, and performance analysis. Prerequisites: 301 and junior standing.

STRATEGIC MANAGEMENT

ST MGT 591 Theories of the Firm and Strategic Management: Economic Models (4) Reviews the economic theories that support strategies pursued by firms and explores the links between market processes, firm strategy, and firm performance. Topics include agency theory, transaction cost economics, resource dependence, population ecology, and neo-Austrian economics.

SCHOOL OF DENTISTRY

PEDODONTICS

PEDO 580, 581, 582, 583 Developmental Disabilities Seminar (1, 1, 1, 1) Multidisciplinary approach to managing children with developmental disabilities.

PEDO 660P, 661P, 662P, 663P, 664P, 665P, 666P, 667P Clinical Pediatric Dentistry (1-3, 1-3, 1-3, 1-3, 1-3, 1-3, 1-3, 1-3) Clinical courses involving treatment of pediatric patients, especially those with special needs.

ORAL MEDICINE

ORALM 525P, 526P, 527P Detection and Management of Systemic and Oral Disease I, II, III (1,2,1) Clinical presentation of diseases of oral cavity and appropriate treatment conditions.

ORALM 601 Oral Medicine Research Seminar (1, max. 10) Presentation and discussion of current research problems by graduate students, faculty, and investigators from other departments in the university. Credit/no credit only. Prerequisite: permission of instructor.

PERIODONTICS

PERIO 660- Clinical Periodontics (2-6, max. 60) Clinical experience in diagnosis and treatment of periodontal disease.

COLLEGE OF EDUCATION**TEACHER EDUCATION PROGRAM**

EDTEP 502 Second Quarter Field Experience - Elementary (3) Field experience accompanying the second quarter of study in the Elementary Teacher Education Program. Approximately 30 hours per week for four weeks during the quarter in supervised school placements and small group discussions. Credit/no credit only. Prerequisite: Elementary TEP student.

EDTEP 505 Fifth Quarter Field Experience - Elementary (2) Field experience accompany the fifth quarter of study in the Elementary Teacher Education Program. Supervised school placements and small group discussions. Credit/no credit only. Prerequisite: Elementary TEP student.

EDTEP 522 Teaching and Learning in Numeracy (3) Focus on pedagogy of mathematics. In conjunction with field experience, students extend understanding of mathematics and successfully integrate mathematics as a tool for learning science and art. Prerequisite: TEP student.

EDTEP 532, 533 Teaching and Learning in Literacy I, II (3, 3) Introduces participants to the content and process of literacy learning in elementary school. Study of abilities needed for effective literacy use, instructional strategies to help children acquire these abilities, and assessment strategies to evaluate student progress. Prerequisite: TEP student.

EDTEP 542 Meeting the Needs of All Students - Elementary (4) Overview of physical, cognitive, and social development of elementary school-age children. Discussion of ways in which differences in development may affect children in school. Provides elementary teachers with understanding of how to facilitate the success of all children in general education classrooms. Prerequisite: TEP student.

EDTEP 532, 533 Teaching and Learning in Literacy I, II (3, 3) Introduces participants to the content and process of literacy learning in elementary school. Study of abilities needed for effective literacy use, instructional strategies to help children acquire these abilities, and assessment strategies to evaluate student progress. Prerequisite: TEP student.

EDTEP 562-563 Adolescent Development and Education (3-3) Overview of trends and issues of adolescent development and behavior in relation to contemporary secondary schooling. Psychological perspectives on adolescent identity, interpersonal relationships, academic engagement, and social deviancy in schools examined with special attention to classroom management and accommodating differences. Prerequisite: TEP student.

EDTEP 571 Topics and Tensions in School and Society (3) Exploration of issues of value and value tension in American schools. Consideration of social values of equality, opportunity, pluralism, and community, historical and contemporary evidence of values in schooling, and how values can conflict in policy and practice. Emphasis on secondary education. Prerequisite: TEP student.

EDTEP 593 Third Quarter Field Experience - Secondary (3) Field experience accompanying third quarter of study in Secondary Teacher Education Program. Approximately 4 weeks during the quarter in supervised school placements and small group discussions. Credit/no credit only. Prerequisite: Secondary TEP student.

COLLEGE OF ENGINEERING**CHEMICAL ENGINEERING**

CHEM E 559 Thin Film Science, Engineering, and Technology (3) The physics, chemistry, and engineering aspects of thin film deposition and technology. Vapor phase deposition emphasized. Topics include reactor types, vapor phase transport and hydrodynamics, surface and mass transport limited kinetics, nucleation and growth, homoepitaxy, heteroepitaxy, and thin film characterization. Prerequisite: permission of instructor.

COMPUTER SCIENCE AND ENGINEERING

CSE 467 Advanced Digital Design (3) Advanced techniques in the design of digital systems. Hardware description languages, combinational and sequential logic synthesis and optimization methods, partitioning, mapping to regular structures. Emphasis on reconfigurable logic as an implementation medium. Memory system design. Digital communication including serial/parallel and synchronous/asynchronous methods. Prerequisites: 326 and 370.

ELECTRICAL ENGINEERING

E E 553 Power System Economics (4) Economic structure of power systems. Problem formulation, optimization methods and programming for economic analysis of power system operation and planning. Economic dispatch, load forecasting, unit commitment, interchange, planning and reliability analysis. Provides background to pursue advanced work in planning and operation. Prerequisite: graduate standing or permission of instructor.

E E 588 Advanced Laser Engineering (4) Electromagnetic principles and optical components important in laser engineering. Resonator design. Gain and laser rate equations (steady state and transient). Non-linear processes. The principles underlying common laser systems, including argon and krypton, diode pumped Nd:YAG, conventional and femtosecond pulse dye, and excimers. Prerequisite: 488 or permission of instructor.

E E 589 Advanced Topics in Sensors and Sensor Systems (4) Topics of current interest in sensors and sensor systems. Prerequisite: permission of instructor.

MATERIALS SCIENCE & ENGINEERING

MSE 559 Thin Film Science, Engineering, and Technology (3) The physics, chemistry, and engineering aspects of thin film deposition and technology. Vapor phase deposition emphasized. Topics include reactor types, vapor phase transport and hydrodynamics, surface and mass transport limited kinetics, nucleation and growth, homoepitaxy, heteroepitaxy, and thin film characterization. Prerequisite: permission of instructor.

TECHNICAL COMMUNICATIONS

T C 509 Writing the Scientific Article (3) Examination of principles and practice of writing research manuscripts, articles, abstracts, and oral presentations. Detailed examination of scientific publication process includes issues of style, organization, and ethics. Students draft, critique, and revise their own manuscripts and learn to review the manuscripts of others.

COLLEGE OF FOREST RESOURCES**ECOSYSTEM SCIENCE & CONSERVATION**

ESC 333 Plant Communities: Resilience and Restoration (5) Biological and ecological effects of human impact on native plant communities. Effects of grazing, timber removal, habitat draining and filling, fire control, and application of chemicals. Potential for ecological restoration of plant communities. Field trips. Prerequisite: 113 and BIOL 102 or BIOL 203 or equivalent.

ESC 494 Wildlife Senior Project Proposal (3) Selection of research topic, literature review, and preparation of a formal research proposal. Students select a faculty advisor or a faculty committee to assist them in the proposal writing process. Prerequisite: senior standing in wildlife science.

FOREST ENGINEERING

F E 404 Forest Engineering Field Seminar (1) Forest engineering activities examined and discussed during three all-day site visits. Opportunity for forest engineering practitioners, faculty, and students to interact in an informal, content-rich environment. Prerequisite: forest engineering student or permission of instructor.

FOREST MANAGEMENT

F M 587 Current Topics in International Forest Products Trade: Marketing Research (2, max. 6) Current research topics in marketing, market research, and technology related to the forest products sector. Presented by faculty and invited professionals, supplemented by student presentations.

PAPER SCIENCE AND ENGINEERING

PSE 200 Wood Products and the Environment (5) NW Briggs Designed to provide better understanding of wood as a material. Study of the processes involved in production of major types of wood products, levels of product use, and comparisons of non-wood alternatives. Information and methods designed to aid student in understanding complex resource issues.

INTERDISCIPLINARY GRADUATE PROGRAM**MOLECULAR AND CELLULAR BIOLOGY**

MCB 516 Molecular and Cellular Biology Literature Review (2)

MCB 517, 518 Topics in Molecular and Cellular Biology (1-5, max. 12, 1-5, max. 12) Advanced in-depth coverage of specific areas of molecular and cellular biology of current interest. Lectures by University of Washington faculty involved in research in this area and lectures by invited speakers. A basic knowledge of principles of molecular and cellular biology assumed.

MCB 580 Teaching Practicum in Molecular and Cellular Biology (3, max. 6) Supervised training in the teaching of molecular and cellular biology. Credit/no credit only. Prerequisite: permission of instructor.

MCB 600 Independent Study or Research (*)

MCB 800 Doctoral Dissertation (*)

MUSEOLOGY

MUSEUM 483 Museum Operations Practicum (3, max. 9) Provides students with the opportunity to apply their general museological training in one or more areas of supervised museum operation areas, e.g., registration, education, or exhibition through project-oriented work in the Burke Museum. Prerequisite: permission of instructor.

MUSEUM 490 Museum Curation Practicum (1-5, max. 15) The application of museological training in the curation of ethnographic, archeological, geological, or zoological collection materials in the Burke Museum. Work under the supervision of faculty curators ranges from fundamental collection documentation and research to preventive conservation; storage, and other special curation projects. Prerequisite: permission of instructor.

MUSEUM 498 Museum Internship (3-5) Faculty supervised off-campus internships in museums and allied institutions. Each internship is individually established and provides students with practical experience and the opportunity to apply and learn new professional skills. Prerequisite: permission of instructor.

MUSEUM 600 Independent Study or Research (1-9)

MUSEUM 700 Master's Thesis (1-9)

UNIVERSITY CONJOINT

UCONJ 500- Seminar in Interprofessional Collaboration (1-5), max. 8) Emphasizes experiential learning, involving a collaborative project with students from Social Work, Nursing, Public Health, Education, and Public Affairs. Seminars focus on interprofessional collaborative practice, intrapersonal understanding, interpersonal group process skills, organizational ability, community awareness, and sociocultural sensitivity. Students encouraged to participate concurrently in disciplinary specific field placements. Credit/no credit.

SCHOOL OF MEDICINE**BIOCHEMISTRY**

BIOC 517 Protein Structure (1, max. 30) Baker Prerequisite: permission of instructor. Credit/no credit only.

BIOC 518 Signaling in Development (1, max. 30) Ruohola-Baker Prerequisite: permission of instructor. Credit/no credit only.

BIOC 525 Phytoremediation (1, max. 4) Gordon Literature survey of phytoremediation topics. Discussion of latest techniques for the use of plants to concentrate heavy metals in the soil and of plants and plant-bacteria combinations to detoxify various organic contaminants. Credit/no credit only.

BIOC 533 Topics in Biochemistry (1-3) Palmer Provides in-depth examination of current topics in biochemistry, molecular biology, and structural biology. Designed to help participants in basic science departments become acquainted with latest ideas on topics being covered. Emphasis on analysis of key concepts in the field with reference to classical papers and recent literature. Prerequisite: permission of instructor.

BIOC 534 Topics in Molecular Biophysics (1-2) Parson Emphasis on methods used to study macromolecular structure and dynamics, including x-ray crystallography, NMR, optical spectroscopy, computer modeling, protein folding and ligand binding. Two topics covered each quarter; students may register for one or both. Prerequisite: permission of instructor.

BIOC 560 Protein Folding (1) Baker Prerequisite: permission of instructor. Credit/no credit only.

BIOC 561 Origin of Polarity (1) Ruohola-Baker Prerequisite: permission of instructor. Credit/no credit only.

BIOLOGICAL STRUCTURE

B STR 584 Seminar in Neurogenesis (1) Reh Discussion of current research on process by which neurons are generated in the nervous system.

FAMILY MEDICINE

FAMED 555 P-Wilderness Medicine (2) Two-week elective provides didactic and field experience for third-year medical students in types of medical emergencies and clinical problems unique to rural and wilderness communities, including trauma, survival hypothermia, altitude, frostbite, heat illness, lightning, and river rescue.

IMMUNOLOGY

IMMUN 551 Regulation of T Cell-Dependent B Cell Maturation (1, max. 30) Clark Credit/no credit.

IMMUN 552 Immunogenetics and Autoimmunity (1, max. 30) Concannon Credit/no credit.

IMMUN 553 Immunogenetics and Immunobiology (1, max. 30) Pious Credit/no credit.

IMMUN 554 Immunogenetic Aspects of Human Autoimmunity (1, max. 30) Nepon Credit/no credit.

IMMUN 555 Model of Autoimmune Disease and Their Regulation (1, max. 30) Goverman Credit/no credit.

IMMUN 556 Immune Recognition, Autoimmunity, and Immunogenetics (1, max. 30) Hood Credit/no credit.

IMMUN 557 Thymic Environment (1, max. 30) Farr Credit/no credit.

IMMUN 558 Molecular Biology of the Human Antibody Repertoire (1, max. 30) Milner Credit/no credit.

IMMUN 560 Progress in T Cell Research (1, max. 30) Bevan, Fink, Pullen, Rudensky Credit/no credit.

IMMUN 561 Mechanisms of Peripheral Tolerance (1, max. 30) Fink Credit/no credit.

IMMUN 562 Developmental Regulation of T Cell Function (1, max. 30) Wilson Credit/no credit.

IMMUN 564 Cellular/Molecular Regulation of T Cell Responses (1, max. 30) Greenberg Credit/no credit.

IMMUN 565 T Cell Development and Cytokine Biology (1, max. 30) Lewis Credit/no credit.

IMMUN 566 T Cell Development and Recognition (1, max. 30) Pullen Credit/no credit.

IMMUN 567 Antigen Processing and Presentation (1, max. 30) Rudensky Credit/no credit.

MOLECULAR BIOTECHNOLOGY

MBT 530 Advanced Instrumentation for Genome Analysis (3) Presentation of principles and use of instruments for genome analysis. Discussion of limitations of present instruments and potential improvements. Theory of electrophoretic and fluorescence based DNA analysis techniques. Prerequisite: permission of instructor.

MBT 550 Seminar in Molecular Biotechnology (1) Presentation of independent research by students and faculty of the Department of Molecular Biotechnology and by invited speakers. Emphasis on new and original contributions to the field of molecular biotechnology. Credit/no credit only.

MBT 560 Molecular Biotechnology Literature Conference (1) Presentation, discussion, and critical analysis of research results from the current literature in molecular biotechnology. Credit/no credit only.

MBT 599 Special Topics in Molecular Biotechnology (*) max. 12) Prerequisite: permission of instructor.

MBT 600 Independent Study or Research (*) Credit/no credit only.

MBT 700 Master's Thesis (*) Credit/no credit only.

MBT 800 Doctoral Dissertation (*) Credit/no credit only.

PHARMACOLOGY

PHCOL 560 Regulation of Cell Function by Cyclic Nucleotide Phosphodiesterases (1) Discussion of research strategies, methodologies, and literature relating to regulation of cyclic nucleotide levels in the cell. Emphasis on practical problem solving, data analysis, and presentation of methods important to understanding published data and designing new experiments. Prerequisite: permission of instructor. Credit/no credit only.

PHCOL 561 Molecular Properties of Ion Channels (1) Discussion of research strategies, methodologies, and literature concerning the structure, function, and regulation of sodium and calcium channels and the mechanism of action of drugs on them. Emphasis on experimental problem solving, data analysis, and presentation. Prerequisite: permission of instructor. Credit/no credit only.

PHCOL 562 Regulation of Synaptic Physiology (1) Discussion of research strategies and methodologies involved in the regulation of signal transduction and synaptic physiology. Emphasis on practical problem solving, data analysis, and presentation methods. Prerequisite: permission of instructor. Credit/no credit only.

PHCOL 563 Developmental Toxicology (1) Presentation of theory and techniques with highest priority given to current literature and research advances. Emphasis on mechanisms whereby drugs and other foreign organic chemicals affect dysmorphogenesis, functional abnormalities, and other types of permanent and semi-permanent embryotoxic effects. Prerequisite: permission of instructor. Credit/no credit only.

PHCOL 564 Cellular Regulation by Protein Kinases (1) Analysis of research problems, techniques, and emerging concepts in study of the function of protein kinases. Emphasis on critical evaluation of research and development of presentation skills. Prerequisite: permission of instructor. Credit/no credit only.

PHCOL 565 Intercellular Signaling in Development (1) Molecular genetic approaches to dissecting the roles and mechanisms of intracellular signaling during development. Emphasis on vertebrate genes related to *Drosophila* segment polarity genes. Prerequisite: permission of instructor. Credit/no credit only.

PHCOL 566 Molecular Pharmacology of Neurotransmitter and Neurokinin Receptors (1) Discussion of research strategies and methodologies in the areas of molecular neurobiology and signal transduction of muscarinic receptors, G-proteins, and neurokinin receptors. Emphasis on practical problem solving, data analysis, and presentation methods important to modern scientific work. Prerequisite: permission of instructor. Credit/no credit only.

PHCOL 567 Signal Transduction Mechanisms in Neuroplasticity and Neuron Growth (1) Discussion of research strategies, methodologies, and literature relating to signal transduction mechanisms important for neuroplasticity and regulation of neuron growth in the central nervous system. Emphasis on practical problem solving, data analysis, and presentation methods important to modern scientific work. Prerequisite: permission of instructor. Credit/no credit only.

PHCOL 568 Pharmacology of Free Radicals (1) Advanced considerations of current literature and of experimental design, implementation and interpretation of research dealing with the effects of reactive oxygen species and free radicals on cell membranes and cells. Discussion of relationships of such phenomena to human disease and the effects of drugs thereon. Prerequisite: permission of instructor. Credit/no credit only.

PHCOL 569 Molecular Genetics of Potassium Channel Function (1) Discussion of research strategies, methodologies, and literature concerning the structure, function, and regulation of potassium channel genes and their role in behavior as studied in mutant mice. Emphasis on experimental problem solving, data analysis, and presentation. Prerequisite: permission of instructor.

PHCOL 570 Molecular Pharmacology of Neurotransmission (1) Discussion of research strategies, methodologies, and literature concerning the structure, function, and regulation of neurotransmitter genes and the mechanism of action of drugs and hormones on their expression. Emphasis on experimental problem solving, data analysis, and presentation. Prerequisite: permission of instructor.

REHABILITATION MEDICINE

REHAB 428 Applied Prosthetics and Orthotics II (5) Supervised clinical practice under the preceptorship of a certified practitioner for a minimum of 250 hours in each discipline required for prosthetic-orthotic majors. Prerequisite: prosthetic-orthotic major standing.

8 out of 10 UW Students have a U-PASS

Here's why...

The Bus

Go places. Ride Metro and Community Transit all around two counties, as often as you want! Pick up a "U-PASS Bus Map" at any campus Commuter Center.

Bikes

U-PASS fees help pay for more and better bicycle facilities. And now all Metro buses are equipped with bicycle racks—when you take the bus, your bike rides free.

Carpools

Park free on campus when all members of your carpool have a U-PASS. Save money on gas and car maintenance, too. The

Transportation Office (543-0450) will help you find carpool partners.

Night Ride

If you live near campus, get shuttle service to your door when it's dark outside.

Merchant Discounts

Save money at stores and restaurants all over the U District and around town.

At just \$27 per quarter, the U-PASS is your best deal on or off campus.

To find out more about what a U-PASS can do for you, pick up information at any of the campus Commuter Centers listed here or call the Transportation Office at 543-0450.

IN MANY COMPANIES
IT TAKES YEARS TO PROVE YOU'RE
MANAGEMENT MATERIAL...

WE'LL GIVE YOU 10 WEEKS.

Ten weeks may not seem like much time to prove you're capable of being a leader. But if you're tough, smart and determined, ten weeks and a lot of hard work could make you an Officer of Marines. And Officer Candidates School (OCS) is where you'll get the chance to prove you've got what it takes to lead a life full of excitement, full of challenge, full of honor. Anyone can say they've got what it takes to be a leader, we'll give you ten weeks to prove it.

RENTER'S WORKSHEET

How much rent can you afford?

The recommended rule is to budget 25-30% of your gross income for rent. Your lifestyle and liabilities determine where you fall within this range. Generally you should use 28% as a guide.

Use the following formula to calculate your monthly target rent:

Yearly Gross Income _____
Divide by 12 _____
Multiply by .28 _____

TARGET RENT TOTAL

Estimate your other monthly costs

Use this guide to calculate what your total monthly expenses will be after you move.

- Gas & Electric _____
- Telephone _____
- Cable TV _____
- Food _____
- Clothing _____
- Car Loan & Insurance _____
- Other Loan Payments _____
- Credit Card Payments _____
- Medical Expenses _____
- Transportation _____
- Entertainment _____
- Miscellaneous _____

Add these total monthly expense figures together to help assess your monthly living expenses.
