GENERAL INFORMATION

It is the University's expectation that a student will follow University rules and regulations as they are stated in the *General Catalog*. In instances where no appeal procedure is spelled out and the student is persuaded that a special set of circumstances makes appeal reasonable, he or she may appeal the application of specific rules or regulations to the office of the dean of the school or college in which he or she is enrolled in the case of an academic matter, or to the Office of Student Affairs, in the case of a nonacademic matter. These offices will either render a decision on the appeal or refer the student to the proper office for a decision.

GUARANTEED REGISTRATION ELIGIBILITY

Matriculated University of Washington students who remain in good scholastic standing are guaranteed the opportunity to register each quarter as long as they maintain continuous enrollment (Summer Quarter excepted). Continuation must be in the same classification, e.g., undergraduate, postbaccalaureate (fifth-year), graduate, etc. Once a student earns a bachelor's degree, he or she must apply for readmission as a postbaccalaureate (fifth-year), nonmatriculated, or graduate student. Exceptions to the guarantee are: (1) students under disciplinary action, (2) students with a financial hold, and (3) students who do not meet their major department's continuation policy.

If an undergraduate does not enroll for one or more quarters, or if a graduate student goes on-leave, he or she must file an application for readmission with the Registrar's Office. Information on admission closing dates is available at Window 3, second floor, Schmitz Hall, or by calling 543-5920.

FULL-TIME STUDENT REQUIREMENT

Many students think that because they pay full fees they are considered full-time students. This is incorrect. To be considered a full-time student, an undergraduate must register for 12 credits and a graduate student must register for 9 credits. The full-time registration requirement varies for different agencies. Information on full-time requirements of the Veterans Administration, Immigration and Naturalization Service, and Social Security Administration may be obtained by telephoning 543-6122. Consult the Financial Aid Office for its requirement on satisfactory student progress.

ENROLLMENT SERVICE FEE

The \$50 Enrollment Service Fee is not required for Summer Quarter. If a payment has been made for the coming Autumn Quarter, it cannot be credited to Summer Quarter fees. Summer Quarter fees are entirely separate from fees collected for the regular academic year and, therefore, credit balances in student accounts may not be applied to Summer Quarter tuition. Student account credit balances must be either refunded or applied to another quarter of the regular academic year.

NONMATRICULATED STUDENTS

During summer, nonmatriculated students receive the same priority as matriculated students for registration appointments, have equal access to summer classes and to departmental advisory offices, and may preregister for summer classes if they receive their admission and preregistration eligibility notification in time.

TUITION-EXEMPT FACULTY/STAFF

With the approval of their department heads, regularly admitted full-time UW faculty and staff members who have been employed six months or more may take up to 6 credits per quarter under the tuition exemption program. According to statute, all registrations must be on a space-available basis after other students have registered. Members of the faculty and staff who wish to utilize the exemption may not preregister; registration may occur no earlier than the last day of the registration period. Faculty/staff who register before the last day will not be eligible to use a tuition exemption that quarter. Registration appointments are not required. New faculty/staff enrolling as students must be officially admitted by the Office of Admissions by the regular admission closing date; May 15 is the closing date for Summer Quarter. Faculty/staff members who are former students returning, either in the same classification or as nonmatriculated students, should apply at the

Registration Office, Window 8, second floor, Schmitz Hall, by May 15.

Employees should present their approved tuition exemption cards at Sections, Odegaard Undergraduate Library, according to the schedule listed below. A \$5 registration fee will be collected at the time of registration. The alphabetical priority will change each quarter. Regularly admitted faculty and staff members who are unable to meet this schedule may register late by paying a \$20 fee if registering before the tenth day of the quarter; \$50 after the tenth day.

Summer Quarter Registration date: June 16, 1982

Last names beginning with N-O-P (8-9 a.m.); Q-Z (9-10 a.m.); A-B (10-11 a.m.); C (11 a.m.-noon); D-E-F (noon-1 p.m.); G-H (1-2 p.m.); I-J-K (2-3 p.m.); L-M (3-4 p.m.); makeup (4-4:30 p.m.).

Tuition-exempt faculty/staff are not entitled to other student services such as those available at the Hall Health Center and the Intramural Activities Building. Therefore, UW student cards will not be issued to faculty and staff. Faculty/staff identification cards may be used for library services.

"ACCESS" PROGRAM FOR OLDER ADULTS

The University of Washington waives tuition for Washington residents sixty years or older who wish to attend classes as auditing students on a space-available basis. Students who attend the University under the Access program are limited to two courses per quarter. The fee is \$5, whether one or two courses are attended. As auditors, students do not receive credit and are not expected to do laboratory work or to take examinations. Registration may be made in person on Wednesday, June 16, between 8 a.m. and 2 p.m. at the Sections branch office, in the basement of the Odegaard Undergraduate Library. For additional information on mail-in registration or about the program in general, telephone Continuing Education, 545-7418, between 9 a.m. and noon.

AUDITORS

Auditors, except those under the Access program, pay standard tuition and fees and must be regularly admitted and registered in the course.

Attendance in courses as an auditor is by consent of the instructor involved and is conditioned by the extent to which space is available. Permission to audit is ordinarily granted for lecture classes only. An auditor may not participate in class discussion or laboratory work, and his or her registration may be cancelled at the discretion of the instructor.

No entry is made on the permanent record for courses audited. To receive credit for an audited course, the student must register for the class for credit in a subsequent quarter.

Auditors follow registration instructions below.

DISABLED STUDENTS

Various support services, including priority registration, are available to students with disabilities. Contact the Coordinator for Disabled Students, 468 Schmitz, 543-8924, for information on equipment, technical aids, and accommodations to meet individual needs. *Access: University of Washington*, a guidebook to buildings on the campus, and an accompanying map may be obtained from the office.

Students with disabilities who register for a science laboratory class should telephone the Disabled Students Service Coordinator, 543-8924, and the academic adviser of that department immediately to evaluate whether some accommodation will be necessary.

REGISTRATION INSTRUCTIONS

ACADEMIC ADVISER

Using the *Summer Quarter Bulletin* and the quarterly *Time Schedule*, plan your program of study for the summer. See an academic adviser if you have questions about registration procedures, the courses you wish to take, or if approval of your quarterly program of study is required.

Nonmatriculated students may consult advisers in the academic

department offering the courses they wish to take (adviser approval of summer programs is not required, however).

PREREGISTRATION

1. Eligibility

Preregistration is open to all students continuing from Spring Quarter, matriculated or nonmatriculated, and to new and return-

ing students applying early enough to be notified of preregistration eligibility. Exceptions are tuition-exempt faculty/staff and older adults auditing under the Access program, who may register only during the last days of in-person registration (see General Information section for specific registration dates).

2. Submitting the Preregistration Form

Mark-sense registration forms are available at advisory offices and at Window 3, Registration Office, second floor, Schmitz Hall. Please note that some courses listed in the *Time Schedule* have restricted enrollment and will require entry cards. Also, undergraduates will not be scheduled for more than 19 credits until the first day of the quarter. This is done to allow all students a chance to develop basic programs.

Continuing students preregistering may turn in forms at:

- Registration lobby, second floor, Schmitz Hall
 - B10 Padelford
 - Fourth-floor student lounge, T-wing, Health Sciences Building
 - 353 Loew (engineering students only)
- New or returning students preregistering must turn in forms at Schmitz Hall.

3. Continuing Students Who Miss Preregistration

Obtain in-person registration appointment beginning May 10 at Window 8, Schmitz Hall. After June 15, you will be required to register late and to pay a \$20 late registration fee. Term *a* or through-term students registering after July 2 will pay a \$50 late registration fee at the Cashier's Office.

4. Schedule of Classes

All students who preregister will be scheduled by computer at one time. The scheduling priority is: freshmen, seniors, graduate students, postbaccalaureate (fifth-year), juniors, sophomores, and nonmatriculated. Schedules will be mailed May 27.

5. Registered Students

Students who preregister and do not get scheduled into any courses are not considered registered students. Their names are not included on the current file of registered students, and they are not eligible for preregistration the following quarter. Students in this category must submit a Former Student Application for the next quarter they wish to attend the University unless they were registered Spring Quarter.

IN-PERSON REGISTRATION

1. Eligibility

In-person registration is primarily for newly admitted and returning former students. Continuing matriculated students who miss preregistration, tuition-exempt faculty/staff, older students in the Access program, and nonmatriculated students also register during in-person registration. All students, except Access students, must be admitted to the University before attempting to register. When you have confirmed your admission you will be issued a registration appointment.

2. How to Register

See an academic adviser as indicated in the *Advising and Registration Guide*, which you received with your registration appointment.

Develop a schedule of classes selected from courses in the quarterly *Time Schedule*. List the classes on a worksheet, available from your adviser, or at Window 3, second floor, Schmitz Hall, and take it together with your registration appointment (or your faculty/staff exemption card) to the Sections branch office in the Undergraduate Library. If your registration appointment is for, or after, 4 p.m., try to see an adviser an hour early so that you can arrive at Sections by the time indicated on the appointment. *Your classes will be scheduled while you wait.*

ENTRY CARDS

Certain courses and sections require entry cards for registration. Students who request these courses (and/or sections) on their registration forms will not be registered in the courses unless the requests are accompanied by entry cards. An entry card alone is not sufficient. The course and schedule line number (SLN on entry card) must also be requested on the mark-sense registration form. Obtain course entry cards for courses designated with the symbol >>> in the margin of the *Time Schedule*. Information on where to obtain entry cards is found in the body of the *Time Schedule*, either as a comment before the course listing or just after the title of the course.

LATE REGISTRATION

Students who register after the official registration period will be charged a \$20 late registration fee, payable at the Cashier's Office, 129 Schmitz. After the tenth day of classes the late registration fee is \$50.

For the late applicant

New students who miss the May 15 closing date may attend Summer Quarter as nonmatriculated students by applying in person at the Office of Admissions, 320 Schmitz.

Former students apply in person at the Registration Office, second floor, Schmitz Hall, on or after May 17 for registration authorization. They will be readmitted into their former classification, if eligible; otherwise, they will be admitted as nonmatriculated students.

Registration for late applicants is on June 16. A late fee of \$20 will be charged after this date.

Late applicants may also enroll on or after the first day of classes, including term *b* classes, if class space is available. After certain dates, however, instructors' signatures are required.

REGISTRATION CHANGES

1. Change Appointments and Late Fee

a) All changes to a student's program should be completed during the official change period (see calendar). Changes are made by appointment only. Appointments are available, beginning June 3, at Window 3, second floor lobby, Schmitz Hall. A student who arrives more than a half-hour late will be required to make a new appointment. Evening-only students may change their programs without an appointment any time after 5 p.m. and no later than 6:15 p.m. during the first week of school; they should go directly to Sections in the Undergraduate Library cafeteria.

Students in the schools/colleges of Medicine, Dentistry, Nursing, Pharmacy, Public Health and Community Medicine, Ocean and Fishery Sciences, and Forest Resources may make changes during the first week of the quarter, without an appointment in the lobby of the T-wing, Health Sciences Building.

Engineering students may make registration changes in 110 Engineering Library. No appointments will be necessary during the first week of school for the engineering satellite registration station. Beginning the second week of the quarter, all changes will be made in 264 Schmitz.

Changes made after the change periods cost \$15 and may result in fee forfeiture (see item 3 of this section).

b) Students will be expected to present University of Washington Summer Quarter 1982 student identification cards when requesting appointments. Tuition-exempt faculty and staff present faculty/staff identification cards and copy of their program. No more than one change appointment will be issued to a student at a time. Additional change appointments will be issued only after the initially assigned appointment has been used or has expired.

c) Credit changes in variable credit courses and changes to or from S/NS grading may be accomplished without change appointments during the change period. Changes to or from S/NS (Satisfactory/Not Satisfactory) grading must be made during the official change period.

d) Undergraduates in the College of Arts and Sciences must have their adviser's signature to carry more than 22 credits; 30 credits is the limit per quarter.

2. Grades in Dropped Courses and Drop Restrictions

After the Official Change Period, courses may be dropped under the following conditions:

Full-Quarter courses

a. Dropped courses will not be entered on the student's record—through July 2.

b. Dropped courses will be entered on the student's record with a grade of W—July 6–16 (graduate students: July 6–August 6).

c. Undergraduate student deadline to drop full-quarter courses—July 16. A limited number of drops are permitted after this date (see below). No drops of any kind are permitted for full-quarter courses after the eighth week of instruction—August 13.

d. Graduate student deadline to drop full-quarter courses—August 6.

Term *a* courses

a. Dropped courses will not be entered on the student's record—through June 25.

b. Dropped courses will be entered on the student's record with a grade of W—June 28–July 2 (for both undergraduate and graduate students).

c. Undergraduate student deadline to drop term *a* courses—July 2. A limited number of drops are permitted after this date (see below). No drops of any kind are permitted for term *a* courses after July 14.

d. Graduate student deadline to drop term *a* courses—July 2.

Term *b* courses

a. Dropped courses will not be entered on the student's record—through July 28.

b. Dropped courses will be entered on the student's record with a grade of W—July 29–August 4 (graduate students: July 29–August 6).

c. Undergraduate student deadline to drop term *b* courses—August 4. A limited number of drops are permitted after this date (see below). No drops of any kind are permitted for term *b* courses after August 13.

d. Graduate student deadline to drop term *b* courses—August 6.

Undergraduate students may make a limited number of drops after the aforementioned deadlines. The number of late drops permitted depends upon the number of academic credits the student has completed at the University. While completing the first 44 credits at the University, the student has three drops permitted after the deadline, but before the last week of instruction. After 45 credits have been completed at the University, the student earns one late drop for each 45 credits earned. All but the first three late drops may be accumulated and used as necessary. The first three late drops must be used prior to earning 45 credits or they are forfeited. *No drops of any kind are permitted after July 14 for term a courses or after August 13 for term b courses and full-quarter courses.*

Graduate students do not earn late drops; they may drop courses only until the date specified.

Any student may petition the Registrar to drop a course after the regular drop deadline if: (1) the student is unable to complete the course in question due to a severe mental or physical disability, or (2) unusual and extenuating circumstances beyond the student's control prevented the student from dropping the course by the regular drop deadline. Petitions must be filed promptly after the occurrence of the event that gave rise to the need for dropping the course.

3. Fee Forfeitures or Refunds

All drops and adds made through June 25 will be reflected on your bill. Courses added after this date may result in additional fees, which are payable at the time of the change. Courses dropped may result in fee refunds, depending on the number of credits you continue to carry. Students who drop full-quarter and term *a* courses June 28–July 2 are eligible for a half refund of fee differential. Students who drop term *b* courses June 28–July 28 are eligible for a full refund of fee differential; students who drop term *b* courses July 29–August 4 are eligible for a half refund of fee differential. After these final dates, there is no reduction in the amount of tuition and fees owed.

Dropped courses become effective the date received in Sections.

4. Courses Added After the Official Change Periods

The instructor's signature is required for adding a full-quarter or term *a* course after June 25; a term *b* course after July 23.

Courses audited may not be changed to a credit registration after July 2 for full-quarter courses; after June 25 for term *a* courses; and after July 28 for term *b* courses.

SUMMER QUARTER FEES*

Credits	Undergraduate†	Graduate and Law‡
2 cr (min)	\$73	\$103
3 cr	\$108	\$153
4 cr	\$143	\$203
5 cr	\$178	\$253
6 cr	\$213	\$303
7 cr	\$248	\$353
8 cr	\$283	\$353
9 cr	\$318	\$353
Over 9 cr	\$353	\$353

* Fees are subject to change by the legislature.

† Includes postbaccalaureate (fifth-year) and nonmatriculated students.

‡ Fee schedule for students admitted to the Graduate School or School of Law.

Half-credit increments are charged at the next fee level. In contrast to academic year procedures, nonresident fees are not charged during Summer Quarter; nor is the \$50 enrollment service fee required. There is no reduction in fees for auditors. A separate fee schedule applies to medical and dental students.

Special Course and Laboratory Fees

The amounts listed in the above fee schedule normally cover University charges for course registration. Some courses, however, have extraordinary expenses associated with them, and in such cases the University may charge additional fees in amounts approximating the added instructional or laboratory costs.

FEE PAYMENT

1. You will be billed for tuition and fees based on the number of credits on your program at the end of the first week of the quarter, including courses added or dropped through June 25. The fee statement will be mailed on June 28 to the address you indicate at the time of registration. If you have not received your tuition billing by July 6, please contact the Cashier's Office for the amount due. Payment is due at the Student Accounts Office on or before July 9 and should be mailed in the envelope provided for fee payment purposes. There is no late payment period.

If payment is not received by July 9, your registration will be canceled. *Even if your registration is canceled, you are obligated for one-half your tuition and fees unless you have officially withdrawn from your summer classes by June 25.*

2. If you have a scholarship or a grant, or will be receiving educational aid, you must pay the required fees if the notice of award is not on file at the Scholarship and Loan Fiscal Office.

3. If you are permitted to reregister after cancellation for non-payment, you will be assessed a \$50 reregistration fee.

CHANGE OF ADDRESS

If you change your address after you have registered, be sure to complete a change of address form at the Registration Office. Forms are available at Window 3, second floor, Schmitz Hall. *You are responsible for notifying the Registrar's Office of any address change.*

STUDENT INSURANCE

UW students who remain registered through at least the first six days of instruction in the quarter are eligible to enroll in the student health insurance plan. The following students are not eligible:

1. Those enrolled only in programs administered by the Department of Continuing Education or Office of Short Courses and Conferences, including but not limited to extension, correspondence, independent study, continuing studies, noncredit courses, or the Access program; or

2. UW employees attending classes under the employee tuition exemption program.

Students who do not specifically request a particular student insurance plan or who do not specifically state they do not wish student insurance automatically will be enrolled and billed for *student only* medical, surgical, and hospital insurance.

If you are billed for student health insurance and wish to cancel your coverage, complete the appropriate section on the remittance copy of the billing statement and pay the amount billed less the indicated amount for insurance. If you wish to change or add coverage, you must do so in person in the Student Accounts Office by the date tuition is due. Tuition/fees and the student health insurance premium must be paid in full by the due date to be eligible for health insurance.

International students must subscribe to the University's medical insurance. Exceptions may be granted by the International Services Office if the student presents proof of other medical insurance coverage by the tuition due date. To be eligible for health insurance, the student must pay, in full, tuition, fees, and the student health insurance premium by the due date.

WASHPIRG

An optional \$2 fee is indicated on the fee statement for the Washington Public Interest Research Group, a student research organization. If you do not wish to support this activity, simply pay the regular tuition and fees. If you want to support WASHPIRG, check the payment card and pay the regular tuition and fees plus \$2.

WITHDRAWAL FROM THE UNIVERSITY (DROPPING ALL COURSES FOR THE QUARTER)

1. If you register and subsequently wish to withdraw from all your summer classes, you must withdraw officially from Summer Quarter. Unofficial withdrawal by nonpayment of fees by the July 9 deadline results in a financial obligation of one-half your tuition and fees (term b-only registrants excepted).

2. Obtain a withdrawal form from the Withdrawal Office, 264 Schmitz, or from your advisory office. Some colleges and schools require adviser approval to withdraw from classes, but most students (including students in the College of Arts and Sciences and all nonmatriculated students) may withdraw in person or by writing directly to the Withdrawal Office.

3. Present or mail the withdrawal form to the Withdrawal Office, 264 Schmitz. Withdrawals are effective the date they are received in the Withdrawal Office; fee refunds or fees owed will be based on this date. No withdrawals will be accepted after July 14 for term a courses or after August 13 for term b and full-quarter courses. The fee schedule below will be followed:

Full-quarter or term a-only courses

a. Students withdrawing before the sixth class day of the quarter or term (June 28) do not pay tuition or fees.

b. Students withdrawing on the sixth through the tenth class day of the quarter or term (June 28–July 2) are obligated for one-half their tuition and fees.

c. Students withdrawing after the tenth class day of the quarter or term (July 2) are obligated for full tuition and fees.

d. Students whose registration is canceled for nonpayment of fees will continue to owe the University one-half their tuition and fees.

Term b-only courses

a. Students withdrawing on or before June 25 do not pay tuition or fees. Students withdrawing after June 25 and before the sixth class day of the term (July 29) are eligible for a full refund of tuition and fees.

b. Students withdrawing on the sixth through the tenth class day of the term (July 29–August 4) are eligible for a half refund of tuition and fees.

c. Students withdrawing after the tenth class day of the term (August 4) receive no refund of tuition or fees.

d. Term b-only registrants who do not pay their tuition and fees by July 9 will have their registration automatically canceled. However, because this date occurs during the official withdrawal period for term b-only registration, these students are not obligated for one-half their tuition and fees.

4. Students who were unable to turn in their withdrawal on time because of extenuating circumstances may petition the Comptroller's Office. Petition forms are available in the Cashier's Office, 129 Schmitz.

5. If you have been accepted for Summer-Autumn, withdrawal from Summer Quarter on or after June 21 does not affect your Autumn Quarter status. Withdrawal must, however, be official to guarantee Autumn Quarter space. Withdrawal from Summer Quarter prior to June 21 invalidates summer registration, and a new application for Autumn Quarter is required.

6. Courses dropped as part of a University withdrawal completed by July 2 for full-quarter registration and by June 25 and July 28 for term a and term b registration, respectively, receive no grade and no entry. Withdrawals after these dates result in the courses being assigned a grade of "W."

GRADING SYSTEM

The University of Washington uses a numerical grading system with certain exceptions in the schools of Dentistry, Law, and Medicine. Instructors may report grades from 4.0 to 0.7 in 0.1 increments and the grade 0.0. The number 0.0 is assigned for failing work or unofficial withdrawal. Grades in the range 0.6 to 0.1 may not be assigned. Grades reported in this range will be converted by the Registrar's Office to 0.0. For graduate students, grades re-

ported in the range 1.6-0.1 will be converted to 0.0. Numerical grades may be considered equivalent to letter grades as follows:

Undergraduate/Graduate

A	4.0
B	3.0
C	2.0
	1.7
D	1.0
	0.7
E	0.0

Lowest grade earning credit for graduate students.

Lowest passing grade for undergraduates.

Failure or Unofficial Withdrawal. No credit earned.

Additional information on grades and scholarship rules may be obtained from the Grade Information Office, 248 Schmitz.

The Grade of Incomplete

In order to obtain credit for a course in which an Incomplete has been awarded, an undergraduate student must complete the remaining work for the course by the last day of the following quarter. An Incomplete grade for a Summer Quarter course must be made up by the last day of Autumn Quarter, or the Incomplete will be converted to a grade of 0.0 by the Registrar, unless the instructor has indicated when assigning the Incomplete grade that a grade other than 0.0 should be recorded if the incomplete work is not completed. This time limitation may be extended up to one year with instructor approval. Such approval must be received by the Registrar's Office before the end of the next quarter.

A graduate student who receives an Incomplete must complete the remaining work for the course by the last day of the next quarter in residence. An Incomplete received by a graduate student does not automatically convert to 0.0 but remains an Incomplete if the course work is not completed. This time limitation may be waived by the dean of the college in which the course was offered only if the nature of the uncompleted work is such as to make the fulfillment of this requirement impossible. In no case can an Incomplete received by a graduate student be converted to a passing grade after a lapse of two years. The Incomplete grade entry remains on the record permanently. When the final grade is received, it is posted under the quarter in which the final grade is received.

Satisfactory/Not Satisfactory

Students may elect to take certain courses on a Satisfactory/Not Satisfactory basis. Advisers should be consulted, and in no case are students allowed to register for more than one course or 6 credits on a Satisfactory/Not Satisfactory basis in a given quarter. No more than 25 credits will apply to an undergraduate degree. S/NS must be elected or dropped during the official change of program period. Undergraduate students earning grades of 1.7 or above receive a grade of S (Satisfactory) while grades below 1.7 are recorded as NS (Not Satisfactory). Graduate students earning grades of 2.7 or above receive a grade of S (Satisfactory), while 2.6 or below are NS (Not Satisfactory). No credit is awarded for an NS grade. In cases of withdrawal, the W is recorded. Neither S nor NS is included in the grade-point average. N, I, or X are recorded until the instructor reports the final grade, or in cases of incompletes received by undergraduates, until the I is converted by the Registrar. With the approval of his or her Graduate Program Adviser or Supervisory Committee Chairman, a graduate student may elect to take any course for which he or she is eligible outside of his or her major academic unit on the Satisfactory/Not Satisfactory system.

Credit/No Credit-Only Courses

Some courses are offered on a CR/NC-only basis. It is not necessary to register S/NS to take these courses, because the only grades assigned by the instructor are CR (Credit) or NC (No Credit). Neither CR nor NC is included in the grade-point average. In cases of withdrawal, a W is recorded. N, I, or X are recorded until the instructor reports the final grade, or in cases of incompletes received by undergraduates, until the I is converted by the Registrar.

FINAL EXAMINATIONS

There is no separate final examination week during Summer Quarter. Finals are ordinarily given during the last scheduled class.

SUMMER QUARTER 1982 CALENDAR

May 3-7	Preregistration for all matriculated and nonmatriculated students in school Spring Quarter and for new and returning students notified of preregistration eligibility.
May 10	In-person registration appointments available on or after May 10 at Window 8, second floor, Schmitz Hall, for continuing students who missed preregistration.
May 15	Application closing date.
May 17	Registration authorization available on or after May 17 for new and returning students who missed the admission application closing date. See Late Registration (for the late applicant).

Final examinations should be administered in accordance with the above examination schedule.

The dean may permit an instructor to change the time of a final examination upon prior application demonstrating good cause for such change. In such cases, the following guidelines shall be observed:

1. With the dean's permission, the final examination may be postponed or moved to an earlier time within the examination period if agreed to by all students and the instructor. Before approving the rescheduling of a final examination, the dean shall obtain assurances that the change will not have an undue adverse impact on the students. The dean shall notify the Registrar of the approval granted for changing the date of a final examination.

2. An instructor shall not, except in very unusual circumstances, grant permission to individual students for an early examination. If the student is unable to take an examination on the scheduled date, the procedure outlined in the following paragraph should be followed.

3. A student absent from any examination, or other required class activity, either by permission of the dean or through sickness or other unavoidable cause, shall be given an opportunity to complete the required work, or its equivalent, at some other time. If the instructor determines this is not feasible during the current quarter, the instructor shall exempt the student from

the requirement or give the student a grade of Incomplete if his or her work in the course is otherwise satisfactory. The student may remove this Incomplete in the manner provided for the removal of Incomplete grades. In all other cases of absence from the scheduled final examination, a student should be given a grade of 0.0.

4. Classes that meet on the hour use the first full hour of instruction to determine the time of examination. For example, a class that meets at 10 a.m. uses the 10:30 a.m. examination time.

5. Classes that begin on the half hour and last longer than one hour use the actual starting time to determine the examination time. For example, a class that meets at 7:30 a.m. and continues until 9:00 a.m. would use the 7:30 p.m. time.

6. Classes in which the entire class meets at the same hour every day, in the same room, may use that room at 8:30 a.m. or 2:30 p.m. for a three-hour examination. All other examinations are limited to one hour and fifty minutes unless other arrangements are made with Room Assignments.

7. If an examination is held at a time other than the above schedule indicates, instructors must check with Room Assignments to make sure that the room is going to be available.

Questions concerning the examination schedule should be directed to Room Assignments, 543-1080.

GUIDE TO COURSE LISTINGS

The information published in the *Time Schedule* is subject to change. The instructor listed for a particular course may be changed, or the instructor may use assistants in teaching the course. Additionally, courses listed in this publication may be cancelled in the event of insufficient enrollment.

Course, term, and section information is listed in the following columnar order:

INDEPENDENT STUDY THROUGH CORRESPONDENCE

The Office of Independent Study provides University courses for correspondence credit primarily by correspondence instruction to persons who wish to study independently. Fees for Independent Study courses are separate from residence tuition and are \$26 per credit. Enrollment is not based on the quarter system but is continuous throughout the year, with one calendar year allowed to complete a course.

A regularly enrolled student who wishes to register for additional courses for Independent Study credit should consult his or her departmental adviser prior to enrolling in an Independent Study course. Applications and additional information on enrollment procedures may be obtained from the Independent Study office, 222 Lewis, or by telephoning 543-2350.

The following courses are currently offered by Independent Study (credits in parentheses; * indicates variable credit, to be arranged by student and instructor).
