

UNIVERSITY OF WASHINGTON BULLETIN

WINTER QUARTER 1979

TIME SCHEDULE

PREREGISTRATION November 13-17, 20-22

	Last day to register and receive highest priority
Freshmen (0-44 credits)	November 13, 14
Seniors (135 credits)	November 14, 15
Graduate Students	November 15, 16
Postbaccalaureate (fifth-year) Students	November 16, 17
Juniors (90-134 credits)	November 17, 20
Sophomores (45-89 credits)	November 20-22

Class standing is based on the predicted number of credits the students will have at the beginning of the next quarter.

IN-PERSON REGISTRATION (By Appointment Only) Matriculated Students: December 18, 19 Nonmatriculated Students: December 20

>>> This symbol in the margin of the *Time Schedule* indicates that the section requires an entry card. Entry cards must accompany section requests on the Mark-Sense Registration Form. Entry cards may be obtained at locations listed on the entry card distribution list.

After you have used this *Time Schedule*, please leave it or pass it along so that other students may use it.

GENERAL INFORMATION

It is the University's expectation that a student will follow University rules and regulations as they are stated in the *General Catalog*. In instances where no appeal procedure is spelled out and the student is persuaded that a special set of circumstances makes appeal reasonable, he or she may appeal the application of specific rules or regulations to the office of the dean of the school or college in which he or she is enrolled in the case of an academic matter, or to the Office of Student Affairs in the case of a nonacademic matter. These offices will either render a decision on the appeal or refer the student to the proper office for a decision.

GUARANTEED REGISTRATION ELIGIBILITY

University of Washington students who remain in good scholastic standing are guaranteed the opportunity to register each quarter as long as they maintain continuous enrollment (Summer Quarter excepted). Continuation must be in the same classification, e.g., undergraduate, postbaccalaureate (fifth-year), graduate, etc. Once a student earns a bachelor's degree, he or she must apply for readmission as a postbaccalaureate (fifth-year), nonmatriculated, or graduate student. Exceptions to the guarantee are: (1) students under disciplinary action and (2) students with a financial hold.

If an undergraduate does not enroll for one or more quarters, or if a graduate student goes on-leave, he or she must file an application for readmission with the Registrar's Office. Information on admission closing dates is available at Window 3, Schmitz Hall, or by calling 543-5920.

FULL-TIME STUDENT REQUIREMENT

Many students think that because they pay full fees they are considered full-time students. This is not true! To be considered a full-time student, undergraduates must register for 12 credits and graduates must register for 9 credits. Full-time status is required for certain agencies, such as Immigration and Naturalization Service, Veterans Administration, and Social Security Administration. Consult the Registrar's Office for social security requirements, the International Services Office for immigration requirements, and the Veterans Affairs Office for VA benefits.

NONMATRICULTED STUDENTS

Nonmatriculated students may register only on the last day of in-person registration and enroll only on a space-available basis. Because nonmatriculated stu-

dents register after all other students, enrollment may be closed in the following areas: mathematics, English composition, beginning foreign languages (particularly French and Spanish), business, and art. Nonmatriculated students may participate in preregistration for the Summer Quarter.

AUDITORS

Auditors pay standard tuition and fees and must be regularly admitted and registered in the course.

Attendance in courses as an auditor is by consent of the instructor involved and is conditioned by the extent to which space is available. Permission to audit is ordinarily granted for lecture classes only. An auditor may not participate in class discussion or laboratory work, and his or her registration may be cancelled at the discretion of the instructor.

No entry is made on the permanent record for courses audited. To receive credit for an audited course, the student must register for the class for credit in a subsequent quarter.

Auditors follow registration instructions below.

PHYSICALLY HANDICAPPED STUDENTS

Students with severe physical handicaps are given the highest registration priority. A Building Accessibility Guide is available for those who need information on wheelchair access to classrooms and University offices. In many cases, classes are moved to accommodate students with ambulatory handicaps. To obtain assistance and information, students should contact Duke Washington, Director of Student Services, Office of Student Affairs, 466 Schmitz Hall, telephone 543-4893. Students may also consult Room Assignments, telephone 543-1080, for information on classrooms and their accessibility to the handicapped.

REGISTRATION INSTRUCTIONS

ACADEMIC ADVISER

See an academic adviser to discuss your educational objectives and to learn the procedures involved in registering at the University. Have an idea of the courses you would like to take before seeing an adviser by reviewing the *General Catalog* and the quarterly *Time Schedule*.

REGISTRATION FORMS

Obtain a mark-sense registration form from your advisory office and mark the courses you are requesting on the form in accordance with directions on the form. Please note that some courses in the *Time Schedule* have restricted enrollment and you must obtain entry cards for these courses. Undergraduates will not be scheduled for more than 19 credits until the first day of the quarter. This is done to allow all students a chance to develop a basic program.

ENTRY CARDS

Certain courses and sections require entry cards for registration. Students who request these courses (and/or sections) on their registration request forms will not be registered in the courses unless the requests are accompanied by entry cards. An entry card alone is not sufficient. The course and schedule line number (SLN on entry card) must also be re-

quested on the mark-sense registration form. Obtain course entry cards for courses designated with the symbol > > > in the margin of the *Time Schedule*. Refer to the Entry Card Distribution Points list for information on where to obtain the entry card for a given course.

SUBMITTING REGISTRATION FORM

1. If you are a continuing matriculated student registering November 13-22, you may deposit your form at any of the following places:

- Registration lobby, second floor, Schmitz Hall
- B10 Padelford Hall
- Fourth floor student lounge, T-wing, Health Sciences Building
- 353 Loew Hall (engineering students only)

See the cover of the *Time Schedule* for registration dates.

2. If you are a continuing matriculated student who did not preregister, you must obtain an in-person registration appointment by December 15. Continuing students who request in-person registration appointments after December 15 may be required to register late during the first week of school and to pay the \$15 late registration fee.

3. If you are registering December 18-20, go to the Sections branch office, Odegaard Undergraduate

Library, on the date and time indicated on your registration appointment.

4. Nonmatriculated students may register only on December 20. Appointments are available at Window 8, second floor, Schmitz Hall.

LATE REGISTRATION

Students who register after the official registration period will be charged a \$15 late registration fee.

SCHEDULE OF CLASSES

1. If you register November 13-17, 20-22, your schedule of classes will be mailed to the address you indicate on the registration form. All students registering during this period are scheduled by computer at one time. The scheduling priority is: freshmen, seniors, graduate students, postbaccalaureate (fifth-year), juniors, and sophomores. Schedules will be mailed December 11.

2. If you register December 18-20, your courses will be scheduled manually and you will be given a copy of your completed program when you have finished registering.

CHANGE APPOINTMENTS AND LATE FEE

1. All changes to a student's program should be completed during the official change periods (see calendar). Changes are made by appointment only. Appointments are available at Window 3, second floor lobby, Schmitz Hall, for all but engineering students; engineering students go to 353 Loew Hall. A student who arrives more than a half-hour late will be required to make a new appointment. Changes made after the change periods cost \$5 and may result in fee forfeiture (see item 2 of this section).

Students will be expected to present University of Washington student I.D. cards when requesting appointments. No more than one change appointment will be issued to a student at a time. Additional change appointments will be issued only after the initially assigned appointment has been used or has expired.

2. Grades in Dropped Courses and Drop Restrictions.

a) *Undergraduates.* Undergraduate students who drop courses after the change periods receive no entry on their academic record if the drop is made during the first two weeks of the quarter. Drops made during the third and fourth weeks of the quarter will be recorded with a "W." No drops are permitted after the fourth week except for a limited number determined by the number of credits earned at the University. While completing the first 44 credits at the University, the student has three drops permitted after the fourth week, but, before the last day of instruction. After 45 credits have been completed at the University, the student earns one late drop for each 45 credits earned. All but the first three late drops may be accumulated and used as necessary. The first three late drops must be used prior to earning 45 credits or they are forfeited. *No drops of any kind are permitted after the last day of instruction.*

b) *Graduate Students.* Graduate students who drop courses after the first two weeks of the quarter receive a grade of "W." No drops are permitted after the seventh week of instruction.

c) Students may petition the Registrar to drop a course after the regular drop deadline if: (1) the student is unable to complete the course in question because of a severe mental or physical disability, or (2) unusual or extenuating circumstances beyond the student's control prevented the student from dropping the course by the regular drop deadline. Petitions must be filed promptly after the occurrence of the event that gave rise to the need for dropping the course.

3. Fee Forfeiture or Refunds.

a) Students will be billed for the number of credits on their programs at the end of the first week of the quarter. Only partial fee reductions will result for courses dropped after the first week of the quarter.

b) Students dropping courses after the first seven calendar days of the quarter and through the thirtieth calendar day of the quarter will be expected to pay one-half of the tuition and fees associated with that course. Example: An undergraduate originally registered for 5 credits. The fee for 5 credits is \$114 (resident). The student then drops a 3-credit course in the second week of the quarter. The total number of credits for which the student remains registered is 2. Tuition and fees for 2 credits are \$45. However, additional fees are due for half the difference between 5 credits and 2 credits, in this case an additional \$34.50. The student has been registered in the dropped course for more than one week and therefore must pay half the fees for the course.

Courses dropped after the thirtieth calendar day receive no refund. Example: A student is registered for a 3-credit course. The student drops that course after the thirtieth calendar day. No refund is available. If the student adds a different 3-credit course at the time the original 3-credit course is dropped, he or she will pay tuition and fees for 6 credits.

c) Drops become effective the date received in Sections.

4. Courses Added After the Official Change Periods.

a) As a general rule, no courses may be added after the official change period. Exceptional cases may be approved if both the instructor of the course and the Dean of the student's college give their consent.

b) Courses audited may not be changed to a credit registration after the first two weeks of the quarter.

FEE PAYMENT

1. A fee statement will be mailed to the address you indicate on your mark-sense registration form.

2. Mail your fee payment to the Student Accounts Office in the envelope provided before the due date indicated. *Fees must be paid by Friday of the fourth week of the quarter.*

3. If you fail to pay by the deadline you may continue to pay your fees, with a \$10 late fee, for three weeks following the due date. If fees are not paid by this time your registration will be cancelled. *Please note: Even if your registration is cancelled you will continue to owe one-half your tuition and fees if you are a continuing student or, if you are a new or returning student, \$50 or one-half your tuition and fees, whichever is greater.*

Quarterly Tuition and Fee Rates

Undergraduate (includes postbaccalaureate [fifth-year] and nonmatriculated students)	Resident	Non- resident
Full fee (more than 9 credits)	\$229	\$798
Minimum (first 2 credits)	45	158
Each additional credit	23	80
Graduate and Law		
Full fee (more than 6 credits)	257	912
6 or fewer credits:		
Minimum (first 2 credits)	72	262
Each additional credit	37	130
Dentistry and Medicine		
Full fee (more than 12 credits)	343	1,253
12 or fewer credits:		
Minimum (first 2 credits)	57	197
Each additional credit	26	96

CHANGE OF ADDRESS

If you change your address after you have turned in your mark-sense registration form, be sure to complete a change of address form at the Registration Office. Forms are available at Window 3, 2nd floor of Schmitz. *You are responsible for notifying the Registrar's Office of any address change.*

STUDENT INSURANCE

All students who do not specifically request a particular student insurance plan or who do not specifically state they do not wish student insurance, will automatically be enrolled and billed for *student only* medical, surgical, and hospital insurance.

If you are billed for student insurance and wish to cancel your coverage, complete the appropriate section on the remittance copy of the billing statement and pay the amount billed less the indicated amount for insurance.

International students must subscribe to the University's medical insurance. Exceptions may be granted by the International Services Office if the student presents proof of other medical insurance coverage.

WASHPIRG

An optional \$2 fee is indicated on the fee statement for the Washington Public Interest Research Group, a student research organization. If you do not desire to support this activity, simply pay the regular tuition and fees. If you want to support WASHPIRG, check the payment card and pay the regular tuition and fees plus \$2.

WITHDRAWAL FROM THE UNIVERSITY

1. Obtain an approved withdrawal from from your adviser.

2. Present the withdrawal form to the Withdrawal Office, Sections, 264 Schmitz Hall. *Withdrawals are effective the date they are received in the Registrar's Office.* Fees owed will be based upon the date the withdrawal is received in the Registrar's Office. No withdrawals will be accepted after the last day of instruction, March 9.

The fee schedule below will be followed.

Continuing Students

a. Students withdrawing before the sixth day of the quarter do not pay tuition or fees.

b. Students withdrawing on the sixth day or through the thirtieth calendar day continue to owe one-half of their tuition and fees.

c. Students withdrawing after the thirtieth calendar day receive no refund of tuition or fees.

New and Returning Students

a. Students withdrawing before the sixth day of the quarter forfeit their \$50 enrollment service fee.

b. Students withdrawing on the sixth day or through the thirtieth calendar day of the quarter must pay one-half of regular tuition and fees or forfeit the \$50 enrollment service charge, whichever is greater.

c. Students who withdraw officially after the thirtieth calendar day must pay full tuition and fees, which includes the \$50 enrollment service fee.

3. Students who were unable to turn in their withdrawal in time may petition the Comptroller's Office for additional refund. Petition forms are available at the Student Accounts Office, 129 Schmitz Hall.

4. Courses dropped as part of a University withdrawal completed during the first two weeks of a quarter receive no grade and no entry. Withdrawals completed after the first two weeks result in the courses being assigned a grade of "W."

GRADING SYSTEM

The University of Washington uses a numerical grading system, with certain exceptions in the Schools of Dentistry, Law, and Medicine. Instructors may report passing grades from 4.0 to 0.7 in 0.1 increments. The number 0.0 is assigned for failing work or unofficial withdrawal. Grades in the range 0.6 to 0.1 may not be assigned. Grades reported in this range will be converted by the Registrar's Office to 0.0. Numerical grades may be considered equivalent to letter grades as follows:

Additional information on grades and scholarship rules may be obtained from the Grade Information Office, 248 Schmitz Hall.

A	4.0	Honor
	3.9	
	3.8	
A-	3.7	
	3.6

	1.1	
D	1.0	Poor (low pass)
	0.9	
	0.8	
D-	0.7	
E	0.0	Failure or Unofficial Withdrawal

The Grade of Incomplete

In order to obtain credit for a course in which an Incomplete has been awarded, an undergraduate student must complete the remaining work for the course by the last day of the following quarter. An Incomplete grade for a Spring Quarter course must be made up by the last day of Autumn Quarter or the Incomplete will be converted to a grade of 0.0 by the Registrar, unless the instructor has indicated when assigning the Incomplete grade that a grade other than 0.0 should be recorded if the incomplete work is not completed. This time limitation may be extended up to one year with instructor approval. Such approval must be received by the Registrar's Office before the end of the next quarter.

A graduate student who receives an Incomplete must complete the remaining work for the course by the last day of the next quarter *in residence*. An Incomplete received by a graduate student does not automatically convert to 0.0 but remains an Incomplete if the coursework is not completed. This time limitation may be waived by the dean of the college in which the course was offered only if the nature of the uncompleted work is such as to make the fulfillment of this requirement impossible. In no case can an Incomplete received by a graduate student be converted to a passing grade after a lapse of two years. The Incomplete grade entry remains on the record permanently. When the final grade is received, a diagonal line is drawn through the Incomplete grade and the final grade is posted under the quarter in which the final grade is received.

Satisfactory/Not Satisfactory

Students may elect to take certain courses on a Satisfactory/Not Satisfactory basis. Advisers should be consulted and in no case are students allowed to register for more than one course or 6 credits on a Satisfactory/Not Satisfactory basis in a given quarter. No more than 25 credits will apply to an undergraduate degree. S/NS must be elected or dropped during the official change of program period. Undergraduate students earning grades of 1.7 or above receive a

grade of S(Satisfactory) while grades below 1.7 are recorded as NS(Not Satisfactory). Graduate students earning grades of 2.7 or above receive a grade of S(Satisfactory), while 2.6 or below are NS(Not Satisfactory). In cases of withdrawal, the W is recorded. Neither S nor NS are included in the grade-point average. N, I, and X are recorded until the instructor reports the final grade, or in cases of incompletes received by undergraduates, until the I is converted by the Registrar. With the approval of his or her Graduate Program Adviser or Supervisory Committee Chairman, a graduate student may elect to take any course for which he or she is eligible outside of his or her major academic unit on the Satisfactory/Not Satisfactory system.

Credit/No Credit-Only Courses

Some courses are offered on a CR/NC only basis. These courses may be taken only on this basis and it is not necessary to be in the special Credit/No Credit program to take these courses. It is not necessary to

register S/NS to take these courses as the only grades assigned by the instructor are CR (Credit) or NC (No Credit). Neither CR nor NC are included in the grade-point average. In cases of withdrawal a W is recorded. N, I, and X are recorded until the instructor reports the final grade, or in cases of Incompletes received by undergraduates, until the I is converted by the Registrar.

Credit/No Credit Program

The University offers an undergraduate grading option called Credit/No Credit. Students entering this program automatically take all courses on a CR/NC basis. This program is not applicable to certain degrees and advisers should be consulted. Students must enter and exit the CR/NC program no later than the last day of the change of program period for the quarter the change is to be effective. Further information is available at the Grade Information Window, 248 Schmitz.

WINTER QUARTER 1979 CALENDAR

Registration Period

November 13-17, 20-22	Preregistration for all matriculated students in school Autumn Quarter 1978.
November 27	In-person registration appointments available at Window 8, second floor of Schmitz, for continuing students who missed preregistration and for continuing nonmatriculated students.
December 11	Programs of study mailed to preregistration participants.
December 12	Change of registration appointments available at Window 3, second floor of Schmitz (engineering majors obtain appointments at 353 Loew), for students who completed preregistration.
December 14, 15	OFFICIAL CHANGE OF REGISTRATION. by appointment only, at the Sections branch office, Odegaard Undergraduate Library (engineering majors at 353 Loew), for students who completed preregistration.
December 18, 19	IN-PERSON REGISTRATION, by appointment only, at the Sections branch office, Odegaard Undergraduate Library (engineering majors at 353 Loew), for matriculated students.
December 20	IN-PERSON REGISTRATION FOR NONMATRICULATED STUDENTS, by appointment only, at the Sections branch office, Odegaard Undergraduate Library.
January 2-5, 8	OFFICIAL CHANGE OF REGISTRATION. by appointment only, at the Sections branch office, Odegaard Undergraduate Library (engineering majors at 353 Loew) for all students.
January 8	Deadline for: (1) changes to or from S/NS grading or CR/NC program; (2) adding a course without instructor's permission; (3) adding or dropping a course without being assessed a \$5 change fee. Courses dropped after this date will be included in the tuition calculation. (See refund schedule under Dropping and Adding Courses on page iv.) Change fee of \$5 will be assessed after this date.
January 8	Last day for official withdrawal from the University without owing tuition or fees.
January 12	Last day to drop a course without entry on permanent record.
January 12	Last day to add a course without dean's permission.
January 16	Fee statements mailed to all registered students.
January 26	Last day for undergraduate, fifth-year, and nonmatriculated students to drop a course.
January 26	Fee payment deadline for all registered students.
February 16	Last day for graduate students to drop a course.
Academic Period	
January 2, Tuesday	Instruction begins.
January 12, Friday	Last day to return approved applications to-207 Schmitz for credit by examination.
January 19, Friday	Applications for bachelor's degrees and certificates to be conferred Winter Quarter 1979 must be submitted to the Graduation Office, 207 Schmitz.
Fifth Week of the Quarter	Credit by examination. Students must make arrangements with the Educational Assessment Center, telephone 543-1170.
February 19, Monday	Washington's Birthday Holiday.
March 9, Friday	Last day of instruction.
March 9, Friday	Last day to withdraw from the University.
March 12-16	Final examinations.
March 19	Grades due by 9 a.m. at Grade Information Office, 248 Schmitz.

Final examinations should be administered in accordance with the above examination schedule.

The dean may permit an instructor to change the time of a final examination upon prior application demonstrating good cause for such change. In such cases, the following guidelines shall be observed.

1. The final examination may only be postponed—not moved to an earlier time. Before approving the rescheduling of a final examination, the dean shall obtain assurances that the change will not have an undue adverse impact on the students. The dean shall notify the Registrar of the approval granted for changing the date of a final examination.

2. An instructor shall not, except in very unusual circumstances, grant permission to individual students for an early examination. If the student is unable to take an examination on the scheduled date, the procedure outlined in the following paragraph should be followed.

3. A student absent from any examination, or other required class activity, either by permission of the dean or through sickness or other unavoidable cause, shall be given an opportunity to complete the required work, or its equivalent, at some other time. If the instructor determines this is not feasible during the current quarter, the instructor shall exempt the

student from the requirement or give the student a grade of Incomplete if his or her work in the course is otherwise satisfactory. The student may remove this Incomplete in the manner provided for the removal of Incomplete grades. In all other cases of absence from the scheduled final examination, a student should be given a grade of 0.0.

4. Classes that meet on the hour use the first full hour of instruction to determine the time of examination. For example, a class that meets at 10 a.m. uses the 10:30 a.m. examination time.

5. Classes that begin on the half hour and last longer than one hour use the actual starting time to determine the exam time. For example, a class that meets at 7:30 a.m. and continues until 9:00 a.m. would use the 7:30 time.

6. Classes in which the entire class meets at the same hour every day, in the same room, may use that room at 8:30 or 2:30 for a three-hour examination. All other exams are limited to one hour and fifty minutes unless other arrangements are made with Room Assignments.

7. If an examination is held at a time other than the above schedule indicates, instructors must check with Room Assignments to make sure that the room is going to be available.

Questions concerning the Examination Schedule should be directed to Room Assignments.

NEW COURSES FOR WINTER QUARTER 1979

The following list includes new courses that will be offered Winter Quarter 1979, which were added to the University curriculum after publication of the 1978-80 General Catalog. Consult the appropriate academic department for information on courses not listed below.

COLLEGE OF ARCHITECTURE AND URBAN PLANNING

URBAN PLANNING

URB P 429 Online Planning of Urban Systems (3)

Offered jointly with CETC 429. See CETC 429 for course description and prerequisite.

URB P 525 Evaluation in Urban Planning (3)

Methods and techniques for a priori assessment of physical improvement plans, program designs, public policies. Includes cost-effectiveness and matrix or goal-achievement, as well as more conventional cost-benefit and cost-revenue forms of analysis. Emphasis on understanding the reasoning and issues in evaluation, and gaining a working competence in at least one of the methods treated.

COLLEGE OF ARTS AND SCIENCES

ANTHROPOLOGY

Anthropology

ANTH 449 Dialectical Anthropology (3)

Considers the intellectual history of dialectical anthropology and surveys the principal elements of the perspective: basic concepts such as dialectics, critique, self-reflexivity, and praxis from Hegel and Marx through Lukacs, the Frankfurt School in Germany, and Existential Marxism in France; the problem of interiority and psychoanalytic and phenomenological resolutions in the light of current developments in anthropology. Prerequisite: 202 or permission.

ANTH 486 Human Family Systems: Biological and Social Aspects (3)

Offered jointly with SOC 486. See SOC 486 for course description and prerequisite.

Archaeology

ARCHY 105 A Survey of World Prehistory (5)

World prehistory from cultural beginnings through the first Old and New World empires. Discussion of Pleistocene cultural developments, New World colonization, agricultural origins, the appearance of the first states and empires, and the evolution of ancient writing and technological systems. Emphasis on the archaeology of ancient Mesopotamia, Egypt, China, Europe, Peru, and Mexico.

Physical Anthropology

PHY A 473 Biological Adaptability of Human Populations (5)

Human variability in body composition, stature, skin and eye color, metabolic processes, reproductive rates, and circulatory physiology are considered in environments that are at the extremes with respect to cold, heat, altitude, nutritional deprivation, and urban concentration. Prerequisites: 201 and general physiology, or permission.

ART

ART 262 Introduction to Interior Design (3)

Graphics, structure, space analysis, and materials. Prerequisites: 162 and permission.

BOTANY

BOT 468 Fungi Imperfecti (5)

Structure and classification of the imperfect fungi (Deuteromycetes), stressing the modern bases for grouping in the class and considering the species that are economically important or are plant pathogens. Prerequisite: 360 or permission.

DRAMA

DRAMA 372 History of the Western Theatre and Its Literature: 1400-1700 (5)

Theatre history and dramatic literature of the European and English Renaissance, with special focus on Italy, France, and England in the period 1500-1700. Introduces the student to the neo-classic theatre and the underlying neo-classic drama, to the Commedia dell'Arte, and to the theatre of Shakespeare, the court masques of Inigo Jones, and the theatrical activity of the English Restoration. Primarily for drama majors; open to others with a background in the history and/or literature of the period.

DRAMA 530 Directing for Young Audiences (3)

Practical experience in directing plays for young audiences, with particular attention to story theatre, development of performance pieces through improvisation, and participation plays. Exposure to young audiences with a focus on developmental needs of audience age groups. Prerequisite: 462 or permission.

DRAMA 535 Graduate Colloquium in Child Drama (1, max. 6)

Analysis, discussion, and critique of special studies, productions, research and thesis projects being done in the field of child drama by graduate students in the School of Drama. Prerequisite: graduate standing or permission.

ECONOMICS

ECON 422 Investment, Capital, and Finance (5)

The accumulation and allocation of wealth by individuals; investment in producer and consumer durables by firm and households; separation of ownership from operating decisions via corporations; determination of market value; dividend policies and optimal investment criteria; introduction to financial decisions under uncertainty; elements of portfolio theory and the capital asset pricing model. Prerequisite: 300.

ECON 522 Evolution of Property Rights (3)

Theoretical and historical analysis of non-market forms of resource allocation emphasizing the use of transactions cost analyses.

ENGLISH

ENGL 556 Methods and Materials for Teaching English as a Second Language (5)

Analysis and exposure to second language teaching methodologies and development of a principled basis for choosing among them. Overview of teaching materials in English as a second language and techniques for adaptation of these to particular teaching situations. Prerequisite: LING 445 or permission.

ENGL 584 Advanced Fiction Workshop (5)

Advanced seminar in the craft of fiction, with professional focus on the planning, writing, and revising of a publishable work preliminary to the graduate thesis. Prerequisite: graduate standing.

ENVIRONMENTAL STUDIES

ENV S 532 Internship Seminar (3)

Post-internship seminar with focus on a detailed analytical paper concerning the role of science in analysis and decision making in the agency or firm in which the student served as an intern. Prerequisites: 530, 531.

GENETICS

GENET.456 Genetic Mutation (3)

Measurement of mutation rates, dose-response relationships, analysis of mutational lesions, molecular mechanisms of mutation and repair, mutation method for measurement of genetic size, and the hazard of environmental mutagens. Prerequisite: 451 or equivalent.

GEOGRAPHY

GEOG 308 Canada: A Geographic Interpretation (5)

Introduction to the study of Canada; to the emergence of political-geographic and cultural entity and identity in North America that presents significant contrasts to the United States, and to the components that have helped shape Canadian earth-space and landscape. Prerequisite: 100 or permission.

GEOG 495 Special Topics (*, max. 10)

Topics vary and are announced in the preceding quarter. Prerequisite: permission.

GEOPHYSICS

GPHYS 499 Independent Study for Undergraduates (1-5, max. 10)

Prerequisite: permission.

HISTORY

General History

HST 234 The Historians of Greece and Rome (3)

A study, in translation, of the masterpieces of historical writing in the classical world, considered in relationship to the cultural background of the historians and the intellectual forces which conditioned their writing. Recommended background: courses in history, in classical literature (in original or in translation), or any humanities course.

Ancient and Medieval History

HSTAM 205 Military History of the Ancient World (5)

Military history from prehistoric times to the fall of the Roman Empire, with special emphasis on the Graeco-Roman period and the campaigns of Alexander the Great, Hannibal, Scipio Africanus, and Julius Caesar.

HONORS

H A&S 202- Empirical Thought and Human Culture (3-)

Study of a topic involving scientific modes of thought and inquiry as they are related to human culture.

HUMANITIES

HUM 212 Literature of the Medieval and Renaissance Periods (5)

Thematic and topical approach to literary masterpieces of the barbarian, Christian, Jewish, and Islamic traditions from late antiquity into the sixteenth century.

HUM 213 Literature of the Western Tradition--Modern (5)

Comparative thematic approach to European and American literature from the late sixteenth century to the present. Content and readings vary; emphasis on fundamental preoccupations of modern writers as a response to the times and societies in which they live.

HUM 232 Ideas in the Medieval and Renaissance Periods (5)

Introduction to major ideas in Christian, Jewish, and Islamic thought from late antiquity to the beginnings of the modern period. Content and emphasis vary.

HUM 234 Ideas in the Asian Tradition (5)

Introduction to perennial themes in the thought of South and East Asia. Content and emphasis vary (for example, China or India, classical or modern, political or cosmological thought).

HUM 292 Music in the Western Tradition--Modern (5)

Introduction to the major styles and forms of European and American music from 1650 to the present, designed to develop informed listening ability and an understanding of musical concepts and trends as they relate to the mainstream of Western civilization in the modern period.

INTERNATIONAL STUDIES

Russia and Eastern Europe

REEU 405 Social Sciences in the U.S.S.R. (5)

Methods of social sciences in the U.S.S.R. including a short historical introduction to the theoretical "freezing" of social sciences under Stalin. Theoretical implications of principles of dialectics and historical materialism in modern Soviet anthropology, history, sociology, philosophy, and other social sciences.

NEAR EASTERN LANGUAGES AND LITERATURE

Hebrew

HEBR 312 Modern Hebrew Literature (3)

Based on 111-112,113, Conversational Hebrew. Extends into the areas of modern spoken and written Hebrew, newspaper reading, and modern poetry and prose. Prerequisites: 111-112,113, or permission.

OCEANOGRAPHY

OCEAN 526 Marine Organic Geochemistry (2)

Sources, reactions, and fates of organic molecules in the marine environment along with the stable isotope geochemistry of marine organic substances. Prerequisites: 421, CHEM 231, 232, or permission.

PHILOSOPHY

PHIL 101 Philosophical Classics (5)

Introduction to philosophy through the study of selected works of some of the major philosophers such as Plato, Aristotle, Augustine, Descartes, Hume, Kant, John Stuart Mill, William James, and Bertrand Russell. The philosophers studied and the works read vary with the instructor.

PHIL 206 Philosophy of Feminism (3)

Philosophical analysis of the concepts and assumptions central to feminism. Theoretical positions within the feminist movement; views of the ideal society, goals and strategies of the movement, its relation to racial liberation, and ethical issues. Offered jointly with WOMEN 206. Not open to students who have taken GIS 106.

PHYSICAL EDUCATION

PE 503 Seminar in Sport Administration (1, max. 3)

Issues and problems in the management of sport programs and facilities. Prerequisite: permission.

PE 504 Seminar in Sports Medicine (1, max. 3)

Current practice methods in athletic training and/or exercise prescription for cardio-pulmonary conditioning. Prerequisite: permission.

PE 595 Internship in Sport Administration (3-6, max. 12)

Supervised field experience. Nine hours minimum, eighteen hours maximum per week. Open to graduate students in M.S. Physical Education Sport Administration option only. Prerequisites: concurrent registration in 503 and permission.

PE 596 Internship in Sports Medicine (3-6, max. 12)

Supervised field/clinical experience. Nine hours minimum, eighteen hours maximum per week. Open to graduate students in M.S. Physical Education Sports Medicine option only. Prerequisites: concurrent registration in 504 and permission.

PHYSICS

PHYS 543 Models of Physical Processes (4)

Development of mathematical descriptions of physical processes and systems. Examples from dynamics, fluid mechanics, electromagnetic theory, and optics. Topics include diffusion, wave guides and cavities, dispersion, and normal modes of oscillation.

POLITICAL SCIENCE

POL S 498H Honors Senior Research (5, max. 10)

Students individually arrange for independent study of selected topics under the direction of a member of the political science faculty. The research paper is the student's senior thesis. Students meet periodically as a group to discuss research in progress. Prerequisites: 15 credits in 398, senior honors standing, and permission.

PSYCHOLOGY

PSYCH 304 Issues and Concepts in Community Psychology (4)

Topics include community mental health, epidemiology, program evaluation, and social ecology. Emphasis on research, theory, and practice in community settings and the influence of community-environmental factors in individual functioning and the utilization of these factors in promoting mental health. Prerequisite: 10 credits in psychology.

PSYCH 443 Evaluation of Social Programs: Psychological Perspectives (3)

Programs from the areas of mental health, education, law and justice, and family planning. Topics include formulating program goals, selecting research designs, measuring outcomes, and interpreting and utilizing findings. Prerequisites: 213 or 217; juniors, seniors, and graduate students only.

ROMANCE LANGUAGES AND LITERATURE

ROMAN 600 Independent Study or Research (*)

Offered on credit/no credit basis only.

SOCIOLOGY

SOC 340 Symbolic Interaction (5)

The role of language and culture in changing the human organism into a socialized human being; interpersonal processes and how they are shaped by the symbolic environment. Prerequisite: introductory course in social psychology.

SOC 486 Human Family Systems: Biological and Social Aspects (3)

Survey of the biological bases for human mating and reproduction, and an examination of the range of cross-

cultural variability in human systems of kinship and marriage: comparisons between a wide range of human and non-human species, and between Western and non-Western human societies; interplay of biological, ecological, and sociocultural factors in determining the structure and function of human family systems. Offered jointly with ANTH 486. Prerequisite: 110 or ANTH 100 or 201.

WOMEN STUDIES

WOMEN 206 Philosophy of Feminism (3)

Offered jointly with PHIL 206. See PHIL 206 for course description.

SCHOOL OF BUSINESS ADMINISTRATION

HUMAN RESOURCE SYSTEMS

HRSYS 560 Dispute Settlement in Labor Relations (3)

Examines from an interdisciplinary perspective, techniques like mediation and arbitration that are used to resolve disputes between labor and management; recent innovations such as last offer arbitration and mediation-arbitration formats; understanding and skills necessary to function as a neutral third party in labor relations disputes.

SCHOOL OF DENTISTRY

ORAL DIAGNOSIS AND TREATMENT PLANNING

ODTP 449 Directed Studies in Oral Diagnosis (*)

Supplements the offerings of the core curriculum for qualified first- and second-year students; may include dental hygiene students. Offered on credit/no credit basis only.

COLLEGE OF ENGINEERING

COLLEGE COURSES

ENGR 402 Analytical Methods in Engineering (3)

Offered at the senior level, but open to well-prepared juniors. Also appropriate for graduate students in the natural sciences who require a survey of analytical techniques but who are not prepared for, or do not seek, more advanced material at the 500 level. Emphasis on the acquisition of technique and experience in areas of mathematics commonly encountered in applications to science and engineering. Illustrated by case studies. Prerequisite: 401.

CIVIL ENGINEERING

Transportation, Construction, and Geometrics
CETC 429 Online Planning of Urban Systems (3)

Survey of online planning applications; use of various online systems to solve urban systems design problems; investigations of hardware/software tradeoffs; human factors in man-computer systems design theory as it relates to problem-solving activity. Offered jointly with URB P 429. Prerequisite: CIVE 390 or permission.

Water and Air Resources

CEWA 468 Air Pollution Control Equipment Design (3)

Design of equipment to control emissions of air pollutants from stationary sources. Procedures for calculating the design and operating parameters and sizes of air pollution control equipment. Fundamental mechanisms and processes of gaseous and particulate control equipment. Control equipment for absorption and adsorption of gaseous pollutants and scrubbing electrostatic precipitation and filtration of particulate pollutants. Case studies of actual air pollution control systems on coal-fired power plants, pulp mills, aluminum reduction plants, metal smelters, and other industrial processes.

Prerequisites: 461, CIVE 345 and 350, senior standing in engineering; or equivalent or permission.

INTERDISCIPLINARY GRADUATE PROGRAMS

INDIVIDUAL Ph.D. PROGRAM

IPHD 600 Independent Study or Research (*)

INTERSCHOOL OR INTERCOLLEGE PROGRAMS

BIOENGINEERING

BIOEN 510 Bioengineering Seminar (1)

Topics of current bioengineering interests presented by faculty, visitors, and students. Graduate students actively involved in bioengineering research must attend regularly, participate in discussions, and make presentations. Offered on credit/no credit basis only.

BIOEN 532 Electron Microscopy (1-5)

Theoretical and applied aspects of microscopy in biology with emphasis on newer methods. Offered jointly with B STR 532. Offered on credit/no credit basis only. Prerequisite: permission.

COMPUTER SCIENCE

C SCI 499 Reading and Research (1-24, max. 24)

Available for special cases for advanced computer science majors to do reading and research in the field. Offered on credit/no credit basis only. Prerequisites: senior standing and permission.

C SCI 543 Analytic Models of Computer Systems (3)

Emphasizes the use of queueing network models and tools for analyzing computer systems. Topics include useful results from basic queueing theory, selection of performance measures, modelling methodology, data acquisition, computational algorithms for queueing network models, approximation techniques, and decomposability and hierarchical modelling. A realistic case study is undertaken. 543 complements 540, and is a prerequisite for 541. Prerequisites: 378 and 451, or permission.

UNIVERSITY CONJOINT

UCONJ 411 Psychology of Aging (3)

Interdisciplinary course with focus on developing the skills necessary for critically evaluating current psychological theories of aging, research findings in this area, and the implications of findings on the aging person. Special consideration given to the effects of socio-economic, sex, and ethnic differences in the psychology of aging. Open to upper-division undergraduates and beginning graduate students interested in the field of gerontology.

UCONJ 585 Seminar in Molecular and Cellular Biology (1, max. 15)

For students enrolled in the Molecular and Cellular Biology Training Program. Participants present the background and current progress in their thesis research. Offered on credit/no credit basis only. Prerequisites: enrollment in doctoral degree program in biological science and in graduate research.

SCHOOL OF LIBRARIANSHIP

LIBR 553 Information Access in Health Sciences (3)

Characteristics of users of biomedical literature. Survey of information resources in health sciences and health care planning. Use of information retrieval systems, emphasizing services of the National Library of

Medicine. Organization of medical and hospital libraries. Problems of information policy, professional standards, and certification. Prerequisite: 543; 528 recommended.

SCHOOL OF MEDICINE

BIOLOGICAL STRUCTURE

B STR 532 Electron Microscopy (1-5)

Offered jointly with BIOEN 532. See BIOEN 532 for course description and prerequisite.

FAMILY MEDICINE

FAMED 499 Undergraduate Research (*)

Research activities are arranged with faculty members doing research in various areas related to Family Medicine. Areas include: clinical strategies, health care delivery, curriculum development at the undergraduate and residency levels, interdisciplinary activities, continuity of care, audit and retrieval strategies, and behavioral aspects of Family Practice. Research is generally clinically-oriented and centered around patient care.

LABORATORY MEDICINE

LAB M 502 Seminar (1, max. 6)

Current topics in the field of laboratory medicine. Offered on credit/no credit basis only. Open to graduate students in laboratory medicine and other medical sciences. Prerequisite: permission.

LAB M 510 Clinical Chemistry Research Conference (1, max. 6)

Current projects under research and development in clinical chemistry and immunology. Offered on credit/no credit basis only. Open to graduate students in laboratory medicine and other medical sciences. Prerequisite: permission.

LAB M 590P Research Projects in Laboratory Medicine (*)

Six or ten weeks to investigate one problem in a laboratory medicine subspecialty area. Topics are assigned by staff. Designed to demonstrate methods, tools, principles, and particularly problem-solving nature of laboratory investigations. Prerequisite: permission.

LAB M 680P Clinical Laboratory Testing: Methods and Interpretation (*)

Methods, tools, and principles used in the modern clinical laboratory. Choice of one to three specialty areas including chemistry, coagulation, computers, hematology, immunology, microbiology, and virology. Course investigates the methodologies in the specialty areas, identifies their limitations, and explores their usefulness in clinical medicine. Prerequisite: permission.

OBSTETRICS AND GYNECOLOGY

OB GY 668P Introduction to Obstetrics and Gynecology, Spokane (12)

Clerkship, equivalent to 665P, offered at Spokane, Washington (WAMI). Includes experience in several private physician offices. Prerequisite: HUBIO 552P. (Six weeks; limit: three students.)

OB GY 669P Introduction to Obstetrics and Gynecology, Swedish (12)

Clerkship, equivalent to 665P, offered at Swedish Hospital, Seattle, Washington. Prerequisite: HUBIO 552P. (Six weeks; limit: three students.)

OB GY 670P Introduction to Obstetrics and Gynecology, Group Health (12)

Clerkship, equivalent to 665P, offered at Group Health

Cooperative of Puget Sound, which is a prepaid medical plan facility in Seattle, Washington. Prerequisite: HUBIO 552P. (Six weeks; limit: three students.)

OPHTHALMOLOGY

OPHTH 686P Ophthalmology Externship (4)

Student works with a clinical faculty member in the diagnosis and treatment of ocular diseases in outpatients. Each week the student is assigned to the Group Health Cooperative Ophthalmologist responsible for the care of walk-in and urgent patients (most likely to demonstrate findings pertinent to the future practice of primary care physicians). Opportunity to learn examination techniques including tonometry, ophthalmoscopy, and biomicroscopy. Prerequisite: HUBIO 563P.

PATHOLOGY

PATH 514 Comparative Pathology Conference (1, max. 6)

Focus on the histopathology of naturally-occurring and experimentally-induced lesions of primates, laboratory and domestic animals, fish, wildlife, and birds. Participants discuss the lesions and the basic pathogenetic mechanisms which underlie them. Prerequisites: 500 or equivalent, and permission.

PHARMACOLOGY

PHCOL 527 Drug Metabolism (3)

Offered jointly with PHSCI 527. See PHSCI 527 for course description and prerequisite.

PHYSIOLOGY AND BIOPHYSICS

P BIO 402 Basic Human Physiology: Transport and Exchange Organ Systems (3)

Covers cardiovascular system, respiration, acid-base balance, renal system, temperature regulation. Prerequisites: general chemistry, elementary physics.

SCHOOL OF NURSING

NURS 503 Seminar in Psychosocial Family Theory (4)

Examination of theories relevant to psychosocial family intervention into problems of children, adults, and the aged. Analysis of appropriateness of theories for nursing theory development, practice, and research.

SCHOOL OF PHARMACY

PHARMACEUTICAL SCIENCES

PHSCI 527 Drug Metabolism (3)

Considerations of the biochemical mechanisms for the biotransformation of drugs and foreign compounds. Includes reaction mechanisms, ultrastructural considerations, induction mechanisms, methodology, kinetics of inhibition and activation, steroid and amine metabolism, and implications in modern therapy. Open to medical and graduate students. Offered jointly with PHCOL 527. Prerequisite: one year of graduate or medical biochemistry, or permission.

PHARMACY PRACTICE

PHARM 333 Dispensing Practice (2)

Dispensing of drug products on prescription order. Includes laboratory exercises, patient drug profiles, and patient counseling. Familiarization with commercial drug products. Prerequisite: 331.

PHARM 340 Pharmacy, Health, and Society (3)

Overview of the health care system, with an emphasis on factors of financing, organization, and patterns of use of pharmacy services; contemporary health issues, such as cost control, quality insurance, and national health insurance; and implications to pharmacy. Prerequisite: pharmacy major.

SCHOOL OF PUBLIC HEALTH AND COMMUNITY MEDICINE

HEALTH SERVICES

HSERV 459 Principles of Patient Management for the PCP (2)

Patient management including primary care pharmacology, patient education, preventive medicine, and management of chronic disease. Pharmacology with a new programmed text developed as a joint project by MEDEX Northwest and the University of Washington School of Pharmacy. Prerequisites: 451, 453, 457, or permission of instructor.

SCHOOL OF SOCIAL WORK

SOCIAL WORK

SOC W 402 Human Service Counseling (3)

Builds basic interviewing skills learned in 401. Emphasis on short- and long-term counseling skills, such as goal setting for clients, goal attainment and revision, referral and termination. Seminar/laboratory; participation in role playing and simulations. Prerequisite: 401 or permission of instructor.

INDEPENDENT STUDY THROUGH CORRESPONDENCE

The Office of Independent Study provides University courses for extension credit primarily by correspondence instruction to persons who wish individual instruction. Fees for Independent Study courses are separate from residence tuition and are \$20 per credit. Enrollment is not based on the quarter system but is continuous throughout the year, with one calendar year allowed to complete a course.

A regularly enrolled student who wishes to register for additional courses for Independent Study credit should consult his or her departmental adviser prior to enrolling in an Independent Study course. Applications and additional information on enrollment procedures may be obtained from the Independent Study office, 222 Lewis Hall, or by telephoning 543-2350.

The following courses are currently offered by Independent Study (credits in parenthesis; * indicates variable credit, to be arranged by student and instructor).

COURSES REQUIRING PERMISSION (OTHER THAN ENTRY CARDS)

WINTER QUARTER 1979

In order to register for the following courses, the student must obtain permission from the person or office listed. Some departments, schools, or colleges have general permission requirements applicable to many courses. These requirements are also listed.

Note: A slash (/) between names indicates that either party may grant permission.

Abbreviations:
DEPT

Permission required from a member of the staff of the department offering the course

DEPT ADV Permission required from an *adviser* in the department offering the course

INSTR Permission required from the *instructor* of the course

ASHP Permission required from the *Arts and Sciences Honors Program* office

HONORS ADV Permission required from the *Honors Program adviser* in the department offering the course
