Building on the Internet2 platform

National Backbone for Research and Education

Trust and Identity in Research and Education (TIER)
The play

● Secure best-in-class pricing
● Obtain *customized*, not just *commodity* services
● Eliminate redundant admin/legal costs and efforts
● Mobilize our considerable ingenuity and clout to create our own solutions
Range of Services

- Identity & Access Management
- Infrastructure, Platform, Security
- Software as a Service
- Video, Voice and Collaborations
- Digital Content for R&E

Delivered via next-generation, high-speed R&E global networks
Built on federated identity and integration architectural standards
Administered via global agreements, contracts and provisioning
Cloud Service Lifecycle

Sponsorship by members

Subscription by members and through regional and global partners

Designed with participating network organizations

All for global scale and R&E community benefits

Inquiry → Evaluation → Service Validation → Early Adopter → General Availability → Sunset

Research Incubator → Customer Advisory Board
