

TRF Advisory Committee

December 11, 2012

Agenda

- 1. Update from the Service Investment Board
- 2. Review of 2 Major Issues
 - A. Whether to Include IM
 - B. Whether to Allocate Student Costs per ABB
- Review of Specific TRF Options to be presented to the Service Investment Board
- 4. Document Feedback for the Service Investment Board (which meets on 11/12/12)

Technology Recharge Fee

TRF Principles Established by Working Group

- Costs will be fully recovered
- Head count will be a proxy for use
- Results will be actionable
- Process will be transparent
- Simplicity should be maintained
- Administration should be easy

Outcome from Today's Meeting

 Document Feedback for the Service Investment Board

2 Key Issues

- Should Information Management be included in the TRF model?
 - Currently GOF/DOF funds Information
 Management and it is not included in the TRF model, and as a result Medical Centers do not contribute
- Should Cost of students be allocated to Academic Units via ABB?
 - Currently GOF/DOF is applied to the cost of students, with balance applied toward employees

Current Allocation of GOF/DOF

	IM	University	TRF (Basic Services)			
	IIVI	Support	Med	Students	Campus	Total
FY14 Budget*	\$10M	\$8.7M	\$6.2M	\$14.3M	\$19.2M	\$58.4M
Less GOF DOF	-\$10M	-\$8.7M	0	-\$14.3M	-\$7.0M	-\$40.0M
TRF Balance	0	0	\$6.2M	0	\$12.2M	\$18.4M
Head Count			9,575	42,454	19,386	
		•	•	•		
Monthly TRF			\$53.84		\$52.60	

^{*} Does not include Temp, Self Sustaining, or IM Project Budgets

Information Management

Information Management - Services

Not currently included in the TRF – funded with GOF/DOF

- Finance Program (FIN, EIO, MyFD, BGT)
- HR/Payroll Program (HEPPS, OPUS, OWLS)
- Student Program (SDB)
- Enterprise Information and Integration Services (Data Warehouse)
- Facilities Services
- Alumni & Advancement
- Chemical Tracking System (EH&S)

Modernization efforts including HR/Payroll Replacement, eFECS, Kuali Student, Document Imaging, and MyPlan, are funded separately by the Provost as specific projects

Should Information Management be Included in the TRF?

FOR:

- All units, including Medical Centers, share in the benefit of IM systems
- Medical Centers utilize Payroll, Financial Accounting, Purchasing, eTravel, ProCard, etc.
- Allocation of cost would be consistent with other IT services in the TRF
- Less administrative complexity (reorganizations within UW-IT, overhead allocations, etc.)

Should Information Management be Included in the TRF?

AGAINST:

- IM systems are an institutional responsibility and should be funded with GOF/DOF
- IM was not included in the original TRF
- Medical Centers only utilize the Admin Business Systems (and IM) because it is an institutional requirement
- Medical Centers invest heavily in their own accounting system (McKesson GL, Kronos Timekeeping, and other systems to meet their business & regulatory requirements)

Alternative 1: Includes IM No Change to Students

Per Capita Group	TRF Monthly Rate
Employee Rate	\$42.74
Medical Center Rate	\$73.82
Student Rate	\$0.00

Category	Annual TRF Increase / (Decrease)
Administrative Units	(\$565,094)
Academic Units	(\$873,866)
School of Medicine	(\$873,329)
Medical Center	\$2,342,299

Allocation of Student Costs

Should Cost of Students be Allocated to Academic Units via ABB?

FOR:

- Students are major cost drivers of IT
- ABB Principle:
 - Revenue from tuition allocated to units
 - Costs related to students should be allocated to units
- Current methodology unfair to units with few or no students
- ABB tuition allocation methodology provides way to allocate costs

Should Cost of Students be Allocated to Academic Units via ABB?

AGAINST:

- Students should be considered an institutional responsibility, not allocated to specific academic units
- ABB revenue to be used for cost of instruction, not cost of UW-IT infrastructure/services for students
- One source of UW-IT GOF/DOF is the ABB Tax (30% of tuition)
- Administrative complexity for units

Alternative 2: Students to Units (ABB) IM Not Included

Per Capita Group	TRF Monthly Rate
Employee Rate	\$27.54
Medical Center Rate	\$50.02
Student Rate	\$12.31

Category	Annual TRF Increase / (Decrease)
Administrative Units	(\$1,429,534)
Academic Units	\$3,684,749
School of Medicine	(\$1,833,435)
Medical Center	(\$391,816)

2 Key Issues

Should Information Management be included in allocated to academic units the TRF?

Yes:

 These costs are no different than other IT costs in the TRF model and there is no rationale for excluding

No:

 These costs are an institutional responsibility and should be paid from GOF/DOF

Should Students be via ABB?

Yes:

 ABB Principle – Units receive tuition revenue and should bear responsibility of costs

No:

 Students should be treated as an institutional responsibility. These are outside the cost of instruction and should be paid by GOF/DOF

Should these two issues be discussed concurrently?

Alternative 3: IM Included & Students to Units (ABB)

Per Capita Group	TRF Monthly Rate
Employee Rate	\$23.85
Medical Center Rate	\$73.82
Student Rate	\$8.63

Category	Annual TRF Increase / (Decrease)
Administrative Units	(\$1,639,221)
Academic Units	\$1,596,812
School of Medicine	(\$2,269,938)
Medical Center	\$2,342,299

All Alternatives Include These Basic Assumptions:

- Reclassify specific Univ Supported Svs (CISO, Data Centers, Student Labs) as part of Basic Services
- No change of current allocations of Basic Services to Per Capita Groups
 - Exempt Medical Centers for support of cost of SDB (Student Data Systems)
- No change in how we count employees

Should We Consider Other Alternatives?

GOF Allocation to Medical Centers?

- If we allocate IM costs to Medical Centers, should we also consider also allocating GOF?
 - Currently no GOF/DOF is allocated to Medical Centers

FOR:

 Fair to allocate part of our GOF - "state appropriation" to Medical Centers

AGAINST:

- Medical Centers are Self-Sustaining
- Inconsistent with current policy and precedent

UW-IT GOF/DOF Funding Proposed Allocation to Med Centers

UW-IT GOF/DOF \$36M

Net of Commitments*

GOF \$27M

> DOF \$9M

Admin, & IM Modernization

GOF Sources

Allocation Basis: FY13 UW Operating Budget

> State \$7.8M

Tuition \$19.2M

State Appropriation

Allocation Basis: Per Capita Head Count

> Campus \$5.2M

600

Med Center \$2.6M

*Commitments: PNWGP, UWTV, KEXP,

29%

UNIVERSITY of WASHINGTON

Draft: Alternative 4: Include IM, Incremental ABB, & GOF to Medical Center

Per Capita Group	TRF Monthly Rate
Employee Rate	\$47.28
Medical Center Rate	\$51.45
Student Rate	\$2.97

Category	Annual TRF Increase / (Decrease)
Administrative Units	(\$306,859)
Academic Units	\$947,942
School of Medicine	(\$383,551)
Medical Center	(\$227,508)

Alternative 5: Includes IM & GOF to Medical Centers

Per Capita Group	TRF Monthly Rate
Employee Rate	\$53.79
Med Center Rate	\$51.45
Student Rate	\$0.00

Category	Annual TRF Increase / (Decrease)
Admin Units	\$97,334
Academic Units	\$62,942
School of Med.	\$97,275
Med Center	(\$227,508)

Discussion/Recommendation

- Discussion on issues
- Discuss alternatives
- Recommendation

Investment Opportunities Fiscal Year 2014

Presented to the Service Investment Board

Investment Opportunities for FY 14

Proposing additional investments for inclusion in the FY 2014 Technology Recharge Fee

- Information Security & Privacy
- 40G Campus Research and Science Network
- Cyber-Infrastructure Support

Information Security & Privacy \$1M Investment

How money would be spent

- Salaries, wages, and benefits for 5 FTE
- Minimal Training
- Equipment

Benefits

- Develop new tools and services to help identify gaps in information security
- Consult with UW colleges, schools, and departments on information security and privacy risks and potential impacts
- Assist units in developing strategies for managing risks

\$500K Investment

How money would be spent

- Salaries, wages, and benefits for 4 FTE
- Equipment

Benefits

- Develop minimum set of resources for use at the University; departments would develop their own strategies for information security, privacy risks, and threats
- Minimal equipment to perform job duties

40G Campus Research and Science Network

- Design, implement and support a dedicated 40G
 Research and Science network
- Provide dedicated 10G bandwidth to 15 research locations, including Hyak and data storage
- Connect the campus 40G network to the advanced 100G Pacific Northwest Gigapop and Internet2
- Leverage \$800K in NSF grants
- Invest \$1.4M for FY 14 and \$1.4M for FY 15

Cyber-Infrastructure Support for Research

Develop a new service for Cyber-Infrastructure support of research computing

- Consulting Provide subsidized, fee-for-service assistance in the tools and techniques of scalable
- Storage Provide lower cost, enterprise-class storage for research data by changing the lolo storage cost model to be on-par with "departmental" storage
- Collaboration Offer partnership opportunities and easy access to services and communities to improve research
- \$280K year

Impact of Investment on the TRF*

Investment	Increase to Campus Employee	Increase to Medical Center
Info Security	\$3.73	\$1.17
\$1M	(7.1%)	(2.2%)
Research Network \$1.4M**	\$6.02 (11.5%)	\$0.00 (0%)
Cyber Research	\$1.05	\$0.33
\$280K	(2.0%)	(0.6%)

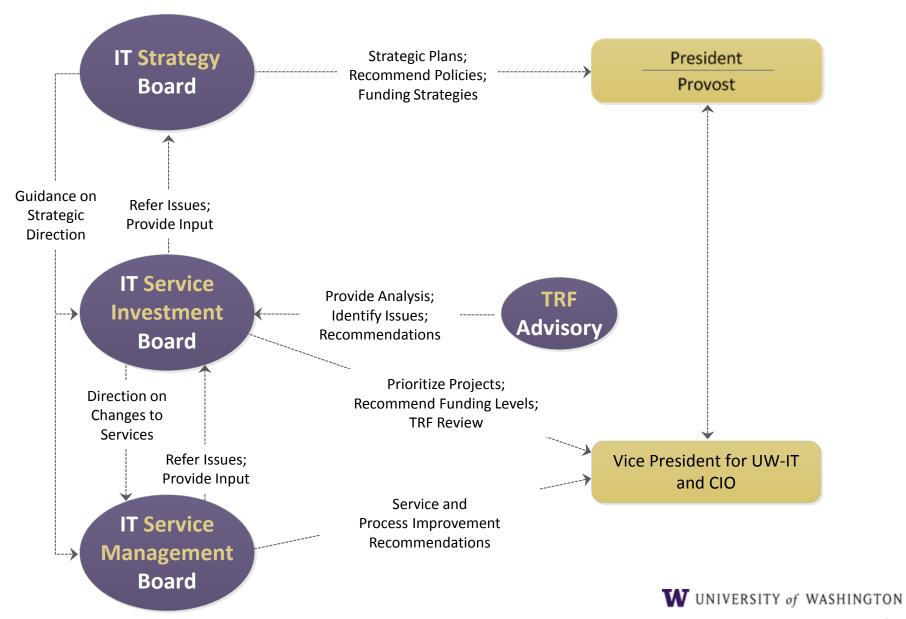

^{*}Impact on TRF varies for ABB alternatives.

^{**}Research Network investment is not applicable to Medical Centers.
